PART 328—MINIMUM PRICE SCHEDULE, DISTRICT NO. 8

FINDINGS OF FACT, CONCLUSIONS OF LAW, MEMORANDUM OPINION AND ORDER IN THE MATTER OF THE PETITION OF DISTRICT BOARD 8 REQUESTING REVISION OF THE EFFECTIVE MINIMUM PRICES ESTABLISHED FOR THE COALS OF THE PILOT MOUNTAIN MINE (MINE INDEX NO. 1911) OF THE PILOT MOUNTAIN COAL COMPANY, INC., IN DISTRICT 8 FOR SHIPMENT BY TRUCK

This is a matter instituted upon an original petition filed on July 11, 1941, with the Bituminous Coal Division, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, by District Board 8. Petitioner requests and proposes a revision of the seam designation from "Dean" to "Pee Wee" for coals produced for shipment by truck at the Pilot Mountain Mine (Mine Index No. 1911) of the Pilot Mountain Coal Company, Inc., a code member in District 8, and an appropriate revision in the effective minimum prices therefor as follows:

Pursuant to Order of the Director, a hearing in this matter was held on September 29, 1941, before Scott A. Dahlquist, a duly designated Examiner of the Division at a hearing room thereof in Washington, D. C. All interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard. District Board 8 appeared.

The preparation and filing of a report by the Examiner was waived, and the record in the proceeding was thereupon submitted to the undersigned.

The Pilot Mountain Mine (Mine Index No. 1911) of the Pilot Mountain Coal Company, Inc., is located in Anderson County, Tennessee. The coals of the Pilot Mountain Mine are designated as being produced from the Dean Seam in the District 8 truck schedule. About 75 tons of coal a day are mined at the Pilot Mountain Mine and are trucked 47 miles to Knoxville, Tennessee.

Uncontroverted evidence was introduced by John F. Daniel, a representative of District Board 8 to the effect that investigation by the District Board has revealed that the coals produced at the Pilot Mountain Mine are of higher quality than the Dean Seam coals. That in fact they are produced from the Pee Wee Seam and should be so designated. Accordingly, the District Board, with the approval of the operator of the Pilot Mountain Mine, seeks a revision of the seam designation of the coals produced at said mine and an appropriate revision of the effective minimum prices therefor so as to place it in a position of competitive equality with comparable coals.

Upon the basis of the uncontroverted testimony, I find and conclude that the revision of the seam designation and of the applicable effective minimum prices for the coals of the Pilot Mountain Mine, as set forth in Supplement T annexed hereto, effectuates the purpose of sections 4 II (a) and 4 II (b) of the Act and that the prices as set forth therein comply with all the standards thereof.

Now, therefore, it is ordered, That commencing fifteen (15) days from the date hereof, § 328.34 (*General prices for high volatile coals in cents per net ton for shipment into all market areas*) in the Schedule of Effective Minimum Prices for District No. 8 for Truck Shipments be and the same hereby is amended in accordance with Supplement T annexed hereto and made a part thereof.

Dated: November 17, 1941.

PART 328—MINIMUM PRICE SCHEDULE, DISTRICT NO. 8

FINDINGS OF FACT, CONCLUSIONS OF LAW, MEMORANDUM OPINION, AND ORDER IN THE MATTER OF THE PETITION OF DISTRICT BOARD 8 REQUESTING REVISION OF THE EFFECTIVE MINIMUM PRICES ESTABLISHED FOR THE COALS PRODUCED AT CERTAIN MINES IN KANAWHA COUNTY, WEST VIRGINIA, SUBDISTRICT 4 IN DISTRICT 8, FOR SHIPMENT BY TRUCK

This is a proceeding instituted upon an original petition filed on July 16, 1941, with the Bituminous Coal Division pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, by District Board 8. Petitioner requests and proposes a revision of the seam designation and of the effective minimum prices for coals produced for shipment by truck at certain mines in Kanawha County, West Virginia, Subdistrict 4 in District 8.

Pursuant to Order of the Director, a hearing in this matter was held on September 29, 1941, before Scott A. Dahlquist, a duly designated Examiner of the Division, at a hearing room thereof in Washington, D. C. All interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses and otherwise be heard. District Board 8 appeared.

The preparation and filing of a report by the Examiner was waived and the matter was thereupon submitted to the undersigned.

Uncontroverted evidence was introduced by John F. Daniel, a representative of District Board 8, to the effect that investigation by the District Board had revealed that certain mines in the Tuppers Creek Area, Kanawha County, West Virginia, which are listed in the District 8 truck schedule as producing coals for truck shipment from the No. 2 Gas Seam, are in fact producing such coals from the Pittsburgh No. 8 Seam. The witness Daniel further testified that the truck coals produced at these Tuppers Creek mines are, however, superior in quality in Size Groups 1-6, inclusive, to other Pittsburgh No. 8 Seam coals and inferior thereto in Size Groups 7 and 8. The witness contended that revision of the seam designation and corresponding effective minimum prices of the coals produced for shipment by truck by these Tupper Creek mines was necessary in order to reflect their relative market value and to afford them a reasonable opportunity to compete with comparable coals.

Upon the basis of the uncontroverted testimony, I find and conclude that the revision of the seam designation and effective minimum prices as set forth in Supplement T effectuates the purposes of sections 4 II (a) and 4 II (b) of the Act and that the prices as set forth comply with all of the standards thereof.

Now, therefore, it is ordered, That § 328.34 (*General prices for high volatile coals in cents per net ton for shipment into all market areas*) in the Schedule of Effective Minimum Prices for District No. 8 for Truck Shipments be and it hereby is amended in accordance with supplement T which is annexed hereto and made a part thereof.

Dated: November 18, 1941.

[Docket No. A-1006]

PART 328—MINIMUM PRICE SCHEDULE, DISTRICT NO. 8

FINDINGS OF FACT, CONCLUSIONS OF LAW, MEMORANDUM OPINION AND ORDER IN THE MATTER OF THE PETITION OF DISTRICT BOARD 8 REQUESTING REVISION OF THE EFFECTIVE MINIMUM PRICES ESTABLISHED FOR THE COALS OF CERTAIN MINES IN CAMPBELL COUNTY, TENNESSEE, SOUTHERN APPALACHIAN SUBDISTRICT IN DISTRICT 8 FOR SHIPMENT BY TRUCK

This is a matter instituted upon an original petition filed on August 9, 1941, with the Bituminous Coal Division, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, by District Board 8. Petitioner requests and proposes a revision of the seam designations and applicable effective minimum prices for coals produced for shipment by truck at the Blue Gem Mine (Mine Index No. 1937) of Jas. L. Douglas (Newcomb Blue Gem Coal Co.), and at the Foley Mine (Mine Index No. 1941) of L. D. & R. V. Foley. Petitioner also requests the revision of the seam designations presently listed for the coals produced for shipment by truck at the W. M. Graham Mine (Mine Index No. 1944) of W. M. & H. B. Graham, and at the Hickory Creek Mine (Mine Index No. 1974) of Joe Roberts (Hickory Creek Coal Co.). The operators of all of these mines are code member producers in District 8.

Pursuant to Order of the Director, a hearing in this matter was held on September 29, 1941, before Scott A. Dahlquist, a duly designated Examiner of the Division at a hearing room thereof in Washington, D. C. All interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses and otherwise be heard. District Board 8 appeared.

The preparation and filing of a report by the Examiner was waived and the matter was thereupon submitted to the undersigned.

Uncontroverted evidence was introduced by John F. Daniel, a representative of District Board 8, that investigation has revealed that coal is produced at the Blue Gem Mine (Mine Index No. 1937) from the Blue Gem Seam and not the Jellico Seam as presently designated in the District 8 truck schedule,[1] at the Foley Mine (Mine Index No. 1941) from the Jellico Seam and not the Blue Gem Seam as presently designated and at the W. M. Graham Mine (Mine Index No. 1944), and at the Hickory Creek Mine (Mine Index No. 1974) from the Rich Mountain Seam and not from the Rex Seam as presently designated. The witness Daniel stated that revision of the effective minimum prices of the Blue Gem coals and Foley coals[2] is necessary to reflect their relative market value and to afford them a reasonable opportunity to compete on a fair basis with comparable coals.

The undersigned accordingly finds and concludes that the revision of such effective minimum prices and seam designations as set forth in supplement T annexed hereto effectuates the purpose of sections 4 II (a) and 4 II (b) of the Act and that the prices as set forth comply with all the standards thereof.

Now, therefore, it is ordered, That commencing fifteen (15) days from the date hereof § 328.34 (*General prices for high volatile coals in cents per net ton for shipment into all market areas*) in the Schedule of Effective Minimum Prices for District No. 8 For Truck Shipments be and the same hereby is amended in accordance with supplement T annexed hereto and made a part thereof.

Dated: November 17, 1941.

[SEAL] H. A. GRAY, *Director.*

[1] In Docket No. A-680, effective minimum prices were established for the rail coals produced at Mine Index No. 1937 on the basis that such coals were produced from the Blue Gem Seam

[2] Revision of the Effective Minimum prices applicable to the coals of Mine Index Nos. 1944 and 1974 was not requested because they are the same for coals produced in District 8 from the Rich Mountain Seam and from the Rex Seam.

PART 328—MINIMUM PRICE SCHEDULE, DISTRICT NO. 8

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 8 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 8

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 8; and

The Director finding that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The Director deeming his action necessary in order to effectuate the purposes of the Act;

Now, therefore, it is ordered, That, pending final disposition of the above-entitled matter, temporary relief be, and the same hereby is, granted as follows: Commencing forthwith, § 328.11 (*Alphabetical list of code members*) is amended by adding thereto supplement R-I, § 328.21 (*Alphabetical list of code members*) is amended by adding thereto Supplement R-II, § 328.34 (*General prices for high volatile coals in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T-I, and §328.42 (*General prices for low volatile coals*) is amended by adding thereto supplement T-II, which supplements are hereinafter set forth and hereby made a part hereof.

The original petition requests, among other things, the establishment of an "E" classification in Size Group 4 for the coals produced at the No. 7 Mine of Consumers Mining Corporation, Mine Index No. 3642. It appears, however, that the coals of this mine in Size Group 4 are analogous to the coals of Mine Index No. 377 in the same size group for which a "D" classification has been established by an Order of the Director dated October 16, 1941, in Docket No. A-355. Accordingly, coals produced at Mine Index No. 3642 in Size Group 4 are given a "D" classification herein, rather than the "E" classification originally proposed by the District Board.[1]

No relief is granted herein for the coals of Mine Index Nos. 3039, 1609, 3229, 1603, 3604, 602, 3270, 2397, 3649, 922, 3650, 3651, 3653, 2770, 3654, 3652, 3655, 2773, 953, 3656, 3657, 3644, 3659, 3645, 928, 2122, and 905, for all shipments except truck, for the reasons set forth in the Order designating that portion of Docket No. A-1053 relating to such coals as Docket No. A-1053 Part II.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless the Director shall otherwise order.

Dated: November 13, 1941.

[SEAL] H. A. GRAY, *Director*.

[1] The original petitioner, in an informal communication to the Director dated October 29, 1941, requested that the coals of Mine Index No. 3642 in Size Group 4 be given a "D" classification, rather than the proposed "E" classification.

TEMPORARY AND CONDITIONALLY FINAL EFFECTIVE MINIMUM PRICES FOR DISTRICT NO. 8

NOTE: The material contained in these supplements is to be read in the light of the classifications, prices, instructions, exceptions and other provisions contained in Part 328, Minimum Price Schedule for District No. 8 and supplements thereto.

PART 328—MINIMUM PRICE SCHEDULE, DISTRICT NO. 8

MEMORANDUM OPINION AND ORDER SEVERING DOCKET NO. A–1165, PART I FROM DOCKET NO. A–1165 GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN DOCKET NO. A–1165, PART I IN THE MATTER OF THE PETITION OF DISTRICT BOARD 8 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT 8 AND PETITION OF DISTRICT BOARD 8 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES IN SIZE GROUPS 24 THROUGH 27 FOR COALS OF THE CAMEO MINE (MINE INDEX NO. 81) OF THE CAMEO COAL MINING COMPANY, A CODE MEMBER IN DISTRICT 8, FOR ALL SHIPMENTS EXCEPT TRUCK

The original petition in Docket No. A–1165, filed by District Board 8, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, prays for the establishment of price classifications and minimum prices for the coals of certain mines in that district. Among the mines included in that petition is the Cameo Mine (Mine Index No. 81) of the Cameo Coal Mining Company, for which price classifications and minimum prices are prayed in Size Groups 24 through 27, the coals of this mine having been previously priced and classified in Size Groups 1 through 21. It appears that the additional price classifications and prices thus sought on behalf of the Cameo Mine are the same as those heretofore established for analogous and comparable coals in District 8. It further appears that there is an urgent need for the granting of the temporary relief prayed for on behalf of the Cameo Mine, and that the granting of such relief should not await a disposition of the various other questions raised by the original petitioner in Docket No. A–1165.

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

Now, therefore, it is ordered, That the portion of Docket No. A–1165 relating to Mine Index No. 81 be severed from the remainder of the docket and that it be designated hereafter as Docket No. A–1165, Part I.

It is further ordered, That a reasonable showing of necessity having been made, pending final disposition of Docket No. A–1165, Part I, temporary relief be and the same is hereby granted therein as follows: Commencing forthwith, § 328.11 (*Alphabetical list of code members*) is amended by adding thereto supplement R, which supplement is hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless the Director shall otherwise order.

Dated November 21, 1941.

PART 330—MINIMUM PRICE SCHEDULE, DISTRICT NO. 10

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD 10 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 10, FOR TRUCK SHIPMENTS

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 10; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith § 330.25 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T, which supplement is hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

[Docket Nos. A-191 and A-195]

PART 331—MINIMUM PRICE SCHEDULE, DISTRICT NO. 11

MEMORANDUM OPINION AND ORDER APPROVING AND ADOPTING, WITH MODIFICATIONS, THE PROPOSED FINDINGS OF FACT AND CONCLUSIONS OF LAW OF THE EXAMINER AND GRANTING, IN PART, PERMANENT RELIEF IN THE MATTER OF THE PETITION OF MAUMEE COLLIERIES COMPANY FOR REVISION OF THE EFFECTIVE MINIMUM PRICES FOR MINE INDEX 68, DISTRICT 11, BY PROVIDING DEDUCTIONS IN MINE PRICES BASED UPON DIFFERENCES IN FREIGHT RATES AMONG DISTRICT 11 MINES FOR SHIPMENT TO MARKET AREAS 32, 33, 35–38, INCLUSIVE, AND IN THE MATTER OF THE PETITION OF BITUMINOUS COAL PRODUCERS BOARD FOR DISTRICT NO. 11 FOR REVISION OF THE EFFECTIVE MINIMUM PRICES FOR THE COALS OF ITS OLD GLORY MINE #17 (MINE INDEX 68), FOR SHIPMENT TO DESTINATIONS IN MARKET AREAS 32, 33 AND 35–38, TO THE EXTENT NECESSARY TO ABSORB FREIGHT RATE ADVANTAGES ENJOYED AT SUCH DESTINATIONS BY OTHER MINES IN DISTRICT 11 WHICH PRODUCE SIMILARLY CLASSIFIED COALS. THE PETITION OF DISTRICT BOARD 11 PRAYS FOR THE ISSUANCE OF TEMPORARY AND FINAL ORDERS PERMITTING ALL CODE MEMBERS IN DISTRICT 11 TO ADJUST THE EFFECTIVE MINIMUM PRICES FOR THEIR COALS, FOR SHIPMENT TO ALL DESTINATIONS IN MARKET AREAS 20, 21, 31–38, AND DESTINATION GROUP 2 OF MARKET AREA 30, TO THE EXTENT NECESSARY TO EQUALIZE ALL FREIGHT RATE DIFFERENCES AMONG THEM FOR SHIPMENT TO SUCH DESTINATIONS; OR, IN THE ALTERNATIVE, PRAYS FOR SUCH RELIEF AT CERTAIN SPECIFIED DESTINATIONS IN THOSE MARKET AREAS.

MARIAH HILL SUPER BLOCK COAL COMPANY, a code member in District 11, intervened, praying that relief similar to that requested by original petitioner in Docket No. A–191 be granted to the intervener in respect to coals produced at its Commodore Mine (Mine Index 26) for shipments to Market Areas 32 and 35–40. Petitions of intervention opposing the original petition were filed by District Boards 7, 8 and 10; and by Chicago, Wilmington and Franklin Coal Company, et al., Central Illinois Coal Mining Company, et al., Central States Collieries, Inc., et al., and Sahara Coal Company, code members in District 10. A notice of appearance was filed by Consumers' Counsel Division.

Pursuant to an Order of the Director dated October 28, 1940, and after appropriate notice to all interested persons, a hearing in this matter was held in a hearing room of the Division, 734 Fifteenth Street NW., Washington, D. C., on November 7, 8, and 9, 1940, before W. A. Shipman, a duly designated Examiner of the Division. All interveners and Consumers' Counsel Division appeared. All interested persons were afforded an opportunity to be present, adduce evidence, to examine and cross-examine witnesses and otherwise be heard.

After the close of the hearing, by Memorandum Opinion and Order of the Director, dated December 2, 1940, 5 F.R. 4806, temporary relief, as prayed for, was granted to original petitioner in Docket No. A–191 and intervener Mariah Hill Super Block Coal Company, and temporary relief in part was granted in Docket No. A–195. That Order further provided that additional temporary relief might be granted code members in District 11, after reopening of the hearing, on motion of District Board 11, and due notice thereof to all interested parties. Subsequently, in an Order dated January 9, 1941, 6 F.R. 286, the Director supplemented the Order of December 2, 1940, by establishing a procedure for the extension of temporary relief to District 11 code members, upon affidavit, in those situations where there was no opposition by any of the interested parties.

Thereafter, on January 27, 1941, District Board 11, pursuant to the aforesaid Order of December 2, 1940, filed a motion to reopen the hearing in Docket No. A–195, for the purpose of receiving evidence with respect to shipments to Charlestown, Indiana, a destination in Market Area 31. Additional temporary relief was prayed for in connection with shipments to that point. Pursuant to an Order of the Director dated January 31, 1941, and a subsequent Order of Clarification dated February 6, 1941, and after appropriate notice to all interested persons, the hearing in Docket No. A–195 was reopened for that limited purpose on February 6, 1941, before the Examiner, W. A. Shipman, at a hearing room of the Division, Washington Hotel, Washington, D. C. All interested persons were given an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard. Appearances were noted by District Boards 10 and 11, Chicago, Wilmington and Franklin Coal Company, et al., Sahara Coal Company and Consumers' Counsel Division.

At the conclusion of the reopened hearing, all parties waived the preparation and filing of an Examiner's Report on the Charlestown phase, and, consequently, that portion of the record was submitted directly to the Director. Thereafter, by Memorandum Opinion and Order of the Director dated February 27, 1941, 6 F.R. 1269, temporary relief, as prayed for, was granted to all District No. 11 mines for shipment to Charlestown, Indiana, Market Area 31.

On August 5, 1941, the Examiner submitted his proposed Findings of Fact and Conclusions of Law in the above-entitled matters. This Report was based on all of the evidence submitted, except that introduced at the reopened hearing on February 6, 1941, as to which the Examiner's Report was waived.

Full opportunity was afforded to all parties to file exceptions thereto, together with supporting briefs. On September 25, District Board No. 11 (hereinafter referred to as "Petitioner") filed exceptions to the Proposed Findings of Fact, Conclusions of Law and Recommendations of the Examiner, and on October 7, 1941 the Bituminous Coal Consumers' Counsel (the successor to Consumers' Counsel Division) tardily filed exceptions to the Proposed Findings of Fact, Conclusions of Law and Recommendation of the Examiner.[1] No other exceptions or briefs were filed.

Exceptions of District Board 11

Exception No. 1 contests the propriety of the Examiner's Findings of Fact and Conclusions of Law "As to the general issues in this proceeding." Although Petitioner does not set forth any supporting grounds or rationale for Exception No. 1, it appears to be directed primarily against the soundness of the Examiner's general determinations as to the circumstances in which deductions for differences in freight rates are appropriate in the light of the standards of the Act. In any event, the Director has carefully examined the Findings of Fact and Conclusions of Law which are questioned by this exception in the light of the standards of the Act, and finds that this exception is not well taken.

Exceptions Nos. 2 to 8, inclusive, are of a general nature. They are directed against the Examiner's recommendations concerning the relief prayed for in Market Areas 20, 21, 31, 32, 33 and 34. After examining the record, the Director finds that these recommendations are amply supported by the evidence and accord fully with the aforementioned Proposed Findings of Fact and Conclusions of Law "As to the general issues in this proceeding," except with respect to the destinations of Carpentersville and Matthews in Market Area 32, as to which relief was not recommended. The same considerations which support the Examiner's recommendations that relief be granted at numerous other destinations in Market Area 32 apply with equal force to Carpentersville and Matthews. The Director accordingly finds that deductions for differences in freight rates should likewise be established at those destinations. Exceptions Nos. 2 to 8, inclusive, are otherwise not well taken.

Exceptions Nos. 9 to 22, inclusive, embrace a number of detailed as well as general obections. Besides contesting, in broad fashion, the Examiner's recommended disposition of the prayers for relief in Market Areas 35 to 38, inclusive, they attack various segments of, and allege certain deficiencies in, the Examiner's Proposed Findings of Fact and Conclusions of Law "As to the specific issues in this proceeding," relating to those market areas. After careful examination of the pertinent evidence, the Director finds that these exceptions do not warrant any departure from these recommendations of the Examiner, recommendations which are supported by particularly detailed and exhaustive findings of fact. Only one of them—Exception No. 20—merits particularized comment. Here an obvious error is noted. Thus the Examiner found that to the selected destinations in Market Areas 35 to 38, District No. 10 producers shipped 816,000 tons and 844,000 tons of "domestic coals" in 1937 and 1939, respectively, compared with shipments of about 179,000 and 187,000 tons in the same years from District No. 11 producers. The error was manifestly caused by the fact that the Examiner mistakenly employed the figures for total shipments in 1937 and 1939 from Districts Nos. 10 and 11, to the destinations in question, instead of the figures for "domestic coal". It is plain, and the Director finds, that the correct figures, in round numbers, are 378,000 and 324,000 tons for District No. 10 producers in 1937 and 1939, respectively, as compared with about 145,000 tons in each year from District No. 11 producers.

However, analysis of the pertinent evidence indicates that this error is of no consequence with regard to the propriety of the Examiner's ultimate determinations concerning the issues presented in connection with Market Areas 35 to 38, inclusive, and affords no basis for upsetting his recommendations in connection therewith. For the reasons aptly stated by the Examiner, the Director finds, as was recommended, that the relief prayed for in Market Areas 35 to 38, inclusive, should be granted only as to Brazil Block coals in Size Groups 1 to 8, except 7, and that as to these coals relief should be limited to the part of those Market Areas outlined by the red boundary line on Exhibit No. P–954, in General Docket No. 15, which was incorporated by reference in this proceeding.

The balance of Exceptions Nos. 9 to 22, inclusive, do not warrant detailed treatment. Some raise only trifling, immaterial differences between certain facts found by the Examiner and those which

[1] Rule 301.110 of the Rules and Regulations Governing Practice and Procedure in Proceedings Instituted Pursuant to section 4 II (d) of the Act requires that exceptions to Examiners' reports be filed within fifteen days after the report is filed. Pursuant to a motion of District Board No. 11, the original petitioner in Docket No. A–195, the time for filing exceptions and supporting briefs was extended until September 25, 1941. Bituminous Coal Consumers' Counsel thus filed its exceptions twelve days late.

Petitioner has requested oral argument before the Director. However, after examination of the record, the Director finds no sufficient reason to grant the request and hereby denies it.

Petitioner claims should have been found. In others it is asserted that the Examiner should have made certain additional findings. Manifestly, it cannot be required that an Examiner's Report should include a specific reference to every bit of testimony in the record in order to suffice. The Examiner's Report here clearly indicates that the evidence pointed up by the additional findings specified by Petitioner was not overlooked. Where not actually drawn upon by the Examiner in making his determinations, as generally appears to have been the case, it was plainly deemed to have been outweighed by stronger countervailing considerations. Basically, the primary complaint in this connection seems to stem from the circumstance that the Examiner's judgment as to the significance of such evidence is different from Petitioner's. The Examiner's determinations are wholly tenable and amply supported by the record. In any event, it is plain to the Director that the evidence thus adverted to by Petitioner does not justify any different relief from that recommended by the Examiner. In another instance, general exception is summarily taken to four pages of carefully detailed findings of fact, but no alternative findings of fact are suggested and no effort is made to explain the basis for the exception. Otherwise, Exceptions Nos. 9 to 22, inclusive, comprise mere general statements of objections to the ultimate determinations of the Examiner as to the propriety of the relief sought in Market Areas 35 to 38, inclusive; and find no adequate support in the evidence. The Director accordingly finds that Petitioner's Exceptions Nos. 9 to 22, inclusive, are not well taken.

Exception No. 23 objects to the Examiner's recommendation against the establishment of multiple deductions for the same mine for shipment to "common points." The findings of fact upon which this recommendation is based are in no wise controverted, and they are clearly supported by the evidence. Exception No. 23 is not well taken.

Exception No. 24 is a general exception contesting the Examiner's recommendations in so far as they recommend denial of any of the relief prayed for by Petitioner. As is manifest from the preceding discussion, this exception must be overruled.

Exceptions of Bituminous Coal Consumers' Counsel

The exceptions of Bituminous Coal Consumers' Counsel, on the other hand, contest the propriety of the Examiner's Findings of Fact, Conclusions of Law and Recommendation in so far as relief was recommended. Its first exception of broad scope, may be summarized as follows:

"No clear, convincing testimony was present • • • to warrant determinations different from those made by the Director in General Docket No. 15"; whether past shipments warrant the establishment of deductions for freight rate differences depends upon analysis of surrounding circumstances as to "competitive conditions" and "historical distribution", as to which the record is lacking in "substantial specific evidence" and which the Examiner did not adequately consider in making his specific recommendations; the Examiner erred to the extent that the recommended deductions at a number of points for mines which were not shown to have been substantial shippers thereto, since the fact that a high rate mine did not sell any coal, or sold only small tonnages, at various destinations clearly indicates that it was not truly competitive thereat; assuming the validity of the Examiner's "over-all approach", it represents only the initial step in determining the "general propriety" of establishing deductions in a given territory, further inquiry, which the Examiner erred in omitting, being necessary to determine in what amounts and for which particular mines deductions should be established; there is no substantial evidence supporting the establishment, as recommended in a few instances, of deductions equalling the maximum (50 cents) contended for by petitioner; "a restriction of freight absorption would tend to promote the more economical and orderly marketing of coal with resultant benefits to the consuming public and the coal industry, as was pointed out by the Consumers' Counsel in General Docket 15"; the adoption of the Examiner's recommendations would surpass the statutory requirements that minimum prices take into account transportation methods and charges, and their effect upon a reasonable opportunity to compete on a fair basis, would not preserve fair competitive opportunities, and would conflict with the mandate that due regard be accorded to the interests of the consuming public.

The foregoing exception of Consumers' Counsel is designed upon broad lines. Except to the extent that it may be construed as a plea that relief be denied *in toto*, a result plainly unwarranted by the evidence, it is devoid of any specific proposals as to the disposition of the issues raised in this proceeding and submits no workable formula for their disposition. Boiled to its essence, the theory of Consumers' Counsel, as outlined in its first exception, would require that deductions for freight differences, and the amounts thereof, be determined in piecemeal, vacuumatic fashion, upon the basis of an analysis of every mine's individual distribution and particular freight rate at each destination. This approach was carefully examined and then rejected by the Examiner. His determinations and recommendations are amply supported by the evidence, rest upon sound considerations, and comply with all of the standards of the Act, including the requirement that due regard be accorded to the interests of the consuming public. The Director accordingly finds that the first exception of Consumers' Counsel is not well taken.

Consumers' Counsel second exception is directed against the Examiner's reference to the appropriateness of the relief prayed for in the light of the Act's realization standard. I find that this exception is without merit and must be overruled.

Subsequently, on October 27, 1941, District Board No. 11 filed a sworn motion to terminate the temporary relief granted by the aforementioned Order of December 2, 1940, in so far as a deduction of 22 cents was accorded to Mine Index No. 47, for shipment to Speeds, Indiana, Market Area 31. In support of this motion, it is alleged that, effective June 23, 1941, the freight rate from Mine Index No. 47 to that destination was reduced by 22 cents, as set forth in Supplement No. 8, I. F. A., Freight Tariff No. 9–C, I. C. C. No. 943, I. R. C. No. 129, W. S. Mercer, Alternate Agent; and that this reduction obviates the need of the temporary relief heretofore granted to Mine Index No. 47 for shipment to Speeds.

No opposition to this motion has been indicated.

It accordingly appears that the adverse freight rate differential which occasioned the temporary relief heretofore granted to Mine Index No. 47, for shipment to Speeds, Indiana, and the Examiner's recommendation that this relief be made permanent, has been eliminated, and that such relief is no longer appropriate or necessary.

On the basis of the foregoing opinion, and for the reasons stated therein, the Director concludes that the Examiner's Proposed Findings of Fact and Conclusions of Law should be approved and adopted as the Findings of Fact and Conclusions of Law of the Director, except in so far as the Examiner omitted to recommend that relief be granted at Carpentersville and Matthews, Indiana, Market Area 32, except with respect to the Findings of Fact contested by Petitioner's Exception No. 20, as to which the Director's correction has been indicated above, and except in so far as the Examiner recommended that relief be granted to Mine Index No. 47, for shipment to Speeds, Indiana, Market Area 31.

As previously indicated, the Examiner's Report was waived as to the record made at the reopening of the hearing, on February 6, 1941, for the purpose of receiving evidence relating to the destination of Charlestown, Indiana, Market Area 31. No question has been raised concerning the propriety of the temporary relief granted at that point by the Director's Memorandum Opinion and Order of February 27, 1941, upon the basis of the evidence received at the reopening of the hearing on February 6, 1941.[2] Upon further examination of the record, the Director is of the opinion that the interim recitals and determinations made in the aforesaid Memorandum Opinion and Order of February 27, 1941, are fully supported by the evidence and should also be approved and adopted as Findings of Fact and Conclusions of Law of the Director in this proceeding.

It is therefore ordered, That subject to the modifications indicated in the foregoing opinion, the Proposed Findings of Fact and Conclusions of Law of the Examiner, dated August 5, 1941, be and the same hereby are approved and adopted as Findings of Fact and Conclusions of Law of the Director; and that the interim recitals and determinations made in the Memorandum Opinion and Order Granting Temporary Relief as to Charlestown, Indiana, Market Area 31, dated February 27, 1941, be and the same hereby are approved and adopted as Findings of Fact and Conclusions of Law of the Director in this proceeding.

It is further ordered, That effective fifteen (15) days from the date hereof, § 331.1 (*Price instructions and exceptions*—(b) *Price exceptions*) is amended by adding thereto Supplement R–I § 331.9 (*Adjustments in f. o. b. mine prices*) is amended by adding thereto Supplement R–II, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That except as granted by the establishment of the minimum prices provided in the aforesaid "Supplement", annexed hereto and made a part hereof, the prayers for relief in the above-entitled matter, be, and hereby are, denied.

It is further ordered, That effective fifteen (15) days from the date hereof, the temporary relief previously granted in the above-entitled matters by the Director's Orders of December 2, 1940, and February 27, 1941, and also the temporary relief previously granted by Order of the Director, dated September 23, 1941, in Docket No. A–994, be and the same hereby are revoked.[3]

Dated: November 15, 1941.

[SEAL] H. A. GRAY,
Director.

EFFECTIVE MINIMUM PRICES FOR DISTRICT No. 11

NOTE.—The material contained in these supplements is to be read in the light of the classifications, prices, instructions, exceptions and other provisions contained in Part 331, Minimum Price Schedule for District No. 11 and supplements thereto.

FOR ALL SHIPMENTS EXCEPT TRUCK

§ 331.1 *Price instructions and exceptions*—Supplement R–I.

• • • • •

(b) *Price exceptions.*

• • • • •

(Include the following Price Exception in § 331.1 (b) in the Schedule Of Effective Minimum Prices for District No. 11 For All Shipments Except Truck.)

For shipment to any point in Market Areas 35 to 38, inclusive, in the State of Illinois, lying within the following described boundaries, mines in Price Groups 15, 16 and 17 may reduce the prices listed herein for Size Groups 1 to 8, except 7, to the extent of the difference in the freight rate applicable to the shipping mine and the lowest freight rate to the same point applying from any other mine in Price Groups 15, 16 and 17:

Beginning at a point on the Illinois-Indiana State Line in Kankakee County where the Kankakee River crosses the State Line; thence west and southwest along the south bank of the Kankakee River to but excluding Kankakee; thence continuing along the south bank of the Kankakee River in a northwest direction to where it joins with the Illinois and Michigan Canal; thence continuing along the south bank of the Illinois and Michigan Canal west to but excluding LaSalle; thence south via and including all stations on the Illinois Central R. R. through Bloomington, Decatur, and Vandalia to and including Centralia; thence in an easterly direction via and including all stations on the Southern Ry. through Mt. Vernon and Fairfield to and including Mt. Carmel at the Illinois-Indiana State Line.

Provided, however, That any invoices and spot orders reported to the Division in connection with shipments made at prices reflecting deductions effected pursuant to this Price Exception shall show the freight rate applicable to the shipping mine and the lowest freight rate to the same point from any other mine in Price Groups 15, 16 and 17.

[2] In a later proceeding, also initiated by it, Docket No. A–994, District Board No. 11 sought particularized relief, previously embraced by its broader petition in Docket No. A–195, in the form of deductions for freight rate differences for Mine Index No. 67, District 11, for shipment to 11 specified destinations in Market Areas 37 and 38. By order of September 23, 1941, 6 F.R. 4889, in Docket No. A–994, and for reasons stated therein, temporary relief was granted in Docket No. A–994. It was expressly provided, however, that the petition in Docket No. A–994 should be finally determined by the final order in Dockets Nos. A–191 and A–195.

[3] The Order of September 23, 1941, in Docket No. A–994 provided that the temporary relief therein granted should terminate ten (10) days from the date of the issuance of a final order in Dockets Nos. A–191 and A–195. The ten (10) day period therein specified is hereby extended by five (5) days.

PART 331—MINIMUM PRICE SCHEDULE, DISTRICT NO. 11

ORDER GRANTING TEMPORARY RELIEF, CONDITIONALLY PROVIDING FOR FINAL RELIEF AND CANCELLING HEARING IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 11 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF THE ALLEN MINE OF THE ALLEN COAL COMPANY, INC., IN DISTRICT NO. 11 FOR RAIL SHIPMENTS ORIGINATING AT STEVENSON, INDIANA

The original petition filed with this Division pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, requested the establishment of temporary and permanent price classifications and minimum prices for the coals of the Allen Mine of the Allen Coal Company, Inc., and for certain other mines in District No. 11.

No price classifications and minimum prices were established for the coals of the Allen Mine of the Allen Coal Company, Inc., for all shipments except truck originating at Stevenson, Indiana, for the reason that no freight rates for coal shipments from this point had been published. By an order dated November 3, 1941, in Docket A–1092 Part II the matter of the establishment of price classifications and minimum prices for the coals of the Allen Mine for all shipments except truck originating at Stevenson, Indiana, was scheduled for hearing on December 15, 1941.

Subsequently freight rates for coal shipments from Stevenson, Indiana, have been published and the Acting Director deems that the hearing ordered to be held herein is no longer necessary.

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

It appearing that this action is necessary in order to effectuate the purposes of the Act;

Now, therefore, it is ordered, That pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 331.5 (*Alphabetical list of code members*) is amended by adding thereto supplement R–I, and § 331.10 (*Special prices: Railroad locomotive fuel*) is amended by adding thereto supplement

[Docket No. A–957, Part II]

PART 332—MINIMUM PRICE SCHEDULE, DISTRICT NO. 12

FINDINGS OF FACT, CONCLUSIONS OF LAW, MEMORANDUM OPINION AND ORDER IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 12 FOR REDUCTIONS IN THE EFFECTIVE MINIMUM PRICES FOR THE COALS OF MINE INDEX NOS. 639, 392, AND 516

This proceeding was instituted upon an original petition filed on July 7, 1941, by District Board 12, pursuant to the provisions of Section 4 II (d) of the Bituminous Coal Act of 1937.[1] The petition requests a revision in the effective minimum prices for truck shipment established for the coals of the Cedar Valley Mine (Mine Index No. 639) of the Cedar Valley Coal Co. (Harvey Medearis), the Road Side Coal Mine (Mine Index No. 516) of the Road Side Coal Mine (Fred Walton) and the Koke Koal Mine (Mine Index No. 392) of Koke Koal Ko. (Frank D. Schultz). The petition contained a prayer for temporary relief.

Pursuant to an order of the Director, and after notice to all interested parties, a hearing was held in this matter before Travis Williams, a duly designated examiner of the Bituminous Coal Division, at a hearing room thereof in Washington, D. C.[2] All interested parties were afforded an opportunity to be present, adduce evidence, cross-examine witnesses and otherwise be heard. Only the original petitioner appeared at the hearing. The preparation and filing of a report by the Examiner was waived, and the matter was thereupon submitted to the undersigned who has considered the record.

The petition of District Board 12 requests that the minimum prices for truck shipments established for the coals produced at Mine Index Nos. 639, 392, and 516, located in Lucas, Warren, and Adams Counties, respectively, in District 12, be reduced 3 cents per ton in Size Groups 1–9, inclusive. This request is based upon the policy followed in District 12 of permitting reductions in minimum f. o. b. mine prices for mines located off of hard surfaced roads. The practice has been to allow no reduction for the first mile, 2 cents per ton for the second mile, and 1 cent per ton for each mile thereafter where a mine is located away from an improved highway, with total reductions not to exceed 10 cents per ton. This rule was followed generally when prices were originally established for District 12 coals in General Docket No. 15. However, it seems that no requests for such reductions were made at that time for the coals of the three mines in question.

From the uncontroverted evidence presented on behalf of the District Board, it appears that the above-mentioned mines are located on dirt roads three miles from an improved highway, and that the minimum prices established for their coals should therefore be reduced 3 cents per ton in order to establish a fair price relationship between them and other mines in the district shipping by truck. Minimum f. o. b. mine prices reflecting such reductions are set forth in the schedule attached hereto and made a part hereof.

Upon the basis of the uncontroverted evidence, I find and conclude: (1) That the prices set forth in the schedule hereto attached are proper and should be established for the coal specified herein; that said prices conform with the prices established for comparable and competing coals in District 12; (2) that such amendment of the Schedule of Effective Minimum Prices for District No. 12 for Truck Shipment is required in order to effectuate the purposes of sections 4 II (a) and 4 II (b) of the Act and to comply with the standards thereof.

Now, therefore, it is ordered, That commencing fifteen (15) days from the date hereof § 332.24 (*General prices in cents per net ton for shipment into all market areas*) in the Schedule of Effective Minimum Prices for District No. 12 for Truck Shipments be and it hereby is amended in accordance with supplement T, hereto attached and made a part hereof.

Dated: November 19, 1941.

[SEAL] H. A. GRAY,
Director.

[1] The petition herein, originally designated Docket No. A–957, requested the establishment of minimum prices for the coals of various mines in District 12. By the Order dated August 15, 1941, that part of the petition relating to the above-mentioned mines was severed from the remainder of Docket No. A–957 and was designated Docket No. A–957, Part II.

[2] The Order of August 15, 1941, scheduled the hearing for September 29, 1941, before Chas. O. Fowler. By Order dated September 29, 1941, Edward J. Hayes was designated Examiner vice Chas. O. Fowler. On motion of the petitioner, the Examiner continued the hearing from September 29, 1941, to October 21, 1941, on which date it was held. By Order dated October 9, 1941, Travis Williams was designated to preside as Examiner vice Edward J. Hayes.

PART 333—MINIMUM PRICE SCHEDULE, DISTRICT NO. 13

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD 13 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS PRODUCED AT CERTAIN MINES IN DISTRICT NO. 13

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 13; and

The Director finding that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The Director deeming that his action is necessary in order to effectuate the purposes of the Act;

It is ordered, That pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 333.6 (*General prices*) is amended by adding thereto supplement R–I, § 333.7 (*Special prices*—(a) *Prices for shipment to all railroads and for exclusive use of railroads*) is amended by adding thereto supplement R–II, § 333.7 (*Special prices*—(c) *Prices for shipment by railroad, applicable to all coal sold for steamship vessel fuel*) is amended by adding thereto supplement R–III, § 333.24 (*General prices*) is amended by adding thereto supplement R–IV, § 333.25 (*Special prices*—(b) *Prices for shipment to all railroads for locomotive fuel, station heating, power plants and other uses*) is amended by adding thereto supplement R–V, § 333.25 (*Special prices*—(a) *Prices for shipment by railroad, applicable only for blacksmithing use, for all destinations in market areas as listed*) is amended by adding thereto supplement R–VI, § 333.34 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto supplement T–I, and § 333.43 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto supplement T–II, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless the Director shall otherwise order.

No price classifications and no minimum prices are established herein for the coals of Mine Index No. 913, because the Division has not received a code acceptance for this producer.

Price classifications and minimum prices are established herein for the coals of Mine Index No. 815, which the original petition lists as belonging to Hudson and Saunders, in the name of the Sunshine Coal and Coke Company. This change has been made because the records of the Division indicate that Hudson and Saunders are no longer operating the mine, but that it is now being operated by the Sunshine Coal and Coke Company.

Price classifications and minimum prices are established herein for the coals of Mine Index No. 717, for rail shipment, which the original petition lists as belonging to Edd Levan, in the name of Howard Caldwell. The change has been made because the records of the Division indicate that Howard Caldwell has succeeded Edd Levan, and is now operating the mine.

The price of $2.70 is established herein in Size Group 20 for shipment to Market Area 147 for the coals of Mine Index No. 1291 for rail shipment. The original petition prayed that the price for this size group for this mine be the same as that already established for Size Group 18 for Mine Index No. 18, which price is $2.70. It would seem that a typographical error in the original petition listed this price as $2.85 in Size Group 20 for Mine Index No. 1291 for shipment to Market Area 147, the base market area. As this price is not the price established for Size Group 18 for Mine Index No. 18 for shipment to Market Area 147, the correction has been made and the price actually sought ($2.70) has been established for the coals of Mine Index No. 1291.

No price classifications and no minimum prices are established herein for the coals of Mine Index No. 1261 for rail shipment for the reasons set forth in the Order severing that portion of Docket No. A–1089 which prays for the establishment of such price classifications and minimum prices from the remainder of the docket, designating such portion as Docket No. A–1089 Part II, granting temporary relief therein and setting Docket No. A–1089 Part II for hearing.

No price classifications and no minimum prices are established herein for the coals of Mine Index No. 1293 for shipment by railroad applicable to all coal sold for steamship vessel fuel for the reasons set forth in the Order severing that portion of Docket No. A–1089 which prays for the establishment of such price classifications and minimum prices from the remainder of the docket, designating such portion as Docket No. A–1089 Part II, granting temporary relief therein and setting Docket No. A–1089 Part II for hearing.

Dated: November 4, 1941.

PART 334—MINIMUM PRICE SCHEDULE, DISTRICT NO. 14

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 14 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 14

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 14; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 334.5 (*Alphabetical list of code members*) is amended by adding thereto supplement R. and § 334.24 (*General prices for shipment into all market areas*) is amended by adding thereto supplement T, which supplements are hereinafter set forth and hereby made a part hereof: *Provided, however*, That, in view of the circumstances hereinafter set forth, the price classifications and minimum prices provided in said supplement R and supplement T for the coals of Mine Index No. 141 shall not become effective until ten days from the date of this order.

Petitioner analogizes the coals of the Hill Top Mine (Mine Index No. 556), operated by Dewey Burns, to the coals of Mine Index No. 401 operated by Charles Martin (Martin Coal Company). However, for the coals of the Hill Top Mine in Size Group 3 petitioner proposes classification C and a minimum price of $3.85, whereas Mine Index No. 401 is classified D and priced $3.70 per ton in Size Group 3. The price classification and minimum prices established herein for the coals of the Hill Top Mine in Size Group 3 have accordingly been conformed to those heretofore established for the coals of Mine Index No. 401.

Petitioner proposes Ozark, Arkansas, as the shipping point for the coals of R. V. Jaggers' Cove Creek Mine (Mine Index No. 552). However, the code acceptance filed by this code member states that Hartman, Arkansas, is the shipping point for the coals of this mine. Accordingly, Hartman, Arkansas, has been designated as the rail shipping point for the coals of Mine Index No. 552, in supplement R annexed hereto.

Petitioner proposes both Rock Island, Oklahoma, and Jenson, Arkansas, on the St. Louis-San Francisco Railway, as shipping points for the coals of the Kistler Coal Co., Mine No. 2 (Mine Index No. 558). It appears, however, that there are no published freight rates in effect for coal originating at Rock Island, Oklahoma on the St. Louis-San Francisco Railway, and petitioner has made no sufficient showing of necessity for two shipping points for this mine. Accordingly, Jenson, Arkansas, is designated in Supplement R, annexed hereto, as the rail shipping point for the coals of Mine Index No. 558.

In support of its proposed price classifications and minimum prices for the coals of the Quality Coal Company (Mine Index No. 559), petitioner alleges that these coals are analogous to the coals produced from the Quality Coal Company, Quality No. 1 Mine (Mine Index No. 88). The established price classifications and minimum prices for the coals of Quality No. 1 Mine, in Size Group 18, are D and $4.15 per ton, respectively, compared with price classification B and a minimum price of $4.45 per ton, proposed by petitioner for Mine Index No. 559. Accordingly, the price classification and prices established herein for the coals of Mine Index No. 559 in Size Group 18 have been conformed to those heretofore established for the coals of Mine Index No. 88 in the same size group.

No relief is granted herein for the coals of the Russellville Coal Mining Company (Mine Index No. 1) for the reason that price classifications and minimum prices have previously been established for this mine in General Docket No. 15, while it was operated by a predecessor code member, The Anthracite Coal Company. Those price classifications and minimum prices continue to apply to Mine Index No. 1, regardless of changes in its ownership.

Petitioner proposes herein price classifications and minimum prices for the coals of the Safeway Coal Company (E. F. Statham) (Mine Index No. 141) when produced by machine cut operation. Price classifications and minimum prices have heretofore been established for the coals of Mine Index No. 141 when produced by the solid shot method of operation. Inasmuch as the Safeway Coal Company in the operation of Mine Index No. 141 has changed from a solid shot to a machine cut method of operation and has complied with Order No. 288 in reporting such change in the method of operation, there appears no necessity for the continued existence of solid shot price classifications and minimum prices for the coals of such mine. Accordingly, Supplements R and T annexed hereto, provide price classifications and minimum prices for the coals of Mine Index No. 141 as produced by the machine cut method of operation, which, however, as previously set forth herein, do not become effective until ten days from the date of this order.

It is further ordered, That effective ten days from the date of this order the price classifications and minimum prices heretofore established for the coals of Mine Index No. 141, when produced by the solid shot method of operation, are hereby cancelled and deleted from the Schedule of Effective Minimum Prices for District No. 14 for All Shipments Except Truck and for Truck Shipments.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless the Director shall otherwise order.

Dated: November 17, 1941.

Director.

PART 337—MINIMUM PRICE SCHEDULE, DISTRICT NO. 17

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 17 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 17

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 17; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act:

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows:

Commencing forthwith § 337.4 (*Code member price index*) is amended by adding thereto supplement T–I, and § 337.21 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto supplement T–II, which supplements are hereinafter set forth and hereby made a part hereof.

No relief is granted herein for the coals of the Farmers' Mine of Ishmael Austin for the reason that the coals of this mine were heretofore classified and priced in the Schedule of Effective Minimum Prices for District No. 17 for All Shipments under the name of Lewis Owens, Bennett Mine, Mine Index No. 353.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: November 18, 1941.

TITLE 32—NATIONAL DEFENSE

CHAPTER IX—OFFICE OF PRODUCTION MANAGEMENT

SUBCHAPTER B—PRIORITIES DIVISION

PART 1001—TIN

General Preference Order M–43 to Conserve the Supply and Direct the Distribution of Tin

Whereas it is found that the increasing national defense requirements and the uncertainty of future shipments from abroad of tin (as hereinafter defined) have created a situation in which an actual and serious shortage may suddenly occur in the supply of tin for defense, for private account, and for export, and it is necessary in the public interest and to promote the defense of the United States to conserve the supply and direct the distribution thereof;

Now, therefore, it is hereby ordered, That:

§ 1001.1 *General Preference Order M–43*—(a) *Definitions.* For the purposes of this Order:

(1) "Tin" means tin metal in shapes and brands current in the trade, imported from foreign sources, or produced domestically from foreign or domestic ores or from any scrap or residues.

It does not include tin metal in the hands of a manufacturer produced from tin-bearing material or mill residue either by the manufacturer himself, or for him on toll; provided in either case the tin-bearing material or mill residue from which such metal is so produced, (i) originated in the manufacturer's own plant, or (ii) was returned to him by a customer in the usual course of business from material or products purchased by such customer from the manufacturer.

(2) "Import" means to transport in any manner into the continental United States from any foreign country, or from any territory or possession of the United States (including the Philippine Islands). For the purposes of this order material shall be deemed imported into the United States from the time of the announcement of the arrival of the ship bearing the same at the port of destination.

(3) "Distributor" means any person who procures tin either by importing or from domestic sources for sale without change in form, whether or not such person receives title to or physical delivery of the material, and includes selling agents, warehousemen, and brokers.

(b) *Provisions as to future imports (not including tin afloat).* Unless otherwise specifically authorized by the Director of Priorities, no person shall:

(1) Fabricate or convert any tin imported after the effective date of this order into the United States by him either directly or indirectly; or

(2) Sell, transfer or otherwise dispose of any such tin (excluding tin afloat to the United States at the date of this order) except by sale thereof to the Metals Reserve Company or to any other governmental department, agency or corporation.

(c) *Special directions for disposition of tin afloat.* No person shall receive, sell, transfer or otherwise dispose of any tin afloat at the date of this order except in accordance with the specific directions of the Director of Priorities. Any person who knows, or has reason to believe that a shipment of tin is afloat to him or for his account, when this order takes effect, shall immediately notify the Tin, Lead and Ilmenite Branch of the Office of Production Management of the point of origin, destination, kind, quantity and value of such shipment, and shall furnish such other pertinent information as the Office of Production Management may request.

(d) *Restrictions on existing stocks.* No person shall sell, transfer or deliver any tin which was imported into the United States prior to the effective date of this order without the specific authority of the Director of Priorities: *Provided, however*, That a distributor may, notwithstanding the provisions of this paragraph (d), sell and deliver such tin to his regular customers in less than five-ton lots, subject only to the provisions of Priorities Regulation No. 1, as amended from time to time.

(e) *Allocations—Metals reserve supply.* The Director of Priorities will from time to time allocate all tin released by the Metals Reserve Company among persons seeking delivery thereof, and specifically direct the manner and quantities in which deliveries may be received and the purposes for which the material so allocated shall be used.

(2) *Special directions.* The Director of Priorities will from time to time issue specific directions to any person as to the source, destination or amount of tin, other than tin released by the Metals Reserve Company, to be delivered or acquired by such person, and the Director may also specifically direct the manner and quantities in which such tin may be processed.

(3) *Basis of allocations.* Any allocations and specific directions will be made to insure satisfaction of all defense requirements of the United States, both direct and indirect, and they may be made in the discretion of the Director of Priorities without regard to any preference ratings assigned to particular contracts or purchase orders. The Director may also take into consideration the possible dislocation of labor and the necessity of keeping a plant in operation so that it may be able to fulfill defense orders and essential civilian requirements.

(f) *Directions as to deliveries of tin alloys and tin products.* Until further order by the Director of Priorities, deliveries by any person of alloys containing tin as an essential component and of manufactured products made of tin or such alloys may be made and accepted subject only to the provisions of Priorities Regulation No. 1, as amended from time to time, and to the provisions of any other order or direction issued by the Director of Priorities affecting tin or any other material used with tin in the manufacture or processing of such alloys or products.

(g) *Violations.* Any person affected by this order, who violates any of its provisions, or a provision of any other order, direction or regulation issued by the Director of Priorities, may be prohibited by the Director from making or receiving further deliveries of tin, or of any other material subject to allocation, or he may be subjected to any other or further action as the Director of Priorities may deem appropriate.

(h) *Regulations incorporated.* Except as modified by the terms of this order and as otherwise specifically provided herein, all of the provisions and definitions of Priorities Regulation No. 1, issued by the Director of Priorities on August 27, 1941 (Part 944), as amended from time to time, are hereby included as a part of this order with the same effect as if specifically set forth herein.

(j) *Effective dates.* This order shall take effect immediately upon its issuance, and unless sooner terminated by direction of the Director of Priorities, shall expire on the 31st day of July 1942.

(P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3, as amended September 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

Issued this 17th day of December 1941.

All reports to be filed, appeals and other communications concerning this order should be addressed to the Tin, Lead and Ilmenite Branch, Office of Production Management, Social Security Building, Washington, D. C., Reference: M–43.

TITLE 35—PANAMA CANAL

CHAPTER I—CANAL ZONE REGULATIONS

PART 8—CARRYING AND KEEPING OF ARMS; HUNTING; FISHING

AMENDMENT OF REGULATION RELATING TO PASSES FOR FISHING AT OR BELOW GATUN SPILLWAY

Section 8.56 of Title 35, Code of Federal Regulations, is amended to read as follows:

§ 8.56 *Passes for fishing at or below Gatun Spillway.* (a) Passes for fishing at or below Gatun Spillway may be obtained from the Commanding Officer, Gatun Police Sub-Station by persons who can meet the requirements of, and who

agree to abide by the conditions set forth in paragraph (b) of this section; but no such pass shall be issued to any person excluded from residence or employment in the Canal Zone under any law or regulation. The issuance and use of all such passes shall be subject to regulations and instructions, relating to the security of Canal locks and spillways, issued or to be issued by competent authority.

(b) Written application for such passes shall be made on the form prescribed and shall bear endorsement certifying that the applicant is of good reputation, is a capable swimmer, and possesses the required equipment. Applications of members of the armed forces of the United States shall bear the endorsement of a commanding officer of the United States Army or Navy stationed on the Isthmus. Applications of members of the Gatun Tarpon Club shall bear the endorsement of the Secretary of the Club. Applications of all other persons shall bear the endorsement of two reputable citizens of the United States who are employees of The Panama Canal or Panama Railroad Company. (Title 2, C. Z. DEPARTMENT OF THE INTERIOR.

Bituminous Coal Division.

[Docket No. A-1053]

PETITION OF DISTRICT BOARD NO. 8 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 8.

[Docket No. A-1053, Part II]

PETITION OF DISTRICT BOARD NO. 8 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES AND RAILROAD SHIPPING POINTS FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 8, FOR ALL SHIPMENTS EXCEPT TRUCK.

MEMORANDUM OPINION AND ORDER SEVERING DOCKET NO. A-1053 PART II FROM DOCKET NO. A-1053, GRANTING TEMPORARY RELIEF IN DOCKET NO. A-1053 PART II AND NOTICE OF AND ORDER FOR HEARING IN DOCKET NO. A-1053 PART II

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, has been duly filed with this Division by the above-named party requesting, among other things, the establishment, both temporary and permanent, of price classifications and minimum prices and of shipping points for the coals produced at certain mines in District No. 8 as indicated in a separate Order issued in Docket No. A-1053.

The original petition prays for, among other things, the establishment of minimum prices and price classifications, for the coals of Mine Index Nos. 3039, 1609, 3229, 1603, 3604, 602, 3270, 2397, 3649, 922, 3650, 3651, 3653, 2770, 3654, 3652, 3655, 2773, 953, 3656, 3657, 3644, 3659, 3645, 928, 2122, and 905 for rail shipments.

Minimum prices and price classifications for shipments from designated rail shipping points have already been established in prior dockets for Mine Index Nos. 1609, 3229, 1603, 3604, 602, 3270, 2397, and 3039. The Director is of the opinion that no sufficient showing has yet been made of the necessity of additional rail shipping points for these mines. The need therefor should be examined at a hearing.

The original petition requests the establishment of minimum prices and price classifications for rail shipments originating at two shipping points for the coals of Mine Index Nos. 3652, 953, 3657, 3659, 3645, 928, 2122, and 905. The Director is of the opinion that the original petition contains sufficient facts to warrant the temporary establishment of minimum prices or price classifications for rail shipments originating at one of the two shipping points proposed for each mine in the petition, pending a hearing at which there may be developed further facts concerning the need for two shipping points for these mines.

It is proposed that Mine Index Nos. 3649, 922, 3650, 3651, 3653, 2770, 3654, 3652, 3655, 2773, 953, 3656, 3657, 3644, 3659, and 3645 be permitted to use the facilities of the White Coal Company for rail shipments from Richards, Kentucky. It appears that these mines are not presently priced for rail shipment from any point and accordingly that temporary relief is reasonably necessary. However, additional facts concerning this proposal should be developed at a hearing prior to the final disposition thereof.

Now, therefore, it is ordered, That the portion of Docket No. A-1053 relating to each of the above-mentioned mine index numbers be, and the same hereby is, severed from Docket No. A-1053 and designated as Docket No. A-1053 Part II.

It is further ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on December 19, 1941, at ten o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Floyd McGown or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before December 13, 1941.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of District Board No. 8 for the establishment of Betsy Layne, Kentucky, as a railroad shipping point for Mine Index No. 3270; for the establishment of Williamson, West Virginia, as a railroad shipping point for Mine Index No. 2397; for the establishment of Grundy, Virginia, as a railroad shipping point for Mine Index No. 3039; for the establishment of minimum prices and price classifications for the coals of Mine Index Nos. 3649, 922, 3650, 3651, 3653, 2770, 3654, 3652, 3655, 2773, 953, 3656, 3657, 3644, 3659, 3645, 1609, 3229, 1603, 3604, and 602 for rail shipments originating at Richards, Kentucky; for the establishment of minimum prices and price classifications and of railroad shipping points for the coal of Mine Index No. 928 for rail shipments originating at Chavies and Krypton, Kentucky; for the establishment of minimum prices and price classifications for the coals of Mine Index No. 2122 for rail shipments originating at Coeburn and Allen, Virginia; for the establishment of price classifications and minimum prices and of London and East Barnstadt, Kentucky, as railroad shipping points for Mine Index No. 905; for the establishment of minimum prices and price classifications and of Richards and Garrard, Kentucky, as railroad shipping points for each of Mine Index Nos. 3652, 953, and 3659; and for the establishment of minimum prices and price classifications and Richards and Manchester, Kentucky, as railroad shipping points for each of Mine Index Nos. 3657 and 3645.

It is further ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, the Schedule of Effective Minimum Prices for District No. 8 For All Shipments Except Truck, is supplemented to include the price classifications and minimum prices set forth in the schedule marked "Supplement," annexed hereto and hereby made a part hereof.[1]

Notice is hereby given that applications to stay, modify or terminate the temporary relief granted in this Order may be filed in accordance with the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Act.

Dated: November 13, 1941.

PETITION OF DISTRICT BOARD NO. 3 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 3, FOR RIVER AND EX-RIVER SHIPMENTS

NOTICE OF AND ORDER FOR HEARING AND GRANTING TEMPORARY RELIEF

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party; and

The Director finding that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

District Board No. 4 having filed a petition of intervention in the above-entitled matter;

Now, therefore, it is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on December 16, 1941, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Floyd McGown or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before December 12, 1941.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of District Board No. 3 for the establishment of price classifications and minimum prices for the coals of Mine Index Nos. 42 and 238 for river and ex-river shipments.

Among other matters, the original petitioner proposed the establishment of minimum prices for District No. 3 Pittsburgh Seam low sulphur coals for river shipments to all destinations on the Monongahela River from Morgantown, West Virginia, upstream to headwaters of that river. The minimum prices proposed for this movement in the special use mine run size (Size Group 15) are 30 cents per net ton less than the minimum prices proposed for commercial use mine run coal (Size Group 6). The minimum prices proposed for this movement in the other special use sizes are proportionately less than the minimum prices proposed in the other commercial use sizes.

The record in General Docket No. 15 and Price Schedule No. 1 for District No. 3 For All Shipments Except Truck indicate that the minimum prices for District No. 3 Pittsburgh Seam low sulphur coals for special use are less than such prices for such coals for commercial use only where the relationship of such coals to competing coals so requires. The petition does not, however, allege any facts to support the requested price differential in the case at hand. Accordingly, the minimum prices herein temporarily established for such coals in Size Groups 11 to 16, inclusive, reflect an increase of 30 cents per net ton in the mine run size and proportionate increases in the other sizes. It appears that such prices will more nearly reflect the customary price relationship between these and other coals, pending a hearing.

It is ordered, That pending final disposition of the above-entitled matter, temporary relief be, and it hereby is, granted as follows: Commencing forthwith, the Schedule of Effective Minimum Prices for District No. 3, For River and Ex-river Shipments is supplemented to include the price classifications and minimum prices set forth in the attached schedule, marked "Supplement R", annexed hereto and hereby made a part hereof;[1] and

It is ordered, That such price classifications and minimum prices shall be subject to the Order of March 21, 1941, in Docket No. A-454, increasing the minimum prices set forth in the Schedule of Effective Minimum Prices for District No. 3, For River and Ex-river Shipments, 7½ cents per net ton for certain ex-river shipments, as specified therein, and the Order of October 4, 1941, in Docket No. A-841, establishing minimum prices for ex-river shipments to Colonial Steel Company at Colona, Pennsylvania.

It is further ordered, That applications to stay, terminate, or modify the temporary relief herein granted may be filed with the Division pursuant to the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

Dated: November 12, 1941.

IN THE MATTER OF THE CLYDE H. HOYT COMPANY, REGISTERED DISTRIBUTOR, REGISTRATION NO. 4566, RESPONDENT

ORDER RESCHEDULING HEARING

The above-entitled matter having been scheduled for hearing at Toledo, Ohio, on November 22, 1941, by Order of the Division dated October 9, 1941, and subsequently having been postponed by Order of the Division dated November 15, 1941, to a date and a hearing room to be thereafter designated by an appropriate order; and

Clyde H. Hoyt, Secretary-Treasurer of the Clyde H. Hoyt Company, Toledo, Ohio, and George W. Harsh, President of the Blue Line Fuel Company, Toledo, Ohio, heretofore having been duly served with subpoenae requiring each of them to testify and give evidence in the above-entitled matter and to produce and bring with each of them certain books and records; and

It appearing to the Acting Director that the place and date of said hearing should now be designated;

Now, therefore, it is ordered, That the hearing in the above-entitled matter be held on January 9, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at the Commodore Perry Hotel, Toledo, Ohio; and

It is further ordered, That Clyde H. Hoyt, Secretary-Treasurer of the Clyde H. Hoyt Company, Toledo, Ohio, and George W. Harsh, President of the Blue Line Fuel Company, Toledo, Ohio, appear before the designated officers at the time and place of hearing as herein set forth, and to testify and give evidence in the above-entitled matter and to produce and bring with each of them certain books and records as theretofore directed by said subpoenae; and

It is further ordered, That the Notice of and Order for Hearing dated October 9, 1941, and the Order Amending Notice of and Order for Hearing dated October 28, 1941, shall in all other respects remain in full force and effect.

Dated: December 16, 1941.

IN THE MATTER OF F. E. JACKSON (F. E. JACKSON SAND AND COAL COMPANY), REGISTERED DISTRIBUTOR, REGISTRATION NO. 4728, DEFENDANT

ORDER OF DISMISSAL

A complaint in the above-entitled matter having been filed on May 17, 1941, by the Bituminous Coal Producers Board for District No. 12; and

The Bituminous Coal Division having found it necessary in the proper administration of the Bituminous Coal Act of 1937 to determine in a proceeding instituted upon its own initiative and docketed as 1654-FD, whether F. E. Jackson (F. E. Jackson Sand and Coal Company) had violated any provisions of the Act, the Marketing Rules and Regulations, the Rules and Regulations for Registration of Distributors and the Distributor's Agreement executed October 5, 1940, by defendant pursuant to Order of the Bituminous Coal Division, dated June 19, 1940, in General Docket No. 12; and

A hearing in the matter of F. E. Jackson, Docket 1654-FD, having been held on September 11, 1941, at the Grand Jury Room, U. S. Court House, Des Moines, Iowa, before W. A. Shipment, a duly designated Trial Examiner; and

The Bituminous Coal Producers Board for District No. 12, the complainant in the above-entitled matter, having moved orally at the hearing in Docket 1654-FD to dismiss the complaint in the above-entitled proceeding, and no objection to such motion having been made; and

It appearing to the Acting Director that the matter in the above-entitled proceeding is identical with the matter of F. E. Jackson, (F. E. Jackson Sand and Coal Company), Docket 1654-FD;

Now, therefore, it is ordered, That the complaint filed by the Bituminous Coal Producers Board for District No. 12 in the above-entitled matter be, and it hereby is, dismissed.

Dated: December 16, 1941.

DEPARTMENT OF LABOR.

Division of Public Contracts.

IN THE MATTER OF AN AMENDMENT TO AND THE EXTENSION OF THE DETERMINATION OF THE PREVAILING MINIMUM WAGE IN THE MEN'S UNDERWEAR INDUSTRY

NOTICE OF OPPORTUNITY TO SHOW CAUSE

Under date of July 28, 1939, following a public hearing held after due notice to all interested parties, the Secretary of Labor, pursuant to the provisions of Section 1 (b) of the Act of June 30, 1936 (49 Stat. 2036; 41 U.S.C. Sup. III 35) determined the minimum wages for employees engaged in the performance of contracts awarded by agencies of the United States, subject to said Act, for the manufacture and supply of men's underwear, to be 32.5 cents an hour or $13.00 per week of forty hours within the States of Virginia, Tennessee, North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, Arkansas, Texas, Louisiana, and Oklahoma; and 35 cents per hour or $14.00 per week of forty hours for employees engaged in the performance of such contracts within any other State of the United States or the District of Columbia (Code of Federal Regulations, Title 41, Part 202, § 202.5). This determination became effective as to all such contracts awarded on or after August 2, 1937.

On November 24, 1941, the wage order issued by the Administrator of the Wage and Hour Division, U. S. Department of Labor, became effective, establishing a minimum wage of not less than 40 cents per hour for employees in the Knitted and Men's Woven Underwear and Commercial Knitting Industry who are subject to the Fair Labor Standards Act of 1938 (6 F.R. 5323). That wage order applies to the manufacture of all products presently covered by the minimum wage determination under the Public Contracts Act for the Men's Underwear Industry.

There is evidence before this Department that the Knitted and Men's Woven

Underwear and Commercial Knitting Industry, as defined in the wage order of the Administrator of the Wage and Hour Division, is interstate in character. That wage order defines the industry to which the order applies, as follows:

a. The manufacturing, dyeing or other finishing of any knitted fabric made from any yarn or mixture of yarns, except:

1. The knitting from any yarn or mixture of yarns and the further manufacturing, dyeing or other finishing of knitted garments, knitted garment sections or knitted garment accessories for use as external apparel or covering which are partially or completely manufactured in the same establishment as that where the knitting process is performed: *Provided*, That this exception shall not be construed to apply to the garments or garment accessories designated in clause (b) of this definition.

2. Fulled suitings, coatings, topcoatings, or overcoatings containing more than 25 percent, by weight, of wool or animal fiber other than silk.

3. Hosiery.

b. The manufacturing, dyeing or other finishing, from any yarn or mixture of yarns, or from purchased knitted fabric, of any of the following products:

1. Knitted garments or garment accessories for use as underwear, sleeping wear, or negligees.

2. Fleece-lined garments made from knitted fabric containing cotton only or containing any mixture of cotton and not more than 25 per cent, by weight, of wool or animal fiber other than silk.

3. Knitted shirts of cotton or any synthetic fiber or any mixture of such fibers which have been knit on machinery of 10-cut or finer in the same establishment as that where the knitting process is performed.

4. Knitted towels or cloths.

c. The manufacturing of men's and boys' underwear from any woven fabric.

It therefore appearing that the aforementioned wage order of the Administrator of the Wage and Hour Division of this Department has had the effect of establishing 40 cents an hour as the prevailing minimum wage in the manufacture of the articles covered by the Secretary of Labor's Decision in the matter of the prevailing minimum wage in the Men's Underwear Industry; and

The Administrator of the Wage and Hour Division having issued regulations applicable to the employment of learners in the Knitted Wear Industry (Title 29; Chap. V, CFR, Part 522); and

The Administrator of the Wage and Hour Division having heretofore issued regulations concerning the employment of handicapped workers in the performance of work subject to the provisions of the Fair Labor Standards Act (Title 29; Chap. V, CFR, Part 524); and

It appearing that the best interests of management and labor will be served if the regulations of the Administrator of the Wage and Hour Division, as cited above, be made applicable in their entirety to contracts awarded under the Public Contracts Act and the Secretary's determination in the matter of the Prevailing Minimum Wage in the Men's Underwear Industry. Accordingly,

Notice is hereby given to all interested parties that they will be allowed until January 2, 1942 to show cause if any they have why the Secretary should not modify the decision in the matter of the Prevailing Minimum Wage in the Men's Underwear Industry by finding that the prevailing minimum wage for persons now employed in that industry is now 40 cents an hour or $16.00 per week of 40 hours and why the decision should not be extended to include the manufacture of those products within the definition of the industry as contained in the wage order issued by the Administrator under the Fair Labor Standards Act of 1938 (6 F.R. 5323) and to show cause if any they have why the Secretary should not further modify the Men's Underwear Wage Determination to provide that applicable regulations for the employment of learners and handicapped workers issued by the Administrator of the Wage and Hour Division be adopted by the Secretary as applicable to contracts awarded subject to the Secretary's decision for the Men's Underwear Industry.

All objections or protests should be addressed to the Administrator, Division of Public Contracts, U. S. Department of Labor, Washington, D. C. An original and four copies should be filed.

Dated: December 15, 1941.

NOTICE OF ISSUANCE OF SPECIAL CERTIFICATES FOR THE EMPLOYMENT OF LEARNERS UNDER THE FAIR LABOR STANDARDS ACT OF 1938

Notice is hereby given that Special Certificates authorizing the employment of learners at hourly wages lower than the minimum rate applicable under section 6 of the Act are issued under section 14 thereof and § 522.5 (b) of the Regulations issued thereunder (August 16, 1940, 5 F.R. 2862) to the employers listed below effective December 18, 1941.

The employment of learners under these Certificates is limited to the terms and conditions as designated opposite the employer's name. These Certificates are issued upon the employers' representations that experienced workers for the learner occupations are not available for employment and that they are actually in need of learners at subminimum rates in order to prevent curtailment of opportunities for employment. The Certificates may be cancelled in the manner provided for in the Regulations and as indicated on the Certificate. Any person aggrieved by the issuance of these Certificates may seek a review or reconsideration thereof.

NAME AND ADDRESS OF FIRM, PRODUCT, NUMBER OF LEARNERS, LEARNING PERIOD, LEARNER WAGE, LEARNER OCCUPATIONS, EXPIRATION DATE

IN THE MATTER OF NORTHEASTERN WATER AND ELECTRIC CORPORATION, AND DENIS J. DRISCOLL AND WILLARD L. THORP, TRUSTEES OF ASSOCIATED GAS AND ELECTRIC CORPORATION, DEBTOR

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C. on the 16th day of December, A. D. 1941.

Notice is hereby given that applications and declarations have been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Denis J. Driscoll and Willard L. Thorp, Trustees of Associated Gas and Electric Corporation, a registered holding company, and Northeastern Water and Electric Corporation, a registered holding company and a subsidiary of the Trustees of Associated Gas and Electric Corporation. All interested persons are referred to said applications and declarations, which are on file in the office of this Commission, for a statement of the transactions therein proposed, which are summarized as follows:

The Trustees of Associated Gas and Electric Corporation propose to acquire, and Northeastern Water and Electric Corporation proposes to sell, the stocks, bonds and notes of the following electric utility companies (all incorporated under the laws of, and operating in, the State of Ohio) such securities constituting all of the outstanding securities of the electric companies:

The General Utilities Company

900 shares of Common Stock of the par value of $100 each.

$200,000.00, principal amount, First Mortgage 6½% Sinking Fund Bonds, Series A, matured July 1, 1936.

$332,321.88, principal amount, 7% Demand Promissory Note, dated August 15, 1934.

$6,000.00, principal amount, 6% Demand Promissory Note, dated March 9, 1936.

$11,000.00, principal amount, 6% Demand Promissory Note, dated May 12, 1936.

$11,000.00, principal amount, 6% Demand Promissory Note, dated August 11, 1936.

$51,271.76, principal amount, 7% Demand Promissory Note, dated October 1, 1936.

$14,804.74, principal amount, 7% Demand Promissory Note, dated October 1, 1936.

$159,569.17, principal amount, 7% Demand Promissory Note, dated October 1, 1936.

$7,258.26, principal amount, 6% Demand Promissory Note, dated August 6, 1937.

$10,000.00, principal amount, 6% Demand Promissory Note, dated August 6, 1937.

The Ohio Northern Public Service Company

1,930 shares of Common Stock of the par value of $100 each.

$102,600.00, principal amount, First Mortgage and Refunding Gold Note (6%) payable on demand.

The Western Reserve Power and Light Company

1,000 shares of Common Stock without par value.

$175,000.00, principal amount, 7% Demand Promissory Note, dated August 15, 1934.

$25,000.00, principal amount, 6% Demand Promissory Note, dated July 6, 1936.

The purchase price to be paid by the Trustees for the securities of the above-named electric companies is $1,500,000, subject to certain adjustments with respect to earnings and changes in debt subsequently to February 28, 1941.

The Trustees of Associated Gas and Electric Corporation have entered into a contract with John H. Ware, Jr., and Penn-Jersey Water Company, a Delaware corporation, under the terms of which the Trustees will sell to John H. Ware, Jr., and Penn-Jersey Water Company, 155,747 shares of the common stock of Northeastern Water and Electric Corporation now owned by Northeastern Water Companies, Inc., a wholly-owned subsidiary of the Trustees. Northeastern Water Companies, Inc., is about to be dissolved and when such dissolution takes place the said common stock will be directly owned by the Trustees. This contract is subject to a condition, among others, that Northeastern Water and Electric Corporation shall have been exempted as a holding company from the provisions of the Public Utility Holding Company Act of 1935. The present filing requests such an exemption effective upon the proposed transfer of the electric companies.

The consideration to be paid by John H. Ware, Jr., and Penn-Jersey Water Company for the common stock of Northeastern Water and Electric Corporation is approximately $3,805,197, subject to certain adjustments.

The applicants and declarants consider sections 2 (a) (7), 9 (a), 10, 11 (e), 12 (d) and 12 (f) of the Public Utility Holding Company Act of 1935 and Rules U-9, U-43, and U-44 of the General Rules and Regulations as being applicable to the proposed transactions.

The applicants and declarants represent that the proposed transactions are part of a general program of the Trustees to simplify their holding company system, and further represent that such general program is consistent with the tentative conclusions of the Commission expressed in its Notice of and Order for Hearing, dated September 4, 1941, In the Matter of Denis J. Driscoll and Willard L. Thorp, as Trustees of Associated Gas and Electric Corporation, Respondents, and is in furtherance of the reorganization of Associated Gas and Electric Corporation pursuant to Chapter X of the Bankruptcy Act.

It appearing to the Commission that it is appropriate and in the public interest and the interests of investors and consumers that a hearing be held with respect to said declarations and applications and that said declarations shall not become effective or said applications be granted except pursuant to further order of the Commission, and that at said hearing there be considered, among other things, the various matters hereinafter set forth;

It is ordered, That a hearing on such matters under the applicable provisions of said Act and the rules of the Commission thereunder be held on January 5, 1942, at 10 a. m. at the offices of the Securities and Exchange Commission, 1778 Pennsylvania Avenue NW., Washington, D. C. On such day the hearing room clerk in room 1102 will advise as to the room where such hearing will be held. At such hearing, cause shall be shown why such declarations shall become effective.

It is further ordered, That James G. Ewell or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice.

It is further ordered, That without limiting the scope of issues presented by said applications and declarations, particular attention will be directed at said hearing to the following matters and questions:

1. Whether the acquisition of the electric utility companies by the Trustees of Associated Gas and Electric Corporation will meet the requirements of section 10 of the said Act;

2. Whether the consideration to be received from the sale by Northeastern Water and Electric Corporation and to be paid by the Trustees of Associated Gas and Electric Corporation with respect to the securities of the electric utility companies is fair and reasonable;

3. Whether the accounting entries to be made in connection with any or all of such proposed transactions comply with the requirements of the Public Utility Holding Company Act of 1935 and all rules and regulations promulgated thereunder;

4. Whether the terms and conditions of any or all of the proposed transactions are detrimental to the public interest or the interest of investors or consumers;

5. Whether Northeastern Water and Electric Corporation will be entitled to an exemption from the provisions of the Public Utility Holding Company Act of 1935 as a holding company upon consummation of the proposed transactions;

6. Specifically, whether as a condition precedent to the granting of such an exemption, or as a condition to other steps proposed to be taken, action should be taken by Northeastern Water and Electric Corporation to dispose of the preferred stocks which it owns of Virginia Public Service Company, Eastern Shore Public Service Company, Florida Power Corporation, Tide Water Power Company and Georgia Power and Light Company;

7. Whether the sale of the common stock of Northeastern Water and Electric Corporation by the Trustees of Associated Gas and Electric Corporation to John H. Ware, Jr. and Penn-Jersey Water Company is subject to the provisions of sections 12 (d) and 12 (f) of the Act and Rules U-43, U-44 and U-50 of the General Rules and Regulations, and whether such transaction meets the requirements of said Act and Rules;

8. Specifically, whether the public interest or the interests of investors, or other applicable standards of the Act, require that prior to or in connection with any such disposition of common stock of Northeastern Water and Electric Corporation, steps should be taken toward the simplification of the corporate structure, and the redistribution of voting power among security holders of said Northeastern Water and Electric Corporation;

9. Whether other terms and conditions are necessary to be imposed to insure compliance with the requirements of the Public Utility Holding Company Act of 1935 or any rules, regulations or orders promulgated thereunder;

10. Generally, whether all actions proposed to be taken comply with the requirements of such Act and rules, regulations or orders promulgated thereunder.

It is further ordered, That notice of such hearing shall be given to such applicants and declarants and that notice shall be given to security holders of said declarants and applicants and to all other persons, such notice to be given further by general release of the Commission distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935, and by publication in the FEDERAL REGISTER, not later than 15 days prior to the date hereinbefore fixed for the hearing, of a copy of this Notice of Filing and Order for Hearing. Any interested public agency, municipality, security holder, or other person desiring to be heard or to intervene in such proceeding shall file an appropriate notice, request, or application for that purpose with the Commission not later than December 31, 1941, stating the reasons for such request and the nature of his interest. Any such request should be addressed to the Secretary, Securities and Exchange Commission, Washington, D. C.

By the Commission.

IN THE MATTER OF PENNSYLVANIA GAS & ELECTRIC COMPANY AND PENNSYLVANIA GAS & ELECTRIC CORPORATION

ORDER POSTPONING HEARING

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 16th day of December, A. D. 1941.

Pennsylvania Gas & Electric Corporation, a registered holding company, and its subsidiary, York County Gas Company, formerly known as Pennsylvania Gas & Electric Company, having filed declarations under section 112 of the Public Utility Holding Company Act of 1935 and the rules and regulations promulgated thereunder, regarding the proposed donation by Pennsylvania Gas & Electric Corporation to York County Gas Company of all of the latter's outstanding common stock, the acquisition and cancellation of such stock by York County Gas Company and the solicitation by Pennsylvania Gas & Electric Corporation of the consent of its stockholders to such donation; and

The Commission having ordered that a hearing in the above entitled matter be held on December 19, 1941; and

It appearing to the Commission that it is desirable that such hearing be postponed to January 8, 1942, at 10:00 o'clock in the forenoon and that such postponement is satisfactory to all parties hereto.

It is so ordered, by the Commission.

IN THE MATTER OF NIAGARA SHARES CORPORATION OF MARYLAND

NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 17th day of December, A. D. 1941.

An application having been filed by the above named applicant under and pursuant to the provisions of section 6 (c) of the Investment Company Act of 1940 for an order, (a) exempting the corporation from the provisions of section 17 (f) and subsection 7 of Rule N-17F-2 promulgated thereunder, insofar as said section and subsection apply to certain securities kept by the corporation in its own custody in a safe deposit box, and (b) exempting the corporation from the provisions of section 30 (e) of the Act on the condition that the report mentioned therein of the independent public accountants shall state that they have verified the securities as provided in said section or that such accountants have received a certificate from the depository bank to the effect that no officers have had access to the applicant's safe deposit box since the last physical verification of the assets contained in such safe deposit box by such accountants;

It is ordered, That a hearing on the aforesaid application be held on December 30, 1941 at 10:15 o'clock in the forenoon of that day, in the Securities and Exchange Commission Building, 1778 Pennsylvania Avenue Northwest, Washington, D. C. On such date the hearing room clerk in Room 1102 will advise interested parties where such hearing will be held.

It is further ordered, That Charles S. Lobingier, Esquire, or any other officer or officers of the Commission designated by him for that purpose, shall preside at the hearing for such matter. The officer so designated to preside at such hearing is hereby authorized to exercise any powers granted to the Commission under sections 41 and 42 (b) of the Investment Company Act of 1940, and to Trial Examiners under the Commission's Rules of Practice.

Notice of such hearing is hereby given to the above named applicant and to any other persons whose participation in such proceeding may be in the public interest or for the protection of public investors.

By the Commission.

IN THE MATTER OF NEW MEXICO POWER COMPANY AND ALBUQUERQUE GAS AND ELECTRIC COMPANY

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 16th day of December, A. D. 1941.

Notice is hereby given that a declaration or application (or both), has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above named parties; and

Notice is further given that any interested person may, not later than December 26, 1941 at 4:30 P. M., E. S. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested persons are referred to said declaration or application, which is on file in the office of said Commission, for a statement of the transactions therein proposed, which are summarized below:

New Mexico Company proposes to sell and Albuquerque Company to acquire all the assets (consisting of power plant, transmission and distribution system, franchises, contracts, accounts, supplies, general equipment, and so forth) of the Belen Division of New Mexico Company (said assets hereinafter called the "Belen Division"), now rendering electric service in the communities of Belen and Los Lunas, New Mexico, and the environs thereof, pursuant to an Agreement dated as of September 30, 1941. The purchase price will be $226,223.72, increased by the amount of net additions between the date of the Agreement and the date of transfer, decreased by the amount of current obligations to be assumed by the Albuquerque Company, and increased by the amount of current assets to be transferred to the Albuquerque Company. The Albuquerque Company will assume the obligation of the New Mexico Company in respect of current taxes and assessments allocable to the Belen Division subsequent to the date of transfer, and also the obligation of the latter company in respect of all contracts, leases and franchises to be transferred, and agrees to hold the New Mexico Company harmless against any liability in respect of the payment or performance thereof respectively. The purchase price to be received by the New Mexico Company for the properties of the Belen Division will be deposited with the Trustee under its Mortgage Indenture dated April 1, 1941, in accordance with the requirements of said Indenture.

Albuquerque Company proposes to issue and sell and John Hancock Mutual Life Insurance Company proposes to purchase $267,000 principal amount of Albuquerque Company's First Mortgage Bonds, 3½% Series due 1966 at a price of 104¼% of the principal amount thereof, namely, $278,347.50, plus accrued interest to the date of purchase, in a transaction not involving a public offering. The Bonds are to be issued under and pursuant to the Albuquerque Company's Indenture dated April 1, 1941. The net proceeds from the sale of the Bonds will be applied to the purchase price of the Belen Division, and the balance thereof will be added to the working capital of the Albuquerque Company.

The declaration or application recites that the companies consider sections 6 (b), 12 (b) and Rule U-45 and section 12 (f) and Rule U-43 as being applicable to such transactions.

By the Commission.

The President

EXECUTIVE ORDER

NAVY HOSPITAL AREA, COCO SOLO, CANAL ZONE

By virtue of the authority vested in me by section 5 of title 2 of the Canal Zone Code, approved June 19, 1934, and as President of the United States, it is ordered as follows:

SECTION 1. *Setting apart of reservation; boundaries.* The following-described area of land in the Canal Zone is hereby reserved and set apart as, and assigned to the uses and purposes of, a naval reservation, which shall be known as Navy Hospital Area, Coco Solo, and which shall be under the control and jurisdiction of the Secretary of the Navy, subject to the provisions of section 2 of this order:

Beginning at monument marked N. H.–1 on Panama Canal drawing, M–6109–21, which monument is a 2½ inch galvanized iron pipe surrounded by a 12 inch concrete collar, the geographic position of which monument, referred to the Panama–Colon datum of the Canal Zone triangulation system, is in latitude 9°21′ North plus 1100.4 feet and longitude 79°51′ West plus 3934.5 feet from Greenwich. Monument N. H.–1 is 15 feet in a southerly direction from the centerline of the old Cativa Road.

Thence from said initial point, by metes and bounds,

S. 17°40′30″ E., 376.0 feet to monument N. H.–2 which is a 2½ inch galvanized iron pipe surrounded by a 12 inch concrete collar. Monument N. H.–2 is 100 feet from the centerline of the Trans-Isthmian Highway; and on the northerly boundary of the Colon-Cativa Corridor;

Thence along the northerly boundary of the Colon-Cativa Corridor in a generally southwesterly direction through monuments N. H.–3 and N. H.–4 to monument N. H.–5 located on the east bank of the Coco Solo River, (all monuments are similar to the above). From monument N. H.–2 to N. H.–3 the line bears S. 63°09′45″ W., 187.2 feet; from monument N. H.–3 to N. H.–4 the chord of the curve (radius of 5,829.6 feet) is S. 59°34′45″ W., 728.7 feet, and from monument N. H.–4 to monument N. H.–5 the line bears S. 55°59′45″ W., 626.1 feet.

Thence in a generally northerly direction along the East bank of the Coco Solo River to monument N. H.–6, similar to the above. From monument N. H.–5 to N. H.–6 the direct line bears N. 22°02′30″ W., 1,346.8 feet.

N. 55°03′45″ E., 929.2 feet, to monument N. H.–7, similar to the above, which is 15 feet in a southerly direction from the centerline of the old Cativa Road;

Thence in a generally southeasterly direction parallel to and 15 feet from the centerline of the old Cativa Road to the point of beginning. From N. H.–7 to N. H.–1 the direct line bears S. 56°45′30″ E., 1,128.7 feet.

The above-described tract contains an area of 39.4 acres.

The directions of the lines refer to the true meridian.

The survey was made in May, 1941, by the Office Engineering Division, Section of Surveys, The Panama Canal, and is as shown on Panama Canal drawing No. M–6109–21 entitled "Boundary Map of Navy Hospital Area, Coco Solo, Canal Zone", on file in the Office of the Governor, The Panama Canal, and the Office of the Commandant, 15th Naval District.

SECTION 2. *Conditions and limitations.* The reservation made by section 1 of this order shall be subject to the following conditions and limitations:

(a) The area comprising this reservation shall continue to be subject to the civil jurisdiction of the Canal Zone Government in conformity with the provisions of the Canal Zone Code as amended and supplemented.

(b) The naval authorities shall bear all the costs of the transfer of such area, including the cost of surveys and of cancelation of any agricultural licenses or other permits which may be in force in the area.

(c) Personnel and equipment of The Panama Canal shall be permitted access to such area to carry out necessary Panama Canal operations in connection with drainage, sanitation, surveys, etc., in the area or vicinity.

TITLE 20—EMPLOYEES' BENEFITS

CHAPTER II—RAILROAD RETIREMENT BOARD

PART 310 [2]—COMPENSATION AND REMUNERATION

PART 325—REGISTRATION AND CLAIMS FOR BENEFITS

REGULATIONS UNDER THE RAILROAD UNEMPLOYMENT INSURANCE ACT

Pursuant to the authority contained in section 12 of the Act of June 25, 1938 (52 Stat. 1094, 1107; 45 U.S.C. Sup. IV, 362) as amended by the Acts of June 20, 1939, 53 Stat. 845, and Public No. 833, 76th Congress, 3d Session, approved October 10, 1940, the Railroad Retirement Board, by Board Order 41-520 dated December 11, 1941, effective November 1, 1940, adopts § 310.60 and amends Section 325.04 of the Regulations under the Railroad Unemployment Insurance Act, as follows:

§ 310.60 *Subsidiary remuneration; statutory provision.* Section 1 (k) of the Railroad Unemployment Insurance Act, as amended October 10, 1940 (see § 325.01 of the Regulations), provides that:

> For the purpose of this subsection, the term "subsidiary remuneration" means, with respect to any employee, remuneration not in excess of an average of one dollar a day for the period with respect to which such remuneration is payable or accrues, if the work from which the remuneration is derived (i) requires substantially less than full time as determined by generally prevailing standards, and (ii) is susceptible of performance at such times and under such circumstances as not to be inconsistent with the holding of normal full-time employment in another occupation.

(Sec. 1 (k), 52 Stat. 1095, 45 U.S.C. Sup. IV, 351 (k); amended by sec. 6, Pub. No. 141, 76th Cong., Chap. 227, 1st Sess., approved June 20, 1939 (53 Stat. 845); amended by Sec. 5, Pub. No. 833, 76th Cong., Chap. 842, 3d Sess., approved October 10, 1940)

§ 325.04 *Registration period; statutory provision.* Section 1 (h) of the Railroad Unemployment Insurance Act, as amended October 10, 1940, provides that:

> The term "registration period" means, with respect to any employee, the period which begins with the first day for which such employee registers at an employment office in accordance with such regulations as the Board may prescribe, and ends with whichever is the earlier of (i) the thirteenth day thereafter, or (ii) the day immediately preceding the day for which he next registers at a different employment office; and thereafter each period which begins with the first day for which he next registers at an employment office after the end of his last preceding registration period and ends with whichever is the earlier of (i) the thirteenth day thereafter, or (ii) the day immediately preceding the day for which he next registers at a different employment office.

(Sec. 1 (h), 52 Stat. 1095, 45 U.S.C. Sup. IV, 351 (h); amended by sec. 4, Pub. No. 141, 76th Cong., Chap. 227, 1st Sess., approved June 20, 1939 (53 Stat. 845); amended by sec. 3, Pub. No. 833, 76th Cong., Chap. 842, 3d Sess., approved October 10, 1940)

By Authority of the Board.

TITLE 24—HOUSING CREDIT

CHAPTER IV—HOME OWNERS' LOAN CORPORATION

[Resolution, December 11, 1941]

PART 403—PROPERTY MANAGEMENT DIVISION

PLANS AND TERMS OF SALE

Amending Part 403, Chapter IV, Title 24 of the Code of Federal Regulations.

The seventh paragraph of § 403.10 [1] is amended to read as follows:

§ 403.10 *Refund of sales deposits.* * * *

When the Corporation has contracted to sell real estate and the contract purchaser has deposited funds with the Corporation in connection with such contract and the sale fails of consummation, or prior to the time for closing of the sale the purchaser requests to be relieved of his obligations under the agreement for sale and requests the return of his deposit or of a portion thereof, then the Regional Manager, after obtaining the advice of the Regional Counsel as to the legal rights or obligations of the Corporation in the matter, may authorize the retention or the refund by the Corporation of such deposit or any portion thereof and may also authorize reimbursement of the contract purchaser for any expenses incurred by him in connection with the transaction as he may determine to be in the best interests of the Corporation. The Corporation shall in any event retain an amount sufficient to cover any expense incurred by it in connection with the transaction unless the Regional Counsel advises that in his opinion the Corporation does not have the legal right to retain any portion of such deposit. The direction that the Corporation retain any such deposit or any portion thereof shall not prevent the Regional Manager from later directing a refund thereof where additional facts are disclosed or changed conditions are shown which in the opinion of the Regional Manager justify the refund as being in the best interest of the Corporation.

(Effective December 11, 1941)

(Secs. 4 (a), 4 (k) of Home Owners' Loan Act of 1933, 48 Stat. 129, 132 as amended by section 13 of the Act of April 27, 1934, 48 Stat. 647; 12 U.S.C. 1463 (a), (k))

PART 321—MINIMUM PRICE SCHEDULE, DISTRICT NO. 1

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 1 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 1

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 1; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commenting forthwith, § 321.7 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, and § 321.24 (*General prices*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, the price classifications and minimum prices effective for the coals of the Fairview Mine, Mine Index No. 1047, of Barron & Jones, for rail shipments, shall be applicable only for shipments on Baltimore & Ohio Railroad from Coleman Station, Pennsylvania, and shall no longer be applicable for shipments on Baltimore & Ohio Railroad from Stoyestown, Pennsylvania. All allowances or adjustments required or permitted mines in Freight Origin Group No. 100 shall be applicable to all shipments of the coals of the Fairview Mine, Mine Index No. 1047, of Barron & Jones, from Coleman Station, Pennsylvania.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

No temporary relief is granted herein for the establishment of price classifications and minimum prices effective for shipments of the coals of the Albert Stripping Mine, Mine Index No. 1006, and the Potomac #4 & #6 Mine, Mine Index Nos. 93, 329, 76, and 976, respectively, and for the mixing of the coals of the Cherry Run #1 Mine, the Cherry Run #2 Mine, the Cherry Run #3 A Mine, and the Cherry Run #4 Mine, Mine Index Nos. 88, 688, 3189, and 3187, respectively, for the reasons set forth in the Order designating that part of Docket No. A-1149 relating to such coals as Docket No. A-1149 Part II and granting in part temporary relief and scheduling a hearing therein.

Dated: November 17, 1941.

[Docket No. A-1076]

PART 324—MINIMUM PRICE SCHEDULE, DISTRICT NO. 4

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 4 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 4

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with the Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 4; and

The Director finding that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The Director deeming this action necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 324.7 (*Alphabetical list of code members*) is amended by adding thereto Supplement R–I, § 324.8 (*Numerical list of mines*) is amended by adding thereto Supplement R–II, § 324.2 (*Seasonal discounts*) is amended by adding thereto Supplement R–III, § 324.9 (*Recapitulation of price classifications*) is amended by adding thereto Supplement R–IV, § 324.11 (*Special prices*—(a) *Railroad fuel prices for all movements exclusive of lake cargo railroad fuel*) is amended by adding thereto Supplement R–V, and § 324.24 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless the Director shall otherwise order.

No relief is granted herein for All Shipments Except Truck for the coals of the Shuttleworth James Coal Company, Shuttleworth James Mine, Mine Index No. 2430, for the reason that prices were established for the coals of this mine by the Order dated November 26, 1940, 5 F.R. 4757, in Docket No. A–362.

No relief is granted herein for the coals of B. F. Slack, Slack Mine, Mine Index No. 929, for Truck Shipments for the reason that prices were established for this mine in General Docket No. 15 and appear in § 324.24 (*General prices in cents per net ton for shipment into all market areas*) in the Schedule of Effective Minimum Prices for District No. 4 For Truck Shipments.

No relief is granted herein for the coals of Fred S. Geer, Inc., Jimtown Mine, Mine Index No. 299, Irish Ridge Coal Co., Irish Ridge-Deep Mine, Mine Index No. 234, Irish Ridge Coal Co., Irish-Ridge-Strip Mine, Mine Index No. 247, George Lantz, Lantz Coal Co. Mine, Mine Index No. 2465, and Mineral City Coal Co., Black Mine, Mine Index No. 278, for All Shipments Except Truck, for the reasons set forth in the Order designating that portion of Docket No. A–1076 relating to such coals as Docket No. A–1076, Part II, and granting temporary relief in part therein.

Dated: November 18, 1941.

[SEAL] H. A. GRAY, *Director*.

[Docket No. A–1105]

PART 324—MINIMUM PRICE SCHEDULE, DISTRICT NO. 4

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD 4 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 4

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 4; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 324.7 (*Alphabetical list of code members*) is amended by adding thereto supplement R–I, § 324.8 (*Numerical list of mines*) is amended by adding thereto supplement R–II, § 324.2 (*Seasonal discounts*) is amended by adding thereto supplement R–III, § 324.9 (*Recapitulation of price classifications*) is amended by adding thereto supplement R–IV, § 324.11 (*Special prices*—(a) *Railroad fuel prices for all movements exclusive of lake cargo railroad fuel*) is amended by adding thereto supplement R–V, § 324.24 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

No price classifications and minimum prices have been established herein for the coals of the No. 24 Mine (Mine Index No. 83) of the Black Belle Mining Company, as it appears that this mine is the same as the Lemoine #24 Mine of Francis Lemoine, for which price classifications and minimum prices were established in General Docket No. 15.

No minimum prices have been established herein for the coals of the Williams Mine (Mine Index No. 2274) of W. J. Benton, as it apepars that this mine is the same as the Wrikeman Mine of G. R. Wrikeman, for which minimum prices were established in Docket No. A–119.

The petition requests that the price classifications and minimum prices established for all shipments except truck for the coals of the Lois Mine (Mine Index No. 210) of Crescent Valley Mining Corporation no longer be applicable for rail shipments from Adena, Ohio, on the Wheeling & Lake Erie Railroad but be made applicable to rail shipments from Crescent, Ohio, on the Baltimore & Ohio Railroad. As the same relief was requested in Docket A–1077 and was granted by a temporary and conditionally final Order of the Director therein, dated September 25, 1941, 6 F.R. 4944, no relief in granted herein as to this mine.

No relief is granted herein to certain mines affected by unique considerations set forth in an order severing that portion of Docket No. A–1105 which relates to them, and designating it as Docket No. A–1105 Part II and granting temporary relief.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: November 21, 1941.

[SEAL] H. A. GRAY, *Director*.

PART 327—MINIMUM PRICE SCHEDULE, DISTRICT NO. 7

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 7 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 7

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 7; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 327.11 (*Low volatile coals: Alphabetical list of code members*) is amended by adding thereto supplement R, and § 327.34 (*General prices in cents per net ton for shipment into any market area*) is amended by adding thereto supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated November 25, 1941.

[Docket No. A-991]

PART 328—MINIMUM PRICE SCHEDULE, DISTRICT NO. 8

FINDINGS OF FACT, CONCLUSIONS OF LAW, MEMORANDUM OPINION AND ORDER IN THE MATTER OF THE PETITION OF DISTRICT BOARD 8 REQUESTING REVISION OF THE EFFECTIVE MINIMUM PRICES ESTABLISHED FOR THE COALS PRODUCED AT CERTAIN MINES IN PIKE COUNTY, KENTUCKY, IN THE BIG SANDY-ELKHORN SUBDISTRICT IN DISTRICT 8

This is a matter instituted upon an original petition filed on July 30, 1941, with the Bituminous Coal Division, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, by District Board 8. Petitioner requests and proposes a revision in the classifications, effective minimum prices and designations for the coals of certain mines in Pike County, Kentucky, Big Sandy-Elkhorn Subdistrict, in District 8.

A petition of intervention was filed by District Board 2.

Pursuant to Order of the Director, a hearing in this matter was held on September 29, 1941, before Scott A. Dahlquist, a duly designated Examiner of the Division, at a hearing room thereof in Washington, D. C. All interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses and otherwise be heard. District Board 8 appeared.[1]

The preparation and filing of a report by the Examiner was waived and the matter was thereupon submitted to the undersigned.

Uncontroverted evidence was introduced by John F. Daniel, a representative of District Board 8, that investigation conducted since the hearings in General Docket No. 15 had revealed that certain revisions in classifications, effective minimum prices, and designations listed in the instant petition were necessary in order to correct errors in previous designations and preserve the existing fair competitive opportunities of certain mines in Pike County, Kentucky, Big Sandy-Elkhorn Subdistrict of District 8.

Based upon a consideration of the record, the undersigned finds and concludes that the revision of such classifications, effective minimum prices and designations as set forth in supplements R and T annexed hereto is necessary in order to effectuate the purpose of sections 4 II (a) and 4 II (b) of the Act and that the prices as set forth therein comply with all the standards thereof.

Now, therefore, it is ordered, That commencing fifteen (15) days from the date hereof § 328.11 (*Alphabetical list of code members*) is amended by adding thereto supplement R, and § 328.34 (*General prices for high volatile coals in cents per net ton for shipment into all market areas*) is amended by adding thereto supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

Dated: November 28, 1941.

[SEAL] DAN H. WHEELER,
Acting Director.

[Docket No. A-1142]

PART 330—MINIMUM PRICE SCHEDULE, DISTRICT NO. 10

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 10 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR WASHED COALS OF CERTAIN MINES IN DISTRICT NO. 10 AND FOR A CHANGE IN PRICE FOR THE COALS OF MINE INDEX NO. 1353 IN DISTRICT NO. 10 FOR TRUCK SHIPMENT

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, has been duly filed with this Division by the above-named party requesting the establishment, both temporary and permanent, of price classifications and minimum prices in Size Groups 17–25, inclusive, (washed coals) for certain mines in District 10 and further requesting a change in price in Size Group 7 for the coals of Mine Index No. 1353 in District 10 for truck shipment.

The original petition in Docket A–491 sought a price of $1.85 in Size Group 7 for the coals of Mine Index No. 1353 for truck shipment, alleging that this was the price heretofore established in this size group for analogous and comparable coals. It appears that the price of $1.70 was established for these coals in the Order granting temporary relief and conditionally providing for final relief in Docket A–491, dated January 15, 1941, as the result of an inadvertent error; and that this error should be corrected as prayed for by petitioner.

Minimum prices are sought for the coals of Mine Index Nos. 58 and 1353, in Size Groups 17 through 25 for all shipments except truck. The relief requested may be readily granted by transferring these mines from the present price groups to different price groups which include mines producing analogous washed coals.

The Director finding that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The Director deeming that this action is necessary in order to effectuate the purposes of the Act;

Now, therefore, it is ordered, That, pending final disposition of the above-entitled matter, temporary relief be, and the same hereby is, granted, as follows: Commencing fifteen (15) days from the date hereof, the Order dated January 15, 1941, 6 F.R. 672, in Docket No. A–491, granting temporary relief and conditionally providing for final relief and supplementing the Schedule of Effective Minimum Prices for District No. 10 For Truck Shipments, is amended, and the price of $1.70 established therein for Size Group No. 7 for the coals of the Schuyler Mine (Mine Index No. 1353) of the Schuyler Coal Corp., c/o W. H. Moseley, for truck shipments, is deleted, and the price for Size Group 7 for these coals for truck shipments set forth in the schedule marked supplement T, annexed hereto and hereby made a part hereof, is inserted in lieu thereof.

It is further ordered, That commencing forthwith and pending final disposition of the above-entitled matter, temporary relief be and the same hereby is granted as follows:

1. The price group designated in § 330.2 (*Mine index numbers*) in the Schedule of Effective Minimum Prices for District No. 10 For All Shipments Except Truck for Mine Index No. 1353 be and the same hereby is changed from Price Group No. 25 to Price Group No. 24.

2. The price group designated in § 330.2 (*Mine index numbers*) in the Schedule of Effective Minimum Prices for District No. 10 For All Shipments Except Truck for Mine Index No. 58 be and the same hereby is changed from Price Group No. 13 to Price Group No. 12.

3. § 330.25 (*General prices in cents per net ton for shipment into all market areas*) in the Schedule of Effective Minimum Prices for District No. 10 For Truck Shipments is supplemented to include the price classifications and minimum prices for Mine Index Nos. 58, 1131 and 1353 for Size Groups 17 to 27, inclusive, set forth in the schedule marked supplement T, annexed hereto and made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless the Director shall otherwise order.

Dated: November 21, 1941.

[Docket No. A-1138]

PART 333—MINIMUM PRICE SCHEDULE, DISTRICT NO. 13

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 13 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 13

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 13; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 333.6 (*General prices*) is amended by adding thereto supplement R, § 333.34 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto supplement T–I, and § 333.43 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto supplement T–II, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

No price classifications and no minimum prices are established herein for the coals of the Southerland Mine (Mine Index No. 2) of Thomas & Tedford for truck shipment, because the records of the Division indicate that the present owners are successors to D. H. Southerland. Prices were established for this mine in the Schedule of Effective Minimum Prices for District No. 13 For Truck Shipment when the mine was owned by D. H. Southerland.

Price classifications and minimum prices for the coals of Mine Index No. 356 of A. Z. Mahaffey for rail shipment are established under the mine name Utah #2 instead of the mine name A. Z. Mahaffey, because the records of the Division indicate that Utah #2 is the correct name for this mine.

No price classifications and no minimum prices are established herein for the coals of the Grady T. Whaley mine of Grady T. Whaley for all shipments except truck, because no code acceptance has been received by the Division for this mine.

No price classifications and no minimum prices are established herein for the coals of the Sipsey Mine (Mine Index No. 1306) of DeBardeleben Coal Corporation for rail shipment, because prices for this mine have been established in Docket No. A–1128.

The price of $2.30 has been established in Size Group 23 for the coals of the Pierce & Durrett Mine (Mine Index No. 1283) of Pierce & Durrett Bros. for truck shipment, instead of $2.20 as requested in the original petition, because the coals of this mine are alleged to be analogous and comparable to other coals produced in the Milldale seam for which coals the price of $2.30 in Size Group 23 has been established by an order granting permanent relief in Docket No. A–296.

Dated: November 18, 1941.

[SEAL] H. A. GRAY, *Director.*

TEMPORARY AND CONDITIONALLY FINAL EFFECTIVE MINIMUM PRICES FOR DISTRICT NO. 13

NOTE: The material contained in these supplements is to be read in the light of the classifications, prices, instructions, exceptions and other provisions contained in Part 333, Minimum Price Schedule for District No. 13 and supplements thereto.

(*k*) Petroleum and Natural Gas—discovery, development and depletion of pools of petroleum and associated hydrocarbons, and derivatives thereof, and transportation of petroleum, associated hydrocarbons and derivatives thereof;

(*l*) Irrigation systems, whether publicly or privately owned; toll bridges and toll canals.

(iii) Any person using tools or equipment to repair or maintain the property of any Producer as defined in (b) (1) (i) and (ii)

(2) "Material" means any commodity, equipment, accessories, parts, assemblies, or products of any kind.

(3) Subject to subparagraph (6), "Maintenance" means the upkeep of a Producer's property and equipment in sound working condition.

(4) Subject to subparagraph (6), "Repair" means the restoration of a Producer's property and equipment to a sound working condition when such property or equipment has been rendered unsafe or unfit for service by wear and tear, damage, destruction of parts, or similar causes.

(5) Subject to subparagraph (6), "Operating Supplies" means any Material which is essential to the operation of the Producer's business and which is consumed in the course of such business including, but not limited to, lubricants, catalysts, small perishable tools, and ferrous material necessary for the fabrication of containers: *Provided*, it shall not include

(i) Any Material which is physically incorporated, in whole or in part, into any material which the producer manufactures, distributes, sells, stores or transports; or

(ii) Any material that is to be used as fuel; or

(iii) Any non-ferrous material to be used as packaging supplies.

(6) The terms "Maintenance," "Repairs", and "Operating Supplies" *do not* include the following:

(i) The replacement of an item carried on the Producer's books as a fixed asset;

(ii) Material which would not be carried on the Producer's books as Maintenance, Repairs, Operating Supplies, or the equivalent, in the Producer's established method of bookkeeping;

(iii) Material for the improvement of a Producer's property or equipment through the replacement of Material in the existing installation, unless such equipment is beyond economic repair;

(iv) Material for additions to, or expansions of, such property or equipment.

(7) "Supplier" means any person with whom a purchase order or contract has been placed for delivery of material to a Producer or another Supplier.

(c) *Assignment of preference rating.* Subject to the terms of this Order, Preference Rating A-10 is hereby assigned:

(1) To deliveries, to a producer, of Material required by him as Operating Supplies or for the Maintenance or Repair of his property or equipment;

(2) To deliveries to any Supplier, who has received purchase orders rated under this Order from a Producer or from another Supplier, of Material which will be delivered by him or by another Supplier to the Producer to fill such rated orders, or which will be physically incorporated into Material which will be so delivered; or which will be used within the limitations of paragraph (f) (2) hereof, to replace in such Supplier's inventory Material delivered to fill orders rated pursuant to this Order or pursuant to Preference Rating Order No. P-22, as heretofore amended.

Provided, That when any General Preference ("E" or "M") Order assigns a specific preference rating to deliveries of any particular Material to be used by a particular industry or for a specific purpose, such preference rating shall control and the A-10 rating hereby assigned may not be applied: *And provided further*, That the preference rating hereby assigned may not be applied to deliveries of any Material to be used for purposes prohibited by any Order or Regulation issued by the Director of Priorities.

(d) *Persons entitled to apply preference rating.* The Preference Rating hereby assigned may be applied by:

(1) A Producer;

(2) Any Supplier provided deliveries to a Producer or another Supplier are to be made by him, which are of the kind specified in paragraph (c) and have been rated pursuant to this Order.

(e) *Application of preference rating.* (1) A Producer or Supplier, in order to apply the preference rating to deliveries of Material to him, must endorse the following statement on the original and all copies of the purchase order or contract for such Material manually signed by a responsible official duly designated for such purpose by such Producer or Supplier:

Material for Maintenance, Repair, or Operating Supplies—Rating A-10 under Preference Rating Order P-100 with the terms of which I am familiar.

Name of Producer or Supplier

Signature of Designated Official

Such endorsement shall constitute a certification to the Office of Production Management that such Material is required for the purpose stated and that the application of the rating is authorized by this Order. Any such purchase order or contract for such Material shall be restricted to Material the delivery of which is rated in accordance herewith.

(2) The Producers and each Supplier placing or receiving any purchase order or contract rated hereunder, shall each retain, for a period of two years, for inspection by representatives of the Office of Production Management, endorsed copies of all purchase orders or contracts, whether accepted or rejected, segregated from all other purchase orders or contracts or filed in such manner that they can be readily segregated for such inspection.

(f) *Restrictions on use of rating*—(1) *Restrictions on producer and supplier.* No Producer or Supplier may apply the rating hereby assigned to obtain scarce Material, the use of which could be eliminated without serious loss of efficiency by substitution of less scarce Material or by change of design.

(2) *Restrictions on supplier.* (i) No Supplier may apply the rating to obtain Material in greater quantities or on earlier dates than required to enable him to make on schedule a delivery rated hereunder or, within the limitations of (ii) and (iii) below, to replace in his inventory Material so delivered. He shall not be deemed to require such Material if he can make his rated delivery and still retain a practicable working minimum inventory thereof; and if, in making such delivery, he reduces his inven-

tory below such minimum, he may apply the rating only to the extent necessary to restore his inventory to such minimum.

(ii) A Supplier who supplies Material which he has in whole or in part manufactured, processed, assembled or otherwise physically changed may not apply the rating to restore his inventory to a practicable working minimum unless he applies the rating before completing the rated delivery which reduces his inventory below such minimum.

(iii) A Supplier who supplies Material which he has not in whole or in part manufactured, processed, assembled or otherwise physically changed may defer application of the rating hereunder to purchase orders or contracts for such Material to be placed by him until he can place a purchase order or contract for the minimum quantity procurable on his customary terms: *Provided*, That he shall not defer the application of any rating for more than three months after he becomes entitled to apply it.

(g) *Restrictions on withdrawals and inventory.* (1) Except as provided in paragraph (g) (3) and (4), no Producer who has applied the ratings assigned hereby shall, at any time, accept deliveries (whether or not rated pursuant to this Order) of any Material to be used as Operating Supplies or for Maintenance or Repair until the Producer's inventory and stores of Material to be used for these purposes have been reduced to a practicable working minimum. Such practicable minimum shall in no event exceed one hundred ten percent (110%) of the maximum dollar volume of Material to be used as Operating Supplies and for Repairs and Maintenance in inventory and stores during the corresponding calendar quarter of 1940.

(2) Except as provided in paragraph (g) (3) and (4), no producer who has applied the ratings assigned hereby shall, during any Calendar Quarterly Period, make withdrawals from stores or inventory of any Material to be used as Operating Supplies or for Maintenance or Repair the aggregate dollar volume of which shall exceed one hundred ten percent (110%) of the aggregate dollar volume of the withdrawals of such Material during the corresponding quarter of 1940, or, at the Producer's option, twenty-seven and one-half percent (27½%) of the aggregate dollar volume of the withdrawals of such Material during the calendar year 1940.

(3) From time to time the Director of Priorities may determine that certain Producers or classes of Producers are exempt, in whole or in part, from the restrictions contained in paragraph (g) (1) and (2).

(4) Restrictions contained in paragraph (g) (1) and (2) shall not apply to any Producers during any Calendar Quarterly Period in which

(i) the total volume of his purchases of Material for Maintenance, Repairs and Operating Supplies does not exceed five thousand dollars ($5,000); and

(ii) the total volume of his withdrawals of Material for such purposes does not exceed five thousand dollars ($5,000).

(h) *Audits and reports.* (1) Each Producer or Supplier who applies the preference rating hereby assigned, and each person who accepts a purchase order or contract for Material to which the preference rating is applied, shall submit from time to time to an audit and inspection by duly authorized representatives of the Office of Production Management.

(2) Each such Producer or Supplier shall execute and file with the Office of Production Management such reports and questionnaires as said Office shall from time to time request. No such reports shall be filed until such time as the proper forms are prescribed by the Office of Production Management.

(i) *Utilities and mines excepted.* This Order is not applicable to any Utility defined as a Producer in Preference Rating Order No. P-46 (§ 978.1) as amended from time to time, nor to any Operator as defined in Preference Rating Order No. P-56 (§ 982.1). The Director of Priorities may from time to time specifically except further classes of Producers from this Order by specific direction.

(j) *False statements and penalties.* Any person who applies the preference rating hereby assigned in wilful violation of the terms and provisions of this Order, or wilfully falsifies any records which he is required to keep by this Order, or who obtains a delivery of Material by means of a material and wilful misstatement will be forbidden to further apply said rating. Such person may also be prohibited from obtaining further deliveries of Material under allocation and be deprived of any other priorities assistance. The Director of Priorities may also take any other action deemed appropriate, including the making of a recommendation for prosecution under section 35 A of the Criminal Code (18 U.S.C. 80).

(k) *Revocation or modification.* This Order may be revoked or amended by the Director of Priorities at any time as to any Producer or Supplier. In the event of revocation, or upon expiration of this Order, deliveries already rated pursuant to this Order shall be completed in accordance with said rating, but no applications of this rating to any other deliveries shall thereafter be made by the Producer or Supplier affected by said revocation or expiration.

(l) *Effective date.* This Order shall take effect immediately. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. CHAPTER XI—OFFICE OF PRICE ADMINISTRATION

PART 1335—CHEMICALS

AMENDMENT NO. 1 TO PRICE SCHEDULE NO. 38—GLYCERINE

Sections 1335.405 and 1335.410 of Price Schedule No. 38[1] are hereby amended to read as follows:

§ 1335.405 *Affirmations of compliance.* On or before December 20, 1941, and on or before the 20th day of each month thereafter, every person, who during the preceding calendar month has sold glycerine in containers of 500 pounds or more, whether for immediate or future delivery, shall submit to the Office of Price Administration an affirmation of compliance on Form 138:2 containing a sworn statement that during such month all such sales were made at prices in compliance with this Schedule or with any exception therefrom or modification thereof. Copies of Form 138:2 can be procured from the Office of Price Administration, or, provided that no change is made in the style and content of the Form and that it is reproduced on 8 x 10½ paper, they may be prepared by persons required to submit affirmations of compliance hereunder.

§ 1335.410 *Appendix A; maximum prices for glycerine.* The following maximum prices are established for glycerine:

(a) *Refined glycerine*

	Per pound delivered
(1) C. P. glycerine (98% glycerol):	
(i) Tank cars	$0.18½
(ii) Drums, car-load lots	.18¾
(iii) Drums, less than car-load lots	.19¼
(2) C. P. glycerine (U. S. P. 95% glycerol):	
(i) Tank cars	.18
(ii) Drums, car-load lots	.18¼
(iii) Drums, less than car-load lots	.18¾
(3) Dynamite:	
(i) Tank cars	.18
(ii) Drums, car-load lots	.18¼
(iii) Drums, less than car-load lots	.18¾
(4) High gravity:	
(i) Tank cars	.18
(ii) Drums, car-load lots	.18¼
(iii) Drums, less than car-load lots	.18¾
(5) Yellow distilled:	
(i) Tank cars	.18
(ii) Drums, car-load lots	.18¼
(iii) Drums, less than car-load lots	.18¾

The above prices established for refined glycerine in this paragraph (a) are applicable to deliveries in Zones A and C. For deliveries of refined glycerine in Zone B, the maximum price shall be the maximum price for deliveries in Zones A and C plus 2¢ per pound.

(b) *Crude glycerine*

	Per pound delivered
(1) Soap lye (basis 80% glycerol):	
(i) Tank cars	$0.11½
(ii) Drums, car-load lots	.11½
(iii) Drums, less than car-load lots	.11½
(2) Saponification (basis 88% glycerol) to refiners:	
(i) Tank cars	.12¾
(ii) Drums, car-load lots	.12¾
(iii) Drums, less than car-load lots	.12¾

[1] 6 F.R. 5488.

	Per pound f. o. b. point of manufacture
(3) Saponification (basis 88% glycerol) for individual uses:	
(i) Tank cars	$0.12¾
(ii) Drums, car-load lots	.13¾
(iii) Drums, less than car-load lots	.14¾

(4) *Crude glycerine of glycerol percentages other than those listed above.* Maximum prices for crude glycerine of any glycerol percentages other than those listed above, shall be the maximum prices set forth above for the respective grade, use and quantity, increased or decreased in proportion to the increase or decrease in the percentage of glycerol content.

(c) *Excess freight.* Where the transportation charge on a shipment of crude glycerine from point of manufacture to point of refining exceeds the transportation charge which would be applicable on the same shipment from the same point of manufacture by the same mode of transportation to another point of refining, the amount of such excess may be added to the delivered prices set forth in paragraph (b) above. Such excess shall be shown as a separate item in all records and invoices.

(d) *Definitions as used in this Appendix A.* When used in this Appendix A, the term:

(1) Zone "A" means All points east of and including North Dakota, South Dakota, Nebraska, Kansas, Oklahoma, Texas; Laramie County, Wyoming; Colorado, east of but not including the following counties: Jackson, Grand, Gilpin, Jefferson, Douglas, Teller, Fremont, Custer, Huerfano, Costilla.

(2) Zone "B" means The territory between Zone A and Zone C, as follows: Washington, east of and including the following counties: Okanogan, Chelan, Kittitas, Yakima, Klickitat; Oregon, east of and including the following counties: Hood River, Wasco, Jefferson, Deschutes, Klamath, Nevada; Arizona, New Mexico, that part of Colorado west of and including those counties mentioned above; Utah, Wyoming, excepting Laramie County, Idaho, Montana.

(3) Zone "C" means the territory west of Zone "B". (E.O. 8734, 8875, 6 F.R. 1917, 4483)

This amendment No. 1 effective December 18, 1941.

Issued this 18th day of December 1941.

PART 1354—WOOL AND WOOL PRODUCTS

PRICE SCHEDULE NO. 58—WOOL AND WOOL TOPS AND YARNS

The declaration by the Congress of the United States that a state of war exists between this country and the Axis nations makes it imperative that immediate steps be taken to protect the civilian population against increases in the cost of clothing and other primary requirements. Hostilities in the Pacific have raised the possibility of interference with the free flow of wool from foreign countries. At the same time there is every likelihood of an increase in the wool requirements of the armed forces of the United States. This combination of circumstances would, unless forestalled, result in a bidding up of the prices of raw wool, wool tops, yarns, waste, and wool by-products and substantially increase the cost of living of the civilian customer. As a measure of public interest it becomes necessary to establish maximum prices for such materials.

It is contemplated that, after completion of studies now being made by the Office of Price Administration, revised schedules covering wool and wool products will be issued. If the studies so justify, maximum prices lower than those set forth herein may be established.

Accordingly, under the authority vested in me by Executive Order No. 8734, it is hereby directed that:

§ 1354.1 *Maximum prices for wool and wool tops and yarns.* (a) On and after December 18, 1941, no person shall sell, offer to sell, deliver or transfer wool or wool tops or yarns at prices higher than the maximum prices established herein; except that contracts entered into prior to December 18, 1941, calling for a price higher than the maximum prices may be carried out at the contract price.

(b) (1) The maximum price shall be the highest price contracted for or received by the seller for the sale or delivery during the period between October 1, 1941 and December 6, 1941, inclusive, of wool or wool tops or yarns of the same class, kind, type, condition and grade, to a purchaser of the same general class.

(2) If during said period, no such sale or delivery was made, the maximum price shall be the price contracted or received by the seller for the last sale or delivery made prior to October 1, 1941, of wool or wool tops or yarns of the same class, kind, type, condition and grade, to a purchaser of the same general class, except that in the case of a sale of wool by or for the account of an individual grower the maximum price shall be the highest market price in the same market during said period of wool of the same class, kind, condition and grade to purchasers of the same general class.

(3) In all other cases, the maximum price shall be the highest market price during the said period of wool or wool tops or yarns of the same class, kind, type, condition and grade, to purchasers of the same general class.

(c) The maximum prices determined in accordance with paragraph (b) above shall be the maximum prices for all transactions except for grease wool and wool tops futures contracts traded on the Wool Associates of the New York Cotton Exchange, Inc. For such contracts, the maximum prices shall be the highest prices for December deliveries on said Exchange during the period between October 1, 1941, and December 6, 1941: *Provided*, That contracts entered into on said Exchange prior to December 18, 1941, calling for a price higher than the maximum prices may be carried out, at the contract price. Such maximum prices are as follows:

	Cents
Wool Top Futures	127.8
Grease Wool Futures	95.5

(d) Sales at retail are excepted from the operation of this Schedule.*

*§§ 1354.1 to 1354.9, inclusive, issued pursuant to the authority contained in Executive Orders Nos. 8734, 8875, 6 F.R. 1917, 4483.

§ 1354.2 *Less than maximum prices.* Lower prices than the maximum prices established by this Schedule may be charged, demanded, paid or offered.*

§ 1354.3 *Evasion.* The price limitations set forth in this Schedule shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery or transfer of wool or wool tops or yarns, alone or in conjunction with any other material, or by way of any premium, commission, service, transportation, or other charge, or by a tying-agreement or other trade understanding, or by making the discounts given or other terms and conditions of sale more onerous to the purchaser than those available or in effect on December 6, 1941, or by any other means.*

§ 1354.4 *Records and reports.* Every person making sales of wool or wool tops or yarns after December 17, 1941, shall keep for inspection by the Office of Price Administration, for a period of not less than one year, complete and accurate records of each such sale, showing the date thereof, the name and address of the buyer, the price contracted for or received, and the quantity of each class, kind, type, condition and grade of wool or wool tops or yarns sold. Every such person shall also on or before January 10, 1942, have available for the Office of Price Administration a record of his prices for all sales and deliveries of wool and wool products during the period from October 1, 1941, to December 6, 1941.

Persons affected by this Schedule shall submit such reports to the Office of Price Administration as it may, from time to time, require.*

§ 1354.5 *Affirmations of compliance.* On or before January 10, 1942, and on or before the 10th day of each month thereafter, every person who, during the preceding calendar month has sold wool or wool tops or yarns, whether for immediate or future delivery, shall submit to the Office of Price Administration an affirmation of compliance on Form 158:1 containing a sworn statement that during such month all such sales were made at prices in compliance with this Schedule or with any exception therefrom or modification thereof. Copies of Form 158:1 can be procured from the Office of Price Administration, or, provided that no change is made in the style and content of the Form and that it is reproduced on 8 x 10½" paper, they may be prepared by persons required to submit affirmations of compliance hereunder.*

§ 1354.6 *Enforcement.* In the event of refusal or failure to abide by the price limitations, record requirements, or other provisions of this Schedule, or in the event of any evasion or attempt to evade the price limitations or other provisions of this Schedule, the Office of Price Administration will make every effort to assure (a) that the Congress and the public are fully informed thereof; (b) that the powers of Government, both state and federal, are fully exerted in order to protect the public interest and the interests of those persons who comply with this Schedule; (c) that full advantage will be taken of the cooperation of the various political subdivisions of state, county, and local governments by calling to the attention of the proper authorities, failures to comply with this Schedule which may be regarded as grounds for the revocation of licenses and permits; and (d) that the procurement services of the Government are requested to refrain from selling to or purchasing from those persons who fail to comply with this Schedule. Persons who have evidence of the offer, receipt, demand or payment of prices higher than the maximum prices, or of any evasion or effort to evade the provisions hereof, or of speculation, or manipulation of prices of wool or wool tops or yarns, or of the hoarding or accumulating of unnecessary inventories thereof, are urged to communicate with the Office of Price Administration.*

§ 1354.7 *Modification of the schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modification thereof or exception therefrom: *Provided*, That no application under this section will be considered unless filed by persons complying with this Schedule.*

§ 1354.8 *Definitions.* When used in this Schedule, the term:

(a) "Person" means an individual, partnership, association, corporation, or other business entity;

(b) "Wool" means the fibers from the fleece of the sheep or lamb, or hair of the Angora or Cashmere goat or of the camel, alpaca, llama and vicuna, and shall include noils, wool waste, clips and rags and reworked wool of all grades and mixtures;

(c) "Wool tops" means tops made wholly or in part of wool;

(d) "Yarns" means yarns containing 10% or more wool by fiber weight;

(e) "Sales at retail" means sales to the ultimate consumer: *Provided*, That no manufacturer, processor, purchaser for resale or commercial user shall be deemed to be an ultimate consumer.*

§ 1354.9 *Effective date of the schedule.* This Schedule shall become effective December 18, 1941.*

Issued this 17th day of December 1941.

Administrator.

TITLE 47—TELECOMMUNICATION

CHAPTER I—FEDERAL COMMUNICATIONS COMMISSION

[Order No. 88-A]

PART 13—RULES GOVERNING COMMERCIAL RADIO OPERATORS

SUSPENSION OF CERTAIN REQUIREMENTS GOVERNING RADIOTELEGRAPH OPERATORS

At a meeting of the Federal Communications Commission held at its offices in Washington, D. C., on the 16th day of December 1941;

The Commission having under further consideration the matter of the shortage of radiotelegraph operators possessing six months' previous service as qualified operators of stations on board cargo vessels of the United States which are subject to the provisions of Part II, Title III of the Communications Act of 1934, as amended; and

It appearing that the Commission by Order No. 83,[1] suspended for the period July 9, 1941 to January 9, 1942, the requirement of six months' previous service contained in sec. 353 (b) of said Act and subparagraphs (c) (3) and (d) (2) of § 13.61 of the Rules and Regulations; and

It appearing further that a shortage of radiotelegraph operators possessing six months' previous service will continue to exist for a period of six months from January 9, 1942, and, accordingly, further suspension of the foregoing requirement is necessary;

It is ordered, That the aforesaid requirements contained in sec. 353 (b) of the Communications Act of 1934, as amended, and in subparagraphs (c) (3) and (d) (2) of § 13.61 of the Rules and Regulations be, and the same are hereby, suspended for a perior of six months beginning January 9, 1942.

By the Commission.

DEPARTMENT OF THE INTERIOR.

Bituminous Coal Division.

[Docket No. A-1218]

IN THE MATTER OF THE REVISION OF THE EFFECTIVE MINIMUM PRICES APPLICABLE TO SALES OR DELIVERIES OF COAL BY NORTH WESTERN FUEL COMPANY SO AS TO PERMIT THE PERFORMANCE OF CERTAIN OUTSTANDING CONTRACTS AND SPOT ORDERS IN ACCORDANCE WITH THEIR TERMS, PURSUANT TO SECTION 4 II (b) OF THE BITUMINOUS COAL ACT OF 1937

NOTICE OF AND ORDER FOR HEARING

North Western Fuel Company, a registered distributor, by an application dated December 9, 1941, applied for review and revision of the minimum prices of coal which it is under obligation to supply to its regular customers, or is to deliver in fulfillment of certain existing spot orders and contracts. In support of its application, North Western Fuel Company states that shipments to the consumers in question are customarily made from the dock of Central West Coal Company (a division of the North Western Fuel Company) at Menominee, Michigan, and that by reason of damage to a bridge serving that dock at Menominee, it has been forced to discontinue deliveries therefrom. Until repairs are concluded, which it is estimated will take three months, North Western Fuel Company requests permission to make deliveries to these purchasers from other docks at such prices that the purchaser will pay no more for the coal delivered than it would pay for coal delivered from Menominee. As the freight rates from the other docks are higher than from Menominee, this involves reduction of the effective minimum price f. o. b. dock by the amount of the freight rate differential. This application is on file at the office of the Division at 734 15th Street NW., Washington, D. C., and is hereby made a part of the official docket in this proceeding.

It is ordered, That a hearing in the above-entitled matter, under the applicable provisions of the Bituminous Coal Act of 1937, be held on February 2, 1942, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 15th Street NW., Washington, D. C. On such day the Chief of the Records Section in Room 502 will advise as to the room in which such hearing will be held.

It is further ordered, That W. A. Cuff or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all persons or entities having an interest in these proceedings and eligible to become a party herein. Any person, desiring to be admitted as a party to this proceeding, may file a petition of intervention, setting forth clearly and concisely the facts on the basis of which the relief requested by North Western Fuel Company is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before January 28, 1942. So far as practicable, the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937 shall apply to the proceeding herein.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically referred to herein, other matters necessarily incidental and related thereto, which may be raised by the petitions of interveners or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of the request made by North Western Fuel Company.

The matter concerned herewith is in regard to revision of the minimum prices now effective for sales or deliveries of coal by North Western Fuel Company from certain docks at Milwaukee and Superior, Wisconsin, and Duluth, Minnesota, or from other docks located on the west bank of Lake Michigan or the south bank of Lake Superior, to certain purchasers in Market Areas 42, 43, and 44 in fulfillment of contracts or spot orders previously entered into.

Dated: December 17, 1941.

Acting Director.

[Docket No. 1674-FD]

IN THE MATTER OF TAGGART COAL SALES COMPANY, REGISTERED DISTRIBUTOR, REGISTRATION NO. 8905, RESPONDENT

ORDER FOR RESTORATION OF REGISTRATION

The Director having entered an Order in the above-entitled matter dated November 15, 1941, suspending the registration of the respondent, Taggart Coal Sales Company, as a distributor, Registration No. 8905, for a period of thirty (30) days from the date of said Order; and

Said Order having been served upon the respondent on November 22, 1941; and

The Taggart Coal Sales Company, respondent herein, having duly filed with the Division on December 11, 1941, an affidavit dated December 9, 1941, pursuant to the provisions of said Order dated November 15, 1941, and § 304.15 of the Rules and Regulations for the Registration of Distributors; and

It appearing to the Acting Director that said affidavit of the Taggart Coal Sales Company sufficiently complies with the provisions of said Order dated November 15, 1941, and § 304.15 of the Rules and Regulations for the Registration of Distributors.

Now, therefore, it is ordered, That the registration of the Taggart Coal Sales Company, as a distributor be and it hereby is restored.

IN THE MATTER OF CHARLY KOLARICH, CODE MEMBER, DEFENDANT

AMENDMENT TO NOTICE OF AND ORDER FOR HEARING

A complaint dated September 24, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on September 30, 1941, by Bituminous Coal Producers Board for District No. 22, a District Board, complainant, with the Bituminous Coal Division alleging wilful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder; and

An amendment to said complaint alleging certain additional wilful violations by the defendant of the Bituminous Coal Code or rules and regulations thereunder as set forth hereinafter in paragraph numbered "2", having been duly filed on November 4, 1941; and

Said original complaint having been noticed for hearing on January 20, 1942, at 10 a. m. at a hearing room of the Bituminous Coal Division at the Billings Commercial Club, Billings, Montana, by order of the Director dated November 22, 1941;

It is ordered, That the said Notice of and Order for Hearing dated November 22, 1941 be and the same hereby is amended by adding thereto at the end thereof an additional paragraph reading as follows:

2. That said defendant wilfully violated the provisions of the Code and the effective minimum prices by selling to various persons from January 2, to March 6, 1941, both dates inclusive, (a) approximately 52.3 tons of 4½" lump coal produced at said mine for delivery by truck at $3.75 per net ton f. o. b. the mine, whereas the effective minimum price for such coal was $4.00 per net ton f. o. b. the mine, and (b) approximately 57 tons of 4½" x 1¼" stove coal at $3.00 per net ton f. o. b. the mine, whereas the effective minimum price for such coal was $3.50 per net ton f. o. b. the mine.

It is further ordered, That, except as hereinabove specifically amended, said Notice of and Order for Hearing dated November 22, 1941, shall in all other respects remain in full force and effect.

IN THE MATTER OF FRANK H. MCDONALD, DEFENDANT

ORDER APPROVING AND ADOPTING EXAMINER'S REPORT AND REVOKING CODE MEMBERSHIP

A complaint having been filed with the Bituminous Coal Division, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, by District Board No. 3, complainant, alleging wilful violation by Frank H. McDonald, a code member in District 3, the defendant, of the Bituminous Coal Code or rules and regulations thereunder as follows:

That the defendant with full knowledge of the requirements contained in the Effective Minimum Price Schedule for District No. 3 for Truck Shipment and with intent to violate the same and in violation thereof, sold for truck shipments between December 17, 1940 and January 15, 1941, inclusive, approximately 184 tons of mine run coal (Size Group 5) produced at defendant's McDonald Mine in District 3 at delivered prices lower than the effective minimum f. o. b. mine price for such coal;

Pursuant to an order of the Director and after due notice to all interested parties, a hearing having been held in this matter before Charles O. Fowler, a duly designated Examiner of the Division at a hearing room thereof;

All interested persons having been afforded an opportunity to be present at the hearing, to adduce evidence, cross-examine witnesses and otherwise be heard;

The Examiner having made and entered his Report, Proposed Findings of Fact, Proposed Conclusions of Law and Recommendations in the above proceeding dated November 18, 1941, recommending that the code membership of the defendant be revoked and cancelled;

An opportunity having been afforded to the defendant to file exceptions thereto and supporting briefs, and no such exceptions or supporting briefs having been filed;

The undersigned having considered this matter and having determined that the Proposed Findings of Fact, Proposed Conclusions of Law, and Recommendations of the Examiner should be approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned;

It is, therefore, ordered, That the Proposed Findings of Fact, Proposed Conclusions of Law and Recommendations of the Examiner be and they are hereby adopted as the Findings of Fact and Conclusions of Law of the undersigned;

It is further ordered, That pursuant to section 5 (b) of the Act, the code membership of the defendant, Frank H. McDonald, be and the same is hereby revoked and cancelled.

It is further ordered, That prior to any reinstatement of the defendant, Frank H. McDonald, to code membership in the Code, he shall pay to the United States a tax in the amount of $147.25, as provided in section 5 (c) of the Bituminous Coal Act of 1937.

Dated: December 17, 1941.

IN THE MATTER OF R. D. ALLMAN, DEFENDANT

ORDER APPROVING AND ADOPTING WITH MODIFICATION, THE PROPOSED FINDINGS OF FACT, PROPOSED CONCLUSIONS OF LAW, AND RECOMMENDATIONS OF THE EXAMINER, AND REVOKING AND CANCELLING CODE MEMBERSHIP

This proceeding was instituted upon a complaint filed with the Bituminous Coal Division on August 4, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, by Bituminous Coal Producers Board for District 3, alleging that R. D. Allman, a code member in District 3, defendant, had wilfully violated the provisions of the Bituminous Coal Code or rules and regulations thereunder by selling for shipment by truck 64 tons of double screened coal 2" down to ¾" (Size Group 6), produced at the defendant's mine (Mine Index No. 505) in District 3, and delivered the same by truck to the Lewis County Court at prices lower than the effective minimum f. o. b. mine price for such coal, and praying that the Division either cancel and revoke the defendant's code membership, or, in its discretion, direct the defendant to cease and desist from violations of the Code and rules and regulations thereunder.

A hearing was held before Charles O. Fowler, a duly designated Examiner of the Division, at a hearing room thereof, in Clarksburg, West Virginia, on September 24, 1941.

The Examiner made and entered his Report, Proposed Findings of Fact, Proposed Conclusions of Law, and Recommendations in this matter dated November 10, 1941, recommending that the defendant's code membership be revoked and cancelled.

An opportunity was afforded to all parties to file exceptions to the Examiner's Report, and supporting briefs; the defendant has filed exceptions to the Examiner's Proposed Findings of Fact and Proposed Conclusions of Law.

The defendant excepted to the proposed finding by the Examiner that the coal in question was a mixture of 1¼" slack nut and dust, falling within Size Group 6, and priced at $1.78 per net ton f. o. b. the mine, contending that the evidence shows the coal was a mixture of ¾" slack and ¼" nut and dust falling in Size Group 7 and priced at $1.68 per net ton f. o. b. the mine.

The Record indicates that witness Tharp testified concerning the size of the coal involved. Tharp testified that he purchased the coal for the county, and, as the fireman of the furnace where it was consumed, he saw and handled the coal, and that it was a mixture of 1¼" slack, nut, and dust. The defendant testified that the coal was a mixture of ¾" slack, ¼" nut, and dust. The defendant also testified that the coal passed through a 1" screen. Witness Payne, a compliance agent, testified that he saw certain coals at the court house which were pointed out to him as defendant's coal and which approximated 2" down to ¾" in size. There is thus sharp conflict in the testimony of the three witnesses. Should we disregard the testimony of witness Payne, there remains the conflict between the testimony of Tharp and the defendant. There are certain well-defined criteria helpful in resolving conflicts in testimony. Among these are the opportunity of the presiding officer to observe the demeanor of the witness; the interest of the witness; the facilities and opportunities of the witness for observation; and, the disposition of the witness toward fairness, accuracy, and impartiality. Witness Tharp was disinterested. He was an employee of the county and had the duty of purchasing its fuel and physically tending the furnaces. His testimony respecting the size of the coal in question is unequivocal. He saw and actually handled the coal as well as purchasing it. The demeanor of the witnesses was under the direct observation and scrutiny of the Examiner. His conclusion as to the facts testified to by witnesses must be afforded considerable weight. On the basis of the foregoing and on the basis of the record, I conclude that the Examiner's proposed findings as to size are correct and that the exception thereto should be denied.

The Examiner found that 64 tons of coal were involved and that the amount of tax, based on 64 tons at $1.78 per ton f. o. b. the mine, required that there be paid by the defendant as a condition to reinstatement of code membership $44.43. The defendant excepted to the finding that 64 tons were involved, contending that the tonnage should be only 32 tons and the tax reduced accordingly. On reviewing the record I find that the complaint was limited to sales made during October and November 1940. During this period defendant sold 32 tons of coal to the county court. At the hearing an attempt was made to amend the complaint to include similar sales made during December 1940 and January 1941. The record fails to disclose that defendant agreed to this amendment. Accordingly, I find that this exception is well taken and should be sustained. I find, therefore, that the tonnage in question was 32 tons and the amount of tax required to be paid by the defendant as a condition to his reinstatement to membership in the Code as provided in section 5 (c) of the Act is $22.21.

The undersigned having determined, after a consideration of the record and the defendant's exceptions, that the Proposed Findings of Fact, Proposed Conclusions of Law, and Recommendations of the Examiner, as hereinabove modified, should be approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned;

It is, therefore, ordered, That the exception of the defendant that the tonnage of coal involved should be reduced from 64 to 32 tons and the penalty reduced accordingly, be and the same hereby is sustained, and in all other respects the exceptions of the defendant should be, and hereby are, denied.

It is further ordered, That the Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner, as herein amended, be and the same are hereby approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned.

It is further ordered, That pursuant to Section 5 (b) of the Act, the code membership of the defendant, R. D. Allman, be and it is hereby revoked and cancelled;

It is further ordered, That, prior to any reinstatement of the defendant to mem-

bership in the code, the defendant shall pay to the United States a tax in the amount of $22.21, as provided in Section 5 (c) of the Bituminous Coal Act of 1937.

[Docket No. A-279]

PETITION OF BITUMINOUS COAL PRODUCERS BOARD FOR DISTRICT NO. 20 FOR MODIFICATION OF THE EFFECTIVE MINIMUM PRICES FOR COALS PRODUCED IN DISTRICT NO. 20 FOR SHIPMENT INTO MARKET AREAS 47–50, 52–60, 64–68, 76, 77, 200–208, 210, 211, 213, 216, 217, 219, 224, 234, 237–241 and 243–254

ORDER APPROVING AND ADOPTING PROPOSED FINDINGS OF FACT AND PROPOSED CONCLUSIONS OF LAW OF THE EXAMINER AND DENYING RELIEF

This proceeding was instituted upon a petition filed with the Bituminous Coal Division, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, by District Board 20, requesting that the Schedule of Effective Minimum Prices for District No. 20 for All Shipments be amended with respect to Market Areas 47–50, 52–60, 64–68, 76, 77, 200–208, 210, 211, 213, 216, 217, 219, 224, 234, 237–241, and 243–254, so as to include 10" x 3" coal as an alternative size to 8" x 3" stove coal in Size Group 5, and eliminate such 10" x 3" coal as an alternative size in Size Group 3.

Answers to the petition were filed by District Boards 17 and 19 and an intervening petition was filed by District Board 22, opposing the request for relief.

Pursuant to an Order of the Director and after due notice to all interested persons, a hearing in this matter was held before Thurlow G. Lewis,[1] a duly designated Examiner of the Division, at a hearing room of the Division in Salt Lake City, Utah.

All interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses and otherwise be heard. Appearances were entered on behalf of the petitioner, by District Boards 17, 19 and 22, and by the Consumers' Counsel Division.

The Examiner, C. Rollin Larrabee, on November 12, 1941, submitted his Report, Proposed Findings of Fact, Proposed Conclusions of Law and Recommendations, recommending that the relief requested by the petitioner be denied.

An opportunity was afforded to all parties to file exceptions to the Proposed Findings of Fact, Proposed Conclusions of Law, and Recommendations of the Examiner, and supporting briefs. No exceptions or supporting briefs have been filed.

The undersigned has determined that the Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner in this matter should be approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned.

Now, therefore, it is ordered, That the Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner be, and they hereby are, approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned;

It is further ordered, That the prayers for relief contained in the petition filed herein be, and they hereby are, denied.

Dated: December 17, 1941.

[Docket No. A-893]

PETITION OF THE BITUMINOUS COAL CONSUMERS' COUNSEL FOR A CHANGE IN THE BOUNDARY LINES OF MARKET AREAS 26 AND 30, AND AMENDMENT OF PRICE EXCEPTION 4 ON PAGE 40 OF THE SCHEDULE OF EFFECTIVE MINIMUM PRICES FOR DISTRICT NO. 8 FOR ALL SHIPMENTS EXCEPT TRUCK, OR, IN THE ALTERNATIVE, FOR F. A. S. PRICES FROM DISTRICT NO. 8 FOR THE KIEFFER PAPER MILLS, BROWNSTOWN, INDIANA, IN MARKET AREA 30

MEMORANDUM OPINION AND ORDER APPROVING AND ADOPTING THE PROPOSED FINDINGS OF FACT, PROPOSED CONCLUSIONS OF LAW, AND RECOMMENDATION OF THE EXAMINER, AND DENYING RELIEF

This proceeding was instituted upon a petition filed with the Bituminous Coal Division on May 28, 1941, by the Office of the Bituminous Coal Consumers' Counsel, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937. The petition, as amended, requests: (1) extension of the boundary line of Market Area 26 to include both Brownstown and Vallonia, Indiana, now in Market Area 30, or, in the alternative, to include only Brownstown; (2) amendment of the Schedule of Effective Minimum Prices for District No. 8 for All Shipments Except Truck by reducing the minimum price, f. o. b. the mine, of coals in Size Groups 18 to 22, inclusive, for shipment to Brownstown, Indiana, by 25 cents per net ton[1] if the requested boundary change is not made, and by reducing the minimum f. o. b. mine price of such coals by 17 cents per net ton for ex-river deliveries to Brownstown, Indiana; and (3) the granting of such other relief as the cause may require.

District Boards 2, 7, 8, and 11 and the Island Creek Coal Company, a code member in District 8, intervened. In its amended petition of intervention, the Island Creek Coal Company requests relief for shipments to the Kieffer Paper Mills ("Kieffer"), in Ewing (a part of Brownstown), Indiana, if the prayers of petitioner are denied.

Pursuant to Orders of the Director and Acting Director, a hearing in this matter was held on August 25, 1941, before W. A. Shipman, a duly designated Examiner of the Division, at a hearing room thereof in Washington, D. C., at which all interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard, and at which appearances were entered by the Petitioner, District Board 11, and the Island Creek Coal Company.

District Board 11 filed a brief on September 23, 1941, advocating denial of the relief sought.

Thereafter, the Examiner made his Report, Proposed Findings of Fact, Proposed Conclusions of Law and Recommendation, dated September 30, 1941, recommending that the relief prayed for be denied.

On October 15, 1941, the petitioner filed Exceptions to the Report of the Examiner and brief in support thereof.

The petitioner seeks to reduce the f. o. b. mine prices of District 8 high-volatile screenings 42 cents per net ton for delivery ex-river to Brownstown, so as to remove the existing differentials between Market Areas 26 and 30. Relief which would result in a 25-cent reduction of the f. o. b. mine prices per net ton of such coal for delivery to Vallonia is also requested. Intervenor Island Creek Coal Company asks a 25-cent reduction as to Kieffer, in the event the prayers of the petitioner are denied.

The first so-called Exception to the recommendation of the Examiner that relief be denied is taken to the alleged issuance of the Examiner's Report before the final time for filing briefs and constitutes a request that the matter be resubmitted to the Examiner for a further report in light of the Petitioner's Exceptions. At the hearing, the Examiner ordered that briefs might be filed within eight days from the furnishing to the parties of copies of Division Exhibit No. 3. Although the other parties made no complaint of a failure to receive copies of this Exhibit more than 8 days before the Examiner's Report was issued on September 30, 1941, the petitioner claims that its copy was received on September 25, 1941, only 5 days before the Examiner's Report was issued. For this reason, the petitioner requests the return of the Examiner's Report to him for any revision he may desire to make, in which case the petitioner requests that its Brief in support of its Exceptions be considered as a Brief before the Examiner.

Any delayed receipt of Division Exhibit No. 3 by the petitioner appears in no

[1] By Order of the Director dated October 2, 1941, the undersigned, C. Rollin Larrabee, was designated to prepare and submit to the Director Proposed Findings of Fact, Proposed Conclusions of Law and Recommendation of an appropriate order in the premises and to perform all other duties delegated to Thurlow G. Lewis in this matter.

[1] The wording of the prayer for a reduction of 25¢ per net ton is not restricted to high-volatile coals, though it is obvious that it was intended to be so restricted to remove the differential between Market Areas 26 and 30, as to Brownstown.

way to prejudice the case of this petitioner before the undersigned. Although the Examiner did not have the benefit of a brief by the petitioner before his Report was issued, the undersigned now has before him petitioner's Exceptions and Brief. This Brief has been given due consideration by the undersigned. Since the undersigned is unable to agree that points made in petitioner's brief escaped the attention of the Examiner, he concludes that there is no occasion to resubmit the case to the Examiner and accordingly the request for resubmission of the matter to the Examiner is denied.

Although not embodied in petitioner's Brief as an exception, the position of petitioner that the findings in General Docket No. 15 insufficiently considered certain local situations in Market Area 30 is set out in the introductory statement preceding the specific exceptions. By the Order in that Docket, the f. o. b. mine prices of District 8's screenings were reduced 25 cents per ton under their home market prices for movement to Market Areas 22–28, inclusive. In Market Area 30, bordering the aforesaid Market Areas in Indiana on the west, however, this reduction was made only as to shipments to South Bend, on the ground that practically the entire steam distribution was concentrated in South Bend, as appeared from an examination of the freight rate structures and distribution data. Fixing the f. o. b. mine price of District 8 screenings, for delivery to parts of Market Area 30 other than South Bend, the same as that for the home market was found by the Director to reflect properly relative market values and preserve existing fair competitive opportunities. The 17-cents ex-river allowance for shipments to said points was based on like considerations. The contention of the petitioner that sufficient consideration was not given by the Examiner in General Docket No. 15 to the situation at Brownstown is supported by insufficient facts on which to base a finding that the Order in General Docket No. 15 was wrong in these respects.

The petitioner takes exception (Exception No. 2) to the failure of the Examiner to find that Kieffer competes with paper plants in Market Areas 23 and 24, which enjoy favorable differentials with regard to f. o. b. mine prices of District 8 screenings. The Examiner's Report did find a lack of competition between consumers in Market Areas 26 and 30; and the tenor of the petition goes to the competitive situation between Brownstown in Market Area 30, and Seymour in Market Area 26. For this reason the position might be tenable that the requested finding is immaterial to the issues here involved. However, in view of the claimed deprivation of the right of petitioner to file a brief before the Examiner, the exception is sustained, and a finding with respect to the competition between Kieffer and paper companies in Market Area 23 and 24 will be made.

Any competition of Kieffer with paper manufacturers in other Market Areas in Indiana appears to be confined to sales of chip, comprising less than 30 percent of the output of Kieffer. And even this competition exists only when the paper firms in Market Areas 23 and 24 do not use their chip in the fabrication of their own products. It appears from the evidence that most of these companies now themselves use all chip produced at their plants. This limited competition affords no proof of discrimination in minimum prices between Market Area 30 and the market areas in which the other paper companies have their plants, especially in the absence of any adequate showing of the coals used by the other companies or their fuel costs, f. o. b. the mine and delivered, as compared with those of Kieffer, both before and after October 1, 1940. No evidence of shifts in coal purchases or paper sales by these companies, after October 1, 1940, was adduced. In fact, there is no showing that the present price differentials existing between these territories were not the same prior to the effective date of the minimum price schedule. From all that appears, were any change in the existing differentials to be made, it might be as proper to raise the f. o. b. mine prices of District 8 screenings for shipments to the other market areas as to lower those for Market Area 30. Because of the paucity of the evidence, there might be a danger of disrupting a proper coordination of prices as between Districts 8 and 11 by changing these differentials. I find that there is no showing of such a competitive situation between Kieffer and paper companies in Market Areas 23 and 24 as would justify the granting of the relief requested.

Exception No. 3 is based on the failure of the Examiner to find that the price differentials between Market Area 30 and the other market areas in District 11 do not have due regard to the interests of the consuming public. No sufficient evidence was presented upon which such a finding could be predicated. The mere fact that a coal is priced higher for delivery into one market area than into another does not in itself demonstrate a disregard of consumer interest. For this reason, Exception No. 3 is without merit, and, therefore, is denied.

Exception No. 4 is addressed to the alleged finding of the Examiner that a reduction in the minimum prices would not benefit Kieffer unless the market prices were reduced. This statement was, in reality, a recital by the Examiner of an uncontested statement made by the petitioner's only witness. What the Examiner found in that connection was the very obvious fact that, since the evidence shows that the current f. o. b. mine price of Island Creek coal sold to Kieffer is more than the minimum price thereof and less than the price of such coal moved to Seymour in Market Area 26, the relief requested as to lowering the minimum prices would have no effect on the price paid for coal by Kieffer under the market prices currently in effect. This finding is relevant, not on the proposition that adjustment of minimum prices should cease when prices rise above the minima, as argued by the petitioner, but on the question of any loss of competitive opportunity through the discriminatory operation of the price schedule. That consumers in Market Area 26 are buying District 8's screenings at prices above the minimum prices but less than the current prices in market areas enjoying minimum price differentials tends to discount any contention that Market Area 30 minimum prices here involved are operating discriminatorily as to Market Area 30. Accordingly, exception No. 4 by petitioner is overruled.

Exception No. 5 is taken to the Conclusion of Law of the Examiner that "denial of relief is required in order to effectuate the purposes of sections 4 II (a) and (b) of the Act, and to comply in all respects with the standards thereof." The facts set out by the Examiner in his Proposed Findings of Fact amply support this conclusion. Accordingly, Exception No. 5 is overruled as being without merit.

Exception No. 6 is addressed to certain statements of the Examiner regarding the 17-cents ex-river allowance for District 8 screenings for shipment to certain market areas in District 11, not including Marketing Area 30. These include the statement that this Price Exception should not be amended for the accommodation of one mine selling to one industrial plant in the absence of a strong showing of discrimination. This statement is based on the lack of evidence as to any producer other than the Island Creek Coal Company and any consumer other than Kieffer. Petitioner's Exception is based on the prayer of the petition for relief as to all District 8 high-volatile mines shipping into Brownstown. But evidence in support thereof is singularly lacking. Petitioner fails to point out any evidence discounting the Examiner's Finding of Fact. Exception No. 6 also criticizes two other statements of the Examiner with reference to this Price Exception as seemingly immaterial or irrelevant. I find no merit in Exception No. 6. It is hereby overruled.

Exception No. 7 is based on the finding that there is no evidence upon which to grant relief to Vallonia or to Brownstown in its entirety. The argument of petitioner in support of this Exception points out no evidence whatsoever to justify the relief sought as to Vallonia or as to Brownstown in its entirety. Exception No. 7, therefore, is overruled.

Now, therefore, it is ordered, That the Exceptions of Petitioner Office of the Bituminous Coal Consumers' Counsel to the Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner, other than Exception No. 2, be and they hereby are severally overruled;

It is further ordered, That the Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner as supple-

mented herein be and they hereby are approved and adopted as the Findings of Fact and Conclusions of Law of the Acting Director; and

It is further ordered, That the relief prayed for in the petition, as amended, of the Bituminous Coal Consumers' Counsel and the petition, as amended, of intervention of the Island Creek Coal Company be and it hereby is denied.

[Docket No. A-1158]

PETITION OF DISTRICT BOARD NO. 14 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 14

[Docket No. A-1158, Part II]

PETITION OF DISTRICT BOARD NO. 14 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF THE PRAIRIE CREEK COAL COMPANY NO. 1 MINE (MINE INDEX NO. 540) AND FOR THE COALS OF THE NEW BLUE VALLEY COAL COMPANY, BLUE VALLEY MINE (MINE INDEX NO. 562)

MEMORANDUM OPINION AND ORDER SEVERING DOCKET NO. A-1158, PART II, FROM DOCKET NO. A-1158 AND GRANTING TEMPORARY RELIEF IN DOCKET NO. A-1158, PART II, AND NOTICE OF AND ORDER FOR HEARING IN DOCKET NO. A-1158, PART II

The original petition in the above-entitled matter filed with this Division pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, requests the establishment of temporary and permanent price classifications and minimum prices for the coals of certain mines in District No. 14.

As indicated in a separate order issued in Docket No. A-1158, a reasonable showing of necessity has been made for the granting of the relief prayed for by petitioner except with respect to the establishment of permanent price classifications and minimum prices for the coals of the Prairie Creek Coal Company's No. 1 Mine (Mine Index No. 540) and for the coals of the New Blue Valley Coal Company's Blue Valley Mine (Mine Index No. 562).

Petitions of intervention were filed in this matter on November 24, 1941 by the Prairie Creek Coal Company and on November 27, 1941 by the New Blue Valley Coal Company.

The petition of intervention filed by the Prairie Creek Coal Company alleges that the price classifications of "C" and "O" and the minimum prices of $3.85 per ton and $3.15 per ton proposed by District Board No. 14 for the coals of the Prairie Creek Coal Company's No. 1 Mine, Mine Index No. 540, in Size Groups 3 and 18 respectively, are improper and requests that in lieu thereof price classifications "E" and "Q" and minimum prices of $3.55 per ton and $2.70 per ton, respectively, be established. This intervener represents that it would be handicapped in the sale of its coal by the establishment of the price classifications and minimum prices proposed by District Board No. 14 and that such prices are much in excess of those heretofore established for similar coals produced at other mines in the same vicinity.

The petition of intervention of the New Blue Valley Coal Company alleges that the price classifications and minimum prices proposed by District Board No. 14 for the coals of the Blue Valley Mine, Mine Index No. 562, are improper and, if established, would not afford to this intervener fair competitive marketing opportunities with competing producers in District No. 14, who are producing and marketing similar coal. This intervener requests that certain lower prices be established for its coals and that the formal hearing of the subject matter be held at Fort Smith, Arkansas.

It appears that temporary relief as to the coals of the Prairie Creek Coal Company's No. 1 Mine and for the coals of the New Blue Valley Coal Company's Blue Valley Mine, should be granted substantially as prayed for by the original petitioner, but that permanent price classifications and minimum prices should not be established for such coals without a hearing. Furthermore, the exigencies presently devolving upon the Division make it impractical at this time to schedule such hearing at a place other than in Washington, D. C.

Now, therefore, it is ordered, That the portion of Docket No. A-1158 relating to the coals of the Prairie Creek Coal Company's Mine No. 1 (Mine Index No. 540), and to the coals of the New Blue Valley Coal Company's Blue Valley Mine (Mine Index No. 562), be and the same hereby is severed from the remainder of Docket No. A-1158 and designated as Docket No. A-1158 Part II.

It is further ordered, That a hearing in Docket No. A-1158 Part II under the applicable provisions of said Act and the rules of the Division be held on January 21, 1942 at 10 o'clock in the forenoon of that day at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Joseph A. Huston or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions of law and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before January 16, 1942.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of the original petition.

The matter concerned herewith is in regard to the petition of District Board No. 14 for the establishment of price classifications and minimum prices for the coals of the Prairie Creek Coal Company's No. 1 Mine (Mine Index No. 540) and the coals of the New Blue Valley Coal Company's Blue Valley Mine (Mine Index No. 562), for shipments to all market areas.

It is further ordered, That temporary relief, pending final disposition of Docket No A-1158 Part II, is hereby granted as follows: Commencing forthwith, the Schedules of Effective Minimum Prices for District No. 14, For All Shipments Except Truck, and For Truck Shipments, are supplemented to include the price classifications and minimum prices set forth below for the coals of the Prairie Creek Coal Company's No. 1 Mine (Mine Index No. 540) and the coals of the New Blue Valley Coal Company's Blue Valley Mine (Mine Index No. 562).

NOTE: The foregoing temporary price classifications and minimum prices are to be read in the light of the classifications, prices, instructions, exceptions and other provisions contained in the Schedules of Effective Minimum Prices for District No. 14, for All Shipments Except Truck and for Truck Shipments.

The original petition requests for the coals of Mine Index No. 562 that price classifications and minimum prices be established for rail shipments originating at both Hartman and Coal Hill, Arkansas. However, Coal Hill is not on any railroad and the price classifications and minimum prices for such coals for rail shipment temporarily established by this order are applicable to such coals only when they originate for rail shipment at Hartman, Arkansas.

The original petition also requests that for the coals of Mine Index No. 540, for rail shipment, price classifications and minimum prices be established for shipment from both Midland and Excelsior, Arkansas. However, such coals would have to be moved either through or around Midland a distance of some miles in order to be loaded at Excelsior. No reason having been shown for such movement, the price classifications and minimum prices for such coals, for rail shipment, temporarily established by this order are applicable only to loadings at Midland, Arkansas.

Notice is hereby given that applications to stay, terminate or modify the temporary relief herein granted may be filed pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

Dated: December 16, 1941.

[Docket No. A-849]

PETITION OF DISTRICT BOARD NO. 7 FOR REVISION OF THE PRICE CLASSIFICATIONS AND MINIMUM PRICES HERETOFORE ESTABLISHED FOR COALS OF THE WYCO MINE (MINE INDEX NO. 207) OF THE GULF SMOKELESS COAL COMPANY, A CODE MEMBER IN DISTRICT 7

MEMORANDUM OPINION CONCERNING PETITION FOR RECONSIDERATION AND ORDER DENYING REQUEST FOR VACATION OF ORDER OF THE DIRECTOR DENYING RELIEF

This proceeding was instituted upon a petition filed with the Bituminous Coal Division on May 1, 1941, by District Board 7, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937. The petition requested that the effective price classifications established for the coals of the Wyco Mine (Mine Index No. 207) of the Gulf Smokeless Coal Company, a code member in District 7, be reduced from "F" to "G" in Size Group 2 and from "E" to "F" in Size Group 3, such classifications to be established at levels five cents below the classifications presently established.

By Order of the Acting Director, dated July 22, 1941, this docket was consolidated with Docket No. A-848 and, pursuant to orders and notices duly issued, a consolidated hearing in this matter was held on July 28, 1941, before Joseph D. Dermody, a duly designated Examiner of the Division, in Washington, D. C. All interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses and otherwise be heard. The original petitioner appeared. The preparation and filing of a report by the Examiner was waived, and the matter was thereupon submitted to the Director.

On November 14, 1941, the Director issued Findings of Fact, Conclusions of Law and rendered an Opinion in this matter and entered an Order in accordance therewith, denying the requested relief.

In a petition filed on December 5, 1941, the petitioner requests that the Order of the Director entered in this proceeding on November 14, 1941, denying relief, be reconsidered and that upon reconsideration, the Director enter an Order vacating the Order denying relief and enter an Order granting the requested relief. The principal reasons assigned by the petitioner in support of its petition for reconsideration are that the Director failed to give sufficient weight to certain evidence of record regarding the ash content of the Wyco Mine coals and the evidence regarding their market history. The evidence regarding these factors was considered by the Director, who found that it was not sufficient to warrant the granting of the relief requested. The undersigned has however, reconsidered the record in connection with the allegations contained in the petition for reconsideration, and is of the opinion that the Findings of Fact and Conclusions of Law of the Director are adequately supported by the record and that all evidence of material value was given proper consideration.

While the evidence of record does not justify the granting of the relief requested, the undersigned is of the opinion that the petitioner should not be precluded from requesting a reopening of the hearing in this matter to present additional evidence. Such a motion for a reopening of the hearing, if accompanied by affidavits to the effect that petitioner has additional evidence to support its claim for relief, will be entertained by the undersigned.

I, therefore, conclude that the Findings of Fact, Conclusions of Law, Opinion and Order issued herein on November 14, 1941, are proper and should remain unchanged, and that the petitioner's request for a vacation of the Order Denying Relief and for the entry of an Order granting the requested relief, should be denied.

Now, therefore, it is ordered, That the petition filed herein by the petitioner on

December 5, 1941, be, and it hereby is, denied.

Nothing contained herein shall preclude the petitioner from requesting a reopening of the hearing in this matter in order to present additional evidence in support of its claims for relief.

Dated: December 17, 1941.

Acting Director.

[Docket No. A-573]

PETITION OF CONSUMERS' COUNSEL DIVISION FOR FREE ALONGSIDE PRICES FROM DISTRICTS 8 AND 10 FOR THE HOSKINS COAL AND DOCK CORPORATION

MEMORANDUM OPINION AND ORDER GRANTING TEMPORARY RELIEF

This proceeding was instituted upon an original petition filed with the Bituminous Coal Division on January 9, 1941, by the Consumers' Counsel Division on behalf of the Hoskins Coal and Dock Corporation ("Hoskins"), a retail coal dealer in Chicago, Illinois, pursuant to the provisions of section 3-A Special River Price Instructions and Exceptions in the Schedule of Effective Minimum Prices for District No. 10 for All Shipments Except Truck, and pursuant to a similar provision in the District 8 Price Schedule. The petition seeks a final order granting Hoskins the privilege of purchasing coals from producers in Districts 8 [1] and 10 at the minimum f. o. b. mine prices for free alongside delivery.

Petitions of intervention were filed by District Boards 10 and 11, and by six code member producers in District 10. In addition, an appearance was entered by District Board 8.

A hearing was held on February 18, 1941, before Travis Williams, a duly designated Examiner of the Division. Appearances were noted for the original petitioner, the interveners, and District Board 8. On June 12, 1941, the Examiner filed a Report, Proposed Findings of Fact, Conclusions of Law and Recommendations, in which he recommended that the requested relief be denied.

Following the Director's Order of November 10, 1941, granting temporary relief in Docket No. A-227 [2] the Bituminous Coal Consumers' Counsel renewed its earlier motion for temporary relief in this matter.

Hoskins introduced evidence to the effect that it is engaged in the sale of coal at retail in the Chicago area. It owns or controls three retail yards equipped with dock facilities, where it has, in the past, received coal transported by barge on the Illinois River.[3] These yards are located at 441 East North Water Street, 901 North Halstead Street, and 92nd and Harbor Avenue. The dock at 901 North Halstead Street was acquired by Hoskins in 1937 exclusively for river shipments. This dock has no rail connection.

Improvements for navigation purposes in the Illinois River had reached a point of development by the year 1937 that enabled coals to be transported by barge. Desiring to receive coals from the Fulton-Peoria field in District 10, Hoskins, in 1937, expended large sums in the acquisition and development of dock facilities at Liverpool on the Illinois River and also acquired and organized trucking facilities by which coals could be trucked from nearby mines to the Liverpool dock.

What was said in the Director's Opinion and Order of November 10, 1941, in Docket No. A-227, so far as it relates to the transportation of coal by river from the Fulton-Peoria field to Chicago, is applicable here. In summary, it appears that there is a fair inference from the evidence that coal may be transported by Hoskins from the mines in question to Chicago free alongside at a lower transportation cost than when moving by rail.

Availing itself of its dock facilities at Liverpool and its truck transportation equipment, Hoskins purchased 27,375 tons in 1938; 62,107 tons in 1939; and 20,555 tons during the first nine months in 1940, aggregating 110,037 tons. Of this total, 106,021 tons were purchased from the Little Sister Mine (Mine Index No. 37) of the Central State Collieries, Inc.; approximately 3,733 tons from the Buckheart Creek Mine (Mine Index No. 661) of the Buckheart Creek Coal company; and 283 tons from miscellaneous truck mines. These coals were transported by Hoskins by truck to Liverpool, and by barge to the three Chicago yards hereinabove described.

The witness for Hoskins testified that since minimum prices became effective October 1, 1940, Hoskins had been unable to move coals by river to these yards because of the minimum price and, with the exception of negligible quantities, had moved no coals by river since October 1, 1940. This witness further testified that operations at the docks in Chicago had been seriously impaired and that operations at the Liverpool dock, including Hoskins' truck and barge facilities, were at a complete standstill.

On the basis of the record here, it appears that a satisfactory showing has been made by the petitioner for the granting of temporary relief; that the failure to grant such relief will result in irreparable injury to Hoskins; and that no prejudice to the interveners will arise if temporary relief is granted. The reasons which prompted the granting of temporary relief in Docket No. A-227 are present here, as are all the reasons for studying the consequences of that relief.

However, like that relief granted in Docket No. A-227, the temporary relief to be granted should be limited as to the quantity of coal which may be shipped to an amount equal as nearly as practicable to past shipments. The evidence shows that during the 24-month period from October 1, 1938 to October 1, 1940, Hoskins shipped by river to Chicago, 110,037 net tons of coal. On this basis, Hoskins' purchases testified to average just over 4,500 tons per month. The temporary relief should, therefore, be limited to 54,000 tons annually. Such limitation will preserve for Hoskins the approximate level of shipment attained by it in the past and will not unduly prejudice the interveners or either of them.

The effect of the relief to be granted can be ascertained only if the tonnage permitted to be shipped at f. a. s. prices is shipped in the normal manner and over a representative period. Therefore, it will be a condition of this order that no more than 4,500 tons may be shipped in any one month except that any tonnages authorized to be shipped in any one month which have not been shipped, may be added to the shipments for a subsequent month.

In proportion to purchases made in the past, the 4,500 tons monthly should be purchased as follows: 4,300 tons from Central States Collieries, Inc., and 200 tons from Buckheart Creek Coal Company. However, since the Buckheart Creek Mine of the Buckheart Creek Coal Company is a truck mine and has no f. a. s. prices, it seems reasonable to allow Hoskins to purchase from the Little Sister Mine the quantity of coal previously purchased from both mines. It may be that Hoskins may encounter some difficulty in purchasing these quantities from this mine. In such event, it may petition for a modification of this formula. Since this relief, like that in Docket No. A-227, is somewhat experimental, modifications may well be expected, if a need therefor is shown.

Now, therefore, it is ordered, That temporary relief pending final disposition of this proceeding is granted forthwith by temporarily amending the Schedule of Effective Minimum Prices for District No. 10 for All Shipments Except Truck, as follows:

Under the section (page 53) "Prices for River (free alongside deliveries) and Ex-River Shipments, Special River Price Instructions and Exceptions," "Special Cases (e)," add the following provision:

Central States Collieries, Inc., [Little Sister Mine (Mine Index No. 37)] may sell coal for barge delivery free alongside at the minimum f. o. b. mine prices for free alongside delivery when shipped

[1] At the hearing the original petition was amended to eliminate the relief requested as to District 8.

[2] This order granted to Truax-Traer Coal Company and United Electric Coal Companies, code member producers in District 10, the right to sell a specified tonnage of coal at f. a. s. prices to six named retail dealers in Chicago. Hoskins was not among these six.

[3] Hoskins also operates two other yards which have never received coals moving by river.

from the mines by truck to the Liverpool dock and reloaded into barges on the Illinois River for transshipment on the Illinois River to Hoskins Coal and Dock Company, retail coal dealer, at its yards at 441 East North Water Street, 901 North Halstead Street, and 92nd and Harbor Avenue, Chicago, Illinois, for resale at retail by such dealer, within the switching limits of the City of Chicago, Illinois. *Provided,* That the aggregate tonnage, which may be sold under this provision by Central States Collieries, Inc., shall not exceed 54,000 net tons in any calendar year.

Provided, however, That the relief herein granted shall apply only to coal shipped from the mines subsequent to the date hereof, and

Provided further, That Central States Collieries, Inc., shall, during any one month, sell to Hoskins Coal and Dock Corporation for shipment at f. a. s. prices here authorized no more than 4,500 tons of coal in any one month except that any tonnages authorized to be shipped in any one month which have not been shipped, may be shipped in any subsequent month in addition to the amount initially allowed to be shipped during that month;

Provided further, That Central States Collieries, Inc., offering for sale, selling or reselling any coal pursuant to this provision shall submit to the Bituminous Coal Division at 734 Fifteenth Street NW., Washington, D. C., within five (5) days after such offer, sale or resale, a complete description of such offer, sale or resale as is required by the Marketing Rules and Regulations of the Division, Order 313, and any other orders of the Division. The filing of this data at the offices of the Bituminous Coal Division in Washington, D. C., shall be in addition to that required for filing with the field office.

Each report or description required herein, shall be duly verified and marked for incorporation in this docket as part of the record in these proceedings; and

Provided further, That Hoskins Coal and Dock Corporation shall file with the Division a statement at the end of each month setting forth the amount of coal purchased from Central States Collieries, Inc., at f. a. s. prices and the prices at which such coal was sold at retail; and

It may be required from time to time that there shall be made available for inspection for representatives of the Bituminous Coal Division at all reasonable times and places, all books, records, correspondence or other documents pertaining to the offer for sale, sale, delivery, or other transactions of and involving such coals.

Notice is hereby given that applications to stay, terminate, or modify the temporary relief herein granted may be filed pursuant to the Rules and Regulations Governing Practice and Procedure for the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

Nothing contained herein shall be deemed to constitute a ruling or expression of the Acting Director's views concerning the final disposition of these proceedings or the nature of the relief which may hereafter be granted.

[Docket No. A-1170]

PETITION OF DISTRICT BOARD NO. 6 FOR CHANGE IN SHIPPING POINT OF WALNUT GROVE MINE, MINE INDEX NO. 108, IN DISTRICT NO. 6, FOR ALL SHIPMENTS EXCEPT TRUCK

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with the Division by the above-named party, requesting a change in the shipping point of the Walnut Grove Mine, Mine Index No. 108, of Matt Buday, in District No. 6, from Wellsburg, West Virginia, on Pennsylvania Railroad to Wellsburg (McKinleyville), West Virginia, on the said railroad, for rail shipments; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

Now, therefore, it is ordered, That, pending final disposition of the above-entitled proceeding, temporary relief is granted as follows: Commencing forthwith, the price classification and minimum prices effective for the coals of the Walnut Grove Mine, Mine Index No. 108, of Matt Buday, for rail shipments, shall be applicable only for shipments on Pennsylvania Railroad from Wellsburg (McKinleyville), West Virginia, and shall no longer be applicable for shipments on Pennsylvania Railroad from Wellsburg, West Virginia. All allowances or adjustments required or permitted mines in Freight Origin Group No. 30 shall be applicable for all shipments of the coals of the said mine from Wellsburg (McKinleyville), West Virginia, on Pennsylvania Railroad.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: December 16, 1941.

PETITION OF DISTRICT BOARD NO. 11 FOR THE ESTABLISHMENT OF A TEMPORARY PRICE CLASSIFICATION AND MINIMUM PRICE FOR THE COALS OF A MINE OF THE LINTON-SUMMIT COAL COMPANY IN DISTRICT NO. 11, FOR TRUCK SHIPMENT

ORDER GRANTING TEMPORARY RELIEF AND CANCELLING HEARING

A petition, pursuant to the Bituminous Coal Act of 1937, was filed on November 27, 1941, with this Division by the above-named party, requesting the establishment of a temporary minimum price f. o. b. the mine of $1.80 per ton in Size Group 7 for 2,500 tons of coal for truck shipment to be produced during the construction work on a new Fourth Vein mine to be opened and operated by the Linton-Summit Coal Company located in Cass Township, Sullivan County, Indiana, in the Linton-Sullivan Subdistrict of District No. 11. By an Order dated December 8, 1941, the matter was set down for hearing on January 9, 1942, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C.

Subsequently, on December 9, 1941, the original petitioner filed a supplemental petition alleging that the code member had no way of disposing of the coal produced in the construction work on the new mine; that further construction and development work would be interfered with and delayed until the temporary relief sought was granted, unless the code member resorted to wasting the coal. The supplemental petition further alleged that all parties of interest enumerated in the original petition were consulted and requested to communicate with the Division if they did not oppose the relief sought.

Many code members who compete with the Linton-Summit Coal Company have indicated that they do not object to the relief sought on its behalf in this proceeding. No opposition to the granting of the temporary relief has been indicated.

It appears that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth;

Now, therefore, it is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, the Schedule of Effective Minimum Prices for District No. 11, For Truck Shipments, is supplemented to include a minimum price of $1.80 for 2,500 tons of coal in Size Group 7 to be produced from a Fourth Vein mine now under construction in Cass Township, Sullivan County, Indiana, in the Linton-Sullivan Subdistrict of District No. 11, by the Linton-Summit Coal Company.

It is further ordered, That the hearing in the above-entitled matter heretofore scheduled for January 9, 1942, be and the same hereby is cancelled.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

Dated: December 16, 1941.

Acting Director.

DEPARTMENT OF LABOR.

Wage and Hour Division.

[Administrative Order No. 134]

APPOINTMENT OF INDUSTRY COMMITTEE FOR THE RAILROAD AND PROPERTY CARRIER INDUSTRY OF PUERTO RICO

1. By virtue of and pursuant to the authority vested in me by the Fair Labor Standards Act of 1938, as amended June 26, 1940, I, Philip B. Fleming, Administrator of the Wage and Hour Division, U. S. Department of Labor, do hereby appoint and convene for the Railroad and Property Carrier Industry of Puerto Rico (as such industry is defined in paragraph 2 hereof) an industry committee composed of the following representatives:

For the public. William Homer Spencer, Chairman, Chicago, Illinois; Martin Travieso, San Juan, Puerto Rico.

For the employees. Vicente Geigel Polanco, San Juan, Puerto Rico; Jorge Font Saldana, Santurce, Puerto Rico.

For the employers. Manuel I. Vallecillo, Rio Piedras, Puerto Rico; Reinaldo Ramirez, San Juan, Puerto Rico.

2. For the purpose of this order, the "Railroad and Property Carrier Industry of Puerto Rico" means:

The industry carried on in Puerto Rico by (1) any railroad carrier under public franchise which holds itself out to the general public to engage in the transportation for compensation of passengers and property in commerce, or, of passengers and property necessary to the production of goods for commerce, and which furnishes transportation service for passengers in an amount not less than $25,000 annually or which derives at least ten percent of its total operating revenues from passenger transportation service; (2) any railway express company which holds itself out to the general public to engage in the transportation for compensation of property in commerce or of property necessary to the production of goods for commerce; (3) any trucking firm or company which holds itself out to the general public to engage in the transportation for compensation of property in commerce or of property necessary to the production of goods for commerce: *Provided*, That, (a) it is not directly or indirectly owned or controlled by a company primarily engaged in manufacturing, processing, wholesaling or other non-transportation activity, *and* (b) it does not perform any transportation functions for such company.

The term "firm" or "company" means an individual, partnership, association, corporation or business trust.

3. The industry committee herein created shall meet on January 7, 1942, at 9:30 A. M. in the Auditorium of the Chamber of Commerce of Puerto Rico, San Juan, Puerto Rico, and in accordance with the provisions of the Fair Labor Standards Act of 1938, as amended, and, rules and regulations promulgated thereunder, shall proceed to investigate conditions in the Industry and recommend to the Administrator minimum wage rates for all employees thereof who, within the meaning of said Act, are "engaged in commerce or in the production of goods for commerce," excepting employees exempted by virtue of the provisions of section 13 (a) and employees coming under the provisions of section 14.

Signed at Washington, D. C., this 9th day of December 1941.

PHILIP B. FLEMING,
Administrator.

NOTICE OF PUBLIC HEARING BEFORE THE INDUSTRY COMMITTEE FOR THE RAILROAD AND PROPERTY CARRIER INDUSTRY OF PUERTO RICO FOR THE PURPOSE OF RECEIVING EVIDENCE TO BE CONSIDERED IN RECOMMENDING MINIMUM WAGE RATES FOR SUCH INDUSTRY

In conformity with the Fair Labor Standards Act of 1938, 52 Stat. 1060, as amended June 26, 1940, and with § 511.11 of Part 511 of the Rules and Regulations issued pursuant thereto, notice is hereby given to all interested persons that a public hearing will be held beginning at 10 A. M., January 7, 1942, in the Auditorium of the Chamber of Commerce of Puerto Rico, San Juan, Puerto Rico, for the purpose of receiving evidence to be considered by the Industry Committee for the Railroad and Property Carrier Industry of Puerto Rico in determining the highest minimum wage rates in such Industry, which, having due regard to economic and competitive conditions, will not substantially curtail employment and will not give any industry in Puerto Rico a competitive advantage over any industry in the United States outside of Puerto Rico.

The term "Railroad and Property Carrier Industry of Puerto Rico" is defined in Administrative Order No. 134,[1] signed December 9, 1941, as follows:

The industry carried on in Puerto Rico by (1) any railroad carrier under public franchise which holds itself out to the general public to engage in the transportation for compensation of passengers and property in commerce, or, of passengers and property necessary to the production of goods for commerce, and which furnishes transportation service for passengers in an amount not less than $25,000 annually or which derives at least 10 per cent of its total operating revenues from passenger transportation service; (2) any railway express company which holds itself out to the general public to engage in the transportation for compensation of property in commerce or of property necessary to the production of goods for commerce; (3) any trucking firm or company which holds itself out to the general public to engage in the transportation for compensation of property in commerce or of property necessary to the production of goods for commerce: *Provided*, That (a) it is not directly or indirectly owned or controlled by a company primarily engaged in manufacturing, processing, wholesaling, or other non-transportation activity, *and* (b) it does not perform any transportation functions for such company.

The term "firm" or "company" means an individual, partnership, association, corporation or business trust.

The Industry Committee for the Railroad and Property Carrier Industry of Puerto Rico was created by Administrative Order No. 134, referred to above. It is charged, in accordance with the provisions of the Fair Labor Standards Act of 1938 as amended and Rules and Regulations promulgated thereunder, with the duty of investigating conditions in such Industry and recommending to the Administrator minimum wage rates for all employees thereof who within the meaning of said Act are "engaged in commerce or in the production of goods for commerce," excepting employees exempted by the provisions of section 13 (a) and employees coming under the provisions of section 14.

[1] *Supra.*

Any person, who in the opinion of the Committee or its duly authorized subcommittee has an interest in the proceedings may appear on his own behalf or on behalf of any other person. Persons desiring to appear are requested to file with the Wage and Hour Division, U. S. Department of Labor, El Banco Popular Building, San Juan, Puerto Rico, *prior to December 24, 1941*, a Notice of Intention to Appear containing the following information:

(1) The name and address of the person appearing.

(2) If he is appearing in a representative capacity, the name and address of the person or persons whom, or organization which, he is representing.

(3) A brief description of the material intended to be presented.

(4) The approximate length of time which his presentation will consume.

All testimony will be taken under oath and witnesses will be subject to reasonable cross examination by any interested person present.

Persons who cannot appear may submit written briefs and documentary or statistical material which will be considered by the committee. *Twenty copies* of such material should be furnished in care of the Wage and Hour Division, San Juan, Puerto Rico, *not later than December 31, 1941.*

Witnesses appearing before the Committee should also provide, if practicable, *twenty copies* of all briefs and documentary or statistical material to be presented to the Committee. At least *six copies* of such material must be presented to be accepted as exhibits for the record.

Signed at Chicago, Illinois, this 15th day of December 1941.

W. H. SPENCER,
Chairman, Industry Committee for the Railroad and Property Carrier Industry of Puerto Rico.

INTERSTATE COMMERCE COMMISSION

[Ex Parte No. 148]

INCREASED RAILWAY RATES, FARES, AND CHARGES, 1942

IN THE MATTER OF THE PETITION OF RAILROADS TO INCREASE THEIR RATES, FARES, AND CHARGES

DECEMBER 18, 1941.

The above-entitled proceeding is assigned for hearing at Hotel Morrison, Chicago, Illinois, before Commissioners Aitchison, Mahaffie, and Splawn, January 5, 1942, at 10:00 o'clock a. m.

Oral argument before the Commission at its offices in Washington will be held as soon after the conclusion of the oral testimony as possible, beginning at a date to be announced at the conclusion of the oral hearing. Briefs and written arguments will not be expected.

Attention is called to the appendix hereto, which contains special instructions and rules of procedure to be followed by parties who may appear herein.

By the Commission.

[SEAL] W. P. BARTEL,
Secretary.

APPENDIX

Protestants: Petitions of intervention unnecessary. Persons appearing in opposition to the petition herein, or in opposition to any similar petitions of other carriers than those filing the original petition, will be considered as protestants, and may be heard without the filing of petitions of intervention.

Simplification of presentations. In order to conserve time and avoid expense, it is strongly urged that persons finding themselves with common interests in the proceeding shall, to the greatest extent possible, endeavor to consolidate their presentation of testimony, and arrange for cross-examination by as few counsel as possible. The same course should be followed upon oral argument.

Evidence offered should be carefully prepared with a view to conciseness and clarity, and so as to avoid unnecessary extraneous, immaterial, and irrelevant matter, and undue cumulation of testimony or of witnesses upon any point. It should be factual in character, and argument should be reserved for the oral argument stage, and not be incorporated in the testimony.

Exhibits. In the preparation of exhibits Rules XIII and XXI of the rules of practice should be followed. Pertinent excerpts from those rules are copied below. If possible, all documents submitted by a witness should be embraced in a single exhibit, with pages consecutively numbered, suitably bound together. In order to supply the State Commissioners, members of this Commission, and counsel in the proceeding, at least 150 copies of each exhibit should be prepared. So far as possible exhibits should be made self-explanatory in order to minimize the amount of time required for explanation by oral testimony.

Prepared statements. Witnesses who expect in the course of their testimony to read from a written statement should have sufficient copies thereof to supply opposing counsel, the Commissioners on the bench, and the official reporter. However, in the interest of conservation of time, it is suggested that such statements be prepared and offered in the manner indicated in the following paragraph, as verified statements, instead of being submitted orally by a witness on the stand.

Verified statements (affidavits). Evidence in the form of verified statements (affidavits) without personal appearance of the affiant as a witness will also be received in the absence of objection, as hereinafter specified. Parties desiring to offer such statements should send 15 copies to the Commission and 75 copies to R. V. Fletcher, counsel for the applicants, Transportation Bldg., Washington, D. C. prior to January 1, 1942. Notice of any objection to the receipt of any such statement in evidence should be given to the Commission and to the party submitting the statement within three days following the receipt of such statement in evidence. If no such notice is given within that time, it will be considered that objection to the receipt of the statement in evidence is waived, but objection to the weight to be accorded the statement of facts is reserved. Copies of such statements must also be furnished to other interested parties who specifically request them. Such statements should conform to Rules XIII and XXI of the rules of practice in respect of style, mimeographing, printing, etc. *They should be limited strictly to statements of fact and contain no argument, and if not so limited may be excluded.* The Commission on its own motion or on objection may exclude a verified statement or any portion thereof which (a) is not material or relevant to the questions presented in this proceeding, (b) is obviously incompetent, or (c) is argumentative in character. In the absence of objection to introduction of the verified statement it will be unnecessary for the affiant to appear personally at the hearing. All verified statements received in evidence will be part of the record in the proceeding, upon which the Commission will base its decision.

Notice of intention to produce testimony. Persons who desire to be heard will facilitate the arrangements necessary by sending notice to the Commission at Washington of their intention, so as to reach the Commission prior to January 1, 1942, which shall state the number of witnesses, and the approximate amount of time necessary for presentation of direct testimony.

Correspondence. Correspondence relative to this matter should be addressed to the Commission at Washington, D. C., with a reference to the docket number, Ex Parte No. 148.

Rule XIII, Rules of Practice (in Part)

(c) 1. (*Tariffs; offer of matter contained in schedules.*) In case any matter contained in a tariff schedule on file with the Commission is offered in evidence, such tariff schedule need not be produced or marked for identification, but the matter so offered shall be specified with particularity in such manner as to be readily identified and may be received in evidence subject to check by reference to the original tariff schedules so on file.

2. (*Reference in exhibits to tariff authority, routes, and distances.*) All exhibits showing rates, fares, charges, or other tariff provisions must, by appropriate Interstate Commerce Commission number reference, indicate the tariff authority therefor, and if distances are shown must also show the authority therefor and, by lines and junction points, the routes over which the distances are computed; except that the routes over which the distances are computed need not be shown when such distances are specifically published in a tariff schedule lawfully on file with the Commission, or are definitely ascertainable from a tariff schedule on file with the Commission showing rates prescribed by the Commission and based on short line distances, provided the exhibit makes specific reference to such tariff schedules as provided by this rule.

(d) (*Copies of exhibits furnished opposing counsel.*) When exhibits of a documentary character are to be offered in evidence copies must be furnished to opposing counsel, unless the presiding Commissioner or Examiner otherwise directs. Whenever practicable, the parties should interchange copies of exhibits before or at the commencement of the hearing.

(e) (*Size, form, and identification of exhibits; relevancy, materiality; not argumentative.*) All exhibits of a documentary character received in evidence are bound with the rest of the record in covers of uniform size. Whenever practicable they should be on one side only of sheets not exceeding 12½ inches from top to bottom by 22 inches in width, and a sufficient margin for binding, preferably 1½ inches, must be left blank on the left side of each sheet. They must be on paper of good quality and so prepared as to be plainly legible and durable, whether printed or typewritten. If typewritten they must in other respects conform to the requirements of Rule XXI (b). Whenever practicable the sheets of each exhibit and the lines of each sheet should be numbered, and, if the exhibit consists of five or more sheets, the first sheet or title-page should be confined to a brief statement of what the exhibit purports to show, with reference by sheet and line to illustrative or typical examples contained in the exhibit and should bear an identifying number, letter, or short title which will readily distinguish the exhibit from the other exhibits of the

same party. It is desirable that, whenever practicable, rate comparisons and other evidence should be condensed into tables. Exhibits should be limited to statements of fact relevant and material to the issue, which can be shown in that form better than by oral testimony. They should not be argumentative.

Rule XXI (In Part)

(b) (*Size, acceptable copies and legibility of typewritten papers.*) If typewritten they must, unless otherwise specifically provided, be on paper not more than 8½ inches wide or 12 inches long weighing not less than 16 pounds to the ream, folio base, 17 by 22 inches, with left-hand margin not less than 1½ inches wide. The impression must be on only one side of the paper and must be double-spaced, except that long quotations should be single-spaced and indented. Mimeographed, multigraphed, planographed, or photographed copies will be accepted as typewritten, but carbon copies, hectographed copies, white-line blue prints, or copies prepared by similar processes will not be so accepted. All copies must be clearly legible.

IN THE MATTER OF PENNSYLVANIA ELECTRIC COMPANY, THE CLARION RIVER POWER COMPANY, ERIE LIGHTING COMPANY, SOLAR ELECTRIC COMPANY, YOUGHIOGHENY, HYDRO-ELECTRIC CORPORATION, ASSOCIATED MARYLAND ELECTRIC POWER CORPORATION, AND CENTRAL U. S. UTILITIES COMPANY

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 17th day of December, A. D. 1941.

Notice is hereby given that a declaration and application have been filed with this Commission by the above-named party; and

Notice is further given that any interested person may, not later than December 29, 1941 at 4:45 P. M., E. S. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter, such declaration and application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act, or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested persons are referred to said declaration and application, which are on file in the office of said Commission, for a statement of the transactions therein proposed, which are summarized below:

The proposed transactions are part of a general program for the acquisition by Pennsylvania Electric Company, a subsidiary of Central U. S. Utilities Company, a registered holding company, of the assets of The Clarion River Power Company, a subsidiary of Pennsylvania Electric Company, Erie Lighting Company, a subsidiary of Pennsylvania Electric Company, Solar Electric Company, a subsidiary of Central U. S. Utilities Company, Youghiogheny Hydro-Electric Corporation, a subsidiary of Central U. S. Utilities Company, Associated Maryland Electric Power Corporation, a subsidiary of Central U. S. Utilities Company, and the issuance by Pennsylvania Electric Company of $32,500,000 principal amount of First Mortgage Bonds and $3,400,000 par value of Preferred Stock, the proceeds of which will be used in part for redemption or retirement of all the long term indebtedness and bank loans presently outstanding and to be assumed by the company. Pennsylvania Electric Company also proposes to reclassify its common stock and make certain accounting and other adjustments. For this purpose it is proposed that:

(1) Pennsylvania Electric Company is to authorize the change and conversion of its presently authorized stock into 250,000 shares of $100 par new Preferred Stock and 1,500,000 shares of $25 par Common Stock and thereupon exchange 800,000 shares of the new $25 par Common Stock for the 856,875 shares of no par Common Stock now held by Central U. S. Utilities Company;

(2) Central U. S. Utilities Company is to surrender certain securities of Pennsylvania Electric Company and of its subsidiary, Erie Lighting Company, and acknowledge satisfaction of open account indebtedness of Pennsylvania Electric Company in exchange for the indicated number of new shares of Common Stock of Pennsylvania Electric Company to be issued by such company;

(3) Pennsylvania Electric Company is to acquire the assets subject to liabilities of Logan Light, Heat & Power Company, a subsidiary of NY PA NJ Utilities Company, an associate of Central U. S. Utilities Company;

(4) Youghiogheny Hydro-Electric Corporation is to acquire the fixed assets of Associated Maryland Electric Power Corporation;

(5) Pennsylvania Electric Company is to acquire the assets subject to liabilities of The Clarion River Power Company in consideration of a credit in the amount of $5,184,075.83 on the open account indebtedness owed Pennsylvania Electric Company by The Clarion River Power Company;

(6) Pennsylvania Electric Company is to acquire the assets subject to liabilities of Erie Lighting Company in consideration for the surrender for cancellation of the preference and common stock of Erie Lighting Company held by Pennsylvania Electric Company;

(7) Pennsylvania Electric Company is to acquire the assets subject to liabilities (exclusive of the open account indebtedness and accrued interest owing to Central U. S. Utilities Company) of Solar Electric Company, issuing in consideration therefor 6,894 shares of new Common Stock of Pennsylvania Electric Company;

(8) Pennsylvania Electric Company is to acquire the fixed assets of Youghiogheny Hydro-Electric Corporation including the fixed assets of Associated Maryland Electric Power Corporation, issuing in consideration therefor 184,488 shares of new Common Stock of Pennsylvania Electric Company;

(9) Pennsylvania Electric Company is to issue and sell at public sale, in compliance with Rule U-50, promulgated under the Public Utility Holding Company Act of 1935, the following securities:

$32,500,000 principal amount of First Mortgage Bonds, 34,000 shares of $100 par Cumulative Preferred Stock.

(10) Based on the assumption of the issuance of call notices by January 30, 1942, Pennsylvania Electric Company is to apply the proceeds from the sale of the bonds and Preferred Stock: to reacquire, pay, redeem or otherwise retire all the outstanding long term indebtedness of Pennsylvania Electric Company and Erie Lighting Company and the bank loan of Pennsylvania Electric Company, to pay estimated expenses of consummating proposed transactions and refinancing and to have cash in the amount of $3,087,700.03 available for construction expenditures;

(11) Solar Electric Company and Youghiogheny Hydro-Electric Corporation are to dissolve and will transfer to Central U. S. Utilities Company the new Common stock of Pennsylvania Electric Company acquired through the sale of their assets in consideration for the surrender for cancellation of their own Common Stocks;

(12) Associated Maryland Electric Power Corporation is to dissolve and will transfer its remaining assets to Central U. S. Utilities Company in consideration for the surrender for cancellation of its own Common Stock.

IN THE MATTER OF NY PA NJ UTILITIES COMPANY

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 18th day of December, A. D. 1941.

Notice is hereby given that a declaration and application have been filed with this Commission by the above-named party; and

Notice is further given that any interested person may, not later than December 29, 1941, at 4:45 P. M., E. S. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter, such declaration and application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act, or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested persons are referred to said declaration and application, which are on file in the office of said Commission, for a statement of the transactions therein proposed, which are summarized below:

NY PA NJ Utilities Company, a registered holding company and subsidiary of Denis J. Driscoll and Willard L. Thorp, Trustees of Associated Gas and Electric Corporation, a registered holding company, proposes to effect the following transactions, which together constitute a program under which NY PA NJ Utilities Company will acquire a large amount of its own outstanding bonds and debentures and certain securities of some of its subsidiaries now held by other companies in the system of said Trustees of Associated Gas and Electric Corporation:

1. NY PA NJ Utilities Company proposes to acquire from Shinn & Co., a subsidiary of said Trustees of Associated Gas and Electric Corporation, all the outstanding common stock of The General Finance Corporation;

2. NY PA NJ Utilities Company then proposes to liquidate The General Finance Corporation, acquiring the assets thereof, subject to its liabilities;

3. Upon the acquisition of such assets, which includes all the common stock of Metropolitan Investing Company, NY PA NJ Utilities Company proposes to liquidate Metropolitan Investing Company and acquire all of its assets, subject to its liabilities;

4. NY PA NJ Utilities Company proposes to acquire from its subsidiary, Northern Pennsylvania Power Company, certain bonds and debentures of The Mohawk Valley Company;

5. NY PA NJ Utilities Company proposes to acquire by cancellation, or otherwise, from said Trustees of Associated Gas and Electric Corporation, certain bonds and debentures of its subsidiaries now owned by Associated Utilities Corporation, a subsidiary of said Trustees;

6. NY PA NJ Utilities Company proposes to acquire from Canadea Power Corporation, its subsidiary, certain bonds of the Metropolitan Edison Corporation, also one of its subsidiaries, now owned by Canadea Power Corporation;

7. NY PA NJ Utilities Company proposes to acquire from Staten Island Edison Corporation, a subsidiary of New York State Electric & Gas Corporation, which in turn is a subsidiary of NY PA NJ Utilities Company, certain bonds of Associated Electric Company, a direct subsidiary of said Trustees of Associated Gas and Electric Corporation;

8. NY PA NJ Utilities proposes to acquire from New York State Electric & Gas Corporation, the 2,725 shares of preferred stock of Staten Island Edison Corporation;

9. NY PA NJ Utilities Company proposes to acquire from Staten Island Edison Corporation certain bonds of Associated Electric Company and of The Mohawk Valley Company, now held by Staten Island Edison Corporation;

10. NY PA NJ proposes to acquire from Metropolitan Edison Company certain bonds of Associated Electric Company, including bonds which Metropolitan Edison Company proposes to acquire from Staten Island Edison Corporation;

11. NY PA NJ Utilities Company proposes to acquire from Associated Electric Company and Central U. S. Utilities Company, a registered holding company and subsidiary of Associated Electric Company, certain bonds and debentures of its subsidiaries and of itself now held by such companies.

The applicant-declarant represents that the effects of the proposed transaction will be to facilitate such further steps as may be necessary or desirable for it to take in order to simplify its subholding company system and to provide for its funded and other indebtedness and to reduce materially the number of

cross-holdings of securities among companies in its system and in that of the Trustees of Associated Gas and Electric Corporation.

Before NY PA NJ Utilities Company will be able to effectuate its proposed transactions, it will be necessary for various subsidiaries of Denis J. Driscoll and Willard L. Thorp, Trustees of Associated Gas and Electric Corporation and such Trustees to file applications and/or declarations with the Commission. The present filing is concerned only with such transactions as NY PA NJ Utilities Company proposes to take.

By the Commission.

IN THE MATTER OF STATEN ISLAND EDISON CORPORATION

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 18th day of December, A. D. 1941.

Notice is hereby given that a declaration and application have been filed with this Commission by the above-named party; and

Notice is further given that any interested person may, not later than December 29, 1941 at 4:45 P. M., E. S. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter, such declaration and application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act, or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested persons are referred to said declaration and application, which are on file in the office of said Commission, for a statement of the transactions therein proposed, which are summarized below:

Staten Island Edison Corporation, subsidiary of New York State Electric & Gas Corporation, and indirect subsidiary of NY PA NJ Utilities Company, a registered holding company, and of Denis J. Driscoll and Willard L. Thorp, Trustees of Associated Gas and Electric Corporation, a registered holding company, proposes to sell $3,015,000, principal amount, of Associated Electric Company 4½% Gold Bonds, Refunding Series, due 1956, now owned by it, to NY PA NJ Utilities Company.

The present filing is made in connection with the application-declaration of NY PA NJ Utilities Company (File No. 70-463) and is part of the program by which NY PA NJ Utilities Company will acquire certain securities held by its subsidiaries, and thereby, among other possible effects, reduce the number of cross-holdings of securities among companies in the NY PA NJ Utilities Company system and in that of the Trustees of Associated Gas and Electric Corporation.

By the Commission.

IN THE MATTER OF NORTHERN PENNSYLVANIA POWER COMPANY

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 18th day of December, A. D. 1941.

Notice is hereby given that a declaration and application have been filed with this Commission by the above-named party; and

Notice is further given that any interested person may, not later than December 29, 1941 at 4:45 P. M., E. S. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter, such declaration and application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act, or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested persons are referred to said declaration and application, which are on file in the office of said Commission, for a statement of the transactions therein proposed, which are summarized below:

Northern Pennsylvania Power Company, a subsidiary of NY PA NJ Utilities Company, a registered holding company and an indirect subsidiary of Denis J. Driscoll and Willard L. Thorp, Trustees of Associated Gas and Electric Corporation, a registered holding company, proposes to declare and pay a dividend in kind on its common stock, to its parent, NY PA NJ Utilities Company, in the following treasury securities:

(a) $406,100, principal amount, of The Mohawk Valley Company 6% Consolidated Refunding Gold Bonds, due 1981; and

(b) $53,300, principal amount, of The Mohawk Valley Company 6% Gold Debentures, due 2031.

The present filing is made in connection with the application-declaration of NY PA NJ Utilities Company (File No. 70-463) and is part of the program by which NY PA NJ Utilities Company proposes to acquire certain of its own outstanding bonds and debentures and certain securities of its subsidiaries and thereby, among other possible effects, to facilitate such further steps as may be necessary or desirable for NY PA NJ Utilities Company to take in order to simplify its sub-holding company system.

By the Commission.

UNITED STATES CIVIL SERVICE COMMISSION.

CONDITION OF THE APPORTIONMENT AT CLOSE OF BUSINESS MONDAY, DECEMBER 15, 1941

Important: Although the apportioned classified Civil Service is by law located only in Washington, D. C., it nevertheless includes only about half of the Federal Civilian positions in the District of Columbia. Positions in local post offices, customs districts and other field services outside of the District of Columbia which are subject to the Civil Service Act are filled almost wholly by persons who are local residents of the general community in which the vacancies exist. It should be noted and understood that so long as a person occupies, by original appointment, a position in the apportioned service, the charge for his appointment continues to run against his state of original residence. Certifications of eligibles are first made from states which are in arrears.

FEDERAL REGISTER

VOLUME 6 NUMBER 247

Washington, Saturday, December 20, 1941

The President

EXECUTIVE ORDER

APPOINTING A COMMISSION TO INVESTIGATE THE JAPANESE ATTACK OF DECEMBER 7, 1941, ON HAWAII

Pursuant to the authority in me vested by the Constitution of the United States, I hereby appoint as a commission to ascertain and report the facts relating to the attack made by Japanese armed forces upon the Territory of Hawaii on December 7, 1941, the following:

Associate Justice Owen J. Roberts, United States Supreme Court, Chairman;
Admiral William H. Standley, United States Navy, Retired;
Rear Admiral Joseph M. Reeves, United States Navy, Retired;
Major General Frank R. McCoy, United States Army, Retired;
Brigadier General Joseph T. McNarney, United States Army.

The purposes of the required inquiry and report are to provide bases for sound decisions whether any derelictions of duty or errors of judgment on the part of United States Army or Navy personnel contributed to such successes as were achieved by the enemy on the occasion mentioned, and if so, what these derelictions or errors were, and who were responsible therefor.

The Commission will convene at the call of its Chairman at Washington, D. C., will thereafter proceed with its professional and clerical assistants to Honolulu, Territory of Hawaii, and any other places it may deem necessary to visit for the completion of its inquiry. It will then return to Washington, D. C., and submit its report direct to the President of the United States.

The Commission is empowered to prescribe its own procedure, to employ such professional and clerical assistants as it may deem necessary, to fix the compensation and allowances of such assistants, to incur all necessary expenses for services and supplies, and to direct such travel of members and employees at public expense as it may deem necessary in the accomplishment of its mission. Each of the members of the Commission and each of its professional assistants, including civilian advisers and any Army, Navy, and Marine Corps officers so employed, detailed or assigned shall receive payment of his actual and necessary expenses for transportation, and in addition and in lieu of all other allowances for expenses while absent from the place of his residence or station in connection with the business of the Commission, a per diem allowance of twenty-five dollars. All of the expenses of the Commission shall be paid by Army disbursing officers from allocations to be made to the War Department for that purpose from the Emergency Fund for the President.

All executive officers and agencies of the United States are directed to furnish the Commission such facilities, services, and cooperation as it may request of them from time to time.

(U.S.C., title 34, sec. 212), it is hereby ordered that the Commander in Chief, United States Fleet, shall have supreme command of the operating forces comprising the several fleets of the United States Navy and the operating forces of the naval coastal frontier commands, and shall be directly responsible, under the general direction of the Secretary of the Navy, to the President of the United States therefor.

The staff of the Commander in Chief, United States Fleet, shall be composed of a Chief of Staff and of such officers and agencies as appropriate and necessary to perform duties in general as follows:

(a) Make available for evaluation all pertinent information and naval intelligence;

(b) Prepare and execute plans for current war operations;

(c) Conduct operational duties;

(d) Effect all essential communications;

(e) Direct training essential to carrying out operations;

(f) Serve as personal aides.

The Commander in Chief shall keep the Chief of Naval Operations informed of the logistic and other needs of the operating forces, and in turn the Chief of Naval Operations shall keep the Commander in Chief informed as to the extent to which the various needs can be met. Subject to the foregoing, the duties and responsibilities of the Chief of Naval Operations under the Secretary of the Navy will remain unchanged. The Chief of Naval Operations shall continue to be responsible for the preparation of war plans from the long range point of view.

In order that close liaison may be maintained with the Navy Department, the principal office of the Commander in Chief shall be in the Navy Department unless otherwise directed.

SUBPART—RULES OF PRACTICE AND PROCEDURE GOVERNING PROCEEDINGS TO FORMULATE MARKETING AGREEMENTS AND MARKETING ORDERS

§ 900.1 *Meaning of words.* Words in this subpart in the singular form shall be deemed to import the plural, and vice versa, as the case may demand.*

*§§ 900.1 to 900.17, inclusive, issued under the authority contained in sec. 10 (c), Public Act No. 10, 73rd Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. and Sup., 610 (c)). Statutes interpreted or applied or statutes giving special authority are listed in parentheses at the end of specific sections.

§ 900.2 *Definitions.* As used in this subpart, the terms as defined in the act shall apply with equal force and effect. In addition, unless the context otherwise requires:

(a) The term "act" means Public Act No. 10, 73rd Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. and Sup., 601).

(b) The term "Department" means the United States Department of Agriculture.

(c) The term "Secretary" means the Secretary of Agriculture or any officer or employee of the Department to whom the Secretary has heretofore lawfully delegated, or to whom the Secretary may hereafter lawfully delegate, the authority to act in his stead.

(d) The term "Solicitor" means the Solicitor of the Department.

(e) The term "Administrator" means the Administrator of the Surplus Marketing Administration of the Department.

(f) The term "Administration" means the Surplus Marketing Administration of the Department.

(g) The term "Federal Register" means the publication provided for by the Act of July 26, 1935 (49 Stat. 500), and acts supplementary thereto and amendatory thereof.

(h) The term "hearing" means that part of the proceeding which involves the submission of evidence.

(i) The term "marketing agreement" means any marketing agreement or any amendment thereto which may be entered into pursuant to section 8b of the act.

(j) The term "marketing order" means any order or any amendment thereto which may be issued pursuant to section 8c of the act, and after notice and hearing as required by said section.

(k) The term "proceeding" means a proceeding upon the basis of which a marketing agreement may be entered into or a marketing order may be issued.

(l) The term "hearing clerk" means the hearing clerk, Office of the Solicitor, United States Department of Agriculture, Washington, D. C.

(m) The term "presiding officer" means any employee or employees of the Department designated by the Secretary to preside over hearings under the act.*

§ 900.3 *Proposals.* A marketing agreement or a marketing order may be proposed by the Secretary or by any other person. If any person other than the Secretary proposes a marketing agreement or marketing order, he shall file with the Administrator a written application, together with at least four copies of the proposal, requesting the Secretary to hold a hearing upon the proposal. Upon receipt of such proposal, the Administrator shall cause such investigation to be made and such consideration thereof to be given as, in his opinion, are warranted. If the investigation and consideration lead the Administrator to conclude that the proposed marketing agreement or marketing order will not tend to effectuate the declared policy of the act, and that a hearing should not be held on the proposal, he shall so advise the person who filed the proposal.

If the investigation and consideration lead the Administrator to conclude that the proposed marketing agreement or marketing order will tend to effectuate the declared policy of the act, he shall recommend to the Secretary that a hearing be held upon the proposal. If the Secretary approves the recommendation, or if the Secretary desires to propose a marketing agreement or order, he shall sign and cause to be served a notice of hearing, as hereinafter provided.*

§ 900.4 *Institution of proceeding—*(a) *Filing and contents of the notice of hearing.* The proceeding shall be instituted by filing the notice of hearing with the hearing clerk. The notice of hearing shall define the scope of the hearing as specifically as may be practicable; shall contain the complete text or a summary of the major provisions of any proposed marketing agreement or marketing order which may have been formulated by the Secretary or which may have been filed with the Administrator, as hereinbefore provided in § 900.3; and shall state the industry, area, and class of persons to be regulated, the time and place of such hearing, and the place where copies of such proposed marketing agreement or marketing order may be obtained or examined. The time of the hearing shall not be less than 15 days after the date of publication of the notice in the FEDERAL REGISTER, as hereinafter provided, unless the Secretary shall determine that an emergency exists which requires a shorter period of notice, in which case the period of notice shall be that which the Secretary may determine to be reasonable in the circumstances: *Provided,* That, in the case of hearings on amendments to marketing agreements or marketing orders, the time of the hearing may be less than 15 days but shall not be less than 3 days after the date of publication of the notice in the FEDERAL REGISTER.

(b) *Giving notice of hearing.* (1) Upon the filing of the notice of the hearing, the hearing clerk shall give or cause to be given notice of the hearing in the following manner:

(i) By publication of the notice of hearing in the FEDERAL REGISTER;

(ii) By mailing a true copy of the notice of hearing to each of the persons known to the Administrator to be interested therein;

(iii) By issuing a press release containing the complete text or a summary of the contents of the notice of hearing and making the same available to such newspapers as reasonably will tend to bring the notice to the attention of the persons interested therein;

(iv) By forwarding copies of the notice of hearing addressed to the governors of such of the several States of the United States and to executive heads of such of the Territories and possessions of the United States as the Administrator, having due regard for the subject matter of the proposal and the public interest, shall determine should be notified.

(2) Legal notice of the hearing shall be deemed to be given if notice is given in the manner provided by subparagraph (1) (i) of this paragraph; and failure to give notice in the manner provided in subdivisions (ii), (iii), and (iv) of said subparagraph shall not affect the legality of the notice.

(c) *Proof of the giving of notice.* Proof of the giving of notice (other than by publication in the FEDERAL REGISTER) shall be by the affidavit or certificate of the person giving the same. Such affidavit or certificate shall be filed with the hearing clerk and the filing thereof shall be noted on the docket of the proceeding*. (Paragraph (b), in part, applies 7 U.S.C. and Sup., 608c, (17).)

§ 900.5 *Docket number.* Each proceeding, immediately following its insti-

tution, shall be assigned a docket number by the hearing clerk and thereafter the proceeding may be referred to by such number.*

§ 900.6 *Presiding officers*—(a) *Designation and assignment.* The Secretary shall, from time to time, designate employees of the Department to serve as presiding officers in proceedings under the act. No person who has any pecuniary interest in the outcome of a proceeding shall serve as presiding officer in such proceeding.

(b) *Powers of presiding officers.* Subject to review by the Secretary, as provided elsewhere in this subpart, the presiding officer, in any proceeding assigned to him by the Solicitor, shall have power to:

(1) rule upon motions and requests;
(2) change the time and place of hearing, and adjourn the hearing from time to time or from place to place;
(3) administer oaths and affirmations and take affidavits;
(4) examine and cross-examine witnesses and receive evidence;
(5) admit or exclude evidence;
(6) hear oral argument on facts or law;
(7) do all acts and take all measures necessary for the maintenance of order at the hearing and the efficient conduct of the proceeding.

(c) *Who may act in absence of presiding officer.* In case of the absence, illness, resignation, or death of the presiding officer who has been assigned to a proceeding, or, in case the Solicitor determines that, for other good cause, such presiding officer should not act, the powers and duties to be performed by the presiding officer under these rules of practice in connection with such proceeding may, subject to the provisions of paragraph (a) of this section, be assigned to any other employee of the Department whom the Secretary shall have designated to serve as a presiding officer in proceedings under the act.* (Applies 7 U.S.C., 610 (h).)

§ 900.7 *Motions and requests*—(a) *General.* All motions and requests shall be filed with the hearing clerk, except that those made during the course of a hearing may be filed with the presiding officer or may be stated orally and made a part of the transcript.

The presiding officer is authorized to rule upon all motions and requests filed or made prior to the transmittal of the record to the Secretary as hereinafter provided. The Secretary shall rule upon all motions and requests filed after that time.

(b) *Certification to Secretary.* The submission or certification of any motion, request, objection, or other question to the Secretary prior to the transmittal of the record to the Secretary, as hereinafter provided, shall be in the discretion of the presiding officer.*

§ 900.8 *Conduct of the hearing*—(a) *Time and place.* The hearing shall be held at the time and place fixed in the notice of hearing, unless the presiding officer shall have changed the time or place, in which event the presiding officer shall file with the hearing clerk a notice of such change, which notice shall be given in the same manner as hereinbefore provided in § 900.4 (relating to the giving of notice of the hearing): *Provided,* That, if the change in time or place of hearing is made less than 5 days prior to the date previously fixed for the hearing, the presiding officer, either in addition to or in lieu of causing the notice of the change to be given, shall announce, or cause to be announced, the change at the time and place previously fixed for the hearing.

(b) *Appearances*—(1) *Right to appear.* At the hearing, any interested person shall be given an opportunity to appear, either in person or through his authorized counsel or representative, and to be heard with respect to matters relevant and material to the proceeding. Any interested person who desires to be heard in person at any hearing under these rules shall, before proceeding to testify, state his name, address, and occupation. If any such person is appearing through a counsel or representative, such person or such counsel or representative shall, before proceeding to testify or otherwise to participate in the hearing, state for the record the authority to act as such counsel or representative, and the names and addresses and occupations of such person and such counsel or representative. Any such person or such counsel or representative shall give such other information respecting his appearance as the presiding officer may request.

(2) *Debarment of counsel or representative.* Whenever, while a proceeding is pending before him, the presiding officer finds that a person, acting as counsel or representative for any person participating in the proceeding, is guilty of unethical or unprofessional conduct, the presiding officer may order that such person be precluded from further acting as counsel or representative in such proceeding. An appeal to the Secretary may be taken from any such order, but the proceeding shall not be delayed or suspended pending disposition of the appeal: *Providing,* That the presiding officer may suspend the proceeding for a reasonable time for the purpose of enabling the client to obtain other counsel or other representative.

In case the presiding officer has ordered that a person be precluded from further acting as counsel or representative in the proceeding, the presiding officer, within a reasonable time thereafter, shall submit to the Secretary a report of the facts and circumstances surrounding such order and shall recommend what action the Secretary should take respecting the appearance of such person as counsel or representative in other proceedings before the Secretary. Thereafter the Secretary may, after notice and an opportunity for hearing, issue such order, respecting the appearance of such person as counsel or representative in proceedings before the Secretary, as the Secretary finds to be appropriate.

(3) *Failure to appear.* If any interested person fails to appear at the hearing, he shall be deemed to have waived the right to be heard in the proceeding.

(c) *Order of procedure.* The presiding officer shall have noted on the record his designation as presiding officer and the notice of the hearing as filed with the Division of the Federal Register, National Archives. This shall be done by filing as an exhibit for the record a copy of the FEDERAL REGISTER containing such designation and such notice, or a duly certified copy of such designation and notice.

Evidence shall then be received with respect to the matters specified in the notice of the hearing in such order as the presiding officer shall announce.

(d) *Evidence*—(1) *In general.* The hearing shall be publicly conducted, and the testimony given at the hearing shall be reported verbatim.

Every witness shall, before proceeding to testify, be sworn or make affirmation. Cross-examination shall not be permitted, except in the discretion of the presiding officer.

When necessary, in order to prevent undue prolongation of the hearing, the presiding officer may limit the number of times any witness may testify to the same matter or the amount of corroborative or cumulative evidence.

The presiding officer shall, insofar as practicable, exclude evidence which is immaterial, irrelevant, or unduly repetitious, or which is not of the sort upon which responsible persons are accustomed to rely.

(2) *Objections.* If a party objects to the admission or rejection of any evidence or to any other ruling of the presiding officer during the hearing, he shall state briefly the grounds of such objection, whereupon an automatic exception will follow if the objection is overruled by the presiding officer. The transcript shall not include argument or debate thereon except as ordered by the presiding officer. The ruling of the presiding officer on any objection shall be a part of the transcript.

Only objections made before the presiding officer may subsequently be relied upon in the proceeding.

(3) *Affidavits.* Affidavits, if relevant and material, shall be received and marked as exhibits, provided they are filed with the presiding officer before the close of the hearing. Every interested person shall be permitted to examine all affidavits which have been so filed and to file counter-affidavits with the presiding officer within a period of time (to be fixed by the presiding officer) not more than 5 days following the close of the hearing. In any event, the Secretary shall consider the lack of opportunity for examination in determining the weight to be attached to statements made in the form of affidavits.

(4) *Proof and authentication of official records or documents.* An official record or document, when admissible for any purpose, shall be admissible as evidence without the production of the person who made or prepared the same. Such record or document shall, in the discretion of the presiding officer, be evidenced by an official publication thereof or by a copy attested by the person having legal custody thereof and accompanied by a certificate that such person has the custody.

(5) *Exhibits.* All written statements, charts, tabulations, or similar data offered in evidence at the hearing shall, after identification by the proponent and upon satisfactory showing of the authenticity, relevancy, and materiality of the contents thereof, be numbered as exhibits and received in evidence and made a part of the record. Such exhibits (including affidavits) shall be submitted in quadruplicate and in documentary form. In case the required number of copies is not made available, the presiding officer shall exercise his discretion as to whether said exhibits shall, when practicable, be read in evidence or whether additional copies shall be required to be submitted within a time to be specified by the presiding officer. If the testimony of a witness refers to a statute, or to a report or document (including the record of any previous hearing), the presiding officer, after inquiry relating to the identification of such statute, report, or document, shall determine whether the same shall be produced at the hearing and physically be made a part of the evidence as an exhibit, or whether it shall be incorporated into the evidence by reference. If relevant and material matter offered in evidence is embraced in a report or document (including the record of any previous hearing) containing immaterial or irrelevant matter, such immaterial or irrelevant matter shall be excluded and shall be segregated insofar as practicable, subject to the direction of the presiding officer.

(6) *Official notice.* Official notice will be taken of such matters as are judicially noticed by the courts of the United States and of any other matter of technical, scientific, or commercial fact of established character.

(7) *Offer of proof.* Whenever evidence is excluded from the record, the party offering such evidence may make an offer of proof, which shall be included in the transcript. The offer of proof shall consist of a brief statement describing the evidence to be offered. If the evidence consists of a brief oral statement or of an exhibit, it shall be inserted into the transcript *in toto.* In such event, it shall be considered a part of the transcript if the Secretary decides that the presiding officer's ruling in excluding the evidence was erroneous. The presiding officer shall not allow the insertion of such evidence *in toto* if the taking of such evidence will consume a considerable length of time at the hearing. In the latter event, if the Secretary decides that the presiding officer erred in excluding the evidence, and that such error was substantial, the hearing shall be reopened to permit the taking of such evidence.*

§ 900.9 *Oral and written arguments*—(a) *Oral argument before presiding officer.* Oral argument before the presiding officer shall be in the discretion of the presiding officer. Such argument, when permitted, may be limited by the presiding officer to any extent that he finds necessary for the expeditious disposition of the proceeding and shall be reduced to writing and made part of the transcript.

(b) *Briefs.* The presiding officer shall announce at the hearing a reasonable period of time within which interested persons may file with the hearing clerk written arguments or briefs based upon the evidence received at the hearing, citing, where practicable, the page or pages of the transcript of the testimony where such evidence appears. Factual material, other than that adduced at the hearing, shall not appear in or be alluded to in briefs, and, in any case, shall not be considered in the formulation of the marketing agreement or marketing order. If the person filing a brief desires the Secretary to consider any objection made by such person to a ruling of the presiding officer, as hereinbefore provided in § 900.8 (d), he shall include in the brief a concise statement concerning each such objection, referring, where practicable, to the pertinent pages of the transcript.*

§ 900.10 *Filing the transcript of testimony.* The presiding officer shall notify the hearing clerk of the close of a hearing as soon as possible thereafter and of the time for filing written arguments or briefs and shall furnish the hearing clerk with such other information as may be necessary. As soon as possible after the hearing, the presiding officer shall transmit to the hearing clerk an original and three copies of the transcript of the testimony and the original and all copies of the exhibits not already on file in the office of the hearing clerk. He shall attach to the original transcript of testimony his certificate stating that, to the best of his knowledge and belief, the transcript is a true transcript of the testimony given at the hearing except in such particulars as he shall specify; and that the exhibits transmitted are all the exhibits as introduced at the hearing with such exceptions as he shall specify. A copy of such certificate shall be attached to each of the copies of the transcript of testimony. In accordance with such certificate the hearing clerk shall note upon each copy of the transcript each correction detailed therein by adding or crossing out (but without obscuring the text as originally transcribed) at the appropriate place any words necessary to make the same conform to the correct meaning, as certified by the presiding officer.*

§ 900.11 *Copies of the transcript.* A copy of the transcript shall be kept on file in the office of the hearing clerk, where it shall be available for examination during official hours of business, but such copy shall remain the property of the Department and may not be removed from said office.

If a personal copy of the transcript is desired, such copy may be obtained upon written application filed with the reporter, and upon payment of fees at the rate (if any) provided in the contract between the reporter and the Secretary.*

§ 900.12 *The Administrator's report.* As soon as practicable following the termination of the period allowed for the filing of written arguments or briefs, the Administrator shall cause to be prepared for his signature and shall file with the hearing clerk a report. Such report shall be prepared by the personnel of the Administration through which such marketing agreement or marketing order, or both, if executed or issued, would be administered.

(a) *In proceedings relating to milk and its products*—(1) *Form and disposition of the Administrator's report.* In proceedings relating to milk or its products, the Administrator's report shall include: (i) a preliminary statement containing a description of the history of the proceeding, a brief explanation of the major issues developed at the hearing, and proposed conclusions with respect to such issues; and (ii) a proposed marketing agreement or marketing order, or both, as the case may be, based upon the evidence introduced at the hearing, if it is concluded that such an agreement or order should be proposed. Immediately following the filing of such report with the hearing clerk, notice thereof (together with notice of the date fixed by the Administrator for the filing of exceptions thereto as provided in subparagraph (2) of this paragraph) shall be given in the same manner as hereinbefore provided in § 900.4 (relating to the giving of notice of the hearing).

(2) *Exceptions.* Within a period of time (to be fixed by the Administrator but not to exceed 20 days) after the filing of the report with the hearing clerk, any interested person may file exceptions to the Administrator's proposed marketing agreement or marketing order, or both, as the case may be, and a brief in support of such exceptions. Any such person who desires to take exception shall transmit his exceptions, in writing, to the hearing clerk, referring, where practicable, to the relevant pages of the transcript and suggesting appropriate changes in the proposed marketing agreement or marketing order.

(b) *In proceedings relating to other commodities.* In proceedings relating to agricultural commodities other than milk and its products, the Administrator's report shall have the same content as is

required (in paragraph (a) (1) of this section) of reports in proceedings relating to milk and its products. Except as the Administrator may direct otherwise, however, (in which event the provisions of paragraph (a) (1) and (2) of this section shall be applicable) notice of his report shall not be given, nor shall opportunity be given to file exceptions thereto.*

§ 900.13 *Submission to Secretary—*(a) *In proceedings relating to milk and its products.* In proceedings relating to milk and its products, immediately following the termination of the period for the filing of exceptions to the Administrator's proposed marketing agreement or marketing order, or both, the Administrator shall cause to be prepared (by the personnel of the appropriate division of the Administration) for his signature, and shall file with the hearing clerk, such revision of the Administrator's report as he shall deem to be appropriate in view of the exceptions. Promptly upon the filing of the revision of the Administrator's report, or upon notification by the Administrator that no revision will be made, the hearing clerk shall transmit to the Secretary the record of the proceeding. Such record shall include: all motions and requests filed with the hearing clerk, and rulings thereon; the transcript of the testimony taken at the hearing, together with the exhibits filed therein; any written arguments or briefs that may have been filed in connection with the hearing; the Administrator's report; such exceptions, and briefs in support thereof, as may have been filed pursuant to § 900.12 (a) (2); a statement containing an analysis of any such exceptions filed; and the Administrator's revised report, if any revision is made.

(b) *In proceedings relating to other commodities.* In proceedings relating to agricultural commodities other than milk and its products, the hearing clerk, immediately following the filing of the Administrator's report, shall transmit to the Secretary the record of the proceeding. Such record shall include: all motions and requests filed with the hearing clerk and rulings thereon; the transcript of the testimony taken at the hearing, together with the exhibits filed therein; any written arguments or briefs as may have been filed in connection with the hearing; and the Administrator's report: *Provided, however,* That, if the Administrator has directed that opportunity be given to file exceptions to his proposed marketing agreement or marketing order, or both, as provided in § 900.12 (b), the Administrator may, after receiving and considering exceptions, cause to be prepared and included in the record of the proceeding a revision of his proposed marketing agreement or marketing order in the same manner as is provided in paragraph (a) of this section, and the record shall include any exceptions, and briefs in support thereof, that may have been filed, and a statement containing an analysis of any exceptions filed.*

§ 900.14 *Execution of marketing agreement and issuance of marketing order—*(a) *Execution of marketing agreements.* If, after due consideration of the record, the Secretary decides to approve a marketing agreement, he shall announce his tentative approval thereof, and the marketing agreement shall thereupon be filed in the office of the hearing clerk, where a copy thereof shall be available for public inspection, and the Administrator shall distribute other copies thereof for execution by the handlers eligible to become parties thereto. If and when such number of the handlers as the Secretary shall deem to be sufficient shall have executed the marketing agreement, the Secretary shall execute the same, and notice of its effective date shall be mailed to each person signatory thereto. A marketing agreement shall be effective and binding upon any party thereto even though such party may not have received the notice herein provided, or the hearing clerk may have failed to mail such notice.

(b) *Issuance of marketing order with marketing agreement.* Whenever, as provided in paragraph (a) of this section, the Secretary executes a marketing agreement, and the requisite number of handlers shall have executed the same, he may also issue a marketing order, which shall regulate the commodity or product involved in the same manner as such marketing agreement: *Provided,* That the issuance of such order, and all of its terms and conditions, shall have been approved or favored by producers in the number and manner required by the act.

(c) *Issuance of marketing order without marketing agreement—*(1) *When issuable.* If, despite the refusal or failure of the requisite number of handlers to sign the marketing agreement, the Secretary, with the approval of the President, makes the determinations required under section 8c (9) of the act, and if the Secretary finds, upon the evidence introduced at the hearing, that the issuance of a marketing order, and all of the terms and conditions of such marketing order, will tend to effectuate the declared policy of the act, the Secretary shall issue such order.

(2) *Effective date of marketing order.* No marketing order issued pursuant to this paragraph shall become effective less than 3 days after it has been filed with the Division of the Federal Register, National Archives, and, unless a greater number of days is prescribed in a marketing order, such order shall become effective 3 days after it has been so filed.

(3) *Notice of issuance.* After issuance of a marketing order, it shall be filed with the hearing clerk, and notice thereof, together with notice of the effective date, shall be given in the same manner as hereinbefore provided in § 900.4 (relating to the giving of notice of hearing).*

§ 900.15 *Filing; extensions of time; effective date of filing; and computation of time—*(a) *Filing, number of copies.* Except as is provided otherwise herein, all documents or papers required or authorized by the foregoing provisions of this subpart to be filed with the hearing clerk shall be filed in quadruplicate. Any document or paper, so required or authorized to be filed with the hearing clerk, shall, during the course of an oral hearing, be filed with the presiding officer.

(b) *Extensions of time.* The time for the filing of any document or paper required or authorized by the foregoing provisions of this subpart to be filed may be extended by the presiding officer (before the record is transmitted to the Secretary) or by the Secretary (after the record is transmitted to the Secretary), upon request filed, and if, in the judgment of the presiding officer or the Secretary, as the case may be, there is good reason for the extension.

(c) *Effective date of filing.* Any document or paper required or authorized by the foregoing provisions of this subpart to be filed shall be deemed to be filed when it is postmarked or when it is received by the hearing clerk.

(d) *Computation of time.* Sundays and Federal holidays shall be included in computing the time allowed for the filing of any document or paper: *Provided,* That, when such time expires on a Sunday or legal holiday, such period shall be extended to include the next following business day.*

§ 900.16 *Discussion of issues, etc., of proceeding prohibited.* Except as may be provided otherwise in this subpart, no officer or employee of the Department shall, following the close of the hearing in a marketing agreement or marketing order proceeding and prior to the execution of a marketing agreement or the issuance of a marketing order therein, discuss the issues, merits, or evidence involved in the proceeding with any person interested in the result of the proceeding or with any representative of such person: *Provided, however,* That the provisions of this section shall not preclude an officer or employee who has been duly assigned to, or who has supervision over, a proceeding from discussing with interested persons or their representatives matters of procedure in connection with such proceeding. Insofar as the provisions of this section are inconsistent with the provisions of Regulation 1544 of the publication entitled "Regulations of the U. S. Department of Agriculture," the provisions of this section shall prevail.*

§ 900.17 *Additional documents to be filed with hearing clerk.* In addition to the documents or papers required or authorized by the foregoing provisions of this subpart to be filed with the hearing clerk, the hearing clerk shall receive for filing and shall have custody of all papers, reports, records, orders, and other documents which relate to the administration of any marketing agreement or

marketing order and which the Secretary is required to issue or to approve.*

SUBPART—RULES OF PRACTICE GOVERNING PROCEEDINGS ON PETITIONS TO MODIFY OR TO BE EXEMPTED FROM MARKETING ORDERS

§ 900.50 *Meaning of words.* Words in this subpart in the singular form shall be deemed to import the plural, and vice versa, as the case may demand.*

*§§ 900.50 to 900.69, inclusive, issued under the authority contained in secs. 8c (15) (A) and 10 (c) of Public Act No. 10, 73rd Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. and Sup., 608c (15) (A) and 610 (c)). Statutes interpreted or applied and statutes giving special authority are listed in parentheses at the end of specific sections.

§ 900.51 *Definitions.* As used in this subpart, the terms as defined in the act shall apply with equal force and effect. In addition, unless the context otherwise requires:

(a) The term "act" means Public Act No. 10, 73rd Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. and Sup. 601);

(b) The term "Department" means the United States Department of Agriculture;

(c) The term "Secretary" means the Secretary of Agriculture or any officer or employee of the Department to whom the Secretary has heretofore lawfully delegated, or to whom the Secretary may hereafter lawfully delegate, the authority to act in his stead;

(d) The term "Solicitor" means the Solicitor of the Department;

(e) The term "Administrator" means the Administrator of the Surplus Marketing Administration of the Department;

(f) The term "Administration" means the Surplus Marketing Administration of the Department;

(g) The term "Federal Register" means the publication provided for by the Act of July 26, 1935 (49 Stat. 500), and acts supplementary thereto and amendatory thereof;

(h) The term "marketing order" means any order or any amendment thereto which may be issued pursuant to section 8c of the act;

(i) The term "handler" means any person who, by the terms of a marketing order, is subject thereto, or to whom a marketing order is sought to be made applicable;

(j) The term "proceeding" means a proceeding before the Secretary arising under subsection (15) (A) of section 8c of the act;

(k) The term "hearing" means that part of the proceeding which involves the submission of evidence;

(l) The term "party" includes the Department;

(m) The term "hearing clerk" means the hearing clerk, Office of the Solicitor, United States Department of Agriculture, Washington, D. C.;

(n) The term "presiding officer" means any employee of the Department designated by the Secretary to preside over hearings under the act;

(o) The term "presiding officer's report" means the presiding officer's report to the Secretary and includes the presiding officer's proposed findings of fact, proposed conclusions, and proposed order.*

§ 900.52 *Institution of proceeding—*(a) *Filing and service of petition.* Any handler desiring to complain that any marketing order or any provision of any such order or any obligation imposed in connection therewith is not in accordance with law, shall file with the hearing clerk, in quadruplicate, a petition in writing addressed to the Secretary. Promptly upon receipt of the petition, the hearing clerk shall transmit a true copy thereof to the Administrator and the Solicitor, respectively.

(b) *Contents of petition.* A petition shall contain:

(1) The correct name, address, and principal place of business of the petitioner. If petitioner is a corporation, such fact shall be stated, together with the name of the State of incorporation, the date of incorporation, and the names, addresses, and respective positions held by its officers and directors; if an unincorporated association, the names and addresses of its officers, and the respective positions held by them; if a partnership, the name and address of each partner;

(2) Reference to the specific terms or provisions of the order, or the interpretation or application thereof, which are complained of;

(3) A full statement of the facts (avoiding a mere repetition of detailed evidence) upon which the petition is based, and which it is desired that the Secretary consider, setting forth clearly and concisely the nature of the petitioner's business and the manner in which petitioner claims to be affected by the terms or provisions of the order, or the interpretation or application thereof, which are complained of;

(4) A statement of the grounds on which the terms or provisions of the order, or the interpretation or application thereof, which are complained of, are challenged as not in accordance with law;

(5) Prayers for the specific relief which the petitioner desires the Secretary to grant;

(6) An affidavit by the petitioner, or, if the petitioner is not an individual, by an officer of the petitioner having knowledge of the facts stated in the petition, verifying the petition and stating that it is filed in good faith and not for purposes of delay.

(c) *Insufficient petitions; amendments.* The hearing hereinafter provided for shall be held only upon a petition, or the portion thereof, which, as determined by the Administrator and approved by the Solicitor, raises a question whether a marketing order, or any term or provision thereof, or any obligation imposed in connection therewith, is in accordance with law. If the Administrator, with the approval of the Solicitor, finds that any petition does not substantially comply, in form and content, with the act or the regulations in this promulgated thereunder, or is not filed in good faith or is filed for purposes of delay, the Administrator shall so notify the petitioner, and the Administrator shall, in the name of the Secretary, dismiss the petition without further procedure: *Provided,* That the petitioner shall be permitted, within 10 days following the mailing of the notice of the insufficiency of the petition, to file a supplemental or an amended petition which does substantially comply, in form and content, with the act and said regulations.* (Paragraph (a) of this section applies subsection (15) (A) of sec. 8c of the act; 7 U.S.C. and Sup., 608c, (15) (A).)

§ 900.53 *Withdrawal of petition.* If, at any time after the petition is filed, the petitioner desires to withdraw the same, he shall file with the hearing clerk (or, if filed during the course of a hearing, with the presiding officer) a written request for permission to withdraw. The Secretary may, in his discretion, thereupon dismiss the petition without further procedure: *Provided,* That, if the request to withdraw is filed after a hearing has been opened, permission to withdraw shall be granted only in exceptional circumstances.*

§ 900.54 *Docket number.* Each proceeding, immediately following its institution, shall be assigned a docket number by the hearing clerk and thereafter the proceeding may be referred to by such number.*

§ 900.55 *Presiding officers—*(a) *Designation and assignment.* The Secretary shall, from time to time, designate employees of the Department to serve as presiding officers in proceedings under the act. No person who (1) has any pecuniary interest in the outcome of the proceeding or (2) has participated in the investigation preceding the institution of the proceeding shall serve as presiding officer in such proceeding.

(b) *Status and conduct.* In the discharge of his duties in connection with any proceeding to which he has been assigned, the presiding officer shall be subject to the direction and control of the Secretary only, although he may avail himself of the advice of the Solicitor on questions of law or procedure. He shall conduct such proceeding in a fair and impartial manner and shall not discuss *ex parte* the merits of the proceeding with any person who is or who has been connected in any manner with the proceeding in an advocative or investigative capacity.

(c) *Powers of presiding officers.* Subject to review by the Secretary, as provided elsewhere in this subpart, the pre-

siding officer, in any proceeding assigned to him by the Solicitor, shall have power to:

(1) Rule upon motions and requests;

(2) Adjourn the hearing from time to time, and change the time and place of hearing;

(3) Administer oaths and affirmations and take affidavits;

(4) Issue subpenas, under the facsimile signature of the Secretary, requiring the attendance and testimony of witnesses and the production of books, records, contracts, papers, and other documentary evidence;

(5) Summon and examine witnesses and receive evidence;

(6) Take or order, under the facsimile signature of the Secretary, the taking of depositions;

(7) Admit or exclude evidence;

(8) Hear oral argument on facts or law;

(9) Consolidate hearings upon two or more petitions pertaining to the same order;

(10) Do all acts and take all measures necessary for the maintenance of order at the hearing and the efficient conduct of the proceeding.

(d) *Who may act in absence of presiding officer.* In case of the absence, illness, resignation, or death of the presiding officer who has been assigned to a proceeding, or, in case the Solicitor determines that, for other good cause, such presiding officer should not act, the powers and duties to be performed by him under these rules of practice in connection with such proceeding may, subject to the provisions of paragraph (a) of this section, be assigned to any other employee of the Department whom the Secretary shall have designated to serve as a presiding officer in proceedings under the act.* (Interprets and applies subsection (h) of sec. 10 of the act; 7 U.S.C., 610 (h).)

§ 900.56 *Consolidated hearings.* At the discretion of the Solicitor or the presiding officer, hearings upon two or more petitions pertaining to the same order may be consolidated, and the evidence taken at such consolidated hearing may be embodied in a single record.*

§ 900.57 *Intervention.* Intervention in proceedings subject to this subpart shall not be allowed, except that, in the discretion of the Secretary or the presiding officer, any person (other than the petitioner) showing a substantial interest in the outcome of a proceeding shall be permitted to participate in the oral argument and to file a brief.*

§ 900.58 *Prehearing conferences.* In any proceeding in which it appears that such procedure will expedite the proceeding, the presiding officer, at any time prior to the commencement of or during the course of the hearing, may request the parties or their counsel to appear at a conference before him to consider (a) the simplification of issues; (b) the possibility of obtaining stipulations of fact and of documents which will avoid unnecessary proof; (c) the limitation of the number of expert or other witnesses; and (d) such other matters as may expedite and aid in the disposition of the proceeding. No transcript of such conference shall be made, but the presiding officer shall prepare and file for the record a written summary of the action taken at the conference, which shall incorporate any written stipulations or agreements made by the parties at the conference or as a result of the conference. If the circumstances are such that a conference is impracticable, the presiding officer may request the parties to correspond with him for the purpose of accomplishing any of the objects set forth in this section. The presiding officer shall forward copies of letters and documents to the parties as the circumstances require. Correspondence in such negotiations shall not be a part of the record, but the presiding officer shall submit a written summary for the record if any action is taken.*

§ 900.59 *Motions and requests*—(a) *General.* All motions and requests shall be filed with the hearing clerk, except that those made during the course of an oral hearing may be filed with the presiding officer or may be stated orally and made a part of the transcript.

The presiding officer is authorized to rule upon all motions and requests filed or made prior to the transmittal by the hearing clerk to the Secretary of the record as hereinafter provided. The Secretary shall rule upon all motions and requests filed after that time.

(b) *Certification of motions.* The submission or certification of any motion, request, objection, or other question to the Secretary prior to the transmittal of the record to the Secretary, as hereinafter provided, shall be in the discretion of the presiding officer.*

§ 900.60 *Oral hearings before presiding officer*—(a) *Time and place.* The Solicitor or the presiding officer shall set a time and place for hearing and shall file with the hearing clerk a notice stating the time and place of hearing. If any change in the time or place of hearing becomes necessary, it shall be made by the presiding officer, who, in such event, shall file with the hearing clerk a notice of the change. Such notice shall be served upon the parties, unless it is made during the course of an oral hearing and made a part of the transcript.

(b) *Appearances*—(1) *Representation.* In any proceeding under the act, the parties may appear in person or by counsel or other representative. The Department, if represented by counsel, shall be represented by an attorney assigned by the Solicitor of the Department, and such attorney shall present or supervise the presentation of the position of the Department.

(2) *Debarment of counsel or representative.* Whenever, while a proceeding is pending before him, the presiding officer finds that a person acting as counsel or representative for any party to the proceeding is guilty of unethical or unprofessional conduct, the presiding officer may order that such person be precluded from further acting as counsel or representative in such proceeding. An appeal to the Secretary may be taken from any such order, but the proceeding shall not be delayed or suspended pending disposition of the appeal: *Provided,* That the presiding officer may suspend the proceeding for a reasonable time for the purpose of enabling the client to obtain other counsel or representative.

In case the presiding officer has issued an order precluding a person from further acting as counsel or representative in the proceeding, the presiding officer, within a reasonable time thereafter, shall submit to the Secretary a report of the facts and circumstances surrounding the issuance of the order and shall recommend what action the Secretary should take respecting the appearance of such person as counsel or representative in other proceedings before the Secretary. Thereafter, the Secretary may, after notice and an opportunity for hearing, issue such order respecting the appearance of such person as counsel or representative in proceedings before the Secretary as the Secretary finds to be appropriate.

(3) *Failure to appear.* If the petitioner, after being duly notified, fails to appear at the hearing, he shall be deemed to have authorized the Secretary, without further procedure, to dismiss the proceeding with or without prejudice, as the Secretary may determine. In the event that the petitioner appears at the hearing and no representative of the Department appears, the presiding officer shall proceed *ex parte* to hear the evidence of the petitioner: *Provided,* That failure on the part of such representative of the Department to appear at a hearing shall not be deemed to be a waiver of the Department's right to file suggested findings of fact, conclusions, and order; to be served with a copy of the presiding officer's report; and to file exceptions with and to submit argument before the Secretary with respect thereto.

(c) *Order of proceeding.* Except as may be determined otherwise by the presiding officer, the petitioner shall proceed first at the hearing.

(d) *Evidence*—(1) *In general.* The hearing shall be publicly conducted, and the testimony given at the hearing shall be reported verbatim.

The testimony of witnesses at a hearing shall be upon oath or affirmation and subject to cross-examination.

Any witness may, in the discretion of the presiding officer, be examined separately and apart from all other witnesses except those who may be parties to the proceeding.

The presiding officer shall exclude, insofar as practicable, evidence which is immaterial, irrelevant, or unduly repetitious, or which is not of the sort upon which responsible persons are accustomed to rely.

(2) *Objections.* If a party objects to the admission or rejection of any evidence or to the limitation of the scope of any examination or cross-examination, he shall state briefly the grounds of such objection, whereupon an automatic exception will follow if the objection is overruled by the presiding officer. The transcript shall not include argument or debate thereon, except as ordered by the presiding officer. The ruling of the presiding officer on any objection shall be a part of the transcript.

Only objections made before the presiding officer may subsequently be relied upon in the proceeding.

(3) *Depositions.* The deposition of any witness shall be admitted, in the manner hereinafter provided in and subject to the provisions of § 900.61.

(4) *Affidavits.* Except as is otherwise provided in this subpart, affidavits may be admitted only if the evidence is otherwise admissible and the parties agree (which may be determined by their failure to make timely objections) that affidavits may be used.

(5) *Proof and authentication of official records or documents.* An official record or document, when admissible for any purpose, shall be admissible in evidence without the production of the person who made or prepared the same. Such record or document shall, in the discretion of the presiding officer, be evidenced by an official publication thereof or by a copy attested by the person having legal custody thereof and accompanied by a certificate that such person has the custody.

(6) *Exhibits.* All written statements, charts, tabulations, or similar data offered in evidence at the hearing shall, after identification by the proponent and upon a satisfactory showing of the admissibility of the contents thereof, be numbered as exhibits and received in evidence and made a part of the record. Except where the presiding officer finds that the furnishing of copies is impracticable, a copy of each exhibit, in addition to the original, shall be filed with the presiding officer for the use of each other party to the proceeding. The presiding officer shall advise the parties as to the exact number of copies which will be required to be filed and shall make and have noted on the record the proper distribution of the copies.

If the testimony of a witness refers to a statute, or to a report, document, or transcript, the presiding officer, after inquiry relating to the identification of such statute, report, document, or transcript, shall determine whether the same shall be produced at the hearing and physically be made a part of the evidence as an exhibit, or whether it shall be incorporated into the evidence by reference. If relevant and material matter offered in evidence is embraced in a report, document or transcript containing immaterial or irrelevant matter, such immaterial or irrelevant matter shall be excluded and shall be segregated insofar as practicable, subject to the direction of the presiding officer.

(7) *Official notice.* Official notice will be taken of such matters as are judicially noticed by the courts of the United States and of any other matter of technical, scientific, or commercial fact of established character: *Provided,* That the parties shall be given adequate notice, at the hearing or by reference in the presiding officer's report or the tentative order or otherwise, of matters so noticed, and (except where official notice is taken, for the first time in the proceeding, in the final order) shall be given adequate opportunity to show that such facts are erroneously noticed.

(8) *Offer of proof.* Whenever evidence is excluded from the record, the party offering such evidence may make an offer of proof, which shall be included in the transcript. The offer of proof shall consist of a brief statement describing the evidence to be offered. If the evidence consists of a brief oral statement or of an exhibit, it shall be inserted into the transcript *in toto.* In such event, it shall be considered a part of the transcript if the Secretary decides that the presiding officer's ruling in excluding the evidence was erroneous. The presiding officer shall not allow the insertion of such evidence *in toto* if the taking of such evidence will consume a considerable length of time at the hearing. In the latter event, if the Secretary decides that the presiding officer erred in excluding the evidence, and that such error was substantial, the hearing shall be reopened to permit the taking of such evidence.

(e) *Oral argument before presiding officer.* Oral argument before the presiding officer shall be allowed unless the presiding officer finds that the denial of such argument will not deprive the parties of an adequate opportunity for oral argument subsequently in the proceeding. Such argument may be limited by the presiding officer to any extent that he finds necessary for the expeditious disposition of the proceeding and shall be reduced to writing and made part of the transcript.

(f) *Transcript.* A copy of the transcript shall be kept on file in the office of the hearing clerk, where it shall be available for examination during official hours of business. Such copy shall remain the property of the Department and may not be removed from said office.

If a personal copy of the transcript is desired, such copy may be obtained upon written application filed with the reporter, and upon payment of fees at the rate (if any) provided in the contract between the reporter and the Secretary.*

§ 900.61 *Depositions*—(a) *Procedure in lieu of deposition.* Before any party may be entitled to have testimony taken by deposition, such party shall submit to the other party an affidavit which shall set forth the facts to which the witness would testify, if the deposition should be taken. If, after examination of such affidavit, the other party agrees, or (within 10 days after submission of the affidavit) fails to object, that the affidavit may be used in lieu of the deposition, the presiding officer shall admit the affidavit in evidence and shall not order the deposition to be taken.

(b) *Application for taking deposition.* Upon the application of a party to the proceeding, the presiding officer may, at any time after the filing of the moving paper, order, under the facsimile signature of the Secretary, the taking of testimony by deposition. The application shall be in writing and shall be filed with the hearing clerk and shall set forth: (1) the name and address of the proposed deponent; (2) the name and address of the person (referred to hereinafter in this section as the "officer"), qualified under the rules in this part to take depositions, before whom the proposed examination is to be made; (3) the proposed time and place of the examination, which shall be at least 15 days after the date of the mailing of the application; and (4) the reasons why such deposition should be taken.

(c) *Presiding officer's order for taking deposition.* If, after the examination of the application, the presiding officer is of the opinion that the deposition should be taken, he shall order its taking. The order shall be filed with the hearing clerk and shall be served upon the parties and shall state: (1) the time and place of the examination (which shall not be less than 10 days after the filing of the order); (2) the name of the officer before whom the examination is to be made; (3) the name of the deponent. The officer and the time and place need not be the same as those suggested in the application.

(d) *Qualifications of officer.* The deposition shall be taken before the presiding officer, or before an officer authorized by the law of the United States or by the law of the place of the examination to administer oaths, or before an officer authorized by the Secretary to administer oaths.

(e) *Procedure on examination.* The deponent shall be examined under oath or affirmation and shall be subject to cross-examination. The testimony of the deponent shall be recorded by the officer or by some person under his direction and in his presence. In lieu of oral examination, parties may transmit written interrogatories to the officer prior to the examination and the officer shall propound such interrogatories to the deponent.

The applicant must arrange for the examination of the witness either by oral examination or by written interrogatories. If it is found by the presiding officer, upon the protest of a party to the proceeding, that such party has his residence and his place of business more than 100 miles from the place of the examination and that it would constitute an undue hardship upon such party to be represented at the examination, the applicant will be required to conduct the examination by means of interrogatories. When the examination is conducted by means of interrogatories, copies of the interrogatories shall be served upon the

other parties to the proceeding at least five days prior to the date set for the examination, and the other parties shall be afforded an opportunity to file with the officer cross-interrogatories at any time prior to the time of the examination.

(f) *Certification by officer.* The officer shall certify on the deposition that the deponent was duly sworn by him and that the deposition is a true record of the deponent's testimony. He shall then securely seal the deposition, together with two copies thereof, in an envelope and mail the same by registered mail to the hearing clerk.

(g) *Use of depositions.* A deposition ordered and taken in accord with the provisions of this section may be used in a proceeding under the act if the presiding officer finds that the evidence is otherwise admissible and (1) that the witness is dead; or (2) that the witness is at a distance greater than 100 miles from the place of hearing, unless it appears that the absence of the witness was procured by the party offering the deposition; or (3) that the witness is unable to attend or testify because of age, sickness, infirmity, or imprisonment; or (4) that the party offering the deposition has endeavored to procure the attendance of the witness by subpena but has been unable to do so; or (5) that such exceptional circumstances exist as to make it desirable, in the interests of justice, to allow the deposition to be used. If a deposition has been taken, and the party upon whose application it was taken refuses to offer it in evidence, the other party may offer the deposition, or any part thereof, in evidence.* (Applies sec. 9, 38 Stat. 722; 15 U.S.C. 49; made applicable by subsection (h) of sec. 10 of the act; 7 U.S.C. 610 (h).)

§ 900.62 *Subpenas—*(a) *Issuance of subpenas.* The attendance of witnesses and the production of documentary evidence from any place in the United States on behalf of any party to the proceeding may, by subpena, be required at any designated place of hearing. Subpenas may be issued by the Secretary or by the presiding officer, under the facsimile signature of the Secretary, upon a reasonable showing by the applicant of the grounds, necessity, and reasonable scope thereof.

(b) *Application for subpena duces tecum.* Subpenas for the production of documentary evidence, unless issued by the presiding officer upon his own motion, shall be issued only upon a verified written application. Such application shall specify, as exactly as possible, the documents desired and shall show their competency, relevancy, and materiality and the necessity for their production.

(c) *Service of subpenas.* Subpenas may be served (1) by a United States Marshal or his deputy, or (2) by any other person who is not less than 18 years of age, or (3) by registering and mailing a copy of the subpena addressed to the person to be served at his or its last known residence or principal place of business or residence. Proof of service may be made by the return of service on the subpena by the United States Marshal or his deputy; or, if served by an individual other than a United States Marshal or his deputy, by an affidavit of such person stating that he personally served a copy of the subpena upon the person named therein; or, if service was by registered mail, by an affidavit made by the person mailing the subpena that it was mailed as provided herein and by the signed return post-office receipt: *Provided,* That, if the subpena is issued on behalf of the Department, the return receipt without an affidavit of mailing shall be sufficient proof of service. In making personal service, the person making service shall leave a copy of the subpena with the person subpenaed; the original, bearing or accompanied by the required proof of service, shall be returned to the official who issued the same.* (Applies sec. 10 (h) of the act (7 U.S.C. 610 (h)).)

§ 900.63 *Fees and mileage.* Witnesses who are subpenaed and who appear in such proceeding, including witnesses whose depositions are taken, shall be paid the same fees and mileage that are paid witnesses in the courts of the United States, and persons taking depositions shall be entitled to the same fees as are paid for like services in the courts of the United States, to be paid by the party at whose request the deposition is taken. Witness fees and mileage shall be paid by the party at whose instance the witnesses appear, and claims therefor, as to witnesses subpenaed on behalf of the Department, shall be proved before the person issuing the subpena, and, as to witnesses subpenaed on behalf of any other party, shall be presented to such party.* (Applies sec. 10 (h) of the act (7 U.S.C. 610 (h)).)

§ 900.64 *The presiding officer's report—*(a) *Filing the transcript of evidence.* As soon as practicable after the close of the hearing, the presiding officer shall transmit to the hearing clerk an original and three copies of the transcript of the testimony and the original and all copies of the exhibits not already on file in the office of the hearing clerk. The presiding officer shall attach to the original transcript of testimony his certificate stating that, to the best of his knowledge and belief, the transcript is a true, correct, and complete transcript of the testimony given at the hearing, except in such particulars as he shall specify, and that the exhibits transmitted are all the exhibits received in evidence at the hearing, with such exceptions as he shall specify. A copy of such certificate shall be attached to each copy of the transcript of testimony. In accordance with such certificate the presiding officer shall note on the original transcript, and the hearing clerk shall note upon each copy of the transcript, each correction detailed in such certificate by adding or crossing out (but without obscuring the text as originally transcribed) at the appropriate places any words necessary to make the text conform to the correct meaning, as certified by the presiding officer.

Immediately following the filing of the transcript, the hearing clerk shall advise each party to the proceeding as to the date of such filing.

(b) *Suggested findings of fact, conclusions, and orders.* Within 10 days (unless the presiding officer shall have announced at the hearing a shorter or longer period of time) after the transcript has been filed with the hearing clerk, as provided in paragraph (a) of this section, each party may file with the hearing clerk suggested findings of fact, conclusions, and order, based solely upon the evidence of record, and briefs in support thereof.

(c) *Presiding officer's report.* The presiding officer, within a reasonable time after the termination of the period allowed for the filing of suggested findings of fact, conclusions, and orders, and briefs in support thereof, shall prepare, upon the basis of the evidence received at the hearing, and shall file with the hearing clerk, his report, a copy of which (together with notification of the date fixed by the presiding officer for the filing of exceptions thereto) shall be served by the hearing clerk upon each of the parties.

(d) *Exceptions.* Within a period of time (to be fixed by the presiding officer but not to exceed 20 days) after the filing of the presiding officer's report, the parties may file exceptions to the report. Any party who desires to take exception to any matter set out in the report shall transmit his exceptions in writing to the hearing clerk, referring, where practicable, to the relevant pages of the transcript, and suggesting a corrected finding of fact, conclusion, or order. Within the same period of time, each party shall transmit to the hearing clerk a brief statement in writing concerning each of the objections taken to the action of the presiding officer, as set out in § 900.60 of this part, upon which the party wishes to rely, referring, where practicable, to the pertinent pages of the transcript. A party, if he files exceptions or a statement of objections, shall state in writing whether he desires to make an oral argument thereon before the Secretary; otherwise, it shall be considered that he does not desire to make such oral argument.

(e) *Revision of presiding officer's report.* If exceptions are filed to the presiding officer's report, as provided in paragraph (d) of this section, the presiding officer, after consideration of such exceptions, shall make and file with the hearing clerk a draft of the findings of fact, conclusions, and final order of the Secretary, which shall include such revision of his report as he deems to be appropriate in view of such exceptions.*

§ 900.65 *Transmittal of record.* The hearing clerk, immediately following the filing of the revision of the presiding officer's report, or upon notification by the presiding officer that no revision will be made, shall transmit to the Secretary the record of the proceeding. Such record shall include: the petition; motions and requests filed with the hearing clerk, and rulings thereon; the transcript of the testimony taken at the hearing, together with the exhibits filed therein; any documents or papers filed in connection with prehearing conferences; such suggested findings of fact, conclusions, and orders, and briefs in support thereof, as may have been filed in connection with the hearing; the presiding officer's report; such exceptions, statements of objections, and briefs in support thereof, as may have been filed in the proceeding; and the presiding officer's draft of the findings of fact, conclusions, and final order of the Secretary.*

§ 900.66 *Argument before Secretary—*(a) *Oral argument.* Unless a party has included in his exceptions a request for oral argument or has filed a separate request for oral argument prior to the expiration of the last date for filing such exceptions, it shall be considered that he does not desire to make such oral argument. The granting of a request to make oral argument shall rest in the discretion of the Secretary.

(b) *Briefs.* The parties may, in the discretion of the Secretary, file written briefs either in addition to oral argument or in lieu thereof.

(c) *Scope of argument.* Except where the Secretary determines that argument on additional issues would be helpful, argument, whether oral or in a written brief, shall be limited to the issues raised by the exceptions and statement of objections, or to such issues as the Secretary may indicate. If the Secretary determines that additional issues should be argued, counsel for the parties shall be given reasonable notice of such determination, so as to permit the preparation of adequate argument on all the issues to be argued.*

§ 900.67 *Consideration and issuance of order—*(a) *Consideration of order.* As soon as practicable after the receipt of the record from the hearing clerk, or, in case argument was had, as soon as practicable thereafter, the Secretary, upon the basis of the record, shall begin his consideration of the final order to be issued in the proceeding. If an oral argument was held, the order shall be considered by and shall be issued over the signature of the official who heard such oral argument, unless the parties shall consent to a different arrangement. At no stage of the proceeding between its institution and the issuance of the order shall the Secretary discuss *ex parte* the merits of the proceeding with any person who is connected with the proceeding in an advocative or an investigative capacity, or with any representative of such person: *Provided, however,* That the Secretary may discuss the merits of the proceeding with such a person if all parties to the proceeding, or their representatives, have been given an opportunity to be present. If, notwithstanding the foregoing provisions of this section, a memorandum or other communication from any party, or from any person acting on behalf of any party, which relates to the merits of the proceeding, receives the personal attention of the Secretary (or, if an official other than the Secretary is to issue the order, then of such other official) during the pendency of the proceeding, such memorandum or communication shall be regarded as argument made in the proceeding and shall be filed with the hearing clerk, who shall serve a copy thereof upon the opposite party to the proceeding, and opportunity shall be given the opposite party to file a reply thereto.

(b) *Issuance of order.* The order shall be issued and served upon the parties as the final order in the proceeding without further procedure: *Provided,* That, if the terms of the order differ substantially from those proposed in the report of the presiding officer, the Secretary shall, if he deems it advisable to do so, direct that a copy of the order be served upon the parties as a tentative order; and, in such event, opportunity shall be given the parties to file exceptions thereto and written arguments or briefs in support of such exceptions. In such case, if exceptions are filed within a period of time (to be fixed by the Secretary but not to exceed 20 days) following the service of the tentative order, the Secretary shall give consideration to and shall make such changes in the tentative order as he deems to be appropriate; otherwise, the tentative order shall become final, as of the day following the date of expiration of the period fixed for the filing of exceptions.*

§ 900.68 *Applications for reopening hearings; for rehearings or reargruments of proceedings; or for reconsideration of orders—*(a) *Petition requisite—*(1) *Filing; service.* An application for reopening the hearing to take further evidence, or for rehearing or reargument of the proceeding, or for reconsideration of the order shall be made by petition addressed to the Secretary and filed with the hearing clerk, who immediately shall notify and serve a copy thereof upon the other party to the proceeding. Every such petition shall state specifically the grounds relied upon.

(2) *Petitions to reopen hearings.* A petition to reopen the hearing for the purpose of taking additional evidence may be filed at any time prior to the issuance of the final order. Every such petition shall state briefly the nature and purpose of the evidence to be adduced, shall show that such evidence is not merely cumulative, and shall set forth a good reason why such evidence was not adduced at the hearing.

(3) *Petitions to rehear or reargue proceedings, or to reconsider orders.* A petition to rehear or reargue the proceeding or to reconsider the final order shall be filed within 15 days after the date of the service of such order. Every such petition shall state specifically the matters claimed to have been erroneously decided, and alleged errors must be briefly stated.

(b) *Procedure for disposition of petitions.* Within 10 days following the service of any petition provided for in this section, the other party to the proceeding shall file with the hearing clerk an answer thereto. As soon as practicable thereafter, the Secretary shall announce the decision granting or denying the petition. Unless the Secretary shall determine otherwise, the issuance or operation of the order shall not be stayed pending the decision of the Secretary upon the petition. In the event that any such petition is granted by the Secretary, the applicable rules of practice, as set out elsewhere in this subpart, shall be followed.*

§ 900.69 *Filing; service; extensions of time; effective date of filing; and computation of time—*(a) *Filing; number of copies.* Except as provided otherwise herein, all documents or papers required or authorized in this subpart to be filed with the hearing clerk shall be filed in quadruplicate: *Provided,* That, if there are more than two parties to the proceeding, a sufficient number of additional copies shall be filed so as to provide for service upon all the parties to the proceeding. Any document or paper, required or authorized in this subpart to be filed with the hearing clerk, shall, during the course of an oral hearing, be filed with the presiding officer.

(b) *Service; proof of service.* Copies of all such papers shall be served upon the parties by the hearing clerk, by the presiding officer, or by some other employee of the Department or by a United States Marshal or his deputy. Service shall be made either (1) by delivering a copy of the document or paper to the individual to be served or to a member of the partnership to be served or to the president, secretary, or other executive officer or any director of the corporation, organization, or association to be served, or to the attorney or agent of record of such individual, partnership, corporation, organization, or association; or (2) by leaving a copy of the document or paper at the principal office or place of business of such individual, partnership, corporation, organization, or association, or of his or its attorney or agent of record; or (3) by registering and mailing a copy of the document or paper, addressed to such individual, partnership, corporation, organization, or association, or to his or its attorney or agent of record, at his or its last known principal office, place of business, or residence. Proof of service hereunder shall be made by the affidavit of the person who actually made the service: *Provided,* That, if the service is made by registered mail, as outlined in (3) above, proof of service shall be made by the return post-office receipt. The affidavit or post-office receipt contemplated herein shall be filed with the hearing clerk, and the fact of filing thereof shall be noted on the docket of the proceeding.

(c) *Extensions of time.* The time for the filing of any document or paper required or authorized in this subpart to be filed may be extended by the presiding officer (before the transmittal of the record to the Secretary) or by the Secretary (after such transmittal), upon request, if, in the judgment of the presiding officer or the Secretary, as the case may be, there is good reason for the extension.

(d) *Effective date of filing.* Any document or paper required or authorized under these rules to be filed shall be deemed to be filed when it is postmarked or when it is received by the hearing clerk.

(e) *Computation of time.* Sundays and Federal holidays shall be included in computing the time allowed for the filing of any document or paper: *Provided,* That, when such time expires on a Sunday or legal holiday, such time shall be extended to include the next following business day.*

SUBPART—PROCEDURE GOVERNING MEETINGS TO ARBITRATE AND MEDIATE DISPUTES RELATING TO SALES OF MILK OR ITS PRODUCTS

§ 900.100 *Meaning of words.* Words in this subpart in the singular form shall be deemed to import the plural, and vice versa, as the case may demand.*

*§§ 900.100 to 900.118, inclusive, issued under the authority contained in sec. 3 of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C., Sup., 671). Statutes interpreted or applied and statutes giving special authority are listed in parentheses at the end of specific sections.

§ 900.101 *Definitions.* As used in this subpart, the terms as defined in the act shall apply with equal force and effect. In addition, unless the context otherwise requires:

(a) The term "act" means sec. 3 of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C., Sup., 671);

(b) The term "Department" means the United States Department of Agriculture;

(c) The term "Secretary" means the Secretary of Agriculture or any officer or employee of the Department to whom the Secretary has heretofore lawfully delegated, or to whom the Secretary may hereafter lawfully delegate, the authority to act in his stead;

(d) The term "Solicitor" means the Solicitor of the Department;

(e) The term "Administrator" means the Administrator of the Surplus Marketing Administration of the Department;

(f) The term "Administration" means the Surplus Marketing Administration of the Department;

(g) The term "Division" means the Dairy Division of the Administration;

(h) The term "cooperative" means any association, incorporated or otherwise, which is in good faith owned or controlled by producers, or organizations thereof, of milk or its products, and which is bona fide engaged in the collective processing or preparing for market or handling or marketing, in the current of interstate or foreign commerce, of milk or its products;

(i) The term "arbitrator" means any officer or employee of the Administration designated by the Administrator, pursuant to the act, to arbitrate a bona fide dispute with reference to the terms and conditions of the sale of milk or its products between a producer cooperative and purchasers, handlers, processors, or distributors of milk or its products;

(j) The term "mediator" means any officer or employee of the Administration designated by the Administrator, pursuant to the act, to mediate a bona fide dispute with reference to terms and conditions of the sale of milk or its products between a producer cooperative and purchasers, handlers, processors, or distributors of milk or its products;

(k) The term "hearing clerk" means the hearing clerk, Office of the Solicitor, United States Department of Agriculture, Washington, D. C.*

§ 900.102 *Filing of applications for mediation or arbitration.* All applications for mediation or arbitration, all submissions, and all correspondence regarding mediation or arbitration shall be addressed to the Secretary, attention of the Division.*

§ 900.103 *Application for mediation.* An application for mediation by a cooperative shall be in writing and shall include the following information:

(a) Names in full of the parties to the dispute and their addresses;

(b) Description of the cooperative organization and business, including copies of the articles of incorporation or association, by-laws, and membership contract; information regarding the number of shares of outstanding stock and the approximate portion owned by active producers; a statement of the function performed in connection with the collective processing, preparing, handling, or marketing of milk or its products; and data relative to the distribution of membership by States, the distribution by States of plant facilities for collecting, processing, or disposing of milk or its products, and the business operations for the year last past, including the total quantity of milk and its products handled by the applicant and the proportion of that quantity that was sold in States other than the States of production;

(c) Suggested time and place for meeting between parties and mediator.*

§ 900.104 *Inquiry by the Administrator.* Upon receipt of an application for mediation, the Administrator, through such officers or employees of the Administration as he may designate, may make any inquiry which is deemed to be necessary or proper in order to determine whether a bona fide dispute exists.*

§ 900.105 *Notification.* The Administrator, acting on behalf of the Secretary, will notify the applicant as to whether he considers that mediation will effectuate the purpose of the act and as to whether he will mediate.*

§ 900.106 *Assignment of mediator.* The Chief of the Division shall assign a mediator, from the group designated by the Administrator, to act in such capacity.*

§ 900.107 *Meetings.* All meetings held pursuant to §§ 900.103 to 900.109 hereof shall be held with and under the direction of the mediator.*

§ 900.108 *Mediator's report.* The mediator, upon the completion of mediation proceedings, shall submit to the Administrator a complete report on such proceedings.*

§ 900.109 *Mediation agreement.* An agreement arrived at by mediation shall not become effective until approved by the Secretary, and the Secretary will not approve an agreement if there is evidence of fraud, if there is a lack of evidence to support the agreement, or if the agreement provides for any unfair trade practice.*

§ 900.110 *Application for arbitration.* An application for arbitration by a cooperative shall be in writing and shall contain the following information:

(a) Names in full of the parties to the dispute and their addresses;

(b) The same information required under § 900.103 (b);

(c) Concise statement of dispute to be submitted;

(d) Originals or certified copies of all contracts, if any, involved in the dispute, and of correspondence which has passed between the parties and of any other documents or information relied upon;

(e) Dates before which it is desired that the hearing shall be had and the award shall become effective;

(f) Suggested time and place for arbitration hearing.

The applicant shall send a copy of the application to each other party to the dispute.*

§ 900.111 *Inquiry by the Administrator.* Upon receipt of an application for arbitration, the Administrator, through such officers or employees of the Administration as he may designate, may make any inquiry deemed to be necessary or proper in order to determine whether a bona fide dispute exists, to assist the parties in reducing the dispute to well-defined issues, and to select an arbitrator who would be satisfactory to all parties.*

§ 900.112 *Notification.* The Administrator, acting on behalf of the Secretary, within a reasonable time after the receipt of an application, will notify the applicant as to whether he will grant the application.*

§ 900.113 *Submission.* Within a reasonable time after the receipt of the Administrator's consent to arbitrate, the parties to the dispute shall file with the Administrator a formal submission, which shall contain the following information:

(a) Names in full of the parties;

(b) Addresses of the parties to whom all notifications and communications concerning the arbitration shall be sent;

(c) Description of the organization and businesses of all parties to the dispute, including sufficient information to show that the cooperative is a bona fide one, and that the parties are engaged in activities in the current of interstate or foreign commerce;

(d) Concise statement of the specific questions submitted and a brief outline of the contentions of each party to the dispute, and a statement as to the period of time during which the award shall be in effect, said period to be not less than thirty days from the effective date of the award;

(e) Name of arbitrator;

(f) Time and place of arbitration, including street address;

(g) Stipulation by the parties that they will produce any books, records, and correspondence required by the arbitrator as being necessary to a fair determination of the dispute;

(h) Agreement by the parties that they will consider the award as final and will comply therewith;

(i) Stipulation by the parties that arbitration is to take place under rules and regulations issued by the Secretary, and that any such rules and regulations pertaining to mediation and arbitration shall be considered a part of the submission;

(j) Stipulation that a stenographic report of the proceedings must be made.

The submission shall be signed by each party before a notary public, and when the signature is that of an agent of a corporation or cooperative association, the same shall be accompanied by evidence of the authority to sign.

A submission may be withdrawn at any time before the award, and any question held by the arbitrator to be a separable question may be withdrawn before award by agreement of all parties. When any question is so withdrawn, the parties shall file with the arbitrator the agreement on that question reached by the parties, showing all the details thereof, and the arbitrator shall include it in the record of the arbitration.*

§ 900.114 *Designation of arbitrator.* The Administrator, after receiving the submission, will designate one or more persons to act as arbitrator.*

§ 900.115 *Hearing.* The arbitrator shall have full discretion to conduct the hearing in such manner as will, in his opinion, enable him to ascertain all the facts in the case.

Parties to the dispute may appear in person or by duly accredited agents and may be represented by counsel.

All relevant and material evidence may be presented. The arbitrator shall not be bound by the legal rules of evidence.

The arbitrator, in the presence of the parties, may require the production of books and records for examination by himself, but not for examination of confidential information by other parties to the dispute unless the party producing the same consents to its examination by the other parties to the dispute.

No evidence offered by one party shall be received except in the presence of all parties unless the parties so agree in a submission specifying the nature of the evidence to be received.

Final determination as to what will be considered confidential information shall be made by the arbitrator.

The arbitrator may request the opinions of economists, marketing specialists, statisticians, lawyers, accountants, and other experts.

When more than two arbitrators are designated to hear a dispute, and they disagree, the award of the majority shall be the final award. If the arbitrators are evenly divided, there shall be no award.

A stenographic record of all the proceedings during an arbitration must be made.*

§ 900.116 *Award.* An award shall be made within ten days after the close of the hearing.

The award shall be in writing and shall cover only points of dispute raised in the submission.

The arbitrator, in making the award, may use his own technical knowledge in addition to the evidence submitted by the parties.

The award shall state the period during which it shall be in effect, said period to be not less than thirty days from the effective date thereof; and said period may be extended by agreement among the parties upon notification thereof to the Administrator, unless or until the Administrator withdraws his approval.

The arbitrator shall sign the award in the presence of a notary public, or, when more than one arbitrator is designated, the arbitrators shall sign in the presence of each other.

Copies of the award shall be delivered to the parties by the Division.*

§ 900.117 *Approval of award.* The award shall not become effective until approved by the Secretary, and the Secretary will not approve an award if there is evidence of fraud, or evidence of misconduct upon the part of the arbitrator, or lack of evidence to support the award, or if the award provides for any unfair trade practice.*

§ 900.118 *Costs.* The parties jointly shall pay for the stenographic record. A copy of the record shall be furnished by the parties to the arbitrator and shall be forwarded by him to the Administrator, ultimately to be filed in the office of the hearing clerk.

The arbitrator shall not receive compensation from parties to the dispute.*

SUBPART—MISCELLANEOUS REGULATIONS

§ 900.200 *Definitions.* As used in this subpart, the terms as defined in the act shall apply with equal force and effect. In addition, unless the context otherwise requires:

(a) The term "act" means Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601);

(b) The term "Department" means the United States Department of Agriculture;

(c) The term "Secretary" means the Secretary of Agriculture or any officer or employee of the Department to whom the Secretary has heretofore lawfully delegated, or to whom the Secretary may hereafter lawfully delegate, the authority to act in his stead;

(d) The term "Solicitor" means the Solicitor of the Department;

(e) The term "Administrator" means the Administrator of the Surplus Marketing Administration of the Department;

(f) The term "Administration" means the Surplus Marketing Administration of the Department;

(g) The term "Federal Register" means the publication provided for by the Act of July 26, 1935 (49 Stat. 500), and acts supplementary thereto and amendatory thereof;

(h) The term "marketing agreement" means any marketing agreement or any amendment thereto which may be entered into pursuant to section 8b of the act;

(i) The term "marketing order" means any order or any amendment thereto which may be issued pursuant to section 8c of the act;

(j) The term "person" means any individual, corporation, partnership, association, or any other business unit;

(k) The term "official" means the Secretary, any officer, employee, or other person employed or appointed by the Department, and any agency or agent appointed by the Secretary to administer a marketing agreement or a marketing order, and any agent or employee of any such agency or agent;

(l) The term "information" means and includes reports, books, accounts, records, and the facts and information contained therein and required to be furnished to or acquired by any official pursuant to the provisions of any marketing agreement or marketing order.*

*§§ 900.200 to 900.220, inclusive, issued under the authority contained in sec. 10 (c), Public Law No. 10, 73rd Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. and Sup., 610 (c)). Statutes interpreted or applied or statutes or sections of the act giving special authority are listed in parentheses at the end of specific sections.

§ 900.201 *Investigation and disposition of alleged violations.* Whenever the Administrator has reason to believe that any handler has violated, or is violating, the provisions of any marketing order, he may institute such investigation and, after due notice to such handler, con-

duct such hearing in order to determine the facts as, in his opinion, are warranted. If, in the opinion of the Administrator and the Solicitor, the facts developed as a result of such investigation or hearing warrant such action, the Solicitor shall refer the matter to the Attorney General for appropriate action. (Issued under the authority contained in secs. 8a (7) and 10 (c), Public Act No. 10, 73rd Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. and Sup., 608a (7) and 610 (c)).)

§ 900.210 *Disclosures of information.* Unless otherwise expressly provided in any marketing agreement or any marketing order, all information in the possession of any official which relates to the business or property of any person, and which was furnished by, or obtained from, such person pursuant to the provisions of any marketing agreement or marketing order, shall be kept confidential and shall not be disclosed, divulged, or made public, except that:

(a) Such information may be disclosed, divulged, or made public if it has been obtained from or furnished by a person who is not the person to whose business or property such information relates or an employee of such latter person, or if such information is otherwise required by law to be furnished to an official;

(b) Such information may be furnished to other officials for use in the regular course of their official duties;

(c) Such information may be combined and published in the form of general statistical studies or data in which the identity of the person furnishing such information or from whom it was obtained shall not be disclosed;

(d) Such information may be disclosed upon lawful demand made by the President or by either House of Congress or any committee thereof, or, unless the Secretary determines that the disclosure of such information would be against the public interest, in response to a subpena by any court of competent jurisdiction;

(e) Such information may be offered in evidence (whether or not it has been obtained from or furnished by the person against whom it is offered) by or on behalf of the Secretary, the United States, or the official who obtained it or to whom it was furnished, in any administrative hearing held pursuant to section 8c (15) (A) of the act or in any action, suit, or proceeding, civil or criminal, in which the Secretary or the United States or any such official is a party, and (1) which is instituted (i) for the purpose of enforcing or restraining the violation of any marketing agreement or marketing order, or (ii) for the purpose of collecting any penalty or forfeiture provided for in the act, or (iii) for the purpose of collecting any monies due under a marketing agreement or marketing order, or (2) in which the validity of any marketing agreement or marketing order, or any provision of either, is challenged or involved.* (Applies sec. 8d (2) of the act (7 U.S.C. and Sup., 608d (2).)

§ 900.211 *Penalties.* Any official who shall have violated the provisions of § 900.210 of this subpart by wilfully divulging, disclosing, or making public any information acquired by or furnished to or in the possession or custody of such official pursuant to the provisions of a marketing agreement or marketing order shall be subject to a penalty of $100 for each offense.* (The civil penalty provided in this section is prescribed under the authority contained in sec. 10 (c) of the act (7 U.S.C. and Sup., 610 (c)); this provision is not intended to supersede the provision in sec. 8d (2) of the act (7 U.S.C. and Sup., 608d (2)) for criminal liability and removal from office.*

§ 900.220 *Effective date; prior regulations superseded.* The foregoing rules and regulations shall become effective on January 1, 1942, and shall supersede all regulations now set forth in Part 900, Chapter IX, Subtitle B, Title 7 of the Code of Federal Regulations, except § 900.501 (relating to investigations with respect to imports of agricultural commodities). The procedures provided in the foregoing rules and regulations shall, on January 1, 1942, become applicable to all proceedings and matters then pending, except to the extent that rights or privileges of any persons may be prejudiced thereby.*

Done at Washington, D. C., this 16th day of December 1941. Witness my hand and the seal of the Department of Agriculture.

CHAPTER I—CIVIL AERONAUTICS BOARD

[Special Regulation, Civil Air Regulations]

PART 40—AIR CARRIER OPERATING CERTIFICATION

PART 60—AIR TRAFFIC RULES

SPECIAL REGULATION AUTHORIZING OPERATIONS BY CATALINA AIR TRANSPORT

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 16th day of December 1941.

It appearing that: (a) The provisions of Parts 40 and 61 of the Civil Air Regulations prescribe those safety requirements for the certification of scheduled air carriers engaged in interstate air transportation within the continental limits of the United States and for the operation of air carriers to whom such certificates have been issued;

(b) The Catalina Air Transport is engaged in scheduled interstate air transportation as defined by the Act between Santa Catalina Island and Los Angeles, California;

(c) The regular route over which the operations of Catalina Air Transport are conducted is not within the limits of a

civil airway and includes international waters;

(d) The continuance of such operations would not endanger safety in air transportation if conducted in accordance with such terms, conditions and limitations as shall be set forth in the air carrier operating certificate and operations specifications issued by the Administrator in respect to such service;

The Board finds that: Its action is desirable in the public interest and in the interest of safety in air transportation;

Now therefore, the Civil Aeronautics Board, acting pursuant to the authority vested in it by the Civil Aeronautics Act of 1938, as amended, particularly sections 205 (a), 601 and 604 of said Act makes and promulgates the following special regulation:

Notwithstanding the provisions of Parts 40 and 61 of the Civil Air Regulations, the operations of Catalina Air Transport between Santa Catalina Island and Los Angeles, California, may be conducted in accordance with such terms, conditions and limitations as are set forth in the air carrier operating certificate and operations specifications made a part thereof issued by the Administrator of Civil Aeronautics with respect to such service.

By the Civil Aeronautics Board.

In the Matter of James R. Middlebrook, M. D., Individually and Doing Business Under the Name and Style of the Middlebrook Hospital and Clinic

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 11th day of December, A. D. 1941.

This proceeding having been heard [1] by the Federal Trade Commission upon the complaint of the Commission and the substitute answer of the respondent, in which answer respondent admits all the material allegations of fact set forth in said complaint and states that he waives all intervening procedure and further hearing as to said facts, and the Commission having made its findings as to the facts and its conclusion that said respondent has violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondent, James R. Middlebrook, M. D., individually and doing business under any other name or names, his agents, representatives and employees, directly or through any corporate or any other device, in connection with the offering for sale, sale and distribution of the medicinal preparations designated "Calomel, Rhubarb and Colocynth Compound", "Special Formula No. 17831" and "Methenamine (7½ Grains)", separately or in combination as enclosed in a package designated as "Special Prostate Package for Home Treatment", or any preparations of substantially similar composition or possessing substantially similar properties, whether sold under the same names, or under any other names, do forthwith cease and desist from directly or indirectly:

1. Disseminating or causing to be disseminated any advertisement by means of the United States mails, or by any means in commerce, as commerce is defined in the Federal Trade Commission Act, which advertisement represents, directly or through inference: that said preparations separately or in combination will relieve pain or soothe or heal the affected parts involved in kidney, bladder or rectal diseases, or diseases of the prostate gland; that the preparation "Methenamine (7½ Grains)" is one of the best urinary antiseptic treatments for cleansing infection or inflammation from the kidneys, bladder, prostate or urethral canal; that the preparation designated "Special Formula No. 17831," when applied through the rectum, medicates or penetrates the prostate gland in sufficient quantities by absorption through the tissues to be effective; that the price at which said "Special Prostate Package for Home Treatment" is offered for sale constitutes a special, reduced or introductory price, when such price is in fact the usual and customary price at which said package is offered for sale and sold by respondent in the normal and regular course of business; or which advertisement with respect to the preparation "Calomel, Rhubarb and Colocynth Compound" fails to reveal that said preparation is a cathartic and should not be used by persons suffering from nausea, vomiting, abdominal pains, or other symptoms of appendicitis: *Provided, however*, That if the directions for use, whether they appear on the label or in the labeling, or both on the label and in the labeling, contain a warning of the potential dangers in the use of said preparation, as hereinabove set forth, such advertisement need contain only the cautionary statement: Caution, use only as directed;

2. Disseminating or causing to be disseminated any advertisement by any means for the purpose of inducing or which is likely to induce, directly or indirectly, the purchase in commerce, as commerce is defined in the Federal Trade Commission Act, of said preparations, which advertisement contains any of the representations prohibited in paragraph 1 hereof, or which advertisement with respect to said preparation "Calomel,

In the Matter of Grant T. Whiteside, Individually, and Trading as Grant Company

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 11th day of December, A. D. 1941.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission and the answers of the respondent, in which answers respondent admits all of the material allegations of fact set forth in said complaint and states that he waives all intervening procedure and further hearing as to said facts, and the Commission having made its findings as to the facts and conclusion that said respondent has violated the provisions of the Federal Trade Commission Act.

It is ordered, That the respondent, Grant T. Whiteside, individually, and trading as Grant Company, or trading under any other name or names, his agents and employees, directly or through any corporate or other device, in connection with the offering for sale, sale, and distribution of the medicinal preparations designated as hereinafter set forth, or any other medicinal preparations composed of substantially similar ingredients or possessing substantially similar properties, whether sold under the same names or any other name or names, do forthwith cease and desist from:

(1) Disseminating, or causing to be disseminated, any advertisement by means of the United States mails, or by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, or disseminating, or causing to be disseminated, any advertisement by any means for the purpose of inducing, or which is likely to induce, directly or, indirectly, the purchase in such commerce of the medicinal preparation designated as "Ton Jon No. 1", which advertisement—

(A) Represents, directly or through inference, that said preparation—

(a) Is an effective treatment for ailments and diseases of the stomach and bowels;

(b) Will bring effective relief or complete relief from indigestion, gas, bloat, dyspepsia, pain in chest, pain in stomach, heart palpitation, headache, loss of weight, loss of strength, sour stomach, cramps, spitting up food, sour liquids, acid rising, belching, nervousness, skin eruptions, bloated feeling, coated tongue, foul breath, sleeplessness, tired feeling, and constipation;

(B) Fails to reveal that said preparation may be dangerous when used by persons suffering from nausea, vomiting, abdominal pains, or other symptoms of appendicitis; *Provided, however,* That such advertisement need contain only the statement, "Caution, use only as directed," if and when the directions for use wherever they appear on the label, in the labeling, or both, contain a warning to the above effect.

(2) Disseminating, or causing to be disseminated, any advertisement by means of the United States mails, or by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, or disseminating, or causing to be disseminated, any advertisement by any means for the purpose of inducing, or which is likely to induce, directly or indirectly, the purchase in such commerce of the medicinal preparation designated as "Ton Jon No. 2", which advertisement—

(A) Represents, directly or through inference, that said preparation—

(a) Is a powerful liver medicine and an effective treatment for ailments and disorders of the liver and gall bladder;

(b) Will bring relief from impurities of the blood and inner organs of the body, lazy liver, sick headache, biliousness, constipation, dizzy spells, lazy spells, drowsy, tired feeling, foul breath, unsightly complexion, sallowness or muddiness, belching, acid rising, gall bladder, gallstones, stagnant bile, bad blood, and high blood pressure.

(B) Fails to reveal that said preparation may be dangerous when used by persons suffering from nausea, vomiting, abdominal pains, or other symptoms of appendicitis: *Provided, however,* That such advertisement need contain only the statement, "Caution, use only as directed," if and when the directions for use wherever they appear on the label, in the labeling, or both, contain a warning to the above effect.

(3) Disseminating, or causing to be disseminated, any advertisement by means of the United States mails, or by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, or disseminating, or causing to be disseminated, any advertisement by any means for the purpose of inducing, or which is likely to induce, directly or indirectly, the purchase in such commerce of the medicinal preparation designated as "Ton Jon No. 3", which advertisement represents, directly or through inference, that said preparation—

(A) Is an effective treatment for ailments and disorders of the kidneys and prostate gland;

(B) Will give effective relief or complete relief from bladder irritation and weakness, dull and sharp pains in back, stiffness in back and lower limbs, frequent getting up nights, spots before eyes, swelling of the feet and lower limbs, puffed or dark circles beneath the eyes, nephritis, cystitis, urethritis, prostatitis, sexual power weakened, nervousness, irritability, mental depression, forgetfulness, melancholia, neurasthenia, pains in the lower back, pains in the hips and legs, sleeplessness, tiredness, inability to stand work, low blood pressure, low temperature, pains in testicles, pains in penis, pains in rectum, difficult bowel movement, dribbling, pain in nape of neck, sudden urination, and irritation;

(C) Will accomplish better results in the treatment of prostate gland and kidney disorders than any medicine has ever done before.

It is further ordered, That the respondent shall, within sixty (60) days after the service upon him of this order, file with the Commission a report in writing setting forth in detail the manner and form in which he has complied with this order.

By the Commission.

PART 10—EXAMINATION, CLASSIFICATION, AND DISPOSITION OF CERTAIN CLASSES OF MERCHANDISE

COFFEE QUOTA REGULATIONS

The following regulations are hereby promulgated pursuant to the provisions of Executive Order No. 8902 signed September 17, 1941: [1]

§ 10.55 *Bond for production of consular invoice showing that a shipment of coffee under the Inter-American Coffee Agreement is within the producing country's quota for exportation to the United States.* The amount of the bond required by Executive Order No. 8902 for the production of a consular invoice showing that a shipment of coffee is within the producing country's quota for exportation shall be $5,000 or an amount equivalent to the estimated value of the coffee involved, whichever is lower, unless a larger amount is deemed necessary to insure compliance with the customs laws, the Inter-American Coffee Agreement, and said executive order. Liquidated damages in the full amount of the bond shall be demanded, and no remission or mitigation of the penalty will be granted by the Department unless the importer shall produce within one month after the expiration of the bond period satisfactory evidence that failure to satisfy the conditions of the bond was not due to negligence or lack of good faith on the part of any party to the transaction. RESTRICTED EXPORTATIONS AND IMPORTATIONS—PROCEDURE IN RE SPECIAL LICENSES

DECEMBER 17, 1941.

The following instructions are hereby prescribed and shall be followed by you in enforcing Executive Order No. 8389, April 10, 1940, as amended: [1]

§ 26.11 *Extra copies of entry, withdrawal, or export declaration.* Whenever presentation of a special license issued pursuant to Executive Order No. 8389, as amended, is required upon the entry, withdrawal, or exportation of merchandise, two extra, legible copies of the entry, withdrawal, or export declaration, shall be filed with the collector of customs at the port where the transaction is to take place. Each copy of any such entry, withdrawal, or export declaration, including the two extra copies, shall bear plainly on its face the number of the license pursuant to which it is filed.*

*§§ 26.11 to 26.14, inclusive, issued under the authority contained in Executive Order No. 8389 dated April 10, 1940, as amended, and in Proclamation No. 2497, dated July 17, 1941 (6 F.R. 3555).

§ 26.12 *Presentation of original copy of special license.* The original copy of the special license shall be presented to the collector in respect of each such transaction and shall bear a notation in ink by the licensee or person present-

This notation should be so placed and so written that there will exist no possibility of confusing it with anything placed on the license at the time of its issuance. If the license in fact authorizes the entry, withdrawal, or exportation the collector, or other authorized customs employee, shall verify the notation by signing or initialing it after first assuring himself that it accurately describes the merchandise it purports to represent. The license shall thereafter be returned to the person presenting it and the two extra copies of the entry, withdrawal, or export declaration shall be forwarded to the Federal Reserve Bank which issued the license pursuant to which they were filed.*

§ 26.13 *Waiver of presentation of original copy of special license.* The collector of customs at any port at which merchandise is to be entered, withdrawn, or exported pursuant to the terms of some special license may waive the requirement of presentation of the original copy of such license provided that:

(a) The person presenting the entry, withdrawal, or export declaration presents to the collector an affidavit stating:

(1) facts indicating that it would create great and unreasonable hardship for him to present the original copy of the license, and

(2) that the entry, withdrawal, or exportation is one of the large number which are to be made pursuant to the same license, and

(3) that all the entries, withdrawals, or exportations are to be made at the same port; and

(b) The collector receiving such an affidavit is satisfied that the circumstances in fact warrant the waiver; and

(c) There is presented to the collector either a photostatic copy of the original license or a copy of the license signed by the officer who issued and signed the original.

If such waiver is granted, the collector shall retain the copy of the license presented to him and shall note on it, or cause to be noted on it, the description, quantity, and value of all merchandise entered, withdrawn, or exported from time to time pursuant to the authority therein contained.

When such waiver is granted and all the merchandise authorized to be entered, withdrawn, or exported under a special license has been entered, withdrawn, or exported, the copy of the license on file with the collector shall be endorsed to indicate this fact and shall be forwarded to the Federal Reserve Bank which issued the license. When a license expires, unless it is renewed and the collector is advised of its renewal, any copy thereof which is on file with the collector shall be endorsed to show the expiration and shall be forwarded to the Federal Reserve Bank which issued the license.*

§ 26.14 *Effect of waiver of original copy of special license.* The requirement that two extra copies of each entry, withdrawal, or export declaration be filed in connection with every transaction under a special license shall remain in effect notwithstanding any waiver of the requirement of presenting the original copy of the license.*

T.D. 50433 issued on July 22, 1941 (6 F.R. 3672) is amended as follows: Paragraph 3 (19 CFR 26.3) is deleted.

Paragraphs 4 and 5 (19 CFR 26.5 and 26.6) are renumbered 3 and 4 (19 CFR 26.3 and 26.4) respectively.

The provisions hereof shall be effective on and after the tenth day following its publication in the FEDERAL REGISTER.

TITLE 30—MINERAL RESOURCES

CHAPTER III—BITUMINOUS COAL DIVISION

[Docket No. A-1082]

PART 321—MINIMUM PRICE SCHEDULE, DISTRICT NO. 1

ORDER AMENDING ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 1 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 1

An original petition and amendment thereto, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division in the above-entitled matter, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 1, including the Harlan No. 2 Mine, Mine Index No. 947, of Carrier & Son, a code member in District No. 1; and

An order granting temporary relief and conditionally providing for final relief having been issued in the above-entitled matter on October 31, 1941, 6 F.R. 6034, establishing, among other matters, price classifications and minimum prices for the coals of the aforementioned mine, as prayed for; and

A motion further to amend the original petition having subsequently been filed, on November 6, 1941, alleging that Mine Index No. 947 is actually located in subdistrict No. 5 of District No. 1, rather than in subdistrict No. 1, as originally alleged, and praying that the price classifications and minimum prices previously established for the coals thereof should be revised accordingly; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

It appearing that the following action is necessary in order to effectuate the purposes of the Act;

Now, therefore, it is ordered, That, pending final disposition of the above-entitled matter, the Order Granting Temporary Relief and Conditionally Providing For Final Relief in the above-entitled matter, dated October 31, 1941, be, and it hereby is, amended as follows: Commencing forthwith, § 321.7 (*Alphabetical list of code members*) and § 321.24 (*General prices*) in the Schedules of Effective Minimum Prices for District No. 1, For All Shipments Except Truck, and For Truck Shipments, are supplemented to include the price classifications and minimum prices designated for Mine Index No. 947 in the Schedules marked "Supplement R" and "Supplement T," annexed hereto and hereby made a part hereof.

It is further ordered, That the price classifications and minimum prices heretofore established for the coals of the Harlan No. 2 Mine, Mine Index No. 947, by the Order Granting Temporary Relief and Conditionally Providing For Final Relief in the above-entitled matter, dated October 31, 1941, be, and they hereby are terminated.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter, as amended on October 17 and November 6, 1941, and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless the Acting Director shall otherwise order; and

It is further ordered, That, except as to the coals of the said Harlan No. 2 Mine, Mine Index No. 947, the Order of October 31, 1941, in the above-entitled matter, be, and it hereby is, continued in full force and effect until otherwise ordered.

Dated: December 5, 1941.

Acting Director.

PART 324—MINIMUM PRICE SCHEDULE, DISTRICT NO. 4

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 4 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 4

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals in District No. 4; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 324.7 (*Alphabetical list of code members*) is amended by adding thereto supplement R–I, § 324.8 (*Numerical list of mines*) is amended by adding thereto supplement R–II, § 324.2 (*Seasonal discounts*) is amended by adding thereto supplement R–III, § 324.9 (*Recapitulation of price classifications*) is amended by adding thereto Supplement R–IV, § 324.11 (*Special prices*—(a) *Railroad fuel prices for all movements exclusive of lake cargo railroad fuel*) is amended by adding thereto supplement R–V, and § 324.24 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

No price classifications or minimum prices are established herein for the coals of Mine Index No. 1042 of Busler Barlow & Hayslett Coal Company (Wilber H. Busler) for truck shipments for the reason that minimum prices for such coals for truck shipments appear, under the name of Busler Coal Company, in § 324.24 in Minimum Price Schedule for District No. 4 For Truck Shipments.

No price classifications or minimum prices are established herein for the coals of Mine Index No. 179 of the Forrest Run Coal Company No. 1 (Jake Thomas) for the reason that price classifications and minimum prices for such coals appear, under the name of Forest Run Fuel, Ltd., in § 324.24 in Minimum Price Schedule for District No. 4 For Truck Shipments, and in § 324.7 in supplement No. 2 in Minimum Price Schedule for District No. 4 For All Shipments Except Truck.

No relief is granted herein as to the coals of Mine Index Nos. 256, 877, 1301, 1016, 1436, 938 and 2739 for the reasons set forth in the order severing that portion of Docket No. A–1147 which relates to such mines from the remainder of the Docket, designating such portion as Docket No. A–1147 Part II, granting temporary relief and scheduling a hearing therein.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: December 2, 1941.

PART 327—MINIMUM PRICE SCHEDULE, DISTRICT NO. 7

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 7 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 7

An original petition and an amendment thereto, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 7; and

The Acting Director finding that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The Acting Director deeming his action necessary in order to effectuate the purposes of the Act;

Now, therefore, it is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 327.11 (*Low volatile coals: Alphabetical list of code members*) is amended by adding thereto supplement R, and § 327.34 (*General prices in cents per net ton for shipment into any market area*) is amended by adding thereto supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: December 2, 1941.

[SEAL] DAN H. WHEELER,
Acting Director.

PART 328—MINIMUM PRICE SCHEDULE, DISTRICT NO. 8

ORDER AMENDING ORDER DATED FEBRUARY 6, 1941, IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 8 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 8 NOT HERETOFORE CLASSIFIED AND PRICED

A petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by District Board No. 8, requesting the establishment of price classifications and minimum prices for the coals produced at certain mines in District No. 8 which had not heretofore been classified and priced;

The Director having entered an Order on February 6, 1941, 6 F.R. 995, in Docket No. A-616, establishing price classifications and minimum prices for the coals of the Hearn Mine of R. A. Hearn, and assigning Mine Index No. 4048 to said mine;

It later appearing, however, that prior to the date of the aforesaid Order, price classifications and minimum prices had already been established for the coals of this mine and Mine Index No. 3256 had been assigned to it by Order of the Director, dated January 31, 1941, 6 F.R. 988 in Docket No. A-528, an Order was entered by the Director on October 21, 1941, requiring the petitioner in the above designated docket to show cause why the aforesaid Order, dated February 6, 1941, in Docket No. A-616, should not be amended by striking therefrom all reference to and matters concerning the said Hearn Mine;

A hearing on the Order to Show Cause having been held before Edward J. Hayes, a duly designated Examiner of the Division, at a hearing room thereof in Washington, D. C., on November 5, 1941;

Counsel for petitioner having appeared and stated that the inclusion of the Hearn Mine in the petition in Docket No. A-616 was through error, and that petitioner had no objection to the amendment of the Order of the Director, dated February 6, 1941, in Docket No. A-616, by striking therefrom all reference to and matters concerning the Hearn Mine;

Now, therefore, it is ordered, That § 328.34 (*General prices for high volatile coals in cents per net ton for shipment into all market areas*) in the Supplement of the Order of the Director, dated February 6, 1941, in Docket No. A-616, be and it is hereby amended by striking therefrom all reference to and matters concerning the said Hearn Mine.

Dated: December 17, 1941.

[Docket No. A-961]

PART 328—MINIMUM PRICE SCHEDULE, DISTRICT NO. 8

FINDINGS OF FACT, CONCLUSIONS OF LAW, MEMORANDUM OPINION AND ORDER IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO 8 FOR PRELIMINARY, OR TEMPORARY AND PERMANENT ORDER ESTABLISHING MINIMUM ON-LINE RAILWAY LOCOMOTIVE FUEL PRICES FOR COAL PRODUCED IN DISTRICT NO. 8 BY ISLAND CREEK COAL COMPANY, MINES NOS. 15 AND 16

This is a matter instituted upon a petition filed on July 10, 1941, with the Bituminous Coal Division, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937 by District Board 8. The amended petition proposes and seeks the establishment of effective minimum prices for railway locomotive fuel produced in District 8 at Mine Nos. 15 and 16 (Mine Index Nos. 788 and 789, respectively), of the Island Creek Coal Company, a code member in District 8, for use both by on-line and off-line railways.

The Director has earlier by order granted temporary relief for shipments of railway locomotive fuel from each of these mines both to on-line and off-line railways.

Pursuant to Order of the Director, a hearing in this matter was held on October 7, 1941, before Travis Williams, a duly designated Examiner of the Division at a hearing room thereof in Washington, D. C. All interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard. Island Creek Coal Company and District Board 8 appeared.

The preparation and filing of a report by the Examiner was waived, and the matter was thereupon submitted to the undersigned.

Mines Nos. 15 and 16 of the Island Creek Coal Company are located in Logan County, West Virginia. Coals are

produced at these mines from the Island Creek Seam by the drift method. Both of these mines are located on and served by the Chesapeake and Ohio Railway Company.

Uncontroverted evidence was introduced by A. L. Lynn, Division Manager of the Island Creek Coal Sales Company, Sales Agent for Island Creek Coal Company, that Mines Nos. 15 and 16 are both mines which have been idle for about the past five years and have recently been reopened in order to enable Island Creek Coal Company to fulfill contractual obligations to supply off-line railroads, such as the New York, Chicago and St. Louis Railroad Company and Pere Marquette Railway Company. The witness Lynn testified that it is imperative that off-line prices be granted to Mines Nos. 15 and 16 so as to fulfill these contractual obligations, because of the pressure on other Island Creek mines which are producing coal to supply the increased industrial demand due to national defense activities. The witness Lynn further testified that the Island Creek Coal Company proposes to sell to the Chesapeake and Ohio Railway Company coals produced at these two mines for use as railway fuel.

Having considered the record in this matter, the undersigned finds and concludes that the establishment of effective minimum prices for Mines Nos. 15 and 16 of Island Creek Coal Company for railway locomotive fuel for both on-line and off-line shipments as set forth in Supplement "R" annexed hereto is necessary in order to effectuate the purpose of sections 4 II (a) and 4 II (b) of the Act and that the prices as set forth therein comply with all the standards thereof. These prices are the same as those established for off-line railroad fuel for other mines in freight origin group 150.

Now, therefore, it is ordered, That commencing fifteen (15) days from the date hereof, § 328.11 (*Alphabetical list of code members*) is amended by adding thereto Supplement R–I, § 328.13 (*Special prices*—(c) *Railway locomotive fuel*) is amended by adding thereto Supplement R–II, which supplements are hereinafter set forth and hereby made a part hereof.

Dated: November 28, 1941.

PART 328—MINIMUM PRICE SCHEDULE, DISTRICT NO. 8

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 8 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 8

An original petition, as amended, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 8; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That pending final disposition of the above-entitled matter, temporary relief be, and the same hereby is, granted as follows: Commencing forthwith § 328.11 (*Alphabetical list of code members*) is amended by adding thereto Supplement R–I, § 328.21 (*Alphabetical list of code members*) is amended by adding thereto Supplement R–II, § 328.34 (*General prices for high volatile coals in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T–I, and § 328.42 (*General prices for low volatile coals*) is amended by adding thereto Supplement T–II, which supplements are hereinafter set forth.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless the Director shall otherwise order.

Dated: November 22, 1941.

PART 328—MINIMUM PRICE SCHEDULE, DISTRICT NO. 8

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 8 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 8

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 8; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith § 328.11 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, and § 328.34 (*General prices for high volatile coals in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

No relief is granted herein for the coals of the Koontz Mine of Russel E. Brown in Nicholas County, West Virginia, for the reason that records of the Division indicate that this mine is located within District No. 3.

No price classifications and minimum prices are established herein for the coals of the Black Widow Mine (Mine Index No. 2672) of Robert Van Dyke (Black Widow Coal Company) for truck shipment because the records of the Division indicate that the present owners are successors to Black Widow Coal Company (R. D. Van Dyke), owners at the time prices were established for this mine in Supplement 2 to the Schedule of Effective Minimum Prices for District 8 For Truck Shipments.

Price classifications and minimum prices are established herein for the coals of Mine Index No. 3941 of James P. Lambert under the name of Indian Creek Mine and not James P. Lambert Mine as requested in the original petition because the record of the Division indicates that Indian Creek is the correct name of this mine.

Price classifications and minimum prices are established herein for the coals of Mine Index No. 3836 as the Horn and Son Mining Company mine of Horn and Son Mining Company (Simon Horn). The original petition lists this mine as the Ham and Son Mining Company mine of Ham and Son Mining Company (Simon Ham). The records of the Division indicate that the former name is correct.

The name of the shipping point for the coals of Mine Index No. 3859 of J. L. Perry (Perry Coal Company) is listed in the original petition as Rays Siding, Virginia. The records of the Division indicate that Esserville, Virginia, is the correct name for this shipping point. Price classifications and minimum prices have been established herein accordingly for the coals of Mine Index No. 3859 for rail shipments, from Esserville, Virginia.

No relief is granted herein for the coals of the Darby Mine (Mine Index No. 891) of Robert Jamison for the reasons set forth in the Order designating that portion of Docket No. A-1144 relating to such coals as Docket A-1144, Part II.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless the Acting Director shall otherwise order.

Dated: November 27, 1941.

[SEAL] DAN H. WHEELER,
Acting Director.

TEMPORARY AND CONDITIONALLY FINAL EFFECTIVE MINIMUM PRICES FOR DISTRICT NO. 8

NOTE: The material contained in these supplements is to be read in the light of the classifications, prices, instructions, exceptions and other provisions contained in Part 328, Minimum Price Schedule for District No. 8 and supplements thereto.

[Docket No. A-1167]

PART 330—MINIMUM PRICE SCHEDULE, DISTRICT NO. 10

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD 10 FOR PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR WASHED COALS OF THE UNION MINE (MINE INDEX NO. 175) OF THE UNION COAL COMPANY IN DISTRICT 10

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, has been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices in Size Groups 17 through 25 (washed coals) for the coals of the Union Mine (Mine Index No. 175) of the Union Coal Company in District No. 10.

It appears that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth and that the minimum prices sought for the coals of this mine for all shipments except truck in Size Groups 17 through 25 may be readily granted by transferring this mine from its present price group to a different price group which includes mines producing analogous washed coals.

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows:

Commencing forthwith, the price group designated in the Schedule of Effective Minimum Prices for District No. 10 For All Shipments Except Truck for Mine Index No. 175 be and the same hereby is changed from Price Group No. 31 to Price Group No. 30 and the Schedule of Effective Minimum Prices for District No. 10 For Truck Shipments is supplemented to include the price classifications and minimum prices for Mine Index No. 175 set forth in Supplement T, § 330.25 (*General prices in cents per net ton for shipment into all market areas*), which supplement is annexed hereto and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: December 3, 1941.

[SEAL] DAN H. WHEELER, *Acting Director.*

TEMPORARY AND CONDITIONALLY FINAL EFFECTIVE MINIMUM PRICES FOR DISTRICT NO. 10

NOTE: The material contained in this supplement is to be read in the light of the classifications, prices, instructions, exceptions and other provisions contained in Part 330, Minimum Price Schedule for District No. 10 and supplements thereto.

PART 331—MINIMUM PRICE SCHEDULE, DISTRICT NO. 11

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 11 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS PRODUCED AT CERTAIN MINES IN DISTRICT NO. 11, FOR TRUCK SHIPMENTS

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals produced at certain mines in District No. 11, for truck shipments; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 331.24 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T, which supplement is hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: December 4, 1941.

PART 333—MINIMUM PRICE SCHEDULE, DISTRICT NO. 13

ORDER AMENDING ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 13 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 13

An Order Granting Temporary Relief and Conditionally Providing for Final Relief having been issued in the above matter on October 17, 1941; 6 F.R. 5672;

It appearing that through error Freight Origin Group 80 was assigned to the Lockhart Mine, Mine Index 621 of W. H. Lockhart, and that Freight Origin Group 100 should be assigned to this mine;

It is, therefore, ordered, That § 333.6 (*General prices*) in Supplement R-I of the Order of October 17, 1941 in the above matter be, and the same hereby is, amended by the deletion of the assignment of Freight Origin Group 80 to the Lockhart Mine, Mine Index 621, of W. H. Lockhart, and by the assignment in lieu thereof, of Freight Origin Group 100 to this mine.

PART 334—MINIMUM PRICE SCHEDULE, DISTRICT NO. 14

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 14 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 14

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 14; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith § 334.5 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, and § 334.24 (*General prices for shipment into all market areas*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

No relief is granted herein for the coals of the Blue Ridge Coal Company No. 1 Slope Mine, for the reason that this Division has no record of such a mine being operated by the Blue Ridge Coal Company. Before price classifications and minimum prices can be established for the coals of its No. 1 Slope Mine it will be necessary for the Blue Ridge Coal Company to comply fully with the requirements of Order No. 288.

No relief is granted herein for the coals of the Independent Coal Company Mine, Mine Index No. 173, for the reason that the price classifications and minimum prices proposed by petitioner for the coals of such mine are applicable to such coals only when produced by the solid-shot method of operation. Since the Independent Coal Company has effective price classifications and minimum prices for the coals of Mine Index No. 173 when produced by the machine-cut method of operation, and has failed to comply with Order No. 288 in connection with the change, or contemplated change, in its method of operation, the relief sought for the coals of Mine Index No. 173 cannot be granted.

The coals of the Johnson-Simpson J & S Mine, Mine Index No. 437, one of the mines for which relief is sought, have previously been classified and priced for production by the machine-cut method of operation only in Docket Nos. A-109 (on October 25, 1940, 5 F.R. 4348) and A-759 (on April 7, 1941, 6 F.R. 2189), for truck and rail shipments respectively. Petitioner now requests the establishment of minimum prices for the coals of Mine Index No. 437 when produced by the solid-shot method of operation. However, the Johnson-Simpson Coal Company has failed to comply with the requirements of Order No. 288 in reporting the change or contemplated change in the method of producing the coals of Mine Index No. 437. Accordingly, the relief prayed for on behalf of Mine Index No. 437 cannot be granted at this time.

Petitioner proposes Excelsior, Arkansas and Greenwood, Arkansas a/c Fort Smith, Arkansas, as railroad shipping points for the Lewis Excelsior Mine of the Lewis Excelsior Coal Company, Mine Index No. 553. Fort Smith is not shown in the attached schedule marked "Supplement R" for the reason that the Division's records indicate that Fort Smith, Arkansas is merely the railroad station at which bills of lading are issued, for shipments from Mine Index No. 553 which originate at Greenwood, Arkansas upon the Missouri-Pacific Railroad.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the

temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: December 2, 1941.

PART 335—MINIMUM PRICE SCHEDULE, DISTRICT NO. 15

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 15 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 15

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 15; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith § 335.5 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, and § 335.24 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

No relief is granted herein for the coals of Craig Mine No. 2 (Mine Index No. 38) of the Craig Coal Company (Frank S. Williams) for the reason that these coals were previously classified and priced for truck shipments in General Docket No. 15 and for all shipments except truck in Docket No. A-1041, by an order dated September 30, 1941, 6 F.R. 5321.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: December 4, 1941.

TITLE 32—NATIONAL DEFENSE

CHAPTER VI—SELECTIVE SERVICE SYSTEM

[Amendment No. 115]

AMENDING THE REGULATIONS SO AS TO DELETE PARAGRAPH 420[1]

By virtue of the provisions of the Selective Training and Service Act of 1940 (54 Stat. 885) and the authority vested in me by the rules and regulations prescribed by the President thereunder, I hereby amend, effective immediately upon the filing hereof with the Division of the Federal Register, the Selective Service Regulations, Volume Four, Section XXXV, in the following manner:

By deleting Paragraph 420 in its entirety.

LEWIS B. HERSHEY,
Director.

DECEMBER 18, 1941.

[F. R. Doc. 41-9558; Filed, December 19, 1941; 9:24 a. m.]

Effective January 1, 1942, the Selective Service Regulations are hereby amended by rearranging the order in which the paragraphs hereinafter listed will appear; by assigning new numbers to such rearranged paragraphs; by changing the context of those paragraphs hereinafter listed which are followed by the words "as amended"; and by publishing such rearranged, renumbered, and amended paragraphs as the sections of Part 621 of the Second Edition of the Selective Service Regulations:

Paragraph 136 as amended becomes § 621.7.
Paragraph 161 as amended becomes § 621.9.
Paragraph 319 as amended becomes § 621.1.
Paragraph 320 as amended becomes § 621.2.
Paragraph 321 as amended becomes § 621.6.
Paragraph 322 as amended becomes § 621.4.
Paragraph 323 as amended becomes § 621.9.
Paragraph 324 as amended becomes § 621.5.
Paragraph 325 as amended becomes § 621.8.
Paragraph 363 as amended becomes § 621.3.

PART 621—QUESTIONNAIRE AND OTHER INFORMATION TO BE USED IN CLASSIFYING REGISTRANTS

Sec.
621.1 Mailing questionnaires.
621.2 Time allowed to return questionnaire.
621.3 Special form for conscientious objector.
621.4 Claims for, or information relating to, deferment.
621.5 Inadequate questionnaire.
621.6 Assistance to registrants in filling out questionnaires.
621.7 Securing information from welfare and governmental agencies.
621.8 Subpena power of local board.
621.9 Permit and Selective Service Questionnaire of registrant leaving the United States.

§ 621.1 *Mailing questionnaires.* (a) The local board shall mail a Selective Service Questionnaire (Form 40) to each registrant in strict accordance with the order numbers, from the smallest to the largest. Selective Service Questionnaires (Form 40) shall be mailed as rapidly as possible, consistent with the ability of the local board to give them prompt consideration upon their return.

(b) Before a Selective Service Questionnaire (Form 40) is mailed, it shall be prepared by filling in all blanks on page 1.

(c) The date upon which the Selective Service Questionnaire (Form 40) is mailed shall be entered on the Classification Record (Form 100).

(d) Each day when one or more Selective Service Questionnaires (Form 40) are mailed, an Important Notice to Registrants (Form 55) shall be completed and posted in a public place.*

*§§ 621.1 to 621.9, inclusive, issued under the authority contained in 54 Stat. 885; 50 U.S.C., Sup., 301-318, inclusive, E.O. No. 8545, 5 F.R. 3779.

§ 621.2 *Time allowed to return questionnaire.* (a) Unless the local board grants an extension of time, as explained below, the registrant shall complete and return his Selective Service Questionnaire (Form 40) within 10 days after the date on which it is mailed to him.

(b) If the registrant has a valid reason, the local board may grant an extension of time for returning the Selective Service Questionnaire (Form 40). Examples of valid reasons are:

Too sick to answer the Selective Service Questionnaire (Form 40).

Too far away to receive and return the Selective Service Questionnaire (Form 40) by mail within 10 days.*

§ 621.3 *Special form for conscientious objector.* A registrant who claims to be a conscientious objector shall offer information in substantiation of his claim on a Special Form for Conscientious Objector (Form 47) which, when filed, shall become a part of his Selective Service Questionnaire (Form 40). The local board, upon request, shall furnish to any person claiming to be a conscientious objector a copy of such Special Form for Conscientious Objector (Form 47).*

§ 621.4 *Claims for, or information relating to, deferment.* (a) The registrant shall be entitled to present all written information which he believes to be necessary to assist the local board in determining his proper classification. Such information should be included in or attached to the Selective Service Questionnaire (Form 40) and may include any documents, affidavits, or depositions. The affidavits and depositions shall be as concise and brief as possible.

(b) Any person other than the registrant who has cause to claim that the registrant should be deferred may obtain Claim for Deferred Classification by Others Than Registrants (Form 42) from the local board, make out the claim, and file it directly with the local board. In appropriate cases, an Affidavit of Dependent Over 18 Years of Age (Form 40A) or an Affidavit to Support Claim for Occupational Deferment (Form 42A) should be prepared in accordance with the instructions printed on such forms and filed with the local board. Such claims and affidavits should be filed within the time allowed for the registrant to return his Selective Service Questionnaire (Form 40).

(c) Any person so claiming that the registrant should be deferred shall be entitled to present information in support of his claim. Such information should be included in or attached to the Claim for Deferred Classification by Others Than Registrants (Form 42), or the Affidavit of Dependent Over 18 Years of Age (Form 40A), or the Affidavit to Support Claim for Occupational Deferment (Form 42A), and may include any documents, affidavits, or depositions supporting the claim. The affidavits or depositions shall be as concise and brief as possible.*

§ 621.5 *Inadequate questionnaire.* When a registrant's Selective Service Questionnaire (Form 40) omits needed information, contains material errors, or shows that the registrant failed to understand the questions, the local board may return the Selective Service Questionnaire (Form 40) to the registrant for correction and completion and direct him to return same so completed and corrected on or before a specified date. While compliance with the instructions upon the Selective Service Questionnaire (Form 40) is required, the local board should be guided by common sense rather than technicalities.*

§ 621.6 *Assistance to registrants in filling out questionnaires.* Advisory boards for registrants will help registrants fill out Selective Service Questionnaires (Form 40). The local board shall request newspapers to publish full information about the advisory boards for registrants. Registrants who ask the local board for advice or assistance will be directed to members of the advisory board for registrants.*

§ 621.7 *Securing information from welfare and governmental agencies.* (a) The local board is authorized to request and receive information from local welfare and governmental agencies where such information will assist it in determining the proper classification of a registrant.

(b) The local board is authorized to request the State Director of Selective Service to secure information from State or National welfare and governmental agencies where such information will assist it in determining the proper classification of a registrant.*

§ 621.8 *Subpena power of local board.* The local board shall have authority to subpena any person to appear before it; to direct him to produce such papers and records as may be deemed necessary; and to require him to testify, under oath, in regard to any information within his knowledge. It shall be the duty of any person subpenaed to appear; to produce the papers and records described in the subpena; and to testify. Such a subpena may be issued by any member of the local board, using for the purpose Subpena to Witness to Appear Before Local Board (Form 56). The original of such subpena shall be served upon the individual who is required to appear as a witness. Such service may be made by any person who is 21 years of age or over and shall be made in the manner provided by the law of the State in which the subpena is served. Any person subpenaed may be compelled to appear and testify before the local board in the same manner as persons subpenaed by a court of the United States may be compelled to appear and testify in proceedings before such court. Any member of the local board may apply to a court of the United States for summary aid to compel a person within its jurisdiction who has failed to respond to a subpena or refused to testify to appear before such local board; to produce such papers and records as may have been described in such subpena; or to testify.*

§ 621.9 *Permit and Selective Service questionnaire of registrant leaving the United States.* The local board may issue to a registrant a permit of the Local Board for Registrant to Depart from the United States (Form 351), provided that the registrant's absence is not likely to interfere with the proper administration of the selective service law. Before determining whether a permit should be issued, the local board may require the registrant to complete and file his Selective Service Questionnaire (Form 40) and such other forms and information as may be necessary to complete his classification. The local board in such a case may thereupon classify such a registrant if it appears necessary to a determination of the advisability of issuing the permit.*

*§§ 622.1 to 622.62, inclusive, issued under the authority contained in 54 Stat. 885; 50 U.S.C., Sup., 301-318, inclusive, E.O. No. 8545, 5 F.R. 3779.

AVAILABLE FOR OR IN MILITARY SERVICE

§ 622.11 *Class I-A: Available for general military service when found acceptable to the land or naval forces.* In Class I-A shall be placed every registrant who, upon classification before physical examination by the local board examining physician, has not been placed in Class I-C, Class IV-F (by reason of being morally unfit), class IV-D, Class IV-C, Class IV-B, Class IV-A (not considerd in time of war), Class III-A, Class II-B, Class II-A, or Class I-H and who, upon classification after physical examination by the local board examining physician, has not been found to have any defect set forth in Part I or in Part II of the List of Defects (Form 220) and has not been placed in Class IV-F, Class IV-E-LS, Class IV-E, Class I-B-O, Class I-B, or Class I-A-O, and every such registrant shall be available for induction for general military service when found acceptable for such service by the land or naval forces.*

§ 622.12 *Class I-A-O: Available for noncombatant general military service when found acceptable to the land or naval forces; conscientious objector.* In Class I-A-O shall be placed every regis-

trant who would have been classified in Class I–A but for the fact that he has been found, by reason of religious training and belief, to be conscientiously opposed to participation in war in any form and to be conscientiously opposed to combatant military service in which he might be ordered to take human life, but not conscientiously opposed to noncombatant military service in which he could contribute to the health, comfort, and preservation of others, and every such registrant shall be available for induction for general noncombatant military service when found acceptable for such service by the land or naval forces.*

§ 622.13 *Class I–B: Available for limited military service when found acceptable to the land or naval forces.* In Class I–B shall be placed every registrant who, upon classification before physical examination by the local board examining physician, has not been placed in Class I–C, Class IV–F (by reason of being morally unfit), Class IV–D, Class IV–C, Class IV–B, Class IV–A (not considered in time of war), Class III–A, Class II–B, Class II–A, or Class I–H and who, upon classification after physical examination by the local board examining physician, has not been placed in Class IV–F (by reason of having a defect set forth in Part I of the List of Defects (Form 220)), Class IV–E–LS, Class IV–E, or Class I–B–O, and who is found to have a defect set forth in Part II of the List of Defects (Form 220), and every such registrant shall be available for induction for limited military service when found acceptable for such service by the land or naval forces.*

§ 622.14 *Class I–B–O: Available for noncombatant limited military service when found acceptable to the land or naval forces; conscientious objector.* In Class I–B–O shall be placed every registrant who would have been classified in Class I–B but for the fact that he has been found, by reason of religious training and belief, to be conscientiously opposed to participation in war in any form and to be conscientiously opposed to combatant military service in which he might be ordered to take human life, but not conscientiously opposed to noncombatant military service in which he could contribute to the health, comfort, and preservation of others, and every such registrant shall be available for induction for limited military service when found acceptable for such service by the land or naval forces.*

§ 622.15 *Class I–C: Member of land or naval forces of United States.* (a) In Class I–C shall be placed every registrant who is, or who by induction, enlistment, or appointment becomes, a commissioned officer, warrant officer, field clerk, pay clerk, or enlisted man of the Regular Army, the Navy, the Marine Corps, the Coast Guard, the Federally recognized active National Guard, the Officers' Reserve Corps, the Army of the United States, the Regular Army Reserve, the Enlisted Reserve Corps, the Naval Reserve, the Marine Corps Reserve, or the Coast Guard Reserve Corps; or a cadet of the United States Military Academy; or a midshipman of the United States Naval Academy; or a cadet of the United States Coast Guard Academy; or a man who has been accepted for admittance (commencing with the academic year next succeeding such acceptance) to the United States Military Academy as a cadet, or to the United States Naval Academy as a midshipman, or to the United States Coast Guard Academy as a cadet, but only during the continuance of such acceptance.

(b) A registrant who enlists or is inducted into the land or naval forces, other than by volunteering under the Selective Training and Service Act of 1940, as amended, and being inducted through a local board, shall be classified in Class I–C when the local board receives authentic information that such registrant is in the land or naval forces. No Selective Service Questionnaire (Form 40) shall be mailed to such registrant. No credit shall be given for such registrant until the Director of Selective Service receives, from the land or naval forces, a Home Address Report (Form 166) covering such registrant.

(c) When a local board receives a Home Address Report (Form 166), it shall be checked against the list of registrants, and any registrant appearing upon such a report, not already classified in Class I–C, shall be so classified. When the local board receives a Home Address Report (Form 166) for a man who is not a registrant, no classification shall be given to such man. The local board shall write on each Home Address Report (Form 166) "Registrant" or "Nonregistrant," as the case may be. All Home Address Reports (Form 166) received by the local board shall be filed in one place.*

§ 622.16 *Class I–H: Man deferred by reason of age.* In Class I–H shall be placed every registrant not a volunteer who on or prior to July 1, 1941, or on or prior to July 1 of any subsequent year has attained the 28th anniversary of the date of his birth and who, upon classification, is not classified in Class I–C, Class IV–F (by reason of being morally unfit), Class IV–D, Class IV–C, Class IV–B, Class IV–A (not considered in time of war), Class III–A, Class II–B, or Class II–A, and who has not theretofore been classified in Class IV–E or Class IV–E–LS.*

DEFERRED BY REASON OF OCCUPATION

§ 622.21 *Class II–A: Man necessary in his civilian activity.* (a) In Class II–A shall be placed any registrant found to be a "necessary man" in any industry, business, employment, agricultural pursuit, governmental service, or any other service or endeavor, or in training or preparation therefor, the maintenance of which is essential to the national health, safety, or interest.

(b) Class II–A deferments shall be for the period of 6 months or less as may be deemed necessary to secure or train a replacement for the registrant. If there is a change in the registrant's status during the period of his deferment in Class II–A, his classification shall be reopened and considered anew. At the expiration of the period of the registrant's deferment in Class II–A, his classification shall be reopened, and he shall be classified anew. When the registrant is classified anew, he shall not be again placed in Class II–A unless such classification is warranted, and in addition, the registrant or the registrant's employer convinces the local board, or the board of appeal (if an appeal is taken), or the President (if an appeal is permitted and is taken) that a reasonable but unsuccessful effort has been made during the period of deferment to secure or to train a replacement. If these conditions are met and the registrant is again placed in Class II–A, such further deferment shall be for the period of 6 months or less as may be deemed necessary to secure or train a replacement. The same rule shall be applied when again classifying such a registrant at the end of each successive period for which he has been classified in Class II–A.*

§ 622.22 *Class II–B: Man necessary to the war production program.* (a) In Class II–B shall be placed any registrant found to be a "necessary man" in any industry, business, employment, agricultural pursuit, governmental service, or in any other service or endeavor, or in training or preparation therefor, the maintenance of which is necessary to the war production program.

(b) Class II–B deferments shall be for a period of 6 months or less. If there is a change in the registrant's status during the period of deferment in Class II–B, his classification shall be reopened and considered anew. At the expiration of the period of the registrant's deferment in Class II–B, his classification shall be reopened, and he shall be classified anew. In again classifying the registrant, care should be taken not to impede the war production program. The registrant should be again classified in Class II–B for a period of 6 months or less if such classification is warranted and if the registrant's employer has made a reasonable but unsuccessful effort to secure or train a replacement for the registrant during the period of deferment. The same rule shall be applied when again classifying such a registrant at the end of each successive period for which he has been classified in Class II–B.*

§ 623.23 *General rules for classification in Class II–A and Class II–B.* (a) On the local board is placed the primary responsibility of deciding which men should be deferred because of their civilian activities. It is in the national interest and of paramount importance to our national defense that civilian activities which are directly contributing to the war effort or which are otherwise essential to the national health, safety,

or interest should be maintained where possible, consistent with the fundamental purposes of the Selective Training and Service Act of 1940, as amended.

(b) No deferment from training and service shall be made in the case of any individual except upon the basis of the status of such individual, and no deferment shall be made of individuals by occupational groups or groups of individuals in any plant or institution.

(c) The local board may avail itself of the assistance of all Federal, State or local agencies (such as the Office of Production Management Labor Supply Committees, State and Federal employment services, State occupational advisors, county agricultural agents, or others) to obtain information in cases of occupational deferments.*

§ 622.24 *"Necessary man" defined.* A registrant shall be considered a "necessary man" in industry, business, employment, agricultural pursuit, governmental service, or in any other service or endeavor, including training or preparation therefor, only when all of these conditions exist: (1) He is, or but for a seasonal or temporary interruption would be, engaged in such activity; (2) he cannot be replaced because of a shortage of persons with his qualifications or skill in such activity; and (3) his removal would cause a serious loss of effectiveness in such activity.*

DEFERRED BY REASON OF DEPENDENCY

§ 622.31 *Class III–A: Man deferred by reason of dependency.* (a) In Class III–A shall be placed any registrant upon whom one or more dependents, as defined in § 622.32, depend for support in a reasonable manner: *Provided, however,* That no registrant shall be deferred by placing him in Class III–A (1) if he acquired such status on or after September 16, 1940, and before December 8, 1941, unless he is able to present information which convinces the local board, or the board of appeal (if an appeal is taken, or the President (if an appeal is permitted and is taken), when classifying him, that such status was not voluntarily acquired at a time when his selection was imminent or for the primary purpose of providing him with a basis for Class III–A deferment; or (2) if he acquired such status on or after December 8, 1941, unless he is able to present information which convinces the local board, or the board of appeal (if an appeal is taken), or the President (if an appeal is permitted and is taken), when classifying him, that such status was acquired under circumstances which were beyond his control.

(b) The local board should determine all questions of Class III–A deferments with sympathetic regard for the registrant and his dependents. Any reasonable doubts in connection with dependency should be resolved in favor of deferment, and in doubtful cases the local board should be mindful of injuries which may be expected to result from separating a father from his children or a husband from his wife. The maintenance of the family as a unit is of importance to the national well-being.

(c) No hard-and-fast rules will work. Each case must be weighed carefully and decided on its own merits. What is reasonable support in one locality or in one set of circumstances may not be in others. The local board should be diligent in preventing registrants from evading military service where their status with respect to dependents does not warrant their deferment, but the local board must be equally diligent in making its classifications to protect the registrant's dependents.

(d) The local board may avail itself of the assistance of State or local welfare agencies for information on doubtful matters concerning dependency. The local board may request such welfare agencies to assign an agent to it for this purpose.

(e) Notwithstanding the provisions of paragraph (a) of this section, when, as, and if allotments and allowances are provided for dependents of registrants who may be inducted into the land or naval forces, the Director of Selective Service shall prescribe the effect to be given thereto under these regulations.*

§ 622.32 *"Dependent" defined.* (a) A person shall be considered a registrant's dependent only when all of the following are satisfied:

(1) Such person must be the registrant's wife, divorced wife, child, parent, grandparent, brother, or sister, or must be a person under 18 years of age, or a person of any age who is physically or mentally handicapped, whose support the registrant has assumed in good faith; and

(2) Such person must either be a United States citizen or live in the United States, its Territories, or possessions; and

(3) Such person, at the time the registrant is classified, must depend in fact for support in a reasonable manner, in view of such person's circumstances, on income earned by the registrant by his work in a business, occupation, or employment (including employment on work relief projects but excluding employment as an enrollee in the Civilian Conservation Corps and similar employment in the National Youth Administration).

(4) Such person must in fact regularly receive from the registrant contributions (including payments to a divorced wife) to the support of such person, and such contributions must not be merely a small part of such person's support. Even though the registrant is unable to furnish to such person money or other support for temporary periods because of the registrant's physical or economic situation, he may be considered to be regularly contributing to such person's support, if such person and the community look upon the registrant as the normal source of such person's support.*

§ 622.33 *Certain relatives defined.* (a) The term "child" includes an unborn child, a child legally adopted, or a child born out of wedlock, but shall not include any person 18 years of age or over unless he is physically or mentally handicapped.

(b) The term "parent" includes a person who is supported in good faith by the registrant in a relationship similar to that of parent and child.

(c) The term "brother" or "sister" shall include only a person, having one or both parents in common with the registrant, who is either under 18 years of age or is physically or mentally handicapped.*

DEFERRED FOR MISCELLANEOUS REASONS

§ 622.41 *Class IV–A: Man who has completed service.* (a) In time of peace, there shall be placed in Class IV–A any registrant who falls within any of the following categories:

(1) Any person who shall have satisfactorily served as an officer or enlisted man for at least 3 consecutive years in the Regular Army, Navy, Marine Corps, or Coast Guard; or any enlisted man who has been or is hereafter honorably discharged from the Regular Army or the Coast Guard for the convenience of the Government within 6 months prior to the completion of his regular 3-year period of enlistment.

(2) Any person who as a member of the active National Guard shall have satisfactorily served as an officer or enlisted man for at least 1 year in active Federal service in the Army of the United States and subsequent thereto for at least 2 consecutive years in the Regular Army or in the active National Guard.

(3) Any person who is an officer or enlisted man in the active National Guard at the time fixed for registration, and who shall have satisfactorily served therein for at least 6 consecutive years.

(4) Any person who is an officer in the Officers' Reserve Corps on the eligible list at the time fixed for registration, and who shall have satisfactorily served therein on that eligible list for at least 6 consecutive years.

(5) Any person who as a member of the Naval Reserve or the Marine Corps Reserve shall have satisfactorily served for at least 3 consecutive years on active duty.

(6) Any person who as a member of the Naval Reserve or the Marine Corps Reserve shall have satisfactorily served for at least 1 year on active duty and for at least 2 consecutive years in the Regular Navy or Marine Corps or with an organized unit of the Naval Reserve or the Marine Corps Reserve.

(7) Any person who is an officer or enlisted man in the organized Naval Reserve or in the organized Marine Corps Reserve at the time fixed for registration,

and who shall have satisfactorily served therein for at least 6 consecutive years.

(8) Any person who is an officer or enlisted man in the Naval Merchant Marine Reserve or Volunteer Naval Reserve or Volunteer Marine Corps Reserve at the time fixed for registration, and who shall have satisfactorily served therein for at least 8 consecutive years.

(9) Members of the United States Coast Guard Reserve, other than temporary members, shall receive the same classification as members of the Naval Reserve.

(b) In time of war, no person shall be placed in Class IV–A and all persons previously placed in Class IV–A shall be reclassified and placed in some other classification.*

§ 622.42 *Class IV–B: Official deferred by law.* In Class IV–B shall be placed any registrant who is the Vice President of the United States, a Governor of a State, a member of the Congress of the United States, a member of a State legislative body, a judge of a court of record of the United States or of a State; or who is a commissioned officer, warrant officer, pay clerk, or enlisted man in the Coast and Geodetic Survey, the Public Health Service; or who is a cadet of the advanced course, senior division, of the Reserve Officers' Training Corps or the Naval Reserve Officers' Training Corps.*

§ 622.43 *Class IV–C: Nondeclarant alien.* (a) In Class IV–C shall be placed any registrant who is an alien (including a citizen of the Philippine Commonwealth) who has not declared his intention to become a citizen of the United States pursuant to the naturalization laws of the United States.

(b) Whenever the local board has a perplexing alien case, it should request assistance through State Headquarters for Selective Service from the Federal Immigration and Naturalization Service.*

§ 622.44 *Class IV–D: Minister of religion or divinity student.* (a) In Class IV–D shall be placed any registrant who is a regular or duly ordained minister of religion or who is a student preparing for the ministry in a theological or divinity school which has been recognized as such for more than 1 year prior to the date of enactment of the Selective Training and Service Act (September 16, 1940).

(b) A "regular minister of religion" is a man who customarily preaches and teaches the principles of religion of a recognized church, religious sect, or religious organization of which he is a member, without having been formally ordained as a minister of religion; and who is recognized by such church, sect, or organization as a minister.

(c) A "duly ordained minister of religion" is a man who has been ordained in accordance with the ceremonial ritual or discipline of a recognized church, religious sect, or religious organization, to teach and preach its doctrines and to administer its rites and ceremonies in public worship; and who customarily performs those duties.*

AVAILABLE FOR WORK OF NATIONAL IMPORTANCE UNDER CIVILIAN DIRECTION

§ 622.51 *Class IV–E: Available for general service in civilian work of national importance; conscientious objector.* In Class IV–E shall be placed every registrant who, upon classification before physical examination by the local board examining physician, has not been placed in Class IV–F (by reason of being morally unfit), Class IV–D, Class IV–C, Class IV–B, Class IV–A (not considered in time of war), Class III–A, Class II–B, Class II–A, or Class I–H and who, upon classification after physical examination by the local board examining physician, has not been found to have any defect set forth in Part I or in Part II of the List of Defects (Form 220) and who has been found, by reason of religious training and belief, to be conscientiously opposed to participation in war in any form and to be conscientiously opposed to both combatant and noncombatant military service, and every such registrant shall be available for general service in work of national importance under civilian direction when found to be acceptable for such service.*

§ 622.52 *Class IV–E–LS: Available for limited service in civilian work of national importance; conscientious objector.* In Class IV–E–LS shall be placed every registrant who, upon classification before physical examination by the local board examining physician, has not been placed in Class IV–F (by reason of being morally unfit), Class IV–D, Class IV–C, Class IV–B, Class IV–A (not considered in time of war), Class III–A, Class II–B, Class II–A, or Class I–H, and who, upon classification after physical examination by the local board examining physician, has not been placed in Class IV–F (by reason of having a defect set forth in Part I of the List of Defects (Form 220)) and who has been found to have one of the defects set forth in Part II of the List of Defects (Form 220), and who has been found, by reason of religious training and belief, to be conscientiously opposed to participation in war in any form and to be conscientiously opposed to both combatant and noncombatant military service, and every such registrant shall be available for limited service in work of national importance under civilian direction when found to be acceptable for such service.*

§ 622.53 *Class IV–E–H: Man formerly classified in Class IV–E or Class IV–E–LS, since deferred by reason of age.* In Class IV–E–H shall be placed each registrant who has been classified in either Class IV–E or Class IV–E–LS and who on July 1, 1941, or on July 1 of any subsequent year, has attained the 28th anniversary of the date of his birth and has not been assigned to and accepted for work of national importance.*

DEFERRED BY REASON OF BEING UNFIT

§ 622.61 *Class IV–F: Morally unfit.* In Class IV–F shall be placed every registrant who is found to be morally unfit. A registrant shall be found to be morally unfit who:

(1) Has been discharged from the Army, Navy, Marine Corps, or Coast Guard with a form of discharge certificate other than honorable.

(2) Has been convicted of any of the following heinous crimes: Treason, murder, rape, kidnapping, arson, sodomy, pandering, any crime involving sex perversion, or any crime involving illegal dealing in narcotics or other habit-forming drugs.

(3) Has been convicted on two or more occasions of any offense (other than a conviction for an offense committed in violation of the Selective Training and Service Act of 1940, as amended, or the regulations prescribed or orders issued pursuant thereto) for which he could have been punished by death or confinement for a term exceeding 1 year in a penitentiary or prison.

(4) Is a chronic offender with pronounced criminal tendencies.

(5) Is being retained in the custody of any court of criminal jurisdiction or other civil authority. In the event such court or other civil authority releases such registrant from custody, upon final adjudication or otherwise, such registrant may be reclassified. A registrant shall be considered to have been released from custody by an order terminating such custody if and when the registrant is inducted or suspending such custody for the period of military service of the registrant, if inducted, either with or without credit for such period.

If a registrant is otherwise qualified for service and would be placed in Class I–A except for the fact that he is being retained in the custody of a court of criminal jurisdiction or other civil authority, the local board shall place him in Class I–A and shall request the court or other civil authority to grant an order terminating such custody in order that the registrant may be inducted. In all such cases the registrant shall not be classified in Class IV–F unless and until the local board's request for an order terminating civil custody of the registrant is refused.

When the court or other civil authority grants an order terminating civil custody of the registrant, the local board must be furnished with at least one certified copy of such order. At the time the registrant is ordered to report for induction, the local board shall mail the certified copy of the order to the induction station commander with a letter of explanation so that the commander will have full knowledge of the situation before the induction date.

(6) Is found, irrespective of the foregoing provisions, to be morally unfit for military service.*

§ 622.62 *Class IV–F: Physically or mentally unfit.* In Class IV–F shall be placed any registrant who:

(1) After physical examination by the examining physician is found to have a defect set forth in Part I of the List of Defects (Form 220):

(2) After physical examination by the armed forces is found to be physically or mentally unfit for any military service by reason of a defect which cannot be remedied so as to make the registrant fit for either general or limited military service; or

(3) Is a conscientious objector to both combatant and noncombatant military service found, after physical examination (final type), to be physically or mentally unfit for either general or limited work of national importance under civilian direction by reason of a defect which cannot be remedied so as to make the registrant fit for either general or limited service in work of national importance under civilian direction.*

COMMENCEMENT OF CLASSIFICATION

§ 623.1 *General principles of classification.* (a) Each registrant shall be classified as soon as practicable after his Selective Service Questionnaire (Form 40) is received by the local board.

(b) It is the local board's responsibility to decide in the first instance the class in which each registrant shall be placed.

(c) In classifying a registrant there shall be no discrimination for or against him because of his race, creed, or color, or because of his membership or activity in any labor, political, religious, or other organization. Each registrant shall receive equal and fair justice.*

*§§ 623.1 to 623.53, inclusive, issued under the authority contained in 54 Stat. 885; 50 U.S.C., Sup., 301–318, inclusive; E.O. No. 8545, 5 F.R. 3779.

§ 623.2 *Information considered for classification.* The registrant's classification shall be made solely on the basis of the Selective Service Questionnaire (Form 40), Affidavit of Dependent Over 18 Years of Age (Form 40A), Claim for Deferred Classification by Person Other Than Registrant (Form 42), or Affidavit to Support Claim for Occupational Deferment (Form 42A), and such other written information as may be contained in his file. Oral information should not be considered unless it is summarized in writing and the summary placed in the registrant's file. Under no circumstances should the local board rely upon information received by a member personally unless such information is reduced to writing and placed in the registrant's file.*

TRANSFER FOR CLASSIFICATION

§ 623.11 *Registrants transferred for classification.* After returning the Selective Service Questionnaire (Form 40), a registrant may be transferred to another local board for classification if he is so far from his local board as to make complying with notices a hardship; if a majority of the members of the local board cannot act on his case because of disqualification under the provisions of § 603.55; or if a majority of the members of the local board, because of any conflicting interest, bias, or other reason, withdraw from consideration of the registrant's classification.*

§ 623.12 *Procedure upon transfer for classification.* (a) The local board from which the registrant is transferred shall prepare, in triplicate, an Order of Transfer for Classification (Form 63); shall send one copy thereof to the registrant; and shall transmit the original to the loal board to which the registrant is transferred, together with all papers pertaining to the registrant except the Registration Card (Form 1) and the remaining copy of the Order of Transfer for Classification (Form 63). The local board from which the registrant is transferred shall, with red ink, note the transfer in the proper column of the Classification Record (Form 100).

(b) The local board to which the registrant is transferred shall classify the registrant. It shall follow the same procedure as in the case of one of its own registrants if a request for hearing, a request for reopening, or an appeal is filed. It shall give the same notices and maintain the same records as are sent and maintained for its own registrants, except that it shall use a separate page in its Classification Record (Form 100) for transferred registrants and shall make all entries on that page in red ink. The local board to which the registrant is transferred shall prepare a duplicate Cover Sheet (Form 53). After the classification, after the hearing, when requested, and after the determination on appeal, when taken, the local board to which the registrant is transferred shall return to the local board from which the registrant is transferred all papers pertaining to the registrant except the duplicate Cover Sheet (Form 53) and the Order of Transfer for Classification (Form 63). In the proper column of the Classification Record (Form 100) the local board to which the registrant is transferred shall note the date of the returning of the papers.*

§ 623.13 *Accepting reports on transferred registrants.* The classification made by the local board to which a registrant is transferred shall be appealed through that local board only. The local board from which the registrant was transferred shall accept and enter on its records, without any change, the classification reported by the board which classified the registrant. If the local board from which the registrant was transferred receives new information that might affect his classification, the board shall send the information and the registrant's file to the board to which he was transferred. The local board to which the registrant is transferred retains jurisdiction of the classification of the registrant permanently, and such

classification cannot be reopened, considered anew, or changed by the local board of origin or any other local board.*

CLASSIFICATION BEFORE PHYSICAL EXAMINATION

§ 623.21 *Consideration of classes not requiring physical examination.* (a) Upon undertaking to classify any registrant, it should first be determined whether he should be classified in Class I–C.

(b) If the registrant is not classified in Class I–C, the local board shall next determine whether, under the provisions of § 622.48, the registrant is morally unfit for any military service, and if it finds that he is, he shall be classified in Class IV–F. No consideration will be given at this time to whether the registrant should be classified in Class IV–F by reason of being physically or mentally unfit. This determination will be made only after receiving the Report of Physical Examination (Form 221) from the local board examining physician. (*See* sec. 623.51.)

(c) If the registrant is not classified in Class I–C as provided in (a) above and is not classified in Class IV–F by reason of being morally unfit as provided in (b) above, the remaining classes in which a registrant may be placed without investigating his physical or mental condition should then be considered in the order in which those classes are hereinafter set out, and the registrant should be classified in the first class in the sequence for which grounds are established:

Class IV–D.
Class IV–C.
Class IV–B.
Class IV–A (not considered in time of war).
Class III–A.
Class II–B.
Class II–A.
Class I–H.*

PHYSICAL EXAMINATION

§ 623.31 *Notice to registrant to appear for physical examination.* (a) If a registrant is not classified in Class I–C, Class IV–F by reason of being morally unfit, Class IV–D, Class IV–C, Class IV–B, Class IV–A (not considered in time of war), Class III–A, Class II–B, Class II–A, or Class I–H, the local board, as soon as practicable after the determination of that fact, shall mail to him a Notice to Registrant to Appear for Physical Examination (Form 201). This notice shall fix the date, time, and place for the registrant to report for such physical examination, normally 5 days after the date of mailing such notice.

(b) On the day and at the time and place fixed in the Notice to Registrant to Appear for Physical Examination (Form 201), the registrant shall appear before the examining physician and submit to physical examination.

(c) The local board may grant a delay of the date when any registrant is to appear for physical examination when he is quarantined because of a communicable disease, is sick, has some temporary ailment, is awaiting an operation, or when he has some other good and sufficient reason for being unable to appear.

(d) The date of mailing of the Notice to Registrant to Appear for Physical Examination (Form 201) and the date on which the registrant reports for physical examination will be entered on the Classification Record (Form 100).*

§ 623.32 *Preparing report of physical examination.* (a) After the local board has mailed to the registrant a Notice to Registrant to Appear for Physical Examination (Form 201), it shall prepare an original and three copies of the Report of Physical Examination (Form 221). The local board shall enter its stamp at the top of the Report of Physical Examination (Form 221) and shall indicate in the space provided therefor whether it is the first time the registrant has been forwarded to the local board examining physician for examination or, if he has been examined before, whether the examination will be the second, third, or a subsequent examination. The local board will also fill in all of the answers to questions in Section I of the Report of Physical Examination (Form 221). Entries should be made with a typewriter or black ink. All entries shall be made on the original and all copies. Any indicated entry which it is not possible to complete with the information in the hands of the local board shall be left blank, and a memorandum shall be sent with the original copy of the Report of Physical Examination (Form 221) to the examining physician with the request that he complete such entries after questioning the registrant. Only the original should be signed.

(b) The local board shall deliver the prepared original Report of Physical Examination (Form 221) to the examining physician before the date on which a registrant is to report. The copies will all be retained in the registrant's file by the local board.*

§ 623.33 *Physical examination by examining physician.* (a) The Director of Selective Service, from time to time, will issue a List of Defects (Form 220), which will set forth, as Part I, defects, not remediable, which manifestly disqualify the registrant for both general and limited military service and which will set forth, as Part II, defects, not remediable, which manifestly disqualify the registrant for general military service but do not manifestly disqualify the registrant for limited military service. The examination of the registrant will be so conducted as to disclose the existence of any such defects.

(b) The physical examination of registrants should be held in a well-lighted, well-heated place. It should be held while the registrant is in the nude.

(c) The physical examination should consist of observing the registrant while walking toward, standing before, and walking away from the examining physician. The registrant may be required to go through calisthenics to determine the mobility of joints or to furnish a basis for determination of his alertness, intelligence, understanding of commands, postural tensions, tendencies to incoordination, and tremors. If peculiarities are noted, simple questions should be asked in an effort to bring out replies bearing on the mental health and personality characteristics of the registrant. The examining dentist, or if he is not available the examining physician, will examine the mouth of the registrant. No blood will be taken for serological tests, and no laboratory procedures will be undertaken as a part of this physical examination.

(d) When the examining physician knows or learns of a history of mental disease in the family of the registrant or of social maladjustment, poor work record, or other mental or personality conditions of the registrant which might cause the armed forces to ultimately reject the registrant, further information bearing on the personal and social history of the registrant shall be sought from local social agencies, school systems, state hospitals, and training schools for defectives, and the examining physician shall review the information thus received and shall enter an abstract thereof on the Report of Physical Examination (Form 221) under "Remarks" or on a memorandum attached thereto.

(e) The examining physician may report to the local board on the case of a registrant who does not personally appear before him when the report is based upon his professional knowledge that a registrant has a history of commitment for mental disease, is an idiot or imbecile, or is confined as an invalid to his home or in an institution, and such condition is of a character which makes it inadvisable for the registrant to personally appear before the examining physician at the place fixed for physical examination. If the examining physician does not have professional knowledge of such condition of the registrant, he may accept an affidavit from a reputable physician as to such condition, and the affidavit shall be attached to the Report of Physical Examination (Form 221). In all other cases, the registrant shall personally appear before the examining physician and be examined in the manner provided in (c) above.

(f) The examining physician shall complete any entries in Section I of the Report of Physical Examination (Form 221) which were not completed by the local board.

(g) The examining physician, on the Report of Physical Examination (Form 221), shall complete the answers to both of the following questions:

(1) Do you find that the above-named registrant has any of the defects set forth in Part I of the List of Defects (Form 220)?

(2) Do you find that the above-named registrant has any of the defects set forth in Part II of the List of Defects (Form 220)?

If the examining physician's answer to either question (1) or question (2) is "Yes," he shall describe the defects in order of their significance. If the examining physician entertains a doubt as to whether he should answer "Yes" or "No" to either question (1) or question (2), his answer to such question shall be "No."

§ 623.34 *Malingerers.* (a) If the examining physician is unable to detect an ailment or defect claimed by the registrant or believes that the registrant is feigning the ailment or defect or that such ailment or defect is self-inflicted or purposely caused, he shall attach a statement of the facts and his opinion to the Report of Physical Examination (Form 221).

(b) If the local board believes that a registrant's disqualifying physical ailments or defects are feigned, self-inflicted, or purposely caused to avoid military service or assignment to work of national importance under civilian direction, the local board shall immediately prepare, in duplicate, a full statement of the facts and its recommendations as to what action should be taken by the Director of Selective Service. The original of this statement, with the original Report of Physical Examination (Form 221), shall be sent to the State Director of Selective Service and the duplicate filed with the copies of the Report of Physical Examination (Form 221) in the registrant's Cover Sheet (Form 53).

(c) If the registrant is capable of any duty at all and the local board recommends his induction into the armed forces or his assignment to work of national importance under civilian direction, the State Director of Selective Service shall transmit the record to the Director of Selective Service. The Director of Selective Service may direct that the registrant be reported to a United States district attorney for prosecution or may request a waiver of the defect in order to permit the induction of the registrant, or, in the case of a conscientious objector, may waive the defect and order that the registrant be assigned to work of national importance under civilian direction.*

REFERENCE FOR PHYSICAL EXAMINATION

§ 623.41 *When registrant may be referred to another local board for physical examination only.* In cases where the examining physician is disqualified under the provisions of § 603.63, where the examining physician, because of conflicting interest, bias, or other reason, withdraws from consideration of the registrant's physical qualifications, or where his local board determines that the registrant is so far from his local board as to make his return for physical examination a hardship, it shall direct the registrant to be referred to a local board close to the registrant to be physically examined by such local board examining physician.*

§ 623.42 *Procedure when registrant is referred to another local board for physical examination only.* (a) When the local board of the registrant refers the registrant to another local board for physical examination, it shall prepare, in triplicate, an Order Referring Registrant to Another Local Board for Physical Examination Only (Form 203). One copy of the Order Referring Registrant to Another Local Board for Physical Examination Only (Form 203), together with the original and three copies of the Report of Physical Examination (Form 221) with the portions thereof prepared by the local board of the registrant for delivery to the examining physician, as provided by § 623.32, shall be sent to the local board to which the registrant is referred for physical examination only; one copy of the Order Referring Registrant to Another Local Board for Physical Examination Only (Form 203) shall be sent to the registrant; and the third copy placed in the registrant's Cover Sheet (Form 53).

(b) The local board to which the registrant is referred for physical examination only shall mail to the registrant a Notice to Appear for Physical Examination (Form 201) and shall send a copy of such notice to the local board of the registrant. The local board of the registrant shall note the date of mailing of the Notice to Appear for Physical Examination (Form 201) on the Classification Record (Form 100) in the same manner as if it had sent the Notice to Appear for Physical Examination (Form 201) itself.

(c) The registrant shall appear for physical examination by the examining physician at the time and place designated in the notice and shall be examined. The examining physician and examining dentist, when available, of the local board to which the registrant has been referred for physical examination only shall examine the registrant in the same manner as in the case of any other registrant.

(d) When the local board to which the registrant has been referred for physical examination only receives from its examining physician the completed original of such registrant's Report of Physical Examination (Form 221), it shall complete the three copies thereof and three copies of the memoranda and affidavits attached thereto and shall transmit the original and all three copies to the registrant's own local board. The local board to which the registrant was referred for physical examination shall not keep any copy of the Report of Physical Examination (Form 221).

(e) Upon receiving the original and three copies of the Report of Physical Examination (Form 221), the registrant's own local board shall treat such report as if the physical examination had been made by its own examining physician, shall prepare its records, and shall forward a copy of such report to the State Director of Selective Service at the same time and in exactly the same manner as in any other case.*

CLASSIFICATION AFTER PHYSICAL EXAMINATION

§ 623.51 *Procedure for classification after physical examination.* (a) After physical examination, the report of the examining physician shall be considered, and the registrant shall be classified in the manner hereinafter provided.

(b) If the registrant is found to have a defect, not remediable, set forth in Part I of the List of Defects (Form 220) as manifestly disqualifying him for both general and limited military service, he shall be classified in Class IV–F.

(c) If the registrant has made a claim that he is a conscientious objector and if such registrant has not been classified in Class IV–F as provided in (b) above, it shall be determined whether such registrant, by reason of religious training and belief, is conscientiously opposed to participation in war in any form, and, if he is, whether he is conscientiously opposed to both combatant and noncombatant military service or is opposed to combatant military service only. When this determination has been made, classification will continue in the manner hereinafter provided.

(d) If the registrant has not been classified in Class IV–F in the manner provided in (b) above and is found to have a defect, not remediable, listed in Part II of the List of Defects (Form 220) as manifestly disqualifying him for general military service but not manifestly disqualifying him for limited military service, he shall be classfied in Class I–B; provided that: (1) If such registrant has been found to be a conscientious objector to combatant military service but not a conscientious objector to noncombatant military service, he shall be classified in Class I–B–O; or (2) if such registrant has been found to be a conscientious objector to both combatant and noncombatant military service, he shall be classfied in Class IV–E–LS.

(e) If the registrant has not been classified in Class IV–F in the manner provided in (b) above or has not been classified in Class I–B, Class I–B–O, or Class IV–E–LS, in the manner provided in (d) above, he shall be classified in Class I–A: *Provided*, That: (1) If such registrant has been found to be a conscientious objector to combatant military service but not a conscientious objector to noncombatant military service, he shall be classified in Class I–A–O; or (2) if such registrant has been found to be a conscientious objector to both combatant and noncombatant military service, he shall be classified in Class IV–E.*

§ 623.52 *Notice and record of classification or change of classification.* (a) As soon as practicable after the local board has classified or changed the classification of a registrant, it shall mail notice thereof on Notice of Classification (Form 57) to the registrant and, in addition, shall mail a copy thereof to each person signing an Affidavit of Dependent Over 18 Years of Age (Form 40A), Claim for Deferred Classification by Person

Other Than Registrant (Form 42), or Affidavit to Support Claim for Occupational Deferment (Form 42A), which has been filed in the registrant's Cover Sheet (Form 53), and to any other person authorized to request the reopening of the registrant's classification who has filed such a request. If the registrant is placed in Class II–A or Class II–B, such notice shall include the date on which the deferment terminates.

(b) The local board, at the close of the day, shall make a list of the registrants who have been classified or whose classification has been changed on that day. Such list shall be made on the Daily Classification List (Form 44) and the original posted in the office of the local board. A copy shall be sent to the government appeal agent.

(c) When the local board classifies or changes the classification of a registrant, it shall record such classification on the Selective Service Questionnaire (Form 40) and the Classification Record (Form 100). Such classification shall also be entered in Section II on the Report of Physical Examination (Form 221) when the registrant is classified following physical examination by the examining physician.

(d) When the Notice of Classification (Form 57) is mailed, the date of mailing such notice shall be entered on the Classification Record (Form 100), and, in addition, the date of mailing such notice and the persons to whom it is mailed shall be entered on the Selective Service Questionnaire (Form 40).*

§ 623.53 *Register of conscientious objectors.* The local board shall list on a register of conscientious objectors each registrant whose claim for special classification as a conscientious objector has been sustained, either by the local board or upon appeal. The register of conscientious objectors shall show separately those registrants who have been classified as available for noncombatant military service (Class I–A–O and Class I–B–O) and those who have been classified as available for work of national importance under civilian direction only (Class IV–E and Class IV–E–LS). No special form is provided for this register.*

CHAPTER IX—OFFICE OF PRODUCTION MANAGEMENT

SUBCHAPTER B—PRIORITIES DIVISION

PART 971—ALCOHOL

Amendment No. 2 to General Preference Order No. M–31 as Amended to Conserve the Supply and Direct the Distribution of Methyl Alcohol

(a) Paragraph (d) of General Preference Order No. M–31 as amended[1] (§ 971.2) is hereby amended to read as follows:

§ 971.2 *General Preference Order M–31.*

* * * * *

(d) *Directions with respect to residual supply.* After providing for all deliveries under Defense Orders, giving preference among such deliveries in accordance with any preference ratings specifically assigned thereto, Producers and Distributors shall make deliveries of Methyl Alcohol in accordance with the following directions:

(1) Deliveries of Natural Origin Methyl Alcohol to persons who requife the same for use as a denaturant for ethyl alcohol and who, prior to delivery thereof, shall have certified to the Producer or the Distributor that the Natural Origin Methyl Alcohol sought will be used (sold, in the case of a Distributor) for such use only, are hereby assigned preference rating B–4.

(2) Deliveries of Synthetic Methyl Alcohol to persons who require the same for the production of formaldehyde for non-defense uses permitted in General Preference Order No. M–25 as amended, and who, prior to delivery thereof, shall have certified to the Producer or the Distributor that the Synthetic Methyl Alcohol sought will be used (sold, in the case of a Distributor) for such purpose only, are hereby assigned preference rating B–3.

(3) Deliveries of Synthetic Methyl Alcohol to persons who require the same for general chemical manufacture, excluding the uses set forth in paragraph (d) (4) hereof and who prior to delivery thereof, shall have certified to the Producer or the Distributor that the Synthetic Methyl Alcohol sought will be used (sold, in the case of a Distributor) for such purpose only, are hereby assigned preference rating B–4.

(4) Deliveries of Methyl Alcohol to persons who require the same for anti-freeze or general denaturant and solvent uses, and who, prior to delivery thereof, shall have certified to the Producer or the Distributor (a) that the Methyl Alcohol sought will be used (sold, in the case of a Distributor) for such purposes only, and (b) that the quantities sought, in any month, together with all quantities on order with other Producers or Distributors for delivery during such month, do not exceed one-twelfth of the quantity of Methyl Alcohol used by such persons for such purposes during the 12-month period ended September 30, 1941, are hereby assigned preference rating B–8.

(5) When a non-defense order for Methyl Alcohol for a use specified in paragraph (d) (1), (2) and (3) hereof, to which a preference rating has been assigned either by specific certificate or otherwise, is offered to a Producer or a Distributor, it shall be accepted, subject to the same terms and conditions applicable to the acceptance of Defense Orders set forth in Priorities Regulation No. 1; and deliveries shall be made under such an order in accordance with the preference rating assigned thereto and the delivery schedule specified therein even though deferment of deliveries under non-defense orders, bearing a lower preference rating or no preference rating, previously accepted is necessitated thereby. Any person seeking to place a non-defense order to which a preference rating has been assigned must make application for acceptance of such order in the first instance to his regular supplier (if a person has several regular suppliers, the order should be divided among such suppliers in accordance with such person's normal method of placing orders).

(b) *Effective date.* This Order shall take effect immediately. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public, No. 671, 76th Congress, Third Session as amended by Public, No. 89, 77th Congress, First Session; sec. 9, Public, No. 783, 76th Congress, Third Session)

Issued this 19th day of December 1941.

PART 977—MANILA FIBER AND MANILA CORDAGE

Amendment No. 2 to General Preference Order No. M–36 to Conserve the Supply and Direct the Distribution of Manila Fiber and Manila Cordage

Section 977.1 (*General Preference Order No. M–36*) is hereby amended to read as follows:

Whereas, the uncertainty of future shipments of Manila Fiber from abroad and national defense requirements for Manila Cordage have created a shortage thereof for defense and for private account and for export, and it is necessary in the public interest and to promote the defense of the United States, to conserve the supply and direct the distribution thereof;

Now, therefore, it is hereby ordered, That:

§ 977.1 *General Preference Order M–36*—(a) *Regulations incorporated in this Order.* Except as expressly modified by the terms of this Order, all of the provisions and definitions of Priorities Regulation No. 1, Part 944, issued August 27, 1941, by the Director of Priorities, as amended from time to time, are hereby incorporated in and made a part of this Order as fully and with the same effect as if specifically herein set forth.

(b) *Definitions for the purposes of this Order.* (1) "Manila Fiber" means fiber which is commonly known in the trade by this term and also known as Abaca or Manila Hemp (either stripped or decorticated), Sumatra Abaca, and Panama Abaca, except that "Manila Fiber" does not mean the fiber of grades T, O, W, or Y as established by the Insular Government of the Philippine Islands.

(2) "Manila Cordage" means cables and ropes 1/4" in diameter and larger, and twines used for fishing nets, in which Manila Fiber either alone or in combination with other materials is used.

(3) "Class A Cordage" means Manila Cordage which contains such a combination of grades of Manila Fiber as will at least equal the fiber quality requirements of Federal Specifications T–R–601a.

(4) "Class B Cordage" means Manila Cordage which contains such a combination of grades of Manila Fiber as will give a Becker value not in excess of thirty-nine, such Becker value to be determined according to the methods set forth in said Federal Specifications T–R–601a.

(5) "Cordage Processor" means any Person who spins, twists, weaves or otherwise uses Manila Fiber in the production of Manila Cordage.

For the purpose of this Order the term "Cordage Processor" shall also mean any Person who imports Manila Cordage.

(6) "Processing" means any use of Manila Fiber for the manufacture of any other article or commodity into which the Manila Fiber goes or of which it becomes a part.

(7) "Dealer" means any person who procures Manila Cordage for storage or for sale, and includes selling agents, warehousemen, and other commercially recognized agents acting for their own account or for others, whether or not acquiring title to such Manila Cordage.

(c) *Restrictions on deliveries of Manila fiber.* No Person shall hereafter make delivery and no Person shall accept delivery of Manila Fiber unless specifically authorized by the Director of Priorities: *Provided, however,* That deliveries of Manila Fiber may be made:

(1) By and to the Navy Department.

(2) By and to Defense Supplies Corporation.

(3) By and to persons importing or otherwise handling Manila Fiber in accordance with written instructions from the Navy Department or from Defense Supplies Corporation, provided that such Manila Fiber is to be delivered, either processed or unprocessed, directly, or through one or more other persons, to the Navy Department or to Defense Supplies Corporations.

(4) By Importers to Cordage Processors pursuant to contracts entered into on or before the date of this amended Order provided that shipments of such Manila Fiber leave the country of origin on or before April 30, 1942.

(5) By Importers to Cordage Processors of Manila Fiber rejected by the Navy Department or Defense Supplies Corporation as unfit for their use.

(d) *Restrictions on processing of Manila fiber.* (1) Unless specifically authorized by the Director of Priorities, no Person shall hereafter begin the processing of any Manila Fiber except for the purpose of manufacturing Class A or Class B Cordage.

(2) Unless specifically authorized by the Director of Priorities, no Person shall hereafter begin the processing of any Manila Fiber for the purpose of manufacturing any Class A, or Class B Cordage except for sale or delivery to fulfill those categories of orders specified in paragraph (e) (3).

(e) *Restrictions on sales and deliveries of Manila cordage.* (1) Cordage Processors may sell and deliver to Dealers and Dealers may buy and accept delivery of Manila Cordage except as restricted by this Order.

(2) Except as provided in paragraph (e) (4), no Cordage Processor shall sell or deliver to any Dealer and no Dealer shall buy or accept delivery of any Manila Cordage so long as the inventory thereof in the hands or under the control of the Dealer is sufficient to enable such Dealer to fill those categories of orders specified in (e) (3) below which, based upon his customary rate of operation with respect to those categories, it is estimated he will be required to fill within sixty days thereafter.

(3) Except as provided in paragraphs (e) (4), (e) (5) and (e) (6) no Cordage Processor or Dealer, unless specifically authorized by the Director of Priorities, shall sell or deliver Manila Cordage and no Person shall buy or accept delivery of Manila Cordage except to fulfill the following categories of orders:

(i) Defense Orders accompanied by preference rating certificates (not including a Preference Rating Order) having a rating of A–1–j or better.

(ii) Purchase Orders for use by Persons in the following categories of usage:

(*a*) Commercial marine usages in vessels engaged in the carriage of cargo or passengers, or in towage, lighterage or fishing for commercial fish markets or canneries, and usages for shipbuilding.

(*b*) Oil wells and gas wells—for drilling cables only.

(iii) Orders placed by the Defense Supplies Corporation.

(4) Notwithstanding the provisions of (e) (2) and (e) (3), any cordage Processor or Dealer may sell or deliver Manila Cordage of any class from stocks on hand or in process as of August 29, 1941, of the following types:

(i) Manila lariat rope.

(ii) Manila yacht lariat rope.

(5) Notwithstanding the provisions of paragraph (e) (3), any retail dealer or wholesaler may sell any Manila Cordage which, on the date of this Amendment, was in the form of cut lengths of less than 200 feet.

(6) Any stock of Class C Cordage in the hands of a retail dealer, in transit on the date of this Amendment, or made from Manila Fiber actually placed on machines by a Cordage Processor on or prior to the date of this Amendment, may be sold without restriction. For the purposes of this paragraph, Class C Cordage shall mean Manila Cordage which contains no Manila Fiber of the following grades: AB Davao or non-Davao, CD Davao or non-Davao, E Davao or non-Davao, F Davao or non-Davao, I Davao, JI Davao, G Davao, S2 Davao, and in addition to which is so processed that the Manila Fiber therein contained is combined or mixed with at least an equal amount of fiber other than Manila Fiber.

(7) Applications for specific exceptions from the limitations of paragraph (e) (3) must be made in writing by the person desiring to use the Cordage and must set forth in detail the nature of the use, the maximum size of Cordage usable, the minimum strength usable, and the reasons why Cordage not made of Manila Fiber is not suitable, giving full descriptions of the tests made on substitute Cordage. No application will be granted where adequate tests of substitutes have not been made.

(f) *Reports and correspondence.* All reports to be filed, appeals and other communications concerning this Amendment, should be addressed to the Office of Production Management, Washington, D. C., Ref. M–36.

(g) *Effective date.* This Amendment shall take effect immediately. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public, No. 671, 76th Congress, Third Session, as amended by Public, No. 89, 77th Congress, First Session; sec. 9, Public, No. 783, 76th Congress, Third Session)

Issued this 19th day of December 1941.

CHAPTER XI—OFFICE OF PRICE ADMINISTRATION

PART 1335—CHEMICALS

AMENDMENT NO. 1 TO PRICE SCHEDULE NO. 28—ETHYL ALCOHOL

Section 1335.159 of Price Schedule No. 28 is hereby amended to read as follows:

§ 1335.159 *Appendix A; Maximum prices for ethyl alcohol.* The following maximum prices are established for ethyl alcohol (188–190 proof unless otherwise indicated) of the formulae listed below whether produced synthetically or from the fermentation of molasses, corn or other raw material:

(a) *Eastern territory.*

(1) Tank cars:	*Per wine gallon (231 cubic inches)*
CD12	$0.58 f. o. b. shipping point.
CD13	$0.58 f. o. b. shipping point.
CD14	$0.58 f. o. b. shipping point.
SD1	$0.53 at works.
SD2B	$0.50 at works.
SD3A	$0.53 at works.
SD12A	$0.51 at works.
SD23A	$0.53 at works.
SD23G	$0.56 at works.
SD23H	$0.535 at works.
Proprietary name CDA	$0.58 f. o. b. shipping point.
Proprietary name solvent	$0.54 at works.

In the case of ethyl alcohol produced from the fermentation of molasses, the above maximum prices apply where the cost of the molasses used for such production is $2.47 per hundred pounds of sugar content delivered to the plant of the producer. For each increase or decrease of $0.10 in such cost, the maximum prices for such ethyl alcohol shall be the above maximum prices plus or minus $0.015.

(2) *Less than tank car quantities.* For quantities of less than tank cars the following differentials, plus a reasonable charge for containers, may be added to the maximum prices established in subparagraph (1) above.

	Per wine gallon (231 cubic inches)
Drums or barrels, C. L.	$0.035
Drums or barrels, LCL, 19 or more	.06
Drums or barrels, LCL, 1–18	.09

(b) *Western territory.* 4 cents per gallon may be added to the maximum prices established by subparagraphs (1) or (2) above, as the case may be.

(c) *Anhydrous ethyl alcohol (200 proof).* 3 cents per gallon may be added to the maximum prices established by paragraphs (a) or (b) above, as the case may be.

(d) When used in this Appendix, the term "Eastern" territory shall mean the states of New Mexico, Colorado, Wyoming, and Montana, and all states east thereof; the term "Western" territory shall mean all other states of the United States. (E.O. Nos. 8734, 8875, 6 F.R. 1917, 4483)

Issued this 18th day of December 1941. This amendment No. 1 effective January 1, 1942.

LEON HENDERSON,
Administrator.

PART 1353—VEGETABLE FIBERS

PRICE SCHEDULE NO. 59—KAPOK

The supply of kapok, used principally for life-saving devices, sleeping bags, mattresses, cushions, upholstery, and sound and thermal insulation, is obtained primarily from the Netherlands East Indies. The uncertainty of further shipments, occasioned by the hostilities in the Far East, may be expected to result in curtailment of the supply, which is already inadequate to meet normal civilian needs for any extended period of time.

Prices of kapok have risen appreciably since December 6, 1941, and a further rise may be expected unless remedial action is taken. Such price increases cannot serve to increase the supply.

It is contemplated that, after completion of studies now being made by the Office of Price Administration, a revised schedule covering various grades of kapok will be issued. If the studies so justify, maximum prices lower than those set forth herein may be established.

Accordingly, under the authority vested in me by Executive Order No. 8734, it is hereby directed that:

§ 1353.1 *Maximum prices for kapok.* (a) On and after December 22, 1941, regardless of the terms of any contract of sale or purchase, or other commitment, no person shall sell, offer to sell, deliver or transfer kapok, at a price higher than the applicable maximum price established herein.

(b) (1) The maximum price shall be the highest price contracted for or received by the seller for the sale or delivery during the period between November 15, 1941, and December 6, 1941, inclusive, of kapok of the same type, grade, quality, and comparable quantity, to a purchaser of the same general class.

(2) If during said period no such sale or delivery was made, the maximum price shall be the price contracted for or received by the seller for the last sale or delivery made prior to November 15, 1941, of kapok of the same type, grade, quality, and comparable quantity, to a purchaser of the same general class.

(3) In all other cases, the maximum price shall be the highest market price during the period between November 15 and December 6, 1941, of kapok of the same type, grade, and quality, to purchasers of the same general class.*

*§§ 1353.1 to 1353.10, inclusive, issued pursuant to the authority contained in Executive Orders Nos. 8734, 8875, 6 F.R. 1917, 4483.

§ 1353.2 *Less than maximum prices.* Lower prices than the maximum prices established by this Schedule may be charged, demanded, paid or offered.*

§ 1353.3 *Evasion.* The price limitations set forth in this Schedule shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery, or transfer of kapok, alone or in conjunction with any other material, or by way of any premium, commission, service, transportation, or other charge, or by a tying-agreement or other trade understanding, or by making the discounts given or other terms and conditions of sale more onerous to the purchaser than those available or in effect on December 6, 1941, or by any other means.*

§ 1353.4 *Filing of prices.* On or before January 10, 1942, every seller of kapok shall file with the Office of Price Administration a list of all sales and deliveries made during the period between November 15, 1941, and December 6, 1941, inclusive, showing, with respect to each such sale or delivery (a) the date thereof; (b) the name and address of the purchaser; (c) the quantity of each type, grade, and quality of kapok sold or delivered; and (d) the price contracted for or received for each type, grade, and quality of kapok.*

§ 1353.5 *Records and reports.* Every person making sales of kapok after December 22, 1941, shall keep for inspection by the Office of Price Administration, for a period of not less than one year, complete and accurate records (a) of each such sale, showing the date thereof, the name and address of the buyer, the price contracted for or received, and the quantity of each type, grade and quality of kapok sold, and (b) the quantity of each type, grade and quality of kapok (1) on hand and (2) on order, as of the close of each calendar month.

Persons affected by this Schedule shall submit such reports to the Office of Price Administration as it may, from time to time, require.*

§ 1353.6 *Affirmations of compliance.* On or before the 10th day of January 1942, and on or before the 10th day of each month thereafter, every person who, during the preceding calendar month, has sold kapok whether for immediate or future delivery, shall submit to the Office of Price Administration an affirmation of compliance on Form 159:1, containing a sworn statement that during such month all such sales were made at prices in compliance with this Schedule or with any exception therefrom or modification thereof. Copies of Form 159:1 can be procured from the Office of Price Administration, or, provided that no change is made in the style and content of the form and that it is reproduced on 8 x 10½" paper, they may be prepared by persons required to submit affirmations of compliance hereunder.*

§ 1353.7 *Enforcement.* In the event of refusal or failure to abide by the price limitations, record requirements, or other provisions of this Schedule, or in the event of any evasion or attempt to evade the price limitations or other provisions of this Schedule, the Office of Price Administration will make every effort to assure (a) that the Congress and the public are fully informed thereof; (b) that the powers of the Government, both state and federal, are fully exerted in order to protect the public interest and the interests of those persons who comply with this Schedule; (c) that full advantage will be taken of the cooperation of the various political subdivisions of state, county, and local governments by calling to the attention of the proper authorities, failures to comply with this Schedule which may be regarded as grounds for the revocation of licenses and permits; and (d) that the procurement services of the Government are requested to refrain from selling to or purchasing from those persons who fail to comply with this Schedule. Persons who have evidence of the offer, receipt, demand or payment of prices higher than the maximum prices, or of any evasion or effort to evade the provisions hereof, or of speculation, or manipulation of prices of kapok, or of the hoarding or accumulating of unnecessary inventories thereof are urged to communicate with the Office of Price Administration.*

§ 1353.8 *Modification of schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modifica-

tion thereof or exception therefrom: *Provided*, That no application under this Section will be considered unless filed by persons complying with this Schedule.*

§ 1353.9 *Definitions.* When used in this Schedule, the term:

(a) "Person" means an individual, partnership, association, corporation, or other business entity;

(b) "Kapok" means the vegetable fiber derived from the species *Ceiba pentandra, Ceiba caribaea, Ceiba thonningii,* and *Ceiba guinensis,* regardless of the country of origin.*

§ 1353.10 *Effective date of the schedule.* This Schedule shall become effective December 22, 1941.*

Issued this 18th day of December 1941.

Administrator.

CHAPTER XIII—OFFICE OF PETROLEUM COORDINATOR FOR NATIONAL DEFENSE

[Recommendation No. 19]

PART 1503—PRODUCTION

DISTRICT 5—PACIFIC COAST AREA

To the Production Committee of District 5 and to each producer, owner, transporter, purchaser or other person who produces, handles, or has an interest in any petroleum or natural gas in District 5:

On December 8, 1941 the Congress of the United States passed a resolution declaring that a state of war exists between the Imperial Japanese government and the Government and the people of the United States.

In defining the petroleum defense policy the President of the United States, in his letter of May 28, 1941, establishing the Office of Petroleum Coordinator for National Defense, stated that:

> One of the essential requirements of the national defense program, which must be made the basis of our petroleum defense policy in the unlimited national emergency declared on May 27, 1941, is the development and utilization with maximum efficiency of our petroleum resources and our facilities, present and future, for making petroleum and petroleum products available, in the proper forms, at the proper places, and at reasonable prices to meet military and civilian needs.
>
> Some of the problems * * * which require immediate action are: The proper development, production, and utilization of those reserves of crude oil and natural gas that are of strategic importance both in quality and location; * * * the most economical use of raw materials, and efficiency of production and distribution; and the elimination of the drilling of unnecessary wells in proven fields and of other unnecessary activities and equipment.

In carrying out the petroleum defense policy the President made it the duty and responsibility of the Petroleum Coordinator for National Defense, as his representative "to make specific recommendations * * * to insure the maintenance of a ready and adequate supply of petroleum and petroleum products."

The Fifth District, bordering on the Pacific Ocean, is one of the areas most important in the national defense program and in the war effort. The Army, the Navy and defense industries are extremely active in this area and petroleum and petroleum products are prime necessities for each. The Pacific military and naval bases in Hawaii and Alaska, western Canada and the entire area comprising the Fifth District have been and must continue to be dependent upon petroleum and natural gas produced within the confines of the Fifth District, separated as they are from the other petroleum producing regions of the United States by the Rocky Mountains and lacking other adequate sources of fuel for heat, light, power and transportation. In order effectively to assure a continuing, ready and adequate supply of petroleum in this area to meet the needs of the national defense program, the war effort, and essential civilian requirements, the development and production of petroleum and natural gas in District 5 must be so conducted as to assure not only an immediate but a continuous supply in adequate quantities for the duration of the national emergency.

Many of the critical materials used in the discovery, development and production of petroleum are needed also in other phases of the national defense program and notwithstanding large increases in the demand for petroleum, such critical materials cannot be made available to the petroleum industry in as large quantities as they have in the past. It is necessary, therefore, that all activities of the petroleum industry be conducted with a minimum use of critical materials and that the materials available be used in the most efficient and effective manner.

In order to assure an adequate, continuing, supply of petroleum and natural gas for the Fifth District, it is essential that development and production be conducted in an orderly and efficient manner and that production be at, but not greater than, a rate sufficient to provide adequate stocks and to fill current needs. The demand for petroleum and natural gas from the Fifth District can continue to be met only if the exploration, development and production of petroleum and natural gas therein are so coordinated as to effect maximum operating efficiency.

In view of the foregoing, to attain the objectives defined by the President, the Petroleum Coordinator for National Defense, by a letter dated September 16, 1941, requested the Production Committee for District 5 to formulate and present to him a concrete and specific plan to coordinate the production activities and functions of the petroleum industry of District 5 along the lines and within the boundaries set forth in the President's letter of May 28. The Production Committee has now proposed a plan which will enable that Committee, with the approval and under the direction of the Petroleum Coordinator for National Defense, to coordinate the development and production of petroleum in District 5 so as to conserve both petroleum and the critical materials used by the industry while meeting war, national defense and essential civilian needs. This Recommendation is issued in furtherance of the plan proposed.

Therefore, pursuant to the President's letter of May 28, 1941, establishing the Office of Petroleum Coordinator for National Defense, I do hereby recommend that immediately and until further notice:

§ 1503.4 *Purposes and objectives.* The Production Committee of District 5, in accordance wtih the provisions of this Recommendation and under the direction of the Petroleum Coordinator, shall do all things hereinafter set forth relative to the discovery, development and production of petroleum and natural gas in District 5 so as: (a) to assure the proper development, production, and utilization of the reserves of petroleum and natural gas in District 5; (b) to make petroleum and petroleum products available at the proper places to meet military and civilian needs; (c) to accomplish the most effective use of critical materials; (d) to assure the efficient use of transportation, storage and refining facilities; (e) to eliminate the drilling of unnecessary wells; (f) to prevent physical waste above and under ground; (g) and to assure that natural gas produced in conjunction with petroleum is used primarily for the efficient recovery of petroleum.*

*§§ 1503.4 to 1503.10 inclusive, issued under the authority contained in the President's letter of May 28, 1941 to the Secretary of the Interior (6 F.R. 2760).

§ 1503.5 *Method of accomplishing purposes and objectives.* In order to accomplish the purposes and objectives of this Recommendation as defined in § 1503.4, the Committee shall prepare a plan or plans for submission to the Chief Counsel of the Office of Petroleum Coordinator for National Defense, for the development and operation of fields, pools and wells in District 5 in accordance with the provisions of §§ 1503.7 and 1503.8. Such plan or plans shall become effective only after approval thereof by the Chief Counsel of the Office of Petroleum Coordinator for National Defense and shall be carried into effect pursuant to the direction of the Petroleum Coordinator for National Defense.*

§ 1503.6 *Exploration.* The Production Committee of District 5, in order to encourage and foster the exploration for and discovery of petroleum and natural gas reserves at a rate not less than that by which known reserves are being depleted, shall accumulate and disseminate such information as will encourage needed development and shall make reports and suggestions thereon from time to time to the Petroleum Coordinator.*

§ 1503.7 *Development*—(a) *Newly discovered fields or pools.* The Production Committee of District 5, with the cooperation and assistance of the owners and operators of newly discovered fields and pools, and others having an interest therein, shall prepare plans for the orderly development of such new fields or pools, including proper well-spacing practices and the consummation of unit or cooperative agreements for development, pressure maintenance, or repressuring, designed to effectuate the maximum practicable recovery with a minimum expenditure of critical materials.

(b) *Proven fields.* The Production Committee for District 5 shall study and report to the Office of Petroleum Coordinator the necessity for any new well or wells in a proven field or pool, taking into consideration the relation of such well or wells to the most efficient operation of the field or pool as a whole, the availability of critical materials, and other pertinent factors. If the Production Committee finds that any proven field or pool should be developed further in order to accomplish the objectives of the Recommendation, it shall cooperate with the owners and operators thereof, and others having an interest therein, in devising a plan to effect this development with a minimum expenditure of critical materials.*

§ 1503.8 *Production*—(a) *Plan for petroleum production allocation schedules.* In order to prevent underground waste, and thereby to prolong the existence of fields and pools in District 5 as a source of supply and obtain therefrom the maximum practicable ultimate recovery of petroleum and natural gas, and in order to prevent surface waste by limiting production to an amount sufficient to provide adequate stocks and to fill current national defense and civilian needs, and thereby to prevent the excessive accumulation of petroleum and petroleum products in storage, reduce the requirements of critical material and storage facilities, eliminate unnecessary losses from evaporation, and reduce the danger of fire and sabotage, the Production Committee shall prepare a plan, which shall be reviewed from time to time by said Committee and appropriate revisions made, for the equitable allocation of petroleum production among the various fields, pools and wells in District 5.

(b) *Factors considered in allocation schedules.* The allocation schedules contained in any such plan shall be predicated upon a consideration of the following factors:

(1) Gas-oil ratios.
(2) Water production.
(3) Regularity of water encroachment.
(4) Maintenance of reservoir pressures.
(5) Regularity of pressure pattern throughout the reservoir.
(6) Other factors bearing upon the efficiency of production operations under recognized engineering practices and the principles of conservation.
(7) Such other factors as may have a bearing on the problem of obtaining the maximum practicable ultimate recovery of petroleum and natural gas from each field and pool.

(c) *Determination of maximum efficient rate of production.* The Committee, after consideration of the foregoing factors, shall determine the maximum rate at which petroleum can be produced from the several fields, pools and wells in compliance with recognized engineering practices and principles of conservation, which maximum rate shall be redetermined from time to time.

(d) *Estimation of requirements.* The Office of the Petroleum Coordinator for National Defense shall estimate from time to time the quantity of petroleum and natural gas which should be produced in District 5 to provide adequate stocks and to meet current needs and shall inform the Production Committee of District 5 thereof.

(e) *Calculation of production rates to meet requirements.* When the Committee has determined the maximum rate at which the several fields, pools, and wells can be produced efficiently and has been informed of the current requirements for petroleum and natural gas, then, if such requirements are less than the amount that can be produced without waste underground, the Committee shall, in order to avoid waste above ground, calculate appropriate rates of production for the various fields, pools and wells, without unreasonable discrimination in favor of any one field, pool or well as against any other field, pool or well in District 5, to meet the estimated requirements. In calculating the rates of production as provided in the foregoing sentence, the Production Committee of District 5 shall consider in addition to the factors listed in paragraph (b) the following factors:

(1) The kind and quality of petroleum produced in the various fields, pools or wells in relation to current requirements.
(2) The availability of transportation.
(3) The effect of reducing rates of production on the continuity of production from any field, pool or well.
(4) Maximum production for large wells and minimum production for small wells.

(f) *Exception for national defense needs.* No plan shall provide that any field, pool or well produce at a rate in excess of the maximum rate at which it can be operated in accordance with recognized engineering practices and principles of conservation, except where the Petroleum Coordinator for National Defense has certified that the national defense program requires that there be produced a greater amount of the type of petroleum being produced in such field, pool, or well.

(g) *Transfers of allocations.* No plan shall provide that the amount of petroleum allocated for production from any well, pool or field may be produced from any other well, pool or field provided that after full consideration of the individual wells, pools, and fields in their relation to the national defense program and proper conservation, the Production Committee of District 5, with the approval of the Petroleum Coordinator for National Defense, may permit transfers of allocations from any well or wells to any other well or wells in the same pool, which is within the same lease, unit or cooperative plan. Except as provided in the foregoing sentence, the amount of petroleum allocated for production from each well may be produced only from the well to which the allocation is made.*

§ 1503.9 *Effectuating plans.* Upon the approval by the Chief Counsel of the Office of Petroleum Coordinator for National Defense, and pursuant to the direction of the Petroleum Coordinator for National Defense: (a) Any plan prepared pursuant to § 1503.7 or § 1503.8 shall be carried into effect according to its terms, conditions and intent by the Production Committee of District 5 and each producer, owner, transporter, purchaser or other person who produces, handles, or has an interest in any petroleum or natural gas in District 5. (b) No person, natural or artificial, shall produce any petroleum or natural gas from any well in excess of the amount scheduled in any petroleum production allocation plan and no person, natural or artificial, shall store, sell, market, transport or cause to be transported in any manner, and no person, natural or artificial, shall purchase, receive, accept, transport or cause to be transported in any manner any petroleum or natural gas which is produced from any well contrary to provisions of any approved plan.*

§ 1503.10 *Administration*—(a) *Production statistics.* The Production Committee of District 5 shall ascertain the rate of the production of all petroleum and natural gas wells, pools, and fields in District 5 and shall prepare and maintain full statistical summaries with respect thereto. Any production from any well, pool, or field by any person, natural or artificial, in excess of that allocated thereto under any approved plan, shall be investigated by the Committee, giving to any person having an interest therein full opportunity to be heard, and the Committee shall submit a report thereon to the Petroleum Coordinator for National Defense.

(b) *Review and appeal.* Any person who may object to any plan or any provision thereof formulated pursuant to this Recommendation may obtain a hearing and review of the plan, so far as it affects him, before the Committee or before such subcommittee as may be established to consider such matters, by filing with the Committee or subcommittee a written statement setting forth the facts upon which his objection is grounded and indicating the manner in which he believes the plan or provision should be modified. Appeal may be taken to the Petroleum Coordinator for National Defense from the final decision of the Committee or subcommittee within thirty days after receipt of notice of such final decision. The appeal shall be in the form of a written statement addressed to the Petroleum Coordinator for National Defense, Washington, D. C., and shall state clearly and concisely the ground of complaint. Copies shall be filed concurrently with the Committee or subcommittee and with the District Director of Production for District 5. The Committee or subcommittee and the Director of Production for District 5 shall promptly forward a full report on the matter to the Petroleum Coordinator for National Defense. Pending final decision on any objection to any plan or provision thereof, the objector shall comply with such plan or provision. If the objection is finally sustained, the Committee shall allow appropriate readjustments and compensations, where such are not violative of recognized engineering practices or the principles of conservation.

(c) *Staff and subcommittees.* The Production Committee of District 5 may maintain such staff and employ such persons as it finds necessary for carrying out its duties, responsibilities and functions under this Recommendation and may appoint such temporary subcommittees as it deems necessary for investigation and report on specific problems. The Committee may propose to the Petroleum Coordinator for National Defense the appointment of such standing subcommittees as it deems necessary in connection with the performance of its duties, responsibilities and functions hereunder and may submit nominations for membership on such standing subcommittees.*

HAROLD L. ICKES,
Petroleum Coordinator for National Defense.

[Order No. 181]

PART 138—RULES AND REGULATIONS FOR ISSUANCE OF CERTIFICATES AND CONTINUOUS DISCHARGE BOOKS

DECEMBER 19, 1941.

Section 138.3 (a) (1) is hereby amended to read as follows:

Bituminous Coal Division.

[Docket No. 1731-FD]

IN THE MATTER OF W. C. THOMAS AND L. PAYNE, DOING BUSINESS AS THOMAS & PAYNE, A PARTNERSHIP, DEFENDANTS

ORDER GRANTING APPLICATION FOR RESTORATION OF CODE MEMBERSHIP

A written complaint dated May 17, 1941, having been filed herein by the Bituminous Coal Producers' Board for District No. 8, on May 20, 1941, pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937 (the "Act"), alleging wilful violation by W. C. Thomas and L. Payne, doing business as Thomas & Payne, a partnership, Banner, Virginia, of the Bituminous Coal Code and rules and regulations thereunder; and

An Order having been entered herein on October 9, 1941, pursuant to the stipulation of W. C. Thomas and L. Payne, doing business as Thomas & Payne and the said District Board dated August 23, 1941, cancelling and revoking the code membership of W. C. Thomas and L. Payne, doing business as Thomas & Payne, effective ten (10) days after the service of a copy of such Order upon W. C. Thomas and L. Payne, doing business as Thomas & Payne and ordering defendants and all persons acting or claiming to act in their interest to cease and desist from violating the provisions of the Code, the Act, the Marketing Rules and Regulations, and the effective minimum prices, which Order was duly served upon W. C. Thomas and L. Payne, doing business as Thomas & Payne on October 17, 1941; and

Said W. C. Thomas and L. Payne, doing business as Thomas & Payne, having filed with the Division, as provided in Section 5 (c) of the Act, its application dated December 8, 1941, for restoration of code membership; and

It appearing from said application that W. C. Thomas and L. Payne, doing business as Thomas & Payne, on October 21, 1941, paid to the Collector of Internal Revenue at Richmond, Virginia, the sum of seven dollars and eighteen cents ($7.18), as provided in said Order of October 9, 1941, as a condition precedent to restoration of its code membership.

Now, therefore, it is ordered, That said application of W. C. Thomas and L. Payne, doing business as Thomas & Payne, dated December 8, 1941, for restoration of its code membership be granted and that the code membership of W. C. Thomas and L. Payne, doing business as Thomas & Payne, be and it hereby is restored as of October 21, 1941.

Dated: December 18, 1941.

[Docket No. B-11]

IN THE MATTER OF WALTER V. BEISSER, DOING BUSINESS AS TEN X COAL COMPANY, DEFENDANT

NOTICE OF AND ORDER FOR HEARING

A complaint dated August 5, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on September 3, 1941, by Bituminous Coal Producers Board for District No. 4, a District Board, complainant, with the Bituminous Coal Division, alleging wilful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on January 22, 1942, at 10 a. m. at a hearing room of the Bituminous Coal Division at the Muskingum County Court House, Zanesville, Ohio.

It is further ordered, That W. A. Cuff or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and

to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.-123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given that answer to the complaint must be filed with the Bituminous Coal Division at its Washington Office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging wilful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations issued thereunder, in that the defendant, whose address is R. F. D. No. 6, Zanesville, Ohio, sold and delivered by truck substantial quantities of bituminous coal produced at the Ten X Coal Company Mine (Mine Index No. 935), located in Muskingum County, Ohio, to various purchasers and at prices hereafter indicated:

1. (a) By selling and delivering during the months of January, February and March 1941, approximately 166.7375 tons of 4" lump coal to City Coal Company, Marion, Ohio, (a distance of 100 miles from said mine), at a truck delivered price of $4.25 per net ton, whereas the effective minimum price for said coal was $2.70 per net ton f. o. b. said mine;

(b) By selling and delivering during the months of January and March 1941, approximately 68.99 tons of 2" v 4" egg coal to Ideal Electric Company, Mansfield, Ohio, (a distance of 80 miles from said mine), at a truck delivered price of $3.75 per net ton, whereas the effective minimum price for said coal was $2.35 per net ton f. o. b. said mine;

(c) By selling and delivering during the months of February, March and April 1941, approximately 116.85 tons of 4" lump coal, to Mansfield Transfer and Storage Company, Mansfield, Ohio, (a distance of approximately 80 miles from said mine), at a truck delivered price of $4.25 per net ton, whereas the effective minimum price for said coal was $2.70 per net ton f. o. b. said mine;

(d) By selling and delivering during the months of February and March 1941, approximately 17.135 tons of 4" lump coal, to Marion Metal Products Company, Marion, Ohio (a distance of approximately 100 miles from said mine), at a truck delivered price of $4.25 per net ton, whereas the effective minimum price for said coal was $2.70 per net ton f. o. b. said mine; and

(e) By selling and delivering during the months of February, March and April 1941 to Pittsburgh Plate Glass Company, Fultonham, Ohio (a distance of 12 miles from said mine), approximately 71.145 tons of 1¼" x 2" nut coal, at a truck delivered price of $2.10 per net ton, whereas the effective minimum price for said 1¼" x 2" nut coal was $1.95 per net ton, f. o. b. said mine;

Approximately 52.15 tons of 2" x 4" egg coal, at a truck delivered price of $2.50 per net ton, whereas the effective minimum price for said 2" x 4" egg coal was $2.35 per net ton, f. o. b. said mine; and

Approximately 362.775 tons of 1¼" x 4" egg coal, at a truck delivered price of $2.45 per net ton, whereas the effective minimum price for said 1¼" x 4" egg coal was $2.30 per net ton f. o. b. said mine.

In respect to the coal so delivered to the various purchasers, as set forth in items 1 (a) to (e), inclusive, the defendant failed to add to the effective minimum f. o. b. mine prices an amount or amounts equal as nearly as practicable to its transportation costs from the mine facilities to the plants of the respective purchasers, in violation of section 4 II (g) of the Act, the price provisions of the Act and Code, and Price Instruction No. 6 as set forth in Supplement No. 1 to appendix A–4–T, of the Schedule of Effective Minimum Prices for District No. 4, for Truck Shipments.

2. That the defendant during the months of May and June 1941 sold to the Pittsburgh Plate Glass Company at Fultonham, Ohio, approximately 322.875 tons of coal produced at its said mine, which coal it billed as crushed mine run coal, whereas said coal was either uncrushed mine run or graded sizes of coal, all of which sizes of coal actually delivered carry higher effective minimum prices than those charged by defendant.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 2–3925]

IN THE MATTER OF UNITED STATES MOLYBDENUM CORPORATION

STOP ORDER

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 19th day of December, A. D. 1941.

This matter coming on to be heard before the Commission on the registration statement of United States Molybdenum Corporation, a Colorado corporation, after confirmed telegraphic notice to said registrant that it appeared that said registration statement and a post-effective amendment thereto, filed April 16, 1940, included untrue statements of material facts and omitted to state material facts required to be stated and material facts necessary to make the statements therein not misleading, and upon evidence received upon the allegations made in the notice of hearing duly served by the Commission on said registrant; and

The registrant having applied to the Commission for consent to withdraw said registration statement; and

The Commission having duly considered the matter, and finding that said registration statement and post-effective amendment include untrue statements of material facts and omit to state material facts required to be stated therein and material facts necessary to make the statements therein not misleading, and finding that withdrawal of registration would not be consistent with the public interest and the protection of investors, all as more fully set forth in the Findings and Opinion of the Commission this day issued; and

The Commission now being fully advised in the premises;

It is ordered, Pursuant to Rule 960 of the General Rules and Regulations promulgated under the Securities Act of 1933, that said application to withdraw said registration statement be, and the same hereby is denied; and

It is further ordered, Pursuant to section 8 (c) of the Securities Act of 1933, that the Commission hereby refuses to declare effective said post-effective amendment of April 16, 1940; and

It is further ordered, Pursuant to Section 8 (d) of the Securities Act of 1933, that the effectiveness of the registration statement filed by United States Molybdenum Corporation, a Colorado corporation, be, and the same hereby is, suspended.

By the Commission.

IN THE MATTER OF PHILADELPHIA ELECTRIC COMPANY

ORDER GRANTING APPLICATION AND PERMITTING DECLARATIONS TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 18th day of December, A. D. 1941.

Philadelphia Electric Company, having filed an application and declarations pursuant to the Public Utility Holding Company Act of 1935, particularly section 6 (b) thereof, Rule U-50 (a) (5), sections 7, 12 (c), and Rule U-42, regarding the following transactions:

(1) The issue, as of February 1, 1942, of not exceeding 280,058 shares of 4.40% Preferred Stock (Cumulative, par value $100 per share) to be offered in exchange, share for share, to the holders of the presently outstanding 280,058 shares of $5 Dividend Preferred Stock (Cumulative, no par); and the issue of Interim Receipts to those holders of the presently outstanding preferred stock who accept the exchange offer, said Interim Receipts to be exchangeable for the new preferred stock, conditioned upon the requisite authorization of said preferred stock by stockholders at a special meeting to be held on January 31, 1942; said Interim Receipts, in the event that the new preferred stock is not authorized will entitle the holders thereof to $110 for each share represented by such Receipts, plus an amount of $1.25 per share in lieu of dividends from November 1, 1941;

(2) The exemption of said issue and exchange from competitive bidding;

(3) The redemption, on February 1, 1942, of such shares of its presently outstanding 280,058 shares of $5 Dividend Preferred Stock as are not exchanged pursuant to said exchange offer;

(4) The incidental alteration of voting and other rights of the common stock of Philadelphia Electric Company; and

Said application and declarations having been filed on December 1, 1941, and certain amendments thereto having been filed, the last amendment having been filed on December 18, 1941, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said Act, and the Commission not having received a request for a hearing with respect to said application within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The above-named party having requested that the effective date of said application and declarations, as amended, be advanced; and

The Commission finding that the requirements of section 6 (b) are satisfied and that the above-named party is entitled to an exemption from the provisions of section 6 (a) of said Act with respect to said issue and exchange offer, subject to the terms and conditions prescribed in Rule U-24, and finding that the standards of Rule U-50 (a) (5) are satisfied; and

The Commission finding with respect to the declaration under section 7 of said Act that the requirements of section 7 (g) are satisfied and that no adverse findings are necessary under section 7 (e), and finding with respect to the declaration pursuant to section 12 (c) of said Act and Rule U-42 thereunder that the requirements of section 12 (c) are satisfied, and being satisfied that the effective date of said declarations, as amended, and the date of granting such application, as amended, should be advanced;

It is hereby ordered, Pursuant to Rule U-23 of said Act and subject to the terms and conditions prescribed in Rule U-24 that the application, as amended, be and hereby is granted forthwith and that the aforesaid declarations, as amended, be and hereby are permitted to become effective forthwith.

By the Commission (Commissioner Healy dissenting for the reasons set forth in his memorandum of April 1, 1940).

THE UNITED LIGHT AND POWER COMPANY, APPLICANT

ORDER ON APPLICATION NO. 5 FOR PURCHASE BY THE UNITED LIGHT AND POWER COMPANY OF ITS DEBENTURES

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 18th day of December 1941.

The United Light and Power Company, a registered holding company, and its subsidiary companies, having filed

on November 24, 1941 Application No. 5 with the Commission pursuant to the Public Utility Holding Company Act of 1935, in which, among other things, United Light and Power Company proposes to acquire from time to time, by purchase in the open market, by private sale, or pursuant to a call for tenders, at prices (exclusive of commissions) not in excess of the principal amount thereof plus accrued interest, all or any part of the following classes of its debentures:

The United Light and Railways Company (Maine) 6% Debenture Bonds, Series A, due 1973 (assumed),

The United Light and Power Company 6½% Debentures, due 1974, and 6% Debentures, due 1975; and

The United Light and Power Company, having filed on December 9, 1941, an amendment to Application No. 5 requesting (in addition to the original proposal of acquisition) the prompt entry of an order authorizing the purchase in the open market or at private sale of an aggregate of $1,500,000 principal amount of the above-described series of debentures outstanding at this date, said purchases to be made at not in excess of the principal amount plus accrued interest to the date of purchase and at not less than 95% of the principal amount plus accrued interest; and

Notice of the filing of Application No. 5 having been duly given as required by the Act and the applicable rules of the Commission, and a hearing having been ordered therein, commencing December 16, 1941; and

The Commission deeming it appropriate in the public interest and in the interest of investors and consumers to grant the application for limited acquisition of debentures;

It is hereby ordered, Pursuant to sections 11 (b) and 12 (c) of the Act and Rule U-42 thereunder, subject to the terms and conditions prescribed in Rule U-24, that the application (filed as a part of Application No. 5) to purchase an aggregate of $1,500,000 principal amount debentures upon the terms set forth in the application and in this order described, be and the same hereby is granted, subject to the following conditions:

(a) That no purchase of debentures herein authorized be made after January 31, 1942;

(b) That no fees or commissions be paid in connection with private purchases and that no more than the usual or customary commission be paid in connection with purchases in the open market;

(c) That The United Light and Power Company report to this Commission all purchases of debentures, identifying the issue, stating the principal amount purchased, date of acquisition, cost thereof, fees or commissions paid, and persons from whom acquired; such report to be submitted on or before February 15, 1942.

Jurisdiction is reserved in respect of the application to purchase the remaining debentures and concerning the various other matters specified in Application No. 5.

IN THE MATTER OF CONSOLIDATED ELECTRIC AND GAS COMPANY AND MOBILE GAS SERVICE CORPORATION

SUPPLEMENTAL ORDER

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 17th day of December, A. D. 1941.

Consolidated Electric and Gas Company, a registered holding company, and Mobile Gas Service Corporation, its subsidiary, having filed applications and declarations and amendments thereto pursuant to the Public Utility Holding Company Act of 1935 and particularly sections 6 (b), 7. 10 (a), 12 (b) and 12 (c) thereof and Rules U-23, U-42, U-45 and U-50 thereunder regarding (a) the issue and sale by Mobile Gas Service Corporation of $1,400,000 principal amount of First Mortgage Bonds due December 1, 1961 and 6,000 shares of 6% Cumulative Preferred Stock, $100 par value, the proceeds therefrom to be used to redeem and retire $867,700 principal amount of First Mortgage Bonds, 5% Series, due October 1, 1956; $637,750 principal amount of First Mortgage Income Bonds, 9% Series A, due October 1, 1956; and $236,950 principal amount of First Mortgage Income Bonds, 7% Series B, due October 1, 1956; all issued by Mobile Gas Service Corporation and presently outstanding, and to establish a construction fund of approximately $75,000, the said Mobile Gas Service Corporation to publicly invite proposals for the purchase of the Bonds and Preferred Stock above-described in accordance with said Rule U-50, (b) the surrender by Consolidated Electric and Gas Company to Mobile Gas Service Corporation of $39,800 principal amount of the First Mortgage Bonds, 5% Series, due October 1, 1956, and $41,800 principal amount of the First Mortgage Income Bonds, 9% Series A, due October 1, 1956, as a capital contribution and the acquisition and retirement of the same by Mobile Gas Service Corporation, and (c) a proposed transfer by Mobile Gas Service Corporation from its capital surplus account to its earned surplus account in order to eliminate a deficit therein; and

The Commission having on December 2, 1941, entered its Order granting the applications aforesaid, as amended, and permitting the declarations aforesaid, as amended, to become effective subject to the terms and conditions prescribed by Rule U-24 and to the following further condition:

That Mobile Gas Service Corporation report to the Commission the results of the public invitation of proposals as required by Rule U-50 (c) and comply with such Supplemental order as the Commission may enter in view of the facts disclosed thereby; and

The above-named parties having filed on December 11, 1941, and December 12, 1941, further amendments to the applications and declarations aforesaid, which amendments provide that by order of the Public Service Commission of the State of Alabama the Preferred Stock aforesaid might be sold at a price of less than the par value thereof but not less than $95 per share, and Consolidated Electric and Gas Company will pay to Mobile Gas Service Corporation an amount equivalent to the difference between the purchase price and the par value of the Preferred Stock as additional consideration thereof, to the effect that in the opinion of counsel for the company the paid Preferred Stock will be fully paid and non-assessable, said amendments further providing that the capital contribution aforesaid by Consolidated Electric and Gas Company will be reduced by the amount so paid as additional consideration for the Preferred Stock; and

Mobile Gas Service Corporation, in accordance with the order aforesaid, having made a report in the form of a further amendment to the applications and declarations aforesaid, stating that the said company duly and publicly invited proposals for the purchase of the securities aforesaid and that on the date specified in the said invitation one such proposal was received and the same has been accepted, such bid having been made by a group of seven underwriters headed by The First Boston Corporation and providing that the said underwriters will pay to the company an amount equal to 100.70% of the principal amount of the Bonds and $95 per share for the Preferred Stock, that the said Bonds will be sold to the public at 104.68% of the principal amount thereof and the Preferred Stock will be so sold at $92.50 per share, that the total commission or spread to be received by the said underwriters in connection with the sale of the securities aforesaid will aggregate $40,720 and the total proceeds to be received by the company will aggregate $1,979,800 from which will be deducted expenses of approximately $36,000; and

The Commission finding that the changes in the proposed transactions do not violate the standards of the provisions of the Act previously applied thereto and finding with respect to the sale of the said securities at the prices aforesaid and with the spread aforesaid that no other or further conditions are required under section 6 (b) of the Act;

It is ordered, That the said applications, as amended, be and they hereby are granted and that the said declarations, as amended, be and they hereby are permitted to become effective forthwith with regard to the prices of the securities, the spread thereon and all other matters embraced in amendments filed subsequent to December 2, 1941, subject, however, to the terms and conditions prescribed by Rule U-24.

By the Commission.

IN THE MATTER OF THE CLEVELAND ELECTRIC ILLUMINATING COMPANY AND THE POWER & LIGHT BUILDING COMPANY

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 18th day of December, A. D. 1941.

Notice is hereby given that a declaration or application (or both), has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above named parties; and

Notice is further given that any interested person may, not later than December 26, 1941, at 4:45 P. M., E. S. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act, or the Commission may exempt such transaction as provided in Rules U-20 (a), and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested persons are referred to said declaration or application, which is on file in the office of said Commission, for a statement of the transactions therein proposed, which are summarized below:

(1) The Cleveland Electric Illuminating Company, a subsidiary of The North American Company and the owner of all of the outstanding securities of The Power & Light Building Company, proposes to acquire, subject to all liabilities, all of the assets of The Power & Light Building Company, a non-public utility company, in consideration of the delivery of the latter company of all its outstanding securities, namely, 4,600 shares of capital stock.

(2) The Power & Light Building Company proposes to cancel its capital stock so to be received by it and to immediately dissolve and liquidate.

By the Commission.

ESTABLISHING THE OFFICE OF CENSORSHIP AND PRESCRIBING ITS FUNCTIONS AND DUTIES

By virtue of the authority vested in me by the Constitution and the statutes of the United States, and particularly by section 303, Title III of the act of December 18, 1941, Public Law 354, 77th Congress, 1st Session, and deeming that the public safety demands it, I hereby order as follows:

1. There is hereby established the Office of Censorship, at the head of which shall be a Director of Censorship. The Director of Censorship shall cause to be censored, in his absolute discretion, communications by mail, cable, radio, or other means of transmission passing between the United States and any foreign country or which may be carried by any vessel or other means of transportation touching at any port, place, or Territory of the United States and bound to or from any foreign country, in accordance with such rules and regulations as the President shall from time to time prescribe. The establishment of rules and regulations in addition to the provisions of this order shall not be a condition to the exercise of the powers herein granted or the censorship by this order directed. The scope of this order shall include all foreign countries except such as may hereafter be expressly excluded by regulation.

2. There is hereby created a Censorship Policy Board, which shall consist of the Vice-President of the United States, the Secretary of the Treasury, the Secretary of War, the Attorney General, the Postmaster General, the Secretary of the Navy, the Director of the Office of Government Reports, and the Director of the Office of Facts and Figures. The Postmaster General shall act as Chairman of the Board. The Censorship Policy Board shall advise the Director of Censorship with respect to policy and the coordination and integration of the censorship herein directed.

3. The Director of Censorship shall establish a Censorship Operating Board, which shall consist of representatives of such departments and agencies of the Government as the Director shall specify. Each representative shall be designated by the head of the department or agency which he represents. The Censorship Operating Board shall, under the supervision of the Director, perform such duties with respect to operations as the Director shall determine.

4. The Director of the Censorship is authorized to take all such measures as may be necessary or expedient to administer the powers hereby conferred, and, in addition to the utilization of existing personnel of any department or agency available therefor, to employ, or authorize the employment of, such additional personnel as he may deem requisite.

5. As used in this order the term "United States" shall be construed to include the Territories and possessions of the United States, including the Philippine Islands.

TITLE 6—AGRICULTURAL CREDIT

CHAPTER I—FARM CREDIT ADMINISTRATION

PART 31—FEDERAL LAND BANK OF BERKELEY

PARTIAL RELEASE FEES

Section 31.6[1] of Title 6, Code of Federal Regulations, is amended to read as follows:

§ 31.6 *Partial release fees.* Whenever a release of security is requested by persons desiring to sell portions of their mortgaged farms, to permit highways to be constructed across them, to sell water rights, to remove timber, gravel or buildings from the mortgaged land, or whenever a subordination of the mortgage or deed of trust to the rights of the lessee under an oil, gas or mineral lease is desired on Federal Land Bank loans, purchase money mortgages and real estate sales contracts, Commissioner loans, and Federal Farm Mortgage Corporation real estate sales contracts or purchase money mortgages, the fees shall be as follows:

When Bank makes appraisal and association makes field inspection	$20.00
When Bank makes appraisal and association makes no field inspection	15.00
When Bank makes no appraisal and association makes field inspection	5.00
When Bank makes no appraisal and association makes no field inspection	No fee

In the case of an application for partial release or subordination of property covered by a Land Bank loan endorsed by a dormant or liquidated association, there will be no inspection by an association; therefore, the maximum that the borrower may be charged is a $15.00 fee.

When a borrower with a first mortgage Commissioner loan, Federal Farm Mortgage Corporation real estate sales contract or purchase money mortgage requests a partial release or subordination, no field inspection should be made by the association. When such borrower requests the release or partial release of a chattel mortgage, a $15.00 fee will be charged providing an appraisal is deemed necessary by the Bank. No fee will be charged if an appraisal by the Bank is not made.

Whenever an application for partial release or subordination is filed simultaneously with an application for an additional, refunding or divided loan, both the regular application fee and the partial release or subordination fee will be charged if a separate appraisal on the partial release or subordination application is made by the Bank. (Secs. 4, 13 "Ninth", 39 Stat. 363, 372, sec. 26, 48 Stat. 44, sec. 32, 48 Stat. 48, as amended, sec. 2, 48 Stat. 345; 12 U.S.C. 676 "Seventh", 781 "Ninth", 723 (e), 1016 (e) and Sup., 1020a) [Res. PART 27—AIRCRAFT DISPATCHER CERTIFICATES

PROVIDING ALTERNATE QUALIFICATIONS FOR ENDORSEMENT OF AIRCRAFT DISPATCHER CERTIFICATES

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 19th day of December 1941.

Acting pursuant to the authority vested in it by the Civil Aeronautics Act of 1938, as amended, particularly sections 205, 601 and 602 of said Act, and finding that its action is desirable in the public interest and is necessary to carry out the provisions of, and to exercise and perform its powers and duties under, said Act, the Civil Aeronautics Board amends the Civil Air Regulations as follows:

Effective January 1, 1942, Part 27 of the Civil Air Regulations is amended as follows:

By amending § 27.23 to read as follows:

§ 27.23 *Periodic endorsement requirements.* No aircraft dispatcher certificate shall receive a periodic endorsement unless the holder thereof shall make application for endorsement upon the applicable form prescribed and furnished by the Administrator and shall show that for 6 months of the preceding 12-month period he has (a) served as an aircraft dispatcher, or (b) served as first or second pilot in scheduled air carrier operation, or (c) has been engaged in the actual supervision of, or has been responsible for determining or certifying the competency or qualifications of, aircraft dispatchers or air carrier dispatching systems.

By the Civil Aeronautics Board.

In the Matter of Post Institute Sales Corporation, a Corporation (Formerly Known as Post Institute, Inc.), Post Institute, a Corporation, Louis J. Stern, Individually Trading as Post Institute and as Officer of Post Institute Sales Corporation (Formerly Known as Post Institute, Inc.) and Post Institute, a Corporation, and Helmuth M. Kiesewetter, Individually and as Officer of Post Institute, a Corporation

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 16th day of December, A. D. 1941.

This proceeding having been heard [1] by the Federal Trade Commission upon the complaint of the Commission, the answers of the respondents, testimony and other evidence taken before Lewis C. Russell, a trial examiner of the Commission theretofore duly designated by it, in support of the allegations of said complaint and in opposition thereto, report of the trial examiner upon the evidence, and exceptions filed thereto, briefs filed in support of the complaint and in opposition thereto, and oral arguments of counsel; and the Commission having made its findings as to the facts and its conclusion that said respondents have violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondent Post Institute Sales Corporation, a corporation (formerly known as Post Institute, Inc.), and its officers, and respondent Louis J. Stern, an individual trading as Post Institute, and their respective agents, representatives, and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution of their preparations for the hair and scalp designated Ultrasol Hair Bath, Ultrasol Pituitary Fluid, and Ultrasol .33, either singly or in combination under the designation of Ultrasol Scalp Treatment, or any other product of substantially similar composition or possessing substantially similar properties, whether sold under the same names or under any other name or names, do forthwith cease and desist from:

(1) Disseminating, or causing to be disseminated, any advertisement by means of the United States mails, or by any means in commerce as "commerce" is defined in the Federal Trade Commission Act, which advertisement represents, directly or through inference,

(a) That the use of respondent's preparations, either singly or in combination, will revive the growth of hair, stop abnormal loss of hair, cause fuzz to develop into mature hair, or cause dull, faded hair to become brilliant;

(b) That the use of respondent's preparations, either singly or in combination, will normalize dry or oily scalp, check premature graying, or restore natural color to the hair;

(c) That respondents' preparations, either singly or in combination, constitute a cure or remedy for dandruff, or have any value in the treatment of dandruff in excess of effecting the temporary removal of dandruff scales;

(d) That the pituitary substance contained in respondents' preparations is an active ingredient or that it will have any effect upon the growth of hair under the conditions of use;

(2) Disseminating or causing to be disseminated, any advertisement, by any means, for the purpose of inducing, or which is likely to induce, directly or indirectly, the purchase in commerce as "commerce" is defined in the Federal Trade Commission Act of respondents' preparations, which advertisement contains any of the representations prohibited in paragraph (1) hereof and the respective subdivisions thereof;

(3) The use, in circulars and other advertising material, of any general reference to any article or book written by any doctor or physician which does not subscribe to the statements or theories contained in such circulars and other advertising without disclosing that such article or book does not constitute an endorsement of respondents' preparations or subscribe to the theories advanced by the respondents in such advertising material;

(4) The use of the word "Institute", or any other word of similar import or meaning, in respondents' corporate or trade name, or representing through any other means or device, or in any manner, that respondents constitute scientific organizations or associations formed for the purpose of promoting learning and research, or that the business operated by them, or any of them, is anything other than a private business enterprise for profit;

(5) The use of any seal, emblem, or other insignia which represents, either directly or by implication, that respondents' preparations have been certified, tested, or approved by any board of health of any city or state or by any department of the federal government.

It is further ordered, That the complaint be dismissed as to the respondents Helmuth M. Kiesewetter, an individual, and Post Institute, a corporation, also known as Post Institute of Delaware, Inc., a corporation.

It is further ordered, That the respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which they have complied with this order.

By the Commission.

PROMULGATION OF TRADE PRACTICE RULES

At a regular session of the Federal Trade Commission held at its office in the City of Washington, D. C., on the 19th day of December, A. D. 1941.

Due proceedings having been held under the trade practice conference procedure in pursuance of the Act of Congress approved September 26, 1914, as amended (Federal Trade Commission Act), and other provisions of law administered by the Commission:

It is now ordered, That the trade practice rules of Group I, as hereinafter set forth, which have been approved by the Commission in this proceeding, be promulgated as of December 23, 1941.

STATEMENT BY THE COMMISSION

Trade practice rules for the Sun Glass Industry, as hereinafter set forth, are promulgated by the Federal Trade Commission under its trade practice conference procedure.

The rules are directed to the elimination and prevention of misrepresentation, deceptive concealment, and various other unfair trade practices, and are established in the interest of safeguarding industry, trade, and the buying public from the harmful effects thereof. Products of the industry consist of sun glasses and other glasses and lenses which are used to provide protection for the eyes against sun glare, strong light, or other similar conditions. Such glasses or lenses are not eye-corrective, but eye-protective, devices. Frames or parts for the glasses are also included among the products of the industry.

The rules relate to the sale or distribution of the products generally, whether by manufacturers, importers, jobbers, distributors, dealers, or other marketers. Volume of business of the manufacturers is reported as aggregating $4,000,000 a year. The glasses are marketed in various channels of trade, reaching the public largely through retail drugstores, tobacco shops, limited price variety stores, and many other retail establishments.

Proceedings for the establishment of trade practice rules were instituted upon application of the industry. Such proceedings included the holding of a general trade practice conference of the whole industry, the submission and consideration of proposed rules, and of briefs, memoranda and other presentations regarding the matter, together with public hearing at which all interested or affected parties were afforded opportunity to present their views to the Commission, including such pertinent information, suggestions or objections as they desired to submit.

Thereafter, and upon full consideration by the Commission of the entire matter, final action was taken whereby the Commission approved the following trade practice rules in Group I.

THE RULES

These rules promulgated by the Commission are designed to foster and promote the maintenance of fair competitive conditions in the interest of the industry and the public. Their operation is to be directed toward this end and is not to permit of the use of any practice which suppresses competition, restrains trade, fixes or controls price through combination or agreement, or which otherwise injures, destroys, or prevents competition.

Group I

The unfair trade practices embraced in these Group I rules are considered to be unfair methods of competition, unfair or deceptive acts or practices, or other illegal practices, prohibited under laws administered by the Federal Trade Commission; and appropriate proceedings in the public interest will be taken by the Commission to prevent the use, by any person, partnership, corporation, or other organization subject to its jurisdiction, of such unlawful practices in commerce.

§ 156.1 *Misbranding of industry products.* The false or deceptive marking, branding, or labeling of any product of the industry with respect to the grade, quality, use, effect, purpose, material, content, origin, preparation, manufacture, or distribution of such product, or concerning any component thereof, or in any other material respect, is an unfair trade practice.* (Rule 1)

*§§ 156.1 to 156.9, inclusive, issued under the authority contained in 38 Stat. 717, as amended, and pursuant to other provisions of law administered by the Commission.

§ 156.2 *Misuse of terms "ground," "polished," and "ground and polished."* (a) In the course of or in connection with the sale or distribution of sun glasses or sun glass lenses which have not been ground and polished as hereinafter defined, it is an unfair trade practice to mark, stamp, brand, label, advertise, describe, or otherwise represent, such sun glasses or sun glass lenses, as "ground," "polished," or "ground and polished," or by words or representations of similar import or meaning, with the capacity and tendency or effect of thereby misleading or deceiving the purchasing or consuming public.

(b) For purposes of this rule a ground and polished lens (as applied to sun glasses) is a lens of which both optical surfaces have first been completely removed with an abrasive to eliminate surface imperfections and to obtain the desired form for the lens (e. g., flat, spherical, toric, etc.) and then polished so as to produce an optical finish which is free from visible surface defects, such as scratches, waves, and grayness.* (Rule 2)

§ 156.3 *Misuse of the word "Crookes."* It is an unfair trade practice, in the sale or distribution of sun glasses or sun glass lenses, to mark, stamp, brand, label, advertise, describe, or otherwise represent, such sun glasses or lenses as being "Crookes" when such is not true in fact; or to use the word "Crookes" or other words or representations in any manner as to import or imply that the lenses to which such marks, words, or representations are applied are "Crookes" lenses when such is not true in fact.

Definitions. For purposes of these rules a "Crookes" lens is defined as a nearly neutral colored ultra-violet absorption glass which contains sufficient crude cerium and/or rare earths to re-

duce the ultra-violet transmission at a thickness of 2.0 mm. to not more than 1% at 334 mu., and also at this thickness to have prominent didymium absorption bands in the yellow region of the spectrum. For sun glasses the visual transmission shall be not more than 67%, but may vary within this limitation according to the desired shade.* (Rule 3)

§ 156.4 *Other misrepresentations of industry products.* It is an unfair trade practice to make or publish, or cause to be made or published, directly or indirectly, any false, misleading, or deceptive statement or representation, by way of advertisement or otherwise, concerning the grade, quality, use, effect, purpose, material, content, origin, preparation, manufacture, or distribution of any products of the industry, or any component thereof, or in any other material respect.* (Rule 4)

§ 156.5 *Defamation of competitors or disparagement of their products.* The defamation of competitors by falsely imputing to them dishonorable conduct, inability to perform contracts, questionable credit standing, or by other false representations, or the false disparagement of the grade, quality, or manufacture of the products of competitors, or of their business methods, selling prices, values, credit terms, policies, or services, is an unfair trade practice.* (Rule 5)

§ 156.6 *Consignment distribution.* It is an unfair trade practice for any member of the industry to employ the practice of shipping industry products on consignment or pretended consignment for the purpose and with the effect of artificially clogging or closing trade outlets and unduly restricting competitors' use of said trade outlets in getting their products to consumers through regular channels of distribution, thereby injuring, destroying, or preventing competition or tending to create a monopoly or to unreasonably restrain trade. Nothing in this rule shall be construed as restricting or preventing consignment shipping or marketing of industry products in good faith where suppression of competition, restraint of trade, or undue interference with competitors' use of the usual channels of distribution, is not affected.* (Rule 6)

§ 156.7 *Deception as to origin.* In respect to sun glasses having lenses made from glass produced in a foreign country and (1) imported in the finished state, or (2) imported in the unfinished state and finished in the United States, it is an unfair trade practice:

(a) To offer for sale, sell, or distribute any such sun glasses under marks, stamps, brands, labels, or representations which have the capacity and tendency or effect of misleading or deceiving purchasers or the consuming public into the erroneous belief that the sun glasses or the lenses thereof were produced wholly within the United States; or

(b) To offer for sale, sell, or distribute any such sun glasses without the same being marked, stamped, branded, or labeled so as to indicate clearly and nondeceptively the country of origin of such lenses, the failure, refusal, or omission to so mark, stamp, brand, or label such sun glasses having the capacity and tendency or result of thereby promoting, abetting, or effectuating the marketing of the sun glasses under conditions which are misleading or deceptive to purchasers or the consuming public.

(Nothing in this rule shall be construed as relieving any member of the industry or other party of the necessity of complying with the requirements of the customs laws or regulations, or other applicable provisions of law or regulation, relating to the marking of imported articles.)* (Rule 7)

§ 156.8 (a) *Prohibited discriminatory prices, or rebates, refunds, discounts, credits, etc., which effect unlawful price discrimination.* It is an unfair trade practice for any member of the industry engaged in commerce,[1] in the course of such commerce, to grant or allow, secretly or openly, directly or indirectly, any rebate, refund, discount, credit, or other form of price differential, where such rebate, refund, discount, credit, or other form of price differential, effects a discrimination in price between different purchasers of goods of like grade and quality, where either or any of the purchases involved therein are in commerce,[1] and where the effect thereof may be substantially to lessen competition or tend to create a monopoly in any line of commerce,[1] or to injure, destroy, or prevent competition with any person who either grants or knowingly receives the benefit of such discrimination, or with customers of either of them: *Provided, however*—

(1) That the goods involved in any such transaction are sold for use, consumption, or resale within any place under the jurisdiction of the United States;

(2) That nothing herein contained shall prevent differentials which make only due allowance for differences in the cost of manufacture, sale, or delivery resulting from the differing methods or quantities in which such commodities are to such purchasers sold or delivered;

(3) That nothing herein contained shall prevent persons engaged in selling goods, wares, or merchandise in commerce[1] from selecting their own customers in bona fide transactions and not in restraint of trade;

(4) That nothing herein contained shall prevent price changes from time to time where made in response to changing conditions affecting either (a) the market for the goods concerned, or (b) the marketability of the goods, such as, but not limited to, actual or imminent deterioration of perishable goods, obsolescence of seasonal goods, distress sales under court process, or sales in good faith in discontinuance of business in the goods concerned.

(b) *Prohibited brokerage and commissions.* It is an unfair trade practice for any member of the industry engaged in commerce[1], in the course of such commerce to pay or grant, or to receive or accept, anything of value as a commission, brokerage, or other compensation, or any allowance or discount in lieu thereof, except for services rendered in connection with the sale or purchase of goods, wares, or merchandise, either to the other party to such transaction or to an agent, representative, or other intermediary therein where such intermediary is acting in fact for or in behalf, or is subject to the direct or indirect control, of any party to such transaction other than the person by whom such compensation is so granted or paid.

(c) *Prohibited advertising or promotional allowances, etc.* It is an unfair trade practice for any member of the industry engaged in commerce[1] to pay or contract for the payment of advertising or promotional allowances or any other thing of value to or for the benefit of a customer of such member in the course of such commerce as compensation or in consideration for any services or facilities furnished by or through such customer in connection with the processing, handling, sale, or offering for sale, of any products or commodities manufactured, sold, or offered for sale by such member, unless such payment or consideration is available on proportionally equal terms to all other customers competing in the distribution of such products or commodities.

(d) *Prohibited discriminatory services or facilities.* It is an unfair trade practice for any member of the industry engaged in commerce[1] to discriminate in favor of one purchaser against another purchaser or purchasers of a commodity bought for resale, with or without processing, by contracting to furnish or furnishing, or by contributing to the furnishing of, any services or facilities connected with the processing, handling, sale, or offering for sale, of such commodity so purchased upon terms not accorded to all purchasers on proportionally equal terms.

(e) *Inducing or receiving an illegal discrimination in price.* It is an unfair trade practice for any member of the industry engaged in commerce,[1] in the course of such commerce, knowingly to induce or receive a discrimination in price which is prohibited by the foregoing provisions of this Rule 8.

(f) *Purchases by schools, colleges, universities, public libraries, churches, hospitals, and charitable institutions not operated for profit.* The foregoing provisions of this Rule 8 relate to practices within the purview of the Robinson-Patman Antidiscrimination Act, which Act and the application thereunder of this Rule 8 are subject to the limitations expressed in the amendment to such Robinson-Patman Antidiscrimination Act, which amendment was approved May 26, 1938, and reads as follows:

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That nothing in the Act approved June 19, 1936 (Public, Numbered 692, Seventy-Fourth Congress, second session), known as the Robinson-Patman Antidiscrimination Act, shall apply to purchases of their supplies for their own use by schools, colleges, universities, public libraries, churches, hospitals, and charitable institutions not operated for profit.

(52 Stat. 446; Sup. 4 U. S. C. Title 15, Sec. 13c.)* (Rule 8)

§ 156.9 *Discriminatory returns.* It is an unfair trade practice for any member of the industry, engaged in commerce,[1] to discriminate in favor of one customer-purchaser against another customer-purchaser of the products of this industry, bought from such member of the industry for resale, by contracting to furnish or furnishing in connection therewith, *upon terms not accorded to all customer-purchasers on proportionally equal terms*, the service or facility whereby such favored purchaser is accorded the privilege of returning industry products so purchased and receiving therefor credit or refund of purchase price: *Provided, however*, Nothing in any of the rules herein shall prohibit or be used to prevent the return of merchandise by purchaser, for credit or refund of purchase price, when and because such merchandise has been falsely or deceptively labeled or represented, or when and because such merchandise is defective in material, workmanship, or in any other respect contrary to warranty or purchase contract.* (Rule 9)

CHAPTER II—SECURITIES AND EXCHANGE COMMISSION

PART 270—GENERAL RULES AND REGULATIONS, INVESTMENT COMPANY ACT OF 1940

RULE CONDITIONALLY EXEMPTING ONE CLASS OF INVESTMENT COMPANIES FROM CERTAIN REQUIREMENTS OF THE ACT RELATING TO THE SELECTION OF INDEPENDENT PUBLIC ACCOUNTANTS

Acting pursuant to the authority conferred upon it by the Investment Company Act of 1940, particularly sections 6 (c) and 38 (a) thereof, and deeming the exemption hereinafter provided appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act, the Securities and Exchange Commission hereby adopts § 270.32a [Rule N-32A-1], to read as follows:

§ 270.32a–1 *Exemption of certain companies from affiliation provisions of section 32 (a).* A registered investment company shall be exempt from the provisions of paragraph (1) of section 32 (a) of the Act (Sec. 32 (a), 54 Stat. 838; 15 U.S.C. 80a–32), insofar as said paragraph requires that independent public accountants for such company be selected by a majority of certain members of the board of directors, if:

(a) Such company meets the conditions of paragraphs (1) to (8), inclusive, of section 10 (d) of the Act (Sec. 10 (d), 54 Stat. 807; 15 U.S.C. 80a–10); and

(b) such accountants are selected by a majority of all the members of the board of directors. (Sec. 6 (c), 54 Stat. 802; 15 U.S.C. 80a–6; Sec. 32 (a), 54 Stat. 838; 15 U.S.C. 80a–32). [Rule N–32A, effective December 22, 1941]

CHAPTER I—DEPARTMENT OF STATE

PART 161—SOLICITATION AND COLLECTION OF FUNDS AND CONTRIBUTIONS[1]

ADDITIONAL RULES AND REGULATIONS GOVERNING THE SOLICITATION AND COLLECTION OF CONTRIBUTIONS FOR USE IN FRANCE; GERMANY; POLAND; THE UNITED KINGDOM, INDIA, AUSTRALIA, CANADA, NEW ZEALAND, AND THE UNION OF SOUTH AFRICA; NORWAY; BELGIUM; LUXEMBOURG; NETHERLANDS; ITALY; GREECE; YUGOSLAVIA; HUNGARY; AND BULGARIA

Pursuant to the authority vested in the President by sections 8 and 13 of the joint resolution of Congress approved November 4, 1939 (54 Stat. 8, 11; 22 U.S.C., 1940 ed., 448, 453) and delegated to the Secretary of State by the President's Proclamation 2374 of November 4, 1939 (4 F.R. 4493; 22 CFR 141.1 (c)), as amended, the Secretary of State hereby issues the following rules and regulations in addition to those issued on November 6, 1939 (4 F.R. 4510), as amended,[2] governing the solicitation and collection of contributions for use in France; Germany; Poland; the United Kingdom, India, Australia, Canada, New Zealand, and the Union of South Africa, subsequently made applicable to the solicitation and collection of contributions for use in Norway, Belgium, Luxembourg, Netherlands, Italy, Greece, Yugoslavia, Hungary, and Bulgaria. The regulations hereby promulgated shall be effective as of January 1, 1942:

§ 161.17 *Submission of audit by registrant required.* A registrant is required to submit to the Secretary of State within 15 days after the expiration of each three-month period following the date of the acceptance of its application for registration, an audit of its accounts made by a certified public accountant licensed to practice in the state and/or community in which the headquarters of the registrant are located, signed and sworn to by the certified public accountant by whom the audit was made. Failure on the part of a registrant to submit the audit described above within the above-mentioned time limit will constitute, in the discretion of the Secretary of State, cause for the immediate revocation of the registration.

§ 161.18 *Statement to accompany application for registration.* No application for registration will be accepted unless it is accompanied by a sworn statement setting forth a budget of contemplated expenditures for administrative purposes for the ensuing six-month period, together with an estimate of the total amount of contributions which the applicant has a reasonable expectation of collecting during the same period. The Secretary of State reserves the right at any time to revoke registrations in cases where the ratio of administrative expenditures to contributions collected is found to be excessive.

TITLE 30—MINERAL RESOURCES

CHAPTER III—BITUMINOUS COAL DIVISION

[Docket No. A–1135]

PART 321—MINIMUM PRICE SCHEDULE, DISTRICT NO. 1

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 1 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 1

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 1; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 321.7 (*Alphabetical list of code members*) is amended by adding thereto supplement R, and § 321.24 (*General prices*) is amended by adding thereto supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, the price classifications and minimum prices in § 321.7 (*Alphabetical list of code members*) in the Schedule of Effective Minimum Prices For All Shipments Except Truck effective for the coals of Mine Index No. 1537 of O. E. Houser and Mine Index No. 772 of Bathalow Reesman for rail shipments from Colwell, Pennsylvania, on Pittsburgh and Shawmut Railroad shall be applicable only for shipments from Dayton, Pennsylvania, on Baltimore & Ohio Railroad and shall no longer be applicable for shipments of such coals from Colwell, Pennsylvania. All adjustments or allowances required or permitted mines in Freight Origin Group No. 112 shall be applicable for all shipments of coals of the said mines from Dayton, Pennsylvania, on Baltimore & Ohio Railroad.

No relief is granted herein as to additional shipping points for Mine Index Nos. 863, 864, and 501, for the reasons set forth in the Order severing that portion of Docket No. A–1135 which relates to such mines from the remainder of the Docket, designating such portion as Docket No. A–1135 Part II, and scheduling a hearing therein.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: December 4, 1941.

PART 321—MINIMUM PRICE SCHEDULE, DISTRICT NO. 1

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 1 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR CERTAIN MINES IN DISTRICT NO. 1

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 1; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled manner; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 321.7 (*Alphabetical list of code members*) is amended by adding thereto supplement R, and § 321.24 (*General prices*) is amended by adding thereto supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: December 6, 1941.

PART 323—MINIMUM PRICE SCHEDULE, DISTRICT NO. 3

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITIONS OF DISTRICT BOARD 3 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR COALS PRODUCED FOR ALL SHIPMENTS BY CERTAIN MINES IN DISTRICT NO. 3

Original petitions, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named parties, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals produced at certain mines in District No. 3;

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That the above-entitled matters be and they hereby are consolidated.

It is further ordered, That, pending final disposition of the above-entitled matters, temporary relief is granted as follows: Commencing forthwith § 323.6 (*Alphabetical list of code members*) is amended by adding thereto supplement R-I, § 323.8 (*Special prices*—(b) *Railroad fuel prices for all movements except via lakes*) is amended by adding thereto supplement R-II, § 323.8 (*Special prices*—(c) *Railroad fuel prices for movement via all lakes—all ports*) is amended by adding thereto supplement R-III, and § 323.23 (*General prices*) is amended by adding thereto supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

Price classifications and minimum prices were requested for coals produced at the Pickett Mine of W. G. Allen in the petition in Docket No. A-1141 for truck shipments. No prices are established herein for this mine because the official files of the Division do not indicate that the said W. G. Allen is a code member.

Price classifications and minimum prices for coals produced at Mine Index Nos. 803 and 927 of C. A. Brant for all shipments except truck were also requested in Docket No. A-1141. Such classifications and prices have been previously established for these mines in the consolidated proceeding in Docket Nos. A-1113, A-1121 and A-1122. Accordingly, no price classifications and minimum prices are established herein for these mines.

Price classifications and minimum prices for coals produced at the Grafton Mine (Mine Index No. 1228) of L. E. Snell (Snell Brothers Coal Company) for all shipments except truck were requested in Docket No. A-1141. The petition proposed that Price Classifications "F" be established for the coals of this mine in Size Group Nos. 1 to 10, inclusive. These proposed price classifications do not appear to conform to the price classifications previously established for other mines located in the same area and producing coals of similar quality from the same seam, and the prices herein established are those which have been established for such other coals.

It is further ordered, That pleadings in opposition to the original petitions in the above-entitled matters and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: November 29, 1941.

Acting Director.

PART 323—MINIMUM PRICE SCHEDULE, DISTRICT NO. 3

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 3 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 3

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 3; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 323.6 (*Alphabetical list of code members*) is amended by adding thereto Supplement R-I, § 323.8 (*Special prices*—(b) *Railroad fuel prices for all movements except via lakes*) is amended by adding thereto Supplement R-II, § 323.8 (*Special prices*—(c) *Railroad fuel prices for movement via all lakes—all ports*) is amended by adding thereto Supplement R-III, and § 323.23 (*General prices*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

PART 327—MINIMUM PRICE SCHEDULE, DISTRICT NO. 7

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 7 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 7

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 7; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 327.11 (*Low volatile coals: Alphabetical list of code members*) is amended by adding thereto Supplement R-I, § 327.21 (*High volatile coals: Alphabetical list of code members*) is amended by adding thereto Supplement R-II, and § 327.34 (*General prices in cents per net ton for shipment into any market area*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

The petition proposed that price classifications and minimum prices, be established for the coals of the Pioneer Mine, Mine Index No. 274, of W. T. Williams for rail shipments from Cucumber, West Virginia, on Norfolk and Western Railroad. According to the records of the Division, there is no such shipping point as Cucumber, on the said railroad, and price classifications and minimum prices are established herein for the coals of the said mine for rail shipments from Newhall, West Virginia, the shipping point on the said railroad nearest to the said mine.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: December 2, 1941.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 7; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 327.11 (*Low volatile coals: Alphabetical list of code members*) is amended by adding thereto Supplement R–I, § 327.21 (*High volatile coals: Alphabetical list of code members*) is amended by adding thereto Supplement R–II, and § 327.34 (*General prices in cents per net ton for shipment into any market area*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to Section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: December 5, 1941.

[Docket No. A-1084]

PART 328—MINIMUM PRICE SCHEDULE, DISTRICT NO. 8

FINDINGS OF FACT, CONCLUSIONS OF LAW, MEMORANDUM OPINION AND ORDER GRANTING RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 8 FOR A TEMPORARY AND PERMANENT ORDER CHANGING THE CLASSIFICATION OF COALS IN SIZE GROUPS 1 TO 4, INCLUSIVE, PRODUCED BY MAHAN JELLICO COAL COMPANY (MINE INDEX NO. 308) AND GATLIFF COAL COMPANY (MINE INDEX NO. 213) IN SUBDISTRICT NO. 6 IN DISTRICT NO. 8, FOR RAIL SHIPMENT, FROM "C" TO "E."

This is a proceeding instituted upon a petition filed on September 26, 1941, with the Bituminous Coal Division, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, by District Board No. 8, requesting and proposing a revision in the classification of coals in Size Groups 1, 2, 3 and 4 for rail shipment produced at the Mahan Jellico Mine (Mine Index No. 308) of the Mahan Jellico Coal Company, a code member, and the Gatliff Mine (Mine Index No. 213) of the Gatliff Coal Company, also a code member. Both mines are located in Whitley County, Kentucky, in Subdistrict No. 6 of District No. 8. The reduction requested is from "C" to "E."

Pursuant to Orders of the Director, a hearing on this matter was held on November 5, 1941, before Edward J. Hayes, a duly designated Examiner of the Division, at a hearing room thereof, in Washington, D. C. All persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses and otherwise be heard. The petitioner, District Board 8, appeared, but no appearance was entered for either the Mahan Jellico Coal Company or the Gatliff Coal Company.

The preparation and filing of a report by the Examiner was waived and the matter was thereupon submitted to the undersigned.

The only witness at the hearing was F. L. Poindexter, a member of the Price and Transportation Committee of District Board 8, who testified to the following effect: When price classifications for the coals of the Mahan Jellico Mine and the Gatliff Mine for rail shipment were proposed by the District Board in September 1938, and subsequently established in General Docket No. 15, coals in Size Groups 1, 2, 3 and 4 were assigned price classification "C," 10 cents per ton higher than price classification "E," which was assigned to comparable coals of other producers in the Jellico Seam in Subdistrict No. 6. This 10-cent price differential was proper at that time, based on the market history of the coals of the Mahan Jellico and Gatliff Mines. However, seam conditions at these two mines, it is said, have changed so that the coals produced in Size Groups 1, 2, 3 and 4 are inferior to those produced at the time classification "C" was originally proposed. This change in the quality of the coals has resulted from the large amount of pillar work necessary as the mines near exhaustion. At the present time approximately 70 per cent of the production of the Mahan Jellico Mine and 75 per cent of the production of the Gatliff Mine is from pillar work. Because of the great weight that these pillars have borne during the many years of operation of the mines, the coals taken from the pillars are soft and friable and subject to degradation in handling. The witness contended that since the coals presently produced from these two mines in Size Groups 1, 2, 3 and 4 are comparable to and competitive with coals in these size groups from all other mines producing from the Jellico Seam in Subdistrict No. 6, now classified "E" for rail shipments, the coals of these two mines in these size groups should also be classified "E" for rail shipments.

Upon the basis of the uncontroverted testimony in this proceeding, I find and conclude that the revision of the price classification for rail shipments of the coals in Size Groups 1, 2, 3 and 4 produced at the Mahan Jellico Mine and the Gatliff Mine, from "C" to "E," as requested by the petitioner, will effectuate the purposes of sections 4 II (a) and 4 II (b) of the Act and comply with all the standards thereof.

Now, therefore, it is ordered, That commencing fifteen (15) days from the date hereof, § 328.11 (*alphabetical list of code members*) in the Schedule of Effective Minimum Prices for District No. 8 for All Shipments Except Truck (High Volatile) be and it is hereby amended by establishing for the coals produced at the Mahan Jellico Mine (Mine Index No. 308) of the Mahan Jellico Coal Company, and the Gatliff Mine (Mine Index No. 213) of the Gatliff Coal Company, in Size Groups 1, 2, 3 and 4, price classification "E" in lieu of price classification "C," for Destinations Other Than Great Lakes, and for Great Lakes Cargo only.

Dated: December 19, 1941.

PART 336—MINIMUM PRICE SCHEDULE, DISTRICT NO. 16

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 16 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF THE RABBIT EAR SLOPE MINE OPERATED BY THE NORTH PARK COAL CO., A CODE MEMBER IN DISTRICT NO. 16

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of the Rabbit Ear Slope Mine (Mine Index No. 150) operated by the North Park Coal Co., a code member in District No. 16; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith § 336.5 (*General prices; minimum prices, via rail transportation*) and § 336.21 (*General prices*) in the Schedule of Effective Minimum Prices for District No. 16 for All Shipments are amended to include for the coals, in their respective size groups, produced at the Rabbit Ear Slope Mine (Mine Index No. 150) of code member North Park Coal Co., located in Jackson County, Colorado in Subdistrict Price Group 11, the following minimum prices f. o. b. the mine in cents per net ton:

(1) for shipment by rail into all market areas from the shipping point of Coalmont, Colorado on the LNP&W RR in Freight Origin Group No. 10:

§ 336.5 *General prices: minimum prices, via rail transportation.*

Size groups	1	2	3	4	5	10	13
Prices	275	225	225	240	215	100	225

Provided, however, That for such coals in Size Group 10 shipped to Lyman, Nebraska the minimum price f. o. b. the mine is 50 cents per net ton.

The permissive reductions and provisions of Note 1 in § 336.5 in said Schedule of Effective Minimum Prices, as amended by the Order of the Director of April 19, 1941, 6 F.R. 2084, in Docket No. A-17, hereby are made applicable to the coals of said Rabbit Ear Slope Mine for shipment by rail;

(2) for shipment by truck:

§ 336.21 *General prices.*

Size groups	1	2	3	4	5	10	13
Prices	325	275	275	290	265	100	225

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

PART 339—MINIMUM PRICE SCHEDULE, DISTRICT NO. 19

ORDER CORRECTING ERRORS IN ORDER APPROVING AND ADOPTING PROPOSED FINDINGS OF FACT AND PROPOSED CONCLUSIONS OF LAW OF THE EXAMINER AND GRANTING PERMANENT RELIEF IN THE MATTER OF THE PETITION OF THE BITUMINOUS COAL PRODUCERS BOARD FOR DISTRICT 10 FOR A CHANGE IN THE EFFECTIVE MINIMUM PRICES FOR RAIL SHIPMENTS TO MARKET AREAS 234, 237–241, AND 247–254 IN SIZE GROUP 16

Several typographical errors occurred in Supplement R annexed to and made a part of the Order Approving and Adopting Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner Granting Permanent Relief, issued in this matter on November 17, 1941, 6 F.R. 6203. The undersigned deems it advisable to correct those errors by substituting Supplement R hereto attached[1] in place of Supplement R attached to the order dated November 17, 1941.

Now, therefore, it is ordered, That the Order approving and Adopting Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner and Granting Permanent Relief, dated November 17, 1941, be, and it hereby is, amended to include Supplement R, § 339.5 (*General Prices; minimum prices for shipment via rail transportation*), attached hereto and made a part hereof, in lieu of Supplement R, § 339.5 (*General prices; minimum prices for shipment via rail transportation*), attached to said order dated November 17, 1941.

PART 623—CLASSIFICATION PROCEDURE

AMENDMENT TO SELECTIVE SERVICE REGULATIONS, SECOND EDITION

As Director of Selective Service, I hereby amend the Selective Service Regulations, Second Edition, by adding in part 623[1] a new section reading as follows:

§ 623.35 *Waiver of physical examination by examining physician.* The Director of Selective Service, as to such registrants as he designates or describes, may waive the requirement that such registrants be physically examined by an examining physician under the provisions of this part. When the requirement that a registrant be physically examined by the examining physician is waived by the Director of Selective Service, classification of such registrant shall be completed in the manner provided in § 623.51 (f).

I further amend the Selective Service Regulations, Second Edition, part 623, by adding a new paragraph, designated as (f), to § 623.51, as follows:

§ 623.51 *Procedure for classification after physical examination.*

* * * * * *

(f) If the requirement that the registrant be physically examined by the examining physician has been waived by the Director of Selective Service under the provisions of § 623.35, the classification of the registrant shall be completed in the manner set forth in this section with the exception that the local board shall make its determination without the assistance of a report of the examining physician and shall not consider whether the registrant has a physical or mental defect which would require that he be classified in either Class IV-F, Class I-B, Class I-B-O, or Class IV-E-LS. Such registrant shall, therefore, be classified in either Class I-A, Class I-A-O, or Class IV-E. The classification thus made by the local board shall have the same effect as a classification made following physical examination by an examining physician. The rights and obligations of each such registrant following classification under such circumstances are exactly the same as if he had been classified following a physical examination by the examining physician. PART 940—RUBBER AND PRODUCTS AND MATERIALS OF WHICH RUBBER IS A COMPONENT

Amendment No. 1 to Supplementary Order No. M–15–b, To Restrict the Use of Rubber

Supplementary Order No. M–15–b [3] is hereby amended to read as follows:

Whereas, the further importation of crude rubber is imperiled:

Now, therefore, it is hereby ordered, That:

§ 940.3 *Supplementary Order M–15–b*—(a) *Definitions.* For the purposes of this Order:

(1) "Rubber" means compounded liquid latex which on December 11, 1941 had not been processed or mixed in such manner that further processing is necessary to prevent early spoilage, and all forms and types of crude rubber (including crepe rubber for soles or any other purpose) and liquid latex in crude form, but does not include balata, gutta percha, gutta siak, gutta jelutong, pontianac, reclaimed rubber and scrap rubber.

(2) "Person" means any individual, partnership, corporation or other form of business enterprise.

(b) *General restriction on the use of rubber.* From the date of issuance of this Order until otherwise ordered by the Office of Production Management, no Person shall consume, use, process, stamp, cut or in any manner change the form, shape or chemical composition of any Rubber for any purpose other than one or more of the following:

(1) To fill orders assigned an A–3 or better Preference Rating.

(2) To manufacture camelback in amounts not exceeding the minimum amounts specified in letter dated December 5, 1941, from the Director of Priorities to manufacturers of camelback. Any manufacturer of camelback who did not receive such a letter from the Director of Priorities may use Rubber in the manufacture of camelback during any monthly period, beginning with December 1941, in an amount not exceeding the amount of Rubber which he used in the manufacture of camelback during the month of November, 1941.

(3) To manufacture tires, tire casings and tire tubes and other rubber products necessary for the manufacture, maintenance or repair of trucks or buses which require tires of a size of 7:00 x 20 or larger.

(4) To manufacture those rubber products necessary for the maintenance and repair of industrial equipment or necessary to the manufacture of, but not physically incorporated in, any manufactured product other than industrial equipment. For the purposes of this subparagraph "industrial equipment" shall mean equipment used in manufacturing establishments, mining, quarrying, petroleum production and refining, telephone and telegraph systems, radio communication systems, gas, water and electric power systems, railroads, street railways and buses, but shall not include tires, tire casings or tire tubes for any vehicle.

(5) To manufacture laboratory and hospital supplies and such other health supplies as are approved under Preference Rating Order No. P–29, as amended.

(6) To manufacture heels made of black or brown composition rubber only, and rubberized fabrics, innersoles, midsoles, fillers and backing cloths to be incorporated in shoes and other footwear.

(7) To manufacture industrial rubber gloves, fabric-topped footwear made with black compounded rubber soles only, rubber boots, and industrial protective rubber clothing, galoshes with fabric tops, and plain all rubber overshoes and galoshes.

(8) To manufacture plumbers' supplies.

(9) To manufacture articles for use in preserving, canning and packing food, except rubber bands, rubber binders and similar articles used in the field or to hold packages or bundles together.

(10) To manufacture compounds for insulating wire and cable.

(11) To manufacture vulcanizing materials, patches, cement, blowout shoes and similar items for the repair of tires, tire casings and tire tubes.

(12) To manufacture cements necessary in the fabrication of finished products.

(13) To manufacture bottle nipples for feeding infants.

Provided, That the use of Rubber by each such Person during any calendar month, beginning with the month of December, 1941, in the manufacture or processing permitted by sub-paragraphs (4) to (13) inclusive shall not be at rates greater than the rates of consumption in the manufacture of similar items during November, 1941, to fill purchase orders which were not assigned a Preference Rating of A–3 or better.

Provided further, That any Person who, prior to December 11, 1941, had commenced the processing of any Rubber other than compounded liquid latex in such manner that its form or chemical content had undergone a substantial change may continue such processing to completion.

(c) *General restriction on the sale of tires.* Except to fill purchase orders assigned an A–3 or better Preference Rating, from the date of issuance of this Order until January 5, 1942, no new automobile, truck, bus, motorcycle, farm implement, or other type of tire, tire casing or tire tube, other than bicycle tires, shall be sold, leased, traded, delivered or transferred by any person, provided that the foregoing prohibition shall not apply to tires which are sold as a part of new vehicles being sold and which are affixed to such vehicles at the time of their sale.

(d) *Violations and false statements.* Any Person who violates this Order, or who wilfully furnishes false information to the Office of Production Management may be deprived of priorities assistance or may be prohibited by the Office of Production Management from obtaining any further deliveries of materials subject to allocation. The Office of Production Management may also take any other action deemed appropriate, including the making of a recommendation for prosecution under section 35A of the Criminal Code (18 U.S.C. 80).

(e) *Appeal.* Any Person affected by this Order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him may appeal to the Office of Production Management by addressing a letter to the Rubber and Rubber Products Branch of the Division of Civilian Supply, Office of Production Management, Washington, D. C., setting forth the pertinent facts and the reasons such person considers that he is entitled to relief. The Office of Production Management may thereupon take such action as it deems appropriate.

(f) This Order supersedes the provision of paragraph (c) (1) of General Preference Order M–15, as amended and supplemented, and all letters issued pursuant to such paragraph (c) (1).

(g) *Effective date.* This Order shall take effect immediately. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3 amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; Sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

Issued this 19th day of December 1941.

PART 960—CHLORINE

Amendment No. 1 to General Preference Order No. M–19 To Conserve the Supply and Direct the Distribution of Chlorine

Section 960.1 (*General Preference Order M–19* [1]) is hereby amended to read as follows:

Whereas the national defense requirements have created a shortage of Chlorine, as hereinafter defined, for defense, for private account, and for export, and it is necessary, in the public interest and to promote the defense of the United States, to conserve the supply and direct the distribution thereof;

Now, therefore, it is hereby ordered, That:

§ 960.1 *General Preference Order M–19*—(a) *Definitions.* For the purposes of this Order:

(1) "Chlorine" means gaseous and liquid Chlorine.

(2) "Producer" means any person engaged in the production of Chlorine and includes any person who has Chlorine produced for him pursuant to toll agreement.

(3) "Distributor" means any person who purchases Chlorine for resale.

(b) *Applicability of Priorities Regulation No. 1.* Control of the supply and direction of the distribution of Chlorine is hereby taken by the Director of Priorities, and all future transactions of any kind in Chlorine are regulated and governed by the provisions and definitions contained in Regulation No. 1 of the Priorities Division of the Office of Production Management, issued on the 27th day of August 1941, except as herein otherwise specifically provided.

(c) *Placing orders.* Anything in Priorities Regulation No. 1 to the contrary, notwithstanding, (1) No Producer shall, except as the Director of Priorities may otherwise direct, accept an order, whether it be that of a Distributor, another Producer, or a consumer, for delivery of Chlorine unless such order has been placed with him by the 10th day of the month preceding the month in which delivery is sought, and unless such order is accompanied by Form PD–190 (in duplicate) properly executed by the person placing such an order. The Form PD–190 submitted by a Distributor must be accompanied by the original and one copy of Form PD–190 submitted to him in accordance with the provisions of paragraph (c) (2) hereof in connection with orders accepted by him.

(2) No Distributor shall, except as the Director of Priorities may otherwise direct, accept an order for delivery of Chlorine unless such order has been placed with him by the 5th day of the month preceding the month in which delivery is sought and unless such order is accompanied by Form PD–190 (in triplicate) properly executed by the person placing such order.

(3) No Producer or Distributor shall make, and no person shall accept, delivery of Chlorine unless and until Form PD–190 hereinabove referred to has been properly executed and timelily filed in accordance with the provisions of paragraphs (c) (1) and (2) hereof.

(d) *Withheld deliveries.* (1) No Producer shall make commitments for the sale or delivery of liquid Chlorine during the month of February, 1942, or any calendar month thereafter, with respect to an amount of liquid Chlorine equal to five percent (5%) of his estimated monthly production.

(2) No Producer shall deliver liquid Chlorine as to which commitments may not be made pursuant to paragraph (d) (1) hereof, except upon express instructions of the Director of Priorities. If by the 15th day of the month in which a Producer is required by the provisions of paragraph (d) (1) hereof to withhold deliveries of liquid Chlorine, the Director of Priorities has issued no instructions with respect to the disposition of such liquid Chlorine, Producers may make deliveries of such liquid Chlorine without regard to the restrictions contained in paragraph (c) hereof, but subject, however, to the provisions of Priorities Regulation No. 1.

(e) *Delivery schedules.* (1) Form PD–191 (in triplicate) properly executed, which shall contain, among other things, a schedule of deliveries which such Producer proposes to make in the succeeding month, the preference rating, if any, applicable to each delivery, the orders tendered to him for delivery during the succeeding month which he has not scheduled, his estimated production for the succeeding month and the amount of liquid Chlorine to be reserved for the succeeding month in accordance with the provisions of paragraph (e) hereof, shall on or before the 15th day of each calendar month be filed by each Producer with the Chemicals Branch of the Office of Production Management, Washington, D. C. Such Form PD–191 shall be accompanied by the duplicate copies of every Form PD–190 submitted to the Producer. After such Form PD–191 has been filed with the Chemicals Branch of the Office of Production Management, any changes of circumstances or matters occurring thereafter affecting the accuracy of the statements contained in such Form PD–191 shall be forthwith reported to the Chemicals Branch of the Office of Production Management.

(2) On and after February 1, 1942, except as provided in paragraph (d) (2) hereof and except as may be otherwise specifically authorized by the Director of Priorities, no deliveries of Chlorine shall be made by a Producer to any person unless and until the same shall have been authorized by the Director of Priorities. Such authorization by the Director of Priorities shall be based primarily upon insuring the satisfaction of all defense requirements and providing an adequate supply for essential civilian uses. Each Producer shall, upon being apprised of the deliveries which have been authorized by the Director of Priorities, forthwith notify his customers of the extent of such authorization as the same may affect them. Each Distributor shall, upon being apprised by the Producer of the extent to which deliveries to such Distributor have been authorized by the Director of Priorities, forthwith notify his customers of the extent of such authorization as the same may affect them. If, however, by the 25th day of the month preceding the month in which deliveries are to be made, no instructions have been issued by the Director of Priorities, Producers may make deliveries of Chlorine in accordance with, and only in accordance with, the schedules filed by them with the Chemicals Branch of the Office of Production Management.

(f) *Assignment of preference ratings.* (1) Deliveries under all defense orders which have not been assigned a higher preference rating are hereby assigned a preference rating of A–10.

(2) Unless a higher preference rating has been specifically assigned by order of the Director of Priorities, and subject to Priorities Regulation No. 1, deliveries of Chlorine for the uses (or for the manufacture of products for such uses) set forth below are hereby assigned the preference rating set opposite each such use as follows:

Use	Preference Rating
(i) Potable water treatment, Sewage treatment	A–2
(ii) Sanitation and sterilization in hospitals, clinics, sanitoria, diaper laundries, dairies and other food processing plants, public eating and drinking establishments, public and institutional swimming pools, surgical and medical supply manufacturing establishments. Manufacture of products for medicinal, surgical, dental and veterinarian uses	A–6
(iii) Food processing other than bleaching, Food preservation	A–9
(iv) Manufacture of vitamin products, Manufacture of insecticides and fungicides, Manufacture of catalyst materials, Industrial water treatment, Metals refining	A–10
(v) Processing of pulps, as follows: (a) High alpha pulps (not less than 90% Alpha Cellulose content), (b) Dissolving pulps, (c) Nitrating pulps, (d) Pulps used in the manufacture of photographic base papers, (e) Pulps in which Chlorine is a processing rather than a bleaching chemical. Manufacture of petroleum-product additives, Manufacture of industrial chemicals and related products, Manufacture of industrial plastics and rubber-like products	B–2
(vi) Textile bleaching, Pulp and paper bleaching not elsewhere classified, Shellac bleaching, Laundry bleaching	B–5
(vii) Foodstuff bleaching, Wiping rag and waste bleaching, Cosmetics and toilet preparation	B–8

[1] 6 F.R. 3730.

(g) *Acceptance of certain non-defense orders.* When a non-defense order for Chlorine for a use specified in paragraph (f) (2) hereof to which a preference rating has been assigned, either by specific certificate or otherwise, is offered to a Producer or a Distributor, it shall, subject to the same terms and conditions applicable to the acceptance of defense orders set forth in Priorities Regulation No. 1, be accepted for scheduling on Form PD–191; and deliveries thereunder shall be scheduled in accordance with the preference rating assigned thereto and the delivery dates specified therein, even though deferment of deliveries under non-defense orders bearing a lower preference rating previously accepted is necessitated thereby, such deliveries thereunder scheduled to be subject, however, to revision by the Director of Priorities under the terms and conditions set forth in this Order. Deliveries shall then be made in accordance with the authorization of the Director of Priorities. Any person seeking to place a non-defense order to which a preference rating has been assigned must make application for acceptance of such order in the first instance to his regular Supplier (if a person has several regular Suppliers, the order should be divided among such Suppliers in accordance with each such person's normal method of placing orders).

(h) *Intra-company transactions.* The prohibitions or restrictions contained in this Order with respect to acceptances of orders and deliveries in the absence of a contrary direction apply not only to acceptances of orders from and deliveries to other persons, including affiliates and subsidiaries, but also to acceptances of orders from and deliveries to one branch, division or section of a single enterprise by or from another branch, division or section of the same or any other enterprise owned or controlled by the same person.

(i) *Reports.* Reports required by Priorities Regulation No. 1 hereinabove referred to shall be made at such times and on such forms as shall be prescribed therefor by the Chemicals Branch of the Office of Production Management.

(j) *Notification of customers.* Producers and Distributors shall, as soon as practicable, notify each of their regular customers of the requirements of this Order, but the failure to give such notice shall not excuse any person from the obligation of complying with the terms of this Order.

(k) *Violations or false statements.* Any person who violates this Order, or who wilfully falsifies any records which he is required to keep by the terms of this Order, or by the Director of Priorities, or otherwise wilfully furnishes false information to the Director of Priorities or to the Office of Production Management may be deprived of priorities assistance or may be prohibited by the Director of Priorities from obtaining further deliveries of materials subject to allocation. The Director of Priorities may also take any other action deemed appropriate, including the making of a recommendation for prosecution under Section 35A of the Criminal Code (18 U.S.C. 80).

(l) *Effective date.* This Order shall take effect immediately and shall continue in effect until revoked by the Director of Priorities. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

Issued this 20th day of December 1941.

DONALD M. NELSON,
Director of Priorities.

PART 962—STEEL

Amendment No. 2 of Supplementary Order M–21–a Relating to Alloy Iron, Alloy Steel, and Wrought Iron

Section 962.2 (*Supplementary Order M–21–a*[1]) is amended to read as follows, effective immediately:

§ 962.2 *Supplementary Order M–21–a*—(a) *Definitions.* For the purposes of this Order:

(1) "Alloy Steel" means any steel containing any one or more of the following elements in the following amounts:

Manganese in excess of 1.65%.
Silicon in excess of 0.60%.
Copper in excess of 0.60%.
Aluminum, boron, chromium, cobalt, columbium, molybdenum, nickel, titanium, tungsten, vanadium, zirconium or any other alloying element in any amount specified or known to have been added to obtain a desired alloying effect.

(2) "Alloy Iron" means any iron casting containing any one or more of the following elements in the following amounts:

Manganese in excess of 1.65%.
Silicon in excess of 5.00%.
Copper in excess of 0.60%.
Aluminum, boron, chromium, cobalt, columbium, molybdenum, nickel, titanium, tungsten, vanadium, zirconium or any other alloying element in any amount specified or known to have been added to obtain a desired alloying effect.

It does not include those materials commonly known as ferro-alloys.

(b) *Priority control.* All the provisions and definitions of General Preference Order M–21, issued August 9, 1941, and of Priorities Regulation No. 1, issued August 27, 1941, as amended from time to time, shall be applicable to alloy iron, alloy steel and wrought iron and are hereby included as a part of this Order with the same effect as if specifically set forth herein, except as otherwise specifically provided herein.

(c) *Restrictions on melting and deliveries of alloy iron or alloy steel.* (1) Except pursuant to a specific Preference Rating Certificate or Preference Rating Order carrying a preference rating of A–10 or higher and duly issued or extended to the Producer, or pursuant to specific written permission of the Director of Priorities, (i) no Producer shall melt, and (ii) on and after January 1, 1942, no Producer shall deliver any alloy iron or alloy steel containing any one or more of the following elements in the following amounts:

Manganese in excess of 1.65%.
Copper in excess of .60%.
Chromium in excess of .60%.
Molybdenum in excess of .60%.
Nickel in excess of .60%.
Cobalt, tungsten, or vanadium in any amount specified or known to have been added to obtain a desired alloying effect.

(2) *Directions as to deliveries.* The Director of Priorities may from time to time issue directions, directing or forbidding specific deliveries.

(3) *Directions as to alloying content.* The Director of Priorities may from time to time issue directions, specifying as to any alloying element the quantities and proportions which may be used in making alloy iron or alloy steel, and whether and in what proportions, any such element is to be the metal, a ferro-alloy, reclaimed metal, scrap, a chemical compound or any other material containing such element. Any person who shall violate any such direction, or any person who knowingly receives delivery of alloy iron or alloy steel in violation thereof, may be prohibited from making or receiving further deliveries of such material or subjected to such other action as the Director of Priorities may deem appropriate.

(d) *Restriction of deliveries under toll agreements.* No person shall make any delivery under any contract now outstanding or hereafter entered into for the delivery of alloy iron or alloy steel which he processes, fabricates or casts by toll agreement for any other person, unless specifically authorized to do so by the Director of Priorities.

(e) *Revocation of General Preference Order M–5.* General Preference Order M–5, as amended, Supplementary Order M–5–a, as amended, and Supplementary Order M–5–b, issued to conserve the supply and direct the distribution of nickel-bearing steel, are revoked.

(f) *General Preference Order M–14 still effective.* Nothing contained herein shall be construed to amend or modify any of the provisions of General Preference Order M–14, to conserve the supply and direct the distribution and use of tungsten in high-speed steel.

(g) *Effective date.* This Supplementary order shall take effect immediately. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875 Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

Issued this 20th day of December 1941.

DONALD M. NELSON,
Director of Priorities.

PART 966—VANADIUM

General Preference Order M–23–a to Conserve the Supply and Direct the Distribution of Vanadium

Whereas the national defense requirements have created a shortage of Vanadium, as hereinafter defined, for defense, for private account, and for export and it is necessary, in the public interest and to promote the defense of the United States, to supplement by further measures the action heretofore taken to conserve the supply and direct the distribution thereof;

Now, therefore, it is hereby ordered, that:

§ 966.2 *General Preference Order M–23–a*—(a) *Definition.* For the purpose of this order:

(1) "Vanadium" means and includes:

(i) Ores and concentrates containing vanadium (commercially recognized), vanadium pentoxide, and other vanadium compounds for further purification or refining.

(ii) The element vanadium in pure form, ferro-vanadium, and all chemical or other combinations of the element vanadium with other materials in manufactured or semi-manufactured form, prepared either for further processing or for other purposes;

(iii) All scrap or secondary material containing commercially recoverable vanadium as defined in (i) and (ii) above.

(b) *Regulations incorporated.* Except as modified by the terms of this order and as otherwise specifically provided herein, all of the provisions and definitions of Priorities Regulation No. 1, issued by the Director of Priorities on August 27, 1941 (Part 944), as amended from time to time, are hereby included as a part of this order with the same effect as if specifically set forth herein.

(c) *Assignment of preference rating.* Deliveries of vanadium under all defense orders (as defined in Regulation No. 1) to which a preference rating of A–10 or higher has not been assigned are hereby assigned a preference rating of A–10.

(d) *Restrictions on deliveries*—(1) *Allocations.* Hereafter no person shall make or accept delivery of vanadium unless specifically authorized by the Director of Priorities. The Director will from time to time allocate the supply of vanadium and specifically direct the manner and quantities in which deliveries to particular persons or for particular uses shall be made or withheld. The Director may also, in his discretion, require any person seeking to place a purchase order for vanadium to place the same with one or more particular suppliers. Such allocations and directions will be made primarily to insure satisfaction of all defense requirements of the United States, both direct and indirect, and they may be made in the discretion of the Director of Priorities without regard to any preference ratings assigned to particular contracts or purchase orders. The Director of Priorities may also take into consideration the possible dislocation of labor and the necessity of keeping a plant in operation so that it may be able to fulfill defense orders and essential civilian needs.

(2) *Reports.* Unless otherwise ordered by the Director of Priorities, no person shall be entitled to receive an allocation of vanadium unless, not later than the 20th day of the month next preceding the month in which delivery is desired, he shall have filed with the Office of Production Management and with any supplier with whom he may have placed a purchase order for vanadium, a report in the manner and form prescribed from time to time by the Vanadium Branch of the Office of Production Management; *Provided, however,* That, subject to all the other provisions, restrictions and limitations of this order and until further order by the Director of Priorities, any person may receive deliveries during any calendar month up to but not exceeding an aggregate of 50 pounds contained vanadium without filing the reports required by this paragraph.

(e) *Violations.* Any person affected by this order, who violates any of its provisions, or a provision of any other order, direction or regulation issued by the Director of Priorities, may be prohibited by the Director from making or receiving further deliveries of vanadium, or of any other material subject to allocation, or he may be subjected to any other or further action which the Director may deem appropriate.

(f) *General Preference Order M–23 revoked.* General Preference Order M–23, issued by the Director of Priorities August 14, 1941, is hereby revoked.

(g) *Effective dates.* This order shall take effect immediately upon its issuance, and unless sooner terminated by direction of the Director of Priorities, shall expire on the 30th day of June, 1942. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3, as amended September 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session; as amended by Public 89; 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

Issued this 20th day of December 1941. All reports to be filed, appeals and other communications concerning this order, should be addressed to the Vanadium Branch, Office of Production Management, Social Security Building, Washington, D. C., Reference: M–23–a.

[Suspension Order No. S–2]

PART 1010—SUSPENSION ORDERS

Lieb & Buchalter, Inc.

Lieb & Buchalter, Inc., of Brooklyn, New York, is a partnership engaged in the plumbing supply business. On September 19, 1941, this firm placed a purchase order with the Foster-Wheeler Corporation for 4,740 feet of brass pipe and 720 feet of copper tubing. The order was accompanied by the affidavit of Arthur Lieb, a partner in the firm of Lieb & Buchalter, Inc., stating that the material ordered was required for emergency inventory for three hospitals located in Brooklyn, New York, and was assigned a preference rating of A–10 under the provisions of Preference Rating Order No. P–22. At the time the purchase order with Foster-Wheeler Corporation was placed, Lieb & Buchalter, Inc. had received no orders for brass pipe or copper tubing from the institutions specified in the affidavit of Arthur Lieb, and the preference rating assigned by Preference Rating Order No. P–22 was not applicable to this purchase order. In view of the foregoing facts,

It is hereby ordered:

§ 1010.2 *Suspension Order S–2.* (a) During the period in which this order shall be in effect, deliveries of material to Lieb & Buchalter, Inc. of Brooklyn, New York, its successors and assigns, shall not be accorded priority over deliveries under any other contract or order and no preference ratings shall be assigned or applied to such deliveries to Lieb & Buchalter, Inc. by means of Preference Rating Certificates, Preference Rating Orders, General Preference Orders, or any other orders or regulations of the Director of Priorities, except as specifically directed by the Director of Priorities.

(b) This order shall take effect immediately and shall expire on the first day of March, 1942. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. [Suspension Order No. S–7]

PART 1010—SUSPENSION ORDERS

State Metals & Steel Co., Inc.

State Metals & Steel Company, Inc. of Canton, Ohio, is a dealer in secondary and scrap metals. Between June 10, 1941, and November 4, 1941, this company delivered to Central Aluminum & Flux Company of Garfield Heights, Ohio, a foundry, 153,234 pounds of aluminum utensil scrap to be melted and processed into the form of secondary aluminun ingot of 98–99% purity. These deliveries constituted violations of Supplementary Order M–1–c, issued by the Director of Priorities on June 10, 1941, in that no preference ratings had been assigned to these deliveries of aluminum scrap, and they had not been specifically authorized by the Director of Priorities. Between August 8, 1941, and October 30, 1941, State Metals & Steel Company, Inc. of Canton, Ohio, accepted delivery from Central Aluminum & Flux Company 98,516 pounds of aluminum ingot and delivered some 67,000 pounds of this ingot to the Timken Roller Bearing Company of Canton, Ohio, to be used for deoxidizing purposes. The remainder of the ingot is held by the State Metals & Steel Company, Inc. of Canton, Ohio. Since June 15, 1941, State Metals & Steel Company, Inc. of Canton, Ohio, and its officials, have been familiar with the provisions of Supplementary Order M–1–c and knew that the shipments of aluminum scrap to Central Aluminum & Flux Company, set forth above, constituted violations of this Order.

Because of the scarcity and critical importance of high grade aluminum scrap, these wilful violations of Supplementary Order M–1–c have resulted in the diversion of high grade aluminum scrap from primary defense needs into uses not authorized for such scrap by the Director of Priorities. In view of the foregoing facts,

It is hereby ordered:

§ 1010.7 *Suspension Order S–7.* (a) During the period in which this Order shall be in effect, deliveries of material to State Metals & Steel Company, Inc. of Canton, Ohio, its successors and assigns, shall not be accorded priority over deliveries under any other contract or order and no preference ratings shall be assigned or applied to such deliveries to State Metals & Steel Company, Inc. of Canton, Ohio, by means of Preference Rating Certificates, Preference Rating Orders, General Preference Orders, or any other orders or regulations of the Director of Priorities, except as specifically directed by the Director of Priorities.

(b) During the period in which this Order shall be in effect, State Metals & Steel Company, Inc. of Canton, Ohio, its successors and assigns shall accept no deliveries from any source of primary aluminum, secondary aluminum, aluminum scrap, aluminum products, or alloys of which aluminum constitutes the major part.

(c) During the period in which this Order shall be in effect, State Metals & Steel Company, Inc. of Canton, Ohio, its successors and assigns shall accept no purchase orders, and enter into no contracts or commitments, for delivery by it of primary aluminum, secondary aluminum, aluminum scrap, alloys of which aluminum constitutes the major part, or aluminum products, except as specifically directed by the Director of Priorities.

(d) During the period in which this Order shall be in effect, State Metals & Steel Company, Inc. of Canton, Ohio, its successors and assigns shall make no deliveries of primary aluminum, secondary aluminum, aluminum scrap, alloys of which aluminum constitutes the major part, or aluminum products, except as specifically directed by the Director of Priorities.

(e) During the period in which this Order shall be in effect, no person shall deliver any primary aluminum, secondary aluminum, aluminum scrap, aluminum products, or alloys of which aluminum constitutes the major part to State Metals & Steel Company, Inc. of Canton, Ohio, in any case in which the acceptance of such delivery by the company would be in violation of this Order; nor shall any person accept delivery of any such material or any aluminum product from State Metals & Steel Company, Inc. of Canton, Ohio, in any case in which the delivery of such material or product by the company would be in violation of this Order.

(f) This Order shall take effect immediately and, unless sooner terminated by further order of the Director of Priorities, shall expire on July 1, 1942. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

PART 1014—BURLAP AND BURLAP PRODUCTS

Conservation Order M–47 To Conserve the Supply and Direct the Distribution of Burlap and Burlap Products

Whereas the uncertainty of future shipments of Burlap from abroad and fulfillment of requirements for the defense of the United States have resulted in a shortage in the supply of Burlap for defense, for private account and for export, and it is necessary, in the public interest and to promote the defense of the United States, to take the measure hereinafter set forth, and to conserve the supply and direct the distribution of Burlap and Burlap Products;

Now, therefore, it is hereby ordered, That:

§ 1014.1 *Conservation Order M–47—*(a) *Definitions.* For the purpose of this Order:

(1) "Person" means any individual, partnership, association, corporation, or other form of enterprise.

(2) "Burlap" means burlap of the Hessian cloth type imported from India.

(3) "Importer" means any person who imported Burlap during the year 1940 other than an Importing Bag Manufacturer.

(4) "Importing Bag Manufacturer" means any person who imported Burlap during the year 1940 and manufactured bags from such Burlap.

(5) "Non-Importing Bag Manufacturer" means a bag manufacturer who purchases Burlap from an Importer or an Importing Bag Manufacturer and manufactures bags for sale or for his own use.

(6) "Pacific Port" means any port on the Pacific Coast of the United States or any inland port of entry for goods from other ports on the Pacific Coast of North America.

(7) "North Atlantic Port" means any port on the Atlantic Coast of the United States, north of Wilmington, North Carolina, or any inland port of entry for goods from other ports on the North Atlantic Coast of North America.

(8) "Gulf Port" means any port on the Gulf Coast of the United States, the port of Wilmington, North Carolina and ports on the Atlantic Coast of the United States to the south thereof, or any inland port of entry for goods from other ports on the Gulf or South Atlantic Coast of North America.

(9) "Agricultural Bag" means any new Burlap bag used to package agricultural products. Such products include, but are not limited to, feed, potatoes, fertilizer, sugar, flour, rice, wool, wheat, corn meal, linseed meal, soy bean meal, beans, starch, seeds, salt, and oats, and shall include chemicals even though non-agricultural, but shall not include cotton or cotton products, textile piece goods or meats.

(b) *Stockpiling of imports; preference for heavy constructions.* Any Importer or Importing Bag Manufacturer hereafter accepting delivery of Burlap from any cargo imported to continental United States, shall set aside, out of his receipts from said cargo, two-thirds of the bales he receives, and shall not dispose thereof except as expressly directed by the Office of Production Management. The bales so set aside shall be the heaviest constructions available. The remaining one-third of such receipts, and all existing spot stocks shall be distributed in accordance with the provisions of paragraph (c). Any Person securing shipping space for Burlap in Calcutta or other point of shipment for import to continental United States shall fill such shipping space with ten-ounce constructions or heavier to the extent available.

(c) *Restrictions on delivery or processing.* No Importer or Importing Bag Manufacturer shall knowingly sell, deliver, or in any manner distribute, and no Person shall purchase, accept delivery of, or in any manner receive Burlap for any use other than for the manufacture of Agricultural Bags except upon express authorization of the Office of Production Management. No Person shall process or use any Burlap other than for the uses mentioned in this paragraph except upon express authorization of the Office of Production Management. The prohibition against processing or use hereinabove mentioned shall apply only to full bales unbroken, at the date of issue of this order. The term "full bales unbroken" means any bale not fully opened so that the content could not readily be restored to the same bale, and includes bales which have been sampled.

(d) *Prohibition of transactions in excess of quotas.* No Person shall, in any manner, buy or acquire Burlap or Agricultural Bags in excess of his quota as determined pursuant to this Order, and no Person shall knowingly, in any manner, deliver or sell to any other Person Burlap in excess of such other Person's quota as so determined.

(e) *Quotas for importers and importing bag manufacturers.* The quota of each Importer or Importing Bag Manufacturer out of each cargo of Burlap imported to continental United States, including the amount required to be set aside under paragraph (b), shall be an amount bearing the same ratio to the amount of such cargo as the average annual imports of such Importer or Importing Bag Manufacturer in the period 1935–1939, inclusive, through ports on the same Coast, Pacific, North Atlantic, or Gulf, as the case may be, bear to the average total imports of all Importers and Importing Bag Manufacturers through ports on the same Coast in the same period; *Provided however,* That whenever the Office of Production Management shall determine that there has been a substantial change in the relative amounts of cargoes discharged at Pacific, or North Atlantic or Gulf Ports as compared with the period 1935–1939, inclusive, it may make such adjustment as it deems appropriate by directing the distribution, in whole or in part, of any cargo or cargoes discharged at any port to Importers or Importing Bag Manufacturers not otherwise entitled to the same under the terms of this paragraph. No Person, other than the United States Government, or its agent acting under express and specific authority, shall import Burlap who did not import Burlap in 1940.

(f) *Burlap to be made available to non-importing bag manufacturers by importing bag manufacturers.* Each Importing Bag Manufacturer, in each month, shall make available to Non-Importing Bag Manufacturers in the aggregate, at regularly established prices and terms of sale and payment, to fill quotas under paragraph (g), a quantity of Burlap bearing the same ratio to monthly receipts of Burlap for such month (other than Burlap required to be set aside by paragraph (b)) as total deliveries during 1939 and 1940 to all Non-Importing Bag Manufacturers by such Importing Bag Manufacturer bear to such total deliveries plus the total amount cut up into bags by such Importing Bag Manufacturer during 1939 and 1940.

(g) *Quotas for non-importing bag manufacturers.* The quota of each Non-Importing Bag Manufacturer for Burlap to be received from Importers or Importing Bag Manufacturers in each calendar year beginning with the year 1942 shall be an amount bearing the same ratio to the amount of all imports to continental United States during such calendar year not required to be set aside in accordance with paragraph (b) as the total deliveries to such Non-Importing Bag Manufacturer by all Importers and Importing Bag Manufacturers during the years 1939 and 1940 bear to the total of the deliveries to all Non-Importing Bag Manufacturers by all Importers and Importing Bag Manufacturers during 1939 and 1940 plus the total amount cut up into bags by Importing Bag Manufacturers during 1939 and 1940. The rate, in any month, at which a Non-Importing Bag Manufacturer may receive delivery of his year's quota shall be limited to the lesser of the following two amounts:

(1) One twenty-fourth of the aggregate quantity of Burlap he received delivery of in the years 1939 and 1940.

(2) An amount which will bring his stocks up to a thirty-day supply based on his current rate of operations.

Each Non-Importing Bag Manufacturer shall certify to each Importer or Importing Bag Manufacturer from whom he receives delivery of Burlap, as a condition to receiving such delivery, the following on the purchase order for such Burlap:

"The undersigned hereby certifies that during the present calendar month the total receipts of Burlap by the undersigned from all sources, including the Burlap hereby ordered, will not exceed one twenty-fourth of the aggregate quantity received by the undersigned in 1939 and 1940, and will not bring the stocks of the undersigned over a thirty-day supply based on current rate of operations and that to date the undersigned has not exceeded his annual quota."

A Non-Importing Bag Manufacturer may purchase the aggregate amount of his quota from any one or more Importers or Importing Bag Manufacturers. The term "Non-Importing Bag Manufacturer" shall include any Importing Bag Manufacturer to the extent of his receipts, if any, of Burlap from Importers or other Importing Bag Manufacturers.

(h) *Separability of quotas.* The quotas set forth in paragraphs (e) and (g) shall be independent of each other, and any Person belonging to both classes may acquire Burlap under the quota for each class to which he belongs.

(i) *Quotas for users of agricultural bags.* The quota for each calendar year beginning with the year 1942 of each purchaser who secures new Agricultural Bags from Importing or Non-Importing Bag Manufacturers shall be determined as follows:

(1) Each Bag Manufacturer who supplied such purchaser during the year 1941 shall make available in each such calendar year to such purchaser at regularly established prices and terms of sale and payment a quantity of Agricultural Bags bearing the same ratio to the quantity of Burlap bags delivered to such purchaser in 1941 as the Bag Manufacturer's receipts of Burlap available for distribution during such calendar year bear to the total quantity of Burlap cut up into bags by such Bag Manufacturer during 1941: *Provided, however,* That Bag Manufacturers may, in good faith, furnish an equitable quota to persons who did not secure any Agricultural Bags in 1941 but require a quantity in 1942 or thereafter. In the event a Bag Manufacturer furnishes such quota, he shall, if necessary, correspondingly reduce the quotas of all other purchasers of Agricultural Bags proportionately. The Bag Manufacturer furnishing such quota shall furnish a complete statement of the facts thereof of the Office of Production Management within ten days.

(2) No Bag Manufacturer shall knowingly deliver Agricultural Bags to a purchaser in excess of the quantity expected to be used in the following thirty days, taking into consideration existing stocks, new and second hand. Within the limits of his quota no purchaser of Agricultural Bags shall receive delivery, in any one month, of more than the lesser of the following two quantities:

(i) The quantity he received delivery of in the corresponding month of the preceding year.

(ii) An amount which will bring his stocks up to a thirty day supply based on his current rate of operations.

(3) Each purchaser who acquires Burlap Bags from a Bag Manufacturer shall certify to such Bag Manufacturer as a condition to securing his bags the following:

The undersigned hereby certifies that he needs these bags for packaging or to distribute to persons packaging -------- (here fill in products), that he intends to, and to the best of his knowledge will, within thirty da: , use these bags for such purpose, or distribute to those so using, and that, to the best of his knowledge and belief the receipt of such bags will not give him more than a thirty-day supply, including existing stocks of new and second-hand bags.

No Bag Manufacturer shall sell, deliver or in any other manner dispose of Agricultural Bags to any such purchaser who fails to furnish such certification or who furnishes a certification which on its face indicates a use other than for Agricultural Bags as defined in paragraph (a) of this Order.

(j) *Restrictions on inventory.* Except as provided in paragraph (b), no Importer, Importing Bag Manufacturer or Non-Importing Bag Manufacturer shall hold in inventory any Burlap, whether baled, cut, manufactured into bags, or otherwise in excess of a thirty days' supply, unless he is unable to secure a fair and reasonable purchase order for the same. No Person dealing in Agricultural Bags shall withhold from sale a supply of new and/or second-hand Burlap bags in excess of a thirty days' supply, taking into consideration existing inventories. No Person using Agricultural Bags at a rate in excess of fifty bags per year shall acquire a supply of new and/or second-hand bags in excess of the quantity he will use within the following thirty days, taking into consideration existing inventories.

(k) *Adjustments.* The Office of Production Management may upon application made in writing, make such adjustments as are deemed appropriate in the quota of any Person, or method to be used in calculating same, in the case of inequity or hardship.

(l) *Exchange of quotas.* No Person shall sell, assign, or otherwise transfer, in whole or in part, the quota prescribed for him by this Order except that any Importer or Importing Bag Manufacturer not desiring to take up his quota out of any cargo may assign such quota, in whole or in part, to one or more other Importers or Importing Bag Manufacturers in exchange for an equal yardage, without regard to constructions, out of the quotas with respect to expected future cargoes of such other Importers or Importing Bag Manufacturers.

(m) *Unused quotas.* If for any reason whatsoever an Importer or Importing Bag Manufacturer, or a Non-Importing Bag Manufacturer does not take up any quota, unused portions thereof shall be reallocated by the Office of Production Management to such other Importers and Importing Bag Manufacturers, or Non-Importing Bag Manufacturers, as the case may be, who desire to share in the reallocation, in proportion to their existing quotas. In the event of such reallocation, the deliveries which would have been required to be made available to purchasers under paragraph (g) hereof, by the Person whose quota is reallocated shall, to the extent practicable, be made available to the same purchasers by the Persons to whom the quota is reallocated.

(n) *Calculation of quotas.* Quotas of Importers, Importing Bag Manufacturers and Non-Importing Bag Manufacturers under (e), (f), (g), or (m) hereof, and permitted monthly receipts under (g) hereof, shall be calculated to the nearest 25 bales, except that any quota or permitted monthly receipts amounting to less than twenty-five bales shall be calculated to the nearest bale. Quotas of purchasers of Agricultural Bags from Bag Manufacturers shall be calculated to the nearest thousand bags except that quotas of persons who secured less than one thousand bags from any Bag Manufacturer shall be calculated to the nearest fifty bags.

(o) *Reports.* (1) Every Importer, Importing Bag Manufacturer, Non-Importing Bag Manufacturer, and other persons holding ten full bales or more of Burlap, shall promptly telegraph to the Office of Production Management his stocks of Burlap in bales as of December 15, 1941, stating separately spot and afloat stocks.

(2) On or before January 1, 1942, reports regarding transactions in, and inventories of, Burlap shall be filed with the Office of Production Management on forms to be secured from such Office by:

(i) Every Importer or Importing Bag Manufacturer, on Form PD–186.

(ii) Every Non-Importing Bag Manufacturer, on Form PD–186.

(3) Every Importer, Importing Bag Manufacturer and Non-Importing Bag Manufacturer or other Person whose stocks of Burlap and/or Burlap bags at any time in 1941 exceeded 20,000 yards, shall:

(i) File such monthly and other reports with the Office of Production Management as shall from time to time be required by said Office. Until further notice, monthly reports, beginning with the report for the month of January to be filed on or before February 15, 1942, shall be filed on Form PD–188.

(ii) Submit from time to time to an audit and inspection by representatives of the Office of Production Management concerning all records required to be kept by this Order.

(p) *Communications to Office of Production Management.* All reports required to be filed hereunder, appeals and other communications concerning this Order, shall be addressed to

Office of Production Management
Washington, D. C. Ref:M–47

(q) *Existing contracts.* The fulfillment of contracts in violation of this Order is prohibited regardless of whether such contracts were entered into before or after the effective date of this Order. No Person shall be held liable for damages or penalties for any default under any contract or order which shall result directly or indirectly from his compliance with the terms of this order.

(r) *Conservation of bags for reuse.* No Person shall, to the extent practicable, slash or otherwise mutilate Burlap bags as a means of opening the same. To the extent practicable, all persons filling Agricultural Bags shall close them in a manner which will permit speedy and intact opening of such bags. To the extent practicable, bag users shall promptly empty and return such bags or sell such bags for reuse through existing channels.

(s) *Effective date.* This Order shall take effect immediately and shall continue in effect until revoked by the Office of Production Management subject to such amendments or supplements thereof as may be issued from time to time by the Office of Production Management: *Provided, however,* That the provisions of paragraph (e) shall take effect with the discharge, at a port in continental United States of the first Burlap cargo departing from Calcutta or other point of shipment on or after January 15, 1942. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. CHAPTER XI—OFFICE OF PRICE ADMINISTRATION

PART 1334—SUGAR

PRICE SCHEDULE NO. 60—DIRECT-CONSUMPTION SUGARS

Since August 14, 1941, the Office of Price Administration has had in effect a price schedule on raw cane sugars. Until recently this ceiling price has been an effective control on prices in the later stages of the processing and distribution of sugar. With conditions created by the outbreak of war, the prices charged by certain primary distributors and wholesalers have increased sharply in spite of the fact that the price of raw cane sugar has remained constant. To permit the continuation of this situation would be to countenance speculative profits at the expense of the American public. As an emergency measure to correct this situation the Office of Price Administration issues this schedule to control the maximum prices at which refined and other direct-consumption sugars may be sold to the wholesale and retail outlets. The maximum prices established by this Schedule are set at the levels prevailing just before the recent advent of war and the subsequent unwarranted increases of prices of direct-consumption sugar.

Accordingly, under the authority vested in me by Executive Order No. 8734, it is hereby directed that:

§ 1334.51 *The maximum prices for sales of direct-consumption sugars by primary distributors.* On and after December 22, 1941, regardless of the terms of any contract of sale or purchase or other commitment, no primary distributor shall sell, offer to sell, deliver or transfer direct-consumption sugars at prices higher than the maximum prices established in this section 1334.51. These maximum prices are gross prices and shall include commissions, discounts, and all other charges.

(a) (1) The maximum basis price for fine granulated sugar processed by continental United States cane sugar refineries shall be $5.25 per one hundred pounds f. o. b. refinery.

(2) The maximum basis price for fine granulated beet sugar manufactured in the continental United States shall be $5.15 per one hundred pounds f. o. b. seaboard cane sugar refinery nearest freightwise to point of destination.

(3) (i) The maximum basis price for fine granulated sugar delivered to the continental United States from offshore areas shall be $5.20 per one hundred pounds duty-paid basis, f. o. b. United States cane sugar refinery nearest freightwise to port of entry.

(ii) The maximum price for turbinado, washed-white, or similar sugar for direct consumption delivered to the continental United States from offshore areas shall be $5.10 per one hundred pounds duty-paid basis f. o. b. United States cane sugar refinery nearest freightwise to port of entry.

(4) The maximum basis price for direct-consumption sugars other than those sugars provided for in subparagraphs, (a) (1), (a) (2), (a) (3), and (b) (1) hereof, processed from United States mainland sugar cane, including but not limited to turbinado, plantation white and high-washed sugars, shall be $5.15 per one hundred pounds f. o. b. seaboard cane sugar refinery nearest freightwise to point of destination.

(5) The respective maximum basis prices established in subparagraphs (a) (1), (a) (2), (a) (3) (i), and (a) (4), above, shall each be adjusted for grade and package differentials in accordance with the seller's differentials therefor published or in affect on December 1, 1941.

(6) The maximum delivered price for each of the sugars provided for in subparagraphs (a) (1), (a) (2), (a) (3), and (a) (4), above, respectively, shall be determined by applying to the respective maximum basis f. o. b. prices, as adjusted for grades and packages, the seller's "freight applications" or "selling prepays" published or in effect on December 1, 1941.

(b) (1) The maximum price for direct-consumption raw cane sugars of 96 degrees polarization, of domestic or foreign origin, shall be $4.35 per one hundred pounds United States mainland shipping point, including all taxes and duty.

(2) The maximum price specified in subparagraph (b) (1), above, shall be adjusted by making allowances per pound for each degree of polarization above or below 96 degrees (fractions of a degree in proportion) in accordance with the method customarily used prior to the effective date of this schedule.*

*§§ 1334.51 to 1334.60, inclusive, issued pursuant to the authority contained in Executive Orders Nos. 8734, 8875, 6 F.R. 1917, 4483.

§ 1334.52 *The maximum prices for sales of direct-consumption sugars at wholesale by persons other than primary distributors.* On and after December 22, 1941, regardless of the terms of any contract of sale or purchase, or other commitment, no person shall sell, offer to sell, deliver or transfer direct-consumption sugars at wholesale, and no person shall buy, offer to buy, or accept delivery of direct-consumption sugars at wholesale at prices higher than the maximum prices established in this section 1334.52. These maximum prices are gross prices and include commissions, discounts, and all other charges.

(a) The maximum price shall be the highest price at which the seller sold such sugars of similar grade, package, and amount to a similar purchaser during the period December 1, 1941, to December 6, 1941, inclusive.

(b) These maximum prices shall include at least the same absorption of transportation costs, and other charges, and at least the same rendition of services, as were or would have been absorbed or rendered by the seller on comparable shipments to the same place of destination during said period December 1, 1941, to December 6, 1941, inclusive.*

§ 1334.53 *Sales at retail.* Sales at retail are excepted from the operation of this Schedule.*

§ 1334.54 *Less than maximum prices.* Lower prices than those established in this Schedule may be charged, demanded, paid, or offered.*

§ 1334.55 *Evasion.* The price limitations established by this Schedule shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery, or transfer of direct-consumption sugars alone or in conjunction with any other commodity or material or by way of any commission, service, transportation, or other charge or by a tying-agreement or other trade understanding or by making the discounts given or other terms and conditions of sale more onerous to the purchaser than those available or in effect during the period December 1, 1941, to December 6, 1941, inclusive, or by any other means.*

§ 1334.56 *Records and reports.* Every person making sales of direct-consumption sugars after December 22, 1941, shall keep for inspection by the Office of Price Administration for a period of not less than one year complete and accurate records of every sale including the date thereof, the name of the purchaser, the price paid, the grade, package and amount sold, and the date of shipment.

Persons affected by this Schedule shall submit such reports to the Office of Price Administration as it may, from time to time, require.*

§ 1334.57 *Enforcement.* In the event of refusal or failure to abide by the price limitations, record requirements, or other provisions of this Schedule, or in the event of any evasion or attempt to evade the price limitations or other provisions of this Schedule, the Office of Price Administration will make every effort to assure (a) that the Congress and the public are fully informed thereof; (b) that the powers of Government, both State and Federal, are fully exerted in order to protect the public interest and the interests of those persons who comply with this Schedule; (c) that full advantage will be taken of the cooperation of the various political subdivisions of state, county and local governments by calling to the attention of the proper authorities failures to comply with this Schedule which may be regarded as grounds for the revocation of licenses and permits; and (d) that the procurement services of the Government, both State and Federal, are requested to refrain from selling to or purchasing from those persons who fail to comply with this Schedule. Persons who have evidence of the offer, receipt, demand, or payment of prices higher than the maximum prices, or of any evasion or effort to evade the provisions hereof, or of speculation or manipulation of prices of direct-consumption sugars, or of the hoarding or accumulating of unnecessary inventories, are urged to communicate with the Office of Price Administration.*

§ 1334.58 *Modification of the schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modifications thereof or exception therefrom: *Provided*, That no applications under this Section will be considered unless filed by persons complying with this Schedule.*

§ 1334.59 *Definitions.* When used in this Schedule, the term:

(a) "Person" means an individual, partnership, association, corporation, or other business entity.

(b) "Direct consumption sugars" means any grade, or type of saccharine product derived from sugar beets or sugarcane, which is not to be, and which shall not be, further refined or otherwise improved in quality; except sugar in liquid form which contains non-sugar solids (excluding any foreign substance that may have been added) equal to more than 6 per centum of the total soluble solids, and except also sirup of cane juice produced from sugarcane grown in continental United States.

(c) "Primary distributor" means any person who manufactures direct-consumption sugars or the agent of any such person, or any person who delivers to the continental United States from offshore areas or any person who takes such delivery or the agent of any such person who makes or takes such delivery. The term "agent" shall be deemed to include a broker, factor, commission merchant, or a person who takes title but actually performs functions commonly performed by agents, brokers, factors, or commission merchants.

(d) "At wholesale" means a sale other than a sale by a primary distributor or a sale at retail.

(e) "Sale at retail" means a sale to the ultimate consumers; *provided*, no manufacturer, processor, purchaser for resale, or commercial user shall be deemed to be an ultimate consumer.

(f) A grade, package, amount, or purchaser shall be deemed to be "similar" to another grade, package, amount, or purchaser, respectively, if the seller did or would have charged the same price for or to either during the period December 1, 1941, to December 6, 1941, inclusive.

(g) "Specifications" means the designation in the order of the grade, package, amount, and other items customarily included in such terms.*

§ 1334.60 *Effective date of the schedule.* This Schedule shall become effective December 22, 1941.*

Issued this 20th day of December 1941.

PART 1335—CHEMICALS

AMENDMENT NO. 1 TO PRICE SCHEDULE NO. 36—ACETONE

Section 1335.310 of Price Schedule No. 36[1] is hereby amended to read as follows:

§ 1335.310 *Appendix A; maximum prices for acetone.* The following maximum prices are established for acetone whether produced synthetically or from the fermentation of molasses, corn or other raw material.

(a) *Eastern territory.*[2]

	Per lb. delivered
Tank cars	$0.158
Drums, car-load lots	.168
Drums, less than car-load lots	.173

In the case of acetone produced from the fermentation of molasses, the above maximum prices apply where the cost of the molasses used for such production is $2.50 per hundred pounds of sugar content, delivered to the plant of the producer. For each increase or a decrease of $0.10 in such cost, the maximum prices for such acetone shall be the above maximum prices plus or minus $0.004.

(b) *Western territory.*[2] The maximum prices established for acetone in Western Territory are the maximum prices established by paragraph (a) for acetone in Eastern Territory plus ½¢ per pound.

(c) *Maximum prices for acetone delivered from local stocks.* The maximum price for acetone delivered from local stocks maintained by others than producers shall be the maximum prices established by paragraphs (a) or (b) above, whichever the case may be, plus $0.01 per pound.

(d) *Containers.* For acetone sold in containers, a reasonable charge for such containers may be added to the maximum prices established by paragraphs (a), (b), and (c) above. (E.O. Nos. 8734, 8875, 6 F.R. 1917, 4483)

Issued this 19th day of December 1941. This amendment No. 1, effective January 1, 1942.

PART 1335—CHEMICALS

AMENDMENT NO. 1 TO PRICE SCHEDULE NO. 37—BUTYL ALCOHOL

Section 1335.360 of Price Schedule No. 37[3] is hereby amended to read as follows:

§ 1335.360 *Appendix A; maximum prices for normal butyl alcohol.* The following maximum prices are established for normal butyl alcohol whether produced synthetically or from the fermentation of molasses, corn or other raw material:

(a) *Eastern territory.*[2]

	Per lb. delivered
Tank cars	$0.158
Drums, car-load lots	.168
Drums, less than car-load lots	.173

In the case of normal butyl alcohol produced from the fermentation of molasses, the above maximum prices apply where the cost of the molasses used for such production is $2.50 per hundred pounds of sugar content, delivered to the plant of the producer. For each increase or a decrease of $0.10 in such cost, the maximum prices for such normal butyl alcohol shall be the above maximum prices plus or minus $0.004.

(b) *Western territory.*[2] The maximum prices established for normal butyl alcohol in Western Territory are the maximum prices established in paragraph (a) for normal butyl alcohol in Eastern Territory plus ½¢ per pound.

(c) *Maximum prices for normal butyl alcohol delivered from local stocks.* The maximum price for normal butyl alcohol delivered from local stocks maintained by others than producers shall be the maximum prices established by paragraphs (a) or (b) above, whichever the case may be, plus $0.01 per pound.

(d) *Containers.* For normal butyl alcohol sold in containers, a reasonable charge for such containers may be added to the maximum prices established by paragraphs (a) (b) and (c) above. (E.O. Nos. 8734, 8875, 6FR1917, 4483)

Issued this 19th day of December 1941. This amendment No. 1, effective January 1, 1942.

CHAPTER I—BUREAU OF MARINE INSPECTION AND NAVIGATION

SUBCHAPTER A—DOCUMENTATION, ENTRANCE AND CLEARANCE OF VESSELS, ETC.

[Order No. 185]

PART 2—ENTRY OF VESSELS

DECEMBER 22, 1941.

Section 2.2 is amended to read as follows:

§ 2.2 *Vessels not required to enter.* Entry shall not be required of vessels coming in in distress or for bunkers (fuel or water for the vessel), sea stores, or ship's stores, transacting no other business in the port, and departing within twenty-four hours after arrival. If any such vessel remains more than twenty-four hours after arrival (whether any other business is transacted in the port or not), it is required to make entry unless while in possession of a valid departure permit it is detained in the port by order of the Naval Authorities of the United States. SUBCHAPTER N—EXPLOSIVES OR OTHER DANGEROUS ARTICLES OR SUBSTANCES, AND COMBUSTIBLE LIQUIDS ON BOARD VESSELS

[Order No. 183]

PART 146—TRANSPORTATION OR STORAGE OF EXPLOSIVES OR OTHER DANGEROUS ARTICLES OR SUBSTANCES, AND COMBUSTIBLE LIQUIDS ON BOARD VESSELS[1]

Order Amending the Regulations to Permit Transportation of Hydrochloric Acid in Bulk

Pursuant to the authority vested in the Secretary of Commerce by section 4472 of the Revised Statutes, as amended, regulations governing the transportation, storage, stowage, or use of explosives or other dangerous articles or substances, and combustible liquids on board vessels, effective April 9, 1941, are hereby amended, under the emergency provisions contained in subsection (9) of R.S. 4472, as amended; (46 U.S.C., Sup. 170); as follows:

To Part 146, Transportation or Storage of Explosives or Other Dangerous Articles or Substances, and Combustible Liquids on Board Vessels, add the following new section:

§ 146.23-13 *Hydrochloric acid in bulk.* (a) Hydrochloric acid may be transported in bulk on board cargo vessels when loaded in rubber-lined tanks (pressure vessel type) independent of the structure of the vessel; constructed, tested and otherwise in full accordance with ICC Specifications 103B or 103BW.

(b) Independent tanks shall be so fitted as to provide sufficient space between the tank and any fixed structural part of the vessel, or in lieu thereof the installation shall be such as it will be practicable to move said tanks for the inspection of the structure of the vessel and the tanks. The design indicative of the manner in which the tank is to be supported and secured on board the vessel shall be approved by the Bureau of Marine Inspection and Navigation prior to installation. Plans shall be submitted when requesting approval.

(c) Hydrochloric acid adulterated by other chemicals, inhibitors, oils, solvents, water, etc., shall not be accepted or transported in bulk on board vessels in rubber-lined specification containers ICC 103B or 103BW.

(d) Hydrochloric acid shall not be accepted or transported in specification containers ICC 103B or 103BW when such tank last contained a product other than one authorized to be transported in such tank by the regulations of the Interstate Commerce Commission. Hydrochloric acid shall not be loaded into a tank which last contained one of the other substances authorized to be loaded in said tank until the tank has been thoroughly washed.

(e) In addition to the markings required by the ICC Specifications the legend "Hydrochloric Acid Only" shall be stenciled, or painted in block letters, (said stenciling or lettering to be at least 2" high) upon the dome or upper portion of the tank in a position plainly visible under operating conditions. This lettering shall be maintained legible at all times.

(f) Conductor piping forming the loading or delivery line of the tank shall be constructed of material that will withstand the severe action of the lading. Any one of the following materials may be used:

(1) Rubber-lined steel pipe, not less than 2" inside diameter before lining.

(2) Strong, acid-resistant, pressure-suction rubber hose.

(3) Hard rubber pipe.

(4) Flange connections shall, if of steel, be adequately protected by means of rubber lining from acid coming in contact therewith.

(5) All valves and fittings shall be of a material resistant to the action of hydrochloric acid.

(6) A design layout of the piping, valves and fittings to be installed on the vessel (other than covered by ICC specifications applicable to the tank) to be used in loading or unloading hydrochloric acid on or from the vessel shall be submitted to the Bureau of Marine Inspection and Navigation prior to installation; said plans shall be in sufficient detail to identify the characteristics of all piping, valves and fittings.

(7) Filling and discharge pipe connections shall be kept disconnected at the tank except when actually loading or unloading the lading of the tank and the outlets on the tank blanked off: *Provided, however*, Such piping need not be disconnected when an efficient stop valve is fitted in the line in a location as close to the tank dome as is practicable.

(8) Discharge connections shall not be detached until pressure in the tank and line has been completely released.

(g) Unloading of hydrochloric acid may be by acid pump, siphon or compressed air.

(1) Air pressure in excess of 30 pounds per square inch shall not be used in unloading hydrochloric acid.

(2) Compressed air used for unloading shall be as free as possible from oil,

[1] 6 F.R. 254, 303, 371, 424, 462, 490.

moisture, or foreign matter. To insure this, the air supply shall be taken from the top of the air receiver (reservoir). This reservoir shall be drained at regular intervals. Compressor shall be disconnected from air line at all times except when actually being used to discharge contents of tank. The air line shall be thoroughly blown out in a reverse direction before making connections to discharge acid. The open ends of the air line at the point of connection to the shore system and tank shall be carefully blanked off when not in use.

(3) All caution markings on sides of tank or dome shall be observed before commencing filling or discharge operations.

(4) When air pressure is used for unloading acid the air line shall include the following fittings: Commencing at the tank and working towards the compressor, these fittings shall be installed in the following order; an ell having a flange on one end to connect with the air inlet flange on the tank with a full faced soft rubber gasket, the opposite end of the ell may consist of a flange or ordinary pipe connection to take either a pipe or flexible rubber hose. Fixed air piping leading to compressor, when desired, an acid resisting flexible rubber hose of optional length may be installed between the ell and the fixed piping. A bleeder valve to release air pressure. A pop valve set to blow at 30# pressure. An air gauge. A pressure-reducing valve set at 30#. An air shutoff valve. A water separator or trap. When it is desired to install these fittings as part of the shore system the only portion of this assembly that is required to be part of the vessel's equipment shall consist of the "ell", the bleeder valve to release air pressure, the pop valve set to blow at 30# pressure, and an air shutoff valve which shall be located at the dome of each tank.

(h) Tools necessary in the operation of loading or unloading of the acid shall be kept clean and so used as to prevent damage to the rubber lining of dome closures, piping or fittings. A hammer or chisel shall not be used for loosening dome fittings, for connecting or disconnecting the filling, discharge or air lines, or upon the tank at any time while the tank is filled with acid or is under discharge pressure.

Gauging rods, if used, shall be of wood. The lower end of such rods shall be equipped with a soft rubber plug.

Tools, bolts, nuts or other material actually dropped into a tank through dome openings shall be removed from the tank before the next loading.

Organic solvents, oils and greases, even in the most minute quantity, shall never be used where they will come in contact with the rubber-coated surfaces of the tank, dome, opening covers or discharge lines. To lubricate nuts or bolts a mixture of flake graphite and gylcerol shall be used.

Tanks shall be kept closed at all possible times to prevent sunlight coming in contact with the rubber lining. Connecting flanges of rubber-lined pipe shall "when broken" be protected from the action of sunlight.

Protect the interior of the tank from the weather. Water or other liquids shall not be introduced into tanks except upon permission of competent authority.

Persons shall not be permitted to remove dome cover and enter tanks except upon permission of competent authority.

(i) Tanks and their fittings shall be retested at intervals conforming with the requirements of the applicable ICC specifications.

(j) Before a tank is placed in service the vessel owner shall furnish the Bureau of Marine Inspection and Navigation a report certifying that the tank and its equipment complies with all the requirements of the applicable specification ICC–103B or ICC–103BW.

The provisions of this order are effective immediately. (R.S. 4472, as amended; 46 U.S.C.; Sup. 170).

Acting Secretary of Commerce.

DEPARTMENT OF THE INTERIOR.

Bituminous Coal Division.

[Docket No. B–134]

IN THE MATTER OF W. W. COFFEY, REGISTERED DISTRIBUTOR, REGISTRATION NO. 1685, RESPONDENT

NOTICE OF AND ORDER FOR HEARING

1. The Bituminous Coal Division (the "Division") finds it necessary, in the proper administration of the Bituminous Coal Act of 1937 (the "Act") and the Bituminous Coal Code (the "Code") promulgated thereunder, to determine

(a) whether or not W. W. Coffey, Registered Distributor, Registration No. 1685, whose address is Lynchburg, Virginia, the respondent in the above-entitled matter, has violated any provisions of the Act, the Code, any Orders or Regulations of the Division, including the Marketing Rules and Regulations, the Rules and Regulations for the Registration of Distributors, and the Distributor's Agreement (the "Agreement"), executed December 16, 1940, by respondent, pursuant to Order of the Bituminous Coal Division, dated June 19, 1940, in General Docket No. 12, and

(b) whether or not the registration of said distributor should be revoked or suspended or other appropriate penalties should be imposed;

and for said purposes gives notice that the Division has information to the effect that:

2. During the period from May 26, 1941, to July 31, 1941, both dates inclusive, The Logan & Kanawah Coal Company, acting as sales agent for the Raine Coal and Lumber Company, a code member, sold and shipped to Patterson Mills Company of Roanoke Rapids, North Carolina, approximately 1227.6 net tons of 1¼" nut and slack coal produced by said code member. Respondent secured and accepted from The Logan & Kanawha Coal Company, in the above transactions, approximately $147.31 in the form of discounts from the effective minimum price, although said coal was invoiced to the purchaser by The Logan & Kanawha Coal Company directly, and respondent neither purchased nor resold said coal.

3. In securing, accepting, and retaining the compensation referred to in paragraph 2 hereof, respondent violated paragraph (d) of the Agreement since such transactions were not purchases of coal by him for bona fide resale.

4. In securing, accepting, and retaining the compensation referred to in paragraph 2 hereof, the respondent violated paragraph (g) of the Agreement since respondent performed no service of value in said transactions for The Logan & Kanawha Coal Company acting in the capacity of sales agent for the Raine Coal and Lumber Company, code member.

5. The compensation referred to in paragraph 2 hereof received by respondent from The Logan & Kanawha Coal Company acting as sales agent for the Raine Coal and Lumber Company, was disproportionate to the ordinary value of the services rendered by respondent in said transactions and was paid to respondent with the primary intention and purpose of securing preferment with the said Patterson Mills Company. Respondent in securing, accepting and retaining said compensation, participated in transactions in violation of section 4 II (i) (13) of the Act, Part II (i) (13) of the Code, and Rule 13 of section XIII of the Marketing Rules and Regulations and thereby violated paragraphs (c) and (e) of the Agreement.

6. During the period from July 8, 1941 to August 25, 1941, both dates inclusive, the Minter Fuel Company, acting as sales agent for the E. C. Minter Coal Company, a code member, sold and shipped to Roanoke Mills Company, Roanoke Rapids, North Carolina, approximately 1504.7 net tons of mine run coal produced by said code member. Respondent secured and accepted from the Minter Fuel Company, in the above transactions, approximately $156.55 in the form of discounts from the effective minimum price, although said coal was invoiced to the purchaser by Minter Fuel Company directly, and respondent neither purchased nor resold said coal.

7. In securing, accepting, and retaining the compensation referred to in paragraph 6 hereof, respondent violated paragraph (d) of the Agreement since such transactions were not purchases of coal by him for bona fide resale.

8. In securing, accepting, and retaining the compensation referred to in paragraph 6 hereof, respondent violated paragraph (g) of the Agreement since respondent performed no service of value in said transactions for the Minter Fuel Company acting in the capacity of sales agent for the E. C. Minter Coal Company, code member.

9. The compensation referred to in paragraph 6 hereof, received by respondent from Minter Fuel Company acting as sales agent for the E. C. Minter Coal Company was disproportionate to the ordinary value of the services rendered by respondent in said transactions and was paid to respondent with the primary intention and purpose of securing preferment with said Roanoke Mills Company. Respondent in securing, accepting, and retaining said compensation accordingly participated in transactions in violation of section 4 II (i) (13) of the Act, Part II (i) (13) of the Code, and Rule 13 of section XIII of the Marketing Rules and Regulations, and thereby violated paragraphs (c) and (e) of the Agreement.

It is, therefore, ordered, That a hearing pursuant to § 304.14 of the Rules and Regulations for the Registration of Distributors, to determine whether the registration of said distributor should be revoked or suspended, or other appropriate penalties be imposed, be held on January 30, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division, at the United States Court, Lynchburg, Virginia.

It is further ordered, That Travis Williams or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said respondent and to all other parties herein and to all persons and entities having an interest in such proceeding.

Notice is hereby given that answer to the charges alleged herein must be filed with the Bituminous Coal Division at its Washington Office or with any one of the statistical bureaus of the Division; within twenty (20) days after date of service thereof on the respondent; and that any respondent failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted the alleged charges and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged herein, other matters incidental and related thereto, whether raised by amendment, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

Dated: December 20, 1941.

[Docket No. A–1180]

PETITION OF DISTRICT BOARD NO. 22 FOR REVISION OF CERTAIN PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF THE MILLS MINE (MINE INDEX NO. 202) IN DISTRICT NO. 22 AND FOR THE ESTABLISHMENT OF A MINIMUM PRICE OF 95 CENTS PER TON FOR ¾" SLACK COAL OF THE A. C. M. #4 MINE (MINE INDEX NO. 1) IN THAT DISTRICT FOR SALE IN CARLOAD LOTS TO THE GREAT NORTHERN RAILWAY COMPANY

NOTICE OF AND ORDER FOR HEARING

A petition, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party;

It is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on January 12, 1942 at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street, NW., Washington, D. C. On such day the Chief of the Records Section in room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Joseph A. Huston or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before January 7, 1942.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of District Board No. 22 for (1) a change in the classification of the Mills Mine, Mine Index No. 202, from Subdistrict 1 to Subdistrict 9 in District No. 22; (2) revision of the effective price classifications and minimum prices for the coals of that mine, for truck shipments, as follows:

	6" Lp. and over	2" Lp.	9" x 6"	6" x 2"	2" x 1¼"	1¼" x ¾"	1¼" x ⅜"	1¼" x 0	1" x 0	⅜" x 0

[General Docket No. 25]

IN THE MATTER OF AMENDING RULE 10 OF SECTION II OF THE MARKETING RULES AND REGULATIONS, AS PRESCRIBED IN GENERAL DOCKET NO. 15, AND § 304.19 (c) OF THE RULES AND REGULATIONS FOR THE REGISTRATION OF DISTRIBUTORS, AS PRESCRIBED IN GENERAL DOCKET NO. 12

NOTICE OF AND ORDER FOR HEARING

The Acting Director being of the opinion that a hearing should be held con-

cerning whether Rule 10 of Section II of the Marketing Rules and Regulations and § 304.19 (c) of the Rules and Regulations for the Registration of Distributors, as prescribed in General Dockets No. 15 and No. 12, respectively, should be amended for the purposes of clarification or otherwise.

It is therefore ordered, That a hearing on such matter be held on January 26, 1942, at 10:00 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 15th Street NW., Washington, D. C. On such day, the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That W. A. Shipman or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all persons who may have an interest in such proceeding. Any person desiring to be heard at such hearing shall file a notice to that effect with the Bituminous Coal Division on or before January 23, 1942, setting forth therein the nature of his interest and a concise statement of the matter or matters which he intends to present.

The matter concerned herewith is in regard to possible amendments of Rule 10, Section II, Marketing Rules and Regulations, and § 304.19 (c), Rules and Regulations for the Registration of Distributors, as set forth in the Appendix attached hereto, or in such other matter, germane to the subject matter hereof, as may be presented by petition of intervention or otherwise.

Notice is further given that any Order that may be entered herein may prescribe such amendments of either of the above-described Rules as may be germane to the subject matter thereof and consistent with evidence that may be adduced and the provisions of the Act relating thereto.

Dated: December 19, 1941.

Acting Director.

APPENDIX

Possible Amendments for Consideration at Hearing

Rule 10, Section II, Marketing Rules and Regulations. No commission shall be paid to a sales agent, directly or indirectly, by a code member for the sale of coal to any person who is partially or completely owned or controlled by, or who partially or completely owns or controls, such sales agent, or where the sales agent and the person to whom the coal is sold are under a common ownership or control, partial or complete: *Provided,* That a commission may be allowed and paid in a case where the Division, upon application therefor by the sales agent or by a code member determines that the relationship between the sales agent and the person to whom the coal is sold is such that the allowance of a sales agency commission is not prohibited by Section 4 II (i), 11 and 12, of the Bituminous Coal Act of 137 (Rules 11 and 12 of Section XIII of the Marketing Rules and Regulations), and will not violate any other provisions of the Act or any rule or regulation promulgated by the Bituminous Coal Division, and the Division also determines that the relationship is bona fide and is not established to secure an indirect price reduction.

§ 304.19 (c) *Rules and Regulations for the Registration of Distributors.* No distributor's discount shall be accepted by a distributor on coal purchased by such distributor for resale to any person who is partially or completely owned or controlled by, or who partially or completely owns or controls, such distributor, or where the distributor and the person to whom the coal is resold are under a common ownership or control, partial or complete: *Provided,* That a distributor's discount may be accepted in a case where the Division, upon application therefor by the distributor, determines that the relationship between the distributor and the person to whom the coal is resold is such that the allowance of a distributor's discount is not prohibited by section 4 II (i), 11 and 12 of the Bituminous Coal Act of 1937 (Rules 11 and 12 of section XIII of the Marketing Rules and Regulations), and will not violate any other provisions of the Act or any rule or regulation promulgated by the Bituminous Coal Division, and the Division also determines that the relationship is bona fide and is not established to secure an indirect price reduction.

[Docket No. D-5]

IN THE MATTER OF THE APPLICATION OF SERGEANT COAL SALES COMPANY FOR PERMISSION TO RECEIVE SALES AGENTS' COMMISSIONS AND DISTRIBUTORS' DISCOUNTS ON COAL SOLD TO E. M. SERGEANT COAL COMPANY

NOTICE OF AND ORDER FOR HEARING

E. M. Sergeant, an individual doing business under the name and style of Sergeant Coal Sales Company in Kalamazoo, Michigan, being registered with the Division as a distributor, No. 8264, and acting as a sales agent for certain producers, filed his petition praying:

"For a determination herein that his 'ownership' or 'control' over E. M. Sergeant Coal Company, if any, is bona fide, is not established to secure an indirect price reduction, and is not within the prohibition of paragraphs 11 and 12 of section 4, Part II (i) of the Bituminous Coal Act."

It is ordered, That a hearing on such matter be held on February 17, 1942, at 10 a. m. in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 15th Street NW., Washington, D. C. On such day the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Charles O. Fowler or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths, and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to such petitioner and to any other person who may have an interest in such proceeding. Any person desiring to be heard at such hearing shall file a notice to that effect with the Bituminous Coal Division on or before February 13, 1942, setting forth therein the nature of his interest and a concise statement of the matter or matters which he intends to present.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners, or otherwise, or which may be necessary

corollaries to the relief, if any, granted on the basis of this petition.

Dated: December 18, 1941.

[Docket No. B-35]

IN THE MATTER OF W. F. RASNICK (BLUE EAGLE COAL COMPANY) ALSO KNOWN AS W. F. RASNICK AND MINNIE BARRETT, INDIVIDUALLY AND AS CO-PARTNERS, DOING BUSINESS UNDER THE NAME AND STYLE OF BLUE EAGLE COAL COMPANY, CODE MEMBER, DEFENDANTS

NOTICE OF AND ORDER FOR HEARING

A complaint dated September 12, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on September 13, 1941, by Bituminous Coal Producers Board for District No. 8, a district board, complainant, with the Bituminous Coal Division alleging wilful violation by the defendants of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on January 28, 1942, at 10 a. m. at a hearing room of the Bituminous Coal Division at the County Court House, Abingdon, Virginia.

It is further ordered, That Travis Williams or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendants and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given that answer to the complaint must be filed with the Bituminous Coal Division at its Washington Office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendants; and that any defendant failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified that the hearing in the above entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging wilful violation by the above named defendants of the Bituminous Coal Code or rules and regulations thereunder as follows:

That the defendants, W. F. Rasnick (Blue Eagle Coal Company) also known as W. F. Rasnick and Minnie Barrett, individually and as co-partners, doing business under the name and style of Blue Eagle Coal Company, a code member, whose addresses are Swords Creek, Russell County, Virginia, on or about January 21, 1941, offered to sell, delivered and sold to one J. E. Cockerum of Mt. Airy, North Carolina, and to Jack Shore of Boone, North Carolina, approximately 6.05 net tons and 5.4 net tons respectively, of High Volatile Size Group 5 or stoker coal produced by the defendants at the defendants' Blue Eagle Mine, Mine Index No. 2210, located at or near Swords Creek, Virginia, in District No. 8, at $1.55 per net ton f. o. b. said mine, whereas this coal is classified as Size Group 5 and is priced at $2.25 per net ton f. o. b. said mine in the Schedule of Effective Minimum Prices for District No. 8, for Truck Shipments; and,

That said defendants, during the period October 1, 1940, to April 21, 1941, both dates inclusive, delivered f. o. b. said mine, to one E. B. Neal of Bluefield, Virginia, and to one Bill Cook of North Tazewell, Virginia, approximately 40 net tons and 10 tons respectively, of High Volatile Size Group 7 or 2" and under slack coal, produced by defendants at said mine, without any charge whatsoever therefor but as a gift from the defendants to said E. B. Neal and said Bill Cook respectively, whereas this coal is classified as Size Group 7 and is priced at $1.55 per net ton f. o. b. said mine in the Schedule of Effective Minimum Prices for District No. 8, for Truck Shipments.

PETITION OF DISTRICT BOARD NO. 8 FOR A REVISION OF THE MINIMUM PRICES OF THE COALS OF CERTAIN MINES IN BREATHITT COUNTY, KENTUCKY, SUBDISTRICT NO. 3 IN DISTRICT NO. 8, FOR TRUCK SHIPMENTS

NOTICE OF AND ORDER FOR HEARING

A petition, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party;

It is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on January 20, 1942, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Joseph A. Huston or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before January 15, 1942.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners or otherwise, or which may be necessary corollaries to the relief, if any granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of District Board No. 8 for a revision of the minimum prices of the coals of certain mines in District No. 8 for truck shipment; and more specifically for a decrease in the minimum prices for the coals of Mine Index Nos. 4004, 2476, 1312, 2876, 1315, and 1316 in

IN THE MATTER OF LUMBERMAN'S BRICK & SUPPLY COMPANY, REGISTERED DISTRIBUTOR, REGISTRATION NO. 5757, RESPONDENT

ORDER FOR RESTORATION OF REGISTRATION

The Director, on November 14, 1941, having made Findings of Fact, Conclusions of Law and Opinion and entered an Order based thereon suspending the registration as a distributor of the respondent, the Lumberman's Brick & Supply Company, Registration No. 5757, for a period of thirty (30) days from the date of said Order; and

Said Order having been served upon the respondent on November 18, 1941; and

Lumberman's Brick & Supply Company, the respondent in the above-entitled matter, having filed with the Division on December 11, 1941, an affidavit dated December 9, 1941, pursuant to the provisions of said Order dated November 14, 1941, and § 304.15 of the Rules and Regulations for the Registration of Distributors; and

It appearing to the Acting Director that said affidavit of Lumberman's Brick & Supply Company sufficiently complies with the provisions of said Order dated November 14, 1941, and § 304.15 of the Rules and Regulations for the Registration of Distributors;

Now, therefore, it is ordered, That the registration of Lumberman's Brick & Supply Company as a distributor be and it hereby is restored, as of December 15, 1941.

[Docket No. 1730-FD]

IN THE MATTER OF COMMERCIAL FUEL COMPANY DEFENDANT—

ORDER GRANTING APPLICATION FOR RESTORATION OF CODE MEMBERSHIP

A written complaint having been filed on June 12, 1941, by the Bituminous Coal Producers Board for District No. 15, as complainant, pursuant to section 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937 (the "Act"), alleging wilful violation by the Commercial Fuel Company, a defendant in the above-entitled matter, of the Act, the Bituminous Coal Code (the "Code"), and the effective minimum prices established thereunder by selling during the period November 11, 1940 to March 20, 1941, both dates inclusive, approximately 594 tons of coal at prices less than the effective minimum prices therefor; and

An Order having been made herein on December 9, 1941, cancelling and revoking the code membership of the Commercial Fuel Company effective ten (10) days from the date thereof; and

Said order of cancellation and revocation having been duly served upon the Commercial Fuel Company; and

The Commercial Fuel Company having filed with the Division its application dated December 17, 1941, for restoration of its code membership to become effective simultaneously with the effective date of said cancellation and revocation of its code membership; and

It appearing from said application that the Commercial Fuel Company has paid to the Collector of Internal Revenue at Wichita, Kansas, on December 16, 1941, the sum of $416.99, pursuant to said Order dated December 9, 1941, as a condition precedent to the restoration of its code membership.

Now, therefore, it is ordered, That said application of the Commercial Fuel Company, dated December 17, 1941, for restoration of its code membership to become effective simultaneously with the effective date of said cancellation and revocation of code membership and the same be and is hereby granted.

It is further ordered, That said restoration of the code membership of the Commercial Fuel Company shall become effective simultaneously with the effective date of said cancellation and revocation of code membership.

Dated: December 19, 1941.

PETITION OF DISTRICT BOARD 11 FOR RELIEF IN RESPECT TO OFF-LINE RAILROAD FUEL PRICES FOR CERTAIN CODE MEMBERS IN DISTRICT 11, AND RELATED MATTERS

[Docket No. A-478]

PETITION OF DISTRICT BOARD 11 FOR THE ESTABLISHMENT OF RAILROAD FUEL PRICES FOR MINE INDEX NOS. 5, 57, 58, 80, 81, 87, AND 88, OF DISTRICT 11, UPON COAL SOLD TO THE C. I. & L. RAILWAY FOR FUELING ITS LOCOMOTIVES AT THE K. & I. RAILWAY COAL DOCK AT LOUISVILLE, KENTUCKY

[Docket No. A-751]

IN THE MATTER OF THE MINIMUM PRICES IN THE SALE OF LOCOMOTIVE FUEL BY THE SUNLIGHT COAL COMPANY, DISTRICT NO. 11, TO THE CHICAGO, INDIANAPOLIS AND LOUISVILLE RAILROAD COMPANY, AND REQUEST FOR PRELIMINARY AND PERMANENT RELIEF

MEMORANDUM OPINION AND ORDER CONCERNING MOTION FOR RECONSIDERATION

These are proceedings instituted upon original petitions filed with the Bituminous Coal Division pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

In Docket No. A-7, District Board 11 requested that certain freight absorptions be permitted on off-line shipments of coals from certain District 11 mines located on the Algers, Winslow and Western Railroad ("A. W. & W.") and other railroads to the New York Central Railroad ("N. Y. C."), Chicago and Eastern Illinois Railway ("C. & E. I."), and the Southern Railway ("Southern") for use as locomotive fuel. By an Order dated February 28, 1941, the Director granted permanent relief as prayed to Mine Index No. 11 for shipment to the N. Y. C. and C. & E. I. and for Mine Index No. 75 for shipment to N. Y. C., and set a further hearing for the mines shipping to the Southern. The prayer involved in the further hearing was that a freight absorption be permitted on shipment of coal for railroad locomotive fuel from Enos Mine (Mine Index No. 36) of Enos Coal Mining Company, Patoka (Globe) Mine (Mine Index No. 41) of Ayrshire Patoka Collieries Corporation, 20th Century Mine (Mine Index No. 92) of 20th Century Coal Corporation and Winslow Mine (Mine Index No. 97) of Winslow Coal Corporation, served by the A. W. & W. for shipment to the Southern. Petitions of intervention in opposition to this relief were filed by Sunlight Coal Company ("Sunlight") and others. Upon the record of the hearing submitted to him after waivers of the Examiner's Report by all the parties, the Director, on September 25, 1941, issued an Order granting permanent relief as prayed.

In Docket No. A-478, District Board 11 sought the establishment of a railroad fuel price of $1.57 per ton for coals of certain mines on line to the Southern Railway for sale to the Chicago, Indianapolis & Louisville Railway ("C. I. & L." or "Monon") for fueling its locomotive at the railway coal dock of the Kentucky & Indiana Terminal Railroad ("K. & I.") at Louisville, Kentucky, and requested that the coals be subject to certain substitution privileges provided for in the price schedules, and that relief to Mine Index No. 87 (Sunlight No. 11 Mine) be made retroactive to October 1, 1940. Sunlight here intervened in support of relief. Upon the record of the hearing submitted to him after waivers of the Examiner's Report by all the parties, the Director issued, on September 16, 1941, an Order denying relief.

In Docket No. A-751, Sunlight, as original petitioner, requested that it be permitted to absorb 32.6 cents per ton from the presently established minimum f. o. b. mine price of $1.90 per ton on sales of locomotive fuel from its Sunlight No. 11 Mine (Mine Index No. 87) to the C. I. & L., thus permitting the Sunlight No. 11 Mine to have an effective minimum price of $1.574 per ton for sale of locomotive fuel to the said railroad. After a hearing thereon, Examiner D. C. McCurtain, on August 14, 1941, filed his Report in which he recommended that the relief requested herein be denied. On August 29, 1941, Sunlight filed exceptions to Examiner McCurtain's Proposed Findings of Fact and Proposed Conclusions of Law and Recommendations and requested the opportunity to present oral argument. On September 30, 1941, the Director issued a Memorandum Opinion approving and adopting the Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner in their entirety and an Order denying relief and denying the request for an oral argument.

On October 10, 1941, Sunlight, intervenor in Dockets Nos. A-7, and A-478, and original petitioner in Docket No. A-751, filed a motion seeking a reconsideration of the matters involved in these three dockets and requesting the Director to grant the relief requested in Dockets Nos. A-478 and A-751 and to deny the relief requested in Docket No. A-7 if relief be ultimately denied in Docket No. A-751. This motion is now before the undersigned.

Dockets Nos. A-7 and A-751

Sunlight contends that in Docket No. A-7 the Director has departed from the principle that no adjustments of off-line locomotive fuel sales should be permitted "except where necessary to protect existing sales tonnage and to maintain existing fair competitive opportunities," by granting the relief requested therein. It is alleged by Sunlight that the mines on the A. W. & W. therein given relief had never in the past, with slight exception, made shipments of railroad locomotive fuel to the Southern. Sunlight contends that the finding of the Director that the A. W. & W. is a tap line connecting with the N. Y. C. and the Southern is not a valid ground for distinction. Sunlight states that the rec-

ord shows that the mines on the A. W. & W. have been considered and operated as adjuncts of the N. Y. C.; that the operators of such mines have in the past considered the N. Y. C. as a sufficient outlet for their railroad fuel, and have shown no reason why such an outlet will not be sufficient in the future.

Sunlight further contends that the following paragraph from the Director's finding in Docket No. A–751 is directly contrary to the granting of relief in Docket No. A–7:

"The granting of the relief requested here would result in the disruption of the 'existing fair competitive opportunities' of the mines located on the C. I. & L. R. R. The relatively fixed and stable market for locomotive fuel is of extreme importance to the continued operation of the mines located on trunk line carriers. This should be disrupted only when a clear need therefor is shown."

Sunlight states that the evidence in Docket No. A–7 furnishes no basis for a finding that mines on the A. W. & W. should have a market for their locomotive fuel on the Southern. Such market has never been enjoyed by these mines in the past, and, since no facts were presented showing that the N. Y. C. will not present a sufficient outlet in the future, a clear need therefor, it is said, is not shown.

Sunlight submits that the finding by the Director in Docket No. A–751 is inconsistent with his decision in Docket No. A–7; that the fact that the mines on the A. W. & W. are located on a tap line is immaterial since they have in the past consistently sold their coal to the N. Y. C. and have not sold locomotive fuel to the Southern. Sunlight contends that it is unfair and prejudicial to apply a standard of protection of "existing sales tonnage" in Docket No. A–751 and at the same time to apply, what it believes to be, a different standard in Docket No. A–7.

Sunlight also asks that the Director's Findings in Docket No. A–751 be reexamined on the ground that the denial of relief therein deprived it of a *right*, which it had prior to October 1, 1940, to absorb 32.6 cents per ton on sales to the C. I. & L., which constituted an existing fair competitive opportunity. Certainly, Sunlight submits, if it is not permitted to sell locomotive fuel to the C. I. & L. in competition with the on-line mines, then its railroad business on the Southern should likewise not be turned over to the mines on the A. W. & W.

I have carefully considered the contentions of Sunlight in the light of the Director's rulings in Dockets Nos. A–7 and A–751 and do not find therein any justification for the modification of the Director's Findings and Orders in those matters. In General Docket No. 15 the Director found that no adjustments of off-line sales should be permitted except where necessary to protect existing fair competitive opportunities. Docket No. A–751 presents the typical situation for the application of this standard. The Sunlight No. 11 Mine, being on-line to the Southern, utilizes its trunk line carrier for a market for its coals. It has not in the past sold off-line fuel to the C. I. & L. Docket No. A–7, on the other hand presents an exceptional case of mines entitled to off-line prices. The A. W. & W. is a tap line railroad connecting both with the N. Y. C. and the Southern at Oakland City Junction. Since the A. W. & W. is an insufficient market for the railroad fuel of its on-line mines, it has always been necessary for such on-line mines to ship to either the N. Y. C. or Southern, and the fact that they shipped in the past chiefly to the N. Y. C. does not deny their ever-existing fair competitive opportunity to ship to the Southern. The past shipments to the N. Y. C. are an additional, and not the sole justification for the absorption allowed on shipments to it. The exceptional situation and disadvantageous position of the mines on the A. W. & W. has been recognized by allowing them freight absorptions on commercial tonnages.[1] This geographical position with relation to the Southern is practically identical to that with relation to the N. Y. C. and differs radically from the position of the Sunlight No. 11 mine. *Existing fair competitive opportunity* and *"right"* are not necessarily synonymous as Sunlight contends. A *"right"* (more properly, a *power*, as Sunlight uses the word) to make an absorption on off-line sales must be considered in the light of the standards of the Act, such as the position of the mines involved in the producing area and their relationship to the market and the competition and distribution therein. The position of the mines on the A. W. & W. is such that of necessity they must have preserved to them their power to make a freight absorption on shipments to *either* the N. Y. C. or the Southern. The undersigned cannot deny such an existing fair competitive opportunity merely because it consists of an alternative, of one part of which, up until the present, the mines have taken no full advantage.

Docket No. A–478

The absorption requested for Sunlight No. 11 Mine in Docket No. A–478 is similar to that requested in Docket No. A–751, except that the requested relief is confined to shipments to one destination. The coal is to be used by the C. I. & L. for fueling of its locomotives at the K. & I. docks in Louisville, Kentucky. District Board 11, on behalf of Sunlight and other mines, here limits its request to an absorption to make profitable to the C. I. & L. a shipment to the K. & I. docks via the Southern and C. I. & L., a movement inaugurated by Sunlight in the summer of 1940, rather than the previous more direct movement via the Southern only. Sunlight relies upon these 1940 shipments as a basis for relief, and asks an absorption which will put its coal on a price parity with the coal of the C. I. & L.'s on-line mines.

After careful reexamination of the record in Docket No. A–478 in the light of Sunlight's contentions in its motion for reconsideration, the undersigned does not find that existing sales tonnage of railroad locomotive fuel to the C. I. & L. is alone sufficient to warrant relief requested in that proceeding. The controlling standard is whether an absorption is necessary to preserve as nearly as may be an existing fair competitive opportunity. The need for the specific locomotive fuel outlet for the preservation of existing sales tonnage must be considered, and is an aid in the determination of whether an existing fair competitive opportunity has to be preserved. Upon all the evidence in the record in Docket No. A–478, the Director found that there was no clear existing fair competitive opportunity to preserve. The record does not show why the former established movement to the K. & I. dock is no longer satisfactory, other than to indicate that it is profitable to some extent to the C. I. & L. to haul an additional distance over its own line rather than to have Sunlight coal follow the shorter natural route. This benefit to the C. I. & L. was accomplished by a substantial absorption and loss of realization to Sunlight. Up to about May 1940, the shipments by Sunlight No. 11 Mine to the K. & I. dock were a natural movement, passing over the Southern, to which Sunlight is on-line, direct to the docks. But the movement for which a freight absorption is requested is a longer route, necessitating shipment on the Southern to French Lick, and therefrom on the C. I. & L. to Louisville. Such a movement over the C. I. & L. is not an economical movement in the absence of evidence that the mines on the C. I. & L. are not able to supply its requirements at the K. & I. docks. Moreover, it has not been shown that Sunlight requires this requested absorption in order to preserve its sales to C. I. & L. Prior to May 1940, C. I. & L. purchased from Sunlight coal for use at the K. & I. docks shipped via Southern. It may still do so.

Now, therefore, it is ordered, That the relief requested in the motion of Sunlight Coal Company for reconsideration of the decisions in Dockets Nos. A–7, A–478 and A–751, be and the same hereby is denied.

DEPARTMENT OF AGRICULTURE.

Agricultural Adjustment Administration.

1942 SPECIAL AGRICULTURAL CONSERVATION PROGRAM FOR THE SOUTHERN GREAT PLAINS AREA

Payments will be made for participation in the 1942 Special Agricultural Conservation Program for the Southern Great Plains Area (hereinafter referred to as the 1942 Southern Great Plains Program) in accordance with the provisions of this bulletin and such modifications thereof as may hereafter be made. This program will be applicable in counties in the Southern Great Plains designated by the Secretary.

SECTION 1. *Allotments and goals.* County acreage allotments will be determined by the Agricultural Adjustment Administration with the assistance of the State committee in accordance with the provisions contained herein. Farm acreage allotments, permitted acreages, farm normal yields, and farm productivity indexes shall be determined, and restoration land shall be designated, by the county committee, with the assistance of other local committees in the county, in accordance with the provisions contained herein and instructions issued by the Agricultural Adjustment Administration.

(a) *Wheat*—(1) *National, State, and county acreage allotments.* The provisions of § 701.301, paragraph (g), subparagraphs (1) and (2), of the 1942 Agricultural Conservation Program Bulletin (ACP–1942), as now or hereafter amended (hereinafter referred to as the 1942 Agricultural Conservation Program Bulletin (ACP–1942)), are incorporated as this subparagraph (1).

(2) *Farm acreage allotments.* The provisions of § 701.301, paragraph (g), subparagraph (3), of the 1942 Agricultural Conservation Program Bulletin (ACP–1942) are incorporated as this subparagraph (2).

(3) *Non-wheat-allotment farm* means any farm (i) for which no wheat allotment is determined; or (ii) for which a wheat allotment of 15 acres or less is determined and the acreage seeded to wheat exceeds the allotment by 10 percent or more; or (iii) any farm for which a wheat allotment or permitted acreage of more than 15 acres is determined and on which wheat is normally planted for green manure, hay, or pasture, or will be planted for such use in 1942, and the county committee approves, in accordance with instructions issued by the Agricultural Adjustment Administration, the classification of such farm for the purposes of the 1942 program as a non-wheat-allotment farm.

(4) *Acreage planted to wheat* means (i) any acreage of land devoted to seeded wheat (except when such crop is seeded in a mixture designated by the Agricultural Adjustment Administration upon recommendation of the State committee as a mixture which may reasonably be expected to produce a crop containing such proportions of plants other than wheat that the crop cannot be harvested as wheat for grain or seed); (ii) any acreage of volunteer wheat which is harvested or remains on the land after the final date for disposing of volunteer wheat, such date to be specified by the regional director upon recommendation of the State committee; (iii) any acreage of land which is seeded to a mixture containing wheat designated under (i) above but on which the crops other than wheat fail to reach maturity and the wheat reaches maturity: *Provided*, That all or any part of any wheat acreage determined by the county committee to have been totally destroyed by any cause beyond the control of the operator may be considered as not having been planted to wheat, if it cannot be reseeded and with prior approval of the county committee is later replaced by other acreage of seeded or volunteer wheat.

(b) *Cotton*—(1) *National, State, and County acreage allotments.* The provisions of § 701.301, paragraph (b), subparagraphs (1) and (2), of the 1942 Agricultural Conservation Program Bulletin (ACP–1942) are incorporated as this subparagraph (1)

(2) *Farm acreage allotments.* The provisions of § 701.301, paragraph (b), subparagraph (3), of the 1942 Agricultural Conservation Program Bulletin (ACP–1942) are incorporated as this subparagraph (2).

(3) *Permitted acreages.* The provisions of § 701.301, paragraph (b), subparagraph (4), of the 1942 Agricultural Conservation Program Bulletin (ACP–1942) are incorporated as this subparagraph (3).

(4) *Acreage planted to cotton* means the acreage of land seeded to cotton, except that (1) if any acreage in excess of the allotment or permitted acreage fails to reach the stage of growth at which bolls are first formed, (2) if any acreage in excess of the allotment or permitted acreage is disposed of within ten days after notice of the amount of acreage seeded to cotton is given, where such notice is not given ten days prior to the time bolls are first formed, or (3) if substantially all the cotton produced on a particular acreage is determined to be cotton, the staple of which is 1⅛ inches or more in length, then such acreage shall not be considered as planted to cotton.

(c) *Potatoes*—(1) *National, State, and farm acreage allotments.* The provisions of § 701.301, paragraph (d), subparagraphs (1) and (2), of the 1942 Agricultural Conservation Program Bulletin (ACP–1942) are incorporated as this subparagraph (1).

(2) *Commercial potato farm.* The provisions of § 701.301, paragraph (d), subparagraph (4), of the 1942 Agricultural Conservation Program Bulletin (ACP–1942) are incorporated as this subparagraph (2).

(3) *Acreage of potatoes harvested* means the acreage of land from which potatoes are harvested or on which potatoes reach maturity except the acreage of potatoes grown in home gardens for use on the farm.

(d) *Corn*—(1) *National, State, and County acreage allotments.* The provisions of § 701.301, paragraph (a), subparagraphs (1) and (2) of the 1942 Agricultural Conservation Program Bulletin (ACP–1942) are incorporated as this subparagraph (1).

(2) *Farm acreage allotments.* The provisions of § 701.301, paragraph (a), subparagraph (3) of the 1942 Agricultural Conservation Program Bulletin (ACP–1942) are incorporated as this subparagraph (2).

(3) *Commercial corn area.* Counties to be included in the commercial corn area will be determined by the Secretary.

(4) *Non-corn-allotment farm* means a farm in the commercial corn area (a) for which no corn allotment is determined or (b) for which a corn allotment of 15 acres or less is determined and the acreage planted to corn exceeds the allotment by 10 percent or more.

(5) *Acreage planted to corn* means the acreage of land on which field corn is planted (except any acreage of sown corn used as a cover crop or green manure crop) and the acreage of sweet corn used for livestock feed: *Provided*, That all or any part of any corn acreage totally destroyed by flood, insects, or any other cause beyond the control of the operator, which is later replaced by other acreage planted to corn on the farm, may be considered as not having been planted to corn.

(e) *Restoration land*—(1) *Farm restoration land.* The provisions of § 701.301, paragraph (h), subparagraph (1), of the 1942 Agricultural Conservation Program Bulletin (ACP–1942) are incorporated as this subparagraph (1).

(f) *Minimum conserving acreage and land uses.* (1) The net payment for any farm shall be subject to a deduction of 2 percent of the maximum amount computed in connection with cropland (Section 2 (c), item (1)) for each 1 percent of the cropland on the farm by which the acreage of cropland on the farm devoted exclusively to one or more of the following uses throughout the 1942 crop year is less than 20 percent of the cropland on the farm:

(i) An acreage devoted to sweet sorghums, Sudan grass, or millet, used for temporary pasture, silage, or cut for hay. To qualify this acreage must meet the specifications set forth under Practices (14) (b); (14) (c); or (25).

(ii) An acreage devoted to sorghums, Sudan grass, or millet, close-grown or in rows not more than 20 inches apart with all growth being left on the land. To qualify this acreage must meet the specifications set forth under Practice (14) (d).

(iii) An acreage devoted to cowpeas or Mung beans seeded in the spring of 1942 and later plowed or disked into the surface soil. To qualify this acreage must meet the specifications and limitations set forth under Practice (14) (e).

(iv) An acreage left idle during 1942 on which standard terraces are constructed in accordance with specifications set forth under Practice (16).

(v) An acreage devoted to protected summerfallow. To qualify this acreage must meet the specifications set forth under Practice (18) or (19).

(vi) An acreage devoted to forest trees planted on cropland since 1935, cultivated, protected, and maintained in accordance with specifications set forth under Practice (26).

(vii) An acreage planted to forest trees in 1942. To qualify this acreage must meet the specifications set forth under Practice (27).

(viii) An acreage devoted to biennial or perennial legumes or perennial grasses, or mixtures of these, including new seedings, provided such seedings meet the specifications set forth under Practice (2), (3), or (4).

(ix) Green manure crops of which a good stand and good growth is plowed or disked under on irrigated cropland. To qualify this acreage must meet specifications set forth under Practice (13).

SEC. 2. *Rates of payment*—(a) *County rate.* The county rate shall be determined by the Secretary.

(b) *Farm rate.* The farm rate shall be the county rate multiplied by the productivity index for the farm.

(c) *Farm allowance.* The maximum payment, except for the increase in small payments provided for in Section 7, that may be made with respect to any farm in a county shall be the farm rate multiplied by the sum of (1) the acreage of cropland, excluding the acreage of sugar beets planted for harvest in 1942 for the extraction of sugar; (2) the acreage of restoration land; and (3) one-tenth of the acreage of noncrop open pasture land in Oklahoma and Texas. In lieu of item (3) above, the grazing land allowance will be 2 cents per acre of grazing land in the farm, plus 90 cents for each animal unit of grazing capacity (on a 12-month basis) of such grazing land, in Kansas, or 3 cents per acre of grazing land, plus 70 cents for each animal unit of grazing capacity (on a 12-month basis) of such grazing land, in Colorado and New Mexico: *Provided*, That for any farm in Colorado, Kansas, or New Mexico having not more than 2,000 acres of grazing land this grazing land allowance will be 8 cents per acre of grazing land in the farm: *Provided further*, That the grazing capacity item on grazing land on farms having in excess of 2,000 acres shall not be calculated on more than one animal unit for each 10 acres of grazing land in the farm, and the acreage item shall not be calculated on more than 60 acres for each animal unit: *Provided further*, That the amounts computed under this subdivision for any farm in Colorado, Kansas, or New Mexico shall not be less than 8 cents times the number of such acres or 2,000 acres, whichever is smaller; plus 30 cents per acre of mountain meadow land in counties in Colorado designated by the Regional Director as counties in which reseeding and erosion-control practices are necessary and effective in promoting conservation of grazing land.

SEC. 3. *Yields and productivity indexes*—(a) *Wheat normal yields.* The provisions of § 701.301, paragraph (g), subparagraph (4), of the 1942 Agricultural Conservation Program Bulletin (ACP–1942) are incorporated as this paragraph (a).

(b) *Cotton normal yields.* The provisions of § 701.301, paragraph (b), subparagraph (5), of the 1942 Agricultural Conservation Program Bulletin (ACP–1942) are incorporated as this paragraph (b).

(c) *Potato normal yields.* The provisions of § 701.301, paragraph (d), subparagraph (3), of the 1942 Agricultural Conservation Program Bulletin (ACP–1942) are incorporated as this paragraph (c).

(d) *Corn normal yields.* The provisions of § 701.301, paragraph (a), subparagraph (4), of the 1942 Agricultural Conservation Program Bulletin (ACP–1942) are incorporated as this paragraph (d).

(e) *Productivity index.* A productivity index shall be determined for each farm. Such productivity index shall be a percentage which reflects the relative productivity of the farm as compared with the average productivity of all farms in the county, adjusted so as to be fair and equitable as compared with the productivity indexes for other farms in the county, taking into consideration type of soil, general fertility, topography, crop yield history, and any farming practices adopted during the year which will affect the crop yields. The average productivity index for all farms in the county shall not exceed 100 percent.

SEC. 4. *Soil-building goals and practices*—(a) *National goal.* The national goal is the conservation of the farm land, the restoration, insofar as is practicable,

of a permanent vegetative cover on land not needed for or unsuited to the continued production of cultivated crops, and the carrying-out of soil-building practices that will conserve and improve soil fertility and prevent wind and water erosion.

(b) *County goals.* County goals may be established for particular soil-building practices which are most needed in the county in order to conserve and improve soil fertility and to prevent wind and water erosion. The county committee, with the approval of the State Committee, may designate those practices which will be approved toward meeting the soil-building goal in the county in order that the farm allowance will be used most effectively to bring about added conservation and to secure the carrying-out of soil-building practices most needed on farms in the county.

(c) *Farm goals.* The soil-building goal for any farm shall be one soil-building practice unit for:

(1) Each acre of cropland excluding the acreage of sugar beets planted for harvest in 1942 for the extraction of sugar.

(2) Each acre of restoration land; and

(3) Each 10 acres of noncrop pasture land in the farm, except that in Kansas, New Mexico, and Colorado one unit shall be computed for each $0.75 of the farm allowance computed with respect to grazing land and mountain meadow land.

The county committee shall determine which of the practices listed in this section are applicable for meeting the soil-building goal for the farms in the county.

The county committee may, upon prior notification to the operator, designate the location and extent of certain practices which must be carried out on the farm. If the operator fails to carry out such practices the county committee may withhold all of the payment for the farm or may withhold that portion of the farm payment which would have been earned by the carrying-out of such designated practices.

(d) *Soil-building practices.* Such of the soil-building practices listed in the following schedule as the county and State committees and the Agricultural Adjustment Administration determine are adapted to any area and should be encouraged in such area may qualify for credit toward the soil-building goal for the farm when such practices are carried out under the provisions of the 1942 program during a period of not more than 12 months, ending between August 31 and December 31, 1942, inclusive, in accordance with specifications issued by the regional director, or by the State committee with the approval of the regional director. The areas designated for any soil-building practice shall be areas in which such practice is desirable and necessary as a conservation measure. The specifications issued shall be such as to assure that the soil-building practice will be performed in a workmanlike manner and in accordance with good farming practice for the locality.

If one-half or more of the total cost of carrying out any practice is represented by labor, seed, trees, or other materials furnished by any State or Federal agency other than the Agricultural Adjustment Administration, no credit toward the soil-building goal shall be given for such practice. If less than one-half of the total cost of carrying out any practice is represented by such items, credit toward the soil-building goal shall be given for one-half of such practice. Labor, seed, trees, and materials furnished to a State or political subdivision of a State or any agency thereof by an agency of the same State shall not be deemed to have been furnished by a "State agency" within the meaning of this paragraph.

Soil-building practices carried out with the use of equipment furnished by the Soil Conservation Service shall not (by virtue of the use of such equipment) be deemed to have been paid for in whole or in part by a State or Federal agency.

Trees purchased from a Clark-McNary Cooperative State Nursery shall not be deemed to have been paid for in whole or in part by a State or Federal agency.

Schedule of Soil-Building Practices

The units of credit listed below are the maximum units allowable, and credit for any practice included shall, if necessary in order to reflect relatively lower costs or relative desirability of the practice for any State or area within a State, be adjusted downward by the State committee with the approval of the Agricultural Adjustment Administration.

The county committee shall not approve more than one practice for credit when carried out on the same acreage until it has determined that all of the acreage in the farm is adequately protected from wind erosion, and then only where it considers that the combination or duplication of practices will contribute materially to the conservation of soil on the farm. In any event credit for protecting an acreage of cropland or restoration land from wind erosion by any combination of Practices (14) (a), (14) (c), 14 (d), (14) (e), (15), (18), (19), (21), (22), and (24) including duplication of any of these practices on the same acreage shall not exceed one unit per acre.

Where the county committee determines that the carrying-out of any of Practices (14), (13), (20), or (25) has not resulted in the establishment of sufficient cover to adequately protect the land, credit will not be given for such practice unless the land on which sufficient cover was not established is listed on the contour (or by such other method which will control wind erosion) in the fall of 1942.

Application of material. (1) Application of superphosphate to, or in connection with the seeding of, perennial or biennial legumes, perennial grasses, permanent pasture, or green manure crops in orchards, 48 pounds available P_2O_5, 3 units.

Seedings. (2) Seeding alfalfa, 1 acre, 6 units.

(3) Seeding permanent grasses or permanent pasture mixtures containing a full seeding of legumes or grasses, or both, other than timothy and redtop, 1 acre, 5 units.

(4) Seeding biennial legumes, timothy, or redtop, 1 acre, 2 units.

Pasture improvement. (5) Reseeding depleted pastures or restoration land with good seed of adapted pasture grasses, perennial legumes, or approved pasture mixtures, 3 pounds, 1 unit.

(6) (a) Natural reseeding of grazing land by nongrazing during the normal pasture season and performance of supplemental practices. That part of the farm allowance computed on grazing and mountain meadow land may be earned under this practice with the prior approval of the county committee.

(6) (b) Conservation of grazing land by limited and rotation grazing and supplemental practices—(Applicable only in the States of Colorado, Kansas, and New Mexico). That part of the farm allowances computed on grazing and mountain meadow land may be earned under this practice with the prior approval of the county committee.

(6) (c) Natural reseeding of noncrop open pasture land by nongrazing during the normal pasture season (Applicable only in Texas and Oklahoma), 7 acres, 1 unit.

(7) With prior approval of the county committee, development of springs or seeps for furnishing water for livestock by excavation at the source: *Provided*, That (1) the source is protected from trampling, and (2) at least 20 cubic feet of available water storage is provided. The minimum unit credit for a single development under this practice shall be 25 units and the maximum unit credit shall be 250 units.

Rate of credit: 1 unit for each 3 cubic feet excavated in soil or gravel, and 1 unit for each 2 cubic feet excavated in rock formation, or 1 unit for each 3 cubic feet of metal, wood, concrete, or rubble masonry storage installed and available to livestock, whichever is larger.

(8) Construction of reservoirs and dams, including enlargements of inadequate earthen structures and diversion to off-channel sites—

(a) 5 cubic yards of earthen material moved, 1 unit in reservoir construction.

(b) 3 cubic feet of concrete or rubble masonry used in reservoir construction, 1 unit.

(c) 15 cubic yards of material moved in constructing a diversion ditch to an off-channel site, 1 unit.

(d) Construction of check dams, gully plugs, or bank riprap to control erosion using rock, timber piling, brush and rock, rock-filled cribs or well-anchored log

booms—1½ square yards exposed surface, 1 unit.

(9) Control of destructive plants on noncrop pasture or grazing land—

(a) With prior approval of the county committee, control, in accordance with approved specifications, of destructive plants or competitive nonpalatable or poisonous plants designated by the Agricultural Adjustment Administration—

(1) Light infestation, 1 acre, ⅔ unit.
(2) Medium infestation, 1 acre, 1 unit.
(3) Heavy infestation, ⅔ acre, 1 unit.

(b) Control of sagebrush. (1) Heavy infestation, 1 acre, ⅔ unit.

Provided, That, if the county committee determines that the control of destructive plants under this practice will reduce the vegetative cover to such an extent as to cause increased soil erosion, artificial reseeding shall also be required.

(10) Destruction of undesirable weeds and shrubs by mowing, 3 acres, 1 unit.

(11) Drilling or digging wells for the purpose of providing water for livestock—

(a) Casings not less than 4 inches in diameter, 1 foot, 3 units.

(b) Casings less than 4 inches in diameter, 1 foot, 1⅓ units.

(12) Contour listing, deep or shallow subsoiling, or contour furrowing of noncrop land, 3,000 feet, 1 unit.

(13) Green manure crops of which a good stand and good growth is plowed or disked under on irrigated cropland—

(a) Legumes, 1 acre, 3 units.
(b) Non-legumes, 1 acre, 1 unit.

(14) Establishing a cover crop of which a good stand and good growth is obtained—

(a) Small-grain stubble, 1 acre, 1 unit.

(b) Stubble of sorghum, broomcorn, Sudan grass or millet close-grown or in rows not in excess of 54 inches or the stalks of corn planted in rows not in excess of 54 inches. No credit will be given for this practice on an acreage on which credit has been given for any other practice, 1 acre, 1½ units.

(c) Sorghum stubble (including broomcorn and Sudan grass), or stalks of corn planted in wide-spaced rows. This practice shall consist of alternate strips of sorghum or corn and fallow. The fallow strips shall not be wider than 22 feet and must not be more than twice as wide as the protective strips, 1 acre, 1 unit.

(d) Leaving on the land all growth of sorghum, Sudan grass, or millet close-grown or in rows not more than 20 inches apart, 1 acre, 2 units.

(e) Cowpeas or Mung beans seeded in the spring of 1942 plowed or disked into the surface soil: *Provided*, That the land on which this practice is carried out is adequately protected from erosion during the remainder of the crop year. (Applicable only to counties recommended by the State Committee and approved by the regional director), 1 acre, 1 unit.

(15) Natural vegetative cover of which a good growth is obtained and the farming plan of the operator provides that such cover will be left on the land until the spring of 1943, 1 acre, 1 unit.

Erosion control. (16) Construction of standard terrace for which proper outlets are provided, 75 linear feet, 1 unit.

(17) Construction of ditching with a depth of one foot and a top width of four feet, or the equivalent cross section thereof, for the diversion and spreading of flood water on farm land, 150 linear feet, 1 unit.

(18) Stripcropping, including protection of summerfallow by means of stripfallowing—

Contour stripcropping, 1 acre, 1½ units.

Stripcropping not on contour, 1 acre, 1 unit.

(19) Protecting summerfallowed acreage from wind and water erosion by contour listing, pit cultivation, incorporating stubble and straw into the surface soil, cultivation with a rod weeder, or contour cultivation with a shovel-type implement (no credit will be given for this practice when carried out in light sandy soils or on soils where destruction of the vegetative cover results in the land becoming subject to serious wind erosion), 1 acre, 1 unit.

(20) Contour farming intertilled crops. No credit will be given for this practice on an acreage on which credit has been given for any other practice, 1 acre, 2 units.

(21) Contour listing (except when carried out on protected summerfallowed acreage or as a part of a seeding operation), 1 acre, 1 unit.

(22) Pit cultivation, pits to be at least four inches in depth below surface of soil and constructed so that surface of pit covers at least 25 percent of the ground surface (no credit will be given for this practice when carried out on protected summerfallowed acreage or as a part of a seeding operation), 1 acre, 1 unit.

(23) Contour seeding of small-grain crops and sorghums, when drilled, 1 acre, 1 unit.

(24) With prior approval of the county committee, listing at right angles to prevailing winds on unprotected cropland where contour listing is impractical because the general slope of the land causes contour lines to run parallel to the direction of prevailing winds, 1 acre, 1 unit.

(25) Border planting of sorghums, broomcorn, Sudan grass, or millet. (Credit will be given only for area seeded.) No credit will be given for this practice on an acreage on which credit has been given for any other practice, 1 acre, 2 units.

Forestry. (26) Cultivating, protecting, and maintaining, by replanting if necessary, a good stand of forest trees, or a mixture of forest trees and shrubs suitable for the protection of wildlife, planted between July 1, 1938, and July 1, 1942. Payment will not be made for this practice in case of trees or shrubs for which payment is made for planting in 1942, 1 acre, 5 units.

(27) Planting forest tree seedlings (including shrubs beneficial to wildlife), provided such trees or shrubs are protected from fire and grazing and cultivated in accordance with good tree culture and wildlife management practice, 1 acre, 12 units.

Other practices. (28) Growing a home garden for a landlord, tenant, or sharecropper family on a farm, 5 units.

(29) Eradication or control, in accordance with approved methods, of seriously infested plots of perennial noxious weeds designated by the Agricultural Adjustment Administration. Payment for this practice may be approved outside of organized weed control districts only: (1) on farms where the infestation is limited to a single farm, (2) where approved weed-control measures are being carried out on all adjacent infested farms and contiguous land, or (3), the county committee determines that there is no likelihood of reinfestation from adjacent farms or contiguous land, 1 acre, 10 units.

(30) The adoption of cultural and management practices recommended by the county committee and approved by the State Committee to improve existing stands of alfalfa or permanent perennial legume and grass meadows, 1 acre, 1 unit.

(31) With the prior approval of the county committee, construction of trench silos, 7 cubic yards, 1 unit.

(32) Subsoiling for soil and moisture conservation—subsoil furrows to be not less than 10'' deep nor more than ½ rod apart:

(a) Spacing between furrows not in excess of ½ rod, 4 acres, 1 unit.

(b) Spacing between furrows not in excess of 44'', 2 acres, 1 unit.

SEC. 5. *Payments and deductions.* (a) The net payment or net deduction computed for any farm in the county shall be the maximum farm payment less the sum of the following:

(1) *Deductions for excess acreages of special crops*—(i) *Wheat.* 1. (Wheat-allotment farms) $1.00 per bushel of the normal yield for the farm for each acre planted to wheat in excess of its wheat acreage allotment.

2. (Non-wheat-allotment farms) $1.00 per bushel of the normal yield for the farm for each acre of wheat harvested for grain or for any other purpose after reaching maturity in excess of the larger of 15 acres or the wheat allotment or permitted acreage, whichever is applicable.

(ii) *Cotton.* 12 cents per pound of the normal yield of cotton for the farm for each acre planted to cotton in excess of its permitted acreage or cotton acreage allotment, whichever is applicable.

(iii) *Potatoes.* 20 cents per bushel of the normal yield for each acre of potatoes harvested in excess of the larger of its potato allotment or 3 acres.

(iv) *Corn.* 1. (Corn-allotment farm)—80 cents per bushel of the normal yield for each acre planted to corn in excess of the corn allotment.

2. (Non-corn-allotment farms in the commercial corn area)—80 cents per bushel of the normal yield for each acre planted to corn in excess of 15 acres.

(2) *Deduction for failure to carry out soil-building practices.* The farm rate for each unit by which the soil-building goal is not reached, except that in Kansas, New Mexico, and Colorado this deduction rate shall be computed by dividing the maximum farm allowance by the number of units in the soil-building goal for the farm.

(b) The following deductions, if applicable to any farm, shall be divided among the persons on the farm responsible for such acts, or failures to act, in the proportion that the county committee finds such persons were responsible.

(1) *Deduction for cropping restoration land.* $3.00 for each acre of restoration land and any land previously designated as restoration land which has been reclassified as noncrop open pasture or grazing land which is plowed or tilled in 1942 for any purpose other than tillage practices to protect the land from wind erosion or tillage operations in connection with the seeding of an approved cover crop or permanent grass mixture.

(2) *Deduction for failure to prevent wind or water erosion.* 25 cents per acre for each time wind or water erosion-control methods recommended by the county committee are not carried out on the farm in 1942 by the date specified by the committee.

(3) *Deduction for breaking out native sod.* $3.00 for each acre of native sod or any other land on which a permanent vegetative cover has been established broken out during the 1942 program year less the acreage broken out with the approval of the county committee as a good farming practice for which an acreage of cropland other than restoration land is restored to permanent vegetative cover.

(4) *Deduction for failure to maintain practices under previous programs.* Where the county committee, in accordance with instructions of the State committee, determines that (1) any terrace constructed, forest trees planted, or pasture established under previous agricultural conservation programs is not maintained in accordance with good farming practices, (2) any seeding of perennial legumes or grasses is destroyed after producers in the county have been generally informed that the destruction of such legumes or grasses is contrary to good farming practice, or (3) the effectiveness of any soil-building practice carried out under any previous program is destroyed during the 1942 program year contrary to good farming practice, there shall be deducted an amount equal to the payment that would be made under the 1942 program for a similar amount of such practice from the net payment due the person on the same or any other farm in the county who was responsible for the failure to maintain such practices. In the event the amount of such deduction exceeds the amount of payment for the producer subject to deduction, the amount of such difference shall be paid by the producer to the Secretary.

SEC. 6. *Division of payments and deductions.* (a) The payments or deductions computed with respect to any farm, except as provided for in (b) of this Section 6, shall be divided between the landlord and tenant in proportion to the extent to which such landlord and tenant contributed to the carrying-out of soil-building practices on the farm. Where the division of the principal crop in the lease or operating agreement is on the basis of three-fourths to the tenant and one-fourth to the landlord, the tenant shall be deemed to have contributed 80 percent and the landlord 20 percent, and where the division of the principal crop in the lease or operating agreement is on the basis of two-thirds to the tenant and one-third to the landlord, the tenant shall be deemed to have contributed 74 percent and the landlord 26 percent to the carrying-out of the soil-building practices on the farm, unless such persons establish to the satisfaction of the county committee that their respective contributions thereto were different from such respective percentages, in which event such payment or deduction shall be divided in the proportion in which the county committee determines that each such person contributed to the carrying-out of the soil-building practices on the farm. On any farm where there is more than one landlord, the division of the landlord's share of the net payment or net deduction between the several landlords shall be in proportion to the contribution made by each such landlord to the total soil-building goal determined for the farm, unless such landlord establishes to the satisfaction of the county committee that his respective contribution to the carrying-out of the practices was different from such respective percentage, in which event such payment or deduction shall be divided in the proportion in which the county committee determines that such landlord contributed to the carrying-out of the soil-building practices on the farm.

(b) The deductions with respect to (1) cropping restoration land, (2) failure to prevent wind and water erosion, (3) breaking out native sod, and (4) failure to maintain soil-building practices carried out under previous programs shall be divided among the persons responsible for such acts or failure to act in the proportion that the county committee finds such persons were responsible.

SEC. 7. *Increase in small payments.* The provisions of § 701.304 of the 1942 Agricultural Conservation Program Bulletin (ACP–1942) are incorporated as this Section 7.

SEC. 8. *Payments limited to $10,000.* The provisions of § 701.305 of the 1942 Agricultural Conservation Program Bulletin (ACP–1942) are incorporated as this Section 8.

SEC. 9. *Deductions incurred on other farms.* The provisions of § 701.306 of the 1942 Agricultural Conservation Program Bulletin (ACP–1942) are incorporated as this Section 9, the deductions referred to being computed under Section 5 of this bulletin.

SEC. 10. *Deduction for association expenses.* There shall be deducted pro rata from the payments to be made to any person with respect to any farm all or such part as the Secretary may prescribe of the estimated administrative expenses incurred or to be incurred by the county agricultural conservation association in the county in which the farm is located.

SEC. 11. *Conservation materials.* The provisions of § 701.308 of the 1942 Agricultural Conservation Program Bulletin (ACP–1942) are incorporated as this Section 11.

SEC. 12. *General provisions relating to payments.* The provisions of § 701.309 of the 1942 Agricultural Conservation Program Bulletin (ACP–1942) are incorporated as this Section 12.

SEC. 13. *Application for payment.* The provisions of § 701.310 of the 1942 Agricultural Conservation Program Bulletin (ACP–1942) are incorporated as this Section 13. For the purposes of this bulletin, the "§ 701.303" referred to therein shall refer to Section 6 of this bulletin.

SEC. 14. *Appeals.* The provisions of § 701.311 of the 1942 Agricultural Conservation Program Bulletin (ACP–1942) are incorporated as this Section 14.

SEC. 15. *State and regional bulletins, instructions, and forms.* The Agricultural Adjustment Administration is hereby authorized to make such determinations and to prepare and issue such State and regional bulletins, instructions, and forms as may be required in administering the 1942 program pursuant to the provisions hereof.

SEC. 16. *Definitions.* For purposes of the 1942 program, unless the context otherwise requires:

(a) *Officials.* (1) *Secretary* means the Secretary of Agriculture of the United States.

(2) *Regional Director* means the director of the division of the Agricultural Adjustment Administration in charge of the agricultural conservation program in the region.

(3) *State Committee or State Agricultural Conservation Committee* means the group of persons designated within any State to assist in the administration of the agricultural conservation program in such State.

(4) *County committee* or *county agricultural conservation committee* means the group of persons elected within any

county to assist in the administration of the agricultural conservation programs in such county.

(b) *Areas.* (1) *Southern Region* means the area included in the States of

predominant growth is forage suitable for grazing and on which the number or grouping of any trees or shrubs is such that the land could not fairly be considered as woodland.

county to assist in the administration of the agricultural conservation programs in such county.

(b) *Areas.* (1) *Southern Region* means the area included in the States of Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, Oklahoma, South Carolina, and Texas.

(2) *Western Region* means the area included in the States of Arizona, California, Colorado, Idaho, Kansas, Montana, Nevada, New Mexico, North Dakota, Oregon, Utah, Washington, and Wyoming.

(c) *Farms. Farm* means all adjacent or nearby farm or grazing land under the same ownership which is operated by one person, including also:

(1) Any other adjacent or nearby farm or grazing land which the county committee, in accordance with instructions issued by the Agricultural Adjustment Administration, determines is operated by the same person as part of the same unit in producing range livestock or with respect to the rotation of crops and with workstock, farm machinery, and labor substantially separate from that for any other land; and

(2) Any field-rented tract (whether operated by the same or another person) which, together with any other land included in the farm, constitutes a unit with respect to the rotation of crops.

A farm shall be regarded as located in the county or administrative area, as the case may be, in which the principal dwelling is situated, or if there is no dwelling thereon it shall be regarded as located in the county or administrative area, as the case may be, in which the major portion of the farm is located.

(d) *Cropland.* (1) *Cropland* means farm land which in 1941 was tilled or was in regular rotation, excluding restoration land and any land which constitutes, or will constitute if such tillage is continued, a wind-erosion hazard to the community, and excluding also, except in the Southern Region, any land in commercial orchards.

(e) *Miscellaneous.* (1) *Person* means an individual, partnership, association, corporation, estate, or trust or other business enterprise or other legal entity, and, wherever applicable, a State, a political subdivision of a State, or any agency thereof.

(2) *Landlord* or *owner* means a person who owns land.

(3) *Sharecropper* means a person who works a farm in whole or in part under the general supervision of the operator and is entitled to receive for his labor a share of a crop produced thereon or of the proceeds thereof.

(4) *Tenant* means a person other than a sharecropper who rents land from another person.

(5) *Noncrop open pasture land* means pasture land (other than rotation pasture land and range land) on which the predominant growth is forage suitable for grazing and on which the number or grouping of any trees or shrubs is such that the land could not fairly be considered as woodland.

(6) *Grazing land* means any land in which an operator has such a legal estate or interest as to give him control thereof, which produces forage grazed by livestock without cultivation or general irrigation. Grazing land shall not include public domain of the United States, including lands owned by the United States and administered under the Taylor Grazing Act or by the Forest Service of the United States Department of Agriculture, and other lands in which the beneficial ownership is in the United States.

(7) *Animal unit* means one cow, one horse, five sheep, five goats, two calves, or two colts, or the equivalent thereof.

(8) *Grazing capacity* of grazing land or noncrop open pasture land means the number of animal units which such land will sustain on a 12-month basis, over a period of years, without decreasing the stand of grass or other grazing vegetation, and without injury to the forage, tree growth, or watershed.

SEC. 17. *Authority, availability of funds, and applicability*—(a) *Authority.* This program is approved pursuant to the authority vested in the Secretary of Agriculture under sections 7 to 17, inclusive, of the Soil Conservation and Domestic Allotment Act (49 Stat. 1148), as amended.

(b) *Availability of funds.* The provisions of the 1942 Southern Great Plains Program are necessarily subject to such legislation affecting said program as the Congress of the United States may hereafter enact; the making of the payments herein provided are contingent upon legislative authority to the Secretary to exercise after December 31, 1941, the power now conferred on him by Section 8 of the Act, and upon such appropriation as the Congress may hereafter provide for such purpose; and the amount of such payments in any county will necessarily be within the limits finally determined by such appropriation, the final estimate of payments which would be made in the county under the 1942 National Agricultural Conservation Program, and the extent of participation in such county. *As an adjustment for participation, the rates of payment and deduction specified herein may be increased or decreased by as much as 10 percent.*

(c) *Applicability.* The provisions of this bulletin are applicable only to those counties in Colorado, Kansas, New Mexico, Oklahoma, and Texas, for which county rates are established under section 2 (a) and are not applicable to (1) any department or bureau of the United States Government and any corporation wholly owned by the United States; and (2) lands owned by the United States which were acquired or reserved for conservation purposes or which are to be retained permanently under Government ownership (such lands including, but not being limited to, lands owned by the United States which are administered by the Forest Service or the Soil Conservation Service of the United States Department of Agriculture, or by the Division of Grazing or the Bureau of Biological Survey of the United States Department of the Interior); and (3) grazing land on farms having more than 1,920 acres of grazing land in Oklahoma and Texas.

The program is applicable to lands owned by corporations which are only partly owned by the United States, such as Federal Land Banks and Production Credit Associations.

The program is also applicable to land owned by the United States or by corporations wholly owned by the United States which is farmed by private persons if such land is to be temporarily under such Government or corporation ownership and was not acquired or reserved for conservation purposes. Such land shall include only that administered by the Farm Security Administration, the Reconstruction Finance Corporation, the Home Owners Loan Corporation, or the Federal Farm Mortgage Corporation, unless the Agricultural Adjustment Administration finds that land administered by other agencies complies with all the foregoing provisions for eligibility.

Done at Washington, D. C., this 19th day of December 1941. Witness my hand and the seal of the Department of Agriculture.

[SEAL] CLAUDE R. WICKARD,
Secretary of Agriculture.

NOTICE OF ISSUANCE OF SPECIAL CERTIFICATES FOR THE EMPLOYMENT OF LEARNERS UNDER THE FAIR LABOR STANDARDS ACT OF 1938

Notice is hereby given that Special Certificates authorizing the employment of learners at hourly wages lower than the minimum rate applicable under section 6 of the Act are issued under section 14 thereof and § 522.5 (b) of the Regulations issued thereunder (August 16, 1940, 5 F.R. 2862) to the employers listed below effective *December 22, 1941.*

The employment of learners under these Certificates is limited to the terms and conditions as designated opposite the employer's name. These Certificates are issued upon the employers' representations that experienced workers for the learner occupations are not available for employment and that they are actually in need of learners at subminimum rates in order to prevent curtailment of opportunities for employment. The Certificates may be cancelled in the manner provided for in the Regulations and as indicated on the Certificate. Any person aggrieved by the issuance of these Certificates may seek a review or reconsideration thereof.

IN THE MATTER OF THE APPLICATIONS FOR THE EXEMPTION OF THE DEHYDRATING OF CITRUS PULP AND WASTE FROM THE MAXIMUM HOURS PROVISIONS OF THE FAIR LABOR STANDARDS ACT OF 1938, AS AN INDUSTRY OF A SEASONAL NATURE

NOTICE OF FURTHER HEARING

Whereas, the Kudor Citrus Pulp Company and various other parties applied, pursuant to § 526.4 of the Regulations applicable to industries of a seasonal nature for exemption of the industry engaged in dehydrating citrus pulp and waste in California, Florida and Texas, from the maximum hours provision of the Fair Labor Standards Act of 1938 as an industry of a seasonal nature pursuant to section 7 (b) (3) of the Act, and

Whereas, in accordance with § 526.5 of the Regulations the Administrator determined that a prima facie case for the granting of an exemption had been shown, and notice of this preliminary determination was published in the FEDERAL REGISTER on March 29, 1941, and

Whereas, a public hearing on the applications was held in Los Angeles, California on June 5, 1941 before presiding officer Harold Stein, a duly authorized representative of the Administrator of the Wage and Hour Division of the Department of Labor, and

Whereas, the said presiding officer upon the basis of the record made at the hearing found on October 21, 1941 that the dehydrating of citrus pulp and waste, and the manufacture of cattle feed therefrom, is not an industry of a seasonal nature within the meaning of section 7 (b) (3) of the Act and Part 526 of the Regulations, and determined that the applications should be denied, and

Whereas, petitions have been filed by the applicants pursuant to § 526.7 of the said Regulations for review of the said denial, and

Whereas, upon due examination and consideration of the applications for exemption, the record of the proceedings, the exhibits, the findings of the presiding officer and the petitions for review, it has been found desirable to set a hearing pursuant to § 526.5 and 526.6 of the Regulations before an authorized representative of the Administrator for the purpose of taking additional evidence on the questions raised by the applications for exemption in lieu of reviewing the determination under the provisions of § 526.7 of the Regulations.

Now, therefore, notice is hereby given that public hearings will be held before James G. Johnson, assistant to and authorized representative of the Administrator of the Wage and Hour Division to take testimony for the purpose of determining:

Whether the dehydrating of citrus pulp and waste is an industry of a seasonal nature within the meaning of Section 7 (b) (3) of the Act and Part 526, as amended, of the Regulations issued thereunder, and if so, the appropriate limits of said industry.

The public hearings will be held at the following places and dates:

(1) Tampa, Florida, January 12, 1942 at 10 a. m. in the Federal Building.

(2) San Antonio, Texas, January 20, 1942 at 10 a. m. in the Federal Building.

(3) Los Angeles, California, January 26, 1942 at 10 a. m. in the Federal Building.

Particular attention will be paid to evidence relevant to the length of the season during which the industry operates in each locality. In order to avoid unnecessary duplication of testimony, a transcript of the record of the hearing held on June 5, 1941 and the exhibits introduced therein and relied on by the presiding officer will be incorporated into the record of these hearings. Copies of the transcript may be obtained at prescribed rates from the official reporter, the Electrical Reporting Company, 1904 K St. NW., Washington, D. C.

Any person interested in supporting or opposing the applications or in offering evidence may appear on his own behalf or on behalf of any other person, provided that he shall file with the Wage and Hour Division, Department of Labor, Washington, D. C. prior to January 5, 1942, a Notice of Intention to Appear which shall contain the following information:

(1) The name and address of the person appearing.

(2) If he is appearing in a representative capacity, the name and address of the person or persons whom he is representing.

(3) Whether he is appearing in support or in opposition to the applications for exemption.

(4) The approximate length of time which his presentation will consume.

"Person," as used in this notice, means individual partnership, firm, association, corporation, trust or labor organization.

Signed at Washington, D. C., this 10th day of December, 1941.

BAIRD SNYDER III,
Acting Administrator.

EXPRESS L. C. L. SPECIAL EMERGENCY TARIFFS, 1942

NOTICE OF HEARING

DECEMBER 19, 1941.

Railway Express Agency, Incorporated, (herein called the "applicant") has filed

with the Commission a "Special Emergency Charge Supplement" to numerous tariffs filed with the Interstate Commerce Commission and various State regulatory commissions, issued December 19, 1941, effective January 20, 1942, designated "ME–I. C. C.", upon statutory notice. By that supplement it is proposed to add to the title page of these various tariffs a rule reading as follows:

Except as otherwise provided, an emergency charge of ten cents per less-carload shipment of one or more packages or pieces shall be added to the charge computed at less carload rates published in tariffs supplemented hereby, or as amended.

The applicant has also filed with the Commission a "Statement in Support of 10-cent emergency charge on l. c. l. express shipments to meet increased labor costs", dated December 19, 1941. At the request of the Commission the applicant has already made a wide distribution of this statement. Additional copies may be obtained by application to H. S. Marx, Vice President and General Counsel of the applicant, 230 Park Avenue, New York, N. Y., or the statement may be examined at the office of the Commission.

A hearing will be held before Commissioner Aitchison, at Hotel Morrison, Chicago, Illinois, commencing at 10:00 o'clock a. m., January 9, 1942, for the purpose of developing facts which the Commission should know in determining whether the supplement shall be suspended for investigation, or shall become effective without suspension. At that time the applicant will be expected to produce witnesses who will testify as to the facts which it considers justify the proposed supplement, and such witnesses will be subject to cross-examination. At the same time the testimony of other persons who may desire to present facts for consideraion will be received.

Persons who do not appear and testify at the time and place stated, and who desire to submit requests for suspension of the supplement, may make their application to the Commission in the usual manner, in writing, on or before January 9, 1942. Because of the nature of the proceeding, it is requested that fifteen copies of the protests be supplied to the Commission instead of seven, as provided by Rule XIX of the Rules of Practice. A copy of any protest or application for suspension filed with the Commission should be sent simultaneously to H. S. Marx at the address above given.

For convenience in correspondence, etc., the short title and docket number appearing at the head of this notice may be used.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 70–364]

IN THE MATTER OF KENTUCKY UTILITIES COMPANY, KENTUCKY POWER & LIGHT COMPANY, THE MIDDLE WEST CORPORATION, AND UNITED PUBLIC SERVICE CORPORATION

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 19th day of December, A. D. 1941.

Kentucky Utilities Company, Kentucky Power & Light Company, The Middle West Corporation and United Public Service Corporation having filed applications and declaration concerning the following:

Kentucky Utilities Company, a public utility subsidiary of The Middle West Corporation, a registered holding company, proposes to purchase from United Public Service Corporation, a registered holding company subsidiary of The Middle West Corporation, a promissory note of Kentucky Power & Light Company, a public utility subsidiary of United Public Service Corporation, said note being payable to United Public Service Corporation in the principal amount of $1,200,000 due April 1, 1942. Kentucky Utilities Company also proposes to purchase from United Public Service Corporation 16,000 shares of common stock of the par value of $50 per share of Kentucky Power & Light Company held by United Public Service Corporation. Kentucky Utilities Company proposes to pay for such acquisitions the sum of $1,100,000, plus accrued interest on said note to the date of delivery and payment.

Upon consummation of such acquisitions Kentucky Utilities Company will hold all the outstanding securities of Kentucky Power & Light Company except its First Mortgage 5½% Gold Bonds, Series A and Series B, outstanding in the principal amount of $1,207,400, and Kentucky Utilities Company proposes to acquire all the property and assets of Kentucky Power & Light Company subject to the liabilities of such company, including said outstanding bonds, in exchange for the securities of Kentucky Power & Light Company to be held by Kentucky Utilities Company.

Kentucky Utilities Company proposes to sell to The Middle West Corporation 31,429 shares of its common stock without par value at their stated value of $35 per share, or $1,100,015 in the aggregate, the proceeds thereof to be used by Kentucky Utilities Company in consummating the acquisition of the securities of Kentucky Power & Light Company from United Public Service Corporation.

Kentucky Utilities Company proposes to sell at private sale $1,000,000 principal amount of its First Mortgage Bonds, Series of 1970, 4% due January 1, 1970, the proceeds of such sale to be used together with general funds of Kentucky Utilities Company to the extent necessary to effect the retirement of the outstanding bonds of Kentucky Power & Light Company by the payment at their maturity on April 1, 1942 of such bonds of Series A outstanding in the principal amount of $755,500 and the redemption on March 1, 1942 at 101¼ of such bonds of Series B outstanding in the principal amount of $451,900; and

United Public Service Corporation having filed a declaration, in the form of an amendment herein, pursuant to section 12 (e) of the Act and Rules U-61 and U-62 thereunder, regarding solicitation of authorizations of its stockholders in connection with the above described transactions; and

Said declaration containing copies of the proposed letter to stockholders, notice of special meeting of stockholders, proxy and proxy statement and a full statement of the manner in which the solicitation is proposed to be made; and

The applicant having requested that the declaration in respect of the proxy solicitation material be considered and disposed of independently of the principal transactions and that the Commission enter its separate order effective not later than December 18, 1941 permitting the within declaration as to all such proxy solicitation material to become effective; and

It appearing that the solicitation of authorizations of the stockholders of United Public Service Corporation as proposed to be conducted does not make it necessary or appropriate in the public interest or for the protection of investors or consumers or to prevent the circumvention of the provisions of the Act or the Rules and Regulations thereunder that the Commission issue any order with respect thereto other than an order permitting the declaration as to such solicitation to become effective;

It is therefore ordered, That, without passing upon the merits of the applications and declaration filed pursuant to other sections of the Act, the declaration as to solicitation of authorizations be and it is hereby permitted to become effective forthwith.

By the Commission.

IN THE MATTER OF SOUTHWESTERN GAS AND ELECTRIC COMPANY

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 20th day of December, A. D. 1941.

Notice is hereby given that a supplemental declaration and/or application has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above named party; and

Notice is further given that any interested person may, not later than December 30, 1941, at 4:30 P. M., E. S. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such supplemental declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested persons are referred to said supplemental declaration or application, which is on file in the office of said Commission, for a statement of the transactions therein proposed which are summarized below:

Southwestern Gas and Electric Company, a subsidiary of Central and South West Utilities Company, a registered holding company, proposes (a) to reduce the interest rate on $1,800,000 principal amount of outstanding 2⅞% unsecured notes to 2⅛%, effective on December 1, 1941, and (b) to provide for the payment of the unpaid principal amount of said notes in eight semi-annual installments of $225,000 each, May 1, 1942–November 1, 1945 (instead of four annual installments of $450,000 each).

Under date of March 29, 1939, the Commission permitted the original declaration herein to become effective with respect to the issue and sale by the company of $2,250,000 principal amount of the subject notes to the First National Bank of Chicago, Harris Trust and Savings Bank (Chicago, Illinois) and the American National Bank and Trust Company of Chicago. On November 1, 1941 $450,000 principal amount of said notes matured and were paid by the company.

IN THE MATTER OF NORTHERN STATES POWER COMPANY (MINNESOTA) AND MIDLAND PUBLIC SERVICE COMPANY

ORDER GRANTING APPLICATION, ETC.

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 19th day of December, A. D. 1941.

Northern States Power Company (Minnesota), a registered holding company, and its subsidiary company, Midland Public Service Company, having filed an application and declarations pursuant to the Public Utility Holding Company Act of 1935 regarding transactions therein proposed and which are summarized below:

Midland Public Service Company proposes to sell all of its properties of every kind and description to Northern States Power Company (Wisconsin), also a direct subsidiary company of Northern States Power Company (Minnesota), for a net consideration of $213,550.26 of which $202,969.16 will be paid in cash and the remainder by assumption of accounts payable, customers' deposits, accrued salaries, taxes, interest, and other items. As and when the disposition of the properties of Midland Public Service Company has been consummated, Northern States Power Company (Minnesota) proposes to surrender to Midland Public Service Company for cancellation all of the issued and outstanding capital stock of Midland Public Service Company and to cancel the open account indebtedness owing by Midland Public Service Company to Northern States Power Company (Minnesota) for all of the cash and other net assets, if any, of Midland Public Service Company, which, thereupon, will be dissolved forthwith in accordance with the laws of the State of Wisconsin;

Said application and declarations by Northern States Power Company (Minnesota) and Midland Public Service Company having been filed on November 21, 1941, and notice of said filings having been duly given in the form and manner prescribed by Rule U-23 under said Act, and the Commission not having received a request for a hearing with respect thereto within the period specified in said notice or otherwise, and not having ordered a hearing thereon;

The Commission deeming it appropriate in the public interest and in the interest of investors and consumers to grant said application of Midland Public Service Company pursuant to section 10 of the Act, and to permit to become effective said declarations of Northern States Power Company (Minnesota) and Midland Public Service Company pursuant to sections 12 (c) and 12 (d) of said Act, and finding with respect to said application of Midland Public Service Company pursuant to section 10 that no adverse findings are necessary under section 10 (d) and section 10 (c) (1) of said Act and that the transaction involved has the tendency required by section 10 (c) (2) of said Act, and finding with respect to the declarations of Northern States Power Company (Minnesota) and Midland Public Service Company pursuant to sections 12 (c) and 12 (d) of said Act that no adverse findings are necessary under said sections;

It is hereby ordered pursuant to said Rule U-23 and the applicable provisions of said Act and the rules thereunder, and subject to the terms and conditions prescribed in Rule U-24, that the aforesaid application be and the same hereby is granted, and that the aforesaid declarations be and the same hereby are permitted to become effective, forthwith.

It is further ordered that jurisdiction be and the same hereby is reserved over the accounting treatment in connection with the transactions proposed in the aforesaid declarations.

By the Commission, Commissioner Healy dissenting for the reasons set forth in his memorandum of April 1, 1940.

[File No. 54-32]

IN THE MATTER OF NORTH SHORE GAS COMPANY, NORTH SHORE COKE & CHEMICAL COMPANY, AND NORTH CONTINENT UTILITIES CORPORATION

SUPPLEMENTAL FINDINGS AND OPINION AND ORDER OF THE COMMISSION

In our Findings and Opinion herein[1] we approved with certain conditions the plan of reorganization which is the subject of this proceeding, but reserved jurisdiction with respect to the exemption of the proposed new debt securities of the North Shore Gas Company under Section 6 (b) of the Public Utility Holding Company Act of 1935, and the imposition of conditions with respect to them and their issuance and sale until such time as the terms and provisions of the securities and indentures and of the sale were submitted to us in definitive form. Amendments setting forth the definite terms and provisions of the new debt securities[2] and the indentures have since been made, additional evidence has been received, and a further hearing has been held. The necessary consents of the preferred stockholders of the Gas Company and of the common and preferred stockholders of the North Shore Coke & Chemical Company to the plan have been obtained. A few changes have been made in the terms and provisions of the securities and indentures, as originally contemplated in the plan, which provided that the provisions set forth therein with regard to the securities and indentures were tentative and might be changed within certain limits. None of these changes appears to call for extended comment. We see no reason to attach any condition with respect to the indenture securing the bonds and the trust agreement securing the Serial Notes.[3]

It is proposed to issue and sell $3,700,000 principal amount of First Mortgage Series A 4¼% bonds, due December 1, 1961, which shall be redeemable at par and accrued interest plus a premium graduated downward ½% bi-annually, the initial premium to be 5%. It is further proposed to issue and sell Serial Notes in the aggregate principal amount of $700,000, to mature $50,000 semi-annually beginning June 1, 1942 and to bear rates of interest ranging from 2¼% to 3¾%. The bonds are being sold to a group of underwriters headed by Central Republic Company at 98¼ and accrued interest and the initial public offering price will be 101 and accrued interest. The notes are being sold to the same underwriters at 99⅜ and are to be reoffered to the public at an average price of 100.621, to yield 1.00% on the shortest maturity and 3.95% on the longest maturity.[4]

The applicant has estimated that its total fees and expenses (other than the commission to be paid to underwriters) in connection with the refunding will be $30,000. Since we do not have complete information with regard to the expenditures, we shall reserve jurisdiction over their payment.

The proposed new securities have now been expressly approved by the Illinois Commerce Commission; accordingly, as stated in our Findings and Opinion, they qualify for exemption under Section 6 (b) of the Act, and we so find.

It is therefore ordered, That the application, as amended, for an exemption of the proposed new debt securities under Section 6 (b) of the Public Utility Holding Company Act of 1935, is granted, subject, however, to the following conditions and reservations:

1. The conditions prescribed by Rule U-24.

2. No fees or expenses incurred or to be incurred in connection with the refunding and any transactions incident thereto (other than the commission to be paid to underwriters) may be paid until thirty (30) days after the North Shore Gas Company files a notification with this Commission as to the proposed amount of such fees and expenses, with a detailed statement as to the services and expenses for which any such amounts are to be paid. Similar statements shall be filed as to all such fees and expenses as have already been paid. Jurisdiction is reserved as to all such fees and expenses, and further hearings thereon may be required prior to approval of payment if such action is deemed by this Commission necessary or appropriate in the public interest or for the protection of investors or consumers;

3. Jurisdiction is reserved to entertain such further proceedings, to make other findings and to take such other action as may be appropriate in the premises in connection with the plan or the various steps required to execute the plan.

DAY OF PRAYER

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

The year 1941 has brought upon our nation a war of aggression by powers dominated by arrogant rulers whose selfish purpose is to destroy free institutions. They would thereby take from the freedom-loving peoples of the earth the hard-won liberties gained over many centuries.

The new year of 1942 calls for the courage and the resolution of old and young to help to win a world struggle in order that we may preserve all we hold dear.

We are confident in our devotion to country, in our love of freedom, in our inheritance of courage. But our strength, as the strength of all men everywhere, is of greater avail as God upholds us.

THEREFORE, I, FRANKLIN D. ROOSEVELT, President of the United States of America, do hereby appoint the first day of the year 1942 as a day of prayer, of asking forgiveness for our shortcomings of the past, of consecration to the tasks of the present, of asking God's help in days to come.

We need His guidance that this people may be humble in spirit but strong in the conviction of the right; steadfast to endure sacrifices and brave to achieve a victory of liberty and peace.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the City of Washington this twenty-second day of December in the year of our Lord nineteen hundred and forty-one, and of the Independence of the United States of America the one hundred and sixty-sixth.

CORDELL HULL,
Secretary of State.

EXECUTIVE ORDER

ESTABLISHING HONOLULU DEFENSIVE SEA AREA

By virtue of the authority vested in me by section 44 of the Criminal Code as amended (U.S.C. Title 18, Sec. 96), the following-described area is hereby established and reserved, for purposes of national defense, as a naval defensive sea area, to be known as "Honolulu Defensive Sea Area":

All United States territorial waters of Honolulu Harbor, Oahu, Territory of Hawaii, its approaches and tributaries from the contour line of extreme high water as shown on the latest U.S.C. and G.S. charts to:

A line running south true from the shore at Koko Head, Oahu, along the meridian of Longitude 157°42' West, to the seaward limit of United States territorial waters;

A line running south true from Ahua Point Lighthouse to the seaward limit of United States territorial waters; and,

A line running along the seaward limit of United States territorial waters between the above-described bearing lines.

A vessel not proceeding under United States Naval or other United States authorized supervision shall not enter or navigate the waters of the Honolulu Defensive Sea Area except during daylight, when good visibility conditions prevail, and then only after specific permission has been obtained. Advance arrangements for entry into or navigation through or within the Honolulu Defensive Sea Area must be made, preferably

at a United States Naval District Headquarters in advance of sailing, or by radio or visual communication on approaching the seaward limit of the area. If radio telegraph is used, the call "NQO" shall be made on a frequency of 500 kcs, and permission to enter the port shall be requested. The name of the vessel, purpose of entry, and name of the master must be given in the request. If visual communications are used, the procedure shall be essentially the same.

A vessel entering or navigating the waters of the Honolulu Defensive Sea Area does so at its own risk.

Even though permission has been obtained, it is incumbent upon a vessel entering the Honolulu Defensive Sea Area to obey any further instructions received from the United States Navy, or other United States authority.

A vessel may expect supervision of its movements within the Honolulu Defensive Sea Area, either through surface craft or aircraft. Such controlling surface craft or aircraft will be identified by a prominent display of the Union Jack. The loading or unloading by vessels of oil fuel or other inflammable or explosive materials shall be under the control of the local Naval authority, who shall require such loading or unloading to be accomplished in such manner and at such times as will safeguard the other activities within the Honolulu Defensive Sea Area essential to the national defense.

These regulations are subject to amplification by the local United States Naval authority as necessary to meet local circumstances and conditions.

When a United States Maritime Control Area is established adjacent to or abutting upon the above-established defensive sea area, it shall be assumed that permission to enter, and other instructions issued by proper authority, shall apply to any one continuous passage through or within both areas.

Any master of a vessel or other person within the Honolulu Defensive Sea Area who disregards these regulations, or fails to obey an order of United States Naval authority to stop or heave to, or performs any act threatening the efficiency of mines or other defenses or the safety of navigation, or takes any action inimical to the interests of the United States, may be detained therein by force of arms and shall be liable to attack by United States armed forces, and liable to prosecution as provided for in section 44 of the Criminal Code as amended (U.S.C., title 18, sec. 96).

All United States Government authorities shall place at the disposal of the Naval authorities their facilities for aiding in the enforcement of these regulations. The Governor of the Territory of Hawaii, the local municipal authorities, and the local civilian defense agencies are called upon to render the local Naval authorities all possible assistance in the enforcement of these regulations.

This order shall not be construed as modifying in any way the proclamation of the Governor of the Territory of Hawaii placing the Territory of Hawaii under martial law.

The Secretary of the Navy is charged with the publication and enforcement of these regulations.

CHAPTER I—FEDERAL TRADE COMMISSION

[Docket No. 3820]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

IN THE MATTER OF A. S. ALOE COMPANY

§ 3.45 (c) *Discriminating in price—Direct discrimination—Charges and prices.* In connection with the purchase of surgical products in interstate commerce and in the District of Columbia, (1) receiving from fifteen concerns, as specified in order, sellers of such products, the benefits of the discriminatory prices set out in the tabulation contained in Paragraph Four of the findings of facts [i. e., as there set forth, prices paid by it to such various sellers, varying from approximately 10 per cent to about 40 per cent less for such products than certain of its competitors pay sellers in question, depending upon the surgical product and the seller, or either of them], and receiving from such sellers of surgical products, under like circumstances and conditions, the benefits of discriminations in price of a substantially similar degree, to the extent that any such discrimination shall exceed due allowance for the differences in the cost of manufacture, sale or delivery resulting from the differing methods or quantities in which such products are sold and delivered; (2) continuing or resuming the practice of inducing and receiving discriminations in prices shown in the tabulation contained in Paragraph Four of the Commission's findings as to the facts and conclusions; and (3) knowingly inducing or receiving discriminations in price prohibited by subsection 2 (a) of the Clayton Act as amended from any seller of surgical products in any manner whatsoever; prohibited. (Sec. 2 (f), 49 Stat. 1527; 15 U.S.C., Sup. IV, sec. 13f) [Cease and desist order, A. S. Aloe Company, Docket 3820, December 15, 1941]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 15th day of December, A. D. 1941.

This proceeding having been heard[1] by the Federal Trade Commission upon the complaint of the Commission, the answer of respondent, testimony and other evidence in support of the allegations of the complaint introduced before John P. Bramhall, a duly appointed trial examiner of the Commission designated by it to serve in this proceeding, and a stipulation entered into between the respondent and its attorney with W. T. Kelley, Chief Counsel of the Commission, which was approved by the Commission and entered of record, in which stipulation the respondent waived further hearings, the filing of trial examiner's report, briefs, oral argument and all intervening procedure: And the Commission having made its findings as to the facts and its conclusion that the respondent has violated the provisions of an Act of Congress entitled "An Act to supplement existing laws against unlawful restraints and monopolies, and for other purposes", approved October 15, 1914 (the Clayton Act), as amended by the Robinson-Patman Act, approved June 19, 1936 (U.S.C. Title 15, Section 13).

It is ordered, That the respondent, A. S. Aloe Company, a corporation, its officers, directors, representatives, agents and employees, directly or indirectly, in connection with the purchase of surgical products in interstate commerce and in the District of Columbia, do forthwith cease and desist:

(1) From receiving from the American Cystoscope Makers, Inc., the W. A. Baum Company, Bausch & Lomb Optical Company, Empire State Thermometer Company, Rieker Instrument Company, Spencer Lens Company, The Vollrath Company, Welch Allyn Company, Wilmot Castle Company, H. Carstens Manufacturing Company, F. Dittmar and Company, Penn Surgical Manufacturing Company, J. Sklar Manufacturing Company, Star Surgical Instrument Company and Western Instrument Manufacturing Company, the benefits of the discriminatory prices set out in the tabulation contained in Paragraph Four of the findings of facts and from receiving from such sellers of surgical products, under like circumstances and conditions, the benefits of discriminations in price of a substantially similar degree, to the extent that any such discrimination shall exceed due allowance for the differences in the cost of manufacture, sale or delivery resulting from the differing methods or quantities in which such products are sold and delivered.

(2) From continuing or resuming the practice of inducing and receiving discriminations in prices shown in the tabulation contained in Paragraph Four of the Commission's findings as to the facts and conclusion;

(3) From knowingly inducing or receiving discriminations in price prohibited by subsection 2 (a) of the Clayton Act as amended from any seller of surgical products in any manner whatsoever.

It is further ordered, That the respondent shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which it has complied with this order.

By the Commission.

In the Matter of Melvin V. Eisenberg, Irwin Goldberg, Harry Krohner and Seymour Eisenberg, Individuals Trading as Bentley Company, Mail Order Division

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 16th day of December, A. D 1941.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission and a stipulation as to the facts entered into between the respondents herein and Richard P. Whiteley, Assistant Chief Counsel for the Commission, which provides among other things, that without further evidence or other intervening procedure, the Commission may issue and serve upon the respondents herein findings as to the facts and conclusion based thereon and an order disposing of the proceeding, and the Commission having made its findings as to the facts and conclusion that said respondents have violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondents, Melvin V. Eisenberg, Irwin Goldberg, Harry Krohner and Seymour Eisenberg, individuals trading as Bentley Company, Mail Order Division, or trading under any other name or names, their representatives, agents, servants and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution of their medicinal preparation designated as "Fat-O-No", or any preparation of substantially similar composition or possessing substantially similar properties, whether sold under the same name or under any other name, do forthwith cease and desist from directly or indirectly:

1. Disseminating or causing to be disseminated any advertisement by means

of the United States mails or by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, which advertisement represents, directly or by implication, that said preparation is a safe, simple, easy or effective treatment for obesity or for the reduction of excess fat; that said preparation constitutes a competent fat-reducing remedy; that the purity and safety of said preparation are guaranteed by an insurance company; or that many physicians have recommended said preparation;

2. Disseminating or causing to be disseminated any advertisement by means of the United States mails or by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, which advertisement fails to reveal that the use of said preparation may result in edema of the lungs, may cause nervousness and irritability because of acceleration of the metabolic processes of the body, and may increase the body temperature and the heart action to a dangerous extent;

3. Disseminating or causing to be disseminated any advertisement by means of the United States mails or by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, which advertisement fails to reveal that said preparation should not be used in cases of nausea, vomiting, abdominal pains, or other symptoms of appendicitis: *Provided, however*, That such advertisement need contain only the statement, "Caution, use only as directed", if and when the directions for use, wherever they appear on the label, in the labeling, or in both label and labeling, contain a warning to the above effect;

4. Disseminating or causing to be disseminated any advertisement by any means for the purpose of inducing or which is likely to induce, directly or indirectly, the purchase in commerce, as "commerce" is defined in the Federal Trade Commission Act, of said preparation, which advertisement contains any of the representations prohibited in paragraph 1 hereof or which fails to comply with the requirements set forth in paragraphs 2 and 3 hereof.

It is further ordered, That the respondents shall, within ten (10) days after service upon them of this order, file with the Commission an interim report in writing stating whether they intend to comply with this order, and, if so, the manner and form in which they intend to comply; and that within sixty (60) days after the service upon them of this order, said respondents shall file with the Commission a report in writing, setting forth in detail the manner and form in which they have complied with this order.

Die Cutting Company hereinafter referred to as respondent die cutters, and their officers, representatives, agents and employees, and each of them, directly or indirectly, or through any corporate or other device in connection with the sale, offering for sale, or distribution of "bogus" paper in commerce as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from entering into or carrying out any understanding, agreement, combination or conspiracy, or any equivalent cooperation, concert or common course of action to hinder, lessen, restrict or restrain competition and trade in the sale or distribution of "bogus" paper, either in its original or converted form, in commerce between and among the several states of the United States, or to monopolize in themselves the business or any part of such business in said commerce, and to that end,

It is further ordered, That respondent die cutters, directly or indirectly, or through any corporate or other device in connection with the sale, offering for sale, or distribution of "bogus" paper in said commerce, do forthwith cease and desist from performing any of the following acts or practices pursuant to understanding or agreement, or any equivalent cooperation, concert or common course of action:

1. Fixing and establishing prices, terms, discounts and charges for said "bogus" paper, or attending meetings for such purpose.

2. Allocating through respondent Association, or any other similar agency, new and prospective customers for "bogus" paper among the members of said respondent Association.

3. Refusing to solicit the sale of or to sell "bogus" paper to customers of other members of said respondent Association.

4. Restricting their purchase of "bogus" paper to the respondent manufacturer and distributors, or any other manufacturer or distributor.

5. Furnishing said respondent Association, or its officers or representatives, with lists of their respective customers or the names of their customers delinquent in their accounts.

6. Refusing to sell any delinquent customer of other members of said respondent Association.

7. Utilizing respondent Association, or any similar agency, or its officers or representatives, as a means or instrumentality in aid of or in carrying on any of the acts or practices forbidden by this order, and

It is further ordered, That respondent Association and Sidney Haberman, either individually or as an officer or representative of said Association, or any other agent or representative of said Association, directly or indirectly, or through any corporate or other device, pursuant to said understanding or agreement, or any equivalent cooperation, concert or common course of action, do forthwith cease and desist from:

1. Holding meetings of respondent die cutters to fix and establish prices, terms, discounts and charges for their products.

2. Circulating and distributing prices, terms, discounts and charges for "bogus" paper fixed and established by respondent die cutters.

3. Circulating and distributing lists of customers and prospective customers of respondent die cutters and the names of customers of respondent die cutters who are delinquent in their accounts.

4. Prescribing and assessing penalties for violation of said understanding or agreement by the respondent die cutters.

5. Otherwise cooperating with the said respondent die cutters in the carrying out and enforcement of said understanding or agreement, and

It is further ordered, That respondent manufacturer and respondent distributors and their officers, representatives, agents and employees, directly or indirectly, or through any corporate or other device, in connection with the sale, offering for sale, or distribution of "bogus" paper in said commerce, pursuant to said understanding or agreement, or any equivalent cooperation, concert or common course of action, do forthwith cease and desist from:

1. Refusing to sell "bogus" paper to any die cutter not a member of respondent Association on the same terms and conditions as they sell to members of said Association.

2. Otherwise cooperating with the respondent die cutters and respondent Association in the carrying out and enforcement of said understanding or agreement.

It is further ordered, That the respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which they have complied with this order.

By the Commission.

310.0 Scope of regulations.
310.1 Official agencies.
310.2 Exchanges at official agencies.
310.3 Special arrangements for banks and trust companies.
310.4 Authority of Federal Reserve Banks.
310.5 Reservations.

DECEMBER 15, 1941.

§ 310.0 *Scope of regulations.* The provisions of this circular are hereby prescribed as the regulations to govern the exchange of full-paid interim certificates, issued pursuant to Treasury Department Circulars No. 368, Revised, dated October 15, 1941 (6 F.R. 5289), No. 670, dated October 9, 1941 (6 F.R. 5150), and No. 672, dated December 4, 1941 (6 F.R. 6257), for definitive 2½ percent Treasury Bonds of 1967–72, dated October 20, 1941, in bearer form with coupons covering interest to maturity attached (which may hereinafter be referred to as definitive coupon bonds, definitive bonds, or definitives.*

*§§ 310.0 to 310.5 inclusive, issued under the authority contained in 40 Stat. 288, 46 Stat. 775, 52 Stat. 447.

§ 310.1 *Official agencies.* The official agencies for the exchange hereunder of interim certificates for definitive coupon bonds are the Federal Reserve Banks and their Branches, and the Treasury Department, Division of Loans and Currency, Washington, D. C.*

§ 310.2 *Exchanges at official agencies.* Exchanges may be affected beginning January 19, 1942. Interim certificates to be exchanged must be presented and surrendered to an official agency, at the risk and expense of the holders, and, unless delivered in person, should be forwarded by registered mail or prepaid express. Each delivery of interim certificates must be accompanied by appropriate written advice[4] transmitting the certificates and giving instructions for the delivery of the definitives issued in exchange (see appropriate form appended to this circular). Exchanges will be made on a like par amount basis, and unless other instructions are given in the advice, definitives of the highest possible denominations will be delivered. No charge for the exchange will be made by the United States, and deliveries of definitives will be made within the United States, its territories and possessions at the expense and risk of the United States. No deliveries elsewhere will be made, nor will delivery of definitives be made other than to the party presenting the interim certificates. *Important:* See the next following section for special arrangements for presentation of interim certificates to Federal Reserve Banks by banks and trust companies.*

§ 310.3 *Special arrangements for banks and trust companies.* It is expected that incorporated banks and trust companies within the United States, generally will offer their services to their customers in effecting exchanges of interim certificates for definitive bonds without expense to the holders, and, accordingly, any holders of interim certificates who avail themselves of any such offer should, of course, present and surrender their interim certificates through such institutions. Any such bank or trust company may arrange with the Federal Reserve Bank of its district for the transportation of interim certificates to the Federal Reserve Bank by registered mail at the expense and risk of the United States. Full information concerning such arrangements will be furnished by Federal Reserve Banks to incorporated banks and trust companies upon application. The interim certificates forwarded by incorporated banks and trust companies to the Federal Reserve Banks for exchange pursuant to such arrangements must be clearly stamped on the face, in indelible ink, with a legend reading as follows:

Presented for exchange for definitive coupon bonds by ----------
(Name of bank or trust company)

All such interim certificates so stamped shall thenceforth be deemed non-negotiable and will be accepted by the Federal Reserve Bank only when presented for exchange by or for account of the bank or trust company named thereon. Such arrangements may not be made with the Treasury Department, nor may they be made by individuals or institutions except as herein provided. Deliveries of definitive bonds issued upon such exchanges will be made to the incorporated bank or trust company presenting the interim certificates for exchange, and will be made at the expense and risk of the United States. Incorporated banks and trust companies, in effecting exchanges pursuant to this paragraph, act as agents of the holders of the interim certificates and not as agents of the United States, and the United States will not be responsible for the receipt or custody of the interim certificates or for the custody or delivery of the definitive bonds by the banks or trust companies. The provisions of this section may be extended to private banks doing a recognized banking business and approved by the Federal Reserve Bank of the district in which located.*

§ 310.4 *Authority of Federal Reserve Banks.* Federal Reserve Banks, as fiscal agents of the United States, and their branches are authorized to perform all necessary acts within the purview of this circular, and to carry out such instructions in connection therewith as may, from time to time, be given by the Secretary of the Treasury.*

§ 310.5 *Reservations.* The Secretary of the Treasury reserves the right at any time or from time to time to amend, supplement, or withdraw any or all of the provisions of this circular.*

TITLE 32—NATIONAL DEFENSE

CHAPTER IX—OFFICE OF PRODUCTION MANAGEMENT

SUBCHAPTER B—PRIORITIES DIVISION

PART 944—PRIORITIES DIVISION REGULATIONS

Amendment of Priorities Regulation No. 1

Effective at once, Priorities Regulation No. 1,[1] §§ 944.1 to 944.21 inclusive, is hereby amended to read as follows:

This Regulation is issued to promote the defense of the United States and facilitate the operation of the Priorities System.

§ 944.1 *Definitions.* (a) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(b) "Defense Order" means:

(1) Any contract or purchase order for material or equipment to be delivered to, or for the account of:

(i) The Army or Navy of the United States, the United States Maritime Commission, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Committee for Aeronautics, the Office of Scientific Research and Development;

(ii) The government of any of the following countries: The United Kingdom, Canada and other Dominions, Crown Colonies and Protectorates of the British Empire, Belgium, China, Greece, The Kingdom of the Netherlands, Norway, Poland, Russia and Yugoslavia.

(2) Any contract or purchase order placed by any agency of the United States Government for material or equipment to be delivered to, or for the account of, the Government of any country listed above, or any other country, including those in the Western Hemisphere, pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act).

(3) Any other contract or purchase order to which the Director of Priorities assigns a preference rating of A–10 or higher.

(4) Any contract or purchase order for material or equipment required by the Person placing the same to fill his contracts or purchase orders on hand, provided such material or equipment is to be physically incorporated in material or equipment to be delivered under contracts or purchase orders included under (1), (2) or (3) above.

(c) "Material" means any commodity, equipment, accessory, part, assembly or product of any kind.*

*§§ 944.1 to 944.21, inclusive, issued pursuant to the authority contained in O.P.M. Regulation 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session.

§ 944.1a *Certain defense orders rated A–10.* Every Defense Order (as defined in this Regulation) for any Material which has not been specifically assigned a higher preference rating, is hereby assigned a rating of A–10.*

§ 944.2 *Compulsory acceptance of defense and other rated orders.* Defense Orders for any Material and all other purchase orders bearing preference ratings, including both A and B ratings (hereinafter called "other rated orders") must be accepted and filled in preference to any other contracts or purchase orders for such Material, subject to the following provisions:

(a) Such orders must be accepted even if acceptance will render impossible, or result in deferment of, (1) deliveries under previously accepted orders bearing no preference rating, or

(2) deliveries under previously accepted orders bearing lower preference ratings, unless rejection is specifically permitted by the Director of Priorities or is permitted under the terms of § 944.2 (b) (2);

(b) Any such order need not be accepted (1) if delivery on schedule thereunder would be impossible by reason of the requirements of previously accepted orders bearing higher or equal preference ratings, unless acceptance is specifically directed by the Director of Priorities;

(2) if delivery on schedule thereunder can be made only by use of Material which is already completed when such order is received or which is scheduled to be completed within fifteen days thereafter, and which was specifically produced for delivery under Defense Orders previously accepted bearing lower preference ratings, unless the preferred order bears a rating of AA or acceptance thereof is specifically directed by the Director of Priorities;

(3) if the Person seeking to place such order is unwilling or unable to meet regularly established prices and terms of sale or payment, but there shall be no discrimination against such orders in establishing such prices or terms;

(4) if the Material ordered is not of the kind usually produced or capable of being produced by the Person to whom such order is offered;

(5) if such order specifies deliveries within fifteen days, and if compliance with such delivery dates would require the termination before completion of a specific production schedule already commenced.*

§ 944.3 *Rejected orders.* When a Defense Order or any other rated order for any Material has been rejected in violation of this Regulation, the Person seeking to place such order may file with the Office of Production Management a report setting forth the facts in connection with the rejection. When the facts set forth justify such action, the Director of Priorities will thereupon direct the Person against whom complaint is made to submit a statement setting forth the circumstances concerning the rejection. Thereafter, such action will be taken by the Director of Priorities as he deems appropriate.*

§ 944.4 *Assignment of preference ratings.* Preference ratings may be assigned to contracts, purchase orders or deliveries by means of Preference Rating Certificates issued by authority of the Director of Priorities, or by rules, regulations or Orders issued by the Director of Priorities assigning ratings to particular deliveries or to specified classes of deliveries. Such ratings may be assigned to deliveries under accepted contracts or purchase orders, and also to purchase orders which have not been placed or accepted at the time the rating is applied for. The Director of Priorities may also issue specific Orders as to particular deliveries, without assigning ratings thereto.*

§ 944.4a *Duration of preference rating orders.* In the case of any Order of the Director of Priorities which authorizes a Person to apply a preference rating to deliveries of Material, such rating may, in the absence of a contrary provision in the particular Order, be applied to deliveries to be made after the date of expiration of the Order, provided such application is made during the life of the Order, and provided the purchase order calling for such delivery is not placed further in advance of the delivery date than has been the usual business practice. In the event of revocation or upon expiration of any Order of the Director of Priorities pursuant to which a preference rating has been applied to deliveries of Material, deliveries already rated pursuant to such Order shall be completed in accordance with said rating, unless the rating has been specifically revoked by the Director of Priorities as to such delivery. No applications of a rating to any delivery shall be made by any Person pursuant to any Order of the Director of Priorities, after the revocation or expiration of such Order.*

§ 944.5 *Sequence of preference ratings.* Preference Ratings, in order of precedence, are: AA, A–1–a, A–1–b, etc., * * * A–1–j; A–2, A–3, etc., * * * A–10; BB, B–1, B–2, etc., * * * B–8, AA being the highest rating presently assigned.*

§ 944.6 *Doubtful cases.* Whenever there is doubt as to the preference rating applicable to any delivery, or as to whether a particular order is a Defense Order, the matter is to be referred to the Office of Production Management for determination, with a statement of all pertinent facts.*

§ 944.7 *Sequence of deliveries.* (a) Every delivery under a Defense Order or other rated order shall be made in preference to deliveries under all other contracts or purchase orders whenever, and to the extent, necessary to meet the delivery schedule provided in the preference rating certificate covering such delivery, or in the contract or purchase order if no certificate has been issued. Deliveries bearing no preference rating or lower preference ratings shall be deferred to the extent necessary to assure those deliveries bearing higher preference ratings, even though such deferment may cause defaults under other contracts or purchase orders. Each Person who has Defense Orders or other rated orders on hand must so schedule his production and deliveries that deliveries thereunder will be made on the dates required, giving precedence, in case of unavoidable delay, to deliveries bearing the higher preference ratings.

(b) The sequence of deliveries bearing the same preference rating shall be determined by the delivery dates specified in their respective preference rating certificates, or if the ratings were assigned by rule, regulation or Order of the Director of Priorities, but no certificates were issued, then by the dates specified in the contracts or purchase orders. In any case where both preference ratings and delivery dates are the same, and it is impossible to make all deliveries on schedule, the sequence of deliveries shall be determined by the respective dates on which the preference ratings are applied to the deliveries.

(c) Notwithstanding the foregoing provisions, Material specifically produced for a Defense Order may not be diverted and delivered under a higher rated order subsequently accepted if such Material is completed at the time of the accept-

ance of the higher rated order or is scheduled for completion within fifteen days thereafter, unless such diversion is specifically directed by the Director of Priorities, or unless the subsequently accepted order bears a rating of AA.*

§ 944.8 *Delivery schedules.* No earlier delivery date shall be specified in any Defense Order or other rated order than required by the production or delivery schedules of the Person placing such order, and each such order must bear a specific delivery date or dates. No preference rating will be assigned to any contract or purchase order specifying delivery dates earlier than required by the production or delivery schedules of the Person placing the contract or purchase order.*

§ 944.9 *Deferred deliveries.* When deliveries under Defense Orders or other rated orders have been unreasonably or improperly deferred, the Person entitled to delivery may file with the Office of Production Management a report setting forth the facts in connection with the deferment. When the facts set forth justify such action, the Director of Priorities will thereupon direct the Person against whom complaint is made to submit a statement, setting forth the circumstances concerning the deferment of deliveries. Thereafter, such action will be taken by the Director of Priorities as he deems appropriate.*

§ 944.10 *Allocations and limitations.* When specific allocations of a Material are made by the Director of Priorities, such allocations may, in the discretion of the Director, be made without regard to any preference ratings which have been assigned to deliveries under particular contracts or purchase orders. Allocation orders issued by the Director of Priorities shall take precedence over any preference ratings assigned to deliveries under particular contracts or purchase orders. In the case of any rule, regulation or Order limiting the amount of deliveries, sales, production, manufacture, processing, use or other transactions in any Material, transactions involved in the performance of defense or other rated orders shall be included in calculating the amount permitted by such limitation unless otherwise expressly provided. In case limitations imposed by two or more rules, regulations or Orders are applicable to the same subject matter, the most restrictive shall apply, unless otherwise expressly provided.*

§ 944.11 *Use of material obtained under allocation or preference rating.* Any Person who obtains a delivery of any Material under an Order of the Director of Priorities, or a delivery of Material bearing a preference rating, must use such Material, or an equivalent amount thereof, for the purpose specified in connection with the issuance of the Order or rating.*

§ 944.12 *Intra-company deliveries.* When any rule, regulation or Order of the Director of Priorities prohibits or restricts deliveries of any Material by any Person, such prohibition or restriction shall, in the absence of a contrary direction, apply not only to deliveries to other Persons, including affiliates and subsidiaries, but also to deliveries from one branch, division or section of a single enterprise to another branch, division or section of the same or any other enterprise under common ownership or control.*

§ 944.13 *Effect of rule, regulation or order.* When any rule, regulation or Order of the Director of Priorities prohibits or restricts deliveries or use of any Material, such prohibition or restriction shall, in the absence of a contrary direction, apply to all deliveries and use made after the effective date of the rule, regulation or Order, including deliveries under contracts or purchase orders accepted either prior to or subsequent to such effective date. No Person shall be held liable for damages or penalties for any default under any contract or purchase order which shall result directly or indirectly from his compliance with any rule, regulation or Order of the Director of Priorities.*

§ 944.14 *Inventory restriction.* Unless specifically authorized by the Director of Priorities, no Person shall knowingly make delivery of any Material whatever, and no Person shall accept delivery thereof if the inventory of such Material of the Person accepting delivery, in the same or other forms, is, or will by virtue of such acceptance become, in excess of the practicable minimum working inventory reasonably necessary to meet deliveries of the products of the Person accepting delivery, on the basis of his current method and rate of operation. Unless specifically authorized by the Director of Priorities, no Person shall process, fabricate, alloy or otherwise alter the shape or form of any Material if his inventory of such Material in its processed, fabricated, alloyed or otherwise altered shape or form is, or will by virtue of such operation become, in excess of a practicable minimum working inventory thereof. The term "practicable minimum working inventory" is to be strictly construed. The mere fact that the rate of turnover has increased or that materials are difficult to obtain does not justify maintaining inventories above the minimum with which operations can be continued. In the calculation of the practicable minimum working inventory of any Person who imports Material, either directly or through an agent, deliveries of such imported Material to such Person may be excluded.*

§ 944.15 *Records.* Each Person participating in any transaction to which any rule, regulation or Order of the Director of Priorities applies shall keep and preserve for a period of not less than two years accurate and complete records of his inventories of the Material or Materials to which such rule, regulation or Order relates and of the details of all transactions in such Materials. Such records shall include the dates of all contracts or purchase orders accepted, the delivery dates specified in such contracts or purchase orders, and in any preference rating certificates accompanying them, the dates of actual deliveries thereunder, description of the Material covered by such contracts or purchase orders, description of deliveries by classes, types, quantities, weights and values, the parties involved in each transaction, the preference ratings, if any, assigned to deliveries under such contracts or purchase orders, details of Defense Orders and all other rated orders either accepted or offered and rejected, and other pertinent information.*

§ 944.16 *Audit and inspection.* All records required to be kept by this Regulation or by any rule, regulation or Order of the Director of Priorities shall, upon request, be submitted to audit and inspection by duly authorized representatives of the Office of Production Management.*

§ 944.17 *Reports.* Each Person participating in any transaction to which any rule, regulation or Order of the Director of Priorities applies shall execute and file with the Office of Production Management such reports and questionnaires as said Office shall from time to time request.*

§ 944.18 *Violations and penalties.* Any Person who violates any provision of this Regulation or any other rule, regulation or Order of the Office of Production Management, or who, by any statement or omission, wilfully falsifies any records which he is required to keep, or who otherwise wilfully furnishes false or misleading information to the Director of Priorities or to the Office of Production Management, and any Person who obtains a delivery, an allocation of Material or a preference rating by means of a material and wilful, false or misleading statement, may be prohibited by the Director of Priorities from making or obtaining further deliveries of Material under priority control and may be deprived of further priorities assistance. The Director of Priorities may also take any other action deemed appropriate, including the making of a recommendation for prosecution under section 35 (A) of the Criminal Code (18 U.S.C. 80).*

§ 944.19 *Relief in exceptional cases.* Any Person subject to any requirement of any rule, regulation or Order of the Director of Priorities who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, may appeal to the Office of Production Management, setting forth the pertinent facts and the reasons such Person considers that he is entitled to relief. The Office of Production Management may thereupon take such action as it deems appropriate.*

§ 944.20 *Notification of customers.* Any Person who is prohibited from or restricted in, making deliveries of any Material by the provisions of any rule, regulation or Order of the Director of Priorities shall, as soon as practicable, notify each of his regular customers of the requirements of such rule, regulation or Order, but the failure to give such notice shall not excuse any customer from the obligation of complying with any requirements of such rule, regulation or Order applicable to such customer.*

§ 944.21 *Effect and scope of regulation; ratification of prior acts.* This Regulation shall take effect at once and, except where inconsistent with the specific provisions of any existing or future rule, regulation, Order or direction of the Director of Priorities, shall hereafter regulate and govern all matters embraced herein, including transactions in Materials not subjected to priority control otherwise than by this Regulation. All existing rules, regulations, Orders, directions and actions of the Director of Priorities are hereby ratified and confirmed and shall remain in full force and effect until they expire by their terms or are specifically revoked or amended.*

Issued this 23d day of December 1941, effective immediately.

PART 976—MOTOR TRUCKS, TRUCK TRAILERS AND PASSENGER CARRIERS

Interpretation No. 1 of General Limitation Order L-3 [1]

The following official interpretation is hereby issued by the Director of Priorities with respect to § 976.3, *General Limitation Order L-3*, issued September 13, 1941:

Section 976.3, paragraph (e), excludes from each Producer's quota light motor trucks produced "under specific contracts or orders placed by or for the account of" the Army or Navy of the United States, certain designated Governments and certain designated Governmental Agencies. Under this subsection, light motor trucks to which the Army, Navy, designated Governments or designated Governmental Agencies take title or contract to take title at the time of the sale are excluded from the Producer's quota, regardless of whether the light motor trucks are sold directly by the Producer or indirectly through the Producer's dealers or other channels of distribution. All light motor trucks which the Producer can identify as going to the Army, Navy, designated Governments, or designated Governmental Agencies are excluded from the quota.

Issued this 23d day of December 1941.

PART 981—PASSENGER AUTOMOBILES

Interpretation No. 1 of General Limitation Order L-2 [1]

The following official interpretation is hereby issued by the Director of Priorities with respect to § 981.1, *General Limitation Order L-2*, issued September 13, 1941:

Section 981.1, paragraph (f), excludes from each Producer's quota passenger automobiles produced "under specific contracts or orders placed by or for the account of" the Army or Navy of the United States, certain designated Governments, and certain designated Governmental Agencies. Under this subsection, passenger automobiles to which the Army, Navy, designated Governments or designated Governmental Agencies take title or contract at the time of the sale are excluded from the Producer's quota, regardless of whether the passenger automobiles are sold directly by the Producer or indirectly through the Producer's dealers or other channels of distribution. All passenger automobiles which the Producer can identify as going to the Army, Navy, certain designated Governments or certain designated Governmental Agencies are excluded from the quota.

PART 983—MATERIAL ENTERING INTO THE PRODUCTION OF REPLACEMENT PARTS FOR PASSENGER AUTOMOBILES AND LIGHT TRUCKS

Interpretation No. 1 of General Limitation Order L-4 [2]

The following official interpretation is hereby issued by the Director of Priorities with respect to § 983.1, *General Limitation Order L-4*, issued September 16, 1941:

Section 983.1, subparagraph (b) (2), excludes from each Producer's quota parts produced "under contracts or orders for delivery to or for the account of" the Army or Navy of the United States, certain designated Governments, and certain designated Governmental Agencies. Under this subsection, parts to which the Army, Navy, designated Governments or designated Governmental Agencies take title or contract to take title at the time of the sale are excluded from the Producer's quota, regardless of whether the parts are sold directly by the Producer or indirectly through the Producer's dealers or other channels of distribution. All parts which the Producer can identify as going to the Army, Navy, designated Governments, or designated Governmental agencies are excluded from the quota.

PART 1066—MATERIAL ENTERING INTO THE COMPLETION OF CERTAIN PRIVATE HOUSING PROJECTS NOT QUALIFYING UNDER PREFERENCE RATING ORDER P-55

Preference Rating Order No. P-71

§ 1006.1 *Preference rating order P-71.* For the purpose of facilitating the acquisition of material for the completion of construction of the specific Housing Project hereinafter described, the construction of which was partially completed by October 9, 1941, a preference rating is hereby assigned to deliveries to the above-named Builder and to deliveries to his Suppliers upon the following terms:

(a) *Definitions.* (1) "Builder" means the specific person to whom this Order is addressed above.

(2) "Housing Project" means the specific housing project described in the Builder's Application on Form PD-135, dated ----------, as finally approved.

(3) "Supplier" means any person with whom a contract or purchase order has been placed for delivery of Housing Material to the Builder or to another Supplier.

(4) "Housing Material" means any Material included in the Defense Housing Critical List.

(5) "Material" means any commodity, equipment, accessory, part, assembly or product of any kind.

(b) *Assignment of preference rating.* Preference Rating A-10 is hereby assigned (1) to deliveries to the Builder by his Suppliers of those specific quantities and kinds of Housing Material which have been specifically authorized for rating by the Director of Priorities on the Builder's Application on Form PD-135, No. ----------, dated ----------

(2) to deliveries, to any Supplier who has received an order or contract rated hereunder from the Builder or another Supplier, of Housing Material which will be delivered pursuant to such order or contract or of Material which will be physically incorporated into Housing Materials which will be so delivered, or which will be used, within the limitations of paragraph (d) (2), hereof, to replace in such Supplier's inventory Material so delivered.

(c) *Persons entitled to apply preference rating.* The preference rating hereby assigned may, in the manner and to the extent hereby authorized, be applied by:

(1) The Builder.

[1] 6 F.R. 4735.
[2] 6 F.R. 4819, 5954.

(2) Any Supplier of Material to the delivery of which the preference rating has been applied in the manner specified in paragraph (e).

(d) *Restrictions on use of preference rating*—(1) *Restrictions on the builder.* (i) The Builder may apply the rating only to deliveries of those quantities and kinds of Housing Material specifically authorized for such rating by the Director of Priorities as indicated on the copy of Form PD–135 returned to the Builder, and which are necessary in order to complete the specific Housing Project described in said Form PD–135.

(2) *Restrictions on supplier.* (i) No Supplier may apply the rating to obtain Material in greater quantities or on earlier dates than required to enable him to make on schedule a delivery rated hereunder or, within the limitations of (ii) and (iii) below, to replace in his inventory Material so delivered. He shall not be deemed to require such Material if he can make his rated delivery and still retain a practicable working minimum inventory thereof; and if, in making such delivery, he reduces his inventory below such minimum, he may apply the rating only to the extent necessary to restore his inventory to such minimum.

(ii) A Supplier who supplies Material which he has in whole or in part manufactured, processed, assembled or otherwise physically changed may not apply the rating to restore his inventory to a practicable working minimum unless he applies the rating before completing the rated delivery which reduces his inventory below such minimum.

(iii) A Supplier who supplies Material which he has not in whole or in part manufactured, processed, assembled or otherwise physically changed may defer applications of the rating hereunder to purchase orders or contracts for such Material to be placed by him until he can place a purchase order or contract for the minimum quantity procurable on his customary terms: *Provided*, That he shall not defer the application of any rating for more than three months after he becomes entitled to apply it.

(e) *Application of preference rating.* (1) The Builder or any Supplier, in order to apply the preference rating assigned hereunder to deliveries to him, must:

(i) Furnish one copy of Preference Rating Order No. P–71, with the attached form of acceptance thereof unsigned, to each of his Suppliers with whom he places a contract or purchase Order for Material to the delivery of which he elects to apply the preference rating. After one such copy, regardless of Serial Number, has been furnished to a particular Supplier, no additional copy need be furnished to that Supplier to cover any subsequent application of the preference rating assigned hereunder; and

(ii) Endorse on each purchase order or contract which is covered by the rating assigned hereunder, a statement in the following form, manually signed by an official duly authorized for such purpose, specifying the rating assigned and the appropriate Serial Number or Numbers:

Preference Rating A–10 is applied hereto under Preference Rating Order No. P–71, Serial No. (s). ———, with the terms of which Order the undersigned is familiar.

———
(Name of Builder or Supplier)

By ———
(Duly Authorized Official)

Such endorsement shall constitute a representation to the Office of Production Management and the Supplier with whom the purchase order or contract is placed that such purchase order or contract is duly rated in accordance herewith. Such Supplier shall be entitled to rely on such representation, unless he knows or has reason to believe it to be false. Any such purchase order or contract shall be restricted to Material the delivery of which is rated in accordance herewith.

(2) A Supplier who has received from two or more Builders or Suppliers endorsed purchase orders or contracts for Material to the delivery of which the same rating has been applied in accordance with this Order, may (within the limitations of paragraph (d) hereof) include in a single purchase order or contract any or all of the Material which he in turn requires to make such rated deliveries, but must specify in the endorsement on such single purchase order or contract all of the Serial Numbers contained in the purchase orders or contracts which have been so received by him and to fill which he is applying the preference rating.

(3) In addition to the foregoing requirements, a Supplier (but not a Builder), before he first applies the preference rating assigned hereunder to deliveries to him, must accept Preference Rating Order No. P–71 by executing the form of acceptance attached at the end hereof, and file it with the Office of Production Management. No additional acceptance need be filed for any subsequent application of Preference Rating Order No. P–71, regardless of the Serial Number under which or of the name of the Producer to whom it is issued.

(f) *Records.* In addition to the records required to be kept under Priorities Regulation No. 1, the Builder, and each Supplier placing or receiving any purchase order or contract rated hereunder, shall each retain, for a period of two years, for inspection by representatives of the Office of Production Management, endorsed copies of all such purchase orders or contracts, whether accepted or rejected, segregated from all other purchase orders or contracts or filed in such manner that they can be readily segregated for such inspection.

(g) *Reports.* The Builder, and each Supplier who applies the preference rating assigned hereunder, shall file such reports as may be required from time to time by the Office of Production Management.

(h) *Communications to Office of Production Management.* Acceptances of this Order, all reports required to be filed hereunder, and all communications concerning this Order, shall, unless otherwise directed, be addressed to:

Office of Production Management,
Washington, D. C. Ref: P–71.

(i) *Violations.* Any Person who wilfully violates any provision of this Order or who by any act or omission falsifies records to be kept or information to be furnished pursuant to this Order may be prohibited from receiving further deliveries of any Material subject to allocation, and such further action may be taken as is deemed appropriate, including a recommendation for prosecution under Section 35 (A) of the Criminal Code (18 U.S.C. 80).

(j) *Revocation or amendment.* This Order may be revoked or amended at any time as to the Builder or any Supplier. In the event of revocation, deliveries already rated pursuant to this Order shall be completed in accordance with said rating, unless the rating has been specifically revoked with respect thereto. No additional applications of the rating to any other deliveries shall thereafter be made by the Builder or Supplier affected by such revocation.

(k) *Applicability of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1, as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(l) *Effective date.* This Order shall take effect on the date specified in the heading hereof, and, unless sooner revoked, shall expire on the 31st day of March 1942. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. INSTRUCTIONS

The requirements for furnishing copies of the foregoing Order to Suppliers and for execution of the above form of acceptance by Suppliers are set out in detail in paragraph (e) of the Order. Builders or Suppliers required to furnish the copies must make them by photo-offset or similar photographic process. Such copies must be identical in size and every other respect with the Order and acceptance as issued by the Office of Production Management.

Copies furnished to Suppliers by Builders or other Suppliers, pursuant to the requirements of paragraph (e) of the foregoing Order, should have the form of acceptance left blank for execution by the Suppliers to whom they are furnished.

PART 1010—SUSPENSION ORDERS

Enterprise Oil Co.

Enterprise Oil Company of Enterprise, Alabama, is a mill engaged in the production of cotton seed oil and mill run cotton linters. It is subject to the provisions of General Preference Order M–12, issued August 19, 1941. This Order provides that a mill making but one cut of cotton linters shall not sell more than 20% of its mill run cotton linters other than for ultimate use in the chemical industry. Enterprise Oil Company, with full knowledge of the requirements of General Preference Order M–12, sold and shipped its entire production of mill run cotton linters for the months of August and September for ultimate use other than in the chemical industry.

Because of the scarcity and critical importance of cotton linters, this wilful violation of General Preference Order M–12 has resulted in the diversion of cotton linters from primary defense needs in the production of explosives and has thus impeded the defense of the United States. In view of the foregoing facts,

It is hereby ordered:

§ 1010.3 *Suspension order S–3.* (a) During the period in which this Order shall be in effect, deliveries of material to Enterprise Oil Company of Enterprise, Alabama, its successors and assigns, shall not be accorded priority over deliveries under any other contract or order and no preference ratings shall be assigned or applied to such deliveries to Enterprise Oil Company of Enterprise, Alabama by means of Preference Rating Certificates, Preference Rating Orders, General Preference Orders, or any other orders or regulations of the Director of Priorities, except as specifically directed by the Director of Priorities.

(b) During the period in which this Order shall be in effect, Enterprise Oil Company of Enterprise, Alabama, its successors and assigns, shall accept no deliveries of cotton seed from any source, except as specifically directed by the Director of Priorities.

(c) During the period in which this Order shall be in effect, Enterprise Oil Company, Enterprise, Alabama, its successors and assigns, shall make no delivery of cotton linters, except as specifically directed by the Director of Priorities.

(d) During the period in which this Order shall be in effect, no person shall deliver any cotton seed to Enterprise Oil Company, its successors and assigns, in any case in which the acceptance of such delivery by the Company would be in violation of this Order; nor shall any person accept delivery of cotton linters from Enterprise Oil Company in any case in which the delivery of cotton linters by the Company would be in violation of this Order.

(e) This Order shall take effect immediately and, unless sooner terminated by further order of the Director of Priorities, shall expire at midnight of June 30, 1942. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3, Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

Issued this 22d day of December, 1941.

PART 1010—SUSPENSION ORDERS

Mock, Judson, Voehringer Co. of N. C., Inc.

Mock, Judson, Voehringer Company of N. C., Inc. is a corporation engaged in the manufacture of full-fashioned silk hosiery. On August 2, 1941, the Director of Priorities issued an amendment to General Preference Order M–22 providing that after midnight of that day no raw silk could be thrown, spun, or otherwise processed unless specifically authorized by the Director of Priorities. On September 9, 1941, the Director of Priorities announced that raw silk which had been opened and taken out of the original bales prior to midnight of August 2, 1941, would, upon application, be released from the restrictions of the Order. On September 15, 1941, Mock, Judson, Voehringer Company of N. C., Inc. certified to the Office of Production Management that it held 51,705 pounds of raw silk which was opened and awaiting processing and had been taken out of the original bales prior to midnight of August 2, 1941. Upon the basis of this certification, the Director of Priorities, on September 18, 1941, released this amount of silk from the restrictions of the Order. The certification of Mock, Judson, Voehringer Company of N. C., Inc. was false and misleading in that the silk held by Mock, Judson, Voehringer Company of N. C., Inc. was not open and awaiting processing and had not been taken out of the original bales prior to midnight August 2, 1941, but remained in the original bales and had been opened only for the purpose of testing and sampling.

The misrepresentations of Mock, Judson, Voehringer Company of N. C., Inc. have resulted in the diversion of raw silk from primary defense needs into non-essential uses and have thus impeded the defense of the United States. In view of the foregoing facts,

It is hereby ordered:

§ 1010.4 *Suspension Order S–4.* (a) During the period in which this Order shall be in effect, deliveries of material to Mock, Judson, Voehringer Company of N. C., Inc., its successors and assigns, shall not be accorded priority over deliveries under any other contract or order and no preference ratings shall be assigned or applied to such deliveries to Mock, Judson, Voehringer Company of N. C., Inc. by means of Preference Rating Certificates, Preference Rating Orders, General Preference Orders, or any other orders or regulations of the Director of Priorities, except as specifically directed by the Director of Priorities.

(b) During the period in which this Order shall be in effect, no deliveries of reserved rayon yarn shall be made to Mock, Judson, Voehringer Company of N. C., Inc. from the amounts set aside by producers thereof in accordance with the provisions of Supplementary Order M–37–a, issued by the Director of Priorities on September 25, 1941.

(c) During the period in which this Order shall be in effect, Mock, Judson, Voehringer Company of N. C., Inc. shall not blend, wet down, throw, knit, weave or otherwise process raw silk.

(d) During the period in which this Order shall be in effect, Mock, Judson, Voehringer Company of N. C., Inc. shall make no delivery or sale of any raw silk in its possession or under its control ex-

cept to the Defense Supplies Corporation. Within 30 days from the effective date of this Order, Mock, Judson, Voehringer Company of N. C., Inc. shall tender to the Defense Supplies Corporation the entire stock of raw silk owned by it or held for its account.

(e) This Order shall take effect immediately and, unless sooner terminated by further order of the Director of Priorities, shall expire on the 15th day of August, 1942. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8865, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

PART 1010—SUSPENSION ORDERS

Siler City Hosiery Co.

Siler City Hosiery Company is a corporation engaged in the manufacture of full-fashioned silk hosiery. On August 2, 1941, the Director of Priorities issued an amendment to General Preference Order M-22 providing that after midnight of that day no raw silk could be thrown, spun, or otherwise processed unless specifically authorized by the Director of Priorities. On September 9, 1941, the Director of Priorities announced that raw silk which had been opened and taken out of the original bales prior to midnight of August 2, 1941, would, upon application, be released from the restrictions of the Order. On September 15, 1941, Siler City Hosiery Company certified to the Office of Production Management that it held 4,622.43 pounds of raw silk which was opened and awaiting processing and had been taken out of the original bales prior to midnight of August 2, 1941. Upon the basis of this certification, the Director of Priorities, on September 18, 1941, released this amount of silk from the restrictions of the Order. The certification of Siler City Hosiery Company was false and misleading in that the silk held by Siler City Hosiery Company was not open and awaiting processing and had not been taken out of the original bales prior to midnight August 2, 1941, but remained in the original bales and had been opened only for the purpose of testing and sampling.

The misrepresentations of Siler City Hosiery Company have resulted in the diversion of raw silk from primary defense needs into nonessential uses and have thus impeded the defense of the United States. In view of the foregoing facts,

It is hereby ordered:

§ 1010.5 *Suspension order S-5.* (a) During the period in which this Order shall be in effect, deliveries of material to Siler City Hosiery Company, its successors and assigns, shall not be accorded priority over deliveries under any other contract or order and no preference ratings shall be assigned or applied to such deliveries to Siler City Hosiery Company by means of Preference Rating Certificates, Preference Rating Orders, General Preference Orders, or any other orders or regulations of the Director of Priorities, except as specifically directed by the Director of Priorities.

(b) During the period in which this Order shall be in effect, no deliveries of reserved rayon yarn shall be made to Siler City Hosiery Company from the amounts set aside by producers thereof in accordance with the provisions of Supplementary Order M-37-a, issued by the Director of Priorities on September 25, 1941.

(c) During the period in which this Order shall be in effect, Siler City Hosiery Company shall not blend, wet down, throw, knit, weave or otherwise process raw silk.

(d) During the period in which this Order shall be in effect, Siler City Hosiery Company shall make no delivery or sale of any raw silk in its possession or under its control except to the Defense Supplies Corporation. Within 30 days from the effective date of this Order, Siler City Hosiery Company shall tender to the Defense Supplies Corporation the entire stock of raw silk owned by it or held for its account.

(e) This Order shall take effect immediately and, unless sooner terminated by further order of the Director of Priorities, shall expire on the 15th day of August, 1942. (P.D. PART 1010—SUSPENSION ORDERS

Alabama Hosiery Mills, Inc.

Alabama Hosiery Mills, Inc. of Decatur, Alabama, is a corporation engaged in the manufacture of full-fashioned silk hosiery. On August 2, 1941, the Director of Priorities issued an amendment to General Preference Order M-22 providing that after midnight of that day no raw silk could be thrown, spun, or otherwise processed unless specifically authorized by the Director of Priorities. On September 9, 1941, the Director of Priorities announced that raw silk which had been opened and taken out of the original bales prior to midnight of August 2, 1941, would, upon application, be released from the restrictions of the Order. On September 15, 1941, Alabama Hosiery Mills, Inc. certified to the Office of Production Management that it held 12,085.36 pounds of raw silk which was opened and awaiting processing and had been taken out of the original bales prior to midnight of August 2, 1941. Upon the basis of this certification, the Director of Priorities, on September 18, 1941, released this amount of silk from the restrictions of the Order. The certification of Alabama Hosiery Mills, Inc. of Decatur, Alabama was false and misleading in that the silk held by Alabama Hosiery Mills, Inc., of Decatur, Alabama was not open and awaiting processing and had not been taken out of the original bales prior to midnight August 2, 1941, but remained in the original bales and had been opened only for the purpose of testing and sampling.

The misrepresentations of Alabama Hosiery Mills, Inc. of Decatur, Alabama have resulted in the diversion of raw silk from primary defense needs into nonessential uses and have thus impeded the defense of the United States. In view of the foregoing facts,

It is hereby ordered:

§ 1010.6 *Suspension order S-6.* (a) During the period in which this Order shall be in effect, deliveries of material to Alabama Hosiery Mills, Inc. of Decatur, Alabama, its successors and assigns, shall not be accorded priority over deliveries under any other contract or order and no preference ratings shall be assigned or applied to such deliveries to Alabama Hosiery Mills, Inc. of Decatur, Alabama by means of Preference Rating Certificates, Preference Rating Orders, General Preference Orders, or any other orders or regulations of the Director of Priorities, except as specifically directed by the Director of Priorities.

(b) During the period in which this Order shall be in effect, no deliveries of reserved rayon yarn shall be made to Alabama Hosiery Mills, Inc. of Decatur, Alabama from the amount set aside by producers thereof in accordance with the provisions of Supplementary Order M-37-a, issued by the Director of Priorities on September 25, 1941.

(c) During the period in which this Order shall be in effect, Alabama Hosiery Mills, Inc. of Decatur, Alabama shall not blend, wet down, throw, knit, weave or otherwise process raw silk.

(d) During the period in which this Order shall be in effect, Alabama Hosiery Mills, Inc. of Decatur, Alabama shall make no delivery or sale of any raw silk in its possession or under its control except to the Defense Supplies Corporation. Within 30 days from the effective date of this Order, Alabama Hosiery Mills, Inc. of Decatur, Alabama shall tender to the Defense Supplies Corporation the entire stock of raw silk owned by it or held for its account.

(e) This Order shall take effect immediately and, unless sooner terminated by further order of the Director of Priorities, shall expire on the 15th day of August, 1942. (P.D. PART 1047—CONSERVATION OF PRODUCTION MATERIAL FOR THE OIL INDUSTRY

Conservation Order M-68

Whereas the Congress of the United States has declared a "state of war between the United States and the Imperial Japanese Government," and has further adopted Joint Resolutions "declaring that a state of war exists between" the Government of Germany and the Government of Italy "and the Government and people of the United States"; and

Whereas the prosecution of this war requires the immediate increased use in emergency activities of vast quantities of steel, nonferrous metals, rubber, and other critical materials; and

Whereas it is imperative to an effective prosecution of this war that the production of petroleum be conducted under circumstances and conditions which will assure a maximum recovery of petroleum and associated hydrocarbons, and which will not involve a waste and inefficient use of the limited quantities of critical materials available for petroleum production; and

Whereas conservation of materials by means of the restrictions hereinafter ordered in the use of such material in the production of petroleum is necessary in order to maintain the production of petroleum for war uses and essential civilian services and to assure a minimum expenditure of scarce equipment;

Now, therefore, it is ordered, That:

§ 1047.1 *Conservation Order M-68*—(a) *Definitions.* (1) "Person" means any individual, partnership, association, corporation, or other form of enterprise.

(2) "Production" means the discovery, development, and depletion of Petroleum Pools, including without limitation the operation of cycling plants and plants for the extraction of natural gasoline and associated hydrocarbons.

(3) "Petroleum" means petroleum, petroleum products, and associated hydrocarbons including but not limited to natural gas.

(4) "Operator" means any Person engaged in Production.

(5) "Material" means any commodity, equipment, accessories, parts, assemblies, or products of any kind used in Production.

(6) "Exploratory Well" means any well located not less than two miles from any well capable of producing Petroleum.

(7) "Condensate Field" means any condensate, distillate, naphtha, or retrograde Pool or Pools in which the liquid and gaseous hydrocarbons recovered at the surface occur in a single phase under original reservoir conditions or any gas-cap Pool in which commercial oil occurs in the liquid phase and in which there exist a gas-cap or gas-caps of a size sufficient to have the essential characteristics of a condensate Pool.

(8) "Pool" means any underground accumulation of crude petroleum or associated hydrocarbon substances, including but not limited to natural gas, constituting a single and separate reservoir or source of supply within a field, area, or horizon whether or not presently discovered or developed.

(b) *Conservation of material used in production.* Subject to the exceptions in paragraph (c) hereof no Operator shall order, purchase, accept delivery of, withdraw from inventory or in any other manner, directly or indirectly, secure or use Material for Production purposes. Subject to the exceptions in paragraph (c) hereof, no Person shall deliver or otherwise supply, or cause to be delivered or otherwise supplied, any Material which he knows, or should know, is intended for use in Production.

(c) *Exceptions.* The provisions of paragraph (b) hereof shall not be applied in the following instances:

(1) To any case where Material is to be used by an Operator for repair or maintenance purposes or as operating supplies as these terms are defined in Preference Rating Order P-98.

(2) To any case where Material is to be used by an Operator exclusively in carrying out, by means of a research laboratory, investigations into more efficient or more effective methods of conducting Production operations.

(3) To any case where Material is to be used by an Operator exclusively for operations directly involved in the search for and discovery of a previously unknown Pool, including without limitation Material necessary for geological, geophysical, and geochemical prospecting and Material used in the drilling and completion of any Exploratory Well.

(4) To any case where Material is to be used by an Operator in secondary recovery operations by means of artificial water drive, gas drive, or air drive operations, but not including Material to be used in Production operations by means of primary gas cycling or pressure maintenance.

(5) To any case where Material necessary for lease equipment, including oil treating equipment and salt water disposal or injection equipment, but not including pumping or other artificial lifting equipment, is to be used by an Operator.

(6) To any case where Material is to be used by an Operator for pumping or artificial lifting equipment to be installed on a well located on any single lease or tract in any field on which lease or tract the number of wells to which pumping or artificial lifting equipment has been or is to be attached does not at any time exceed an average of one well to every 10 surface acres of that part or parts of such lease or tract as are contained within the productive limits of the field; or to any case where Material is to be used by an Operator for pumping or other artificial lifting equipment to be installed on a well located on any single lease or tract of 10 acres or less in any field on which lease or tract no other wells are located to which pumping or other artificial lifting equipment is attached.

(7) To any case where Material is to be used by an Operator to drill or complete any well in any discovered or undiscovered oil field, other than a Condensate Field, where such well conforms to a uniform well-spacing pattern of not more than one single well to each 40 surface acres.

(8) To any case where Material is to be used by an Operator to drill, complete, or provide additions to any well in any discovered or undiscovered natural gas field, other than a Condensate Field, where such well conforms to a uniform well-spacing pattern of not more than one single well to each 640 surface acres.

(9) To any case where the Director of Priorities, Office of Production Management, upon recommendation of the Office of Petroleum Coordinator, has determined that Production is necessary by any Operator or in any field where any conditions in such field make it necessary and appropriate in the public interest and to promote the war effort. Application for such a determination shall be made by letter and filed with the Petroleum Coordinator for National Defense, Department of the Interior, Washington, D. C. Information to be submitted in such application shall be in accordance with OPC Form PD-214a, OPC Form PD-214b, or OPC Form PD-214c, issued by the Office of Petroleum Coordinator.

(d) *Restriction on subdivision.* No single lease or tract existing as such as of the effective date of this Order shall be subdivided or otherwise rearranged for the purpose of making available to any Person the provisions of paragraph (c) (6).

(e) *Violations.* Any Person affected by this Order who violates any of its provisions or a provision of any other Order or who by any act or omission falsifies records to be kept or information to be

furnished pursuant to this Order may be prohibited from receiving further deliveries of any material subject to allocation, and such further action may be taken as is deemed appropriate including a recommendation for prosecution under Section 35 (A) of the Criminal Code (18 U.S.C. 80).

(f) *Revocation or amendment.* This Order may be revoked or amended at any time as to any Person. In the event of revocation, deliveries shall be made in accordance with the provisions of any applicable Preference Rating Order without further restrictions, unless such deliveries have been specifically restricted.

(g) *Applicability of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1, as amended from time to time, except to the extent that any provision of this Order may be inconsistent therewith, in which case such provision shall govern.

(h) *Effective date.* This Order shall take effect on the date specified in the heading hereof, and shall continue in effect until revoked. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. CHAPTER XI—OFFICE OF PRICE ADMINISTRATION

PART 1304—IRON AND STEEL SCRAP

AMENDMENT NO. 11 OF PRICE SCHEDULE NO. 4—IRON AND STEEL SCRAP (REVISED TO DECEMBER 23, 1941)

Sections 1304.1 to 1304.18, inclusive, are hereby amended so that Price Schedule No. 4 shall read as follows:

§ 1304.1 *Maximum prices on sales of iron and steel scrap other than railroad scrap.* On and after April 3, 1941, regardless of the terms of any contract of sale or purchase or other commitment theretofore entered into, no person shall sell, offer to sell, deliver, or transfer iron and steel scrap other than railroad scrap, to the consumer of such scrap or to his broker, at prices higher than the prices set forth in Appendices A, C, D and E, incorporated herein as §§ 1304.13, 1304.15, 1304.16 and 1304.17, and no consumer or his broker shall buy, offer to buy, or accept delivery of, iron and steel scrap other than railroad scrap at prices higher than the prices set forth in Appendices A, C, D and E, except as provided in § 1304.6 and 1304.9 hereof.*

*§§ 1304.1 to 1304.17, inclusive, issued pursuant to the authority contained in Executive Orders No. 8734, 8875, 6 F.R. 1917, 4483.

§ 1304.2 *Maximum prices on sales of iron and steel railroad scrap.* On and after April 3, 1941, regardless of the terms of any contract of sale or purchase, or other commitment theretofore entered into, no person shall sell, offer to sell, deliver or transfer iron and steel railroad scrap to the consumer of such scrap or to his broker, at prices higher than the prices set forth in Appendices B, D and E, incorporated herein as §§ 1304.14, 1304.16 and 1304.17, and no consumer or his broker shall buy, offer to buy, or accept delivery of iron and steel railroad scrap at prices higher than the prices established in Appendix B, except as provided in §§ 1304.6 and 1304.9 hereof.*

§ 1304.3 *Lower than maximum prices.* Lower prices than those set forth in Appendices A, B, C, D and E may, however, be charged, demanded, paid or offered.*

§ 1304.4 *Method of securing information governing maximum prices on sales of iron and steel railroad scrap.* On and after April 3, 1941, no sale of any grade of iron and steel railroad scrap, for which a maximum price is not listed in Appendix B, shall be made until after the Office of Price Administration has established a maximum price therefor, and until opportunity has been given any prospective buyer of such scrap to learn the maximum price applicable to such sale. The prospective buyer may ascertain such maximum price by addressing an inquiry to the Office of Price Administration, Washington, D. C. The railroad maker thereof or other person shall file with the Office of Price Administration the information required to determine with Appendix B the maximum price thereby established for such grade.*

§ 1304.5 *Allocated scrap.* Where, prior to November 23, 1941, the Director of Priorities of the Office of Production Management issued an order allocating a specified tonnage of scrap, and any portion of such tonnage remains undelivered on December 23, 1941, such scrap shall continue to be governed by the provisions of Price Schedule No. 4 in effect at the time the order of allocation was issued.*

§ 1304.6 *Commissions.* No commission shall be payable hereunder, except by a consumer to a broker for brokerage services rendered to the consumer. In the event that a consumer shall employ a broker to purchase iron and steel scrap, such consumer may pay such broker a commission not exceeding 50 cents per gross ton. No commission shall be payable unless (a) the broker guarantees the quality and delivery of an agreed tonnage of scrap; (b) the scrap is purchased by the consumer at a price not higher than the maximum applicable herein; (c) the broker sells the scrap to the consumer at the same price at which he purchased it; (d) the broker does not split or divide the commission with the seller or sellers of the scrap, with another broker or subbroker, or with the consumer. No commission shall be payable to a person for scrap which he prepares. A person who has not acted as a broker prior to April 3, 1941 shall, in no case, be allowed a brokerage commission.*

§ 1304.7 *Evasion.* The price limitations set forth in this Schedule shall not be evaded whether by direct or indirect methods, in connection with the purchase, sale, delivery or transfer of iron and steel scrap, alone or in conjunction with any other material, or by way of any commission, cross-billing, service, transportation, or other charge, or discount, premium, or other privilege, or by tying-agreement or other trade understanding, or by upgrading, or otherwise.*

§ 1304.8 *Record-keeping and reporting requirements.* Every dealer in, and every maker, smelter, processor, broker, or consumer of, and every other person purchasing or selling iron and steel scrap shall keep for inspection by the Office of Price Administration for a period of not less than one year, complete and accurate records of:

(a) Each such purchase or sale, the date thereof, the name and address of the buyer or the seller, the shipping point price, the price paid, or received at the point of delivery, and the quantity in pounds and quality in grades, as defined in the applicable appendix. In the case of scrap for which maximum prices have been established under appendices A, C, D and E, hereof, the record, with respect to prices, must contain the shipping point price, the mode or modes of transportation used from shipping point to point of delivery, the transportation charges involved, the bills of lading and other documents evidencing the movement from shipping point to point of delivery, the price at the point of delivery and the commission, if any involved, on the transaction. In the case of scrap for which maximum prices have been established under Appendix B, the record, with respect to prices, must contain comparable data to that required for Appendices A, C, D and E.

(b) As of the close of each month, the quantity in pounds and quality by grades of iron and steel scrap, (1) on hand and (2) on order.

Persons affected by this Schedule shall submit such reports to the Office of Price Administration as it may from time to time require.*

§ 1304.9 *Modification of the schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modification thereof or exception therefrom: *Provided*, That no application under this section will be considered unless filed by persons complying with this Schedule and, all other Schedules issued by the Office of Price Administration. Such applications must be submitted under oath and in a separate document captioned: "Application for Relief from Price Schedule No. 4—Iron and Steel Scrap," and shall not be contained in any filing of information, or prices required to be filed under this Schedule.*

§ 1304.10 *Enforcement.* In the event of refusal or failure to abide by the price limitations, record requirements, or other provisions of this Schedule, or in the event of any evasion or attempt to evade the price limitations or other provisions of this Schedule, the Office of Price Administration will make every effort to assure (a) that the Congress and the public are fully informed thereof; (b) that the powers of Government, both state and federal, are fully exerted in order to protect the public interest and the interests of those persons who comply with this Schedule; (c) that full advantage will be taken of the cooperation of the various political subdivisions of state, county, and local governments by calling to the attention of the proper authorities, failures to comply with this Schedule, and (d) that the procurement services of the Government are requested to refrain from selling to or purchasing from those persons who fail to comply with this Schedule. Persons who have evidence of the offer, receipt, demand or payment of prices higher than the maximum prices, or of any evasion or effort to evade the provisions hereof, or of speculation, or manipulation of prices of iron and steel scrap, or of the hoarding or accumulating of unnecessary inventories thereof, are urged to communicate with the Office of Price Administration.*

§ 1304.11 *Definitions.* (a) "Person" means an individual, corporation, association, partnership, trustee in bankruptcy, receiver or other entity.

(b) "Iron and steel scrap" means all kinds and grades of imported and domestic iron and steel scrap including iron and steel railroad scrap.

(c) "Iron and steel scrap other than railroad scrap" means the kinds and grades of imported and domestic iron and steel scrap referred to in Appendices A, C, D and E.

(d) "Iron and steel railroad scrap" means iron and steel scrap having a railroad origin and includes the kinds and grades of imported and domestic iron and steel scrap referred to in Appendices B, D and E.

(e) "Railroad" means steam and electric railroads, street, suburban, and interurban electric railways and local trolleys, and mines, logging roads and similar sources of iron and steel scrap.

(f) "Consumer" means a purchaser, for its own consumption, of iron or steel scrap, i. e. smelter, foundry, steel mill, etc.

(g) "Imported scrap" means iron and steel scrap which does not originate in and is not shipped from one of the 48 States or the District of Columbia.*

§ 1304.12 *Effective date.* This Schedule shall become effective April 3, 1941, except as otherwise specifically provided herein.*

Issued this 22d day of December 1941. This amendment No. 11 shall become effective December 23, 1941.

LEON HENDERSON,
Administrator.

[5] Maximum prices of inferior grades shall continue to bear the same differential below the corresponding listed grades which existed during the period October 1, 1940 to January 31, 1941. In no case shall any grade deemed by buyer or seller, or both to be superior to any grade listed above, be sold at a premium above the corresponding listed grade except upon prior approval by the Office of Price Administration. No special preparation charges may in any case be added to the prices listed above.
[6] Whatever any of these grades may be purchased for open hearth or blast furnace consumption, the price paid therefor may not exceed the most nearly applicable grade listed for the corresponding open hearth grade. The price of items 12 and 23 shall not exceed the price of open hearth grades unless delivered to the consumer direct from the original industrial producer without reconditioning. The same limitations pertain to the sale of item 22 at a price in excess of that established for Blast Furnace grades.

combination of rail and vessel. Where the shipment of scrap to the consumer is by rail, or vessel, or combination of rail and vessel, the scrap is at its shipping point when it has been placed f. o. b. railroad car or f. a. s. vessel for shipment to the consumer. In such cases, the maximum shipping point price shall be:

(i) For shipping points located within a basing point, the price listed in paragraph (a) hereof for the scrap at the basing point in which the shipping point is located, minus the lowest established switching charge for scrap within the basing point; and

(ii) For shipping points located outside a basing point, the price listed in paragraph (a) hereof for the scrap at the most favorable basing point, minus the lowest established charge for transporting scrap from the shipping point to such basing point by rail or water carrier, or combination thereof. Where such transportation includes vessel movement, the charges at the dock established by tariffs, or, in case no such tariffs are published, 75 cents per gross ton must be included as part of the deduction in computing the shipping point price.

(b) *The most favorable basing point.* The "most favorable basing point" is the basing point which, when used to compute the shipping point price in the manner set forth in paragraph (c) (1) and (2) below, will yield the highest shipping point price.

graph (a) hereof for the scrap at the basing point in which the shipping point is located, minus the lowest established switching charge for scrap within the basing point; and

(ii) For shipping points located outside a basing point, the price listed in paragraph (a) hereof for the scrap at the most favorable basing point, minus the lowest established charge for transporting scrap from the shipping point to such basing point by rail or water carrier, or combination thereof. Where such transportation includes vessel movement, the charges at the dock, established by tariffs or, in case no such tariffs are published, 75 cents per gross ton must be included as part of the deduction in computing the shipping point price. If no established transportation rate exists for all or a portion of the movement from shipping point to basing point, the actual charge or cost customarily incurred by the shipper in such portion of the movement shall be included as part of the deduction in computing the shipping point price.

(3) *Exceptions to the formula for computing shipping point prices contained in (a) and (b) above.*[1] (1) At all shipping points in the United States with the exception of the State of Washington, the maximum shipping point price of No. 1 Heavy Melting Steel Scrap (with St. Louis price differentials for other grades) need not fall below $13.00 per gross ton. In Tampa, Florida, Pensacola, Florida, Gulfport, Mississippi, Mobile, Alabama, New Orleans, Louisiana, Lake Charles, Louisiana, Port Arthur, Texas, Beaumont, Texas, Galveston, Texas, Texas City, Texas, Houston, Texas, and Corpus Christi, Texas, the maximum shipping point price need not fall below $14.00 per gross ton for No. 1 Heavy Melting Steel Scrap (with St. Louis price differentials for the other grades).

(2) Maximum shipping point prices at any New England shipping point shall be computed from the Johnstown, Pennsylvania basing point prices rather than from the prices at the most favorable basing point.

(3) Maximum shipping point prices at any shipping point in New York City, Brooklyn, N. Y., and New Jersey, which by reason of vessel rates have Buffalo or Sparrows Point as their most favorable basing point shall be computed from the prices at the Bethlehem, Pennsylvania basing point rather than the prices at Buffalo or Sparrows Point.

(4) The maximum shipping point price within the Cincinnati basing point shall be the Cincinnati basing point price minus 80 cents per gross ton.

(d) *Maximum price delivered to the plant of a consumer.* Scrap is at its point of delivery to the consumer when it has arrived for unloading at the plant of the consumer.

The maximum price at which any grade of scrap may be delivered to the plant of a consumer, is the shipping point price as determined in paragraph (c) above, plus the established charge for transporting the scrap from the shipping point to the point of delivery by the mode of transportation employed. If no established transportation rate exists for all or a portion of the movement from shipping point to point of delivery, then the actual charge or cost incurred in such movement or portion thereof may be used in computing the maximum delivered price. In no case shall such transportation charge include any charge or cost incurred in placing the scrap at the shipping point; nor shall any charge or cost incurred in unloading the scrap at the point of delivery, or in subsequent handling, be included.

If shipment is by water, and tariffs establishing charges at the dock are published, charges incurred at the dock, but not to exceed the published tariffs, may be included as part of transportation charges. Where no such tariffs are published, actual charges incurred at the dock but not to exceed 75 cents per gross ton, may be included as part of transportation charges. In either case such charges must be shown as a separate item on the invoice.

In no case, however, shall the delivered price exceed by more than one dollar the price listed in paragraph (a) for the basing point nearest, in terms of established transportation charges, to the consumer's plant, with the following exceptions:

Exception 1. For consumers having St. Louis as their nearest basing point the delivered price may not exceed the St. Louis basing point price by more than $1.50: *Provided,* That the delivered price of scrap shipped to such consumers from shipping points in Arkansas may not exceed the St. Louis basing point price by more than two dollars. For consumers whose nearest basing points are Detroit and Birmingham, respectively, the delivered price may not exceed by more than two dollars the price at their respective basing points.

Exception 2. Whenever the Director of Priorities of the Office of Production Management shall issue an allocation order for a specified tonnage of Machine Shop Turnings or related grades of turnings, as defined herein, to be delivered to electric furnace producers of ferro alloys, the delivered price of the turnings may exceed by more than $1.00 the price at the basing point nearest the plant of such producer: *Provided,* That immediately upon delivery of such scrap, the producer files, with the Office of Price Administration, Washington, D. C., (a) a fully detailed statement under oath setting forth that the scrap has been shipped in accordance with an allocation order, the name and address of the seller, the shipping point of the scrap, the grade, quantity and price at shipping point, delivered price, the mode of transportation employed and the transportation charges from the shipping point to the point of delivery, and (b) certified copies of all bills of lading covering the shipment.

Exception 3. "Remote Scrap" means all the kinds and grades of iron and steel scrap referred to in Appendix A and having a shipping point and a point of origin within the states of Montana, Idaho, Wyoming, Nevada, Arizona, New Mexico, Texas, Oklahoma, Florida, Oregon, and Utah.

(i) The delivered price of remote scrap may exceed by more than $1.00 but not more than $5.00 the price at the basing point nearest the consumer's plant; *Provided,* That immediately upon delivery of such scrap, the consumer files with the Office of Price Administration, Washington, D. C., (a) a fully detailed statement under oath setting forth the name and address of the seller, the shipping point of the scrap, the grade, quantity and price at shipping point, delivered price, the mode of transportation employed and the transportation charges from the shipping point to the point of delivery, and (b) certified copies of all bills of lading covering the shipment of such scrap from the remote shipping point to the point of delivery.

(ii) Where the delivered price of remote scrap would exceed by more than $5.00 the price at the basing point nearest the consumer's plant, the consumer may not purchase or accept delivery of such scrap until his application to the Office of Price Administration, Washington, D. C., for permission to absorb the additional transportation charges necessary to secure such scrap has been approved. Applications by consumers must be under oath and fully detailed, setting forth the name and address of the seller, point of shipment of the scrap,

[1] See also paragraph (e).

the grade, quantity and price at shipping point, proposed delivered prices, the mode of transportation to be employed, and the transportation charges from the shipping point to the consumer's plant. The application must also contain a statement by the consumer of its need for, and its willingness to accept, such scrap at the price quoted.

Immediately upon delivery of such scrap, the consumer must comply with the filing requirements of paragraph (i) (b) above.

Exception 4. Where scrap is shipped by vessel from Duluth, Minnesota, or Superior, Wisconsin, to consumers located in Buffalo, New York, Elyria, Ohio, Cleveland, Ohio, or Saginaw, Michigan, the delivered price shall not be limited to one dollar in excess of the price at the basing point nearest the consumer's plant.

Exception 5. In computing the delivered price of Billet, Bloom and Forge crops originating in and shipped from the Pittsburgh Basing Point, the maximum transportation charges which may be added to the shipping point price shall be $2.50.

Exception 6. The delivered price of Low Phos. and Sulphur Punchings and Plate Scrap, Low Phos. and Sulphur Bar Crops and Smaller, Alloy Free Low Phos. and Sulphur Turnings, and First Cut Heavy Axle and Forge Turnings produced in industrial plants in the State of Michigan and shipped directly to consumers located in or nearest, in terms of established transportation charges, to the Pittsburgh, Brackenridge, or Midland, Pa. basing points, shall not exceed by more than $2.75 the price at the basing point nearest the consumer's plant.

(e) *Unprepared scrap.* The maximum prices established hereinabove are maximum prices for prepared scrap.

For unprepared scrap, maximum prices shall be $2.50 less than the maximum prices for the corresponding grade or grades of prepared scrap. In no case, however, shall Electric Furnace and Foundry grades, listed in paragraph (a) above, be used as the "corresponding grade or grades of prepared scrap".

Where scrap is to undergo preparation prior to its arrival at the point of delivery, such scrap is not at its shipping point, as that phrase is defined in paragraph (c) hereof, until after such preparation has been completed.

(f) *Definitions of grades referred to in paragraph (a).*

Item 1. "No. 1 heavy melting steel". Steel scrap ¼ inch and over in thickness, not over 18 inches in width, and not over 5 feet long. Individual pieces must be cut into such shape that they will be free from attachments and will lie flat in a charging box. Cut boiler plate must be practically clean and free from stay bolts and not over 3 feet long and lie reasonably flat in charging box. No piece may weigh less than 5 pounds. This grade may include structural shapes, angle bars and plates, steel castings, heavy chain, carbon tool steel, heavy forgings, forge butts, and similar heavy material. This grade may also include new mashed pipe ends, original diameter 4 inches and over, thoroughly flattened, sheet bars, billets, blooms, rail ends, railroad steel, and wrought scrap, such as angles, splices, couplers, knuckles, short rails, drawbars, cut cast-steel bolsters, coil and leaf springs (all coil springs to be ⅜ inch or larger in diameter). No needle or skeleton plate scrap, agricultural shapes, annealing pots, boiler tubes, grate bars, cast iron, malleable iron, or curly or unwieldy pieces will be accepted. This grade must be free from dirt, excessive rust or scale, or foreign material of any kinds.

Item 2. "No. 1 hydraulic compressed black sheet scrap". New black steel sheet clippings, shearings, skeleton stamping scrap, side and end sheet scrap, hydraulically compressed into compact, rectangular packages not to exceed 20 inches longest dimension, weighing not less than 75 pounds per cubic foot; must be clean and free from excessive rust, paint, or protective coating of any kind. No detinned scrap, electrical sheets, or material over 0.5 per cent of silicon may be included.

Item 3. "No. 2 heavy melting steel". Plate scrap, such as car sides, automobile frame stock, tank, and skelp crops, ⅛ inch and heavier, steel parts of agricultural implements, wagons, buggies, and scrapped automobiles, auto and buggy springs cut apart, rods and bars, ½ inch and heavier, punchings, ¼ inch and over in thickness, heavy clippings, new unmashed pipe ends, under 4 inches in diameter, horseshoes, and similar material. Car sides and all light plates to be sheared 15 by 15 inches or under and all tires and light rods to be 12 inches and under in length. Any curved or twisted pieces must be sheared into such shape that they will lie flat in a charging box and not tangle in handling with a magnet, all to be free from brass, copper, lead, zinc, tin, terneplate, cast iron, malleable iron, burnt scrap, dirt, or foreign material of any kind.

Maximum size is 15 inches wide by 3 feet long, excepting car sides.

Item 4. "Dealers' No. 1 bundles". New, black steel sheet clippings, shearings, skeleton stamping scrap, side and end sheet scrap, hydraulically compressed into compact, rectangular packages not to exceed 20 inches longest dimension, weighing not less than 75 pounds per cubic foot; must be clean and free from excessive rust, paint, or protective coating of any kind. No detinned scrap, electrical sheets, or material over 0.5 per cent of silicon may be included.

Item 5. "Dealers' No. 2 bundles". New, black steel clippings, shearings, skeleton stamping scrap, side and end sheet and tin-mill scrap, securely tied with not less than two wires or bands into packages not over 18 by 18 inches by 3 feet, weighing not over 125 pounds, to be bundled in such a manner that packages will not come apart in handling with a magnet; must be clean and free from excessive rust, paint, or protective coating of any kind. No detinned scrap, electrical sheets, or material over 0.5 per cent of silicon may be included. This grade may include body and fender scrap, but must not include foreign material such as galvanized tin, etc.

Item 6. "No. 1 busheling". Clean iron and soft-steel pipes and flues, tank, cut hoops and bands no. 12 gage and heavier, steel-plate punchings and clippings, soft-steel and iron forgings, and flashings; no dimension over 8 inches. This grade must be free from burnt material, hard steel, cast, malleable, and galvanized or metal coated stock of any kind.

Item 7. "Machine shop turnings". New, clean steel or wrought-iron turnings, free from lumps, badly tangled or matted material, cast-iron borings, other metals, excessive oil, dirt, or foreign material of any kind. Badly rusted or corroded stock may not be included.

Item 8. "Mixed borings & turnings". Clean, short, steel and wrought-iron turnings, drillings, screw cuttings, and cast or malleable iron borings and drillings, free from stringy, bushy, tangled, corroded material, lumps, excessive oil, scale, other metals, dirt, or foreign material of any kind.

Item 9. "Shovelling turnings". Clean, short, steel and wrought-iron turnings, drillings, or screw cuttings free from stringy, bushy, or tangled material, corroded or rusty lumps, excessive oil, scale, other metals, dirt, or foreign material of any kind.

Item 10. "No. 2 busheling". Cut hoops, netting, cotton ties, sheet, and similar material lighter than no. 12 gage, no dimension over 8 inches. This grade must be free from hard steel, cast, malleable, and galvanized or metal coated material of any kind.

Item 11. "Cast iron borings". New, clean cast-iron borings and drillings, free from steel turnings and from badly corroded or rusty material, lumps, oil, scale, other metals, dirt, or foreign material of any kind.

Item 12. "Low phos. billet, bloom & forge crops". Billet, bloom, axle, heavy forge, or bar crops not over 0.04 percent of phosphorus or sulphur, not over 0.5 percent of silicon, free from alloys. Not less than 2 inches square or diameter, not over 18 inches wide and sheared to lengths not over 36 inches. No piece to weigh less than 10 pounds nor more than 500 pounds. Must be new material and free from excessive rust.

Item 13. "Low phos. bar crops & smaller". Bar crops not over 0.04 percent of phosphorus or sulphur, not over 0.5 percent of silicon, free from alloys. Not less than 2 inches square or diameter, not over 18 inches wide and sheared to lengths not over 36 inches. No piece to weigh less than 10 pounds. Must be new material and free from excessive rust.

Item 14. "Low phos. punchings & plate scrap". Punchings from plate and structural-steel scrap, not less than ¼ inch thick and not less than ½ inch diameter, not over 0.04 per cent of phosphorus or 0.05 per cent of sulphur, not over 0.5 per cent of silicon, free from alloys. Must be free from dirt and excessive rust or corrosion. Pieces must be cut 12 inches and under.

Item 15. "Heavy cut structural & plate scrap, 3 ft. & under". Open-hearth steel plates, structural shapes, crop ends, shearings, broken steel tires, knuckles, tool steel, and spring steel. Must be not less than ¼ inch thick, cut to 3 ft. and under. Not over 0.04 per cent of phosphorus or sulphur, clean, free from excessive rust and corrosion, and to contain no foreign material.

Item 16. "Heavy cut structural & plate scrap, 2 ft. & under". Open-hearth steel plates, structural shapes, crop ends, shearings, broken steel tires, knuckles, tool steel, and spring steel. Must be not less than ¼ inch thick, cut to 2 ft. and under. Not over 0.04 per cent of phosphorus or sulphur, clean, free from excessive rust and corrosion, and to contain no foreign material.

Item 17. "Heavy cut structural & plate scrap, 1 ft. & under". Open-hearth steel plates, structural shapes, crop ends, shearings, broken steel tires, knuckles, tool steel, and spring steel. Must be not less than ¼ inch thick, cut to 1 ft. and under. Not over 0.04 per cent of phosphorus or sulphur, clean, free from excessive rust and corrosion, and to contain no foreign material.

Items 18, 19, and 20 shall consist of uncoated steel parts of automobiles cut respectively to the dimensions specified and never to include body and fender stock.

Item 21. "Alloy free low phos. and sulphur turnings". New, clean steel or wrought-iron turnings, free from lumps, badly tangled or matted material, cast-iron borings, other metals, excessive oil, dirt, or foreign material of any kind. Badly rusted or corroded stock must not be included. (Material must be alloy free and 0.045 and under in phosphorus and sulphur).

Item 22. "First cut heavy axle & forge turnings". Heavy steel or iron axle or forge turnings, guaranteed not over 0.04 per cent of phosphorus or sulphur. Must not contain foreign material and must be clean and free from excessive rust and corrosion. Must not weigh less than 75 pounds per cubic foot.

*Item 23 must be new all black hydraulic compressed sheet bundles 12 x 12 x 18 in. or smaller.**

§ 1304.14 *Appendix B — Maximum prices for iron and steel scrap originating from railroads—(a) Scrap originating from railroads operating in a basing point[1] named below.* The scrap is at its point of delivery to the consumer when it has arrived for unloading at the plant of the consumer.

"Transportation charges" means the established charges for transporting the scrap by the mode of transportation employed. If no established transportation rate exists for all or a portion of the movement to the point of delivery then the actual charge or cost incurred in such movement or portion thereof may be used in computing transportation charges. In no case shall transportation charges include any charge or cost incurred in unloading the scrap at the point of delivery, or in subsequent handling.

(1) *Delivered to a consumer's plant located on the line of the railroad from which the scrap originated*

[1] Where the railroad originator of the scrap operates in two or more of the Basing Points named above, the highest of the maximum prices established above for such Basing Points shall be the maximum price of the scrap delivered to a consumer's plant at any point on the railroad's line.

[2] The term "rails for rerolling" includes any rails which are sold to be used for rerolling, irrespective of whether or not such rails are usable for re-laying.

(ii) *Grades not listed.* (a) The price at which a consumer located on the line of the railroad from which the scrap originated may purchase any grade of scrap not listed above shall not exceed the average price per gross ton which such railroad sold such grade delivered to the plant of a consumer, whether located on or off the line of the railroad, during the period commencing September 1, 1940, and ending January 31, 1941, or, in case no sale was made during the period, the price at which the grade was last sold by the railroad prior thereto, *and, in either event,* adjusted to allow for the average grade differentials of the railroad in a manner indicated in subparagraph (b) below.

(b) For purposes of subparagraph (a) above, the maximum prices for any grade not listed in paragraph (1), (i), shall be adjusted to allow for the average grade differentials of the railroad by:

First, computing the amount of the base grade differential for the railroad which shall be the difference between the average price per gross ton at which the railroad from which the scrap originated sold No. 1 Railroad Grade Heavy Melting Steel Scrap delivered to the plant of the consumer, whether located on or off the line of the railroad, during the period commencing September 1, 1940, and ending January 31, 1941, and the railroad's maximum price established for such grade under paragraph (1), (i); and

Second, by applying this base grade differential to the price to be adjusted by either (1) subtracting the amount of such differential from such prices in case the railroad's average price of No. 1 Railroad Grade Heavy Melting Steel Scrap exceeds the railroad's maximum price established for such grade under paragraph (a), (1), or (ii) adding the same in case the railroad's average price is less than such maximum.

(2) *Delivered to a consumer's plant located off the line of the railroad from which the scrap originated.* Except in the case of shipments of scrap by vessel from Duluth, Minnesota, or Superior, Wisconsin to consumers located in Buffalo, N. Y., Cleveland, Ohio, Elyria, Ohio, and Saginaw, Michigan, the maximum price is either of the following, whichever is greater:

(i) The maximum price established in paragraph (1) above, for scrap delivered to a consumer on the line of the railroad from which the scrap originated, or, if the consumer can establish that he has been served by the same source of scrap in the past, this maximum price

plus transportation charges (including off-the-line switching charges), from the railroad's line to the point of delivery, of not more than two dollars per gross ton for Rails for Rerolling, Scrap Axles and other scrap for rerolling, and of not more than one dollar per gross ton for all other grades of scrap; or

(ii) The prices listed in paragraph (1) above, for the Basing Point nearest the consumer's plant.

Where scrap is shipped by vessel from Duluth, Minnesota, or Superior, Wisconsin, to consumers located in Buffalo, New York, Elyria, Ohio, Cleveland, Ohio, Saginaw, Michigan, the maximum delivered price shall be the maximum price established in paragraph (1) above, for scrap delivered to a consumer on the line of the railroad from which the scrap originated, plus transportation charges from the railroad's line to the point of delivery.

(b) *Scrap originating from railroads not operating in any of the basing points named above.* Except in the case of Rails for Rerolling, the maximum price of any grade of such scrap delivered to consumers located on and off the line of the railroad shall not exceed:

(1) *For the grades listed above, either of the following, whichever is less:*

(i) The average price per gross ton at which the railroad originator of the scrap sold any such grade to consumers located on and off the line of the railroad during the period commencing September 1, 1940 and ending January 31, 1941; *or*

(ii) The price at the Basing Point nearest, in terms of transportation charges, to the consumer's plant; and

(2) *For the grades not listed above, either of the following, whichever is less:*

(i) The average price per gross ton at which the railroad originator of the scrap sold any such grade to consumers located on and off the line of the railroad during the period commencing September 1, 1940, and ending January 31, 1941; *or*

(ii) The average price per gross ton as determined in Subparagraph (1) hereof, minus the amount by which the average price of No. 1 Railroad Grade Heavy Melting Steel scrap, as determined in (1), exceeds the price of No. 1 Railroad Grade Heavy Melting Steel scrap at the Basing Point nearest, in terms of transportation charges, to the consumer's plant.

In the case of Rails for Rerolling, the maximum price of such scrap f. o. b. the line of the railroad originator thereof shall be the average price per gross ton at which the railroad originator sold such grade f. o. b. *its line* during the period commencing September 1, 1940, and ending January 31, 1941. The maximum price of Rerolling Rails shall be the f. o. b. line price thus established plus transportation charges from the railroad's line to the rerolling mill's point of delivery.

This exception for Rails for Rerolling applies only to railroads not operating in a Basing Point named in paragraph (a), (1), (i) hereof.

(c) *Scrap which cannot be identified as to origin.* The maximum price per gross ton at which a consumer may purchase any grade of railroad scrap which cannot be identified as to origin, shall not exceed the maximum price established under Appendix A for No. 1 Heavy Melting Steel.

(d) *Railroad scrap for which average price information is inadequate or unrepresentative.* Where scrap originates from a railroad, and the average price information required under paragraph (1) (ii) or (b) above, is inadequate or unrepresentative with respect to any grade of scrap, the Office of Price Administration shall establish such maximum price therefor as it shall deem reasonable. In such case, whenever feasible, due regard shall be given to the maximum prices established for nearby railroads, or the price at the Basing Point nearest the railroad's place of accumulation, or both.

(e) *Maximum shipping point and delivered prices for No. 1 Heavy Melting Steel, scrap rails and rails for rerolling originating from mines, and logging roads—The most favorable basing point.* The "most favorable basing point" is the basing point, which when used to compute the shipping point price in the manner set forth in subparagraphs (1) and (2) below, will yield the highest shipping point price.

(1) *Where shipment to the consumer is wholly or partially by rail, or vessel, or combination of rail and vessel.* Where the shipment of such scrap to the consumer is by rail, or vessel, or combination of rail and vessel, the scrap is at its shipping point when it is placed f. o. b. railroad car or f. a. s. vessel for shipment to the consumer. In such cases, the maxing shipping point price shall be the price listed in paragraph (a) hereof for the scrap at the most favorable basing point, minus the lowest established charge for transporting scrap from the shipping point to such basing point by rail or water carrier, or combination thereof. Where such transportation includes vessel movement, the tariffs establishing charges at the dock or, in case no such tariffs are published, 75 cents per gross ton must be included as part of the deduction in computing the shipping point price.

(2) *Where shipment to the consumer is solely by motor vehicle.* Where the shipment of such scrap to the consumer is solely by motor vehicle, the scrap is at its shipping point when it has been loaded on such vehicle. In such cases, the maximum shipping point price shall be the price listed in paragraph (a) hereof for the scrap at the most favorable basing point minus the lowest established charge for transporting scrap by common carrier from the shipping point to such basing point. Where such transportation includes vessel movement, the tariffs establishing charges at the dock, or in case no such tariffs are published, 75 cents per gross ton must be included as part of the deduction in computing the shipping point price. If no established transportation rate exists for all or a portion of the movement from shipping point to basing point, the actual charge or cost customarily incurred by the shipper in such portion of the movement shall be included as part of the deduction in computing the shipping point price.

Provided, however, That the shipping point price as computed in subparagraphs (1) and (2) above, need in no case be less than $13.00 per gross ton for No. 1 Heavy Melting Steel, $14.00 per gross ton for Scrap Rails and $16.00 per gross ton for Rails for Rerolling.

The maximum delivered price of such rails shall be the shipping point price thus established, plus transportation charges from the shipping point to the point of delivery. In no case shall such transportation charges include any charge or cost incurred in placing the scrap at its shipping point. If shipment is by water, and tariffs establishing charges at the dock are published, charges incurred at the dock, but not to exceed the published tariffs, may be included as part of transportation charges. Where no such tariffs are published, actual charges incurred at the dock, but not to exceed 75 cents per gross ton, may be included as part of transportation charges. In either case such charges must be shown as a separate item on the invoice.

(f) *Unprepared scrap.* The maximum prices established hereinabove are maximum prices for prepared scrap. For unprepared scrap, maximum prices shall be $2.50 less than the maximum prices for the corresponding grade or grades of prepared scrap.

Where scrap is to undergo preparation prior to its arrival at the point of delivery, such scrap is not at its shipping point, as that phrase is defined in paragraph (c) hereof, until after such preparation has been completed.*

§ 1304.15 *Appendix C — Maximum prices for cast iron scrap other than railroad scrap*—(a) *Maximum price at shipping point.* Where the shipment of the scrap to the consumer is wholly or partially by rail, or vessel, or combination of rail and vessel, the scrap is at its shipping point when it has been placed f. o. b. railroad car or f. a. s. vessel for shipment to the consumer.

Where shipment of the scrap to the consumer is solely by motor vehicle, the scrap is at its shipping point when it has been loaded on such vehicle.

The shipping point price for grades[1] of cast iron scrap at the following shipping points in the United States shall be:

[All the prices given below are per gross ton]

	Group A	Group B	Group C
1. No. 1 Cupola Cast	$18.00	$19.00	$20.00
2. No. 1 Machinery Cast, Drop, Broken, 150 lbs. and under	18.00	19.00	20.00
3. Clean auto cast	18.00	19.00	20.00
4. Stove plate	14.00	15.00	16.00
5. Heavy breakable cast	16.50	17.50	18.50
6. Charging box size cast	17.25	18.25	19.25

Group A includes the states of Montana, Idaho, Wyoming, Nevada, Utah, Arizona and New Mexico.
Group B includes the states of North Dakota, South Dakota, Nebraska, Colorado, Kansas, Oklahoma, Texas and Florida.
Group C includes all states not named in groups A and B.

(b) *Maximum price delivered to a consumer.* Scrap is at its point of delivery to a consumer when it has arrived for unloading at the plant of the consumer.

(i) Except as provided in subparagraph (ii), below, the maximum price at which any grade of scrap may be delivered to a consumer is the shipping point price as listed in paragraph (a) above, plus the established charge for transporting the scrap from the shipping point to the point of delivery by the mode of transporting employed. If no established transportation rate exists for all or a portion of the movement from shipping point to point of delivery, then the actual charge or cost incurred in such movement or portion thereof, may be added in computing the maximum delivered price. In no case shall such transportation charge include any charge or cost incurred in placing the scrap at the shipping point; nor shall any charge or cost incurred in unloading the scrap at the point of delivery, or in subsequent handling, be included. If shipment is by water, and tariffs establishing charges at the dock are published, charges incurred at the dock, but not to exceed the published tariffs, may be included as part of transportation charges. Where no such tariffs are published, actual charges incurred at the dock but not to exceed 75 cents per pross ton, may be included as part of transportation charges. In either case such charges must be shown as a separate item on the invoice.

(ii) Where the shipment of the scrap to the consumer is solely by motor vehicle, the delivered price shall not exceed the shipping point price unless the consumer shall receive a certificate made out to the Office of Price Administration, Washington, D. C. and signed by the person from whose yard or point of accumulation the scrap was placed at its shipping point and by the person by whom or on behalf of whom the scrap was transported from shipping point to point of delivery. Such certificate shall specify the shipping point, quantity and grade of the scrap, and the transportation charges from shipping point to point of delivery. The consumer shall acknowledge receipt of the material on the face of the certificate.

The above mentioned certificate, shall be preserved by the consumer as part of the record-keeping requirements outlined in § 1304.8. A copy shall likewise be preserved by all persons signing the certificate.

(c) *Definitions of grades referred to in paragraph (a).*

Item 1. No. 1 cupola cast. Clean cast-iron scrap, such as columns, pipes, plates, and castings of miscellaneous nature, but free from stove plate and agricultural scrap. Must be cupola size, not over 24 by 30 inches in dimensions, and no piece to weigh over 150 pounds. Must be free from foreign material.

Item 2. No. 1 machinery cast, drop broken, etc. Clean machinery cast-iron scrap. Must be cupola size, not over 24 by 30 inches in dimensions, and no piece to weigh over 150 pounds.

Item 3. Clean auto cast. Clean, broken auto blocks, free of all steel parts and broken 75 pounds or under.

Item 4. Stove plate. Clean cast-iron stove plate. Must be free from malleable and steel parts, window weights, plow points, grates, burnt iron, etc.

Item 5. Heavy breakable cast. Clean cast-iron scrap, such as columns, pipes, plates, and castings of miscellaneous nature, weighing over 150 pounds, and which can be broken by an ordinary drop into cupola size.

Item 6. Charging box size cast. Clean cast-iron scrap, such as columns, pipes, plates and castings of miscellaneous nature, but free from stove plate and agricultural scrap. Must be 18 in. x 18 in. x 5 ft. and smaller.*

§ 1304.16 *Appendix D — Maximum prices for iron and steel scrap for export from the United States.* (Per Gross Ton, f. a. s. and f. o. b. Point of Export)

(a) *Other than railroad scrap.* The maximum export price of any grade of iron and steel scrap other than railroad scrap shall be the maximum shipping point price derived under Appendix A or C, plus all transportation charges, as defined in paragraph (d) of Appendix A, for transporting the scrap from the shipping point to the place of export. For scrap exported by ship this maximum export price shall be f. a. s. vessel at the place of export and actual costs incident to shipment for export may be added if shown as a separate charge on the invoice. For scrap exported by means other than by ship, this maximum export price shall be f. o. b. railroad cars at the place of export. Commission of the domestic broker may be added as provided in § 1304.6 of this Schedule and must be shown as a separate charge on the invoice.

(b) *Scrap originating from railroads.* The maximum export price of any grade of iron and steel scrap of railroad origin shall be the maximum price established and determined under Appendix B for a consumer located on the line of the railroad originator of the scrap plus all transportation charges, as defined in paragraph (a) of Appendix B, from the line to the place of export. For scrap originating from a railroad not operating at a Basing Point, no transportation charges shall be added to the maximum prices of such scrap as determined under Appendix B. For scrap exported by ship these maximum prices shall be f. a. s. vessel at the place of export and actual costs incident to shipment for export may be added if shown as a separate charge on the invoice. For scrap exported by means other than by ship, this maximum export price shall be f. o. b. railroad cars at the place of export. Commission of the domestic broker may be added as provided in § 1304.6 of this Schedule and must be shown as a separate charge on the invoice.*

§ 1304.17 *Appendix E—Maximum prices for iron and steel scrap imported into the United States.* Only consumers, and persons acting as brokers on behalf of specific consumers, may enter into contracts to import iron and steel scrap.

Imported scrap is at its point of delivery to a consumer when it has arrived for unloading at the consumer's plant.

No such purchase of imported scrap may be made until after the consumer has filed with the Office of Price Administration, Washington, D. C., a fully detailed statement under oath setting forth the name and address of the seller, the grade and quantity of the scrap, a detailed breakdown of all factors of which the price at the point of delivery is comprised; and until such application has been approved.

Immediately upon delivery of such scrap, the consumer must file certified copies of bills of lading covering the shipment of such scrap.*

[F R. Doc. 41-9644; Filed, December 22, 1941; 11:47 a. m.]

[1] Maximum prices of inferior grades shall continue to bear the same differential below the corresponding schedule grade as existed during the period September 1, 1940, to January 31, 1941. In no case shall any grade deemed by buyer, or seller, or both to be superior to any grade listed above be sold at a premium above the corresponding schedule grade except upon prior approval by the Office of Price Administration. No special preparation charges may in any case be added to the prices listed above.

PART 1316—COTTON TEXTILES

AMENDMENT NO. 7 TO PRICE SCHEDULE NO. 11—FINE COTTON GREY GOODS

Sections 1316.1 to 1316.8, inclusive, are hereby amended so that Price Schedule No. 11 shall read as follows:

§ 1316.1 *Maximum prices for fine cotton goods.* On and after the applicable ceiling date (as set forth in Appendix A, incorporated herein as § 1316.13), regardless of the terms of any contract of sale or purchase, or other commitment, no person shall sell, offer to sell, deliver or transfer fine cotton goods, and no person shall buy, offer to buy, or accept de-

livery of fine cotton goods, at prices higher than the maximum prices set forth in Appendix A, except as provided in § 1316.3.*

*§§ 1316.1 to 1316.8, inclusive, issued under the authority contained in Executive Orders Nos. 8734, 8875, 6 F.R. 1917, 4483.

§ 1316.2 *Less than maximum prices.* Lower prices than those set forth in Appendix A may be charged, demanded, paid or offered.*

§ 1316.3 *Wholesalers, jobbers, and retailers.* The maximum prices established herein and the provisions of §§ 1316.5 and 1316.6 are not applicable to sales or deliveries of fine cotton goods made by any wholesaler, jobber, or retailer in the performance of a recognized distributive function: *Provided,* (a) That sales and deliveries of fine cotton goods (1) to a domestic converter or finisher or (2) by the manufacturer thereof or by any agent of such manufacturer, shall not be made at prices higher than the established maximum prices; and (b) that records, as required by § 1316.5, shall be kept of every sale or delivery by a wholesaler or jobber for export.*

§ 1316.4 *Evasion.* (a) The price limitations set forth in this Schedule shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery or transfer of fine cotton goods, alone or in conjunction with any other material, or by way of any commission, service, transportation, or other charge, or discount, premium, or other privilege, or by tying-agreement or other trade understanding, or otherwise.

(b) No price agreed upon in any contract shall be changed by amendment of such contract, by substitution therefor of a new contract, or otherwise (whether or not such change is made pursuant to the terms of the original contract) if the change so effected results in an agreed price in excess of the maximum price applicable under § 1316.13 hereof, in accordance with the date the original contract was made, to the original contract or to deliveries pursuant thereto.*

§ 1316.5 *Records.* Every person making purchases or sales of fine cotton goods after December 23, 1941, shall keep for inspection by the Office of Price Administration for a period of not less than one year, complete and accurate records of (a) each such purchase or sale, showing the date thereof, the name and address of the buyer or the seller, the price paid or received, and the quantity of each construction of fine cotton goods purchased or sold; (b) the quantity in yards of fine cotton goods, (1) on hand, and (2) on order, as of the close of each calendar month; and (c) in the case of manufacturers, the quantity in yards or pounds of each construction of fine cotton goods manufactured during each calendar month. When used in this section, the term "fine cotton goods" includes fine cotton goods whether or not subject to the maximum prices established herein.*

§ 1316.6 *Details required in contract of sale and invoice.* (a) Every seller of fine cotton goods shall, with respect to each sale thereof, deliver to the purchaser a contract of sale which shall contain, in addition to the terms thereof, (1) the date on which the sale or contract of sale was made; and (2) a full description of each construction of fine cotton goods sold, including (i) the width; (ii) the cloth count; (iii) the number of yards per pound; and (iv) where, in conformity with the Schedule, a premium is charged, the feature of the goods or of their manufacture for which such premium is allowed.

(b) Every seller of fine cotton goods shall, with respect to each delivery thereof, transmit to the purchaser an invoice or similar document which shall either contain the information required by (a) above or make reference to the contract in which such information is set forth.*

§ 1316.7 *Reports.* (a) On or before January 10, 1942, and on or before the 10th day of each month thereafter, every manufacturer of fine cotton goods (including manufacturers of fine cotton goods not subject to the maximum prices established herein) shall submit to the Office of Price Administration, Washington, D. C. a report on Form 111:6 setting forth in the detail required by the Form all the constructions (including fancy weaves) of fine cotton goods, other than the constructions and weaves for which maximum prices are established in Appendix A, manufactured by such person in quantities in excess of 15,000 yards during the preceding calendar month, and the highest prices at which each such construction was sold, both for immediate and future delivery, during such month. Copies of Form 111:6 can be procured from the Office of Price Administration.

(b) Persons affected by this Schedule shall submit such other reports to the Office of Price Administration as it may, from time to time, require.*

§ 1316.8 *Affirmations of compliance.* On or before January 10, 1942, and on or before the 10th day of each month thereafter, every person, who during the preceding calendar month has purchased or sold fine cotton goods, whether for immediate or future delivery, shall submit to the Office of Price Administration an affirmation of compliance on Form 111:7, containing a sworn statement that during such month all such purchases or sales were made at prices in compliance with this Schedule or with any exception therefrom or modification thereof. Copies of Form 111:7 can be procured from the Office of Price Administration, or, provided that no change is made in the style and content of the form and that it is reproduced on 8 x 10½" paper, they may be prepared by persons required to submit affirmations of compliance hereunder.*

§ 1316.9 *Enforcement.* In the event of refusal or failure to abide by the price limitations, record requirements, or other provisions of this Schedule, or in the event of any evasion or attempt to evade the price limitations or other provisions of this Schedule, the Office of Price Administration will invoke all appropriate sanctions at its command, including taking action to see (a) that the Congress and the public are fully informed thereof; (b) that the powers of the Government, both state and federal, are fully exerted in order to protect the public interest and the interests of those persons who comply with this Schedule; and (c) that the procurement services of the Government are requested to refrain from selling to or purchasing from those persons who fail to comply with this Schedule. Persons who have evidence of the offer, receipt, demand or payment of prices higher than the maximum prices, or of any evasion or effort to evade the provisions hereof, or of speculation or manipulation of prices of fine cotton goods or of the hoarding or accumulating of unnecessary inventories thereof, are urged to communicate with the Office of Price Administration.*

§ 1316.10 *Modification of the schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modification thereof or exception therefrom: *Provided,* That no application under this section will be considered by the Office of Price Administration unless filed by persons complying with the Schedule.*

§ 1316.11 *Definitions.* When used in this Schedule, the term:

(a) "Person" means an individual, partnership, association, corporation, or other business entity;

(b) "Fine cotton goods" means (i) cotton grey goods made wholly or in part of combed yarn and (ii) carded cotton grey goods, other than those subject to the maximum prices established in Price Schedule No. 35, in which the average number of the warp and filling yarns is 35 or above; but, unless otherwise specified, refers only to goods of the types and specifications for which maximum prices are established in Appendix A;

(c) "Ceiling date" means the date, as specified in Appendix A, on which this Schedule becomes effective with respect to any given fabric;

(d) "For export" means to any person or persons outside the United States, its territories and possessions.*

§ 1316.12 *Effective date of the schedule.* This Schedule shall become effective June 28, 1941.*

§ 1316.13 *Appendix A, maximum prices for fine cotton goods*—(a) *Arrangement of appendix.* Paragraph (b) sets forth the terms of sale to be observed in connection with the maximum prices established in this Schedule.

Paragraph (c) contains the maximum prices established for the types of fine cotton goods listed therein prior to December 24, 1941. The maximum prices set forth in paragraph (c) are applicable to such types of goods there listed when delivered against contracts entered into prior to December 24, 1941, except that they do not apply to deliveries for export or to deliveries against contracts made between December 10 and December 23, 1941, inclusive, in which the parties agreed that the buyer's obligations should be discharged at prices not in excess of the maximum prices established in any revision of this Schedule becoming effective before January 1, 1942.[6]

Paragraph (d), as qualified by paragraph (e), contains maximum prices applicable to all transactions other than (1) deliveries for export against contracts entered into prior to December 24, 1941, and (2) deliveries subject to the maximum prices set forth in Paragraph (c).

Paragraph (e) sets forth the conditions under which, in addition to the otherwise applicable maximum prices as found in paragraph (d), premiums may be paid for (1) fine cotton goods made to special physical requirements established by the buyer and (2) fine cotton goods of demonstrably superior quality.

(b) *Terms of sale.* The maximum prices set forth herein are prices f. o. b. the seller's point of shipment; they are gross prices before discounts of any nature are deducted and include all commissions.

(c) *Fine cotton goods covered by contract prior to December 24, 1941.* The following are maximum prices for fine cotton goods delivered against any sale or contract of sale (other than a sale or contract of sale for export) entered into prior to December 24, 1941, except that the maximum prices set forth in (d) below shall apply, in lieu of the following maximum prices, to deliveries against sales or contracts of sale entered into between December 10 and December 23, 1941, inclusive, in which the parties agreed that the buyer's obligation should be discharged at prices not in excess of the maximum prices established in any revision of this Schedule becoming effective before January 1, 1942.

The maximum prices set forth herein become effective on December 24, 1941, which shall constitute the ceiling date for the fabric subject thereto.

[1] This maximum price applies to deliveries against contracts entered into prior to August 23, 1941.

[2] This maximum price applies to deliveries against contracts entered into on or after August 23, 1941.

[3] For seconds and shorts, five per cent less than the above figures constitutes the maximum price.

[4] For deliveries against contracts entered into on or after October 4, 1941, for 40"—96 x 100 combed lawn meeting United States Marine Corps specifications for Rubberized Poncho (adopted May 10, 1938, corrected to December 30, 1940, a premium of ¾ cent per yard may be charged.

(d) *Fine cotton goods not covered by contract prior to December 24, 1941*—(1) *Applicability of maximum prices in paragraph (d).* The maximum prices established in paragraph (d) apply to all offers to buy or sell, sales or contracts of sale, deliveries, and transfers made or entered into on or after December 24, 1941, except (i) deliveries for which maximum prices are established by (c) above, and (ii) deliveries for export against contracts entered into prior to December 24, 1941.[1]

(2) *Determination of maximum price.* Subject to the qualifications contained in Paragraph (e) below, the maximum price for any offer to buy or sell, sale or contract of sale, delivery or transfer of fine cotton goods shall be determined in the following manner from the tables appearing below:

(i) *Offer to buy or sell.* By the spot cotton price[2] of the business day immediately preceding that on which the offer was made, except that, if the offering price is not otherwise specified, an offer to buy or sell at the maximum price applicable on the day the contract of sale is to be made shall not be a violation of the Schedule;

(ii) *Sale or contract of sale.* By the spot cotton price of the business day immediately preceding the day on which the sale or contract of sale is made, regardless of the maximum price applicable to the offer pursuant to which such sale or contract is made;

(iii) *Delivery or transfer.*[3] By the spot cotton price of the business day immediately preceding that on which the sale or contract of sale is made, regardless of any change in the spot cotton price subsequent thereto, except that, where the sale or contract of sale was made on or before July 20, 1941, the applicable maximum price shall be determined on the basis of a spot cotton price of 15.99 cents per pound.[4]

(3) *Ceiling date.* The maximum prices set forth in the tables below and the qualifications thereto of paragraph (e) become effective on December 24, 1941, which shall constitute the ceiling date for the fabrics covered by said tables and by said qualifications thereto.

(4) *Maximum price tables*

Table I

In addition to the maximum prices set forth below, the following premiums for special manufacturing processes may be charged. None of the premiums allowable hereunder is applicable, however, to any fabric which, in its basic construction, is normally manufactured by means of the process on which such premium is predicated.

Name of manufacturing process	*Premium*
Weaves requiring five or more cams:	
Weaves which (exclusive of salvage) require 5 cams.	¼¢ per yd.
Weaves, other than plain, which (exclusive of salvage) require 6 or more cams.	½¢ per yd.
Dobby looms:	
Weaves requiring 16 harnesses or less.	1¼¢ per yd.
Weaves requiring more than 16 harnesses.	1½¢ per yd.
Fancy draw:[1]	
For ply cords, bunched ends, skip dents, double draw (2 ends or more weaving as one), reverse-twist warp stripes, or any other novelty draw, or for any combination of the above.	½¢ per yd.
Each extra beam	½¢ per yd.
Hard twist:	
Warp yarn: where turns per inch equal 5¼ or more times the square root of yarn size.	½¢ per yd.
Filling yarn: where turns per inch equal 4¾ or more times the square root of yarn size.	½¢ per yd.
Clipping	1¢ per yd.[2]
Slubs:	
Cloths with 60 or more picks per inch.	3¢ per lb.
Cloths with less than 60 picks per inch.	2¢ per lb.

[1] The fancy-draw premium is not applicable to all-over patterns made on a dobby loom or with five or more cams unless additional effects of the types specified above are added to the all-over pattern.

[2] For clip spot marquisettes a premium greater than 1 cent per yard may be charged, but it shall not exceed the premium heretofore customary in the trade.

[1] Manufacturers of fine cotton goods may make application to the Office of Price Administration for permission to sell such goods for export at a premium commensurate with the additional packaging costs, selling expenses, and credit risks involved.

[2] The term "spot cotton price," when used herein, means the average, published daily by the United States Department of Agriculture, Agricultural Marketing Service, of the price quotations for middling 15/16-inch cotton on ten designated spot markets.

[3] Except as provided in paragraph (c), this method of determining the maximum price shall be used in connection with deliveries and transfers pursuant to sales or contracts of sale made before, as well as on or after, the applicable ceiling date.

[4] Sales under "open-price" contracts, pursuant to which the price is to be determined as of a date subsequent to that on which the contract is entered into, are permissible hereunder, provided that the contract (1) specifies the quantity of goods to be delivered and (2) fixes the exact date upon which the price is to be settled. In connection with such contracts the date on which the price is settled shall be regarded, for purposes of paragraph (d), as the day on which the sale or contract of sale is made.

[1] The maximum price for cloth of a thread count listed in this table but of a different width ufrom that mentioned therein shall be directly proportionate, in the ratio of the respective widths, to the stated maximum price for cloth of that thread count.

For seconds and short lengths of any fabric subject to the maximum prices established in this Schedule, the maximum prices shall be five per cent less than the above prices.

[2] For 40" (6 x 100 combed lawn meeting United States Marine Corps specifications for Rubberized Poncho (adopted May 10, 1938, corrected to December 30, 1940) a premium of ¾ cent per yard may be charged.

(e) *Premiums.* (1) In addition to the maximum prices set forth in (d) above, a premium may be demanded, charged, paid, or accepted for fine cotton goods made pursuant to specifications furnished by the buyer establishing special physical requirements which cannot be met by the same goods of commercial quality: *Provided*, That, except in accordance with permission granted under § 1316.13 (e) (3):

(i) The premiums shall not exceed the highest differential in price charged (in cents over the then prevailing market price of the same goods of commercial quality) by the seller for goods of the same specifications during the 12 months immediately prior to June 1941, or, if no such goods have been sold by the seller during that period, 5 per cent of the otherwise applicable maximum price;

(ii) No premium shall be charged hereunder, unless the specifications to which the goods are made were issued by the buyer prior to July 21, 1941.

(2) Every seller making a sale, contract of sale, or delivery of fine cotton goods at a price including all or part of any premium permissible under § 1316.13 (e) (1) shall, on or before the 10th day of the succeeding month, file with the Office of Price Administration a sworn statement on Form 111:8 stating, with respect to each sale, contract of sale, or delivery made during the preceding calendar month, the date of the sale or contract of sale; the quantity of goods covered thereby; the date or dates when delivery is to be or has been made; the name of the manufacturer of the goods and of the buyer; the price agreed upon, charged, or paid; the buyer's specifications, in accordance with which the goods are made; the date of issuance thereof by the buyer; the use to which the goods are to be put; and the special physical requirements which are relied upon for the premium charged: *Provided*, That if a report, as required hereunder, is duly made of a sale or contract of sale, or any delivery pursuant thereto, no report need be made of any subsequent delivery of the same kind of goods pursuant to such sale or contract of sale.

(3) Application may be made by any buyer, or, where goods have been sold but not delivered prior to the applicable ceiling date, by any seller, to the Office of Price Administration for permission to pay or accept, in addition to the maximum prices appearing in paragraphs (c) or (d), a premium for (i) fine cotton goods made to such buyer's specifications issued on or after July 21, 1941; (ii) specification goods of a kind not manufactured by the seller during the 12 months immediately prior to June 1941, and for which the buyer considers it fair to pay such seller a premium of more than 5 per cent over the otherwise applicable maximum price; (iii) specification goods of a kind manufactured and sold by a seller during the 12 months immediately prior to June 1941 under such circumstances that the highest differential in price charged (in cents over the then prevailing market price of the same goods of commercial quality) by such seller during said 12-month period does not represent a fair and equitable return for the additional manufacturing cost entailed in meeting the specifications for such goods; or (iv) fine cotton goods of a quality demonstrably superior to that of the same goods of staple commercial grade. Such application, which shall be sworn to before a notary public, shall be accompanied by a yard-long sample of the fabric in its full width and state in detail (i) the construction of the cloth, including the width, thread count, and weight, and, with respect to both the warp and filling yarns, the yarn number and the staple, grade, and kind of cotton used; (ii) the specifications, if any, to which the goods are made; (iii) the use to which the goods are to be put; (iv) the reasons, if any, why goods of staple commercial quality would not be satisfactory for such use; and (v) the person or persons, if any, from whom the goods were purchased and the premiums if any, paid (in cents over the prevailing market prices of the same goods of commercial quality) for such goods during the 3 years preceding the application. Upon receipt of any such application the Office of Price Administration will permit any person affected by such application to file a written statement setting forth facts pertinent to the issue of whether permission to pay a premium should be granted and, if so, in what amount; and will conduct such further investigation as it deems necessary and proper. No permission will be granted hereunder unless it is shown that it is essential to the buyer's business to obtain goods of the type for which he seeks to pay a premium and that the seller is entitled to receive a premium for such goods, and unless the Administrator finds that production of such goods would not be inconsistent with the interests of national defense. Permission granted to any buyer or to any seller hereunder will constitute authority for the other to accept or pay, as the case may be, the premium approved therein. In granting any permission hereunder the Office of Price Administration will require appropriate reports to be filed by the buyer and seller.*

Issued this 23rd day of December 1941. This amendment No. 7 shall become effective December 24, 1941.

LEON HENDERSON,
Administrator.

TITLE 43—PUBLIC LANDS: INTERIOR

CHAPTER I—GENERAL LAND OFFICE

[Circular No. 1500]

PART 273—RAILROAD GRANTS, ETC.

ISSUANCE OF PATENTS FOR LANDS SOLD TO INNOCENT PURCHASERS FOR VALUE BY CERTAIN RAILROAD CARRIERS

§ 273.68 *Statutory authority.* Subsection (b) of section 321, Part II, Title, III, of the Transportation Act of 1940, approved on September 18, 1940 (54 Stat. 954), authorizes the issuance of patents for the benefit of certain innocent purchasers for value of land grant lands from railroad carriers which have released their land grant claims.*

*§§ 273.68 to 273.74, inclusive, issued under the authority contained in R.S. 453, 2478; 43 U.S.C. 2, 1201.

§ 273.69 *Lands for which applications may be made.* Subsection (b) of section 321, Part II, Title III, of the Transportation Act of 1940 provides that in the case of a railroad carrier, or a predecessor, which received a land grant to aid in the construction of any part of its railroad, the laws relating to compensation for certain Government transportation services shall continue to apply as though subsection (a) of section 321 had not been enacted unless the carrier shall file on or before September 18, 1941, with the Secretary of the Interior, in the form and manner prescribed by him, a release of any claim it may have to lands, interests in lands, compensation, or reimbursement on account of lands or interests in lands so granted, claimed to have been granted or claimed should have been granted. Section 321 provides further that nothing therein shall be construed as preventing the issuance of patents confirming the title to such uncertified or unpatented lands as the Secretary of the Interior shall find have been sold prior to September 18, 1940, to innocent purchasers for value. Subsection (b) of section 321 authorizing the issuance of such patents is not an enlargement of the grants, and does not extend them to lands not already covered thereby and, therefore, has no application to lands which for various reasons, such as mineral character, prior grants, withdrawals, reservations, or appropriation, were not subject to the grants. It does apply, however, to lands selected under remedial or lieu acts supplemental to the original grants as well as to primary and indemnity lands. Classification under section 7 of the Taylor Grazing Act of June 28, 1934 (48 Stat. 1269), as amended by the act of June 26, 1936 (49 Stat. 1976; 43 U.S.C. Sup. 315 f), will not be required where the sold land is such as the company was authorized by law to select.*

§ 273.70 *Applications.* Application, and supporting evidence, must be filed by the carrier in the proper District Land Office, accompanied by the fees and commissions required in connection with railroad-grant listings and selections. The application should state that it is filed under the railroad land grant act involved, properly cited, and subsection (b) of section 321, Part II, Title III of the Transportation Act of 1940, approved September 18, 1940 (54 Stat. 954). The application must be supported by a showing that the land is of the character which would pass under the grant involved, and was not by some superior or prior claim, withdrawal, reservation, or other reason, excluded from the operation of the grant. Full details of the alleged sale must be furnished, such as dates, the terms thereof, the estate involved, consideration, parties, amounts and dates of payments made, and amounts due, if any, description of the land, and transfers of title. The use, occupancy and cultivation of the land and the improvements placed thereon by the alleged purchaser should be described. All statements should be in affidavit form, duly corroborated. Available documentary evidence, including the contract or deed, should be filed, which may be authenticated copies of the originals. An abstract of title may be necessary, dependent upon the circumstances of the particular case. No application for a patent under this act will be favorably considered unless it be shown that the alleged purchaser is entitled forthwith to the estate and interest transferred by such patent. Evidence of a recorded deed of conveyance from the carrier to the purchaser may be required. Where the company has on file an application in which the sold land is embraced, it need not file a new application, but may file a request for amendment of the pending application to come under the Transportation Act of 1940, together with the showing, supra, required as to the bona fide sale.*

§ 273.71 *Action by registers.* The Registers, after assigning serial numbers to the applications and making notations thereof on their records, will forward all such applications, and the supporting evidence, to the General Land Office, with their current returns, making a brief statement in each case concerning the status of the land according to their records.*

§ 273.72 *Publication of notice.* The Commissioner of the General Land Office will authorize the Register to direct the publication of notice of the application. The notice will be published at the carrier's expense in a newspaper of general circulation in the vicinity of the land. If a daily newspaper be designated, the notice should be published in the Wednesday issue for five consecutive weeks; if weekly, for five consecutive issues; and if semi-weekly, in either issue for five consecutive weeks. The carrier must furnish evidence of such publication in due course. The Register will keep the notice posted in his office during the entire period of the publication. Notice need not be published, in case of amendment of a pending application, where publication has already been had.*

§ 273.73 *Surveying and conveyance fees.* The carrier must pay the cost of the survey of the land, paying also one-half the cost of any segregation survey in accordance with the laws and regulations pertaining to the survey and patenting of railroad lands. See 43 U.S.C. 881 et seq.; also 43 CFR 216.15 and 273.60.*

§273.74 *Patents.* If all be found regular and in conformity with the governing law and regulations, the Commissioner of the General Land Office will cause a patent to be issued in the name of the grantee under the railroad grant, the carrier paying the customary fees for the writing and issuance of a patent pursuant to a railroad land grant. Before any patent is issued, however, a clear list embracing the lands will be submitted to the Secretary of the Interior.

A final decision by the Commissioner of the General Land Office denying such an application for a patent will be subject to a right of appeal in accordance with the Rules of Practice.*

FRED W. JOHNSON,
Commissioner.

Approved: December 10, 1941.

OSCAR L. CHAPMAN,
Assistant Secretary.

TITLE 46—SHIPPING

CHAPTER I—BUREAU OF MARINE INSPECTION AND NAVIGATION

[Order No. 186]

GENERAL RULES AND REGULATIONS

AMENDMENTS

Pursuant to the authority of R.S. 4405, as amended (46 U.S.C. 375), an Executive Committee of the Board of Supervising Inspectors, Bureau of Marine Inspection and Navigation, was, after public notice, convened by the Acting Secretary of Commerce in the office of the Director, Bureau of Marine Inspection and Navigation, Department of Commerce, Washington, D. C., on December 4, 1941, at which session, after public hearings, the following regulations, amendments, and approvals of miscellaneous items of equipment were adopted.

SUBCHAPTER D—TANK VESSELS

PART 30—GENERAL PROVISIONS

Section 30.3 (aa) is amended to read as follows:

§ 30.3 *Definition of terms.*

* * * * * * *

(aa) *Reid vapor pressure.* Reid vapor pressure of a liquid at a temperature of 100° F. expressed in pounds per square inch, absolute, as determined by the "Reid Method", as described in Tentative Method D 323-40T of the American Society for Testing Materials. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

PART 32—REQUIREMENTS FOR HULLS, MACHINERY AND EQUIPMENT

Section 32.6-4 is amended to read as follows:

§ 32.6-4 *Electrical installation; general; existing tank vessels—TB/ALL.* The present electrical installation of existing tank vessels may be accepted if in the judgment of the inspector such installations are found to be safe and in good mechanical condition, and to comply with the regulations in effect when the vessel was built, or to the requirements of a recognized classification society. All portable extension cables and fittings shall be of an approved type.

Any major change in the present electrical installation or any conversion shall comply with §§ 32.6-1 to 32.6-3. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 32.6-5 is amended to read as follows:

§ 32.6-5 *Electrical installation; cargo pump rooms; existing tank vessels—TB/ALL.* The electrical installation in the pump rooms and enclosed spaces immediately adjoining cargo tanks (except in pump engine rooms as provided in § 32.3-4) of existing tank vessels shall be made to comply with §§ 32.6-1 to 32.6-4, to the extent that the changes required are, in the opinion of the local inspectors, necessary in the interests of safety. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 32.6-6 is deleted. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 32.8-5 is amended to read as follows:

§ 32.8-5 *Cargo pumps and piping; existing vessels—TB/ALL.* Cargo pumps and piping which do not fully comply with the regulations in this subchapter shall be made as nearly equal to the requirements for new vessels as is necessary in the interests of safety. Cargo pipe lines may pass through cargo pump engine compartments on existing vessels, provided no cargo valves are located therein. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

PART 33—LIFE SAVING APPLIANCES

Section 33.2-1 is amended to read as follows:

§ 33.2-1 *Tank ships; ocean—T/O.* All tank ships which normally operate more than 20 miles offshore shall carry a sufficient number of lifeboats on each side to accommodate all persons on board. No boat shall be of less than 180 cubic feet measurement. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 33.2-3 is amended to read as follows:

§ 33.2-3 *Tank ships; coastwise—T/C.* All tank ships which normally operate 20 miles or less offshore shall carry a sufficient number of lifeboats on each side to accommodate all persons on board. No boat shall be of less than 180 cubic feet measurement, except by approval of the Bureau. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

The headnote of § 33.2-6 is amended to read as follows:

§ 33.2-6 *Tank vessels; bays, sounds, lakes other than Great Lakes, and rivers—TB/BR:* * * * (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

The headnote of § 33.2-7 is amended to read as follows:

§ 33.2-7 *Tank vessels; short voyages beyond certificated waters—TB/LB.* * * * (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

PART 34—FIRE-FIGHTING EQUIPMENT

Section 34.3-12 is amended to read as follows:

§ 34.3-12 *Shutting down of boilers and machinery—T/ALL.* The fire extinguishing systems provided for in Part 34 which depend for their operation on the ship's boilers or machinery shall not be required to be immediately available at docks or at anchorages. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

PART 35—OPERATION

Section 35.1-7 (e) is amended to read as follows:

§ 35.1-7 *Emergency signals; fire and boat drills—T/ALL.*

* * * * * * *

(e) This section relating to fire and boat drills contemplates that such drills shall be conducted precisely as though an emergency existed. To accomplish the purpose of the section, life-boat covers and strongbacks shall be removed, plugs or caps put in place, boat ladders secured in position for use, painters carried forward and tended so as to provide a good lead and slack to hold the boat in position under the davits when in the water. The person in charge of each lifeboat or life raft should have a list of its crew and should see that the men under his orders are acquainted with their several duties. The hand pumps and fire pump shall be operated long enough and a sufficient number of outlets used to insure that such equipment is in order and effectual. The motor and the hand-operated propeller gear of each lifeboat shall be operated for a period of not less than 5 minutes once at least in every 7 days, in order that it may be ready for service at any time. Such operation shall be made a part of the report of such drill. When oxygen-breathing apparatus, gas masks, or other special equipment is carried, certain members of the crew shall be trained in the use of the equipment. (R. S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 35.2-1 is amended to read as follows:

§ 35.2-1 *Notice to mariners; aids to navigation—T/ALL.* (a) Licensed officers are required to acquaint themselves with the latest information published by the U. S. Coast Guard and the U. S. Navy regarding aids to navigation, and neglect to do so is evidence of neglect of duty. It is desirable that vessels navigating oceans and coastwise and Great Lakes waters shall have available in the pilot house for convenient reference at all times a file of the applicable Notice to Mariners. All vessels shall have charts of the waters on which they operate available for convenient reference at all times.

(b) Notice to Mariners, published weekly by the U. S. Coast Guard, which contains announcements and information regarding aids to navigation and charts of waters of the United States, is available for free distribution at the following places: Field offices of the U. S. Coast Guard; U. S. Coast and Geodetic Survey field stations, and the Marine Division, Customhouse. Notice to Mariners, published weekly by the U. S. Navy, for the correction of charts, sailing directions, light lists and other publications, and which includes foreign waters and certain waters of the United States, is available for free distribution at the Hydrographic Office, Branch Hydrographic Offices, or any of the agencies of seaboard ports, and is also on file in the U. S. consulates where they may be inspected. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 35.2-9, paragraphs (b), (c), (d), and (e), is amended to read as follows:

§ 35.2-9 *Reports of accidents to tank vessels—T/ALL.*[63]

* * * * * * *

(b) Whenever a tank ship collides with a lightship, buoy, or other aid to navigation under the jurisdiction of the U. S. Coast Guard, or is connected with

[63] See also § 1.38.

any such collision, it shall be the duty of the licensed officer in command of such vessel to report the accident to the nearest board of local inspectors. When any collision of this character is reported to a board of local inspectors, those officers shall immediately transmit such information to the District Commander, U. S. Coast Guard, of the district in which the collision occurred.

(c) Whenever a tank barge in tow collides with a lightship, buoy, or other aid to navigation under the jurisdiction of the U. S. Coast Guard, or is connected with any such collision, it shall be the duty of the towing vessel to report the accident to the nearest board of local inspectors, and when any collision of this character is reported to the local inspectors, such information shall be immediately transmitted to the District Commander, U. S. Coast Guard, of the District in which the collision occurred.

(d) Whenever in an investigation of an accident it develops that such accident was due to a collision with a light vessel, buoy, or other aid to navigation under the jurisdiction of the U. S. Coast Guard, or to any fault of any aid, or to the lack of such aid, the Bureau shall promptly notify the Commandant, U. S. Coast Guard, on the form provided for the purpose, the location of the accident; the aid to navigation near or at which the accident occurred; the nature of the accident; whether or not the accident is due to some alleged fault of the aid, either in its operation or location; the proposed improvement in the aid; and all other information or recommendations developed in the investigation which would be of value to the U. S. Coast Guard.

(e) Boards of local inspectors are authorized to call on the District Commander, U. S. Coast Guard, of the district for any information concerning aids to navigation that will be useful in an investigation of an accident. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

The headnote of § 35.5-6 is amended to read as follows:

§ 35.5-6 *Approval to start transfer of cargo—TB/ALL.* * * * (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

PART 36—LICENSED OFFICERS AND CERTIFICATED MEN

Section 36.1-1 *Original licenses—T/ALL* is amended by deleting paragraph (e) and relettering paragraphs (f) and (g) to (e) and (f) respectively. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 36.1-2 (a) is amended to read as follows:

§ 36.1-2 *Qualifications for license as engineer of steam vessels—T/ALL.* (a) No person shall receive an original license as engineer or assistant engineer of steam vessels (except for special license as engineer of a steam vessel of any kind of 10 gross tons or under on which a licensed engineer is required) who has not served at least 36 months in the engineers' department of a steam vessel, except as hereinafter provided. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

* * * * * * *

Section 36.1-3 (a) is amended to read as follows:

§ 36.1-3 *Medical examination for original license—T/ALL.* (a) No candidate for original license as master, mate, pilot, or engineer shall be examined until he presents a certificate from the United States Public Health Service, duly attested, that he has passed a satisfactory examination based on the contents of "The Ship's Medicine Chest and First Aid at Sea," or some other manual arranged for the purpose having the approval of the United States Public Health Service. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

* * * * * * *

Section 36.1-6 is amended by the addition of a new undesignated paragraph reading as follows:

§ 36.1-6 *Substituting service in next lower grade for raise of grade—T/OC.* * * *

Except as hereinafter provided, service as a licensed officer in charge of a watch shall count as full time for raise of grade to second mate or second assistant engineer. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 36.1-9 is amended by the addition of a new paragraph (d) reading as follows:

§ 36.1-9 *Master, mate, and pilot of steam pilot vessels or vessels in Puerto Rican and Hawaiian waters—T/OC.*

* * * * * * *

(d) *It is further provided,* That licenses required for masters and engineers operating seagoing vessels propelled by internal-combustion engines navigating exclusively in the district covering the Hawaiian Islands, shall be granted by the local inspectors of that district upon consideration of application duly executed and certified to by reputable citizens qualified to judge the character, trustworthiness, and ability of the applicant. The local inspectors shall make diligent inquiry as to the applicant's character and merits, and if satisfied from oral examination, or practical demonstration of the applicant, and with the proof that he offers, that he possesses the requisite knowledge and skill, they shall grant him a license. Nothing herein contained shall debar an applicant who does not present a certificate from the United States Public Health Service based upon the subject of ship sanitation and first aid, provided he is qualified in all other respects. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Footnote "64", entitled "Notice to Mariners", of § 36.1-11 is deleted and § 36.1-11 is amended to read as follows:

§ 36.1-11 *Laws, general rules and regulations and pilot rules to be furnished licensed officers—T/ALL.* Every master, mate, pilot, and engineer of vessels shall, when receiving an original license, a renewed license, or a raise of grade of license, be furnished by the inspectors with a copy of an official publication containing the Inspection Laws governing the Bureau, and a copy of the General Rules and Regulations Prescribed by the Board of Supervising Inspectors including those applicable to tank vessels; and every master and pilot of vessels, including those serving on tank vessels or motor vessels shall, when receiving an original license, a renewed license, or a raise of grade of license, be furnished by the inspectors with a pamphlet copy of the rules and regulations governing pilots and of the statutes upon which such rules are founded, applicable to the waters on which their licenses are intended to be used, as stated in the body thereof. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 36.1-13 (c) is amended to read as follows:

§ 36.1-13 *Renewal of license—T/ALL.*

* * * * * * *

(c) Whenever an officer shall apply for renewal of his license for same grade, after 12 months after the date of its expiration, he shall be required to pass an examination for the same grade of license, of such length and scope as will, in the judgment of the local inspectors, be sufficient to adequately demonstrate the continued professional knowledge of the examinee. The renewed license shall receive the next higher number for number of issue of present grade and for number of issues of all grades. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 36.2-1 is amended to read as follows:

§ 36.2-1 *Able seamen—TB/OCLB.* (See § 138.3 of this chapter.) (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 36.2-2 is amended to read as follows:

§ 36.2-2 *Certificated lifeboat men—TB/OCLB.* (See § 138.4 of this chapter.) (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 36.3-2 *Examination for master of steam vessels—T/O* is amended by deleting subparagraph (b) (11) and renumbering subparagraphs (b) (12), (b) (13), (b) (14), (b) (15), (b) (16), (b) (17), (b) (18), (b) (19), (b) (20), (b) (21), (b) (22), (b) (23), (b) (24), (b) (25), (b) (26), and (b) (27), to (b) (11), (b) (12), (b) (13), (b) (14), (b) (15), (b) (16), (b) (17), (b) (18), (b) (19), (b) (20), (b) (21), (b) (22), (b) (23),

(b) (24), (b) (25), and (b) (26), respectively. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 36.3–5 (c) is amended to read as follows:

§ 36.3–5 *Second mate of steam vessels—T/O.*

* * * * *

(c) Any graduate of the U. S. Naval Academy or the U. S. Coast Guard Academy who has had not less than two training cruises, together with 3 months' service in the deck department of ocean or coastwise steam vessels; or, (R. S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 36.3–5 (d) is amended to read as follows:

(d) A graduate who has served 2 years in the seamanship class of a State nautical school ship, established under authority of an Act of Congress approved March 4, 1911, and completed two ocean or coastwise cruises before graduation, together with 2 years' service in the deck department of an ocean or coastwise steam vessel of 500 gross tons or over: *Provided*, That where the graduate has completed the two cruises, but not the 2 years' service required, additional service equal to the difference in time shall be served in the deck department of vessels of the class required for the probationary period of 2 years; or, (R.S. 4405, 4417, as amended; 46 C.F.R. 375, 391a)

Section 36.3–7 is amended by the addition of a new paragraph (i) reading as follows:

§ 36.3–7 *Third mate of steam vessels—T/O.*

* * * * *

(i) Any person who has completed the U. S. Maritime Commission's course of training as a cadet (Deck) and has, during the course of such training, served one year and 10 months in an ocean or coastwise vessel and one year and two months at a U. S. Maritime Commission Cadet School or locations used by the U. S. Maritime Commission for supplementary special training will be permitted to sit for examination for a license as third mate of ocean vessels. (R.S. 4405, 4417a, as amended; 46 C.F.R. 375, 391a)

Section 36.3–9 is amended by the addition of a new paragraph (f) reading as follows:

§ 36.3–9 *Chief engineer of steam vessels—T/O.*

* * * * *

(f) Eighteen months' service as chief engineer of steam vessels on Great Lakes, bays, sounds, and lakes other than the Great Lakes, and rivers, except ferry vessels, together with six months' service as oiler or watertender, or combined service of both, on ocean or coastwise steam vessels for license as chief engineer of appropriate tonnage. (R.S. 4405, 4417a, as amended; 46 C.F.R. 375, 391a)

Section 36.3–10 is amended by reletter-ing paragraphs (c), (d), and (e), to (d), (e), and (f), respectively, and inserting a new paragraph (c) reading as follows:

§ 36.3–10 *First assistant engineer of steam vessels—T/O.*

* * * * *

(c) Eighteen months' service as first assistant engineer of steam vessels on Great Lakes, bays, sounds, and lakes other than the Great Lakes, and rivers, except ferry vessels, together with six months' service as oiler or watertender, or combined service of both, on ocean or coastwise steam vessels for license as first assistant engineer of appropriate tonnage; or, (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 36.3–11 (b) is amended to read as follows:

§ 36.3–11 *Second assistant engineer of steam vessels—T/O.*

* * * * *

(b) Three years' service as second assistant engineer of Great Lakes and all other lake, bay, sound, or river steam vessels, except ferry vessels, for license as second assistant engineer of appropriate tonnage; or, (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 36.3–11 is amended by reletter-ing paragraphs (c), (d), (e), and (f), to (d), (e), (f), and (g), respectively, and inserting a new paragraph (c) reading as follows:

(c) Eighteen months' service as second assistant engineer of steam vessels on Great Lakes, bays, sounds, and lakes other than the Great Lakes, and rivers, except ferry vessels, together with six months' service as oiler or watertender, or combined service of both, on ocean or coastwise steam vessels for license as second assistant engineer of appropriate tonnage; or, (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 36.3–12 (b) is amended to read as follows:

§ 36.3–12 *Third assistant engineer of steam vessels—T/O.*

* * * * *

(b) Three years' service as oiler, watertender, or engineroom electrician, or combined service of 3 years in these positions, on ocean or coastwise steam vessels; or, (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 36.3–12 (c) is amended to read as follows:

(c) Three years' service as licensed engineer of steam vessels on Great Lakes, bays, sounds, and rivers, for license of appropriate tonnage; or, (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 36.3–12 (d) is amended to read as follows:

(d) One year's service as licensed engineer of steam vessels on Great Lakes, bays, sounds, and lakes other than the Great Lakes, and rivers, together with six months' service in the engine department of ocean and coastwise steam vessels for a license of appropriate tonnage; or, (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

* * * * *

Section 36.3–12 is amended by the addition of a new paragraph (h) reading as follows:

(h) Any person who has completed the U. S. Maritime Commission's course of training as cadet (Engineer) and has during the course of such training served one year and ten months in an ocean or coastwise steam vessel and one year and two months at a U. S. Maritime Commission Cadet School or locations used by the U. S. Maritime Commission for supplementary special training will be permitted to sit for examination for a license as third assistant engineer of ocean and coastwise steam vessels. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Part 36 is amended by the addition of a new § 36.3–12a reading as follows:

§ 36.3–12a *Experience as electrician accepted for raise of grade, steam vessels—T/OC.* An applicant for raise of grade of license to second assistant engineer, or first assistant engineer, or chief engineer, ocean and coastwise steam vessels, may substitute service as engine-room watch electrician on electric-drive ocean and coastwise steam vessels, such service to count one-half, and in no case to exceed six months of the required experience. If the experience of an applicant does not warrant an unlimited license, local inspectors shall place an appropriate tonnage upon the license. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 36.3–13 (b) is amended to read as follows:

§ 36.3–13 *Engineers of motor vessels—T/O.*

* * * * *

(b) No person shall receive an original license as engineer of motor vessels who has not served at least 36 months in the engine department of a motor vessel, except as hereinafter provided. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

* * * * *

Section 36.3–13 is amended by the addition of a new paragraph (d) reading as follows:

(d) *Provided*, That licenses required for masters and engineers operating seagoing vessels propelled by internal-combustion engines navigating exclusively in the district covering the Hawaiian Islands, shall be granted by the local inspectors of that district upon consideration of applications duly executed and certified to by reputable citizens qualified to judge the character, trustworthiness, and ability of the applicant. The local inspectors shall make diligent inquiry as to the applicant's character and merits, and if satisfied, from oral examination, or practical demonstration of the applicant, and with the proof that he offers, that he possesses the requisite knowledge and skill, they shall grant him a license. Nothing herein contained shall debar an applicant who does not present a certificate from the United States Public Health Service based upon the subject of ship sanitation and first aid, provided he is qualified in all other respects. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 36.3–14 is amended by the addition of a new paragraph (g) reading as follows:

§ 36.3–14 *Chief engineer of motor vessels—T/O.*

* * * * *

(g) Any person holding a license as chief engineer of steam vessels, who has served one year under a license, and who has graduated from the Martime Commission's Maritime Service Training School in marine Diesel engineering. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 36.3–15 is amended by the addition of a new paragraph (g) reading as follows:

§ 36.3–15 *First assistant engineer of motor vessels—T/O.*

* * * * *

(g) Any person holding a license as first assistant engineer of steam vessels, who has served one year under a license, and who has graduated from the Maritime Commission's Maritime Service Training School in marine Diesel engineering; or, (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 35.3–15 is amended by the addition of a new paragraph (h) reading as follows:

(h) Any person holding a license as first assistant engineer of steam vessels who has served six months as oiler in the engine department of motor vessels; or has been employed for not less than three months in the construction or installation of marine motor engines, together with three months' service as oiler in the engine department of motor vessels. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 36.3–16 is amended by the addition of a new paragraph (g) reading as follows:

§ 36.3–16 *Second assistant engineer of motor vessels—T/O.*

* * * * *

(g) Any person holding a license as second assistant engineer of steam vessels, who has served one year under a license, and who has graduated from the Maritime Commission's Maritime Service Training School in marine Diesel engineering. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 36.3–17 is amended by the addition of a new paragraph (f) reading as follows:

§ 36.3–17 *Third assistant engineer of motor vessels—T/O.*

* * * * *

(f) Any person holding a license as third assistant engineer of steam vessels, who has served one year under his license, and who has graduated from the Maritime Commission's Maritime Service Training School in marine Diesel engineering; or, (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 36.3–17 is amended by the addition of a new paragraph (g) reading as follows:

(g) Any person who has completed the U. S. Maritime Commission's course of training as cadet (Engineer) and has during the course of such training served six months in a Diesel vessel, out of at least one year and ten months of sea service, and one year and two months at a U. S. Maritime Commission Cadet School or locations used by the U. S. Maritime Commission for supplementary special training will be permitted to sit for examination for a license as third assistant engineer of ocean and coastwise motor vessels. (R.S. 4405; 4417a, as amended; 46 U.S.C. 375, 391a)

Part 36 is amended by the addition of a new § 36.3–18 reading as follows:

§ 36.3–18 *Experience as electrician accepted for raise of grade, motor vessels—T/OC.* An applicant for raise of grade of license to second assistant engineer, or first assistant engineer, or chief engineer, ocean and coastwise motor vessels, may substitute service as engine-room watch electrician on electric-drive ocean and coastwise motor vessels, such service to count one-half, and in no case to exceed six months of the required experience. If the experience of an applicant does not warrant an unlimited license, local inspectors shall place an appropriate tonnage upon the license. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

§ 36.4–5 *Second mate of steam vessels—T/C.*

* * * * *

(d) Any graduate of the United States Naval Academy or the United States Coast Guard Academy who has had not less than two training cruises, together with 3 months' service in the deck department of ocean or coastwise steam vessels; or,

(e) A graduate who has served 2 years in the seamanship class of a State nautical school ship, established under authority of an Act of Congress approved March 4, 1911 (36 Stat. 1353; 34 U.S.C. 1121–1123), and completed two ocean or coastwise cruises before graduation, together with 2 years' service in the deck department of ocean or coastwise steam vessels: *Provided*, That where the graduate has completed the two cruises, but not the 2 years' service required, additional service equal to the difference in time shall be served in the deck department of ocean or coastwise steam vessels; or,

(f) One year's service as a licensed master or first-class pilot of lake, bay, or sound steam vessels of 150 gross tons or over, except ferry vessels, together with one year's service in the deck department of ocean or coastwise steam vessels; or, (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 36.4–7 is amended by reletter-ing paragraphs (b), (c), (d), (e), (f), (g), (h), to (c), (d), (e), (f), (g), (h), and (i), respectively, and inserting a new paragraph (b) reading as follows:

§ 36.4–7 *Third mate of steam vessels—T/C.*

* * * * *

(b) Any applicant who has had 3 years' training at the United States Naval Academy or the United States Coast Guard Academy and who has had not less than two training cruises; or, (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

* * * * *

Section 36.4–7 is amended by the addition of a new paragraph (j) reading as follows:

(j) Any person who has completed the U. S. Maritime Commission's course of training as a cadet (Deck) and has during the course of such training served one year and ten months in an ocean or coastwise vessel and one year and two months at a U. S. Maritime Commission Cadet School or locations used by the U. S. Maritime Commission for supplementary special training will be permitted to sit for examination for a license as third mate of coastwise vessels. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 36.4–9 is amended to read as follows:

§ 36.4–9 *Engineers of steam and motor vessels—T/C.* All engineers of steam and motor coastwise vessels shall have the same qualifications as those required for ocean vessels. (§§ 36.3–9 to 36.3–12a); (§§ 36.3–13 to 36.3–18) (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 36.5–4 (b) is amended to read as follows:

§ 36.5–4 *Engineers of steam vessels—T/L.*

* * * * *

(b) No person shall receive license as engineer or assistant engineer of steam

vessels who has not had the experience specified in the following sections; and no person shall receive license as above who is not able to pass a satisfactory written examination before the local inspectors. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 36.5–9 is amended to read as follows:

§ 36.5–9 *Engineers of motor vessels—T/L.* All engineers of motor vessels on the Great Lakes shall have the same qualifications as those required for ocean vessels. (§§ 36.3–13 to 36.3–18) (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 36.6–4 (b) is amended to read as follows:

§ 36.6–4 *Engineers of steam vessels—T/B.*

* * * * *

(b) No person shall receive license as engineer or assistant engineer of steam vessels who has not had the experience specified in the following sections; and no person shall receive license as above who is not able to pass a satisfactory written examination before the local inspectors. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 36.6–8 (d) is amended to read as follows:

§ 36.6–8 *Third assistant engineer of steam vessels—T/B.*

* * * * *

(d) A graduate from an engineering class of a State nautical school ship, established under authority of an Act of Congress approved March 4, 1911 (36 Stat. 1353; 34 U.S.C. 1121–1123), the term of such class to be based upon a period of two years; or, (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 36.6–9 is amended to read as follows:

§ 36.6–9 *Engineers of motor vessels—T/B.* All engineers of motor vessels on bays, sounds, and lakes, other than the Great Lakes, shall have the same qualifications as those required for ocean vessels. (§§ 36.3–13 to 36.3–18) (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 36.7–4 (b) is amended to read as follows:

§ 36.7–4 *Engineers of steam vessels—T/R.*

* * * * *

(b) No person shall receive license as engineer or assistant engineer of steam vessels who has not had the experience specified in the following sections; and no person shall receive license as above who is not able to pass a satisfactory written examination before the local inspectors. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 36.7–9 is amended to read as follows:

§ 36.7–9 *Engineers of motor vessels—T/R.* All licensed engineers of motor vessels on rivers, where required, shall have the same qualifications as those required for ocean vessels. (§§ 36.3–13 to 36.3–18) (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

PART 37—SPECIFICATIONS FOR LIFE-SAVING APPLIANCES

Section 37.1–4 is amended to read as follows:

§ 37.1–4 *Lifeboat davits—TB/ALL.* (a) No type or make of mechanical or gravity davit shall be used unless it has first been approved by the Board.

(b) No mechanical davits of a character which require manual or other power to turn the boats out to the position for lowering into the water shall be fitted on any vessel the keel of which is laid after September 1, 1941, if such davits are to handle a lifeboat which, without its complement of persons on board, but having on board all air tanks and other lifeboat equipment, exceeds 5,000 pounds total weight: i. e. 2,500 pounds for a single davit arm. An exemption to this requirement may be granted during the period of the national emergency, proclaimed by the President on May 27, 1941, if evidence is presented to the Bureau to substantiate a claim that compliance with this requirement would materially delay the completion and delivery of the vessel.

(c) Davits of an approved type, which are capable of swinging the boats into the lowering position without the application of any effort or external force other than that necessary to operate the releasing mechanism, allowing the boat to move from the stowed position to the lowering position by the force of gravity, shall be provided to handle all lifeboats the total weight of which including air tanks and lifeboat equipment, but without the complement of persons on board, exceeds 5,000 pounds.

(d) Where steel castings are used for davit frames or davit arms this material shall be fully annealed and comply with the following requirements:

(In substantial agreement with A. S. T. M. Spec. A–27–39 and A–215–39T)

Tensile strength minimum psi	66,000
Yield point minimum psi	33,000
Elongation in 2 inches minimum percent	22
Reduction of area minimum percent	33

(e) Chemical composition for castings not intended to be fusion welded.

(In substantial agreement with A. S. T. M. Spec. A–27–39)

Manganese maximum percent	1.00
Phosphorus maximum percent	.05
Sulphur maximum percent	.06

(f) Chemical composition of castings intended to be fabricated by fusion welding.

(In substantial agreement with A. S. T. M. Spec. A–215–39T)

Carbon maximum percent	0.30
Manganese maximum percent	.70
Phosphorus maximum percent	.05
Sulphur maximum percent	.06
Silicon maximum percent	.50

(g) Where structural steel is used for the fabrication of davit frames or davit arms the material shall conform to the following requirements:

(In substantial agreement with A. S. T. M. Spec. A–131–39)

Tensile strength psi	60,000 to 72,000
Yield point minimum psi	0.5 T. S.
Elongation in 8 inches minimum percent	1,500,000 / Ten. Str.
Elongation in 2 inches minimum percent	22

(h) Where welding is employed in the construction of davits, the welders shall be qualified by the Bureau.

(i) All moving parts of davits shall be provided with bushings of nonferrous metal, roller or ball bearings properly lubricated.

(j) An inspector shall be present at the foundry where castings are made to witness the tensile and bend tests prescribed. The manufacturer shall furnish an affidavit stating that the required tests for annealing have been made. When the inspector has satisfied himself that such castings comply with the requirements, he shall stamp the davit arm and frame with the letters, B. M. I. N., the initials of his name and the letters, F. T., and date of inspection.

(k) Each davit and frame shall be tested for strength and operation at the place of manufacture in the presence of an inspector.

(l) All mechanical and gravity davit arms or frames shall be tested at the extreme outboard position by suspending from the eye or end of each davit arm a weight equal to the weight of the fully loaded and equipped boat (including full complement of persons at 165 pounds each) for which the davit is to be approved, plus 10 percent. Under this test, a davit arm or frame shall show no permanent set or undue deflection. While this test is being conducted, the frame and arms, if of cast material, shall be subjected to a test by being hammered to satisfy the inspector that the castings are sound and without flaw.

(m) While this test load is suspended, the operating gear of mechanical davits shall be tested by being operated from inboard to the extreme outboard position with the same operating crank or device used in actual practice aboard ship.

(n) The manufacturer shall affix to the davit arm and frame a heavy plate giving the name of manufacturer, date of inspection, serial number, capacity load, space for the inspector's initials, and the letters B. M. I. N. After the inspector has satisfied himself that the assembled installation meets the requirements, he shall stamp the manufacturer's plates with his initials. Each set of davits shall be marked with identical serial numbers by the manufacturer.

(o) No davit arm or frame comprising mechanical or gravity davits shall be placed on board any vessel until all of the requirements of the rules of this section have been fully complied with. Whenever mechanical or gravity davits or parts of davits, such as davit arms, or frames, are installed on vessels, to take the place of davits, davit arms, or frames which have become damaged or broken, such davits or frames shall have the manufacturer's name plate affixed thereto. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Part 37 is amended by the addition of a new § 37.1–5 reading as follows:

§ 37.1–5 *Mechanical means for lowering—TB/ALL.* Where mechanical means for lowering lifeboats are installed, the requirements of § 59.3a of this chapter shall be met. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 37.2–3 (c) is amended to read as follows:

§ 37.2–3 *Shell plating—TB/ALL.*

* * * * *

(c) Doubling plates of suitable size shall be fitted on all steel boats at points where the shell is liable to corrosion from contact with the boat's chocks. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 37.2–14 (a) is amended by changing the first sentence to read as follows:

§ 37.2–14 *Thwarts—TB/ALL.* (a) The dimensions of the thwarts shall be as given in table except that the mast thwarts shall be 2 inches wider and the hole properly reinforced. * * * (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 37.2–16 (a) is amended to read as follows:

§ 37.2–16 *Housing shackles—TB/ALL.* (a) Hoisting or lifting shackles when installed in the ends of lifeboats shall have the shackle pins go through the stem and sternpost. Sectional area around the shackle pinhole shall be at least equal to the area of the shackle specified for the lifeboat. In cases where the lifting shackles are required to be installed inside of the lifeboats, such lifting shackles shall be attached to bracket plates, riveted to stem and sternpost or to rods with bracket plates riveted to keel. The complete unit for each boat of the brackets, rods, and connecting bolts shall be of sufficient strength to support the loaded lifeboat with a safety factor of 6. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

* * * * *

Section 37.3–8 *Breasthooks—TB/ALL* is amended by deleting paragraphs (c), (d), (e), (f), and (g). (RS. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Part 37 is amended by renumbering § 37.3–9 to 37.3–10, and deleting the old § 37.3–10, and inserting a new § 37.3–9 reading as follows:

§ 37.3–9 *Rubbers, filling pieces, bilge keels—TB/ALL.* (a) Fore and aft rubbers shall be fitted to all boats.

(b) Clincher-built boats are to have filling pieces for about one-third of the boat's length amidships, fitted to the projecting plank edges from the gunwale to the bilge.

(c) In all boats intended to accommodate more than 60 persons, vertical fenders extending from the gunwale down to the bilge, are to be fitted to facilitate launching on the high side of a listed ship. These fenders are to be sufficient in number to prevent damage to the boats when being lowered. If the fenders are of wood they are to have cope iron fitted to the outside edges.

(d) Particulars of any proposed arrangements, including alternatives such as skates or rollers temporarily secured to the boat to prevent it from being damaged, and to facilitate launching, are to be submitted for the Board's approval.

(e) When the bilge keels are fitted, they shall be secured to a doubling plank well fastened to the bottom planking and timbers by brass screws. Bilge keel fastenings shall not penetrate the bottom planking. Suitable hand grips shall be made in the bilge keels for use in event of capsizing. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Part 37 is amended by the addition of a new § 37.3–11 reading as follows:

§ 37.3–11 *Air tanks—TB/ALL.* (a) All lifeboats contracted for after September 30, 1912, shall have not more than 50 percent of the air-tank capacity in the ends of the boat and the remaining capacity shall be located in the side tanks.

(b) After June 20, 1912, the air tanks of all lifeboats shall be entirely independent of the hull or other construction and shall be of suitable noncorrosive material and of a capacity of not less than 1.5 cubic feet for each person allowed in metallic boats and not less than 1 cubic foot for each person allowed in wooden boats: *Provided*, That in all metallic boats constructed and inspected on and after March 1, 1931, there shall be at least 1 cubic foot for each person allowed in addition to sufficient air-tank capacity to float the boat (including its equipment), when filled with water. Such air tanks shall be firmly and securely fastened in the hull, and in such manner as will allow them to be temporarily removed, and in no case shall the tanks be punctured or opened for such fastenings. The tops of such tanks shall be thoroughly protected by a grating or platform or by the thwarts or seats. Such air tanks of 6 cubic feet or less shall be constructed of material of a thickness not less than No. 22 B. W. G.; from 6 cubic feet to and including 15 cubic feet, of a thickness not less than No. 20 B. W. G.; and all air tanks of more than 15 cubic feet capacity shall be of a thickness not less than No. 18 B. W. G.

(c) All joints of air tanks shall be properly double riveted and tightly calked or securely hook jointed and efficiently soldered or properly and securely welded, and such air tanks shall be located in such a manner that will permit the lifeboat to be on as near an even keel as possible when flooded with water.

(d) The cubical contents of air space of air tank shall be stamped on the tank where same can be seen when air tank is placed in boat.

(e) All air tanks shall be fitted with a connection of one-half inch outside diameter for testing purposes.

(f) Before any lifeboat is passed and accepted, the air tanks thereof shall be tested in the presence of an inspector of this Bureau by an air pressure of not more than 1 pound to the square inch. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375. 391a)

Section 37.4–1 (b) is amended by changing the first sentence to read as follows:

§ 37.4–1 *Cylinders—TB/ALL.*

* * * * *

(b) The retaining bands which secure the cylinders to the frame shall be made in halves, so that the cylinders may be detached without difficulty and without disassembling the body of the raft, for the purpose of inspection, cleaning, and painting, as required by § 59.46 of this chapter. * * * (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 37.4–4 is amended by deleting paragraph (d), relettering paragraph (e) to (g), and inserting three new paragraphs (d), (e), and (f) reading as follows:

§ 37.4–4 *Approval—TB/ALL.*

* * * * *

(d) A life raft carried on tank vessels navigating the oceans or coastwise should have a deck area of not less than 4 square feet for each person whom it can accommodate, and the platform should be not less than 6 inches from the water level when the raft is loaded.

(e) A life raft carried on tank vessels navigating the Great Lakes, bays, sounds, and lakes other than the Great Lakes, should have a deck area of not less than 3 square feet for each person whom it can accommodate.

(f) A life raft carried on tank vessels navigating the rivers exclusively should have a deck area of not less than 2.5 square feet for each person whom it can accommodate. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 37.5–1 is amended by deleting paragraph (k) and relettering paragraphs (l), (m), (n), and (o), to (k),

(l), (m), and (n), respectively. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 37.5–2 (b) is amended to read as follows:

§ 37.5–2 *Capacity of life rafts—TB/ALL.*

* * * * * *

(b) For every person carried, there shall be not less than 3 cubic feet of air cases or equivalent buoyancy; and for a life raft carried on tank vessels navigating the oceans or coastwise there shall be a deck area of not less than 4 square feet for each person whom it can accommodate, and the platform should be not less than 6 inches above the water level when the raft is loaded; for a life raft carried on tank vessels navigating the Great Lakes, bays, sounds, and lakes other than the Great Lakes, there shall be a deck area of not less than 3 square feet for each person whom it can accommodate; for a life raft carried on tank vessels navigating the rivers exclusively, there shall be a deck area of not less than 2.5 square feet for each person whom it can accommodate. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 37.7–1 (a) is amended to read as follows:

§ 37.7–1 *Approval—TB/ALL.* (a) Every type kapok life preserver used on any vessel subject to inspection by this Bureau shall first be approved by the Board of Supervising Inspectors. The life preservers receiving such approval shall conform in every respect to the sample submitted to the Board. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

* * * * * *

Section 37.7–2 (a) is amended to read as follows:

§ 37.7–2 *Test—TB/ALL.* (a) At least 1 life preserver from each lot of 250 shall be selected indiscriminately by an inspector of this Bureau for buoyancy test. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

* * * * * *

Section 37.7–5 is amended to read as follows:

§ 37.7–5 *Inspection—TB/ALL.* For each lot of 250 life preservers, the manufacturer shall submit to the local inspectors of the district in which manufactured an affidavit setting forth the material with which the life preservers are filled and that the life preservers meet in every respect the requirements of the General Rules and Regulations of the Board of Supervising Inspectors. Every life preserver meeting the above requirements shall be inspected by an inspector of this Bureau and stamped with his initials and the date of inspection. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

Section 37.10–5 (i) is amended to read as follows:

§ 37.10–5 *Signal pistol—T/OC.*

* * * * * *

(i) Signal cartridges shall not be retained on board and in use for a period of more than 4 years from the date of manufacture. (R.S. 4405, 4417a, as amended; 46 U.S.C. 375, 391a)

SUBCHAPTER G—OCEAN AND COASTWISE: GENERAL RULES AND REGULATIONS

PART 59—BOATS, RAFTS, BULKHEADS, AND LIFE-SAVING APPLIANCES (OCEAN)

Section 59.5 (d) is amended to read as follows:

§ 59.5 *Motor-propelled lifeboats.*

* * * * * *

(d) Any lifeboat certified to carry 60 or more persons shall, if not one of the motor lifeboats required above, be motor-propelled or fitted with a hand-operated propeller. (R.S. 4405, 4417, 4426, 4488, as amended; 46 U.S.C. and Sup. 375, 391, 404, 481)

Section 59.6 (a) is amended to read as follows:

§ 59.6 *Lifeboats required on vessels of class* (c). (a) Cargo vessels shall carry a sufficient number of lifeboats on each side to accommodate all persons on board. (R.S. 4405, 4417, 4426, 4488, as amended; 46 U.S.C. and Sup. 375, 391, 404, 481)

* * * * * *

Section 59.54a (f) (1) is amended to read as follows:

§ 59.54a *Buoyant apparatus.*

* * * * * *

(f) *Air tanks—(1) Material.* Where metal air tanks furnish the buoyancy of the apparatus, they shall be constructed of best-quality copper or yellow metal of not less than 18 ounces to the superficial foot. All joints shall be securely hook-jointed and efficiently soldered, or properly and securely welded. Air tanks shall be fitted with suitable testing nipples, and when testing same an air pressure of not more than 1 pound to the square inch shall be used. (R.S. 4405, 4417, 4488, 4491, as amended; 46 U.S.C. and Sup. 375, 391, 481, 489)

* * * * * *

(g) *Name plate.* Each piece of buoyant apparatus shall have a brass plate or its equivalent affixed thereon by the builder, and bearing his name and address, the words "Buoyant apparatus," the number of the apparatus, date of construction, dimensions, and number of persons allowed. (R.S. 4405, 4417, 4488, 4491, as amended; 46 U.S.C. and Sup. 375, 391, 481, 489)

Section 59.54a (g) is amended to read as follows:

(g) *Name plate.* Each piece of buoyant apparatus shall have a brass plate or its equivalent affixed thereon by the builder, and bearing his name and address, the words "Buoyant apparatus," the number of the apparatus, date of construction, dimensions, and number of persons allowed. (R.S. 4405, 4417, 4488, 4491, as amended; 46 U.S.C. and Sup. 375, 391, 481, 489)

Section 59.56 *Ring life buoys* is amended by deleting subparagraph (b) (3). (R.S. 4405, 4417a, 4488, as amended; 46 U.S.C. and Sup. 375, 391a, 481)

Section 59.57 *Self-igniting water lights* is amended by deleting the proviso in the third undesignated paragraph and deleting the fourth undesignated paragraph. (R.S. 4405, 4417a, 4488, as amended; 46 U.S.C. and Sup. 375, 391a, 481)

Section 59.61 *Line-throwing appliances,* paragraph (i) *Drills,* is amended by deleting the last sentence thereof. (R.S. 4405, 4417a, 4488, as amended; 46 U.S.C. and Sup. 375, 391a, 481)

PART 60—BOATS, RAFTS, BULKHEADS, AND LIFE-SAVING APPLIANCES (COASTWISE)

Section 60.4 (a) is amended to read as follows:

§ 60.4 *Lifeboats required on vessels of class* (c). (a) Cargo vessels shall carry a sufficient number of lifeboats on each side to accommodate all persons on board. (R.S. 4405, 4417, 4426, 4488, as amended; 46 U.S.C. and Sup. 375, 391, 404, 481)

* * * * * *

Section 60.47a (f) (1) is amended to read as follows:

§ 60.47a *Buoyant apparatus.*

* * * * * *

(f) *Air tanks—(1) Material.* Where metal air tanks furnish the buoyancy of the apparatus, they shall be constructed of best-quality copper or yellow metal of not less than 18 ounces to the superficial foot. All joints shall be securely hook-jointed and efficiently soldered, or properly and securely welded. Air tanks shall be fitted with suitable testing nipples, and when testing same an air pressure of not more than 1 pound to the square inch shall be used. (R.S. 4405, 4417, 4488, 4491, as amended; 46 U.S.C. and Sup. 375, 391, 481, 489)

* * * * * *

Section 60.47a (g) is amended to read as follows:

(g) *Name plate.* Each piece of buoyant apparatus shall have a brass plate or its equivalent affixed thereon by the builder, and bearing his name and address, the words "Buoyant apparatus," the number of the apparatus, date of construction, dimentions, and number of persons allowed. (R.S. 4405, 4417, 4488, 4491, as amended; 46 U.S.C. and Sup. 375, 391, 481, 489)

Section 60.49 (a) is amended to read as follows:

§ 60.49 *Ring life buoys—(a) Number required.* The minimum number of life buoys and the minimum number to which water lights shall be attached is fixed by the following table:

Length of vessel	Minimum number of buoys	Minimum number of buoys to which water lights shall be attached
Under 100 feet	2	0
100 feet and under 200 feet	4	2
200 feet and under 300 feet	6	2
300 feet and under 400 feet	12	4
400 feet and under 600 feet	18	9
600 feet and under 800 feet	24	12
800 feet and over	30	15

NOTE: One life buoy on each side of a vessel shall have an attached line at least 15 fathoms in length.

(R.S. 4405, 4426, 4482, and 4488, as amended; 46 U.S.C. and Sup. 375, 404, 475, 481)

* * * * * *

Section 60.49 *Ring life buoys* is amended by deleting subparagraph (b) (3). (R.S. 4405, 4417a, 4488, as amended; 46 U.S.C. and Sup. 375, 391a, 481)

Section 60.50 *Self-igniting water lights* is amended by deleting the proviso in the third undesignated paragraph and deleting all of the fourth undesignated paragraph. (R.S. 4405, 4417a, 4488, as amended; 46 U.S.C. and Sup. 375, 391a, 481)

Section 60.54 *Line-throwing appliances,* paragraph (i) *Drills,* is amended by deleting the last sentence thereof. (R.S. 4405, 4417a, 4488, as amended; 46 U.S.C. and Sup. 375, 391a, 481)

PART 61—FIRE APPARATUS; FIRE PREVENTION

Section 61.12 is amended to read as follows:

§ 61.12 *Connecting pipe composition.* All pipes used as mains for conducting water from fire pumps on board steam vessels in place of hose shall be of wrought iron, brass, or copper, with wrought iron, brass, or composition hose connections. (R.S. 4405, 4426, as amended, 49 Stat. 1544, sec. 2 (a), 54 Stat. 1028; 46 U.S.C. 375, 404, 367, 463a)

Part 61 is amended by the addition of a new § 61.12a reading as follows:

§ 61.12a *Pumps on motor vessels.* Motor vessels or 50 gross tons and over, carrying passengers for hire, shall be equipped with pumps for throwing water according to the tonnage as prescribed in § 61.5, for steam vessels, and equipped as prescribed in §§ 61.5–61.7. (R.S. 4405, 4426, as amended, 49 Stat. 1544, sec. 2 (a), 54 Stat. 1028; 46 U.S.C. 375, 404, 367, 463a)

Part 61 is amended by renumbering §§ 61.14 to 61.15 *Water sprinkling system* and §§ 61.15 to 61.14 *Fire-fighting equipment on vessels using oil as fuel.* (R.S. 4405, 4426, 4470, 4471, 49 Stat. 1544, sec. 2 (a), 54 Stat. 1028; 46 U.S.C. 375, 404, 463, 464, 367, 463a)

The headnote for § 61.16 is amended to read as follows:

§ 61.16 *Fire-detecting, alarm, automatic sprinkler, and patrol systems; new and existing vessels.* * * * (R.S. 4405, 4426, 4470, 4471, 49 Stat. 1544, sec. 2 (a), 54 Stat. 1028; 46 U.S.C. 375, 404, 463, 464, 367, 463a)

PART 62—LICENSED OFFICERS AND CERTIFICATED MEN

Section 62.12 *Laws, general rules and regulations, and pilot rules to be furnished licensed officers* is amended by deleting the last two undesignated paragraphs thereof. (R.S. 4405, 4426, 4438, as amended; 46 U.S.C. and Sup. 375, 404, 224)

Part 62 is amended by the addition of a new § 62.12a reading as follows:

§ 62.12a *Notice to mariners; aids to navigation.* (a) Licensed officers are required to acquaint themselves with the latest information published by the U. S. Coast Guard and the U. S. Navy regarding aids to navigation, and neglect to do so is evidence of neglect of duty. It is desirable that vessels navigating oceans and coastwise and Great Lakes waters shall have available in the pilot house for convenient reference at all times a file of the applicable Notice to Mariners. All vessels shall have charts of the waters on which they operate available for convenient reference at all times.

(b) Notice to Mariners published weekly by the U. S. Coast Guard which contains announcements and information regarding aids to navigation and charts of waters of the United States is available for free distribution at the following places: Field offices of the U. S. Coast Guard; U. S. Coast and Geodetic Survey field stations; and the Marine Division, Customhouse. Notice to Mariners published weekly by the U. S. Navy for the correction of charts, sailing directions, light lists and other publications, and which includes foreign waters and certain waters of the United States, is available for free distribution at the Hydrographic Office, Branch Hydrographic Offices, or any of the agencies of seaboard ports, and is also on file in the U. S. consulates where they may be inspected. (R.S. 4405, 4426, 4438, as amended; 46 U.S.C. and Sup. 375, 404, 224)

Section 62.16 is amended to read as follows:

§ 62.16 *Reports of accidents.*[5] The licensed officer in command of any vessel shall report in writing and in person to the board of local inspectors nearest the port of first arrival any accident to said vessel involving loss of life or damage to property to an approximate amount exceeding $500 and shall also report in the same manner any casualty or loss of life from whatever cause of any person on board such vessel and any stranding or grounding, whether or not any damage has been sustained by the vessel: *Provided,* That when from distance it may be inconvenient to report in person it may be done in writing only, and the report sworn to before any person authorized to administer oaths.

Whenever a vessel commanded by an officer licensed by the Bureau collides with a lightship, buoy, or other aid to navigation under the jurisdiction of the U. S. Coast Guard or is connected with any such collision, it shall be the duty of the licensed officer in command of such vessel to report the accident to the nearest local office of the Bureau. When any collision of this character is reported to a local office, that office shall immediately transmit such information to the District Commander, U. S. Coast Guard, of the district in which the collision occurred.

Whenever in an investigation of an accident to a vessel, made by the Bureau, it is stated by the officers of the vessel concerned, or it is developed by the investigation, or it is stated in a report of an accident, that the accident was due to a collision with a light vessel, buoy, or other aid to navigation under the jurisdiction of the U. S. Coast Guard, or to any fault of any such aid, or to the lack of such aid, the local inspectors investigating the case, or to whom the report was made, shall promptly report to the Commandant, U. S. Coast Guard, through the supervising inspector of the district and the Director, on the form provided for the purpose, the location of the accident, the aid to navigation near or at which the accident occurred; the nature of the accident, the alleged cause of the accident; whether or not the accident was due to some alleged fault of the aid, either in its operation or location; the proposed improvement in the aid, if such has been suggested; and all other information or suggestions coming to them which would be of value to the U. S. Coast Guard. If an investigation was held, the findings of the board shall also be reported. Local inspectors shall also report in the same manner any other information or suggestions coming to them concerning the need of additional aids to navigation or the modification of any existing aids.

The Bureau is authorized to call on the District Commander, U. S. Coast Guard, of the district for any information concerning aids to navigation that will be useful in an investigation of an accident. (R.S. 4405, 4426, 4448, as amended; 46 U.S.C. and Sup. 375, 404, 234)

Section 62.17, first undesignated paragraph, is amended to read as follows:

§ 62.17 *Persons allowed in pilot house and on navigation bridge.* Masters and pilots of vessels carrying passengers shall exclude from the pilot house and navigator's bridge of such vessels, while under way, all persons not connected with the navigation of such vessels: *Provided,* That officers of the Bureau of Marine Inspection and Navigation, licensed officers of vessels, persons regularly engaged in learning the profession of pilot, officers of the United States Coast Guard, United States Navy, United States Coast and Geodetic Survey, and the Engineer Department of the United States Army, may be allowed in the pilot house or upon the navigator's bridge upon the responsi-

Section 62.18 (d) (2) is amended to read as follows:

§ 62.18 *Station bills, drills, and reports of masters.*

* * * * *

(d) *Drills, tests, and inspection.*

* * * * *

(2) The section relating to fire and boat drills contemplates that such drills shall be conducted precisely as though an emergency existed. To accomplish the purpose of this section, lifeboat covers and strongbacks shall be removed, plugs or caps put in place, boat ladders secured in position for use, painters carried forward and tended so as to provide a good lead and slack to hold the boat in position under the davits when in the water. The person in charge of each lifeboat or life raft should have a list of its crew and should see that the men under his orders are acquainted with their several duties. The hand pumps and fire pumps shall be operated long enough and a sufficient number of outlets used to insure that such equipment is in order and effectual. The motor and the hand-operated propeller gear of each lifeboat shall be operated for a period of not less than 5 minutes once at least in every 7 days, in order that it may be ready for service at any time. Such operation shall be a part of the lifeboat drill and the fact of such operation shall be made a part of the report of such drill. When oxygen-breathing apparatus, gas masks, or other special equipment is carried, certain members of the crew shall be trained in the use of the equipment. (R.S. 4405, 4426, 4438, 4488, as amended, sec. 2 (a), 54 Stat. 1028; 46 U.S.C. and Sup. 375, 404, 224, 481, 463a)

Section 62.37 (d) is amended to read as follows:

§ 62.37 *Second mate of ocean steam or motor vessels.*

* * * * *

(d) A graduate who has served 2 years in the seamanship class of a State nautical school ship, established under authority of an Act of Congress approved March 4, 1911 (36 Stat. 1353; 34 U.S.C. 1121–1123), and completed two ocean or coastwise cruises before graduation, together with 2 years' service in the deck department of an ocean or coastwise steam or motor vessel of 500 gross tons or over: *Provided*, That where the graduate has completed the two cruises, but not the 2 years' service required, additional service equal to the difference in time shall be served in the deck department of vessels of the class required for the probationary period of 2 years; or, (R.S. 4405, 4438, 4440, as amended; 46 U.S.C. and Sup. 375, 224, 228)

Section 62.42 is amended by deleting paragraph (d), relettering paragraphs (e), (f), (g), and (h), to (f), (g), (h), and (i), respectively, and inserting two new paragraphs (d) and (e) reading as follows:

§ 62.42 *Second mate of coastwise steam or motor vessels.*

* * * * *

(d) Any graduate of the United States Naval Academy or the United States Coast Guard Academy who has had not less than two training cruises, together with 3 months' service in the deck department of ocean or coastwise steam or motor vessels; or,

(e) A graduate who has served 2 years in the seamanship class of a State nautical school ship, established under authority of an Act of Congress approved March 4, 1911 (36 Stat. 1353; 34 U.S.C. 1121–1123), and completed two ocean or coastwise cruises before graduation, together with 2 years' service in the deck department of ocean or coastwise steam or motor vessels: *Provided*, That where the graduate has completed the two cruises, but not the 2 years' service required, additional service equal to the difference in time shall be served in the deck department of ocean or coastwise steam or motor vessels; or, (R.S. 4405, 4438, 4440, as amended; 46 U.S.C. and Sup. 375, 224, 228)

Section 62.44 is amended by relettering paragraphs (b), (c), (d), (e), (f), (g), (h), and (i), to (c), (d), (e), (f), (g), (h), (i), and (j), respectively, and inserting a new paragraph (b) reading as follows:

§ 62.44 *Third mate of coastwise steam or motor vessels.*

* * * * *

(b) Any applicant who has had 3 years' training at the United States Naval Academy or the United States Coast Guard Academy and who has had not less than two training cruises; or, (R.S. 4405, 4438, 4440, as amended; 46 U.S.C. and Sup. 375, 224, 228)

Section 62.53 *Third assistant engineer of ocean steam vessels* is amended by deleting the last undesignated paragraph thereof. (R.S. 4405, 4438, 4441, as amended, 49 Stat. 1544; 46 U.S.C. and Sup. 375, 224, 229, 367)

Part 62 is amended by the addition of a new § 62.53a reading as follows:

§ 62.53a *Experience as electrician accepted for raise of grade, steam vessels.* An applicant for raise of grade of license to second assistant engineer, or first assistant engineer, or chief engineer, ocean and coastwise steam vessels, may substitute service as engine-room watch electrician on electric-drive ocean and coastwise steam vessels, such service to count one-half, and in no case to exceed six months of the required experience. If the experience of an applicant does not warrant an unlimited license, local inspectors shall place an appropriate tonnage upon the license. (R.S. 4405, 4438, 4441, as amended, 49 Stat. 1544; 46 U.S.C. and Sup. 375, 224, 229, 367)

Section 62.58 *License as third assistant engineer of motor vessels* is amended by deleting the last undesignated paragraph thereof. (R.S. 4405, 4438, 4441, as amended, 49 Stat. 1544; 46 U.S.C. and Sup. 375, 224, 229, 367)

Part 62 is amended by the addition of a new § 62.58a reading as follows:

§ 62.58a *Experience as electrician accepted for raise of grade, motor vessels.* An applicant for raise of grade of license to second assistant engineer, or first assistant engineer, or chief engineer, ocean and coastwise motor vessels, may substitute service as engine-room watch electrician on electric-drive ocean and coastwise motor vessels, such service to count one-half, and in no case to exceed six months of the required experience. If the experience of an applicant does not warrant an unlimited license, local inspectors shall place an appropriate tonnage upon the license. (R.S. 4405, 4438, 4441, as amended, 49 Stat. 1544; 46 U.S.C. and Sup. 375, 224, 229, 367)

Section 62.115 *Laws, general rules and regulations, and pilot rules to be furnished licensed officers* is amended by deleting paragraph (b) with footnote designated "1" regarding Notice to Mariners. (R.S. 4405, 4438a, as amended; 46 U.S.C. and Sup. 375, 224a)

Part 62 is amended by the addition of a new § 62.115a reading as follows:

§ 62.115a *Notice to mariners; aids to navigation.* (a) Licensed officers are required to acquaint themselves with the latest information published by the U. S. Coast Guard and the U. S. Navy regarding aids to navigation, and neglect to do so is evidence of neglect of duty. It is desirable that vessels navigating oceans and coastwise and Great Lakes waters shall have available in the pilot house for convenient reference at all times a file of the applicable Notice to Mariners. All vessels shall have charts of the waters on which they operate available for convenient reference at all times.

(b) Notice to Mariners published weekly by the U. S. Coast Guard which contains announcements and information regarding aids to navigation and charts of waters of the United States is available for free distribution at the following places: Field offices of the U. S. Coast Guard; U. S. Coast and Geodetic Survey field stations; and the Marine Division, Customhouse. Notice to Mariners published weekly by the U. S. Navy for the correction of charts, sailing directions, light lists and other publications, and which includes foreign waters and certain waters of the United States, is available for free distribution at the Hydrographic Office, Branch Hydrographic Offices, or any of the agencies of seaboard ports, and is also on file in the U. S. consulates where they may be inspected. (R.S. 4405, 4438a, as amended; 46 U.S.C. and Sup. 375, 224a)

Section 62.120 is amended to read as follows:

§ 62.120 *Field offices of the Bureau where examinations are held.* Boston, Mass.; New London, Conn.; Portland, Maine; Providence, R. I.; New York, N. Y.; Albany, N. Y.; New Haven, Conn.; San Juan, P. R.; Norfolk, Va.; Philadelphia, Pa.; Baltimore, Md.; Charleston, S. C.; Savannah, Ga.; New Orleans, La.; Jacksonville, Fla.; Miami, Fla.; Tampa, Fla.; Mobile, Ala.; Port Arthur, Tex.; Galveston, Tex.; San Francisco, Calif.; Seattle, Wash.; Juneau, Alaska; Portland, Oreg.; Los Angeles (San Pedro), Calif.; Honolulu, Hawaii. (R.S. 4405, 4438a, as amended; 46 U.S.C. and Sup. 375, 224a)

PART 63—INSPECTION OF VESSELS

Section 63.1, third undesignated paragraph, is amended to read as follows:

§ 63.1 *Application for inspection of vessels; exemption of vessels while laid up or dismantled.* * * *

All vessels or other floating equipment used by or in connection with any "civilian nautical school" as defined by section one of the Act of Congress approved June 12, 1940 (54 Stat. 346; 46 U.S.C. 1331) shall, whether being navigated or not, be subject to all the laws covering the inspection of passenger vessels in effect on or before June 12, 1940, and the regulations thereunder, including the inspection of hulls, the installation and inspection of machinery and boilers, lifesaving and fire-fighting equipment, construction, and the licensing of officers and manning, as more particularly set forth in full in this subchapter and Subchapters E (Load Lines) and F (Boilers and Appurtenances) of this chapter. (R. S. 4405, 4417, as amended, 54 Stat. 346; 46 U.S.C. and Sup. 375, 391, 1333)

Section 63.14 is amended to read as follows:

§ 63.14 *Standard in inspection of hulls, boilers and machinery.* In the inspection of hulls, boilers, and machinery of vessels, the rules promulgated by the American Bureau of Shipping respecting material and construction of hulls, boilers, and machinery, and the certificate of classification referring thereto, except where otherwise provided for by the rules and regulations in this subchapter, Subchapter E (Load Lines), or Subchapter F (Boilers and Appurtenances), shall be accepted as standard by the inspectors of the Bureau. (R.S. 4405, 4417, 4418, 4426, as amended, 49 Stat. 1544; 46 U.S.C. and Sup. 375, 391, 392, 404, 367)

PART 64—DUTIES OF INSPECTORS

Section 64.10 is amended to read as follows:

§ 64.10 *Testing of boilers and hose.* (a) It shall be the duty of both the hull and boiler inspectors to be present when the boiler is being tested by hydrostatic pressure, and the hull inspector, as well as the boiler inspector, shall observe and note the indication upon the gauge.

(b) It should also be the duty of both the hull and boiler inspectors to examine all pumps, hose, and other fire apparatus and to see that the hose is subjected to a pressure of 100 pounds to the square inch and that the hose couplings are securely fastened in accordance with the rules in this part. (R.S. 4405, 4417, 4418, as amended, sec. 2 (a), 54 Stat. 1028; 46 U.S.C. and Sup. 375, 391, 392, 463a)

Part 64 is amended by the addition of a new § 64.10a reading as follows:

§ 64.10a *Deep-sea sounding apparatus.* It shall be the duty of the local inspectors to require all ocean passenger or freight steam vessels of 500 gross tons and upward, except paddle-wheel steam vessels, to be equipped with an efficient mechanical deep-sea sounding apparatus, in addition to the ordinary deep-sea hand lead. The mechanical deep-sea sounding apparatus above required shall be installed, kept in working order, and ready for immediate use. (R.S. 4405, 4417, 4418, as amended; 46 U.S.C. and Sup. 375, 391, 392)

SUBCHAPTER H—GREAT LAKES: GENERAL RULES AND REGULATIONS

PART 76—BOATS, RAFTS, BULKHEADS AND LIFE-SAVING APPLIANCES

Section 76.51a (f) (1) is amended to read as follows:

§ 76.51a *Buoyant apparatus.*

* * * * *

(f) *Air tanks*—(1) *Material.* Where metal air tanks furnish the buoyancy of the apparatus, they shall be constructed of best-quality copper or yellow metal of not less than 18 ounces to the superficial foot. All joints shall be securely hook-jointed and efficiently soldered, or properly and securely welded. Air tanks shall be fitted with suitable testing nipples, and when testing same an air pressure of not more than 1 pound to the square inch shall be used. (R.S. 4405, 4417, 4488, 4491, as amended; 46 U.S.C. and Sup. 375, 391, 481, 489)

Section 76.51a (g) is amended to read as follows:

(g) *Name plate.* Each piece of buoyant apparatus shall have a brass plate or its equivalent affixed thereon by the builder, and bearing his name and address, the words "Buoyant apparatus," the number of the apparatus, date of construction, dimensions, and number of persons allowed. (R.S. 4405, 4417, 4488, 4491, as amended; 46 U.S.C. and Sup. 375, 391, 481, 489)

Section 76.53 (a) is amended to read as follows:

§ 76.53 *Ring life buoys—(a) Number required.* The minimum number of life buoys and the minimum number to which water lights shall be attached is fixed by the following table:

Length of vessel	Minimum number of buoys	Minimum number of buoys to which water lights shall be attached
Under 100 feet	2	0
100 feet and under 200 feet	4	2
200 feet and under 300 feet	6	2
300 feet and under 400 feet	12	4
400 feet and under 600 feet	18	9
600 feet and under 800 feet	24	12
800 feet and over	30	15

NOTE: One life buoy on each side of a vessel shall have an attached line at least 15 fathoms in length.

(R.S. 4405, 4426, 4482, 4488, as amended; 46 U.S.C. and Sup. 375, 404, 475, 481)

* * * * *

Section 76.53 *Ring life buoys* is amended by deleting subparagraph (b) (3). (R.S. 4405, 4417a, 4488, as amended; 46 U.S.C. and Sup. 375, 391a, 481)

Section 76.54 *Self-lighting water lights* is amended by deleting the proviso in the third undesignated paragraph and deleting all of the fourth undesignated paragraph. (R.S. 4405, 4417a, 4488, as amended; 46 U.S.C. and Sup. 375, 391a, 481)

PART 77—FIRE APPARATUS; FIRE PREVENTION

Part 77 is amended by renumbering §§ 77.14 to 77.15 *Water sprinkling system* and §§ 77.15 to 77.14 *Fire equipment of vessels using oil as fuel.* (R.S. 4405, 4426, 4470, 4471, 49 Stat. 1544, sec. 2 (a), 54 Stat. 1028; 46 U.S.C. and Sup. 375, 404, 463, 464, 367, 463a)

The headnote for § 77.16 is amended to read as follows:

§ 77.16 *Fire-detecting, alarm, automatic sprinkler, and patrol systems; new and existing vessels.* * * * (R.S. 4405, 4426, 4470, 4471, 49 Stat. 1544, sec. 2 (a), 54 Stat. 1028; 46 U.S.C. and Sup. 375, 404, 463, 464, 367, 463a)

PART 78—LICENSED OFFICERS AND CERTIFICATED MEN

Section 78.12 *Laws, general rules and regulations, and pilot rules to be furnished licensed officers* is amended by deleting the last two undesignated paragraphs thereof. (R.S. 4405, 4426, 4438, as amended; 46 U.S.C. and Sup. 375, 404, 224)

Part 78 is amended by the addition of a new § 78.12a reading as follows:

§ 78.12a *Notice to mariners; aids to navigation.* (a) Licensed officers are required to acquaint themselves with the latest information published by the U. S. Coast Guard and the U. S. Navy regarding aids to navigation, and neglect to do so is evidence of neglect of duty. It is desirable that vessels navigating oceans and coastwise and Great Lakes waters shall have available in the pilot house for convenient reference at all times a file of the applicable Notice to Mariners. All vessels shall have charts of the waters on

which they operate available for convenient reference at all times.

(b) Notice to Mariners published weekly by the U. S. Coast Guard which contains announcements and information regarding aids to navigation and charts of waters of the United States is available for free distribution at the following places: Field offices of the U. S. Coast Guard; U. S. Coast and Geodetic Survey field stations; and the Marine Division, Customhouse. Notice to Mariners published weekly by the U. S. Navy for the correction of charts, sailing directions, light lists and other publications, and which includes foreign waters and certain waters of the United States, is available for free distribution at the Hydrographic Office, Branch Hydrographic Offices, or any of the agencies of seaboard ports, and is also on file in the U. S. consulates where they may be inspected. (R.S. 4405, 4426, 4438, as amended; 46 U.S.C. and Sup. 375, 404, 224)

Section 78.16 is amended to read as follows:

§ 78.16 *Reports of accidents.*[1] The licensed officer in command of any vessel shall report in writing and in person to the board of local inspectors nearest the port of first arrival any accident to said vessel involving loss of life or damage to property to an approximate amount exceeding $500 and shall also report in the same manner any casualty or loss of life from whatever cause of any person on board such vessel and any stranding or grounding, whether or not any damage has been sustained by the vessel: *Provided*, That when from distance it may be inconvenient to report in person it may be done in writing only, and the report sworn to before any person authorized to administer oaths.

Whenever a vessel commanded by an officer licensed by the Bureau collides with a lightship, buoy, or other aid to navigation under the jurisdiction of the U. S. Coast Guard or is connected with any such collision, it shall be the duty of the licensed officer in command of such vessel to report the accident to the nearest local office of the Bureau. When any collision of this character is reported to a local office, that office shall immediately transmit such information to the District Commander, U. S. Coast Guard, of the district in which the collision occurred.

Whenever in an investigation of an accident to a vessel, made by the Bureau, it is stated by the officers of the vessel concerned, or it is developed by the investigation, or it is stated in a report of an accident, that the accident was due to a collision with a light vessel, buoy, or other aid to navigation under the jurisdiction of the U. S. Coast Guard, or to any fault of any such aid, or to the lack of such aid, the local inspectors investigating the case, or to whom the report was made, shall promtly report to the Commandant, U. S. Coast Guard, through the supervising inspector of the district and the Director, on the form provided for the purpose, the location of the accident, the aid to navigation near or at which the accident occurred; the nature of the accident, the alleged cause of the accident; whether or not the accident was due to some alleged fault of the aid, either in its operation or location; the proposed improvement in the aid, if such has been suggested; and all other information or suggestions coming to them which would be of value to the U. S. Coast Guard. If an investigation was held, the findings of the board shall also be reported. Local inspectors shall also report in the same manner any other information or suggestions coming to them concerning the need of additional aids to navigation or the modification of any existing aids.

The Bureau is authorized to call on the District Commander, U. S. Coast Guard, of the district for any information concerning aids to navigation that will be useful in an investigation of an accident. (R. S. 4405, 4426, 4448, as amended; 46 U.S.C. and Sup. 375, 404, 234)

Section 78.17, first undesignated paragraph, is amended to read as follows:

§ 78.17 *Persons allowed in pilot house and on navigation bridge.* Masters and pilots of vessels carrying passengers shall exclude from the pilot house and navigator's bridge of such vessels, while under way, all persons not connected with the navigation of such vessels: *Provided*, That officers of the Bureau of Marine Inspection and Navigation, licensed officers of vessels, persons regularly engaged in learning the profession of pilot, officers of the United States Coast Guard, United States Navy, United States Coast and Geodetic Survey, and the Engineer Department of the United States Army, may be allowed in the pilot house or upon the navigator's bridge upon the responsibility of the officer in charge. (R.S. 4405, 4426, 4438, as amended; 46 U.S.C. and Sup. 375, 404, 224)

* * * * *

PART 79—INSPECTION OF VESSELS

Section 79.1, third undesignated paragraph, is amended to read as follows:

§ 79.1 *Application for inspection of vessels; exemption from inspection while laid up or dismantled.* * * *

All vessels or other floating equipment used by or in connection with any "civilian nautical school" as defined by section one of the Act of Congress approved June 12, 1940 (54 Stat. 346; 46 U.S.C. 1331) shall, whether being navigated or not, be subject to all the laws covering the inspection of passenger vessels in effect on or before June 12, 1940, and the regulations thereunder, including the inspection of hulls, the installation and inspection of machinery and boilers, lifesaving and fire-fighting equipment, construction, and the licensing of officers and manning, as more particularly set forth in full in this subchapter and Subchapters E (Load Lines) and F (Boilers and Appurtenances) of this chapter. (R. S. 4405, 4417, as amended; 54 Stat. 346; 46 U.S.C. and Sup. 375, 391, 1333)

Section 79.19 is amended to read as follows:

§ 79.19 *Standard in inspection of hulls, boilers and machinery.* In the inspection of hulls, boilers, and machinery of vessels, the rules promulgated by the American Bureau of Shipping respecting material and construction of hulls, boilers, and machinery, and the certificate of classification referring thereto, except where otherwise provided for by the rules and regulations in this subchapter, Subchapter E (Load Lines), or Subchapter F (Boilers and Appurtenances), shall be accepted as standard by the inspectors of the Bureau. (R.S. 4405, 4417, 4418, 4426, as amended, 49 Stat. 1544; 46 U.S.C. and Sup. 375, 391, 392, 404, 367)

SUBCHAPTER I—BAYS, SOUNDS, AND LAKES OTHER THAN THE GREAT LAKES: GENERAL RULES AND REGULATIONS

PART 94—BOATS, RAFTS, BULKHEADS, AND LIFE-SAVING APPLIANCES

Section 94.53 (a) is amended to read as follows:

§ 94.53 *Ring life buoys*—(a) *Number required.* The minimum number of life buoys and the minimum number to which water lights shall be attached is fixed by the following table:

Length of vessel	Minimum number of buoys	Minimum number of buoys to which water lights shall be attached
Under 100 feet	2	0
100 feet and under 200 feet	4	2
200 feet and under 300 feet	6	2
300 feet and under 400 feet	12	4
400 feet and under 600 feet	18	9
600 feet and under 800 feet	24	12
800 feet and over	30	15

NOTE: One life buoy on each side of a vessel shall have an attached line at least 15 fathoms in length.

(R.S. 4405, 4426, 4482, and 4488, as amended; 46 U.S.C. and Sup. 375, 404, 475, 481)

* * * * * *

Section 94.53 *Ring life buoys* is amended by deleting subparagraph (b) (3). (R.S. 4405, 4417, 4488, as amended; 46 U.S.C. and Sup. 375, 391a, 481)

Section 94.54 *Self-igniting water lights* is amended by deleting the proviso in the third undesignated paragraph and deleting all of the fourth undesignated paragraph. (R.S. 4405, 4417a, 4488, as amended; 46 U.S.C. and Sup. 375, 391a, 481)

PART 95—FIRE APPARATUS; FIRE PREVENTION

The headnote for § 95.15 is amended to read as follows:

§ 95.15 *Fire-detecting, alarm, automatic sprinkler, and patrol systems; new and existing vessels.* * * * (R.S. 4405, 4426, 4470, 4471, 49 Stat. 1544, sec. 2 (a), 54 Stat. 1028; 46 U.S.C. 375, 404, 463, 464, 367, 463a)

PART 96—LICENSED OFFICERS AND CERTIFICATED MEN

Section 96.12 *Laws, general rules and regulations, and pilot rules to be furnished licensed officers* is amended by deleting the last two undesignated paragraphs thereof. (RS. 4405, 4426, 4438, as amended; 46 U.S.C. and Sup. 375, 404, 224)

Part 96 is amended by the addition of a new § 96.12a reading as follows:

§ 96.12a *Notice to mariners; aids to navigation.* (a) Licensed officers are required to acquaint themselves with the latest information published by the U. S. Coast Guard and the U. S. Navy regarding aids to navigation, and neglect to do so is evidence of neglect of duty. It is desirable that vessels navigating oceans and coastwise and Great Lakes waters shall have available in the pilot house for convenient reference at all times a file of the applicable Notice to Mariners. All vessels shall have charts of the waters on which they operate available for convenient reference at all times.

(b) Notice to Mariners published weekly by the U. S. Coast Guard which contains announcements and information regarding aids to navigation and charts of waters of the United States is available for free distribution at the following places: Field offices of the U. S. Coast Guard; U. S. Coast and Geodetic Survey field stations; and the Marine Division, Customhouse. Notice to Mariners published weekly by the U. S. Navy for the correction of charts, sailing directions, light lists and other publications, and which includes foreign waters and certain waters of the United States, is available for free distribution at the Hydrographic Office, Branch Hydrographic Offices, or any of the agencies of seaboard ports, and is also on file in the U. S. consulates where they may be inspected. (R.S. 4405, 4426, 4438, as amended; 46 U.S.C. and Sup. 375, 404, 224)

Section 96.16 is amended to read as follows:

§ 96.16 *Reports of accidents.*[1] The licensed officer in command of any vessel shall report in writing and in person to the board of local inspectors nearest the port of first arrival any accident to said vessel involving loss of life or damage to property to an approximate amount exceeding $500 and shall also report in the same manner any casualty or loss of life from whatever cause of any person on board such vessel and any stranding or grounding, whether or not any damage has been sustained by the vessel: *Provided*, That when from distance it may be inconvenient to report in person it may be done in writing only, and the report sworn to before any person authorized to administer oaths.

Whenever a vessel commanded by an officer licensed by the Bureau collides with a lightship, buoy, or other aid to navigation under the jurisdiction of the U. S. Coast Guard or is connected with any such collision, it shall be the duty of the licensed officer in command of such vessel to report the accident to the nearest local office of the Bureau. When any collision of this character is reported to a local office, that office shall immediately transmit such information to the District Commander, U. S. Coast Guard, of the district in which the collision occurred.

Whenever in an investigation of an accident to a vessel, made by the Bureau, it is stated by the officers of the vessel concerned, or it is developed by the investigation, or it is stated in a report of an accident, that the accident was due to a collision with a light vessel, buoy, or other aid to navigation under the jurisdiction of the U. S. Coast Guard, or to any fault of any such aid, or to the lack of such aid, the local inspectors investigating the case, or to whom the report was made, shall promptly report to the Commandant, U. S. Coast Guard, through the supervising inspector of the district and the Director, on the form provided for the purpose, the location of the accident, the aid to navigation near or at which the accident occurred; the nature of the accident, the alleged cause of the accident; whether or not the accident was due to some alleged fault of the aid, either in its operation or location; the proposed improvement in the aid, if such has been suggested; and all other information or suggestions coming to them which would be of value to the U. S. Coast Guard. If an investigation was held, the findings of the board shall also be reported. Local inspectors shall also report in the same manner any other information or suggestions coming to them concerning the need of additional aids to navigation or the modification of any existing aids.

The Bureau is authorized to call on the District Commander, U. S. Coast Guard, of the district for any information concerning aids to navigation that will be useful in an investigation of an accident. (R.S. 4405, 4426, 4448, as amended; 46 U.S.C. and Sup. 375, 404, 234)

Section 96.17, first undesignated paragraph, is amended to read as follows:

§ 96.17 *Persons allowed in pilot house and on navigation bridge.* Masters and pilots of vessels carrying passengers shall exclude from the pilot house and navigator's bridge of such vessels, while under way, all persons not connected with the navigation of such vessels: *Provided*, That officers of the Bureau of Marine Inspection and Navigation, licensed officers of vessels, persons regularly engaged in learning the profession of pilot, officers of the United States Coast Guard, United States Navy, United States Coast and Geodetic Survey, and the Engineer Department of the United States Army, may be allowed in the pilot house or upon the navigator's bridge upon the responsibility of the officer in charge. (R.S. 4405, 4426, 4438, as amended; 46 U.S.C. and Sup. 375, 404, 224)

PART 97—INSPECTION OF VESSELS

Section 97.1, third undesignated paragraph, is amended to read as follows:

§ 97.1 *Applications and exemptions.* * * *

All vessels or other floating equipment used by or in connection with any "civilian nautical school" as defined by section one of the Act of Congress approved June 12, 1940 (54 Stat. 346; 46 U.S.C. 1331) shall, whether being navigated or not, be subject to all the laws covering the inspection of passenger vessels in effect on or before June 12, 1940, and the regulations thereunder, including the inspection of hulls, the installation and inspection of machinery and boilers, lifesaving and fire-fighting equipment, construction, and the licensing of officers and manning, as more particularly set forth in full in this subchapter and Subchapters E (Load Lines) and F (Boilers and Appurtenances) of this chapter. (R.S. 4405, 4417, as amended, 54 Stat. 346; 46 U.S.C. and Sup. 375, 391, 1333)

Section 97.18 is amended to read as follows:

§ 97.18 *Standard in inspection of hulls, boilers and machinery.* In the inspection of hulls, boilers, and machinery of vessels, the rules promulgated by the American Bureau of Shipping respecting material and construction of hulls, boilers, and machinery, and the certificate of classification referring thereto, except where otherwise provided for by the rules and regulations in this subchapter, Subchapter E (Load Lines), or Subchapter F (Boilers and Appurtenances), shall be accepted as standard by the inspectors of the Bureau. (R.S. 4405, 4417, 4418, 4426, as amended, 49 Stat. 1544; 46 U.S.C. and Sup. 375, 391, 392, 404, 367)

SUBCHAPTER J—RIVERS: GENERAL RULES AND REGULATIONS

PART 113—BOATS, RAFTS, BULKHEADS, AND LIFE-SAVING APPLIANCES

Section 113.46 (a) is amended to read as follows:

§ 113.46 *Ring life buoys*—(a) *Number required.* The minimum number of life buoys and the minimum number to

which water lights shall be attached is fixed by the following table:

Length of vessel	Minimum number of buoys	Minimum number of buoys to which water lights shall be attached
Under 100 feet	2	0
100 feet and under 200 feet	4	2
200 feet and under 300 feet	6	2
300 feet and under 400 feet	12	4
400 feet and under 600 feet	18	9
600 feet and under 800 feet	24	12
800 feet and over	30	15

NOTE: One life buoy on each side of a vessel shall have an attached line at least 15 fathoms in length.

(R.S. 4405, 4426, 4482, and 4488, as amended; 46 U.S.C. and Sup. 375, 404, 475, 481)

* * * * * *

Section 113.46 *Ring life buoys* is amended by deleting subparagraph (b) (3). (R.S. 4405, 4417a, 4488, as amended; 46 U.S.C. and Sup. 375, 391a, 481)

PART 114—FIRE APPARATUS; FIRE PREVENTION

The headnote for § 114.16 is amended to read as follows:

§ 114.16 *Fire-detecting, alarm, automatic sprinkler, and patrol systems; new and existing vessels.* * * * (R.S. 4405, 4426, 4470, 4471, 49 Stat. 1544, sec. 2 (a), 54 Stat. 1028; 46 U.S.C. 375, 404, 463, 464, 367, 463a)

PART 115—LICENSED OFFICERS

Section 115.12 *Laws, general rules and regulations, and pilot rules to be furnished licensed officers* is amended by deleting the last two undesignated paragraphs thereof. (R.S. 4405, 4426, 4438, as amended; 46 U.S.C. and Sup. 375, 404, 224)

Part 115 is amended by the addition of a new § 115.12a reading as follows:

§ 115.12a *Notice to mariners; aids to navigation.* (a) Licensed officers are required to acquaint themselves with the latest information published by the U. S. Coast Guard and the U. S. Navy regarding aids to navigation, and neglect to do so is evidence of neglect of duty. It is desirable that vessels navigating oceans and coastwise and Great Lakes waters shall have available in the pilot house for convenient reference at all times a file of the applicable Notice to Mariners. All vessels shall have charts of the waters on which they operate available for convenient reference at all times.

(b) Notice to Mariners published weekly by the U. S. Coast Guard which contains announcements and information regarding aids to navigation and charts of waters of the United States is available for free distribution at the following places: Field offices of the U. S. Coast Guard; U. S. Coast and Geodetic Survey field stations; and the Marine Division, Customhouse. Notice to Mariners published weekly by the U. S. Navy for the correction of charts, sailing directions, light lists and other publications, and which includes foreign waters and certain waters of the United States, is available for free distribution at the Hydrographic Office, Branch Hydrographic Offices, or any of the agencies of seaboard ports, and is also on file in the U. S. consulates where they may be inspected. (R.S. 4405, 4426, 4438, as amended; 46 U.S.C. and Sup. 375, 404, 224)

Section 115.16 is amended to read as follows:

§ 115.16 *Reports of accidents.*[1] The licensed officer in command of any vessel shall report in writing and in person to the board of local inspectors nearest the port of first arrival any accident to said vessel involving loss of life or damage to property to an approximate amount exceeding $500 and shall also report in the same manner any casualty or loss of life from whatever cause of any person on board such vessel and any stranding or grounding, whether or not any damage has been sustained by the vessel: *Provided*, That when from distance it may be inconvenient to report in person it may be done in writing only, and the report sworn to before any person authorized to administer oaths.

Whenever a vessel commanded by an officer licensed by the Bureau collides with a lightship, buoy, or other aid to navigation under the jurisdiction of the U. S. Coast Guard or is connected with any such collision, it shall be the duty of the licensed officer in command of such vessel to report the accident to the nearest local office of the Bureau. When any collision of this character is reported to a local office, that office shall immediately transmit such information to the District Commander, U. S. Coast Guard, of the district in which the collision occurred.

Whenever in an investigation of an accident to a vessel, made by the Bureau, it is stated by the officers of the vessel concerned, or it is developed by the investigation, or it is stated in a report of an accident, that the accident was due to a collision with a light vessel, buoy, or other aid to navigation under the jurisdiction of the U. S. Coast Guard, or to any fault of any such aid, or to the lack of such aid, the local inspectors investigating the case, or to whom the report was made, shall promptly report to the Commandant, U. S. Coast Guard, through the supervising inspector of the district and the Director, on the form provided for the purpose, the location of the accident, the aid to navigation near or at which the accident occurred; the nature of the accident, the alleged cause of the accident; whether or not the accident was due to some alleged fault of the aid, either in its operation or location; the proposed improvement in the aid, if such has been suggested; and all other information or suggestions coming to them which would be of value to the U. S. Coast Guard. If an investigation was held, the findings of the board shall also be reported. Local inspectors shall also report in the same manner any other information or suggestions coming to them concerning the need of additional aids to navigation or the modification of any existing aids.

The Bureau is authorized to call on the District Commander, U. S. Coast Guard, of the district for any information concerning aids to navigation that will be useful in an investigation of an accident. (R.S. 4405, 4426, 4448, as amended; 46 U.S.C. and Sup. 375, 404, 234)

Section 115.17, first undesignated paragraph, is amended to read as follows:

§ 115.17 *Persons allowed in pilot house and on navigation bridge.* Masters and pilots of vessels carrying passengers shall exclude from the pilot house and navigator's bridge of such vessels, while under way, all persons not connected with the navigation of such vessels: *Provided*, That officers of the Bureau of Marine Inspection and Navigation, licensed officers of vessels, persons regularly engaged in learning the profession of pilot, officers of the United States Coast Guard, United States Navy, United States Coast and Geodetic Survey, and the Engineer Department of the United States Army, may be allowed in the pilot house or upon the navigator's bridge upon the responsibility of the officer in charge. (R.S. 4405, 4426, 4438, as amended; 46 U.S.C. and Sup. 375, 404, 224)

PART 116—INSPECTION OF VESSELS

Section 116.1, third undesignated paragraph, is amended to read as follows:

§ 116.1 *Application for inspection of vessels; exemption from while laid up or dismantled.* * * *

All vessels or other floating equipment used by or in connection with any "civilian nautical school" as defined by section one of the Act of Congress approved June 12, 1940 (54 Stat. 346; 46 U.S.C. 1331) shall, whether being navigated or not, be subject to all the laws covering the inspection of passenger vessels in effect on or before June 12, 1940, and the regulations thereunder, including the inspection of hulls, the installation and inspection of machinery and boilers, lifesaving and fire-fighting equipment, construction, and the licensing of officers and manning, as more particularly set forth in full in this subchapter and Subchapters E (Load Lines) and F (Boilers and Appurtenances) of this chapter. (R.S. 4405, 4417, as amended, 54 Stat. 346; 46 U.S.C. and Sup. 375, 391, 1333)

[1] See also § 1.38 of Subchapter A—Documentation, Entrance, and Clearance of Vessels, etc.

Section 116.18 is amended to read as follows:

§ 116.18 *Standard in inspection of hulls, boilers and machinery.* In the inspection of hulls, boilers, and machinery of vessels, the rules promulgated by the American Bureau of Shipping respecting material and construction of hulls, boilers, and machinery, and the certificate of classification referring thereto, except where otherwise provided for by the rules and regulations in this subchapter, Subchapter E (Load Lines), or Subchapter F (Boilers and Appurtenances), shall be accepted as standard by the inspectors of the Bureau. (R.S. 4405, 4417, 4418, 4426, as amended, 49 Stat. 1544; 46 U.S.C. and Sup. 375, 391, 392, 404, 367)

SUBCHAPTER O—REGULATIONS APPLICABLE TO CERTAIN VESSELS AND SHIPPING DURING EMERGENCY

Subchapter O is amended by the addition of a new Part 153—*Boats, Rafts, and Lifesaving Appliances; Regulations During Emergency* reading as follows:

PART 153—BOATS, RAFTS, AND LIFESAVING APPLIANCES; REGULATIONS DURING EMERGENCY

Sec.

153.1 Definitions of terms.
153.2 Additional lifesaving appliances on vessels whose route at any point lies more than 200 miles offshore.
153.3 Construction of lifeboats.
153.4 Construction of life rafts.
153.5 Construction of buoyant apparatus.
153.6 Additional equipment for lifeboats on vessels whose route at any point lies more than 200 miles offshore.
153.7 Additional equipment for life rafts on vessels whose route at any point lies more than 200 miles offshore.

§ 153.1 *Definition of terms.* Certain terms used in the regulations of this part are defined as follows:

(a) *Emergency.* The term "emergency" means the Unlimited National Emergency proclaimed by the President on May 27, 1941.*

*§§ 153.1 to 153.7, inclusive, issued under the authority contained in R.S. 4405, 4417a, 4426, 4488, as amended, and 49 Stat. 1544; 46 U.S.C. and Sup. 375, 391a, 404, 481, 367.

§ 153.2 *Additional lifesaving appliances on vessels whose route at any point lies more than 200 miles offshore.* Vessels whose route at any point lies more than 200 miles offshore shall, during the emergency, be provided with additional lifesaving appliances as follows:

(a) *Cargo vessels and tank ships*—(1) *Lifeboats and rafts.* Such cargo vessels and tank ships shall carry a sufficient number of lifeboats on each side to accommodate all persons on board: *Provided*, That where it is necessary to increase the number of lifeboats carried, an additional lifeboat not to exceed 40 persons in capacity shall be installed under davits, crane, boom, or other practicable means for launching. Every cargo vessel and tank ship shall, in addition to the lifeboatage required, be equipped with sufficient approved life rafts to accommodate all persons on board. The minimum number of life rafts to be furnished shall be four, of not less than 15-person capacity each. (This requirement shall be complied with as early as practicable but in no case later than March 1, 1942.)

(2) *Life preservers.* Every such cargo vessel and tank ship shall, in addition to having a life preserver for each person on board, be provided with life preservers stowed on the boat deck for at least 25 percent of the total number of persons allowed to be carried. These life preservers shall be stowed in chests so as to be readily accessible and in such manner as to float free of the vessel. The covers of the chests shall be of the "lift-off" type to insure release of the life preservers. (Effective immediately.)

(3) *Ladders.* Every such cargo vessel and tank ship shall be provided with suitable ladders to enable persons to descend to lifeboats and life rafts, one such ladder to be provided for each set of boat davits. These ladders shall be kept ready and convenient for use on the boat deck and shall reach to the vessel's light load water line. (This requirement shall be complied with as early as practicable but in no case later than March 1, 1942.)

(b) *Passenger vessels*—(1) *Life rafts.* Every such passenger vessel shall be equipped with a sufficient number of approved life rafts to accommodate at least 25 percent of all persons on board, in addition to the lifeboats and buoyant apparatus required by Subchapter G of this chapter. Such rafts shall be of not less than 15-person capacity each. (This requirement shall be provided as early as practicable but in no case later than March 1, 1942.)

(2) *Life preservers.* Every such passenger vessel shall, in addition to having on board a life preserver for each person carried, be provided with life preservers stowed on the boat deck for at least 25 percent of the total number of persons allowed to be carried. These life preservers shall be stowed in chests so as to be readily accessible and in such manner as to float free of the vessel. The covers of the chests shall be of the "lift-off" type to insure release of the life preservers. (Effective immediately.)*

§ 153.3 *Construction of lifeboats.* During the emergency, lifeboats constructed for use on vessels whose route at any point lies more than 200 miles offshore shall comply with the following additional requirements, which are effective immediately:

(a) *Grab rails, metallic lifeboats.* Hardwood or metal grab rails of suitable length shall be fitted to the lifeboat below the turn of the bilge. They shall be substantially riveted or welded to the shell plating.

(b) *Grab rails, wooden lifeboats.* Grab rails of hardwood and of suitable length shall be fitted on all wooden lifeboats. They shall be attached to the hull planking by suitable bolts riveted on the inside over washers.

(c) *Air tanks.* The air tanks of lifeboats shall be filled with kapok of about three pounds density per cubic foot, and the airtightness of the tank shall be restored after inserting the kapok. The tanks shall be stenciled "Kapok Filled" with the date.*

§ 153.4 *Construction of life rafts.* During the emergency, life rafts constructed for use on vessels whose route at any point lies more than 200 miles offshore shall comply with the following additional requirements, which are effective immediately:

(a) *Air tanks.* The air tanks or flotation chamber of life rafts shall be filled with kapok about three pounds per cubic foot. The airtightness of the tank or flotation chamber shall be restored after inserting the kapok. The tanks shall be stenciled "Kapok Filled" with the date.*

§ 153.5 *Construction of buoyant apparatus.* During the emergency, the following details of construction of buoyant apparatus are provided for:

(a) *Air tanks.* Ferrous metals, properly galvanized of a thickness not less than No. 20 B. W. G. for tanks of 15 cubic feet capacity or less, and a thickness of not less than No. 18 B. W. G. for tanks of over 15 cubic feet capacity may be permitted on air tanks constructed during emergency: *Provided*, That in cases where galvanized iron tanks are used under the emergency provision, the name plate shall show the notation "Gal. air tanks."*

§ 153.6 *Additional equipment for lifeboats on vessels whose route at any point lies more than 200 miles offshore.* The following additional equipment shall, during the emergency, be provided for lifeboats on such vessels as early as possible but in no case later than March 1, 1942:

(a) *Bilge pump.* A hand bilge pump provided with a suction opening not less than 1½ inches in diameter and a discharge pipe or hose of sufficient length to reach clear of the lifeboat's side.

(b) *Blankets.* At least 6 woolen blankets of a size not less than 66" x 90" in waterproof covers.

(c) *Chart.* A current Hydrographic Office (U. S. Navy) Pilot Chart of the waters navigated, in a metal container (similar to a sounding tube case).

(d) *Drinking cup.* One additional enameled or rust-proof drinking cup, suitably marked for measuring in one-half ounce sections, for rationing water.

(e) *First-aid kit.* A first-aid kit in a watertight metal container, containing a pair of scissors, assorted bandages, a tourniquet, boric lint dressings, absorbent cotton, adhesive tape, safety pins, iodine with a camel's hair brush, eye drops with a dropper, aromatic spirits of ammonia, and ointment for burns or sunburn. A supply of splints and brief instructions on first aid also shall be provided.

(f) *Flashlight batteries.* Three extra 3-cell approved flashlight batteries in a waterproof package.

(g) *Canvas hood and side spray curtain.* A canvas hood and side spray curtain to provide shelter to the occupants of the boat. The hood and curtain shall be made of No. 8 yellow, waterproofed cotton duck. The canvas hood should extend from the stem to the mast, but not less than approximately one-third of the length of the lifeboat, and must be easy to rig.

The side spray curtain shall extend from the after side of the canvas hood to approximately the after thwart and shall extend about 12" above the gunwale. The side spray curtain may be held in place by means of rods installed in the rowlock sockets so as to be easily transferred from side to side according to the direction of the wind.

(h) *Lamp wicks.* Two lamp wicks in waterproof container.

(i) *Massage oil.* One gallon of animal or vegetable oil of a type suitable for massaging the feet and legs.

(j) *Mast and sail.* In addition to the mast, sail, and rigging, a suitable jib and 30 fathoms of 15-thread manila line shall be provided.

(k) *Matches.* Two additional boxes of friction matches.

(l) *Painter.* The painter required by § 59.11 of this Chapter shall be secured in the forward part of the boat with a strop eye and toggle so that it may be rigged as a sea painter and readily released from the boat. An additional painter shall be secured to the stem and coiled in the boat ready for use.

(m) *Provisions.* The provisions consisting of hard bread or equivalent of approved emergency ration, shall be removed from the lifeboats and the following provisions shall be provided for each person the boat is certificated to carry:

(1) Fourteen ounces of biscuits known as "Type C" ration covered by U. S. Army specifications.[1]

(2) Fourteen ounces of pemmican covered by specifications for U. S. Navy Aircraft Emergency Ration Pemmican.

(3) Fourteen ounces of chocolate tablets in waterproof packages or containers.

(4) Fourteen ounces of milk tablets in waterproof packages or containers.

(5) The provisions shall be stowed in airtight receptacles as heretofore.

(n) *Signal flag.* One yellow or bright orange bunting flag (4'6" x 8') to be attached to a boat hook pole, for tricing up to mast head to attract aircraft.

(o) *Tiller.* A suitable tiller to be fitted to the rudder.

(p) *Water breakers.* Water breakers having a capacity equivalent to two quarts of water per person in addition to that required by § 59.11 of this Chapter. (Total: Three quarts per person.)

(q) *Wooden plugs.* Not less than 25 soft wood plugs 3" long tapered from ¼" to ¾" diameter and contained in a canvas bag.*

§ 153.7 *Additional equipment for life rafts on vessels whose route at any point lies more than 200 miles offshore.* The following additional equipment shall, during the emergency, be provided for life rafts on such vessels as early as possible but in no case later than March 1, 1942:

(a) *Bridles.* Two bridles of 2¾" circumference manila rope attached to rings or shackles for lifting the raft. The painter shall be secured to the bight of one of the bridles so that it may be readily released.

(b) *Drinking cup.* One of the drinking cups required by § 59.11 of this Chapter shall be suitably marked for measuring in one-half ounce sections for rationing water.

(c) *Provisions.* The provisions, consisting of hard bread or U. S. Army ration, shall be removed from the life rafts and the following provisions shall be provided for each person the raft is certificated to carry:

(1) Fourteen ounces of biscuits known as "Type C" ration covered by U. S. Army specifications.[1]

(2) Fourteen ounces of pemmican covered by specifications for U. S. Navy Aircraft Emergency Ration Pemmican.

(3) Fourteen ounces of chocolate tablets in waterproof packages or containers.

(4) Fourteen ounces of milk tablets in waterproof packages or containers.

(5) The provisions shall be stowed in airtight receptacles as heretofore.

(d) *Signal flag.* One yellow or bright orange bunting flag to be attached to a boat hook pole to attract aircraft.

(e) *Water breakers.* Water breakers having a capacity equivalent to two quarts of water per person in addition to that required by § 59.11 of this Chapter. (Total: Three quarts per person.)

(f) *Wooden plugs.* Twenty-five soft wood plugs 3" long, tapered from ⅛" to ¾" diameter to plug bullet holes in air tanks.*

[1] The size and number of biscuits in each package, as well as the general specifications for the package covering are as follows:

Each biscuit should measure approximately 2⁹⁄₁₆" square by ⁵⁄₁₆" thick. The biscuits will be packed and heat-sealed in moisture- and grease-resisting wax glassine paper.

MISCELLANEOUS ITEMS OF EQUIPMENT APPROVED

The following miscellaneous items of equipment for the better security of life at sea are approved:

Low-Pressure Heating Boiler

Vertical fire tube boiler for use as heating boiler (Drawing dated November 17, 1941), manufactured by Orr & Sembower, Inc., Reading, Pennsylvania. (Approved for a maximum pressure of 30 pounds per square inch.)

Lifeboat-Disengaging Apparatus

Welin Rottmer releasing hook approved as follows: Hook 297 for maximum working load of 17,590 pounds (Drawings 1895–2, 1895–3, and 1895–4); Hook 298 for a maximum working load of 13,850 pounds (Drawings 1894–2, 1894–3, and 1894–4); and Hook 299 for a maximum working load of 7,860 pounds (Drawings 1896–2, 1896–3, and 1897); manufactured by Welin Davit and Boat Corp., Perth Amboy, New Jersey.

Davits

Welin-Maclachlan Gravity Davit, Type 51–59 (General Arrangement Dwg. No. 5159–1 and Load Drawing 5159–2), manufactured by Welin Davit and Boat Corp., Perth Amboy, New Jersey. (Maximum load limit of 7,750 pounds per arm.)

Schat PHA Davit, size M–D–65 (Arrangement Dwg. No. B. A. 224); submitted by Marine Safety Devices, Inc., New York, N. Y.; manufactured by Lane Lifeboat and Davit Corporation, Schat Division, Brooklyn, N. Y. (Maximum load limit of 6,500 pounds per arm.)

Sheath screw davit (Identified by Drawings S–81–2, S–82–2, S–82–3, and S–82–4, manufactured by Gulf Shipbuilding Corporation, Mobile, Alabama. (Maximum load limit of 7,000 pounds per arm.)

Welin Quadrant Davit, Type D–54 (General Arrangement Drawing D–54, dated 11–25–41), manufactured by Welin Davit and Boat Corp., Perth Amboy, New Jersey. (Maximum load limit of 4,500 pounds per arm.)

Lifeboat Winch

Welin Type CWB Lifeboat Winch (General Arrangement Drawing No. 2105 and Assembly Drawing 2106), manufactured by Welin Davit and Boat Corp., Perth Amboy, New Jersey. (Maximum load limit of 11,000 pounds at the drum.)

Life Raft

Well-deck type wood life raft with hollow balsa wood pontoons for 18 persons (Identified by Drawing No. L.R. 5 dated December 5, 1941 revised to have 8" well), manufactured by Winner Manufacturing Co., Trenton, New Jersey. (Approved for use during the emergency on vessels whose route at any point lies more than 200 miles offshore.)

APPROVAL WITHDRAWN

Approval is withdrawn from the following item of equipment:

Lifeboat Hand-Propelling Gear

Withdrawal of approval of Allen manual lifeboat propelling device (Improved design originally approved March 10, 1941 and listed in FEDERAL REGISTER of March 13, 1941) manufactured by Allen Manual Motor Co., San Francisco, California. (R.S. 4405, 4417a, 4426, 4433, 4488, 4491, as amended, 49 Stat. 1544; 46 U.S.C. and Sup. 375, 391a, 404, 411, 481, 367)

TITLE 49—TRANSPORTATION AND RAILROADS

CHAPTER I—INTERSTATE COMMERCE COMMISSION

PART 122—MONTHLY OPERATING REPORTS

At a session of the Interstate Commerce Commission, Division 1, held at its office in Washington, D. C., on the 18th day of November, A. D. 1941.

The subject of monthly reports of revenues and expenses being under consideration, the following order was entered:

It is ordered, That the order of this Commission dated November 10, 1937, in the matter of monthly reports of revenues and expenses of Class I steam railways, and corresponding sections of the Code of Federal Regulations be, and hereby are annulled, effective January 1, 1942, and the following order shall become effective.

§ 122.1 *Revenues and expenses.*[1] (a) Each and every Class I steam railway, excluding Class I switching and terminal companies, subject to the provisions of Section 20 Part I of the Interstate Commerce Act be, and they hereby are, required to file monthly reports of revenues and expenses in accordance with the form of report which is attached hereto and made a part of this order. Such monthly reports shall be made under oath, and filed in duplicate in the Bureau of Statistics, Interstate Commerce Commission, Washington, D. C., on or before the twenty-sixth day of the month next succeeding the month for which made. (Sec. 20, 24 Stat. 386, sec. 7, 34 Stat. 593, 35 Stat. 649, sec. 14, 36 Stat. 555, sec. 1, 38 Stat. 1196, 39 Stat. 441, secs. 434–438, 41 Stat. 493, 494; 49 U.S.C. 20 (1)–(10))

(b) *It is further ordered,* That this order shall become effective as of January 1, 1942, and continue in effect until further order of this Commission.

By the Commission, division 1.

[SEAL] W. P. BARTEL,
Secretary.

TREASURY TAX SAVINGS NOTES—TAX SERIES A–1944, TAX SERIES B–1944

I. OFFERING OF NOTES

DECEMBER 15, 1941.

1. The Secretary of the Treasury, pursuant to the authority of the Second Liberty Bond Act, as amended, offers for sale, to the people of the United States, at par and accrued interest, two issues of nontransferable notes of the United States, designated Treasury Notes of Tax Series A–1944, and Treasury Notes of Tax Series B–1944, which notes, under authority of Section 3657 of the Internal Revenue Code, and subject to the limitations and conditions hereinafter set forth, will be receivable, at par and accrued interest, in payment of Federal income, estate, and gift taxes.

2. The notes will be placed on sale January 1, 1942, and the sale will continue until December 31, 1942, unless earlier terminated, as to either or both series, by the Secretary of the Treasury.

II. DESCRIPTION OF NOTES

1. *General.* The notes of both series will be dated January 1, 1942; they will mature January 1, 1944, and may not be

[1] See note, 6 F.R. 3694.

called by the Secretary of the Treasury for redemption before maturity. Subject to the limitations and conditions set forth in section IV of this circular, the notes of both series will be receivable, at par and accrued interest, in payment of Federal income, estate, and gift taxes. If the notes are not presented in payment of taxes, they will be payable at maturity, or, at the owner's option and request, they will be redeemable before maturity, as provided in section V of this circular, but in either case payment will be made only at the price paid for the notes.

2. *Form, inscription, dating.* The owner's name and address will be entered on each note at the time of its issue by an authorized issuing agent, and the date of issue will be shown by an imprint of the agent's dating stamp. The month in which payment is received and credited by a Federal Reserve Bank or Branch, or by the Treasurer of the United States, will determine the purchase price and issue date of each note. The notes may not be transferred, except, that if notes are held by a corporation owning more than 50 percent of the stock, with voting power, of another corporation, such notes may be transferred to the subsidiary upon request of the corporation and surrender of the notes to the agent that issued them. No hypothecation of the notes on any account will be recognized by the Treasury Department, and they will not be accepted to secure deposits of public money.

3. *Denominations and interest.* The notes of Tax Series A–1944 will be issued in denominations of $25, $50, $100, $500, and $1,000, and interest thereon will accrue from January 1942, in the amount of 16 cents each month on each $100 principal amount, that is, 4 cents on each $25, 8 cents on each $50, 16 cents on each $100, 80 cents on each $500, and $1.60 on each $1,000 denomination of note. The notes of Tax Series B–1944 will be issued in denominations of $100, $500, $1,000, $10,000, $100,000, $500,000, and $1,000,000, and interest thereon will accrue from January 1942, in the amount of 4 cents each month on each $100 principal amount, that is 4 cents on each $100, 20 cents on each $500, 40 cents on each $1,000, $4 on each $10,000, $40 on each $100,000, $200 on each $500,000, and $400 on each $1,000,000 denomination of note. In no case, however, shall interest accrue beyond the month in which the note is presented in payment of taxes, or beyond its maturity. Exchanges of authorized denominations of each series from higher to lower, but not from lower to higher, may be arranged at the office of the agent that issued the note.

4. *Purchase price, and tax-payment value.* Tables are appended to this circular showing the principal amount with accrued interest added, for notes of each denomination of each series, for each month from January 1942 to January 1944, inclusive. The total shown for any denomination for any month—January through December 1942—while the notes remain on sale, is the purchase price, or cost, of the note during that month. Also, the total shown for any denomination for any month—January 1942 through January 1944—is the tax-payment value of the note if receivable during that month in payment of taxes, subject to the provisions of section IV of this circular.

5. *Taxation.* Income derived from the notes shall be subject to all Federal taxes, now or hereafter imposed. The notes shall be subject to estate, inheritance, gift or other excise taxes, whether Federal or State, but shall be exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority.

III. PURCHASE OF NOTES

1. *Applications and payment.* Applications will be received by the Federal Reserve Banks and Branches, and by the Treasurer of the United States, Washington, D. C. Banking institutions generally may submit applications for accounts of customers, but only the Federal Reserve Banks and the Treasury Department are authorized to act as official agencies. Every application must be accompanied by payment in full, at par and accrued interest from January 1942 to the month in which payment in immediately available funds is received by a Federal Reserve Bank or Branch, or the Treasurer of the United States. Any form of exchange, including personal checks, will be accepted subject to collection, and should be drawn to the order of the Federal Reserve Bank or of the Treasurer of the United States, as payee, as the case may be; Defense Savings Stamps will be accepted at their face value in lieu of cash. The date funds are made available on collection of exchange will govern the issue price and issue date of the notes. Any depositary, qualified pursuant to the provisions of Treasury Department Circular No. 92 (revised February 23, 1932, as supplemented) will be permitted to make payment by credit for notes applied for on behalf of itself or its customers up to any amount for which it shall be qualified in excess of existing deposits.

2. *Reservations.* The Secretary of the Treasury reserves the right to reject any application in whole or in part, and to refuse to issue or permit to be issued hereunder any notes of either or both series in any case or in any class or classes of cases if he deems such action to be in the public interest, and his action in any such respect shall be final. If an application is rejected, in whole or in part, any payment received therefor will be refunded. The Secretary of the Treasury, in his discretion, may designate agencies other than those herein provided for the sale of, or for the handling of applications for, Treasury notes to be issued hereunder.

3. *Delivery of notes.* Upon acceptance of full-paid applications, notes will be duly issued and, unless delivered in person, will be delivered by registered mail within the Continental United States, the Territories and Insular Possessions of the United States, the Canal Zone and the Philippine Islands. No deliveries elsewhere will be made.

4. *Form of application.* In applying for notes under this circular, care should be exercised to specify whether those of Tax Series A–1944, or Tax Series B–1944 are desired, and there must be furnished the name and address of the individual, corporation, or other entity in which the notes are to be issued; and if address for the delivery of the notes is different, appropriate instructions should be given. The name should be in the same form as that used in the Federal tax return of the purchaser, except that in the case of joint tax returns of individuals, the notes should be inscribed individually—the notes will not be issued in the names of two or more persons jointly. The application should be accompanied by remittance to cover the purchase price—that is, par—together with accrued interest from January 1942 to the month in which the application will be received and the remittance collected by an authorized issuing agent. The use of an official application form is desirable, but not necessary. Appropriate forms may be obtained on application to any Federal Reserve Bank or Branch, or the Treasurer of the United States, Washington, D. C.; banking institutions generally have been supplied with forms for the use of their customers.

IV. PRESENTATION IN PAYMENT OF TAXES

1. During and after the third calendar month from month of purchase (as shown by the issuing agent's dating stamp on each note), during such time, and under such rules and regulations as the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, shall prescribe, notes issued hereunder in the name of a taxpayer (individual, corporation, or other entity) may be presented and surrendered by such taxpayer, his agent, or his estate, to the Collector of Internal Revenue to whom the tax return is made, and will be receivable by the Collector at par and accrued interest from January 1942, to the month, inclusive (but no accrual beyond January 1944), in which presented, in payment of any Federal income taxes (current and back personal and corporation taxes, and excess-profits taxes), or any Federal estate or gift taxes (current and back), assessed against the original purchaser or his estate, but the Collector will accept (a) not more than $1,200 principal amount of notes of Tax Series A–1944, or of Tax Series A–1943, or of the two in combination, and (b) the amount of the accrued interest thereon, on account of any one taxpayer's liability for each class of taxes (income, estate, or gift) for each taxable period: *Provided*, That this limitation shall apply separately to husband and wife on a joint return, and shall apply separately to an owner before death and to his estate for the balance of the same year. The notes must be forwarded to the Collector at the risk and expense of the owner, and, for the owner's protection, should be forwarded by registered mail, if not presented in person.

V. CASH REDEMPTION AT OR PRIOR TO MATURITY

1. *General.* Any Treasury note of Tax Series A–1944 or Tax Series B–1944 will be redeemed for cash at the purchase price at or before maturity. Notes of Tax Series A–1944 may be redeemed before maturity without advance notice, but notes of Tax Series B–1944 may be redeemed before maturity only after 60 days from date of issue (as shown by the dating stamp of the issuing agent) and on 30 days' advance notice. The timely surrender of a note of Tax Series B–1944, bearing a properly executed request for payment, will be accepted as constituting the advance notice required hereunder.

2. *Execution of request for payment.* The owner in whose name the note is inscribed must appear before one of the officers authorized by the Secretary of the Treasury to witness and certify requests for payment, establish his identity, and in the presence of such officer sign the request for payment appearing on the back of the note, adding the address to which check is to be mailed. After the request for payment has been so signed, the witnessing officer should complete and sign the certificate provided for his use.

3. *Officers authorized to witness and certify requests for payment.* All officers authorized to witness and certify requests for payment of United States Savings Bonds, as set forth in Treasury Department Circular No. 530, Fourth Revision, as amended, are hereby authorized to witness and certify requests for cash redemption of Treasury notes issued under this circular. Such officers include United States postmasters, certain other post office officials, and the executive officers of all banks and trust companies incorporated in the United States or its organized territories, including officers at branches thereof who are certified to the Treasury Department as executive officers.

4. *Presentation and surrender.* Notes bearing properly executed requests for payment must be presented and surrendered to the agent that issued the notes (as shown by the agent's dating stamp), at the expense and risk of the owner. For the owner's protection, notes should be forwarded by registered mail, if not presented in person.

5. *Disability or death.* In case of the disability or death of the owner, and the notes are not to be presented in payment of Federal income, estate or gift taxes due from him or from his estate, instructions should be obtained from the issuing agent before the request for payment is executed, or the notes presented.

6. *Partial redemption.* Partial cash redemption of notes of either series, corresponding to an authorized denomination, may be made in the same manner as for full cash redemption, appropriate changes being made in the request for payment. In case of partial redemption of a note, the remainder will be reissued in the same name and with the same date of issue as the note surrendered.

7. *Payment.* Payment of any note, either at maturity or on redemption before maturity, will be made only by the Federal Reserve Bank or the Treasury Department, as the case may be, that issued the note; and will be made by check drawn to the order of the owner, and mailed to the address given in his request for payment. In any case, payment will be made at the purchase price of the note, that is, at par and accrued interest (if any) paid at the time of purchase.

VI. GENERAL PROVISIONS

1. Except as provided in this circular, the notes issued hereunder will be subject to the general regulations of the Treasury Department, now or hereafter prescribed, governing bonds and notes of the United States.

2. Federal Reserve Banks and their Branches, as fiscal agents of the United States, are authorized to perform such services or acts as may be appropriate and necessary under the provisions of this circular, and under any instructions given by the Secretary of the Treasury.

3. The Secretary of the Treasury may at any time or from time to time supplement or amend the terms of this circular, or of any amendments or supplements thereto, and may at any time or from time to time prescribe amendatory rules and regulations governing the offering of the notes, information as to which will promptly be furnished to the Federal Reserve Banks.

[SEAL] HENRY MORGENTHAU, Jr.,
Secretary of the Treasury.

DEPARTMENT OF THE INTERIOR.

Bituminous Coal Division.

[Docket No. A-1200]

PETITION OF DISTRICT BOARD NO. 8 FOR A REVISION OF THE MINIMUM PRICES AND A CHANGE IN THE SEAM DESIGNATIONS FOR THE COALS OF CERTAIN MINES IN LEE COUNTY, VIRGINIA, SUBDISTRICT NO. 7, AND HARLAN COUNTY, KENTUCKY, SUBDISTRICT NO. 2 IN DISTRICT NO. 8, FOR TRUCK SHIPMENT

NOTICE OF AND ORDER FOR HEARING

A petition, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party;

It is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on January 20, 1942, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Joseph A. Huston or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before January 15, 1942.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of District Board No. 8 for a revision of the minimum prices for the coals of certain mines in District No. 8 for truck shipment, and more specifically for a decrease in the minimum prices for the coals of Mine Index Nos. 3184, 2147, 2150, 2151, 2154, 2803, 2161, 2164, 2197, 2186, 2167, 2169, 2170, 2866, 2181, 2184, 2185, 2195, 2196, 2200, 2149, and 2186 in Lee County, Virginia, Subdistrict No. 7, in

[Docket No. A-1201]

PETITION OF DISTRICT BOARD NO. 8 FOR REVISION OF THE PRICE CLASSIFICATIONS, MINIMUM PRICES, AND SEAM DESIGNATIONS FOR THE COALS OF CERTAIN MINES IN SUBDISTRICTS NOS. 7, 8, AND 9, IN DISTRICT NO. 8

NOTICE OF AND ORDER FOR HEARING

A petition, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party;

It is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on January 20, 1942, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Joseph A. Huston or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before January 15, 1942.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of District Board No. 8 for a revision of the price classifications, minimum prices, and seam designations for the coals of certain mines in District No. 8; and more specifically for an increase in the price classifications and minimum prices of the coals of Mine Index No. 2899 for all shipments except truck and for truck shipment; for an increase in the minimum prices of the coals of Mine Index Nos. 2208, 2235, 2254, 2257, 3039, 2436, 2442, 2439, 2715, 2706, 2699, 3304, 2947, 5031, 3326, 2984, 3348, 2203, 2204, 2228, 2227, 2232, 2248, 2253, 2261, 2243, 2263, and 745; and a decrease in the minimum prices of the coals of Mine Index Nos. 2705, 3079, 2444, 2445, 2446, 4099, 2447, 2449, 2450, 2455, 2458, 2459, 2460, 2210, 2233, 2247, 2818, and 2982 for truck shipment.

Dated: December 19, 1941.

[File No. 70-465]

IN THE MATTER OF PENNSYLVANIA ELECTRIC COMPANY, THE CLARION RIVER POWER COMPANY, ERIE LIGHTING COMPANY, SOLAR ELECTRIC COMPANY, YOUGHIOGHENY HYDRO-ELECTRIC CORPORATION, ASSOCIATED MARYLAND ELECTRIC POWER CORPORATION, AND CENTRAL U. S. UTILITIES COMPANY

NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 22nd day of December, A. D. 1941.

The above named parties, having filed applications and declarations with the Commission, pursuant to various sections of the Public Utility Holding Company Act of 1935, covering proposed transactions that are part of a general program for the acquisition by Pennsylvania Electric Company, a subsidiary of Central U. S. Utilities Company, a registered holding company, of the assets of The Clarion River Power Company, Erie Lighting Company, Solar Electric Company, Youghiogheny Hydro-Electric Corporation, Logan Light, Heat & Power Company and Associated Maryland Electric Power Corporation, and the issuance by Pennsylvania Electric Company of $32,500,000 principal amount of First Mortgage Bonds and $3,400,000 par value of Preferred Stock, proceeds of which are to be used in part for the redemption and retirement of the long term indebtedness and bank loans presently outstanding and to be assumed by Pennsylvania Electric Company, and the reclassification by Pennsylvania Electric Company of its Common Stock and the making of certain accounting and other adjustments;

Said declarations and applications having been filed on December 16, 1941, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated to said Act; and

It appearing to the Commission that it is appropriate in the public interest and in the interests of investors and consumers that a hearing be held with respect to said applications and declarations and that said applications shall not be granted nor said declarations become effective except pursuant to further order of the Commission;

It is ordered, That the hearing of such matters under the applicable provisions of the Act and the Rules of the Commission thereunder be held on January 6, 1942 at 10:00 A. M. at the offices of the Securities and Exchange Commission, 1778 Pennsylvania Avenue NW., Washington, D. C. On said day the hearing-room clerk in Room 1102 will advise as to the room where such hearing will be held.

It is further ordered, That James G. Ewell or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice.

It is further ordered, That without limiting the scope of issues presented by said applications and declarations particular attention will be directed at said hearing to the following matters and questions:

(1) Whether the acquisition of the securities and properties by Central U. S. Utilities Company and Pennsylvania Electric Company will tend toward interlocking relations or the concentration of control of public utility companies of a kind or to an extent detrimental to the public interest or the interests of investors or consumers;

(2) Whether the considerations, including all fees, commissions, and other remunerations to be given directly or indirectly in connection with such acquisitions, are reasonable or bear a fair relation to the sums invested in or the earning capacity of the utility assets to be acquired or the utility assets underlying the securities to be acquired;

(3) Whether the fixed property accounts of the various companies involved contain inflationary items and, if so, what steps should be taken or conditions imposed to eliminate such inflationary items;

(4) Whether the retirement reserves of the various constituent companies are presently adequate and whether the aggregate reserve of the surviving corporation will be adequate;

(5) Whether such acquisition will unduly complicate the capital structure of the holding company system of Central U. S. Utilities Company or will be detrimental to the public interest or the interests of investors or consumers or the proper functioning of such holding company system;

(6) Whether such acquisition will be detrimental to the carrying out of the provisions of Section 11 of the Act;

(7) Whether such acquisition will serve the public interest by tending towards the economical and efficient development of an integrated public utility system;

(8) Whether such accounting as will be involved in the transactions proposed in the applications and declarations is in conformity with the applicable standards of the Act and is in the public interest and in the interest of investors and consumers;

(9) Whether the treatment of its unamortized debt discount and expense by the Pennsylvania Electric Company is in accordance with the applicable standards of the Act and is in the public interest and in the interest of investors and consumers;

(10) Whether any free cash generated by the refunding should be ear-marked for construction purposes;

(11) Whether the terms of the indenture under which the bonds are to be issued are in accordance with the appliable standards of the Act and are in the public interest and in the interest of investors and consumers;

(12) Whether the issuance and sale of bonds and preferred stock should be conditioned in the public interest and for the protection of investors and consumers.

By the Commission.

IN THE MATTER OF NEWPORT WATER CORPORATION

NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 22d day of December, A. D. 1941.

A declaration or application (or both) having been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above named person, and notice having been given of the filing thereof by publication in the FEDERAL REGISTER and otherwise as provided by Rule U-23 under said Act; and

The said declaration or application concerning the proposed dissolution of Newport Water Corporation and the distribution of its remaining assets, consisting principally of cash, to the holders of its 10,000 shares of preferred stock; and all of the common stock of the company, which will not participate in the dissolution, and 8,218 shares of the preferred stock being owned by Ogden Corporation; and

It appearing to the Commission that it is appropriate and in the public interest and the interests of investors and consumers that a hearing be held with respect to said declaration or application (or both) and that said declaration shall not become effective or said application be granted except pursuant to further order of the Commission, and that at said hearing there be considered, among other things, the various matters hereinafter set forth;

It is ordered, That a hearing on such matter under the applicable provisions of said Act and the rules of the Commission thereunder be held on January 14, 1942, at 10:00 A. M. at the offices of the Securities and Exchange Commission, 1778 Pennsylvania Avenue NW., Washington, D. C. On such day the hearing-room clerk in room 1102 will advise as to the room where such hearing will be held. At such hearing cause shall be shown why such declaration shall become effective.

It is further ordered, That Richard Townsend or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice.

It is further ordered, That without limiting the scope of issues presented by said application or declaration particular attention will be directed at said hearing to the following matters and questions:

1. Whether it is fair and equitable for Ogden Corporation, as a preferred stockholder, to share ratably with other preferred stockholders in the assets of Newport Water Corporation.
2. Whether the proposed distribution of the assets of Newport Water Corporation will be adverse to the public interest or the interests of investors.
3. Whether the proposed transaction will circumvent the provisions of said Act, or the rules, regulations or orders thereunder.

By the Commission.

IN THE MATTER OF MASSACHUSETTS UTILITIES ASSOCIATES

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 22nd day of December, A. D. 1941.

Notice is hereby given that a declaration or application (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Massachusetts Utilities Associates. All interested persons are referred to said document, which is on file in the office of this Commission, for a statement of the transactions herein proposed, which are summarized as follows:

Massachusetts Utilities Associates, a subsidiary company of New England Power Association, a registered holding company (New England Power Association being in turn a subsidiary of International Hydro-Electric System, a registered holding company) proposes to borrow on February 9, 1942, the sum of $4,000,000 from The First National Bank of Boston, such borrowing to be evidenced by its unsecured promissory note dated February 9, 1942 and due February 9, 1945, bearing interest at the rate of 2½% per annum payable monthly.

Proceeds of the proposed borrowing will be used to discharge a presently outstanding obligation to The First National Bank of Boston in the amount of $4,000,000 which is evidenced by an unsecured promissory note dated February 8, 1939 and due February 8, 1942, bearing interest at the rate of 2½% per annum payable monthly.

The proposed note will provide among other things that all or any part of the principal amount may be paid at the election of the maker at any time upon not less than thirty (30) days prior written notice.

The company has designated Section 7 of the Act as applicable to the proposed transaction.

It appearing to the Commission that it is appropriate in the public interest and the interest of investors and consumers that a hearing be held with respect to said matters, that said declaration shall not become effective nor said application be granted except pursuant to further order of this Commission;

It is ordered, That a hearing on such matters under the applicable provisions of said Act and rules of the Commission thereunder be held on January 9, 1942, at 10:00 o'clock, A. M., at the offices of the Securities and Exchange Commission, 1778 Pennsylvania Avenue NW., Washington, D. C. On such day the hearing-room clerk in Room 1102 will advise as to the room where such hearing will be held. At such hearing, cause shall be shown why such declaration or application (or both) shall become effective or shall be granted. Notice is hereby given of said hearing to the above-named declarants and applicants and to all interested persons, said notice to be given to said declarants and applicants by registered mail and to all other persons by publication in the FEDERAL REGISTER.

It is further ordered, That James G. Ewell or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice.

It is further ordered, That without limiting the scope of issues presented by said declaration or application (or both) otherwise to be considered in this proceeding, particular attention will be directed at the hearing to the following matters and questions:

(1) Whether the security proposed to be issued is reasonably adapted to the security structure of Massachusetts Utilities Associates and other companies in the same holding company system.

(2) Whether it is necessary or appropriate to impose any term or condition prohibiting or restricting the payment of current or future dividends on the common shares of Massachusetts Utilities Associates.

(3) Whether the term and condition of the proposed security, whereby Massachusetts Utilities Associates agrees that the aggregate indebtedness of its subsidiaries (except taxes and accounts payable incurred in the ordinary course of business and except indebtedness to Massachusetts Utilities Associates or another subsidiary of Massachusetts Utilities Associates) will at no time exceed $500,000, is not detrimental to the public interest or the interest of investors or consumers.

By the Commission.

IN THE MATTER OF COLUMBIA GAS & ELECTRIC CORPORATION AND COLUMBIA CORPORATION

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 23d day of December, A. D. 1941.

Notice is hereby given that a declaration or application (or both), has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above-named parties; and

Notice is further given that any interested person may, not later than December 29, 1941 at 4:30 P. M., E. S. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested persons are referred to said declaration or application, which is on file in the office of said Commission, for a statement of the transactions therein proposed, which are summarized below:

Columbia Gas & Electric Corporation, a registered holding company and subsidiary of The United Corporation, also a registered holding company, proposes to acquire and the Columbia Corporation, a wholly owned subsidiary of Columbia Gas & Electric Corporation, proposes to sell (a) 900 shares of Cumulative 6% Preferred Stock, Series A, $100 Par Value of Columbia Gas & Electric Corporation for a cash consideration of $90,835; (b) 125 shares of Cumulative Preferred Stock, 5% Series, $100 Par Value of Columbia Gas & Electric Corporation for a cash consideration of $10,604.38; and (c) $3,000 principal amount of General Mortgage 5% Bonds of Binghamton Gas Works, a subsidiary of Columbia Gas & Electric Corporation, for a cash consideration of $2,895. Columbia Gas & Electric Corporation proposes to cancel the shares of

6% Preferred Stock and 5% Preferred Stock and retain the Mortgage Bonds of Binghamton Gas Works in its investment account. It is represented that the purpose of the transaction is to liquidate a self-insurance fund created as of November 1, 1929 by Columbia Gas & Electric Corporation and its various operating subsidiaries for the benefit thereof and administered by Columbia Corporation until its operations were discontinued as of February 1, 1938.

Sections 9 (a) (2), 12 (c) and 12 (f) of the Act and Rules U-42 and U-43 have been designated as applicable to the proposed transaction.

By the Commission.

IN THE MATTER OF CAPE & VINEYARD ELECTRIC COMPANY

ORDER GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 22nd day of December, A. D. 1941.

Cape & Vineyard Electric Company, a subsidiary of New England Gas and Electric Association, a registered holding company, having filed an application pursuant to the Public Utility Holding Company Act of 1935, particularly section 6 (b) thereof, regarding an exemption from section 6 (a) of the said Act of the issue and sale of notes to the First National Bank of Boston in an aggregate sum not exceeding $300,000 in such amounts and at such times as funds are required to pay for necessary extensions, additions and betterments to its plant and property for the period from May 1, 1941, to March 31, 1942, such notes to bear interest at a rate not to exceed three per cent per annum and to be dated as issued but in any event prior to March 31, 1942, and to mature not later than September 30, 1943; and the applicants representing that the initial borrowing will be $250,000, the proceeds of which will be utilized in part to repay an outstanding note payable to the said bank amounting to $157,500, the proceeds of which were used to complete certain construction included in the program referred to above.

Said application having been filed on November 26, 1941, and an amendment thereto having been filed on December 10, 1941, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said Act, and the Commission not having received a request for a hearing with respect to said application within the period specified in said notice, or otherwise, and not having ordered a hearing thereon;

The Commission finding with respect to the said application under section 6 (b) of the said Act that the requirements of section 6 (b) have satisfied;

It is hereby ordered, Pursuant to said Rule U-23 and the applicable provisions of said Act and subject to the terms and conditions prescribed in Rule U-24, that the aforesaid application be granted forthwith.

By the Commission. (Commissioner Healy dissenting for the reasons set forth in his memorandum of April 1, 1940).

IN THE MATTER OF ASSOCIATED ELECTRIC COMPANY, AND CENTRAL U. S. UTILITIES COMPANY

ORDER GRANTING APPLICATION AND PERMITTING DECLARATIONS TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C. on the 22nd day of December, A. D. 1941.

The above named parties having filed an application and declarations pursuant to the Public Utility Holding Company Act of 1935, particularly sections 9, 10, 12 (c), 12 (b), and 12 (f) and Rules U-42 and U-43, regarding the following transactions;

Associated Electric Company, a Delaware corporation, a registered holding company, and a subsidiary of Denis J. Driscoll and Willard L. Thorp, Trustees of Associated Gas and Electric Corporation, proposes to acquire by merger all of the assets of Central U. S. Utilities Company, also a registered holding company and direct subsidiary of Associated Electric Company. In consideration for these assets of Central U. S. Utilities Company, which as of September 30, 1941, consist primarily of common stocks of operating public utilities (there being twenty-seven such companies involved, the securities of which, including $14,684,569 carrying value of bonds and notes, aggregate $77,312,955 carrying value) and $34,054,182 accounts receivable, Associated Electric Company proposes to surrender to Central U. S. Utilities Company for cancelation all of the outstanding common stock of Central U. S. Utilities Company, which is presently owned by Associated Electric Company, and further, Associated Electric Company proposes to assume the present public securities of Central U. S. Utilities Company which as at September 30, 1941, amounted to $350,000 in the form of a nine months' promissory note payable December 1, 1941, and bearing interest at the rate of 2½%.

Notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said Act, and the Commission not having received a request for a hearing with respect to said application and declarations within the period specified in said notice or otherwise, and not having ordered a hearing thereon; and

The above-named parties having in their filings requested an order thereon at the earliest possible date and further agreeing, in order to avoid at this point the time-consuming work connected with a determination of the value of the investment securities to be transferred, that we reserve jurisdiction over the accounting entries to be made on the books of Associated Electric Company reflecting these transactions; and

The Commission deeming it appropriate in the public interest and in the interests of investors and consumers to grant such application and to permit such declarations to become effective on the terms agreed to by the parties and that the date thereof should be advanced;

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of the Act and subject to the terms and conditions prescribed in Rule U-24 that the aforesaid application be, and hereby is, granted, and the aforesaid declarations be, and hereby are, permitted to become effective, subject to the further condition that the Commission hereby expressly reserves jurisdiction over the accounting entries to be made on the books of Associated Electric Company reflecting the results of these proposed transactions.

By the Commission, Commissioner Healy dissenting from that part of the order granting the approval to the application pursuant to section 10 for the reasons set forth in his memorandum of April 1, 1940.

IN THE MATTER OF LOUISVILLE GAS AND ELECTRIC COMPANY (KENTUCKY)

ORDER EXTENDING DATE FOR COMPLETION OF TRANSACTION

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 20th day of December, A. D. 1941.

The Commission having made findings and entered an order herein on October 22, 1941 granting an application, as amended, pursuant to section 6 (b) of the Public Utility Holding Company Act of 1935, filed by Louisville Gas and Electric Company, a Kentucky corporation and a subsidiary of a registered holding company, for exemption from the provisions of section 6 (a) of said Act of the issuance and sale of 150,000 shares of common stock at a price to the public of $23.50 per share, and for exemption of such issuance and sale from the provisions of Rule U-50 (b) and (c); and such exemptions having been granted subject to the terms and conditions prescribed in Rule U-24;

And it appearing that because of the provisions of said Rule U-24, the said company is required to complete the issue and sale of said stock on or before December 21, 1941;

And it further appearing from the verified petition of the said company filed herein that to and including December 9, 1941, 21,765 shares of stock have been issued and sold leaving 128,235 shares to be sold and that the said company will be unable to sell the balance of the 128,235 shares on or prior to December 21, 1941; and the company having requested an extension of time until March 23, 1942 in which to complete the transaction;

It is ordered, That the date for completing the transaction previously authorized herein by order of this Commission on October 22, 1941 be and the same is hereby extended to March 23, 1942.

By the Commission.

IN THE MATTERS OF STATEN ISLAND EDISON CORPORATION, NORTHERN PENNSYLVANIA POWER COMPANY, AND NY PA NJ UTILITIES COMPANY.

ORDER OF CONSOLIDATION AND NOTICE OF AND ORDER FOR HEARING

(*Public Utility Holding Company Act of 1935*)

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 23rd day of December, A. D. 1941.

NY PA NJ Utilities Company, a registered holding company and a subsidiary of Denis J. Driscoll and Willard L. Thorp, Trustees of Associated Gas and Electric Corporation, a registered holding company, having filed an application and declaration, pursuant to various sections of the Public Utility Holding Company Act of 1935, concerning proposed transactions under which NY PA NJ Utilities Company will acquire a large amount of its own outstanding bonds and debentures and certain securities of some of its subsidiaries, with effects, anticipated by it, of facilitating such further steps as may be necessary or desirable for it to take in order to simplify its subholding company system and to provide for its funded and other indebtedness and to reduce the number of cross-holdings and securities among companies in both the NY PA NJ Utilities Company system and that of the Trustees of Associated Gas and Electric Corporation; and

Among such transactions being the acquisition by NY PA NJ Utilities Company, from Northern Pennsylvania Power Company, its subsidiary, of the following securities by way of a dividend in kind to be paid by said latter company and to be charged by it to its earned surplus, namely:

(a) $406,100 principal amount of The Mohawk Valley Company 6% Consolidated Refunding Gold Bonds, due 1981, and

(b) $53,300 principal amount of The Mohawk Valley Company 6% Gold Debentures, due October 1, 2031; and

Further, NY PA NJ Utilities Company proposing to acquire from Staten Island Edison Corporation, a subsidiary of New York State Electric & Gas Corporation, which in turn is a subsidiary of NY PA NJ Utilities Company, $3,015,000 principal amount of Associated Electric Company 4½% Gold Bonds Refunding Series, due 1956; and

In a related filing said Staten Island Edison Corporation having proposed to sell $3,015,000 principal amount of said Associated Electric Company bonds to NY PA NJ Utilities Company, and

In a related filing Northern Pennsylvania Power Company having proposed to declare and pay a dividend in kind to its common stock in the treasury securities, listed above and which NY PA NJ Utilities proposes to acquire;

The Commission having heretofore, on December 18, 1941, issued notices regarding said three filings, subject to Rule U-23 promulgated under the Act, and the Commission having determined that such matters are interrelated and that they can most adequately be treated by consolidating the same;

It is ordered, That the above entitled proceedings be and the same hereby are consolidated.

It further appearing to the Commission that it is appropriate and in the public interest and in the interest of investors and consumers that a consolidated hearing be held with respect to said applications and declarations, and that said declarations shall not become effective nor said applications be granted except pursuant to further order of the Commission;

It is ordered, That the hearing on such consolidated declarations and applications under the applicable provisions of the Act and the Rules of the Commission thereunder be held on December 30, 1941 at 10:00 A. M. at the offices of the Securities and Exchange Commission, 1778 Pennsylvania Avenue NW., Washington, D. C. On said day the hearing-room clerk in 1102 will advise as to the room where such hearings will be held.

It is further ordered, That James G. Ewell or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice.

It is further ordered, That without limiting the scope of issues presented by said declarations and applications, particular attention will be directed at said hearing to the following matters and questions:

1. Whether the earned surplus account of Northern Pennsylvania Power Company is correctly stated;

2. Whether, if any restatement of such surplus account is required, there will be a sufficient balance to permit a payment of a dividend.

3. Whether the payment of a dividend in portfolio securities will have the effect of unduly diminishing the cushion behind publicly held securities and whether, if such is the case, payment of a dividend by Northern Pennsylvania Power Company is in the public interest and in the interest of investors and consumers;

4. Whether said securities proposed by Northern Pennsylvania Power Company as the subject of the dividend are to be transferred at their book or underlying value;

5. Whether the securities to be transferred by Staten Island Edison Corporation are to be transferred at book or market value;

6. Whether the public interest in the Metropolitan Edison Company, which is the minority common stockholder of Staten Island Corporation, will be prejudiced by the value to be assigned the securities to be transferred by Staten Island Corporation;

7. Whether the proposed transactions are in conformity with applicable standards of the Act and whether any conditions should attach thereto in the public interest and in the interest of investors and consumers;

8. Whether the acquisition of the securities by NY PA NJ Utilities Company will tend toward interlocking relations or the concentration of control of public utility companies of a kind or to an extent detrimental to the public interest or the interests of investors or consumers;

9. Whether the considerations, including all fees, commissions and other remunerations to be given directly or indirectly in connection with such acquisitions, are reasonable or bear a fair relation to the sums invested in or the earning capacity of the utility assets to be acquired or the utility assets underlying the securities to be acquired;

10. Whether such acquisition will unduly complicate the capital structure of the holding company system of NY PA

NJ Utilities Company or will be detrimental to the public interest or the interests of investors or consumers or the proper functioning of such holding company system;

11. Whether such acquisitions will be detrimental to the carrying out of the provisions of Section 11 of the Act;

12. Whether such acquisitions will serve the public interest by tending toward the economical and efficient development of integrated public utility systems;

13. Whether the terms and conditions of the issue and sale of the securities and of the declaration of dividends are detrimental to the public interest or to the interests of investors and consumers;

14. Whether the public interest or the interests of investors and consumers require the imposition of terms and conditions in connection with the proposed issuance of securities to NY PA NJ Utilities Company and the acquisition by it.

By the Commission.

VOLUME 6 NUMBER 250

Washington, Thursday, December 25, 1941

The President

EXECUTIVE ORDER

DIRECTING THAT CERTAIN COMMISSIONED OFFICERS OF THE PUBLIC HEALTH SERVICE SHALL CONSTITUTE A PART OF THE NAVAL FORCES OF THE UNITED STATES

WHEREAS the act of July 1, 1902, as amended by the act of August 14, 1912 (U.S.C., title 42, sec. 8), provides as follows:

The President is authorized, in his discretion, to utilize the Public Health Service in times of threatened or actual war to such extent and in such manner as shall in his judgment promote the public interest without, however, in any wise impairing the efficiency of the service for the purposes for which the same was created and is maintained;

WHEREAS by Executive Order No. 8929 of November 1, 1941, the Coast Guard is now operating as a part of the Navy, subject to the orders of the Secretary of the Navy; and

WHEREAS commissioned officers of the Public Health Service are now serving on Coast Guard vessels and with other Coast Guard units pursuant to orders issued under competent authority:

NOW, THEREFORE, by virtue of the authority vested in me by the statutory provisions above set out, I hereby direct that commissioned officers of the Public Health Service detailed for duty on Coast Guard vessels and with other Coast Guard units shall continue on such details until relieved by competent authority, and that such officers, including those ordered to such duty as replacements or in addition to present complements, while engaged upon such assignments shall constitute a part of the naval forces of the United States, subject to the orders of the Secretary of the Navy.

EXECUTIVE ORDER

ESTABLISHING THE OFFICE OF DEFENSE TRANSPORTATION IN THE EXECUTIVE OFFICE OF THE PRESIDENT AND DEFINING ITS FUNCTIONS AND DUTIES

By virtue of the authority vested in me by the Constitution and statutes of the United States, as President of the United States and Commander in Chief of the Army and Navy, and in order to define further the functions and duties of the Office for Emergency Management with respect to the state of war and to assure maximum utilization of the domestic transportation facilities of the Nation for the successful prosecution of the war, it is hereby ordered:

1. The term "domestic transportation" whenever used in this Order shall include railroad, motor, inland waterway, pipe line, air transport, and coastwise and intercoastal shipping.

2. There shall be in the Office for Emergency Management of the Executive Office of the President an Office of Defense Transportation, at the head of which shall be a Director appointed by the President. The Director shall discharge and perform his responsibilities and authorities under the direction and supervision of the President. The Director shall receive compensation at such rate as the President may determine and, in addition, shall be entitled to actual and necessary transportation, subsistence, and other expenses incidental to the performance of his duties.

3. Subject to such policies, regulations, and directions as the President may from time to time prescribe, the Office of Defense Transportation shall:

a. Coordinate the transportation policies and activities of the several Federal agencies and private transportation groups in effecting such adjustments in the domestic transportation systems of the Nation as the successful prosecution of the war may require.

b. Compile and analyze estimates of the requirements to be imposed upon

existing domestic transport facilities by the needs of the war effort; determine the adequacy of such facilities to accommodate the increased traffic volume occasioned by the war effort; develop measures designed to secure maximum use of existing domestic transportation facilities; and stimulate the provision of necessary additional transport facilities and equipment in order to achieve the level of domestic transportation services required; and in this connection advise the Supply Priorities and Allocation Board as to the estimated requirements and recommend allocations of materials and equipment necessary for the provision of adequate domestic transportation service.

c. Coordinate and direct domestic traffic movements with the objective of preventing possible points of traffic congestion and assuring the orderly and expeditious movement of men, materials, and supplies to points of need.

d. In cooperation with the United States Maritime Commission and other appropriate agencies, coordinate domestic traffic movements with ocean shipping in order to avoid terminal congestion at port areas and to maintain a maximum flow of traffic.

e. Perform the functions and exercise the authority vested in the President by the following, subject to the conditions set forth in paragraph 3 of this Order:

(1) Sec. 1 (15) of Interstate Commerce Act as amended, USC title 49, sec. 1 (15).

(2) Sec. 6 (8) of Interstate Commerce Act as amended, USC title 49, sec. 6 (8).

f. Survey and ascertain present and anticipated storage and warehousing requirements at points of transfer and in terminal areas; and encourage the provision of increased storage, loading, and unloading facilities where necessary.

g. Represent the defense interest of the Government in negotiating rates with domestic transportation carriers and in advising the appropriate governmental agencies with respect to the necessity for rate adjustments caused by the effect of the defense program.

h. Advise upon proposed or existing emergency legislation affecting domestic transportation, and recommend such additional emergency legislation as may be necessary or desirable.

i. Keep the President informed with respect to progress made in carrying out this Order; and perform such related duties as the President may from time to time assign or delegate to it.

4. In the exercise of its functions and authority with respect to transportation priorities and preferences, the Office of Defense Transportation shall be governed as to the relative importance of deliveries required for defense by such instructions, certifications, and directives as may be issued by the Office of Production Management pursuant to the provisions of the Executive Order of August 28, 1941,[1] entitled "Delegation and Coordination of Priority Authority;" and the Office of Defense Transportation shall take all lawful steps within the scope of its authority to effect such deliveries through appropriate public or private agencies.

5. In the study of problems and in the discharge of its responsibilities, it shall be the policy of the Office of Defense Transportation to collaborate with existing departments and agencies which perform functions and activities pertaining to transportation and to utilize their facilities and services to the maximum. Particularly, the Office of Defense Transportation shall maintain close liaison with the United States Maritime Commission in the consideration of problems involving the relationship of ocean shipping with coastwise and intercoastal shipping and inland transport; with the Interstate Commerce Commission on problems of rates, routing, and car service; and with the War and Navy Departments with respect to the strategic movement of troops and supplies by domestic transportation carriers. The Office of Defense Transportation may arrange for the establishment of committees or groups of advisers representing two or more departments and agencies or private transportation groups, as the case may require, to study and develop plans for the coordination and most effective use of existing domestic transportation facilities.

6. To facilitate unity of policy and action and the use of existing governmental services, the heads of each of the following departments and agencies shall designate a responsible representative or representatives to maintain formal liaison with the Office of Defense Transportation: The Department of War, the Department of the Navy, the Department of the Treasury, the Department of the Interior, the Department of Agriculture, the Department of Commerce, the Department of Labor, the Interstate Commerce Commission, the United States Maritime Commission, the Civil Aeronautics Board, the Federal Works Agency, the Federal Loan Agency, the Board of Investigation and Research appointed under the Transportation Act of 1940, the Office of Production Management, the Office of Price Administration, the Economic Defense Board, and such additional departments and agencies as the President may subsequently designate.

7. There shall be within the Office of Defense Transportation a Division of Railway Transport, a Division of Motor Transport, a Division of Inland Waterway Transport, a Division of Coastwise and Intercoastal Transport, and such other operating and staff divisions as the Director may determine. The Director may provide for the internal management of the Office of Defense Transportation and shall obtain the President's approval for the appointment of the heads of the above divisions and such other divisions as may be established.

8. Within the limits of such funds as may be appropriated or allocated to the Office of Defense Transportation, the Director may employ necessary personnel and make provision for the necessary supplies, facilities, and services. However, the Office of Defense Transportation shall use such statistical, informational, fiscal, personnel, and other general business services and facilities as may be made available through the Office for Emergency Management.

EXECUTIVE ORDER

APPOINTMENT OF STATE EMPLOYMENT SECURITY PERSONNEL TO POSITIONS IN THE SOCIAL SECURITY BOARD, FEDERAL SECURITY AGENCY

By virtue of the authority vested in me by section 1753 of the Revised Statutes, by section 2 of the Civil Service Act (22 Stat. 403, 404), and by section 4 of the act of November 26, 1940, 54 Stat. 1214, it is hereby ordered as follows:

1. Any employee of a state or territorial employment security agency, required by the Federal Security Agency in connection with its operation of employment office facilities and services essential to expediting the national-defense program pursuant to the provisions of the Labor-Federal Security Appropriation Act of 1942, may be appointed to a position in the Social Security Board of the Federal Security Agency, and upon such appointment may acquire a classified civil-service status: *Provided*, (1) that such employee was on the rolls of the state employment security agency at the close of business December 31, 1941; (2) that he was previously approved for permanent or probational appointment, or within the six-months' period beginning January 1, 1942, becomes eligible for such appointment, under the rules of a state merit system previously approved by the Social Security Board; and (3) that he satisfactorily completes a six-months' probationary period from the date of his induction into the Federal service.

2. Finding that such action is necessary to the more efficient operation of the Government, it is ordered that the state salary rates in force on December 31, 1941, may be continued or amended as to employees affected by paragraph 1 hereof by the Federal Security Administrator until such time as the positions shall be classified in accordance with the administrative provisions and salary rates of the Classification Act of 1923, as amended.

3. With the concurrence of the Civil Service Commission, and for such period of time as the Commission may deem necessary, vacancies occurring after December 31, 1941, in public employment office facilities and services operated by the Social Security Board may be filled by the Federal Security Agency from eligible lists prepared under the rules of a state merit system previously approved by the Social Security Board pursuant to the provisions of the Social Security Act. Persons so appointed may, after the satisfactory completion of a six-months' probationary period, acquire a competitive classified civil-service status in the Federal service, subject to such regulations as the Civil Service Commission may prescribe.

This order is recommended by the Federal Security Administrator as an emergency measure essential to the national defense.

TITLE 6—AGRICULTURAL CREDIT

CHAPTER II—COMMODITY CREDIT CORPORATION

[1941 C.C.C. Corn Form 1—Instructions]

PART 227—1941 CORN LOANS

INSTRUCTIONS CONCERNING LOANS ON 1941 CORN

These instructions are issued pursuant to the provisions of Title III, sec. 302 (a) of the Agricultural Adjustment Act of 1938, as Amended, and Public Law 74, 77th Congress, Approved May 26, 1941.

Commodity Credit Corporation has authorized the making of loans and the purchase of eligible paper secured by corn stored on farms in certain areas. These instructions state the requirements of Commodity Credit Corporation with reference to making such loans on corn and the purchase of notes secured by corn.

PART 227—1941 CORN LOANS

Sec.
227.1 Definitions.
227.2 Corn areas.
227.3 Amount.
227.4 Maturity and interest rate.
227.5 Farm storage.
227.6 Execution and filing of chattel mortgage.
227.7 Liens.
227.8 Insurance.
227.9 Producer responsibility.
227.10 County agricultural conservation committees.
227.11 Approval of corn note by member of county committee.
227.12 Preparation of documents.
227.13 Source of loans.
227.14 Purchase of loans.
227.15 Release of collateral held by Commodity Credit Corporation.

§ 227.1 *Definitions.* For the purpose of these instructions and the notes and mortgages relating thereto, the following terms shall be construed, respectively, to mean:

(a) *Eligible producer.* (1) For commercial corn counties an eligible producer shall be any person, partnership, association, or corporation producing corn as landowner, landlord, or tenant upon whose farm: 1. The acreage planted to corn on the farm is not in excess of the corn acreage allotment for the farm; 2. The sum of acreages of wheat, cotton, corn, rice, and tobacco for the farm is not in excess of the sum of the allotments or permitted acreages for such crops under the 1941 Agricultural Conservation Program; 3. Such person's aggregate share of the 1941 acreage of wheat, cotton, corn, rice, and tobacco, on all farms in the county, does not exceed his aggregate share of the allotments or permitted acreages for such crops under the 1941 Agricultural Conservation Program on such farms.

(2) For noncommercial corn counties an eligible producer shall be any person, partnership, association, or corporation producing corn as landowner, landlord, or tenant, on whose farm the acreages planted to soil-depleting crops are not in excess of the total soil-depleting allotment for the farm, or the acreages permitted to be grown under the Agricultural Conservation Program without deduction.

(b) *Eligible corn.* Ear corn, from December 1, 1941, to September 30, 1942, inclusive, and shelled corn from June 1, 1942, to September 30, 1942, inclusive, produced in 1941, shall be eligible in all areas except the area in which corn is subject to angoumois moth infestation, provided:

(1) The beneficial interest to such corn is and always has been in the eligible producer; or

(2) Such corn was purchased by an eligible producer who will operate a different farm in 1942 (or 1943) from that operated in 1941 (or 1942) from another eligible producer, and the number of bushels placed under loan is not in excess of the number of bushels produced by the borrower on the farm operated by him as an eligible producer in 1941;

(3) Such corn is merchantable field corn which grades No. 3 or better (except for moisture content or testweight) as defined in the Official Grain Standards of the United States, and that the

testweight is not less than 48 pounds or the moisture content is not in excess of the following:

Ear corn

	Percent
From Dec. 1, 1941, to Mar. 31, 1942, both inclusive	20.5
From Apr. 1, 1942, to Apr. 30, 1942, both inclusive	17.5
From May 1, 1942, to Sept. 30, 1942, both inclusive	15.5

Shelled corn

From June 1, 1942, to Sept. 30, 1942, both inclusive	13.5

Where corn is otherwise eligible, but subject to angoumois moth infestation, eligibility is confined to ear corn pledged for loan between December 1, 1941, and March 31, 1942, both inclusive. The angoumois moth infestation area shall be designated by State Agricultural Conservation Committee subject to approval of the Regional Director, Agricultural Adjustment Administration.

Eligible Storage

(c) Eligible storage shall consist of cribs or bins which are of such substantial and permanent construction as to afford protection against rodents, other animals, thieves, and weather, as determined by the county agricultural conservation committee.

(d) *Lending agency.* Any bank, cooperative marketing association, corporation, partnership, or person, making loans in accordance with these instructions upon C.C.C. Grain Form A, secured by chattel mortgages on C.C.C. Grain Form AA, which has executed the Contract to Purchase on 1940 C.C.C. Form E.

(e) *Eligible paper.* For the purpose of the Contract to Purchase (1940 C.C.C. Form E) eligible paper shall consist of producers' notes (C.C.C. Grain Form A) which have been approved by a member of the county agricultural conservation committee.*

*§§ 227.1 to 227.15, inclusive, issued under authority contained in sec. 302 (a), 52 Stat. 43, 7 U.S.C., Sup., 1302; and paragraph (10) (a) and (b), 55 Stat. 205.

§ 227.2 *Corn areas.* Commercial and noncommercial corn counties in the various States are listed in 1941 C.C.C. Corn Form 1—Supplement 1.*

§ 227.3 *Amount.* Loans will be made on eligible corn to eligible producers in accordance with the county loan rates as indicated in 1941 C.C.C. Corn Form 1—Supplement 1.[1] Corn classified as "Mixed Corn," the rate shall be 2 cents less per bushel. A bushel of ear corn shall be determined by using not less than 2.5 cubic feet of ear corn testing not more than 15.5 percent in moisture content. A deduction from the number of bushels of ear corn so computed will be made for moisture content in excess of 15.5 percent in accordance with the following schedule:

Moisture content percent:	Deduction (percent)
15.6 to 16.5	2
16.6 to 17.5	4
17.6 to 18.5	6
18.6 to 19.5	8
19.6 to 20.5	10
Above 20.5	No loan

[1] Filed as part of the original document. Copies may be obtained from the Commodity Credit Corporation.

A bushel of shelled corn shall be determined by using not less than 1.25 cubic feet of shelled corn.*

§ 227.4 *Maturity and interest rate.* Loans will be available from December 1, 1941, to September 30, 1942, inclusive, and bear interest at the rate of three percent (3%) per annum. Loans mature on August 1, 1944, unless they are called at an earlier date by Commodity Credit Corporation.*

§ 227.5 *Farm storage.* The county agricultural conservation committees will supervise the inspection of storage structures, measuring, and sealing the corn by an inspector, and will arrange for moisture testing and grading of samples. Chattel mortgages covering the corn must be executed, and filed in accordance with the applicable State law. Producers may obtain information and assistance from the county agricultural conservation committee in regard to the execution and filing of such chattel mortgages. Where the borrower is a tenant, the expiration date of the lease must be given in section 1 (c) of the chattel mortgage. If the expiration date of the lease is prior to September 30, 1944, the landlord shall execute the Consent for Storage, section 6 of C. C. C. Grain Form AA. The consent agreement must also be signed by any other party or parties entitled to possession of the farm prior to September 30, 1944. Although no loan will be approved unless the borrower has control over, or proper consent for, the storage of the corn until September 30, 1944, borrowers completing their loans prior to April 1, 1942, shall be permitted to deliver collateral between August 1, 1942, and October 31, 1942. Delivery will be accepted at a later date provided a justifiable reason has been approved by the county committee, and any borrower who does not wish to continue his loan until August 1, 1944, may deliver the collateral in satisfaction of the loan between August 1, 1943, and October 31, 1943. In any of the foregoing events borrowers must give their county agricultural conservation committee 30 days' written notice of intention prior to delivery. In the event the note is paid or delivery of the collateral accepted in payment of the note prior to maturity of the loan, it shall be understood that the consent for storage agreement is terminated. Producers delivering collateral in satisfaction of loans on or after January 1, 1943, in accordance with the above provisions, will receive a storage allowance as indicated below, less any deficiency due the Corporation.

§ 227.6 *Execution and filing of chattel mortgage.* All chattel mortgages will be prepared in quadruplicate, and the original or duplicate copy shall be filed for record in accordance with the respective State laws. The receipt of the recorder, register of deeds, county clerk, auditor, or similar authorized county official, must be completed and executed on one copy of the mortgage to indicate the date of filing or recordation; such copy to be held in the office of the county association. In those instances in which chattel mortgages must be filed in both the county in which the mortgagor resides and in the county in which the corn is stored, the quadruplicate copy of the mortgage must be used for this purpose and an additional receipt from the county official typed or stamped on the copy of the mortgage held in the office of the county association. Except where required for filing, the quadruplicate copy of the mortgage, with the duplicate copy of the note, should be delivered to the mortgagor. In case the quadruplicate copy is used for filing, the mortgagor should be given a copy of the mortgage which may be completed on any copy of the form. A separate mortgage must be completed for corn stored on each quarter section. The triplicate copy of the chattel mortgage shall be forwarded to the Chicago office weekly on all indirect loans and should accompany the original note when such note is submitted to the Chicago office as a direct loan.*

§ 227.7 *Liens.* The corn collateral must be free and clear of all liens except in favor of the lienholders listed in the space provided therefor in C.C.C. Grain Form AA. The names of the holders of all existing liens on the pledged or mortgaged corn, such as landlord, laborers, or mortgagees, must be listed in the space provided therefor in the mortgage. The waiver of priority and consent to pledge or mortgage the corn and the payment of the proceeds of the loan and the proceeds of the sale of the corn solely to the producer as contained in the mortgage or in C.C.C. Form AB must be signed personally by all lienholders listed or by their authorized agents; or, if corporation, by the designated officer thereof customarily authorized to execute such instruments. The producer must direct in his note that the proceeds of the loan be made payable to him and/or such other person or concern as he may direct thereon. Producers should read carefully all real estate or other mortgages previously given by them in order to determine whether crops are covered thereby. Any fraudulent representation made in the execution of the note and mortgage and related forms shall render the producer personally liable for the amount of the loan and subject to the provisions of the United States Criminal Code.*

§ 227.8 *Insurance.* Commodity Credit Corporation will not require primary insurance certificates in connection with 1941 corn loans. Producers may provide such insurance as they see fit. In the event a total loss of collateral occurs from an external cause, with the exception of a loss caused by conversion, the Commodity Credit Corporation will mark the note paid and return it to the borrower. In case of a partial loss, from an external cause except conversion, the note will be credited at loan value, plus interest for the number of bushels on which the loss occurred. If the loss occurs on or after January 1, 1943, the borrower wil be paid the storage allowance in accordance with the amounts due as indicated in § 227.5 of this chapter on the number of bushels credited on the note.*

§ 227.9 *Producer responsibility.* The note and mortgage govern the responsibility of the producer and should be read carefully. In case the producer delivers the corn collateral in payment of his loan, he shall deliver a quantity of shelled corn grading No. 3 or better (except No. 4 on test weight only) equal to the number of bushels upon which the loan was computed. It is important that the producer place his corn in good storage structures and maintain such structures in good repair and protect the corn collateral against damage from weather, rodents, and insects. In those areas subject to insect infestation careful supervision must be maintained and infestation reported immediately to the county committees. Producers are responsible for any deterioration in quantity or quality of the collateral due to insect infestation. In the event producers desire to shell the collateral corn and store same in satisfactory storage, they should request the county agricultural conservation committee for authority to do so.*

§ 227.10 *County agricultural conservation committees.* C.C.C. Grain Form A provides for an approval by the county committee which should not bear a date prior to the date of the mortgage securing such note and which must be signed in each instance by a member of a county agricultural conservation committee of the county in which the corn is stored. The loan rate applicable to the corn produced on any farming unit, regardless of where stored, shall be the loan rate established for the county in which such farming unit is listed under the Agricultural Conservation Program. When a producer stores corn for a loan in a county other than the county in which the corn was produced, the committee for the county where the corn is stored must secure a written certification of eligibility from the county committee where the corn was produced before certifying the loan.*

§ 227.11 *Approval of corn note by member of county committee.* The member of the county agricultural conservation committee who approved a corn producer's note (C.C.C. Grain Form A) by signing in the space provided on such note for the approval thereof by the county agricultural conservation committee, shall, in so approving the note, certify on behalf of such committee that the corn securing the note, the storage structure(s) in which such corn is stored, and the class, quality, and quantity of such corn have been inspected, determined, and sealed in accordance with the requirements of the Commodity Credit Corporation and the Secretary of Agriculture; that the representations set forth in the chattel mortgage securing such note are true and correct; that the chattel mortgage has been properly executed and filed for record in accordance with the State's legal requirements; that satisfactory evidence of the authority of all parties executing the note and chattel mortgage, lien waivers, and consents for storage has been received and any documentary evidence of authority will be held by the committee; that the original or duplicate copy of said mortgage bearing receipt of the county recording official is held by the committee; that a careful search has been made of lien records and to the best of the knowledge and belief of the committee that priority on all existing liens on the corn covered by said mortgage have been duly waived; that consents for storage where necessary have been executed.*

§ 227.12 *Preparation of documents.* Loan documents will be prepared by county agricultural conservation committees. All blanks in C.C.C. Grain Forms A and AA must be filled in with ink, typewriter, or indelible pencil, and no documents containing additions, alterations, or erasures that may result in a material error will be accepted by Commodity Credit Corporation. Substitutions for these forms will not be acceptable.*

§ 227.13 *Source of loans.* It is contemplated that loans will be obtained from banks and other local lending agencies, which, in turn, may sell the notes evidencing such loans to Commodity Credit Corporation. Producer may also obtain loans directly from Commodity Credit Corporation. Notes for direct loans shall be made payable to Commodity Credit Corporation and shall be delivered to the Chicago office of Commodity Credit Corporation. Paper for direct loans tendered by mail, in person, or otherwise, must be delivered or postmarked prior to October 1, 1942. Upon delivery of all necessary documents properly executed and upon approval of the loan, payment shall be made pursuant to the request of the borrower contained in his note.*

§ 227.14 *Purchase of loans.* Commodity Credit Corporation will purchase without recourse, eligible paper as defined in § 227.1 (e) of this chapter, only from lending agencies which have executed and delivered to the regional director of Commodity Credit Corporation serving the area a Contract to Purchase (1940 C. C. C. Form E). Notes held by lending agencies may be tendered to Commodity Credit Corporation, Chicago, Illinois, at any time prior to July 1, 1944, but must be tendered for purchase upon request of the Commodity Credit Corporation and in no event later than July 1, 1944. The purchase price to be paid by Commodity Credit Corporation for notes accepted will be the face amount of such notes, plus accrued interest from the respective dates of disbursement to the date of payment of the purchase price at the rate of 1½ percent per annum. Under the terms of the Contract to Purchase, lending agencies are required to report weekly on 1940 C.C.C. Form F all payments or collections on producers' notes held by them, and to remit promptly to Commodity Credit Corporation an amount equivalent to one and one-half percent (1½%) interest per annum on the principal amount collected from the date of disbursement on the note to the date of payment. In connection with the 1941 corn loan program, lending agencies must submit notes and reports to the Regional Director, Commodity Credit Corporation, 208 South La Salle Street, Chicago, Illinois.*

§ 227.15 *Release of collateral held by Commodity Credit Corporation.* A producer may obtain the return of notes secured by corn upon his request in writing and payment of the principal amount due thereon with accrued interest and proper charges. The producer's note will be transmitted to an approved bank with instructions to deliver such note to the producer, or his agent, upon the payment of the full amount due thereon with accrued interest and proper charges. Where such note is sent to an approved bank for collection, instructions shall be given to return the note to the sender if payment and release are not effected within 15 days. All charges and expenses of the collecting bank shall be paid by the producer. County agricultural conservation committees will be requested to release the mortgage of record after payment in full either by the filing of an instrument of release or by a margin release on the county records.

If the producer's note is made payable directly to Commodity Credit Corporation, and he desires to obtain the release of collateral upon payment, as aforesaid, he should notify the Chicago office of Commodity Credit Corporation. If his note was made payable to a payee other than Commodity Credit Corporation, the producer should notify the payee named therein.

The producer may repay his note in full, obtaining release of all corn securing payment of the note direct to the lending agency, or he may obtain release of one or more complete cribs or bins or a part of a crib or bin of corn under loan by paying the amount loaned, plus interest, on the corn which he wishes released through the county committee.*

President.

TITLE 7—AGRICULTURE

CHAPTER VII—AGRICULTURAL ADJUSTMENT ADMINISTRATION

[P-1941-4]

PART 741—PARITY PAYMENTS

SUBPART C—1941

By virtue of the authority vested in the Secretary of Agriculture by the item entitled "Parity Payments" contained in the Department of Agriculture Appropriation Act, 1941 (Public Law No. 658, 76th Congress, approved June 25, 1940; 54 Stat. 532, 563), as amended by the item entitled "Parity Payments" contained in the Department of Agriculture Appropriation Act, 1942 (Public Law 144, 77th Congress, approved July 1, 1941; 55 Stat. 408, 436), and pursuant to the provisions of sections 301 and 303 of the Agricultural Adjustment Act of 1938, approved February 16, 1938 (Public Law No. 430, 75th Congress, 3d Session; 52 Stat. 43, 45, 7 U.S.C., Sup., 1301, 1303), as amended, the 1941 Parity Payment Regulations, as approved on September 13, 1940, and amended on April 16, 1941, and August 16 and 20, 1941, are hereby further amended as follows:

1. Section 741.202 [1] (e) is amended to read as follows:

§ 741.202 *Rate of payment and deduction.*

* * * * *

(e) *Tobacco.*

(i) Payment: The following number of cents per pound of the normal yield per acre of tobacco for the farm for each acre in its tobacco acreage allotment for each acre of the following kinds of tobacco:

	Cents
Flue-cured (types 11–14)	0.6
Fire-cured (types 21–24)	.2
Cigar (types 42–44, 46, 51–55)	.7

(ii) Deduction: The following number of cents per pound of the normal yield per acre of tobacco for the farm for each acre of tobacco harvested in excess of the applicable tobacco acreage:

	Cents
Flue-cured (types 11–14)	6.0
Fire-cured (types 21–24)	2.0
Cigar (types 42–44, 46, 51–55)	7.0

2. Section 741.205 [2] is amended to read as follows:

§ 741.205 *Aggregate performance.* Notwithstanding any other provisions of these regulations, the payment to any person whose aggregate share of the 1941 acreage of wheat, cotton, corn, rice, and tobacco on all farms in the county does not exceed his aggregate share of the allotments or permitted acreages under the 1941 Agricultural Conservation Program on such farms shall not be less than the sum of his shares of the payments computed under § 741.202 hereof, with respect to each such allotment on each farm on which (1) the acreage of a commodity on the farm does not exceed the acreage allotment determined for the commodity under the 1941 Agricultural Conservation Program and (2) the sum of the acreages of corn, cotton, wheat, rice, and tobacco does not exceed the sum of the allotments or permitted acreages of such crops under the 1941 Agricultural Conservation Program, unless the State committee finds that such person's aggregate share of the 1941 acreages of wheat, cotton, corn, rice, and tobacco on all farms in which he has an interest exceeds his aggregate share of the allotments or permitted acreages for such commodities under the 1941 Agricultural Conservation Program for such farms to such an extent as to offset substantially the performance on the farm or farms with respect to which payment might otherwise be made.

Done at Washington, D. C., this 23d day of December 1941. Witness my hand and the seal of the Department of Agriculture.

CHAPTER I—FEDERAL TRADE COMMISSION

[Docket No. 3656]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

IN THE MATTER OF R. T. VANDERBILT COMPANY, INC., ET AL.

§ 3.24 (c) *Coercing and intimidating—Customers or prospective customers of competitors—By threatening infringement suits, not in good faith:* § 3.69 (b) *Misrepresenting oneself and goods—Goods—Patent rights.* In connection with the offer, etc., in commerce, of pyrophyllite, and among other things, as in order set forth, (1) directly, or by implication or innuendo, either orally or by letters, circulars or any other means, representing that the Sproat patents, or any other patent owned or controlled by the respondents, or either of them, confer upon the respondents, or either of them, the exclusive right to use pyrophyllite in the manufacture of semi-vitreous earthenware bodies, or that said patents confer the exclusive right upon the respondents, or either of them, to sell or supply pyrophyllite to be used in the manufacture of semi-vitreous earthenware bodies; and (2) directly, or by implication or innuendo, either orally or by letters, circulars, or any other means, threatening any person, firm or corporation with patent infringement or damage suit, or other legal action, in bad faith, for the purpose of diverting the trade of any competitor to the respondents; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., Supp. IV, sec. 45b) [Cease and desist order, R. T. Vanderbilt Company, Inc., et al., Docket 3656, December 16, 1941]

§ 3.39 *Dealing on exclusive and tying basis.* In connection with the offer, etc., in commerce, of pyrophyllite, and among other things, as in order set forth, (1) licensing the use of the Sproat patents, or any other patent owned or controlled by the respondents, or either of them, on the condition, agreement or understanding that the licensee shall purchase from the respondents, or either of them, the pyrophyllite used in the process covered by any of said patents; (2) licensing the use of the Sproat patents, or any other patent owned or controlled by the respondents, or either of them, upon the condition, agreement or understanding that the licensee shall not purchase or procure from a competitor of respondents the pyrophyllite used in the process covered by any of said patents; and (3) making any sale, or contract or agreement for sale, of pyrophyllite, on the condition, agreement or understanding that the purchaser thereof shall not use, in the manufacture of semi-vitreous earthenware, pyrophyllite purchased from or supplied by a competitor of respondents; prohibited. (Sec. 3, 38 Stat. 731; 15 U.S.C., sec. 14) [Cease and desist order, R. T. Vanderbilt Company, Inc., et al., Docket 3656, December 16, 1941]

In the Matter of R. T. Vanderbilt Company, Inc., a Corporation, and Standard Mineral Company, Inc.

At a regular session of the Federal Trade Commission held at its office in the City of Washington, D. C., on the 16th day of December, A. D. 1941.

This proceeding having been heard [1] by the Federal Trade Commission upon the complaint of the Commission, the joint answer of the respondents, the testimony and other evidence, the report of the trial examiner thereon and exceptions to said report, briefs in support of the complaint and in opposition thereto, and oral argument by the attorney for the Commission and the attorney for respondents, and the Commission having made its findings as to the facts and its conclusion that the respondents have violated the provisions of the Federal Trade Commission Act and the provisions of section 3 of an Act of Congress approved October 15, A. D., 1914, entitled "An Act to supplement existing laws against unlawful restraints and monopolies, and for other purposes" and the amendments thereto:

It is ordered, That the respondents, R. T. Vanderbilt Company, Inc., and Standard Mineral Company, Inc., their officers, directors, representatives, agents and employees, jointly or severally, directly or through any corporate or other device, in connection with the offering for sale, sale and distribution of pyrophyllite in commerce, as "commerce" is defined in the Federal Trade Commission Act, shall forthwith cease and desist from:

1. Directly, or by implication or innuendo, either orally or by letters, circulars or any other means, representing that the Sproat patents, or any other patent owned or controlled by the respondents, or either of them, confer upon the respondents, or either of them, the exclusive right to use pyrophyllite in the manufacture of semi-vitreous earthenware bodies, or that said patents confer the exclusive right upon the respondents, or either of them, to sell or supply pyrophyllite to be used in the manufacture of semi-vitreous earthenware bodies.

2. Directly, or by implication or innuendo, either orally or by letters, circulars, or any other means, threatening any person, firm or corporation with patent infringement or damage suit, or other legal action, in bad faith, for the purpose of diverting the trade of any competitor to the respondents.

3. Licensing the use of the Sproat patents, or any other patent owned or controlled by the respondents, or either of them, on the condition, agreement or understanding that the licensee shall purchase from the respondents, or either of them, the pyrophyllite used in the process covered by any of said patents.

4. Licensing the use of the Sproat patents, or any other patent owned or controlled by the respondents, or either of them, upon the condition, agreement or understanding that the licensee shall not purchase or procure from a competitor of respondents the pyrophyllite used in the process covered by any of said patents.

5. Making any sale, or contract or agreement for sale, of pyrophyllite, on the condition, agreement or understanding that the purchaser thereof shall not use, in the manufacture of semi-vitreous earthenware, pyrophyllite purchased from or supplied by a competitor of respondents.

It is further ordered, That the respondents shall within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

By the Commission.

TITLE 26—INTERNAL REVENUE

CHAPTER I—BUREAU OF INTERNAL REVENUE

SUBCHAPTER A—INCOME AND EXCESS PROFITS TAXES

[T.D. 5104]

PART 19—INCOME TAX UNDER THE INTERNAL REVENUE CODE

Regulations 103 amended to conform to Public Law 285 (77th Congress), extending Time for Applications, and Changing Procedure, for Certification of National-Defense Facilities and Contracts for Amortization Purposes

In order to conform Regulations 103 [1] [Part 19, Title 26, Code of Federal Regulations, 1940 Sup.] to the provisions of Public Law 285 (77th Congress), approved October 30, 1941, such regulations are amended as follows:

PARAGRAPH 1. There is inserted immediately preceding § 19.124–1, as added by Treasury Decision 5016, approved October 23, 1940, and amended by Treasury Decision 5049, approved May 29, 1941, the following:

PUBLIC LAW 285, APPROVED OCTOBER 30, 1941

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That section 124 (f) (1) of the Internal Revenue Code, as amended, is amended to read as follows:

"(1) There shall be included only so much of the amount otherwise constituting such adjusted basis as is properly attributable to such construction, reconstruction, erection, installation, or acquisition after June 10, 1940, as either the Secretary of War or the Secretary of the Navy has certified as necessary in the interest of national defense during the emergency period, which certification shall be under such regulations as may be prescribed from time to time by the Secretary of War and the Secretary of the Navy, with the approval of the President."

SEC. 2. Section 124 (f) (3) of the Internal Revenue Code, as amended, is amended by striking out "sixty days" and inserting in lieu thereof "six months" and by striking out "February 6, 1941" and inserting in lieu thereof "December 1, 1941".

SEC. 3. Section 124 (i) of the Internal Revenue Code, as amended, is amended to read as follows:

"*Protection of the United States.* If the taxpayer has been or will be reimbursed by the United States for all or a part of the cost of any emergency facility pursuant to any contract (in excess of $15,000 in amount) with the United States, made on its behalf after December 31, 1939, by the War Department, the Navy Department, the United States Maritime Commission, or such other department or agency as the President may designate, either—

"(1) directly, by a provision therein dealing expressly with such reimbursement, or

"(2) indirectly, because the price paid by the United States (insofar as return of cost of the facility is used by the United States as a factor in the fixing of such price) is recognized by the contract as including a return of cost greater than the normal exhaustion, wear, and tear: *Provided*, That no such greater return of cost shall be deemed to have been used as a factor in the fixing of such price when the negotiating or contracting officer reports that after careful consideration he is satisfied that such greater return was not included in the price,

no amortization deduction with respect to such emergency facility shall be allowed for any month after the end of the month in which such contract is made unless either the Secretary of War or the Secretary of the Navy certifies to the Commissioner that the interest of the United States is adequately protected with reference to the future use and disposition of such emergency facility. A certificate of like effect may also be issued with respect to emergency facilities for which the taxpayer has not been or will not be so reimbursed. A certificate by either the Secretary of War or the Secretary of the Navy made to the Commissioner, to the effect that under any such contract, reimbursement for all or a part of the cost of any emergency facility is not provided for within the meaning of clause (1) or clause (2), shall be conclusive for the purposes of this subsection. Except in cases of applications therefor filed before December 1, 1941, the certificates provided for under this subsection shall have no effect unless an application therefor is filed either before the expiration of six months after the making of such contract or before the expiration of sixty days after the making of a certificate under subsection (f), whichever is later.

"The reports of negotiating and contracting officers and the certificates provided for in this subsection shall be issued under such regulations as may be prescribed from time to time by the Secretary of War and the Secretary of the Navy, with the approval of the President.

"The terms and conditions of contracts with reference to reimbursement of the cost of emergency facilities and the protecting of the United States with reference to the future use and disposition of such emergency facilities shall be made available to the public."

SEC. 4. The amendments made by this joint resolution [sic] to section 124 of the Internal Revenue Code shall be applicable as if they were a part of such section on the date of the enactment of the Second Revenue Act of 1940.

PAR. 2. Section 19.124–1, as added by Treasury Decision 5016 and amended by Treasury Decision 5049, is amended by striking out paragraph (a); by redesignating subdivisions (b) and (d) as (a) and (c); and by inserting the following in lieu of subdivision (c):

(b) "*Emergency facility*" means any facility, land, building, machinery, or equipment, or any part thereof—

(1) the acquisition of which occurred after June 10, 1940, or the construction, reconstruction, erection, or installation of which was completed after such date, and

(2) any part of the construction, reconstruction, erection, installation, or acquisition of which has, under such regulations as may be prescribed by the Secretary of War and the Secretary of

[1] 5 F.R. 848, 437, 569.

the Navy, with the approval of the President, been certified by the Secretary of the Department concerned as necessary in the interest of national defense during the emergency period (such certificate to have no effect unless an application therefor is filed (A) before the expiration of six months after the beginning of such construction, reconstruction, erection, or installation, or the date of such acquisition, or (B) before December 1, 1941, whichever date is the later).

The term "emergency facility," as so defined, may include, among other things, improvements of land, such as the construction of airports and the dredging of channels.

PAR. 3. The first sentence of § 19.124–2, as added by Treasury Decision 5016, is amended by striking out "the Advisory Commission and" and by inserting "makes" in lieu of "have made". There is inserted immediately following the first sentence of § 19.124–2 the following sentence:

No amortization deduction shall be allowed for any taxable year unless a certificate of necessity pursuant to section 124 (f) (1) is made prior to the making of the election to take the amortization deduction, or prior to December 1, 1941, whichever is later.

PAR. 4. Section 19.124–6, as added by Treasury Decision 5016, is amended by striking out "the Advisory Commission and" wherever occurring therein; and the first sentence of the third, fourth, and last paragraphs of such section is amended by inserting "certifies" in lieu of "certify".

PAR. 5. The second paragraph of section 19.124–7, as added by Treasury Decision 5016, is amended by striking out "the Advisory Commission and".

PAR. 6. Section 19.124–9, as added by Treasury Decision 5016 and amended by Treasury Decision 5049, is amended to read as follows:

§ 19.124–9 *Reimbursement by United States for cost of facility.* If the taxpayer has been or will be reimbursed by the United States for all or a part of the cost of any emergency facility pursuant to any contract, exceeding $15,000 in amount, with the United States, made on its behalf after December 31, 1939, by the War Department, the Navy Department, the United States Maritime Commission, or such other department or agency as the President may designate, no amortization deductions will be allowed with respect to such facility for any month after the end of the month in which such contract is made, unless the Secretary of the Department concerned certifies to the Commissioner that the interest of the United States is adequately protected with reference to the future use and disposition of such facility. Only one certificate of protection is necessary with respect to a particular emergency facility regardless of the number of contracts entered into. For treatment of reimbursements, see § 19.124–6. If the Secretary of the Department concerned certifies to the Commissioner that under a contract no reimbursement is provided for within the meaning of section 124 (i), such certificate shall be conclusive of such fact. Except in the case of applications therefor filed before December 1, 1941, the certificates referred to in this section shall have no effect unless an application therefor is filed before the expiration of six months after the making of such contract or before the expiration of 60 days after the making of a certificate of necessity under section 124 (f) (1) (see § 19.124–1 (b)), whichever is later.

(This Treasury decision is issued under authority contained in sections 1 to 4, inclusive, of Public Law 285 (77th Congress), approved October 30, 1941, and section 62 of the Internal Revenue Code, 53 Stat. 32 (26 U.S.C., Sup. V, 62).)

PART 19—INCOME TAX

Amending Section 19.149–1 of Regulations 103, Relating to Return of Information by Brokers

Section 19.149–1 of Regulations 103[1] [Part 19, Title 26, Code of Federal Regulations, 1940 Sup.], as amended by Treasury Decision 5015, approved October 22, 1940, is amended as follows:

(1) By striking out in the first paragraph the last sentence and that part of the next to the last sentence which reads as follows:

"; and, except as provided in the fourth paragraph of this section, the form shall also show the total of the sales, and the total market value of the securities exchanged for the customer or account".

(2) By striking out the third paragraph.

(This Treasury decision is issued under the authority contained in sections 62 and 149 of the Internal Revenue Code (53 Stat. 32 and 65; 26 U.S.C., Sup. V, 62, 149).)

SUBCHAPTER B—PRIORITIES DIVISION

PART 962—STEEL

Amendment No. 2 to Supplementary Order M–21–b Relating to Steel Warehouses

Section 962.3 (*Supplementary Order M–21–b*) is hereby amended to read as follows:

§ 962.3 *Supplementary Order M–21–b*—(a) *Additional definitions.* For the purpose of this Supplementary Order:

(1) "Warehouse" means any person who receives physical delivery of iron or steel from a Producer for sale or resale in the form received.

(2) "Deliveries" includes deliveries on consignment.

(b) *Schedule A products.* With respect to the iron and steel products listed in Schedule A hereto:

(1) *Quota restriction.* No Warehouse shall accept from a Producer during any calendar quarter, deliveries except within the limits of the quota established for such Warehouse by the Director of Priorities. Application for such quota shall be made on Form PD–83–a. Such quota shall be computed on the base tonnage herein described. The base tonnage of any Schedule A product classification is the tonnage of such product classification shipped by the Warehouse from stock during the first calendar quarter of 1941. The quota of the Warehouse in each calendar quarter is the percentage of such base-tonnage shown in column 2 of Schedule A. The base tonnage or the quota may be changed from time to time by the Director of Priorities.

(2) *Preference rating.* The Director of Priorities will issue to each Warehouse for which a quota is established pursuant to paragraph (b) (1), a certificate assigning a preference rating of A–9 to deliveries of iron or steel to such Warehouse, within the limits of such quota. Such preference rating may be changed from time to time by the Director of Priorities.

(3) *Reports.* Each Warehouse shall file with the Iron and Steel Branch, Office of Production Management, Washington, D. C., on or before the 15th day of each month a report on form PD–83, or in such other form as may from time to time be prescribed by the Director of Priorities.

(c) *Schedule B products.* With respect to the iron and steel products listed in Schedule B hereto:

(1) *Quota restriction.* No Producer shall make to a Warehouse and no Warehouse shall accept from a Producer during any calendar quarter, deliveries except within the limits of the quota which such Warehouse is entitled to receive from such Producer. Such quota shall be computed on the base tonnage herein described. The base tonnage of any Schedule B product classification is the tonnage of such product classification shipped by the Producer to the Warehouse during the corresponding calendar quarter of 1940. By written notice delivered to the Producer on or before February 1, 1942 the Warehouse may change the base tonnage of any product classification to one-fourth of the tonnage of such product classification shipped by the Producer to the Warehouse during the year 1940; but the base tonnage cannot thereafter be changed for any subsequent calendar quarter. The quota which each Producer may deliver to each Warehouse in each calendar quarter is the percentage of such base tonnage shown in column 3 of Schedule B. The base tonnage or the quota may be changed from time to time by the Director of Priorities. A Warehouse whose total quota of all Schedule B products from a Producer for the calendar year is less than 120,000 pounds may accept such total quota from such Producer at any time during the calendar year, provided not more than 40,000 pounds is accepted in any calendar quarter. After approval by the Iron and Steel Branch, Office of Production Management on form PD–83–c, the quota of a Warehouse may be transferred from one Producer to another.

(2) *Preference rating.* A preference rating of A–9 is assigned to deliveries of each product classification from a Producer to a Warehouse up to the percentage of the base tonnage shown in column 2 of Schedule B. The tonnage of each product classification which a Producer may deliver to a Warehouse under the A–9 rating shall be reduced in each calendar quarter by the tonnage of such product classification delivered by the Producer to the Warehouse during such calendar quarter under any higher rating. Where the total tonnage of Schedule B products assigned the A–9 rating in any calendar quarter is less than 40,000 pounds but more than 20,000 pounds, such rating may be applied up to 40,000 pounds.

(3) *Reports.* Each Producer shall file with the Iron and Steel Branch, Office of Production Management, Washington, D. C., on or before April 15, 1942 and quarterly thereafter, a statement showing:

(i) The name and address of each Warehouse to which such Producer made deliveries of any Schedule B product during the preceding calendar quarter, or during the year 1940.

(ii) The tonnage of each such product delivered to each such Warehouse during the preceding calendar quarter.

(iii) The tonnage of each such product delivered to each such Warehouse during the corresponding calendar quarter of 1940 and during the year 1940.

(d) *Limitation of deliveries by warehouses.* Except as permitted by paragraph (e), no Warehouse shall make deliveries of carbon steel plates or of alloy steel from its stock except on defense orders. After making provision for defense orders, and subject to the terms of General Preference Order M–21, a Warehouse may make deliveries of other iron and steel products from its stock to non-defense customers.

(e) *Exemption of certain sales by warehouses.* A Warehouse may, during any calendar month, make deliveries of carbon steel plates, alloy tool steel, stainless steel, and other alloy steel on any unrated order for essential repair or maintenance purposes only: *Provided*, That the total amount of each such material delivered to all customers in this manner during any calendar month shall not exceed ten percent (10%) of the average monthly deliveries of such material by the Warehouse to all customers during the first calendar quarter of 1941: *And further provided*, That nothing contained in this paragraph shall be construed to excuse any person from complying with the applicable provisions of General Preference Order M–14, to conserve the supply and direct the distribution and use of tungsten in high speed steel.

(f) *Special instructions.* The Director of Priorities may from time to time issue specific directions to Warehouses requiring them to earmark stocks or to make deliveries during specified periods in fulfillment of contracts, commitments, or purchase orders for particular purposes or to particular persons. Such directions will be made primarily to insure satisfaction of all defense requirements of the United States, both direct and indirect, and they may be made, in the discretion of the Director of Priorities, without regard to any preference ratings assigned to particular contracts, commitments, or purchase orders, and without regard to any quota established under paragraphs (b) or (c).

(g) *Foreign warehouses.* The Director of Priorities may establish quotas for Warehouses located outside the United States, its territories and possessions (including the Commonwealth of the Philippines), and may assign an A–9 rating to deliveries to such Warehouses.

(h) *Extension of preference rating.* The A–9 preference rating assigned by this Order may be applied by a Producer to deliveries of Material to be physically incorporated into Material to be delivered by the Producer to a Warehouse under the rating assigned above, or to be used within the limitations of this paragraph to replace in the Producer's inventory Material so delivered. Such application of the rating shall be subject to the following:

(1) No producer may apply the rating to obtain Material in greater quantities or on earlier dates than required to enable him to make on schedule a delivery rated hereunder or, within the limitations of (2) and (3) below, to replace in his inventory Materials so delivered. He shall not be deemed to require such Material if he can make his rated delivery and still retain a practicable working minimum inventory thereof; and if, in making such delivery, he reduces his inventory below such minimum, he may apply the rating only to the extent necessary to restore his inventory to such minimum.

(2) To extend such rating a Producer must endorse on each purchase order or contract to be covered by the rating assigned hereunder a statement in the following form, manually signed by an official duly authorized for such purpose:

The undersigned hereby certifies that steel products herein ordered are required to complete purchase order Nos. _____ received from a steel warehouse, preference rating A–9.

_____
(Name of Producer)

By _____
(Duly Authorized Official)

Such endorsement shall constitute a representation to the Office of Production Management and to the person with whom the purchase order or contract is placed that such purchase order or contract is duly rated in accordance herewith. The Seller shall be entitled to rely in such representation unless he knows or has reason to believe it to be false. Any such purchase order or contract shall be restricted to Material the delivery of which is rated in accordance herewith.

(3) Each Producer extending the A–9 rating in accordance with this paragraph (h) shall file such reports as may be required from time to time by the Office of Production Management, and until further notice shall file form PD–81 (or, at his election, form PD–81–a accompanied by copies of all endorsed purchase orders or contracts for Material to which the preference rating has been applied by him during the preceding month) on or before the 15th day of each month.

(i) *Effective dates.* This Supplementry Order shall take effect immediately and, unless sooner terminated by direction of the Director of Priorities, shall expire on the expiration date of § 962.1 (General Preference Order M–21).

This amendment shall take effect on January 1, 1942.

Issued this 24th day of December 1941.

DONALD M. NELSON,
Director of Priorities.

PART 981—PASSENGER AUTOMOBILES

Supplementary General Limitation Order L–2–e, Further Restricting the Production of Passenger Automobiles During the Months of December, 1941 and January, 1942

In accordance with the provisions of § 981.1[1] (*General Limitation Order L–2*, issued September 19, 1941); of § 981.2[2] (*Supplementary General Limitation Order L–2–a*, issued October 24, 1941); of § 981.3[3] (*Supplementary General Limitation Order L–2–b*, issued October 27, 1941); of § 981.4[4] (*Supplementary General Limitation Order L–2–c*, issued November 7, 1941); and of Amendment No. 1 to Supplementary General Limitation Order L–2–b, issued December 10, 1941; all of which said orders the following Order supplements,

It is hereby ordered, That:

§ 981.6 *Supplementary General Limitation Order L–2–e*—(a) *Further restricting the production of passenger automobiles in December 1941.* Anything contained in the above-mentioned Orders to the contrary notwithstanding, and subject to the qualifications provided for in paragraph (d) below, during the period commencing December 1, 1941 and ending December 31, 1941, Producers shall respectively manufacture not more than the following number of passenger automobiles:

Name of producer	*Number of passenger automobiles*
General Motors	67,925
Chrysler Corporation	35,453
Ford Motor Company	28,507
Studebaker	6,626
Hudson	4,857
Nash	4,125
Packard	4,328

[2] 6 F.R. 5487.
[3] 6 F.R. 5487, 6358.
[4] 6 F.R. 5697.

(b) *Further restricting the production of passenger automobiles during the month of January 1942.* Anything contained in the above-mentioned Orders to the contrary notwithstanding, and subject to the qualifications provided for in paragraph (d) below, during the period commencing January 1, 1942 and ending January 31, 1942, Producers shall respectively manufacture not more than the following number of Passenger Automobiles:

Name of producer	*Number of Passenger Automobiles*
General Motors	45,284
Chrysler Corporation	23,636
Ford Motor Company	19,004
Studebaker	4,417
Hudson	3,238
Nash	2,750
Packard	2,885
Willys-Overland	972
Crosley	238

(c) *Allocation among particular makes, December 1941 and January 1942.* Anything contained in the above-mentioned Orders to the contrary notwithstanding, and subject to the qualifications provided for in paragraph (d) below, each Producer shall continue to distribute his authorized production among various makes in accordance with the option heretofore selected by him for the period commencing August 1, 1941 and ending November 30, 1941. For the month of December, 1941, subject to the qualifications provided for in paragraph (d) hereof, production pursuant to options previously selected by the Producers shall be as follows:

Name of make	Number under option A	Number under option B
Chevrolet		33,885
Buick		12,302
Pontiac		10,768
Oldsmobile		8,815
Cadillac		2,155
Plymouth	18,888	
Dodge	8,897	
Chrysler	4,521	
DeSoto	3,147	
Ford	24,230	
Mercury	3,320	
Lincoln-Zephyr	957	

For the month of January, 1942, subject to the qualifications provided for in paragraph (d) below, production pursuant to options previously selected by the Producers shall be as follows:

Name of make	Number under option A	Number under option B
Chevrolet		22,500
Buick		8,201
Pontiac		7,179
Oldsmobile		5,877
Cadillac		1,437
Plymouth	12,592	
Dodge	5,932	
Chrysler	3,014	
DeSoto	2,098	
Ford	16,153	
Mercury	2,213	
Lincoln-Zephyr	638	

(d) *Qualifications on paragraphs (a), (b), and (c) hereinabove.* In spite of the provisions of paragraphs (a) and (c) hereof any Producer of passenger automobiles may produce in the month of December, 1941 that number of passenger automobiles originally authorized for his December, 1941 production by Supplementary Limitation Order L–2–a, issued October 24, 1941, provided that such Producer's January, 1942 quota as authorized in paragraphs (b) and (c) hereinabove, shall be reduced by whatever number such Producer's December, 1941 production exceeds the December, 1941 quotas fixed by paragraphs (a) and (c) hereinabove. Further, any Producer of Passenger Automobiles may carry over to the month of January, 1942, any portion of his December, 1941 quota as authorized in paragraphs (a) and (c) hereinabove, which he failed to produce in the month of December, 1941: *Provided, however*, That in no event shall any Producer's total production of passenger Automobiles for December, 1941 and for January, 1942, exceed the total of his production for those two months authorized in paragraphs (a) and (b) herein.

(e) *Effect of present order on use of "bright work".* Anything in Supplementary General Limitation Order L–2–b, issued October 27, 1941, and Amendment No. 1 to Supplementary General Limitation Order L–2–b, issued December 10, 1941, to the contrary notwithstanding, any Producer of Passenger Automobiles may use "Bright Work", "bright finish", metal finish or body trim containing copper, nickel, chrome or aluminum on that number of Passenger Automobiles originally authorized for production in the Month of December, 1941, by Supplementary General Limitation Order L–2–b, issued October 27, 1941: *Provided, however*, That if any part of such December, 1941, production, so authorized, is carried over into the month of January, 1942, as authorized by Paragraph (d) hereinabove, then and in that event such "Bright Work", "bright finish", metal finish or body trim containing copper, nickel, chrome or aluminum must be applied on the first passenger automobiles produced in January, 1942.

(f) *Prohibition on use of spare tires on new passenger automobiles.* On and after the effective date of this Order no producer shall equip any new Passenger Automobile produced by him with more than four new tires; nor shall such producer or any other person sell, ship or deliver any new passenger automobile equipped with more than four new tires.

(g) *Effective date.* This order shall take effect immediately. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. CHAPTER XI—OFFICE OF PRICE ADMINISTRATION

PART 1314—RAW MATERIALS FOR SHOES AND LEATHER PRODUCTS

PRICE SCHEDULE NO. 61—LEATHER

The declaration by the Congress of the United States that a state of war exists between this country and the Axis nations makes it imperative that immediate steps be taken to protect the civilian population against increases in the cost of shoes and other leather products. Hostilities in the Pacific have raised the possibility of decreased supplies of imported hides and skins. At the same time there is every likelihood of an increase in the leather requirements of the armed forces of the United States and of an increase in the quantities of leather and of leather raw materials to be furnished to those who are now our allies. This combination of circumstances, unless forestalled, would result in a bidding up of the prices of leather and leather products, which in time would substantially increase the cost of living of the civilian consumer, and at the same time increase the direct cost of the war effort. As a measure of public interest it becomes necessary to establish maximum prices for leather.

It is contemplated that, after completion of studies now being made by the Office of Price Administration, a revised schedule covering leather will be issued. If the studies so justify, maximum prices lower than those set forth herein may be established.

Accordingly, under the authority vested in me by Executive Order No. 8734, it is hereby directed that:

§ 1314.51 *Maximum prices for leather.* (a) On and after December 29, 1941, no person shall sell, offer to sell, deliver or transfer leather at prices higher than the maximum prices established herein; except that contracts entered into prior to December 29, 1941, calling for a price higher than the maximum prices may be carried out at the contract price.

(b) (1) The maximum price shall be the highest price contracted for or received by the seller for the sale or delivery during the period between November 6, 1941 and December 6, 1941, inclusive, of leather of the same type, quality and grade to a purchaser of the same general class.

(2) If during said period no such sale or delivery was made, the maximum price shall be a price in line with the maximum prices for related types, qualities and grades of leather determined in accordance with subparagraph (1) above, to purchasers of the same general class.

(3) No seller of leather shall increase the maximum prices established by this Schedule by requiring a purchaser to pay transportation or other charges in connection with a sale or delivery of leather which such purchaser would not have borne during said period.

(c) Sales at retail are excepted from the operation of this Schedule.*

*§§ 1314.51 to 1314.60, inclusive, issued pursuant to the authority contained in Executive Orders Nos. 8734, 8875, 6 F.R. 1917, 4483.

§ 1314.52 *Less than maximum prices.* Lower prices than those established by this Schedule may be charged, demanded, paid or offered.*

§ 1314.53 *Evasion.* The price limitations set forth in this Schedule shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery or transfer of leather, alone or in conjunction with any other material, or by way of any premium, commission, service, transportation, or other charge, or by tying-agreement or other trade understanding, or by making the discounts given or other terms and conditions of sale more onerous to the purchaser than those available or in effect on December 6, 1941, or by any other means.*

§ 1314.54 *Records.* Every person making sales of leather after December 29, 1941, shall keep for inspection by the Office of Price Administration, for a period of not less than one year, complete and accurate records of each such sale, showing the date thereof, the name and address of the buyer, the price contracted for or received, and the quantity of each type, quality and grade of leather sold. Every such person shall also on or before January 10, 1942, have available for inspection by the Office of Price Administration a record of his prices for all sales and deliveries of leather during the period between November 6, 1941 to December 6, 1941.*

§ 1314.55 *Reports.* Persons affected by this Schedule shall submit such reports to the Office of Price Administration, Washington, D. C., as it may, from time to time, require.*

§ 1314.56 *Affirmations of compliance.* On or before January 10, 1942, and on or before the 10th day of each month thereafter, every person who, during the preceding calendar month has sold leather, whether for immediate or future delivery, shall submit to the Office of Price Administration an affirmation of compliance on Form 161:1, containing a sworn statement that during such month all such sales were made at prices in compliance with this Schedule or with any exception therefrom or modification thereof. Copies of Form 161:1 can be procured from the Office of Price Administration, or, provided that no change is made in the style and content of the Form and that it is reproduced on 8 x 10½" paper, they may be prepared by persons required to submit affirmations of compliance hereunder.*

§ 1314.57 *Enforcement.* In the event of refusal or failure to abide by the price limitations, record and report requirements, or other provisions of this Schedule, or in the event of any evasion or attempt to evade the price limitations or other provisions of this Schedule, the Office of Price Administration will invoke all appropriate sanctions at its command, including taking action to see (a) that the Congress and the public are fully informed thereof; (b) that the powers of Government, both state and federal, are fully exerted in order to protect the public interest and the interests of those persons who comply with this Schedule; (c) that full advantage will be taken of the cooperation of the various political subdivisions of state, county, and local governments by calling to the attention of the proper authorities, failures to comply with this Schedule which may be regarded as grounds for the revocation of licenses and permits; and (d) that the procurement services of the Government are requested to refrain from selling to or purchasing from those persons who fail to comply with this Schedule. Persons who have evidence of the offer, receipt, demand or payment of prices higher than the maximum prices, or of any evasion or effort to evade the provisions hereof, or of speculation, or manipulation of prices of leather, or of the hoarding or accumulating of unnecessary inventories thereof, are urged to communicate with the Office of Price Administration.*

§ 1314.58 *Modification of the Schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modification thereof or exception therefrom: *Provided*, That no application under this section will be considered unless filed by persons complying with this Schedule.*

§ 1314.59 *Definitions.* When used in this Schedule, the term:

(a) "Person" means an individual, partnership, association, corporation, or other business entity;

(b) "Leather" means the tanned or processed skins, other than dressed furs, of animals of all types; the term includes shearlings and is applicable to all types, qualities and grades of leather, whether whole pieces or cut stock;

(c) "Sales at retail" means sales to the ultimate consumer: *Provided*, That no manufacturer, processor, purchaser for resale or commercial user shall be deemed to be an ultimate consumer.*

§ 1314.60 *Effective date of the Schedule.* This Schedule shall become effective December 29, 1941.*

Issued this 24 day of December, 1941.

Administrator.

IV. PRESENTATION IN PAYMENT OF TAXES

1. During and after the third calendar month from month of purchase (as shown by the date of issue on each note), but not before January 1, 1942, during such time, and under such rules and regulations as the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, shall prescribe, notes issued hereunder in the name of a taxpayer (individual, corporation, or other entity) may be presented and surrendered by such taxpayer, his agent, or his estate, to the Collector of Internal Revenue, to whom the tax return is made, and will be receivable by the Collector at par and accrued interest from August 1941, to the month, inclusive (but no accrual beyond August 1943), in which presented in payment of any Federal income taxes (current and back personal and corporation taxes, and excess-profits taxes), or any Federal estate or gift taxes (current and back), assessed against the original purchaser or his estate, but the Collector will accept (a) not more than $1,200 principal amount of notes of Tax Series A-1943, and (b) the amount of the accrued interest thereon, on account of any one taxpayer's liability for each class of taxes (income, estate or gift) for each taxable period: *Provided*, That this limitation shall apply separately to husband and wife on a joint return, and shall apply separately to an owner before death and to his estate for the balance of the same year. The notes must be forwarded to the Collector at the risk and expense of the owner, and, for his protection, should be forwarded by registered mail, if not presented in person.

POSTAL SERVICE AT ATLANTIC BASES

Postal service at Atlantic bases. Section II, Circular No. 166, War Department, 1941, is rescinded and the following substituted therefor:

1. *Bases and APO numbers.* Domestic postal rates and conditions apply to mail addressed to personnel at the Atlantic bases where United States post offices have been established, as follows:

Base	APO No.
Newfoundland: Units at—	
St. John's	801
Argentia	801-A
Stephenville	801-B
Newfoundland Air Port	801-C
Quidi Vidi	801-D
Bermuda	802
Trinidad: Units at—	
Port au Spain	803
Fort Read	803-B
Surinam	803-A
Jamaica	804
Saint Lucia	805
Antigua	806
British Guiana	807
Bahamas (see note)	808
Greenland	809
Iceland	810

NOTE: A United States post office has not yet been established at the Bahamas base. Therefore, domestic postal rates and conditions do not apply to mail addressed to personnel at that base, and the APO number should not be used. Notice will be issued upon establishment of a domestic postal unit at the Bahamas base.

2. *Method of addressing mail to Army personnel at Atlantic bases.* a. Mail addressed to Army personnel at Atlantic bases should show clearly—

(1) Grade, first name in full, middle initial, and last name of the person addressed, followed by his Army serial number, if known.

(2) Letter or number of the company or other similar organization of which the soldier is a member.

(3) Designation of the regiment or separate battalion, if any, to which the company belongs.

(4) The Army post office number and base where located. The location of units in Newfoundland and Trinidad, i. e. St. John's, Argentia, Fort Read, etc., should not be shown as a part of the address on mail; the APO number and "Newfoundland" or "Trinidad" are sufficient. Mail for forces in Surinam should be addressed "APO 803-A, Surinam."

(5) Name and address of the sender in the upper left corner.

b. There should be sufficient space to the left of the address to allow for indorsements by forwarding agencies should it not be possible to deliver the piece of mail at the address given.

c. The following is an example of a correctly addressed envelope:

From John B. Doe,
205 W. ---------- St.,

Bituminous Coal Division.

[Docket No. A-1217]

PETITION OF DISTRICT BOARD NO. 10 FOR THE ESTABLISHMENT OF A PRICE EXCEPTION TO THE SCHEDULE OF EFFECTIVE MINIMUM PRICES FOR DISTRICT NO. 10, FOR TRUCK SHIPMENTS, TO PERMIT THE SALE FOR TRUCK SHIPMENT OF 2 MESH BY 0 RESULTANT COAL BY MINE INDEX NO. 84 IN DISTRICT NO. 10

NOTICE OF AND ORDER FOR HEARING

A petition, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party;

It is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on January 27, 1942, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street, NW., Washington, D. C. On such day the Chief of the Records Section in room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Edward J. Hayes or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before January 22, 1942.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of District Board No. 10 for the establishment of a price exception to the Schedule of Effective Minimum Prices for District No. 10, for Truck Shipments, to read as follows:

Mine Index No. 84 may sell the resultant coal, produced by degradation in handling of washed 6 x 4" and 6 x 2" coals at Wataga Dock, which passes through a 2 mesh screen at the price of $1.30 f. o. b. transportation facilities: *Provided, however*, That no more than 100 tons of such coal may be disposed of at that price monthly.

Dated: December 23, 1941.

[General Docket No. 12]

IN THE MATTER OF PRESCRIBING DUE AND REASONABLE MAXIMUM DISCOUNTS ON PRICE ALLOWANCES BY CODE MEMBERS TO DISTRIBUTORS UNDER SECTION 4 II (h) OF THE BITUMINOUS COAL ACT OF 1937, AND ESTABLISHING RULES AND REGULATIONS FOR THE MAINTENANCE AND OBSERVANCE BY DISTRIBUTORS IN THE RESALE OF COAL, OF THE PRICES AND MARKETING RULES AND REGULATIONS PROVIDED BY SECTION 4 OF THE ACT; IN RE PETITION OF THE F. P. WEAVER COAL COMPANY, LIMITED, FOR ORDER MODIFYING THE SCHEDULE OF MAXIMUM DISCOUNTS THAT MAY BE ALLOWED TO REGISTERED DISTRIBUTORS IN THE PROVINCES OF QUEBEC AND ONTARIO, CANADA

MEMORANDUM OPINION APPROVING AND ADOPTING THE PROPOSED FINDINGS OF FACT AND PROPOSED CONCLUSIONS OF LAW OF THE EXAMINER AND ORDER DENYING RELIEF AND DENYING REQUEST FOR ORAL ARGUMENT

This is a proceeding instituted upon a petition filed with the Bituminous Coal Division by F. P. Weaver Coal Company, Limited, a registered distributor. The petition requests that General Docket No. 12 be reopened for the amendment of the schedule of maximum discounts so as to allow to distributors in the Province of Ontario, Canada, a maximum discount of 21 cents per ton on coal sold for commercial use exclusive of rail fuel and 25 cents on coal sold for domestic use; and in the Province of Quebec, Canada, a maximum discount of 23 cents per ton on all coal sold for commercial use exclusive of rail fuel, and 28 cents on coal sold for domestic use. The petition requests further an additional allowance for profits.[1]

The petitioner alleged that little evidence was presented at the hearing in General Docket No. 12, held for the purpose of establishing maximum discounts, to show the cost of a distributor doing business in Canada, the only evidence pertaining to such matters being given by representatives of wholly-owned Canadian subsidiaries of United States producers, who have since the establishment of such maximum discounts, been granted relief in the form of revised discounts on their transactions;[2] and that otherwise maximum discounts in amounts similar to those established for certain United States distributors are in effect for independent Canadian distributors notwithstanding differences in their costs.[3] Thus, petitioner alleged, prior to establishment of minimum prices, the average cost of selling bituminous coal in the Province of Quebec was approximately 23 cents per ton and, in the Province of Ontario, approximately 21 cents per ton; accordingly, under the effective maximum discounts, registered distributors in these provinces are, it was alleged, losing as much as ten to fourteen cents per ton on all coal handled by them as distributors.

Pursuant to an Order of the Director, and after notice to all interested persons, a hearing in this matter was held on May 6, 7, and 8, 1941, before Travis Williams, a duly designated Examiner of the Division at a hearing room thereof in Washington, D. C. All interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses and otherwise be heard. Appearances were entered on behalf of the original petitioner, the Consumers' Counsel Division,[4] District Boards 1, 2, 3, 4, 6, and 7, The American Coal Distributors Association, and Rochester & Pittsburgh Coal Company. Briefs were filed on behalf of the original petitioner, District Board 1, and the Consumers' Counsel Division. Thereafter, the Examiner made his Report, Proposed Findings of Fact, Proposed Conclusions of Law, and Recommendations, dated October 6, 1941, in which he recommended that the relief requested herein be denied.

[1] Relief is also requested for such other distributors of the Provinces of Quebec and Ontario, Canada, as may elect to appear and intervene.

[2] General Docket No. 12, in re Petition of Rochester and Pittsburgh Coal Company, Order dated October 24, 1940, permitting additional allowances from minimum prices to be made when coal was resold by wholly-owned Canadian subsidiaries to another registered distributor in Canada. See § 304.19 (e) of the Distributors' Rules.

[3] The allowable discounts on coal sold to Weaver for resale is 12 cents and 17 cents per ton; on the greatest amount of coal purchased by Weaver the maximum discount is 12 cents per ton.

[4] Now the Office of the Bituminous Coal Consumers' Counsel.

On November 4, 1941, Weaver filed Exceptions to the Examiner's Report, and requested the opportunity to present oral argument.

1. *Examiner's proposed findings and conclusions.* The issues involved in this proceeding are whether the schedule of maximum discounts should be revised by permitting the allowance of a larger maximum discount to independent distributors of bituminous coal operating in the Provinces of Quebec and Ontario, Canada.

In his report, the Examiner pointed out that section 4 II (h) of the Act, which provides for the allowance of maximum discounts from the established minimum prices, was, in effect, an exception to the general minimum price-fixing pattern contemplated by the Act, and hence was to be strictly construed. The Examiner added that maximum discounts should, of course, reflect the service rendered by a distributor and should not be frozen in view of the fact that in a dynamic industry, such as the bituminous coal industry, costs change. The Examiner found, however, that not only were the cost figures submitted by the companies concerned[5] of a wide range, but all the operating figures themselves were subject to some question. The Examiner found that the figures reported the total costs of doing business in Canada rather than the cost of service rendered United States producers of bituminous coal or the value of said services, and reflected the activities of the companies concerned in capacities other than that of distributors. Indeed, the Examiner noted, the evidence indicated that at least part of the tonnage included in these cost computations was not bona fide distributor tonnage. The Examiner also found that these Canadian distributors could not claim discrimination in relation to their competitors. In view of these findings, the Examiner concluded that granting the relief herein requested would undeservedly reduce the realization of the producers and recommended that the prayers for relief should in all respects be denied.

2. *Weaver's exceptions to the examiner's report.*[6] Weaver's exceptions to the Examiner's Report are in summary, as follows:

1. The Examiner erroneously concluded that section 4 II (h) of the Act should be strictly construed.

2. The added services afforded by distributors in Canada result in added costs which should be reflected in the allowable discounts.

3. The cost figures introduced by the Canadian companies do show the actual cost of selling United States bituminous coal in the Provinces of Quebec and Ontario, Canada.

4. Weaver is merely seeking compensation for its reasonable costs and does not seek a subsidy which would result in a reduced realization to the producers.

5. The Proposed Conclusions of Law and Recommendations of the Examiner are not in conformity to the intent and purpose of the Act, or the evidence introduced at the hearing, or the various findings of fact which were made by the Examiner.

These exceptions are discussed and ruled upon below:

(a) *Exception 1.* Weaver contends that the Examiner's statement that section 4 II (h) of the Act must be strictly construed is contrary to the Congressional purpose to allow a fair discount from the effective minimum prices to distributors and sales agents entitled thereto. Weaver contends that the Division has recognized that the schedule of maximum discounts may have to be revised by allowing additional discounts to subsidiary companies serving parts of Canada.

Such contention by Weaver fails to comprehend the complete finding of the Examiner. Although it is true that the Examiner stated that the maximum discount provision must be strictly construed since the allowance of maximum discounts is, in effect, an exception to the general minimum price fixing pattern contemplated by the Act, the Examiner nevertheless agreed that some latitude must be provided in the allowance of such maximum discounts in view of the changing nature of costs in the bituminous coal industry. Indeed, the Examiner quoted the finding of the Director elsewhere expressed[7] to the effect that "The maximum discounts prescribed should take into account the services rendered by a distributor and should provide a range which is both sufficiently wide duly and reasonably to compensate the distributor for such services, and yet is confined to such limits as not unduly to burden producers or to defeat the purpose of the Act by inducing unduly high discounts."

Nor is there any prejudice because of the relief granted elsewhere in General Docket No. 12 to wholly-owned Canadian subsidiaries. The Director stated that these subsidiaries were really sales agents which had been organized as separate corporations only because of certain Canadian legal restrictions. Therefore, there was added § 304.19 (e) to the Rules and Regulations for the Registration of Distributors which authorized producers to give a distributors' discount to their Canadian subsidiary and an additional distributors' discount if the Canadian subsidiary in turn sold a registered distributor. Such relief did not increase the discounts allowed to the initial distributor as compensation for its services. Accordingly, the contention of Weaver in its first exception must be denied.

(b) *Exception 2.* Weaver states that the evidence indicated that it is actually engaged in the performance of many services in furtherance of the distribution in a foreign country of bituminous coal produced in the United States, the maximum and minimum costs to the distributors in the performance of which were clearly indicated by the evidence and found by the Examiner. In view of such finding by the Examiner, the petitioner submits that the Examiner's conclusion that Weaver is not entitled to discounts to compensate it for the cost of performing such additional services is erroneous.

The record indicates that Weaver incurs certain costs in the performance of certain services not performed by a distributor in the United States due to the fact that it distributes United States bituminous coal in a foreign country. However, the evidence indicated that the costs of such services were passed on to the Canadian consumer. The maximum discounts seek to compensate the distributor for costs whose incidence is upon it and which are not passed on. To allow Weaver to take discounts from the effective minimum prices for cost items which it has already passed on to the consumer would hardly be in the interest of a sound bituminous coal industry and certainly would not fall within the purpose of the statute in providing for the allowance of distributors' discounts.

(c) *Exception 3.* Weaver further contends that the Examiner was in error in finding that the cost figures do not in any event disclose the actual cost of selling bituminous coal produced in the United States in the Provinces of Quebec and Ontario, Canada. Weaver contends that its costs cannot be allocated other than as submitted, and that in any event the evidence showed the cost of selling such bituminous coal.

The cost figures submitted on behalf of the petitioner were, however, not sufficiently detailed to warrant the granting of additional maximum discounts on the basis thereof. Such cost data were complex and presented no clear picture of the actual costs incurred by a distributor of United States bituminous coal in the Provinces of Quebec and Ontario, Canada. Thus, there was no attempt made by Weaver to allocate costs between distributors' tonnage and tonnage otherwise handled despite the differences in obligation assumed; nor were over-all costs of doing business properly allocated. In view of the deficiencies of the data upon which the proposals of Weaver are based, it is apparent that the maximum discounts proposed by it upon the basis of such data would result in the producers making an unreasonable contribution to the maintenance of the selling company and to the profits thereof.

(d) *Exception 4.* Weaver also excepts to the finding of the Examiner that if the discounts supported by petitioner were adopted, the United States producers would be making an unreasonable contribution to the maintenance of the Canadian selling companies of their profits. Weaver contends that it is not seeking a subsidy but only a discount sufficient to permit it to continue to sell United States bituminous coal in a foreign market. The record does not support Weaver's position. A review of the evidence can lead to no other conclusion than that to grant the relief requested herein on the basis of the record would be to require United States producers to compensate Weaver for its costs of doing business whether or not that cost is incurred in connection with the sale of bituminous coal in the Provinces of Quebec and Ontario, Canada, and without regard to the value of the service.

(e) *Exception 5.* Weaver excepts to the Proposed Conclusions of Law and Recommendations of the Examiner on the ground that they are not in conformity to the evidence introduced at the hearing or the intent and purpose of the Act.

The maximum discounts originally prescribed after the hearing held in General Docket No. 12 were set up on the basis of exhaustive study. Petitions to revise the schedule of such discounts must set forth concisely the basis for any revision thereof, if those interests sought to be protected under the provisions of the Act are to be guarded. In order to protect the interests of the producers and all distributors, registered distributors seeking an increase in the maximum discounts must show clearly and concisely their costs attributable to the distribution of bituminous coal. Unless such evidence be in the record, relief cannot be granted.

A careful review of the entire record in this proceeding convinces me that the recommendation of the Examiner is proper.[8]

Now, therefore, it is ordered, That the Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner be, and the same hereby are, approved and adopted as Findings of Fact and Conclusions of Law of the undersigned.

It is further ordered, That the prayer for relief herein be, and it hereby is, denied;

It is further ordered, That the request for oral argument herein be, and the same hereby is, denied.

Dated: December 22, 1941.

[Docket No. 1623–FD]

IN THE MATTER OF THE POWER FUEL COMPANY, REGISTERED DISTRIBUTOR, REGISTRATION NO. 7427, DEFENDANT

ORDER OF SUSPENSION OF REGISTRATION

The Notice of and Order for Hearing in the above-entitled matter dated April 24, 1941, having been duly made pursuant to the provisions of § 304.14 of the Rules and Regulations for the Registration of Distributors promulgated by the Bituminous Coal Division (the "Division") pursuant to section 4 II (h) of the Bituminous Coal Act of 1937 (the "Act") to determine whether Power Fuel Company, a Registered Distributor, Registration No. 7427, defendant in the above-entitled matter, has violated the provisions of the Bituminous Coal Code (the "Code") or Regulations thereunder, and more particularly section 4 II (h) of the Act, Sections (b) and (e) of the Agreement (the "Distributor's Agreement") executed by the defendant pursuant to the Order of the National Bituminous Coal Commission (the "Commission") dated March 24, 1939, General Docket No. 12, and the provisions of the Director's Order dated October 9, 1940, General Docket No. 19, by selling, subsequent to September 30, 1940, substantial quantities of coal for shipment by rail which was produced by H. C. Bonner of Rossiter, Pa., and R. H. Barraclough of Punxsutawney, Pa., code members, and for which minimum prices had not been established; and

The defendant, by instrument dated September 20, 1941, the original of which is on file with the Division, (a) having admitted that said Notice of and Order for Hearing herein was duly served on it on May 8, 1941; (b) having admitted certain violations of the Act and Regulations thereunder as hereinafter set forth; (c) having consented to the making and entry of this Order of Suspension of Registration; (d) having agreed that neither it nor any of its officers, representatives, agents, servants, employees, attorneys or affiliates will act as a registered distributor or receive any discounts from the effective minimum prices either directly or indirectly on coal purchased by it or them or any of them from code members or their agents or representatives during the period of suspension hereinafter described; (e) having agreed that neither it nor any of its officers, representatives, agents, servants, employees, attorneys or affiliates will receive or accept any commissions as sales agents or sub-agents on coal sold during said period of suspension under any sales agency contract entered into or filed with the Division subsequent to August 18, 1941, unless such contract shall have been approved under and for the purposes of this Order; (f) having agreed that during said period of suspension it and they will at all times observe and abide by all the provisions of the Act, the Code, the Marketing Rules and Regulations, the Rules and Regulations for the Registration of Distributors, the Distributor's Agreement, the effective minimum price schedules, and all applicable orders of the Division; and (g) in furtherance thereof having waived (1) a hearing pursuant to said Notice of and Order for Hearing, (2) oral argument and the filing of briefs, (3) the preparation and submission of any report, findings of fact or recommendation, (4) the presentation of oral argument, and (5) the preparation and submission of tentative findings of fact or proposed order; and

The defendant in its said statement dated September 20, 1941, having made representations to the Division as follows:

1. That the defendant is a corporation duly organized and existing under and by virtue of the laws of the State of New York with its principal office located at 1127 Marine Trust Building, Buffalo, New York, and branch office at 221 Main Street, Brookville, Pennsylvania, and has been during the times herein mentioned, and now is, engaged under the powers granted to it by its corporate charter in the business of buying and selling coal;

2. That on May 3, 1939, pursuant to Order of the Commission, entered in General Docket No. 12, the defendant filed with the Division its application for registration as a registered distributor which was accompanied by its Distributor's Agreement, executed April 29, 1939, as condition to granting said application; that said application was approved by the Division on November 16, 1939, and certificate No. 7427 was issued to the defendant authorizing it to act as a registered distributor; that the defendant has ever since the last-mentioned date acted, and is now acting as a Registered Distributor;

3. That the defendant in violation of Sections (b) and (e) of its Distributor's Agreement and the Director's Order in General Docket No. 19 dated October 9, 1940, subsequent to said date, sold run of mine coal for railroad shipment and use as railroad fuel for which no minimum prices, temporary or final, had been established by the Division, produced by H. C. Bonner at his Bonner Mine, Mine Index No. 1122, located in Jefferson County, Pennsylvania, and by R. H. Barraclough at his Startzell and Barraclough Mine, Mine Index No. 1045, located in Jefferson County, Pennsylvania, at a price of $2.05 per net ton f. o. b. the mine which was the effective minimum price established by the Division for such coal from other mines in the locality of the above-named mines;

4. That, through inadvertence, the defendant and the above-named producers had failed to request the establishment of effective minimum prices for rail shipment for coal from the above-named mines; and

5. That, subsequent to the above-mentioned transactions, the Division, upon petition of the Bituminous Coal Producers Board for District No. 1 established effective minimum prices for rail shipment of run of mine coal for use as railroad fuel of $2.05 per net ton f. o. b. the Bonner Mine on January 31, 1941, in Docket No. A–559, and $2.05 per net ton f. o. b. the Startzell and Barraclough Mine on January 25, 1941, in Docket No. A–877;

Now, therefore, based upon the above representations of the defendant, upon the defendant's consent to the making and entry of this Order of Suspension of Registration and the agreements of the defendant, (a) that neither it nor any of its officers, representatives, agents, servants, employees, attorneys or affiliates will act as a registered distributor or accept or receive any discounts from the effective minimum prices either directly or indirectly on coal purchased by it or them or any of them from code members, or their agents or representatives during said period of suspension; (b) that neither it nor any of its officers, representatives, agents, servants, employees, attorneys or affiliates will receive or accept any commissions as sales agents or sub-agents on coal sold during said period of suspension under any sales agency contract entered into or filed with the Division subsequent to August 18, 1941, unless such contract shall have been approved under and for the purposes of this order; and (c) that during said period of suspension it and they will at all times observe and abide by all the provisions of the Act, the Marketing Rules and Regulations, the Rules and Regulations for the Registration of Distributors, the Distributor's Agreement, the effective minimum price schedules, and all applicable orders of the Division.

It is ordered, That the registration of the defendant, Power Fuel Company, as a registered distributor be and it is hereby suspended for a period of 42 days from the date of the service hereof upon defendant and that the defendant, its officers, representatives, agents, servants, employees, and attorneys and all affiliates of the defendant and all officers and agents or any thereof shall be and they are hereby prohibited from accepting or retaining any discounts from the effective minimum prices either directly or indirectly on coal purchased by it, them or any of them during said period of suspension from code members or their agents or representatives: *Provided, however*, That if the defendant shall not have complied with the provisions of Section 304.15 of the Rules and Regulations for the Registration of Distributors at least five (5) days before the expiration of said period of suspension, said suspension shall continue in full force and effect until five (5) days after the affidavit required by said § 304.15 shall have been filed with the Division.

It is further ordered, That the defendant during said period of suspension shall continue fully to observe, abide by and remain in all respects subject to all pertinent and applicable provisions of the Act, the Code, the Marketing Rules and Regulations, the Rules and Regulations for the Registration of Distributors, the Distributor's Agreement, the effective minimum prices and all applicable orders of the Division.

It is further ordered, That in the event that the defendant shall hereafter violate any of the agreements set forth in said stipulations this matter may be reopened and such action taken and orders entered herein as may seem just and proper under the circumstances, and that jurisdiction of this matter is hereby expressly reserved for such purposes.

Dated: December 24, 1941.

CIVIL SERVICE COMMISSION.

CONDITION OF THE APPORTIONMENT AT CLOSE OF BUSINESS MONDAY, DECEMBER 15, 1941

Important. Although the apportioned classified Civil Service is by law located only in Washington, D. C., it nevertheless includes only about half of the Federal Civilian positions in the District of Columbia. Positions in local post offices, customs districts and other field services outside of the District of Columbia which are subject to the Civil Service Act are filled almost wholly by persons who are local residents of the general community in which the vacancies exist. It should be noted and understood that so long as a person occupies, by original appointment, a position in the apportioned service, the charge for his appointment continues to run against his state of original residence. Certifications of eligibles are first made from states which are in arrears.

Rules, Regulations, Orders

TITLE 8—ALIENS AND NATIONALITY

CHAPTER I—IMMIGRATION AND NATURALIZATION SERVICE

[6th Supplement to General Order No. C-28]

ADDITIONAL REGULATIONS RELATING TO NATIONALITY, NATURALIZATION, REGISTRATION OF ALIENS, AND RELATED MATTERS

DECEMBER 20, 1941.

Pursuant to the authority conferred by the Nationality Act of 1940, particularly section 327 thereof (54 Stat. 1150; 8 U.S.C. 727), the Alien Registration Act, 1940, particularly section 37 thereof (54 Stat. 675; 8 U.S.C. 458), § 90.1, Title 8, Chapter I, Code of Federal Regulations (5 F.R. 3503), and all other authority conferred by law, the following regulations are hereby prescribed in aid of the administration and enforcement of those statutes and of the immigration laws of the United States. These regulations are published as the indicated parts and sections of said Title 8, Chapter I, Code of Federal Regulations.

SUBCHAPTER A—ADMINISTRATIVE ORGANIZATION

PART 60—ADMINISTRATIVE FIELD OFFICERS

The following new section is hereby added to this part:

§ 60.6 *Authority to administer oaths and take depositions.* All patrol inspectors, immigrant inspectors, naturalization examiners, and officers of the Immigration and Naturalization Service of a higher grade are hereby authorized to administer oaths and to take depositions without charge in matters relating to the administration of the naturalization and citizenship laws. (Sec. 23, 39 Stat. 892, 8 U.S.C. 102; sec. 24, 43 Stat. 166, 8 U.S.C. 222; sec. 327, 54 Stat. 1150, 8 U.S.C. 727; sec. 37 (a), 54 Stat. 675, 8 U.S.C. 458; 8 CFR 90.1)

SUBCHAPTER B—IMMIGRATION REGULATIONS

PART 170—REGISTRATION AND FINGERPRINTING OF ALIENS IN ACCORDANCE WITH THE ALIEN REGISTRATION ACT, 1940

Present § 170.2 (§ 29.2 of General Order C-21 of August 8, 1940, 5 F.R. 2837), is rescinded and in lieu thereof the following is published:

§ 170.2 *Who are aliens required to register and be fingerprinted.* (a) An alien, as the term is used in this part, includes any person who is not a citizen of the United States.

(b) United States citizenship is acquired by birth or naturalization, but a person who, being an alien, has applied for naturalization does not become a citizen until he has been finally admitted to citizenship as required by law.

(c) Persons who may be in doubt as to whether they are aliens required to register and be fingerprinted may consult any representative of the Immigration and Naturalization Service. Any person who continues to remain in doubt as to his status should register. No person who registers shall thereby suffer any prejudice to his claim to citizenship. (Sec. 32 (c), sec. 34 (a), and sec. 37 (a), Act of June 28, 1940, 54 Stat. 674, 675; 8 U.S.C. 453, 455, 458)

SUBCHAPTER D—NATIONALITY REGULATIONS

PART 301—DEFINITIONS OF WORDS AND PHRASES USED IN THE NATIONALITY ACT OF 1940

The following new section is hereby added to this part:

§ 301.18 *Definition of other terms.* (a) Words importing the masculine gender shall include the feminine gender.

(b) Words importing the plural number shall include the singular, and words importing the singular shall extend and be applied to the plural.

PART 361—OFFICIAL FORMS

The following new sections are hereby added to this part:

§ 361.8 *Discrepancies, corrections, or amendments in declarations of intention or petitions for naturalization.* Any material discrepancies in a declaration of intention or proposed amendments to a petition for naturalization shall be brought formally to the attention of the court for appropriate action at the final hearing upon the petition for naturalization. Except as authorized by §§ 361.6 and 361.7, no requests or suggestions to clerks of courts to make corrections in a declaration of intention or petition for naturalization shall be made by any member of the Immigration and Naturalization Service. When the court orders a petition for naturalization, or the declaration of intention filed with and made a part of such petition, amended at a final hearing, the amendatory order shall be prepared in triplicate, and the original of such order filed with the original petition, and the duplicate and triplicate copies transmitted to the appropriate district or divisional director, who shall forward the duplicate order to the Central Office.* (Nationality Act of 1940, secs. 331, 332, and 334 (d), 54 Stat. 1153–1156, 1157; 8 U.S.C. 731, 732, 734)

*§§ 361.8 and 361.9 issued under the authority contained in sec. 327, 54 Stat. 1150; sec. 37 (a), 54 Stat. 675; 8 U.S.C. 458; 8 CFR 90.1. Statutes interpreted or applied, or statutes giving special authority are listed in parentheses at the end of specific sections.

§ 361.9 *Amendment of petition for naturalization or certificate of naturalization after final action by the court*—(a) *Petition for naturalization.* Where an application is made to the naturalization court for amendment of a petition for naturalization, after the petition for naturalization has been granted, the facts shall be reported to the Central Office, with appropriate recommendation, for consideration and instruction as to the position to be taken by the Service when such application comes before the court for disposition. In the absence of instructions from the Central Office, the representative of the Service before the court for disposition. In the absence of instructions from the Central Office, the representative of the Service shall oppose all applications to any court for such amendments which affect either the jurisdiction of the court or the judgment of naturalization. No objection shall be made to a proposed amendment to a petition for naturalization to correct a clerical mistake or an error therein arising from an oversight or omission on the part of the clerk of court or the Service. The Service shall be governed by the rules of the court in which the petition for naturalization was filed in determining whether the petition to amend the petition for naturalization is timely.

(b) *Certificate of naturalization.* Objection shall be made to the alteration of a certificate of naturalization which would cause it to vary from the record on which the naturalization was granted.* (Rules 6 (c) and 60 (a), Federal Rules of Civil Procedure which are set forth following 28 U.S.C.A. 723c; Nationality Act of 1940, secs. 331, 332, and 336, 54 Stat. 1153–1156, 1157; 8 U.S.C. 731, 732, 736)

PART 378—CERTIFICATE OF NATURALIZATION FOR VETERAN OF WORLD WAR ALLIED FORCES

The following new sections are hereby added to this part:

§ 378.3 *Application for certificate of repatriation; who may make; procedure; form; fee.* A person in the United States, who, before January 13, 1941, resumed citizenship of the United States under the twelfth subdivision of section 4 of the Act of June 29, 1906, as amended (40 Stat. 545, 46 Stat. 791; 8 U.S.C. 18), and who desires to obtain a certificate evidencing such citizenship, shall fill out properly, sign, and forward application Form N–579 direct to the Commissioner of Immigration and Naturalization, Washington, D. C. Such application shall be accompanied by three photographs of the applicant in accordance with Part 364 of this chapter and the statutory fee of one dollar in the form of a United States postal money order payable to the order of the "Commissioner of Immigration and Naturalization, Washington, D. C."* (46 Stat. 791; 8 U.S.C. 18)

*§§ 378.3 to 378.4 issued under the authority contained in sec. 327, 54 Stat. 1150, sec. 37 (a), 54 Stat. 675; 8 U.S.C. 458; 8 CFR 90.1. Statutes interpreted or applied, or statutes giving special authority are listed in parentheses at the end of specific sections.

§ 378.4 *Investigation; certificate of repatriation; by whom issued; delivery; receipt; proof.* The Commissioner of Immigration and Naturalization may, if deemed necessary, transmit the application referred to in § 378.3 to the appropriate district director for investigation. Upon proof to the satisfaction of the commissioner that the applicant resumed United States citizenship as claimed, the certificate of repatriation shall be issued and delivered to the applicant in person upon his signed receipt therefor, provided that he is then in the United States. Every applicant for a certificate under this Part shall be required to satisfy the Service that he has not, since he acquired United States citizenship under the twelfth subdivision of section 4 of the Act of June 29, 1906, as amended, lost such citizenship.* (46 Stat. 791; 8 U.S.C. 18)

The following new Parts are hereby added to Subchapter D:

Part[1]

314 Acquisition of citizenship or nationality subsequent to birth: By judicial naturalization of individuals.
322 General class of persons who may be naturalized.
332 Special classes of persons who may be naturalized: Persons misinformed as to their citizenship status.
334 Special classes of persons who may be naturalized: Veterans of the United States armed forces.
337 Special classes of persons who may be naturalized: Seamen.
345 Special classes of persons who may be naturalized: Nationals but not citizens of the United States.

[1] This table of contents includes only the parts of Subchapter D published in this issue of the FEDERAL REGISTER. Necessary additions to the subchapter will be made hereafter. See also previously published parts and amendments at 6 F.R. 231, 3579, 4296, 4780, 5800, 6450.

PART 314—ACQUISITION OF CITIZENSHIP OR NATIONALITY SUBSEQUENT TO BIRTH: BY JUDICIAL NATURALIZATION OF INDIVIDUALS

Sec.

314.1 Persons naturalized by judicial action; effective date.
314.2 Naturalization of individuals by judicial action where citizenship is in doubt.

§ 314.1 *Persons naturalized by judicial action; effective date.* Any person who was or shall hereafter be admitted to citizenship by the written order of a court authorized to exercise naturalization jurisdiction, became or shall become a citizen and national of the United States as of the date of taking and subscribing to the required oath of renunciation and allegiance, or the granting by such court of the waiver of such oath because of infancy where permitted by law. (Constitution, Amendment Art. XIV; secs. 327 and 335 (a), 54 Stat. 1150, 1157, 8 U.S.C. 727, 735; sec. 37 (a), 54 Stat. 675, 8 U.S.C. 458; 8 CFR 90.1)

§ 314.2 *Naturalization of individuals by judicial action where citizenship is in doubt.* Any person who is not a citizen of the United States or as to whose citizenship of the United States there is a doubt, may apply for naturalization to any court authorized to exercise naturalization jurisdiction, in accordance with the requirements of this subchapter. (Secs. 301–347, 54 Stat. 1140–1168, 8 U.S.C. 701–747; sec. 37 (a), 54 Stat. 675, 8 U.S.C. 458; 8 CFR 90.1)

PART 322—GENERAL CLASS OF PERSONS WHO MAY BE NATURALIZED

Sec.

322.1 General requirements.
322.2 Procedural requirements.

§ 322.1 *General requirements.* A person, not a citizen of the United States, in order to be eligible for naturalization upon a petition for naturalization to a naturalization court shall, unless specially exempted as set forth in Subchapter D of this title:

(a) be at least 20 years old, if a declaration of intention at least two years old is required to be filed with the petition;

(b) have been lawfully admitted to the United States for permanent residence;

(c) have made a declaration of intention not less than two nor more than seven years before filing his petition;

(d) have resided continuously in the United States for at least five years and in the State in which his petition for naturalization is filed for at least six months, immediately preceding the filing of the petition;

(e) be a person racially eligible for naturalization as defined in Part 350 of this chapter;

(f) have been a person of good moral character, attached to the principles of the Constitution of the United States, and well disposed to the good order and happiness of the United States during all of the periods described in paragraph (d) of this section, and during the period from the date of the filing of the petition up to the time of his admission to citizenship;

(g) be able to speak the English language, unless physically unable to speak;

(h) be able to sign his petition in his own handwriting, unless physically unable to write; and

(i) be not disqualified for naturalization under section 305 or section 306 of the Nationality Act of 1940, or otherwise. (Secs. 101 (c), 301 (d), 303 to 306, inclusive, 307 (a) and 327; 54 Stat. 1137, 1140–1142, 1150, 8 U.S.C. 501, 701, 703–706, 707, 727; sec. 37 (a), 54 Stat. 675, 8 U.S.C. 458; 8 CFR 90.1)

§ 322.2 *Procedural requirements.* (a) A person, not a citizen of the United States, at least 18 years old, may make application to file a declaration of intention at any time after having been lawfully admitted to the United States for permanent residence. Such person shall not be required to be able to speak the English language, and, if unable to write, may sign the declaration of intention and the photographs affixed thereto by mark.

(b) Application for a declaration of intention shall be made on preliminary Form N–300, as described in § 365.1 of this chapter, which form may be obtained from the clerk of any naturalization court or from any office of the Immigration and Naturalization Service. Following the submission of the preliminary Form N–300 to the appropriate District Director or Divisional Director of Immigration and Naturalization, the applicant will be notified when and where to appear to file the declaration of intention, at which time a fee of $2.50 for the declaration of intention shall be paid to the clerk of the naturalization court. The declaration of intention may be made in any naturalization court, regardless of the place of residence in the United States of the applicant.

(c) When the applicant's declaration of intention is not less than two nor more than seven years old, and he has resided in the United States and State as specified in § 322.1 (d), he may make application to file a petition for naturalization. Such application shall be made on preliminary Form N–400, which the applicant may obtain from the clerk of any naturalization court having jurisdiction over his place of residence, or from any office of the Immigration and Naturalization Service. The filled-in form, accompanied by three signed photographs as described in Part 364 of this chapter, and the declaration of intention, shall be submitted to the office of the Immigration and Naturalization Service named on Form N–400, in ac-

cordance with the Instructions on said Form N–400.

(d) Upon receipt of Form N–400 with the proper enclosures, the Service will thereafter notify the applicant when and where to appear with his witnesses for preliminary examination. Wherever practicable, a preliminary examination of the applicant and his witnesses, as described in § 370.8 of this chapter, shall be made prior to the filing of the petition for naturalization. If possible, the applicant shall bring with him at the time he appears to file his petition for naturalization the same two witnesses named in his preliminary Form N–400, but in the event that he is unable to do so other witnesses may be presented. The petition for naturalization shall be filed in a naturalization court having jurisdiction over the place of residence of the petitioner, and shall be filed only in the office of the clerk of such naturalization court. The petitioner shall pay to the clerk of the naturalization court a fee of $5 for the filing of the petition for naturalization, which fee must be paid at the time the petition is filed.

(e) If the petition is filed in a court operating under section 333 of the Nationality Act of 1940, the petitioner and his witnesses shall be given a preliminary hearing by a designated examiner, immediately after the petition is filed if practicable, and in such cases the designated examiner may excuse the witnesses from appearance at the final hearing before the naturalization court if the witnesses appear to be qualified. The petitioner shall be notified when to appear in court with the witnesses who verified his petition, for the final hearing, unless he has previously been advised by the designated examiner that his witnesses have been excused from further appearance. If the witnesses who verified the petition for naturalization cannot be produced at the final hearing, other witnesses may be substituted as provided in § 373.4 of this chapter.

(f) Before being admitted to citizenship, the petitioner shall take the oath of renunciation and allegiance in open court, as described in § 375.1 of this chapter. A person admitted to citizenship by a naturalization court shall be entitled upon such admission to receive from the clerk of such court a certificate of naturalization as described in section 336 of the Nationality Act of 1940. (Secs. 301, 327, 329 to 336, inclusive, and 342 (a), 54 Stat. 1140, 1150, 1152–1158, 1161, 8 U.S.C. 701, 727, 729–736, 742; sec. 37 (a), 54 Stat. 675, 8 U.S.C. 458; 8 C.F.R. 90.1)

PART 332—SPECIAL CLASSES OF PERSONS WHO MAY BE NATURALIZED: PERSONS MISINFORMED AS TO THEIR CITIZENSHIP STATUS

Sec.
332.1 Persons eligible.
332.2 Preliminary application and petition for naturalization.
332.3 Proof of requirements.

§ 332.1 *Persons eligible.* A person, not an alien enemy, who resided uninterruptedly within the United States during the period of five years next preceding July 1, 1920, and who was on that date otherwise qualified to become a citizen of the United States except that such person had not made a declaration of intention required by law, and who during or prior to that time, because of misinformation regarding his citizenship status, erroneously exercised the rights and performed the duties of a citizen of the United States in good faith, may file a petition for naturalization without having made a preliminary declaration of intention. Such petitioner shall be required to comply with all of the other requirements of the naturalization laws.* (Nationality Act of 1940, sec. 320, 54 Stat. 1148; 8 U.S.C. 720)

*§§ 332.1 to 332.3, inclusive, issued under the authority contained in sec. 327, 54 Stat. 1150; 8 U.S.C. 727; sec. 37 (a), 54 Stat. 675, 8 U.S.C. 458; 8 CFR. 90.1.

Statutes interpreted or applied and statutes giving special authority are listed in parentheses at the end of specific sections.

§ 332.2 *Preliminary application and petition for naturalization.* Preliminary application by a person described in § 332.1 to file a petition for naturalization shall be made on Form N–400, in the manner prescribed by § 370.1 of this chapter. The petition shall be filed in accordance with the requirements of Part 370 of this chapter. In addition, the petitioner shall execute in triplicate an affidavit on Form N–420 before either a representative of the Service or the clerk of the naturalization court, and the original and duplicate thereof shall be attached to the original and duplicate petitions for naturalization, respectively, at the time the petition is filed, and the triplicate copy of Form N–420 shall be retained by the field office.* (Nationality Act of 1940, sec. 320, 54 Stat. 1148; 8 U.S.C. 720)

§ 332.3 *Proof of requirements.* Verification of the petition for naturalization and proof of residence and the other requirements prescribed by § 332.1 shall be made in the manner provided by Parts 370 and 373 of this chapter. In addition, the petitioner shall prove, by any evidence satisfactory to the naturalization court, the misinformation regarding his citizenship status and the exercise by him of the rights and the performance of the duties of a citizen of the United States in good faith because of such misinformation, during or prior to the five-year period next preceding July 1, 1920.* (Nationality Act of 1940, secs. 303 to 307, inclusive, 309, 320, 327 (e), 330, and 332 to 336, inclusive, 54 Stat. 1140–1142, 1143, 1148, 1151, 1152, 1154–1157; 8 U.S.C. 703–707, 709, 720, 727, 730, 732–736)

PART 334—SPECIAL CLASSES OF PERSONS WHO MAY BE NATURALIZED: VETERANS OF THE UNITED STATES ARMED FORCES

Sec.
334.1 Veterans who have served in United States armed forces; exemptions and fees.
334.2 Where service was continuous.
334.3 Where service was not continuous.
334.4 Where petition for naturalization is filed more than six months after termination of service.
334.5 Procedure.

§ 334.1 *Veterans who have served in United States armed forces; exemptions and fees.* A person, including a native-born Filipino, who has served honorably at any time in the United States Army, Navy, Marine Corps, or Coast Guard for a period or periods aggregating three years, and who, if separated from such service, was separated under honorable conditions, may be naturalized, subject to the provisions of §§ 334.2 to 334.5, inclusive. A petitioner for naturalization under this section shall pay the usual fee for filing a petition for naturalization, except that during the time the United States is at war, no clerk of a United States court shall charge or collect a naturalization fee from such petitioner for filing a petition or issuing a certificate of naturalization if the petitioner is in the military or naval service of the United States, and no clerk of any State court shall charge or collect any such fee unless the laws of such State require the charge to be made, in which case only the portion of the fee required to be paid to the State shall be charged or collected.* (Nationality Act of 1940, secs. 324, and 342 (a) (2) and (i), 54 Stat. 1149, 1161; 8 U.S.C. 724, 742)

*§§ 334.1 to 334.5, inclusive, issued under the authority contained in sec. 327, 54 Stat. 1150; 8 U.S.C. 727; sec. 37 (a), 54 Stat. 675, 8 U.S.C. 458; 8 CFR 90.1.

Statutes interpreted or applied and statutes giving special authority are listed in parentheses at the end of specific sections.

§ 334.2 *Where service was continuous—(a) Applicant who files petition while still in service.* A person described in § 334.1, whose service in the armed forces described therein has been continuous, may, while still in such service, file a petition for naturalization in any naturalization court, without regard to his place of residence, and without having resided continuously in the United States for at least five years and in the State where the petition is filed for at least six months, immediately preceding such filing. No certificate of arrival and no declaration of intention shall be required to be filed with the petition. The petition shall be verified, but for no specified period of time, by at least two witnesses, citizens of the United States, as provided in § 370.4 of this chapter, and the verifying witnesses shall also testify at the final hearing unless excused as provided in § 373.2 of this chapter. Such petition may be heard immediately if (1) the petitioner be then actually in such armed forces, and (2) before the filing of the petition, the applicant and at least two verifying witnesses, citizens of the United States, who shall identify the applicant as the person who rendered the service upon which the petition is to be based, have appeared before and been examined by a representative of the Immigration and Naturalization Service, and (3) a certificate of such examination on Form N–440 is filed with the petition in accordance with § 373.5 of this chapter. At the time the petition for naturalization is filed, the petitioner shall present duly authenticated copies of the records of the executive departments having custody of the records covering the petitioner's service in the United States Army, Navy, Marine Corps, or Coast Guard, which copies must show the period or periods of such service and that it was performed under honorable conditions. Such duly authenticated copies of service records shall be accepted as proof of the good moral character, attachment to the principles of the Constitution of the United States of America, and favorable disposition toward the good order and happiness of the United States of the petitioner for the periods of such service.

(b) *Applicant who files petition after leaving service but within six months.* If the petitioner has been separated from such service prior to filing his petition for naturalization, but files his petition for naturalization within six months after the termination of such service, he shall be entitled to the same exemptions from residence in the United States and State, and within the jurisdiction of the naturalization court, and from filing with his petition for naturalization a certificate of arrival and a declaration of intention as the petitioner described in paragraph (a) of this section. But the petitioner under this paragraph shall prove his residence, good moral character, attachment to the principles of the Constitution of the United States, and his favorable disposition toward the good order and happiness of the United States for the period from the date of his separation from such service to the date of the filing of his petition for naturalization, and from the latter date to the date of his admission to citizenship, by the affidavits and testimony of at least two citizen witnesses, in the manner provided in §§ 370.4 and 373.2 of this chapter. A petitioner under this paragraph shall not be entitled to an immediate hearing upon his petition, but only after the expiration of at least 30 days after the petition is filed, in accordance with the provisions of section 334 (c) of the Nationality Act of 1940.* (Nationality Act of 1940, secs. 307, 309 (a), 324 (a) (b) (c) (e), and 334 (c); 54 Stat. 1142, 1143, 1149–1150, 1156–1157; 8 U.S.C. 707, 709, 724, 734)

§ 334.3 *Where service was not continuous.* A person described in § 334.1, whose service was not continuous, shall be entitled to all of the exemptions set forth in § 334.2 (a) (including an immediate hearing if still in the service), if he files a petition for naturalization while still in such service or within six months after honorable separation therefrom, except that such petitioner must establish his continuous residence, good moral character, attachment to the principles of the Constitution of the United States, and favorable disposition toward the good order and happiness of the United States, for the period of five years at least immediately preceding the filing of his petition, and from the date of filing his petition to the date of the final hearing thereon. Proof of such qualifications for the periods during which the petitioner was actually in such service shall be made as provided in § 334.2 (a). As to any part or parts of the five-year period immediately preceding the filing of the petition for naturalization, and as to the period between the date of the filing of the petition and the final hearing thereon, between the periods of the petitioner's service in the United States Army, Navy, Marine Corps, or Coast Guard, such proof must be made by the affidavits and testimony of at least two citizen witnesses, for each such period, as set forth in §§ 370.4 and 373.2, respectively, of this chapter.* (Nationality Act of 1940, secs. 307, 309 (a), 324 (a) (b) (c) (e), and 334 (c); 54 Stat. 1142, 1143, 1149–1150, 1156; 8 U.S.C. 707, 709, 724, 734)

§ 334.4 *Where petition for naturalization is filed more than six months after termination of service.* Where an alien has performed the service specified in § 334.1, but fails to file a petition for naturalization while still in such service or within six months after the termination of such service, he shall not be entitled to any of the exemptions set forth in § 334.2, except that such a petitioner for naturalization may prove his good moral character, attachment to the principles of the Constitution of the United States, and favorable disposition toward the good order and happiness of the United States, for any period or periods, during the five-year period immediately preceding the filing of the petition, of service specified in § 334.1, by the production of duly authenticated copies of the records of the executive departments having custody of the records of such service, as described in such section, in lieu of affidavits and testimony or depositions of witnesses for the period or periods of such service.* (Nationality Act of 1940, sec. 324 (d) (e), 54 Stat. 1149–1150; 8 U.S.C. 724)

§ 334.5 *Procedure.* An application to file a petition for naturalization under § 334.2, § 334.3, or § 334.4 shall be made on Form N–400. The petition for naturalization shall be filed on Form N–405. There shall be attached to the original of every petition for naturalization filed under any of such sections, an affidavit of the petitioner, sworn to before the clerk of court or a member of the Service on Form N–421, fully setting forth the periods and the description of his service in the United States Army, Navy, Marine Corps, or Coast Guard. Such Form N–421 shall be filed with and made a part of the petition for naturalization at the time such petition is filed. The duplicate and triplicate executed copies of Form N–421 shall be attached to the duplicate and triplicate petitions for naturalization, respectively.* Nationality Act of 1940, secs. 324 and 327 (d), 54 Stat. 1149, 1151; 8 U.S.C. 724, 727)

PART 337—SPECIAL CLASSES OF PERSONS WHO MAY BE NATURALIZED: SEAMEN

Sec.
337.1 Persons who have served on United States Government or merchant vessels; exemptions and fees.
337.2 Where service was continuous.
337.3 Where service was not continuous.
337.4 Where petition for naturalization is filed more than six months after termination of service.
337.5 Procedure.

§ 337.1 *Persons who have served on United States Government or merchant vessels; exemptions and fees.* A person who has served honorably or with good conduct for an aggregate period of at least five years (a) on board of any vessel of the United States Government other than in the United States Navy, Marine Corps, or Coast Guard, or (b) on board of vessels of more than twenty tons burden, whether or not documented under the laws of the United States, and whether public or private, which are not foreign vessels and whose home port is in the United States, may be naturalized, subject to the provisions of §§ 337.2 to 337.5, inclusive. A petitioner for naturalization under this section shall pay the usual fee for filing a petition for naturalization.* (Nationality Act of 1940, secs. 325 and 342 (a) (2), 54 Stat. 1150, 1161, 1162; 8 U.S.C. 725, 742)

*§§ 337.1 to 337.5, inclusive, issued under the authority contained in sec. 327, 54 Stat. 1150; 8 U.S.C. 727; sec. 37 (a), 54 Stat. 675, 8 U.S.C. 458; 8 C.F.R. 90.1.

Statutes interpreted or applied and statutes giving special authority are listed in parentheses at the end of specific sections.

§ 337.2 *Where service was continuous—(a) Applicant who files petition while still in service.* A person described in § 337.1, whose service described therein has been continuous, may, while still in such service, file a petition for naturalization in any naturalization court, without regard to his place of residence, and without having resided continuously in the United States for at least five years and in the State where the petition is filed for at least six months, immediately preceding such filing. No certificate of arrival and no declaration of intention shall be required to be filed with the petition. The petition shall be verified, but for no specified period of time, by at least two witnesses, citizens of the United States, as provided in § 370.4 of this chapter, and the verifying witnesses shall also testify at the final hearing unless excused as provided in § 373.2 of this chapter. Such petition may be heard immediately if (1) the petitioner be then actually in such service, and (2) before the filing of the petition, the applicant and at least two verifying witnesses, citizens of the United States, who shall identify the applicant as the person who rendered the service upon which the petition is to be based, have appeared before and been examined by a representative of the Immigration and Naturalization Service, and (3) a certificate of such examination on Form N–440 is filed with the petition in accordance with § 373.5 of this chapter. At the time the petition for naturalization is filed, the applicant shall present duly authenticated copies of the records of the executive departments having custody of the records covering the petitioner's service, if it was on a vessel of the United States Government, which copies must show the period or periods of such service and that it was performed under honorable conditions, or discharge showing service with good conduct if service was on a vessel other than a vessel of the United States Government. Such duly

authenticated copies of service records and discharges shall be accepted as proof of the good moral character, attachment to the principles of the Constitution of the United States of America, and favorable disposition toward the good order and happiness of the United States of the petitioner for the periods of such service.

(b) *Applicant who files petition after leaving service but within six months.* If the petitioner has been separated from such service prior to filing his petition for naturalization, but files his petition for naturalization within six months after the termination of such service, he shall be entitled to the same exemptions from residence in the United States and State, and within the jurisdiction of the naturalization court, and from filing with his petition for naturalization a certificate of arrival and a declaration of intention as the petitioner described in paragraph (a) of this section. But the petitioner under this paragraph shall prove his residence, good moral character, attachment to the principles of the Constitution of the United States, and his favorable disposition toward the good order and happiness of the United States for the period from the date of his separation from such service to the date of the filing of his petition for naturalization, and from the latter date to the date of his admission to citizenship, by the affidavits and testimony of at least two citizen witnesses, in the manner provided in §§ 370.4 and 373.2 of this chapter. A petitioner under this paragraph shall not be entitled to an immediate hearing upon his petition, but only after the expiration of at least 30 days after the petition is filed, in accordance with the provisions of section 334 (c) of the Nationality Act of 1940.* (Nationality Act of 1940, secs. 307, 309 (a), 325, and 334 (c), 54 Stat. 1142, 1143, 1150, 1156; 8 U.S.C. 707, 709, 725, 734)

§ 337.3 *Where service was not continuous.* A person described in § 337.1, whose service was not continuous, shall be entitled to all of the exemptions set forth in § 337.2 (including an immediate hearing if still in the service), if he files a petition for naturalization while still in such service or within six months after honorable separation, or separation with good conduct, therefrom, except that such petitioner must establish his continuous residence, good moral character, attachment to the principles of the Constitution of the United States, and favorable disposition toward the good order and happiness of the United States, for the period of five years at least immediately preceding the filing of his petition, and from the date of filing his petition to the date of the final hearing thereon. Proof of such qualifications for the periods during which the petitioner was actually in such service shall be made as provided in § 337.2. As to any part or parts of the five-year period immediately preceding the filing of the petition for naturalization, and as to the period between the date of the filing of the petition and the final hearing thereon, between the periods of the petitioner's service on vessels as described in § 337.1, such proof must be made by the affidavits and testimony of at least two citizen witnesses, for each such period, as set forth in §§ 370.4 and 373.2, respectively, of this chapter.* (Nationality Act of 1940, secs. 307, 309 (a), 325, and 334 (c), 54 Stat. 1142, 1143, 1150, 1156; 8 U.S.C. 707, 709, 725, 734)

§ 337.4 *Where petition for naturalization is filed more than six months after termination of service.* Where an alien has performed the service specified in § 337.1, but fails to file a petition for naturalization while still in such service or within six months after termination of such service he shall not be entitled to claim any of the exemptions set forth in § 337.2, except that such a petitioner for naturalization may prove his good moral character, attachment to the principles of the Constitution of the United States, and favorable disposition toward the good order and happiness of the United States, for any period or periods, during the five-year period immediately preceding the filing of the petition, of service specified in § 337.1, by the production of duly authenticated copies of the records of the executive departments having custody of the records of such service, or discharges showing service with good conduct, as described in such section, in lieu of affidavits and testimony or depositions of witnesses for the period or periods of such service.* (Nationality Act of 1940, sec. 325, 54 Stat. 1150; 8 U.S.C. 725)

§ 337.5 *Procedure.* An application to file a petition for naturalization under § 337.2, § 337.3, or § 337.4 shall be made on Form N-400. The petition for naturalization shall be filed on Form N-405. There shall be attached to the original of every petition for naturalization filed under any of such sections, an affidavit of the petitioner, sworn to before the clerk of court or a member of the Service on Form N-421, fully setting forth the periods and the description of his service. Such Form N-421 shall be filed with and made a part of the petition for naturalization at the time such petition is filed. The duplicate and triplicate executed copies of Form N-421 shall be attached to the duplicate and triplicate petitions for naturalization, respectively.* (Nationality Act of 1940, secs. 325 and 327 (d), 54 Stat. 1150, 1151; 8 U.S.C. 725, 727)

PART 345—SPECIAL CLASSES OF PERSONS WHO MAY BE NATURALIZED: NATIONALS BUT NOT CITIZENS OF THE UNITED STATES

Sec.
345.1 Exemption from residence in the United States.
345.2 Certificate of arrival.

§ 345.1 *Exemption from residence in the United States.* A national of the United States who is not a citizen thereof, and who is otherwise qualified for naturalization, may, if he becomes a resident of any State, be naturalized upon compliance with the requirements of the Nationality Act of 1940. In the case of such a person, residence within any of the outlying possessions of the United States shall be considered as residence within the United States within the meaning of such Act. (Secs. 321 and 327, 54 Stat. 1148, 1150, 8 U.S.C. 721, 727; sec. 37 (a), 54 Stat. 675, 8 U.S.C. 458; 8 C.F.R. 90.1)

§ 345.2 *Certificate of arrival.* A person described in § 345.1, if he entered the United States after June 29, 1906, and a certificate of arrival is required in his case, shall not file a declaration of intention nor a petition for naturalization until his lawful entry into the United States for permanent residence has been verified and a certificate of such arrival has been issued by the Immigration and Naturalization Service in accordance with the requirements of Part 363 of this chapter. The certificate of arrival in such a case shall set forth the date, place, and manner of the applicant's arrival as shown by the records of the service. (Secs. 327, 329 (b) and 332 (c), 54 Stat. 1150, 1152, 1156, 8 U.S.C. 727, 729, 732; sec. 37 (a), 54 Stat. 675, 8 U.S.C. 458; 8 C.F.R. 90.1)

[1st Supplement to General Order No. C-24]

PART 90—DEPARTMENTAL ORGANIZATION AND AUTHORITY

Amended Regulations Governing Departmental Organization and Authority

DECEMBER 23, 1941.

Pursuant to the authority conferred by sections 161 and 360 of the Revised Statutes as amended (5 U.S.C. 22, 311); section 37 (a) of the Act of June 28, 1940 (54 Stat. 675; 8 U.S.C. 458); section 1 of Reorganization Plan No. V (5 F.R. 2223) and all other authority conferred by law, the following changes are hereby prescribed in Title 8, Chapter I, part 90 of the Code of Federal Regulations:

Section 90.13 is amended to read as follows:

§ 90.13 *Deputy Commissioner in charge of the Adjudications Branch: powers.* Subject to the provisions of § 90.16 of this part, the Deputy Commissioner in charge of the Adjudications Branch (or under his direction, the Assistant to the Deputy Commissioner in charge of that branch) shall have authority after proceedings in accordance with law and regulations to exercise the powers of the Attorney General or of the Commissioner of Immigration and Naturalization:

(a) To consider and determine applications for extensions of temporary admission to the United States, in cases in which field officers do not have such authority or in cases which have been referred by field officers to the Central Office;

(b) To consider and determine applications for permission to re-apply for admission to the United States after exclusion, deportation, or removal on account of distress;

(c) To consider and determine applications for change of status from one non-immigrant class to another or from a non-immigrant class to a student, and subject to the other provisions of this part to consider and determine the status of persons under the provisions of the immigration and nationality laws;

(d) To consider and determine applications to import contract labor, including student labor;

(e) To authorize amendment or endorsement of records of entry to show true status;

(f) To pass upon applications for copies of immigration and naturalization records, or for information therefrom;

(g) To consider and determine applications for certificates of derivative citizenship;

(h) To consider and determine applications for exemption from loss of residence for naturalization purposes (section 307 (b) (c), Act of October 14, 1940);

(i) To order the cancelation of registry fraudulently or illegally procured under the Act of March 2, 1929, as amended, or section 328 (b) of the Act of October 14, 1940;

(j) To exercise such discretion as is appropriate to, and to prepare and sign all orders and correspondence incident to, the execution of the functions of his office.

In addition to the foregoing authority, the Deputy Commissioner in charge of the Adjudications Branch shall perform such other duties compatible with his office as may be from time to time required.

Section 90.16 is amended to read as follows:

§ 90.16 *Reference of cases to the Special Assistant in Charge by the Deputy Commissioner in charge of the Adjudications Branch, Chief of the Warrant and Deportation Branch, or Chief of the Certifications Branch.* The Deputy Commissioner in charge of the Adjudications Branch, the Chief of the Warrant and Deportation Branch, and the Chief of the Certifications Branch shall exercise the authority herein conferred under the direction and supervision of the Special Assistant in Charge. In all cases the appropriate court.
in which any of them shall be in doubt as to the construction of applicable law or as to the proper principle governing the exercise of discretion, he shall refer the matter to the Special Assistant in Charge who shall, after receiving the advice of the General Counsel, either advise him as to the appropriate decision, make decision in his own name, or refer the matter to the Attorney General for decision.

Present §§ 90.17 and 90.18 are renumbered to become respectively §§ 90.49 and 90.50.

The following new § 90.17 is hereby prescribed:

§ 90.17 *General Counsel: powers and duties.* The General Counsel of the Service, under the direction and supervision of the Special Assistant in Charge, shall have authority after proceedings in accordance with law and regulations to exercise the powers of the Attorney General or of the Commissioner of Immigration and Naturalization in the classes of cases prescribed in this section and otherwise to perform the duties herein set forth:

(a) To represent the Service before the Board of Immigration Appeals, before boards of special inquiry, or before presiding inspectors in important exclusion and deportation cases;

(b) To examine all decisions of the Board of Immigration Appeals which reverse a presiding inspector or a board of special inquiry, and to advise the Attorney General on cases certified by the Board of Immigration Appeals to him for decision;

(c) To render such assistance, including preparation of legal memoranda and briefs or presentation of arguments, as may be necessary in behalf of the Service to the Attorney General or other officers of the Department or to United States Attorneys in judicial litigation involving proceedings brought to test the legality of warrants of deportation, exclusion decisions, actions involving steamship fines, matters relating to appeals in naturalization cases, the cancelation of naturalization, the review of actions involving prosecutions for violations of the Alien Registration Act, 1940, or other matters related to the Service.

(d) To examine as to legal form and execution bonds required from aliens in connection with the administration of the immigration laws and to handle matters relating to their disposition, either through compromise or judicial enforcement;

(e) To consider whether steps should be taken looking toward the cancelation of naturalization and to prepare necessary memoranda in those cases where cancelation proceedings are determined upon for submission to the Criminal Division of the Department, with recommendation that the appropriate United States Attorney be authorized and directed to institute judicial proceedings in

(f) To give assistance in the drafting of legislation, Presidential Proclamations, Executive Orders, and regulations in conjunction with branches of the Service charged with the function of preparing, enforcing, or applying such regulations, when requested;

(g) To render opinions and rulings as requested in the course of his duties to officials of the Service on legal questions arising in the exercise of their functions concerning the Service;

(h) To make recommendations to the Pardon Attorney when a question respecting pardons arises and a recommendation by the Service is desired;

(i) To make recommendations concerning the institution of prosecutions or disposition of criminal cases arising under the immigration or nationality laws, except those cases falling within the provisions of § 90.3 (c) of this part; and

(j) To exercise such discretion as is appropriate to, and to prepare and sign all orders and correspondence incident to, the execution of the functions of his office.

In addition to the foregoing authority, the General Counsel shall perform such other duties compatible with his office as may be from time to time required.

TITLE 30—MINERAL RESOURCES

CHAPTER III—BITUMINOUS COAL DIVISION

[Docket No. A-1155]

PART 321—MINIMUM PRICE SCHEDULE, DISTRICT NO. 1

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 1 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 1

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 1; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 321.7 (*Alphabetical list of code members*) is amended by adding thereto supplement R, and § 321.24 (*General prices*) is amended by adding thereto supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

No relief is granted herein as to Mine Index Nos. 729, 3074, 3202, 685, 3204, 2362 and the Matthews No. 3 Mine of John H. Matthews for the reasons set forth in an Order designating that portion of Docket No. A-1155 which relates to them as Docket No. A-1155 Part II and granting temporary relief therein.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: December 13, 1941.

The petition apparently proposes that a minimum price of 180 cents per net ton be established for the coals of Mine Index No. 2927 in Size Group 12, for off-line sales of railroad fuel. The petition alleges, however, that these coals are comparable and analogous to the coals of Mine Index Nos. 161 and 210 of the Belmont-Wheeling Coal Company and Crescent Valley Mining Corporation, for which minimum prices of 185 cents per net ton have been established for such shipments. Accordingly, the price classifications and minimum prices herein established for the coals of Mine Index No. 2927 in Size Group 12 for off-line railroad fuel use conform to those heretofore established for Mine Index Nos. 161 and 210. Similarly, the prices established

PART 327—MINIMUM PRICE SCHEDULE, DISTRICT NO. 7

FINDINGS OF FACT, CONCLUSIONS OF LAW, MEMORANDUM OPINION AND ORDER IN THE MATTER OF THE PETITION OF DISTRICT BOARD 7, FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR ALL SHIPMENTS EXCEPT TRUCK OF COALS OF THE HARMIL MINE (MINE INDEX NO. 580) OF THE HARMIL SMOKELESS COAL COMPANY, A CODE MEMBER IN DISTRICT NO. 7, AND FOR THE REVISION OF EFFECTIVE MINIMUM PRICES FOR SUCH COALS IN SIZE GROUP 6 FOR TRUCK SHIPMENT

This proceeding was instituted upon a petition and an amended petition filed with the Bituminous Coal Division by District Board 7, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937. The petition, as amended, requests that temporary and permanent relief be granted by establishing price classifications and minimum prices for all shipments except truck of coals of the Pineville Mine (Mine Index No. 580) of the Pineville Coal Company,[1] a code member in District 7, and by revising the effective minimum price of such coals in Size Group 6 for truck shipments.

Pursuant to an Order of the Director and after due notice to all interested persons, a hearing in this matter was held on October 15, 1941, before Scott A. Dahlquist, a duly designated Examiner of the Division, at a hearing room thereof in Washington, D. C. All interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard. District Board 7 appeared. At the conclusion of the hearing the preparation and filing of a report by the Examiner was waived and the record in the proceeding was thereupon submitted to the undersigned.

The Pineville Mine (Mine Index No. 580) of the Pineville Coal Company, formerly known as the Harmil Mine of the Harmil Smokeless Coal Company, is located in the Sewell seam in Wyoming County, West Virginia, in District 7. Heretofore, the only prices and classifications established for the mine were a "B" classification in Size Groups 6 and 7 for rail shipments,[2] a price of $1.85 per ton f. o. b. the mine in Size Group 6 for truck shipments, and prices in Size Groups 3 and 4 for truck shipments. In this proceeding, District Board 7 proposes to establish price classifications for all shipments in hitherto unclassified size groups and to change the price in Size Group 6 for truck shipments from $1.85 to $1.90 per ton f. o. b. the mine.

Uncontroverted evidence was introduced by John A. Luse, executive secretary of District Board 7, to show that the price classifications and minimum prices requested in the petition reflect the relative market value of the Pineville Mine coals and will afford them a reasonable opportunity to compete on a fair basis with comparable coals. Thus, the witness Luse revealed that these price classifications were arrived at by District Board 7 after a thorough consideration of the results of chemical and physical analyses conducted in March 1941 by the Commercial Testing and Engineering Company upon the coals of the Pineville Mine and of various other mines in District 7. These analyses, according to the witness, showed that the coals of the Pineville Mine are of a soft, friable structure and should be given a "B" classification for rail shipment in Size Groups 1 and 2.

The witness Luse further testified, in regard to the requested revision of the effective minimum prices for Size Group 6 for truck shipments from $1.85 to $1.90 per ton f. o. b. the mine, that the whole market area price f. o. b. the mine for the Sewell seam of coal in "B" classification is $1.90 and that this change should be made in order to treat all the mines similarly.

Upon the uncontroverted evidence, I find and conclude that the classifications and minimum prices shown in supplements R and T, annexed hereto and made a part hereof, are proper and should be established; that the Schedule of Effective Minimum Prices for District No. 7 For All Shipments Except Truck and the Schedule of Effective Minimum Prices for District No. 7 For Truck Shipments should be amended accordingly; that such amendments of the price schedules for District 7 are necessary in order to effectuate the purposes of section 4 II (a) and 4 II (b) of the Act and to comply in all respects with the standards thereof.

Now, therefore, it is hereby ordered, That § 327.11 (*Low volatile coals: Alphabetical list of code members*) in the Schedule of Effective Minimum Prices for District No. 7 For All Shipments Except Truck and § 327.34 (*General prices in cents per net ton for shipment into any market area*) in the Schedule of Effective Minimum Prices for District No. 7 For Truck Shipments be and they hereby are amended effective fifteen (15) days from the date hereof, in accordance with the classifications and minimum prices set forth in supplements R and T, annexed hereto and made a part hereof.

Dated: December 8, 1941.

[SEAL] —DAN H. WHEELER, *Acting Director.*

[1] The original petition referred to Mine Index No. 580 as the Harmil Mine of the Harmil Smokeless Coal Company. However, after the date of the original petition, the ownership of the mine changed to Andy New and Homer New, of Pineville, West Virginia, co-partners trading as the Pineville Coal Company, and the amended petition substituted the new mine name.

PART 327—MINIMUM PRICE SCHEDULE, DISTRICT NO. 7

ORDER GRANTING RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 7 FOR THE REVISION OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS IN SIZE GROUPS 1 AND 2 OF MINE INDEX NOS. 208 AND 223 IN DISTRICT NO. 7

A petition having been filed with the Bituminous Coal Division, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, by District Board 7, requesting that coals produced at the Wyoming Mine (Mine Index No. 208), of the Red Jacket Coal Corporation and at the No. 2 Mine (Mine Index No. 223), of the Marianna Smokeless Coal Company, be reclassified from "B" to "A" in Size Groups 1 and 2 for shipment by rail into all market areas.

A petition of intervention, as amended, having been filed by District Board 8 requesting relief for the coals of the No. 1 Mine (Mine Index No. 588), of the Marianna Smokeless Coal Company, corresponding to any relief granted to the original petitioner;[1]

Pursuant to an Order of the Director and after notice to all interested parties, a hearing having been held in this matter on September 23, 1941, before Joseph A. Huston, a duly designated Examiner of the Division, at a hearing room thereof in Washington, D. C., at which all interested parties were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard;

The preparation and filing of a report by the Examiner having been waived, and the record having thereupon been submitted to the undersigned; and the undersigned having made Finding of Fact, Conclusions of Law and having rendered an Opinion in this matter, which are filed herewith;

Now, therefore, it is ordered, That, commencing fifteen (15) days from the date of this Order, § 327.11 (*Low volatile coals: Alphabetical list of code members*) and § 327.34 (*General prices in cents per net ton for shipment into any market area*) in the Schedules of Effective Minimum Prices (Low Volatile) for District No. 7 For All Shipments Except Truck and for Truck Shipments be and they are hereby amended by establishing the classifications and minimum prices for the coals of the Wyoming Mine (Mine Index No. 208) of the Red Jacket Coal Corporation, the No. 1 Mine (Mine Index No. 266) and No. 2 Mine (Mine Index No. 223) of the Marianna Smokeless Coal Company, as set forth in Supplements R and T attached hereto and made a part hereof.

Dated: December 13, 1941.

[SEAL] DAN H. WHEELER, *Acting Director.*

[1] Subsequent to this proceeding an Order of the Director, dated November 21, 1941, 6 F.R. 5971, in Docket No. 1547–FD, changed the boundary between District 7 and District 8 with the result that the Marianna No. 1 Mine was withdrawn from District 8 and placed in District 7. In District 7 it was given Mine Index No. 266 and placed in Freight Origin Group 14.

[Docket No. A-1165]

PART 328—MINIMUM PRICE SCHEDULE, DISTRICT NO. 8

MEMORANDUM OPINION AND ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 8 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES AND FOR A CHANGE IN FREIGHT ORIGIN GROUP NUMBERS AND SHIPPING POINTS FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 8

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, has been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices and a change in freight origin group numbers and shipping points for the coals of certain mines in District No. 8.

Freight Origin Group No. 111 was assigned to the coals of Mine Index No. 225 in Supplement 2 to the Schedule of Effective Minimum Prices for District No. 8 For All Shipments Except Truck, on the basis of information furnished the Division which indicated that the location of this mine was Middlesboro, Kentucky. Subsequent and more complete information indicates that Mine Index No. 225 is actually located at Murtea, Kentucky. Mine Index No. 225 should accordingly be reassigned to Freight Origin Group No. 113, the correct freight origin group for this shipping point.

A change in shipping points from Glamorgan to Norton, Virginia, is requested for Mine Index No. 3682 because of the inability of this mine to obtain a siding on the Interstate Railroad at Glamorgan, Virginia. It appears that the freight rates applicable from both points are the same. A change in shipping points from Esserville to Norton, Virginia, is requested for Mine Index No. 2308 because of the inability of this mine to obtain loading facilities on the Interstate Railroad at Esserville, Virginia. It appears also that the freight rates applicable from both of these points are also the same.

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 328.11 (*Alphabetical list of code members*) is amended by adding thereto supplement R, § 328.34 (*General prices for high volatile coals in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T–I, and § 328.42 (*General prices for low volatile coals*) is amended by adding thereto Supplement T–II, which supplements are hereinafter set forth and hereby made a part hereof; and commencing forthwith, the shipping points and freight origin group numbers appearing in the aforesaid "Supplement R" for Mine Index Nos. 225, 3682, and 2308 are effective in place of the shipping points and freight origin group numbers heretofore established for these mines.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

No relief is granted herein for the coals of the Cameo Mine (Mine Index No. 81) of the Cameo Coal Mining Company as requested in the original petition because the relief requested has already been granted in a Memorandum Opinion and Order dated November 21, 1941, Severing Docket No. A-1165 Part I from Docket No. A-1165 Granting Temporary Relief and Conditionally Providing for Final Relief in Docket No. A-1165 Part I.

No price classifications and no minimum prices are established herein for the coals of Mine Index No. 3901 of Holbrook & Mann (S. W. Holbrook) because prices were established for this mine in an Order dated November 27, 1941, Granting Temporary Relief and Conditionally Providing for Final Relief in Docket No. A-1144.

Freight Origin Group No. 180 listed in the original petition for the coals of Diamond No. 7 Mine (Mine Index No. 3824) of the Diamond Coal Mining Company has been changed to Freight Origin Group No. 40 which is the correct Freight Origin Group Number for Caryville, Tennessee, the shipping point proposed in the original petition for the coals of this mine.

Dated: December 6, 1941.

PART 332—MINIMUM PRICE SCHEDULE, DISTRICT NO. 12

ORDER GRANTING TEMPORARY AND PERMANENT RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 12 FOR REVISION OF THE EFFECTIVE MINIMUM PRICES FOR COALS, FOR SHIPMENT BY TRUCK, PRODUCED AT MINES OF CERTAIN CODE MEMBERS IN DISTRICT NO. 12

A petition having been filed with the Bituminous Coal Division on August 26, 1941, by District Board 12, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, requesting that temporary and permanent relief be granted by reducing the effective minimum prices, for shipment by truck, of certain coals produced in District 12:

Pursuant to Orders of the Director and after due notice to interested persons, a hearing in this matter having been held before Travis Williams, a duly designated Examiner of the Division, at a hearing room thereof in Washington, D. C., at which all interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard;

The preparation and filing of a report by the Examiner having been waived and the record in the proceeding having thereupon been submitted to the undersigned;

The undersigned having made Findings of Fact and Conclusions of Law and having rendered an Opinion in this matter, which are filed herewith;

Now, therefore, it is ordered, That effective fifteen (15) days from the date hereof, § 332.24 (*General prices in cents per net ton for shipment into all market areas*) in the Schedule of Effective Minimum Prices for District No. 12 for Truck Shipments be and it hereby is amended as indicated in the Schedule marked "supplement T" attached hereto and made a part hereof.

It is further ordered, That effective 15 days from the date hereof, pending final disposition of the proceeding in Docket No. A–179 and of the petition herein, the Schedule of Effective Minimum Prices for District No. 12 for Truck Shipments be and it hereby is amended in accordance with the Schedule marked "temporary supplement T" attached hereto and made a part hereof; provided that applications to make permanent, stay, terminate, or modify such temporary relief may be filed.

Dated: December 11, 1941.

[SEAL] DAN H. WHEELER,
Acting Director.

[Docket No. A-1054, Part II]

PART 328—MINIMUM PRICE SCHEDULE, DISTRICT NO. 8

ORDER GRANTING PERMANENT RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD 8 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF THE NO. 9 MINE OF THE CARBON FUEL COMPANY (MINE INDEX NO. 3661) IN DISTRICT NO. 8

A petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been filed with the Bituminous Coal Division by District Board 8 requesting the establishment of price classifications and minimum prices for the coals of certain mines in District 8, including the No. 9 Mine of the Carbon Fuel Company (Mine Index No. 3661);

An Order having been issued by the Director on October 7, 1941, 6 F.R. 5155, severing that portion of Docket No. A-1054 relating to the aforesaid No. 9 Mine of the Carbon Fuel Company (Mine Index No. 3661) and designating it as Docket No. A-1054, Part II, and granting temporary relief pending further Order of the Director;

Pursuant to an Order of the Director, a hearing having been held in this matter on November 14, 1941, before Edward J. Hayes, a duly designated Examiner of the Division, at a hearing room thereof in Washington, D. C., at which time all interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard;

All parties having waived the preparation and filing of a report by the Examiner, and the record thereupon having been submitted to the undersigned;

The undersigned having made Findings of Fact and Conclusions of Law and having rendered an Opinion, which are filed herewith;

Now, therefore, it is ordered, That § 328.11 (*Alphabetical list of code members*) in the Schedule of Effective Minimum Prices for District No. 8 for All Shipments Except Truck be, and the same hereby is amended as follows: Commencing fifteen (15) days from the date of the Order the classification for Powelton B coals of the No. 9 Mine of the Carbon Fuel Company (Mine Index No. 3661) in Subdistrict No. 4, shall be "E" for Size Groups No. 18, 19, 20 and 21, and "C" for Size Group 27, both for shipments to destinations Other than the Great Lakes and for Great Lakes Cargo only, and shall take the corresponding minimum prices.

It is further ordered, That in all other respects the petition herein be, and the same hereby is, denied.

Dated: December 24, 1941.

[SEAL] DAN H. WHEELER,
Acting Director.

TITLE 32—NATIONAL DEFENSE

CHAPTER VI—SELECTIVE SERVICE SYSTEM

[Amendment No. 120]

AMENDING THE REGULATIONS SO AS TO ELIMINATE GROUP NOW DEFERRED BY REASON OF AGE

By virtue of the Selective Training and Service Act of 1940 (54 Stat. 885) and the authority vested in me by the rules and regulations prescribed by the President thereunder, I hereby amend, effective immediately upon the filing hereof with the Division of the Federal Register, the Selective Service Regulations, Volume Three,[1] Section XXV, by striking out present subparagraph *b* of Paragraph 365 and substituting therefor the following:

b. In Class IV–E shall be placed each such registrant who is found to be fit for general service. In Class IV–E–LS shall be placed each such registrant who is found to be fit only for limited service. In Class IV–E–H shall be placed every registrant theretofore classified in either Class IV–E or Class IV–E–LS who, prior to being assigned to and accepted for work of national importance under civilian direction, may be deferred by reason of age. Unless and until it is determined that a particular age group should be deferred, no registrant shall be classified in Class IV–E–H. Class IV–E–LS registrants will be assigned to work of national importance under civilian direction if and when Class I–B registrants are called by the land or naval forces for training and service. The designations "LS" or "H" shall be carried on the Classification Record (Form 100), the Conscientious Objector Report (Form 48), and other appropriate records and notices.

[Amendment No. 123]

AMENDING THE REGULATIONS SO AS TO CHANGE THE COMPOSITION OF CLASS IV–C

By virtue of the provisions of the Selective Training and Service Act of 1940 (54 Stat. 885) and the authority vested in me by the rules and regulations prescribed by the President thereunder, I hereby amend, effective immediately upon the filing hereof with the Division of the Federal Register, the Selective Service Regulations, Volume Three,[1] Section XXIV, in the following respects:

1. By changing the third line of the index thereof to read: Class IV–C: Neutral aliens requesting relief from liability and unacceptable alien enemies.

2. By deleting Paragraph 359 and substituting therefor the following:

359. Class IV–C: *Neutral aliens requesting relief from liability and unacceptable alien enemies.* (a) In Class IV–C shall be placed any registrant, not a national of the United States, who is:

(1) A citizen or subject of a neutral country who, prior to his induction into the land or naval forces, has made application to be relieved from liability for training and service in the land or naval forces of the United States by filing with the local board an Application by Alien for Relief from Military Service (Form 301); or

(2) A citizen or subject of any country who has been or who may hereafter be proclaimed by the President to be an alien enemy of the United States, unless he is acceptable to the land or naval forces.

(b) Any registrant who claims to be a citizen or subject of a neutral country or to be a citizen or subject of any country who has been or who may hereafter be proclaimed by the President to be an alien enemy of the United States must submit proof of such status to the local board in the form of a birth certificate, entry permit, alien registration certificate, or other information required by the local board.

(c) When a citizen or subject of a neutral country who is liable for training and service prior to his induction into the land or naval forces files an Application by Alien for Relief from Military Service (Form 301), he is thereafter debarred from becoming a citizen of the United States. If a registrant desires to make such application, he shall execute and file two copies of the Application by Alien for Relief from Military Service (Form 301). The original of the Application by Alien for Relief from Military Service (Form 301) shall be transmitted through the State Director of Selective Service to the Immigration and Naturalization Service of the Department of Justice for its files, and the remaining copy shall be retained in the registrant's Cover Sheet (Form 53).

(d) If a registrant is a national of the United States but also contends that he is a citizen or subject of a neutral country or an alien enemy, such contention shall be disregarded and he shall be classified without regard thereto.

(e) Whenever the local board has a perplexing case, it should request assistance through State Headquarters for Selective Service from the Immigration and Naturalization Service.

PART 622—CLASSIFICATION

AMENDMENT TO SELECTIVE SERVICE REGULATIONS, SECOND EDITION

As Director of Selective Service, I hereby amend the Selective Service Regulations, Second Edition, Part 662,[1] by striking out § 622.16 thereof and substituting the following:

§ 622.16 *Class I–H: Man deferred by reason of age.* In Class I–H shall be placed every registrant, not a volunteer, who prior to induction in the land or naval forces may be deferred by reason of age. Unless and until it is determined that a particular age group should be deferred, no registrant shall be classified in Class I–H. (54 Stat. 885; 50 U.S.C., Sup., 301–318, inclusive, E.O. No. 8545, 5 F.R. 3779)

Effective January 1, 1942.

LEWIS B. HERSHEY,
Director.

PART 622—CLASSIFICATION

AMENDMENT TO SELECTIVE SERVICE REGULATIONS, SECOND EDITION

As Director of Selective Service, I hereby amend the Selective Service Regulations, Second Edition, Part 622,[1] in the following respects:

1. By striking from § 622.1 thereof the following: "Class IV–C: Nondeclarant alien" and substituting therefor the following: "Class IV–C: Neutral aliens requesting relief from liability and unacceptable alien enemies."

2. By deleting § 622.43 and substituting therefor the following:

§ 622.43 *Class IV–C: Neutral aliens requesting relief from liability and unacceptable alien enemies.* (a) In Class IV–C shall be placed any registrant, not a national of the United States, who is:

(1) A citizen or subject of a neutral country who, prior to his induction into the land or naval forces, has made application to be relieved from liability for training and service in the land or naval forces of the United States by filing with the local board an Application by Alien for Relief from Military Service (Form 301); or

(2) A citizen or subject of any country who has been or who may hereafter be proclaimed by the President to be an alien enemy of the United States, unless he is acceptable to the land or naval forces.

(b) Any registrant who claims to be a citizen or subject of a neutral country or to be a citizen or subject of any country who has been or who may hereafter be proclaimed by the President to be an alien enemy of the United States must submit proof of such status to the local board in the form of a birth certificate, entry permit, alien registration certificate, or other information required by the local board.

(c) When a citizen or subject of a neutral country who is liable for training and service prior to his induction into the land or naval forces files an Application by Alien for Relief from Military Service (Form 301), he is thereafter debarred from becoming a citizen of the United States. If a registrant desires to make such application, he shall execute and file two copies of the Application by Alien for Relief from Military Service (Form 301). The original of the Application by Alien for Relief from Military Service (Form 301) shall be transmitted through the State Director of Selective Service to the Immigration and Naturalization Service of the Department of Justice for its files, and the remaining copy shall be retained in the registrant's Cover Sheet (Form 53).

(d) If a registrant is a national of the United States but also contends that he is a citizen or subject of a neutral country or an alien enemy, such contention shall be disregarded and he shall be classified without regard thereto.

(e) Whenever the local board has a perplexing case, it should request assistance through State Headquarters for Selective Service from the Immigration and Naturalization Service. (54 Stat. 885; 50 U.S.C., Sup., 301–318 inclusive, E.O. No. 8545, 5 F.R. 3779)

Effective January 1, 1942.

LEWIS B. HERSHEY,
Director.

DECEMBER 22, 1941.

PART 622—CLASSIFICATION

AMENDMENT TO SELECTIVE SERVICE REGULATIONS, SECOND EDITION

As Director of Selective Service, I hereby amend the Selective Service Regulations, Second Edition, Part 622,[1] by striking out § 622.53 and substituting therefor the following:

§ 622.53 *Class IV–E–H: Man formerly classified in Class IV–E or Class IV–E–LS, since deferred by reason of age.* In Class IV–E–H shall be placed every registrant theretofore classified in either Class IV–E or Class IV–E–LS who, prior to being assigned to and accepted for work of national importance under civilian direction, may be deferred by reason of age. Unless and until it is determined that a particular age group should be deferred, no registrant shall be classified in Class IV–E–H. (54 Stat. 885; 50 U.S.C., Sup., 301–318 inclusive, E.O. No. 8545, 5 F.R. 3779.)

Effective January 1, 1942.

LEWIS B. HERSHEY,
Director.

CHAPTER IX—OFFICE OF PRODUCTION MANAGEMENT

SUBCHAPTER B—PRIORITIES DIVISION

PART 1018—TINFOIL AND LEAD FOIL

Amendment No. 2 to Limitation Order No. L–25

Section 1018.1 (*Limitation Order L–25*)[1] as heretofore amended November 29, 1941, is hereby further amended as follows:

Paragraph (e) of said Section, as amended, is hereby further amended to read as follows:

§ 1018.1 *Limitation Order No. L–25.*

* * * * *

(e) *Effective date.* This order shall take effect on January 15, 1942, and shall continue in effect until revoked by the Director of Priorities.

This amendment shall take effect immediately. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3 amended Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, 3d Session, as amended by Public No. 89, 77th Congress, 1st Session; sec. 9, Public No. 783, 76th Congress, 3d Session)

Issued this 23d day of December 1941.

DONALD M. NELSON,
Director of Priorities.

CHAPTER XI—OFFICE OF PRICE ADMINISTRATION

PART 1304—IRON AND STEEL SCRAP

AMENDMENT NO. 12 OF PRICE SCHEDULE NO. 4—IRON AND STEEL SCRAP

Section 1304.15[1] is hereby amended by adding thereto paragraph (d):

§ 1304.15 *Appendix C; maximum prices for cast scrap other than railroad scrap.*

* * * * *

(d) *Unprepared scrap.* Except in the case of Heavy Breakable Cast, the maximum prices established hereinabove are maximum prices for prepared scrap. For unprepared scrap, exclusive of Heavy Breakable Cast, maximum prices shall be $2.50 less than the maximum prices for the corresponding grade or grades of prepared scrap.

Where scrap is to undergo preparation prior to its arrival at the point of delivery, such scrap is not at its shipping point, as that phrase is defined in paragraph (a) hereof, until after such preparation has been completed.

Issued this 24th day of December 1941, this amendment No. 12 shall become effective December 24, 1941.

LEON HENDERSON,
Administrator.

PART 1307—RAW MATERIALS FOR COTTON TEXTILES

AMENDMENT NO. 4 TO PRICE SCHEDULE NO. 7—COMBED COTTON YARNS[1]

Section 1307.7, *Appendix A, prices per pound for combed peeler yarns,* is hereby amended to read as follows:

§ 1307.7 *Appendix A, maximum prices for combed yarn*—(a) *Maximum prices for combed yarn covered by contract of sale prior to December 24, 1941.* Cotton goods of the following specifications which, prior to December 24, 1941, were covered by a sale or contract of sale but not delivered pursuant thereto, shall not be delivered to the purchaser at prices in excess of those set forth below.

Prices Per Pound for Combed Peeler Yarns[1]

	Single	2-ply		Single	2-ply
10s	$0.355	$0.425	40s	$0.50	$0.55
12s	.39	.43	50s	.58	.63
14s	.395	.435	60s	.67	.72
16s	.40	.44	70s	.77	.82
18s	.405	.445	80s	.87	.92
20s	.41	.45	90s	1.00	1.12
24s	.42	.46	90s	1.08	1.20
26s	.43	.47	100s	1.28	1.42
30s	.45	.49	110s		1.64
36s	.48	.53	120s		1.88
38s	.49	.54			

[1] The above prices apply only to combed cotton yarns of ordinary commercial quality. For yarns with excess twist, reverse twist, three or more ply, high break, or requiring the use of extra length American cotton, Pima cotton, Egyptian cotton, or Sea Island cotton, a premium over the above prices may be charged to cover the additional cost involved in manufacturing these special qualities.

(b) *Combed yarns not covered by contract prior to December 24, 1941*—(1) *Applicability of maximum prices in paragraph (b).* The maximum prices established in paragraph (b) apply to all transactions entered into or carried out on or after December 24, 1941, except deliveries for which maximum prices are established by paragraph (a).

(2) *Determination of maximum price.* The maximum price for any offer to buy or sell, sale or contract of sale, delivery or transfer of combed yarn shall be determined from the tables below in the following manner:

(i) *Offer to buy or sell.* By the spot cotton price[2] of the business day immediately preceding that on which the offer was made, except that, if the offering price is not otherwise specified, an offer to buy or sell at the maximum price applicable on the day the contract of sale is to be made shall not be a violation of the schedule;

(ii) *Sale or contract of sale.* By the spot cotton price of the business day immediately preceding the day on which the sale or contract of sale is made, regardless of the maximum price applicable to the offer pursuant to which such sale or contract is made;

(iii) *Delivery or transfer.* By the spot cotton price of the business day immediately preceding that on which the sale or contract of sale is made, regardless of any change in the spot cotton price subsequent thereto.

[2] The term "spot cotton price," when used herein, means the average, published daily by the United States Department of Agriculture, Agricultural Marketing Service, of the price quotations for middling $^{15}/_{16}$-inch cotton on ten designated spot markets.

(3) *Maximum price tables*

TITLE 46—SHIPPING

CHAPTER I—BUREAU OF MARINE INSPECTION AND NAVIGATION

[Order No. 188]

SUBCHAPTER A—DOCUMENTATION, ENTRANCE AND CLEARANCE OF VESSELS, ETC.

DECEMBER 26, 1941.

PART 2—ENTRY OF VESSELS

Section 2.2 is amended to read as follows:

§ 2.2 *Vessels not required to enter.* In addition to the vessels specifically exempted by statute from entry, any vessel of the United States, under frontier enrollment and license, which, during a voyage on the Great Lakes, touches at a foreign port for the purpose of taking on bunker fuel only, shall not be required to enter upon arrival in the United States from such foreign port: *Provided*, That this exemption shall not apply if, while at such foreign port, such vessel lands or takes on board any passengers, or any merchandise other than bunker fuel, receives orders, discharges any seaman by mutual consent, or engages any seaman to replace one discharged by mutual consent, or transacts any other business save that of taking on bunker fuel. Entry shall not be required of vessels coming in in distress or for bunkers (fuel or water for the vessel), sea stores, or ship's stores, transacting no other business in the port, and departing within twenty-four hours after arrival. If any such vessel remains more than twenty-four hours after arrival (whether any other business is transacted in the port or not), it is required to make entry unless while in possession of a valid departure permit it is detained in the port by order of the Naval Authorities of the United States.*

*§§ 2.2, 5.1, 6.14, and 6.16 amended under the authority contained in R.S. 161, Sec. 2, 23 Stat. 118; 5 U.S.C. 22, 46 U.S.C. 2; Act of September 25, 1941; Public Law 260, 77th Congress, 1st Session.

PART 5—FOREIGN CLEARANCES

Section 5.1 (a) is amended to read as follows:

§ 5.1 *Requirements of clearance.* (a) A vessel bound for foreign port or ports must be cleared for definite port or ports in the order of its itinerary, but an application to clear for a port or place "for orders" (instructions to masters as to destination of vessels) may be acted upon favorably if the cargo is to be discharged in a port of the same country as the port to which the vessel is to be cleared. Any vessel of the United States, under frontier enrollment and license, which, during a voyage on the Great Lakes, touches at a foreign port for the purpose of taking on bunker fuel only, shall not be required to clear prior to its departure from the United States: *Provided*, That this exemption shall not apply if, while at such foreign port, such vessel lands or takes on board any passengers, or any merchandise other than bunker fuel, receives orders, discharges any seaman by mutual consent, or engages any seaman to replace one discharged by mutual consent, or transacts any other business save that of taking on bunker fuel.*

PART 6—COASTWISE PROCEDURE

Section 6.14 is amended to read as follows:

§ 6.14 *Domestic vessels touching at foreign ports: departure.* (a) The master of every registered or enrolled and licensed vessel departing for a foreign contiguous country shall be required to clear and file a manifest in duplicate on Commerce Form 1374 in the same manner as in the case of a vessel departing for any other foreign country.

(b) Any vessel of the United States, under frontier enrollment and license, which, during a voyage on the Great Lakes, touches at a foreign port for the purpose of taking on bunker fuel only, shall not be required to clear prior to its departure from the United States: *Provided*, That this exemption shall not apply if, while at such foreign port, such vessel lands or takes on board any passengers, or any merchandise other than bunker fuel, receives orders, discharges any seaman by mutual consent, or engages any seaman to replace one discharged by mutual consent, or transacts any other business save that of taking on bunker fuel.*

Section 6.16 is amended to read as follows:

§ 6.16 *Domestic vessels touching at foreign ports on the Great Lakes: arrival.* Any vessel of the United States, under frontier enrollment and license, which, during a voyage on the Great Lakes, touches at a foreign port for the purpose of taking on bunker fuel only, shall not be required to enter upon arrival in the United States from such foreign port: *Provided*, That this exemption shall not apply if, while at such foreign port, such vessel lands or takes on board any passengers, or any merchandise other than bunker fuel, receives orders, discharges any seaman by mutual consent, or engages any seaman to replace one discharged by mutual consent, or transacts any other business save that of taking on bunker fuel.*

TITLE 47—TELECOMMUNICATION

CHAPTER I—FEDERAL COMMUNICATIONS COMMISSION

[Order No. 89]

PART 31—UNIFORM SYSTEM OF ACCOUNTS, CLASS A AND CLASS B TELEPHONE COMPANIES

EMERGENCY FACILITIES BY TELEPHONE COMPANIES

At a meeting of the Federal Communications Commission held at its offices in Washington, D. C., on the 23d day of December 1941;

The Commission having under consideration the matter of the accounting for "emergency facilities" by telephone companies;

Whereas the present national emergency has occasioned the construction by telephone companies of "emergency facilities" of substantial proportions; and

Whereas peculiarities of the expected life of these facilities, ramifications and variations in the agreements governing their construction, and other considerations may be found at the conclusion of studies now in progress to warrant special accounting treatment; and

Whereas it is believed that the accounting for, or ensuing from, the construction of these facilities should accordingly be segregated insofar as practicable before the closing of the accounts for the current calendar year;

Now, therefore, it is ordered, That for the purpose of this order "emergency facilities" shall mean facilities provided by telephone companies pursuant to an agreement to furnish service to the United States Government or to any other person or organization required solely by the national defense program and where the cost of such facilities is segregable from the cost of other facilities of the company; and

It is further ordered, That with respect to all transactions (excepting station apparatus, station installations, drop and block wire, nonmultiple P. B. X.'s, and booths and special fittings) due to the construction or subsequent existence of "emergency facilities" costing $5,000 or more for any project or establishment, constructed by class A and class B telephone companies subsequent to June 30, 1940, subsidiary accounting records shall be maintained until otherwise ordered so as to afford a segregation of such transactions recorded in

(1) account 100.1, "Telephone plant in service,"

(2) account 171, "Depreciation reserve,"

(3) account 175, "Contributions of telephone plant,"

(4) account 608, "Depreciation [expense]," and

(5) all operating revenue accounts:

Provided, however, That items (1), (3), and (5) shall be maintained by projects or establishments and summarized by States, item (2) shall be maintained by States, and item (4) shall be computed by classes of plant for the property in each State; and

Provided further, That the segregation with respect to the operating revenue accounts may be confined to nonrecurring amounts (such as, for example, those occasioned by so-called installation charges, as distinguished from recurring periodic charges); and

Provided further, That the reference to an account or group of accounts in this order shall not be construed as an indication of the propriety or impropriety of the use of such accounts in accounting for transactions of the nature under consideration herein.

By the Commission.

Secretary.

DEPARTMENT OF THE INTERIOR.

Bituminous Coal Division.

[Docket No. B–150]

IN THE MATTER OF CONCO BUILDING PRODUCTS, INC., A CORPORATION, REGISTERED DISTRIBUTOR, REGISTRATION No. 1763, RESPONDENT

NOTICE OF AND ORDER FOR HEARING

1. The Bituminous Coal Division (the "Division") finds it necessary in the proper administration of the Bituminous Coal Act of 1937 (the "Act") and the Bituminous Coal Code (the "Code") promulgated thereunder to determine

(a) whether or not Conco Building Products, a corporation, registered distributor, Registration No. 1763, respondent in the above-entitled matter, whose address is Box 111, Mendota, Illinois, has violated any provisions of the Act, the Code, or orders or regulations of the Division, including the Marketing Rules and Regulations, Rules and Regulations for the Registration of Distributors (the "Distributors' Regulations"), and the Distributor's Agreement (the "Agreement"), executed by respondent on June 12, 1940, pursuant to an Order of the National Bituminous Coal Commission (the "Commission"), dated March 24, 1939, entered in General Docket No. 12 which was subsequently adopted as an Order of the Division; and

(b) whether or not the registration of said distributor should be revoked or suspended or other appropriate penalty should be imposed;

and for said purposes gives notice that it has information to the effect that:

2. On June 17, 1940, pursuant to an Order of the National Bituminous Coal Commission, dated March 24, 1939, entered in General Docket No. 12 which was subsequently adopted as an Order of the Division, respondent filed with the Division its application dated June 12, 1940, for registration as a registered distributor, which was accompanied by its Distributor's Agreement, dated June 12, 1940, that said application was approved by the Division on June 20, 1940, and certificate No. 1763 was issued to respondent authorizing it to act as a registered distributor; and that respondent has been, ever since said last mentioned date, and is now, acting as a registered distributor.

3. Respondent is a corporation organized during the year 1939 under the laws of the State of Illinois, with an authorized capital stock of 12,000 shares, of which 9,000 shares are issued and outstanding, and is engaged in the business of purchasing, selling and distributing bituminous coal at wholesale.

4. H. D. Conkey & Company is a corporation engaged in the manufacturing

business and is the owner of 6,300 shares of capital stock of the respondent. The remaining 2,700 outstanding shares of the capital stock of respondent are owned in equal parts by L. M. Mumford and Ray G. Ellingen, employees of said H. D. Conkey & Company.

5. The Conco Engineering Works is now, and during the entire period subsequent to October 1, 1940 was, a division of H. D. Conkey & Company. Conco Sand & Gravel is now, and during the entire period subsequent to October 1, 1940 was, a division of H. D. Conkey & Company. The Conco Press during the period October 1, 1940, to August 2, 1941, was a division of H. D. Conkey & Company. L. M. Mumford and W. S. Michael at the time the sales hereinafter described were made, were employees of H. D. Conkey & Company.

6. During the period from October 1, 1940, to May 22, 1941, the respondent purchased from various code member producers in District No. 10 coal produced by said code members, for resale to said H. D. Conkey & Company, Conco Sand & Gravel, Conco Engineering Works, Conco Press, L. M. Mumford and W. S. Michael and accepted distributor's discounts from the effective minimum prices on said cars of coal, as follows:

7. In accepting and retaining distributor's discounts from the effective minimum prices as set forth in paragraph 6 hereof, the respondent violated the following:

(a) Paragraph (g) of the agreement, in that in said transactions respondent performed no services of value for said code member producers and said transactions were entered into between the respondent as a registered distributor and its vendee primarily for the purpose of unjustly enriching the respondent, and except for the incidence of section 4 II (h) of the Act, the consumers would have purchased said coal direct from said code members.

(b) § 304.19 (c) of the Rules and Regulations for the Registration of Distributors and Paragraph (h) of the Distributor's Agreement, in that in the aforesaid transactions, the respondent accepted discounts from the effective minimum prices on coal purchased by it for resale to a person who owned such distributor or who financially or otherwise controlled such distributor.

(c) Section 4 II (i) 12 of the Act, Rule 12 of section XIII of the Marketing Rules and Regulations and Paragraph (c) and (e) of its Agreement, in that the respondent in such transactions was in fact or in effect an agency or instrumentality of a retailer or industrial consumer in the purchase and sale of such coal.

(d) Paragraph (d) of the Agreement, in that said purchases of coal by respondent were not made for bona fide resale, and Car Q 88463 shipped on December 4, 1940, and Car Q 88500 shipped on February 28, 1941, were resold by respondent in less than railroad carload lots.

It is, therefore, ordered, That a hearing pursuant to § 304.14 of the Rules and Regulations for the Registration of Distributors, to determine whether the registration of said distributor should be revoked or suspended, or other appropriate penalties be imposed, be held on January 22, 1942, at 10 a. m. at a hearing room of the Bituminous Coal Division at Room 709, U. S. Custom Building, 610 South Canal Street, Chicago, Illinois.

It is further ordered, That W. A. Shipman, or any other officer or officers of the Bituminous Coal Division designated by the Acting Director thereof for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said respondent, and to all other parties herein and to all persons and entities having an interest in such proceeding.

Notice is hereby given that answer to the charges contained herein must be filed with the Bituminous Coal Division at its Washington Office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the respondent, and that any respondent failing to file an answer within such period, unless the Acting Director or the presiding officer shall otherwise order, shall be deemed to have admitted the said charges and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged herein, other matters incidental and related thereto, whether raised by amendment, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

Dated: December 23, 1941.

[Docket No. D-6]

IN THE MATTER OF THE APPLICATION OF ST. BERNARD COAL COMPANY FOR PERMISSION TO RECEIVE SALES AGENTS' COMMISSIONS AND DISTRIBUTORS' DISCOUNTS ON COAL SOLD TO WEST KENTUCKY COAL COMPANY (N. J.) AND PEOPLES COAL COMPANY

NOTICE OF AND ORDER FOR HEARING

The St. Bernard Coal Company, a corporation organized under the laws of New Jersey, with its principal offices in Sturgis, Kentucky, being registered with the Division as a distributor, No. 7971, and acting as a sales agent for certain producers, filed its petition praying:

1. That it be determined that the ownership by West Kentucky Coal Company (N. J.) of the stock of St. Bernard Coal Company, and the stock of West Kentucky Coal Company (Del.) and the ownership by West Kentucky Coal Company (Del.) of the stock of Peoples Coal Company, are bona fide, are not established primarily, or otherwise, to secure indirect price reductions and are not within the prohibitions of paragraphs 11 and 12 of section 4 II (i) of the Act.

2. That St. Bernard Coal Company be permitted to accept and retain distributors' discounts on coal purchased and resold by it in carload lots, without physically handling the coal to West Kentucky Coal Company (N. J.) and Peoples Coal Company.

3. That St. Bernard Coal Company be permitted to secure commissions on coal sold by it as sales agents for code member producers to West Kentucky Coal Company (N. J.) and Peoples Coal Company.

4. For such further and alternative relief as may seem just and equitable.

It is ordered, That a hearing on such matter be held on February 23, 1942, at 10 a. m. in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 15th Street NW., Washington, D. C. On such day the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Travis Williams or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said petitioner and to any other person who may have an interest in such proceeding. Any person desiring to be heard at such hearing shall file a notice to that effect with the Bituminous Coal Division on or before February 19, 1942, setting forth therein the nature of his interest and a concise statement of the matter or matters which he intends to present.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners, or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

Dated: December 24, 1941.

[Docket No. 1508-FD]

IN THE MATTER OF THE APPLICATION OF INDIANA COALS CORPORATION FOR PROVISIONAL APPROVAL AS A MARKETING AGENCY

MEMORANDUM OPINION AND ORDER

By an Order of May 27, 1941, the Director, pursuant to and in accordance with Section 12 of the Bituminous Coal Act of 1937, provisionally approved Indiana Coals Corporation, the applicant, as a "marketing agency." This Order of approval was subject to certain specified conditions, all of which were designed to ensure that the operations of the applicant would not circumvent the standards of section 12 and the overall objectives of the Act.

On June 26, 1941, the applicant filed a "Motion to Modify and Amend Order of Provisional Approval," requesting the Director to modify and amend his Order of May 27, 1941, by eliminating therefrom conditions numbered 2, 4, 7, 8, 9, and 10, contained therein. On July 11, 1941, the undersigned issued a Memorandum Opinion and Order, denying the applicant's request for modification of the conditions other than Conditions 7 and 8, and effecting changes in Conditions 7 and 8 so as to permit price changes which the applicant seeks to put into effect, after the initial schedule has

become effective, to become immediately effective where the changes effect a decrease in the existing prices; permit the Director to suspend the classifications and prices theretofore made effective, only after a hearing has been held; and provide that any suspension of prices will not affect consummated transactions.

On December 17, 1941, the applicant filed a "Motion to Suspend the Operation of Items 2 and 4 of the Order of Provisional Approval." In support of this motion, the applicant sets forth that it has not organized and functioned as a marketing agency; the subscribers of the applicant have not been satisfied with the form of organization proposed nor with the provisions of the Order of approval of May 27, 1941; subscribers have indicated their desire to consider further the execution of contracts and the function of applicant as a marketing agency in the event that Conditions 2 and 4 are temporarily suspended; the record does not indicate any necessity for the immediate imposition of Conditions 2 and 4; and the applicant would be able to effect contracts with a sufficient production within the State of Indiana to permit the functioning of the marketing agency if Conditions 2 and 4 were temporarily suspended. Together with its motion to suspend the operation of Conditions 2 and 4, the applicant has submitted the affidavit of its assistant secretary who states that he is of the opinion that if Conditions 2 and 4 are temporarily suspended a sufficient number of producers will be favorably inclined to execute contracts.

Conditions 2 and 4 provided in the Order of May 27, 1941, are concerned with sub-agents' commissions and discounts allowed to registered distributors or registered farmers' cooperatives.[1] It does not appear that any immediate harm will result from a brief suspension of those conditions. If, as the applicant asserts, the suspension of Conditions 2 and 4 will enable the applicant to effect contracts covering sufficient tonnage to permit the functioning of the marketing agency, an order effecting such suspension should be entered.

The applicant seeks a six-month suspension. It appears to the undersigned that 90 days is ample time to enable the applicant to obtain sufficient contracts to permit it to operate. Indeed, if by the end of 90 days from the date hereof, which will be almost ten months from the time provisional approval of the applicant was granted, the applicant has not been organized and is not functioning as a marketing agency, the provisional approval granted the applicant on May 27, 1941, should be revoked.

The applicant further asks that a hearing be ordered after the applicant has functioned for a period of five months to determine the necessity and reasonableness of Conditions 2 and 4 in the light of the evidence of the applicant's activities during said period. I see no necessity for ordering such a hearing at this time. However, the undersigned reserves the right at the end of a 90-day period from the start of the applicant's operating and functioning as a marketing agency, to order the applicant to show cause why the operation of Conditions 2 and 4 should be further suspended. To that end and to the end of imposing any further condition that may be found necessary, jurisdiction is also hereby reserved. In the meantime, the functioning of the applicant will be studied in an effort to determine whether its operation conforms to the statutory requirements.

It is concluded, therefore, that the operation of Conditions 2 and 4 set forth in the Order Granting Provisional Approval herein, dated May 27, 1941, should be suspended for a period of 90 days from the date hereof. The applicant's request for longer suspension should be denied. It is further concluded that, unless the applicant is organized and functioning as a marketing agency within 90 days from the date hereof, the provisional approval granted the applicant by Order of May 27, 1941, should be withdrawn and revoked 90 days from the date hereof. It is further concluded that at the end of a 90-day period from the start of the applicant's operating and functioning as a marketing agency, the undersigned may order the applicant to show cause why the operation of Conditions 2 and 4 should be further suspended.

And it is so ordered.

Dated: December 24, 1941.

[Docket No. 1759-FD]

IN THE MATTER OF MORRIS & CAMPBELL, A PARTNERSHIP, DEFENDANT

MEMORANDUM OPINION AND ORDER REOPENING THE HEARING

This proceeding was instituted upon a complaint filed with the Bituminous Coal Division on May 15, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, by District Board 11, the complainant, alleging that Morris & Campbell, the defendant had wilfully violated the Bituminous Coal Code or rules and regulations thereunder and the effective minimum prices, and praying that an order be entered requiring the defendant to cease and desist from such violations.

Pursuant to an Order of the Director and after due notice to interested persons, a hearing in this matter was held before W. A. Shipman, an Examiner of the Division, at Terre Haute, Indiana, at which the complainant and the defendant appeared. The parties waived the preparation and filing of a Report by the Examiner, and the matter was thereupon submitted to the Director who, on October 31, 1941, issued his Findings of Fact, Conclusions of Law and Opinion, and entered an Order revoking and cancelling the defendant's code membership and directing that prior to any reinstatement of the defendant, or any partner therein, to membership in the Code, there shall be paid to the United States a tax in the amount of $1,213.51, as provided in section 5 (c) of the Act.

On November 24, 1941, District Board 11 filed a petition to vacate the Order of the Director of October 31, 1941, for a reconsideration of the matter, and requesting that a cease and desist order be issued in lieu of the order of revocation and cancellation of code membership. A Statement of Facts and Memorandum in support of this motion was filed on December 3, 1941. On December 4, 1941, an Order was entered denying the petition and suggesting that at the request of any party an opportunity might be afforded the parties to introduce additional evidence, either concerning the violations of the defendant or relevant to the penalties attendant thereon, to show why the Order of the Director of October 31, 1941, should be vacated.

On December 13, 1941, District Board 11 filed a motion requesting (1) that the record be reopened for the purpose of receiving as a part of the record the Statement of Facts and Memorandum heretofore filed by District Board 11 in support of its motion to vacate the Order of October 31, 1941, and to receive an affidavit of Moss Morris, partner of the defendant, attached to the motion, and upon the basis of said statement and affidavit to vacate retroactively the Order revoking and cancelling the defendant's code membership and in lieu thereof issue a cease and desist order; or, (2), reopen the hearing.

Upon a consideration of said motion it appears to the undersigned that the request to reopen the hearing should be granted in order to afford the parties an opportunity to introduce additional evidence herein, either concerning the violations of the defendant or relevant to penalties attendant thereon and to show why the Order of the Director of October 31, 1941, should be vacated.

The motion to vacate the Order of October 31, 1941, pending a decision on the record as supplemented by evidence adduced at the reopened hearing will not be granted. However, the undersigned will suspend, effective as of October 31, 1941, the Order of October 31, 1941, revoking defendant's code membership. This suspension is without prejudice to the right to reinstate the effectiveness of the Order as of October 31, 1941, if upon the record as supplemented by the testimony taken at the reopened hearing, it is concluded that the initial order was proper.

It is therefore ordered, That complainant's motion to vacate the Order of October 31, 1941, entered herein, revoking defendant's code membership, be and the same is hereby denied.

It is further ordered, That said Order of October 31, 1941, revoking defendant's code membership be and it hereby is suspended as of October 31, 1941, without prejudice to the right of reinstatement; and

It is further ordered, That the motion to reopen the hearing be and the same hereby is granted and that the hearing be and the same hereby is reopened for the purpose of taking additional evidence, adduced by any party to this proceeding, concerning the violations of the defendant or relevant to the penalties attendant thereon, and to show why the Order of the Director of October 31, 1941, should, or should not, be vacated; and

It is further ordered, That such hearing be held on January 13, 1942, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, at the Post Office Building, Terre Haute, Indiana; and

It is further ordered, That the Examiner shall have such power and authority as was conferred upon him by the original Notice of and Order for Hearing in this matter dated July 28, 1941.

Dated: December 24, 1941.

RESIGNATION AND REPLACEMENT OF CHAIRMAN AND NOTICE OF CHANGE OF DATE OF CONVENING OF INDUSTRY COMMITTEE FOR THE RAILROAD AND PROPERTY CARRIER INDUSTRY OF PUERTO RICO

By virtue of and pursuant to the authority vested in me by the Fair Labor Standards Act of 1938, as amended, I, Baird Snyder, Acting Administrator of the Wage and Hour Division, Department of Labor:

(1) hereby accept the resignation of Mr. William Homer Spencer as Chairman of the Industry Committee for the Railroad and Property Carrier Industry of Puerto Rico, and appoint Mr. Arthur F. Raper, of Greensboro, Georgia, in his stead as Chairman of such committee; and

(2) hereby postpone the date of the convening of the Industry Committee for the Railroad and Property Carrier Industry of Puerto Rico from January 7, 1942, to January 8, 1942, at 9:30 A. M. The public hearing for the purpose of receiving evidence to be considered by this committee in recommending minimum wage rates consequently will also be postponed to January 8, 1942.

Signed at Washington, D. C., this 24th day of December 1941.

NOTICE OF HEARING ON MINIMUM WAGE RECOMMENDATIONS OF INDUSTRY COMMITTEE NO. 37 FOR THE CIGAR INDUSTRY; TO BE HELD JANUARY 13, 1942 AT WASHINGTON, D. C.

Whereas the Administrator of the Wage and Hour Division, United States Department of Labor, acting pursuant to section 5 (b) of the Fair Labor Standards Act of 1938, on November 21, 1941, by Administrative Order No. 131, appointed Industry Committee No. 37 for the Cigar Industry, composed of an equal number of representatives of the public, employers in the industry, and employees in the industry, selected with due regard to the geographical regions in which the industry is carried on; and

Whereas Industry Committee No. 37, on December 10, 1941, recommended minimum wage rates for the Cigar Industry and duly adopted a report containing said recommendations and on December 12, 1941, filed its report with the Administrator in accordance with section 8 (d) of the Act and § 511.19 of the regulations issued under the Act; and

Whereas the Administrator is required by section 8 (d) of the Act, after giving due notice and an opportunity to be heard to interested persons, to approve and carry into effect by order the recommendations of Industry Committee No. 37 if he finds that the recommendations are made in accordance with law, are supported by the evidence adduced at the hearing before him and, taking into consideration the same factors as are required to be considered by the industry committee, will carry out the purposes of the Act; and, if he finds otherwise, to disapprove such recommendations;

Now, therefore, notice is hereby given:

I. Industry Committee No. 37 for the Cigar Industry has made the following separable recommendations for minimum wages to be paid employees in the industry:

(a) 35 cents to be paid for: the preparation (as defined by Administrative Order No. 131) or marketing (including wholesaling) of cigar types of leaf tobacco (as defined by the Bureau of Agricultural Economics of the United States Department of Agriculture) and the scrap tobacco therefrom for use in the manufacture of cigars and other tobacco products.

(b) 40 cents to be paid for: the manufacture of cigars (as defined in Administrative Order No. 131) from any types of tobacco.

II. The definition of the Cigar Industry, as set forth in Administrative Order No. 131 is as follows:

For the purpose of this order the term "cigar industry" means the manufacture of cigars, from *any* types of tobacco; and the preparation or marketing (including wholesaling) of *cigar* types of leaf tobacco (as defined by the Bureau of Agricultural Economics of the United States Department of Agriculture) and the scrap tobacco therefrom for use in the manufacture of cigars and other tobacco products.

(a) The term "cigar" wherever used in this definition comprehends all types of cigars, including cheroots, stogies, and little cigars.

(b) The manufacture of cigars from *noncigar* types of leaf tobacco and the scrap tobacco therefrom includes the preliminary processing of such tobacco which is performed in the manufacturing plant as an integral part of the manufacturing operation.

(c) The term "preparation" as used herein includes all operations involved in making *cigar* leaf tobacco and scrap tobacco therefrom suitable for use in the manufacture of cigars, whether performed by employees of warehousemen, manufacturers, leaf dealers, or others. It includes, but not by way of limitation, the operations of grading, sorting, packing, sweating, fermenting, stemming, and conditioning. It does not include, however, such preliminary processing of *cigar* types of tobacco or scrap tobacco therefrom as is performed in a manufacturing plant as an integral part of the manufacturing operations attending the production of tobacco products other than cigars, nor does it include operations performed by a farmer or on a farm as an incident to or in conjunction with farming operations.

The definition of the cigar industry covers all occupations in the industry which are necessary to the production of cigars or to the preparation or marketing of cigar types of tobacco and scrap tobacco therefrom, including clerical, maintenance, and selling occupations: *Provided, however*, That this definition does not include employees of an independent wholesaler or manufacturer who are engaged in marketing and distributing the manufactured products of the industry which have been purchased by said wholesaler or manufacturer for resale and who perform no functions other than those relating to marketing and distributing. Where an employee covered by this definition is employed during the same workweek at two or more different minimum rates of pay, he shall be paid the highest of such rates for such workweek unless records concerning his employment are kept by his employer in accordance with applicable regulations of the Wage and Hour Division.

III. The full text of the Report and Recommendation of Industry Committee No. 37 are and will be available for inspection by any person between the hours of 9:00 a. m. and 4:30 p. m. at the following offices of the Wage and Hour Division, United States Department of Labor:

IV. A public hearing for the purpose of taking evidence on the question of whether the recommendation of Industry Committee No. 37 shall be approved or disapproved pursuant to section 8 of the Act will be held on January 13, 1942, at 10:00 a. m. in Room 3229 of the United States Department of Labor Building, Washington, D. C., before Major Robert N. Campbell, as Presiding Officer.

V. Any interested person supporting or opposing the recommendations of Industry Committee No. 37 may appear at the hearing to offer evidence either on his own behalf or on behalf of any other person if not later than January 7, 1942, he files with the Administrator, by mail or otherwise, at Washington, D. C., a notice of his intent to appear, which shall contain the following information:

1. The name and address of the person appearing.

2. If such person is appearing in a representative capacity, the name and address of the person or persons he is representing.

3. Whether such person proposes to appear for or against the recommendations of the Committee.

4. The approximate length of time requested for his presentation.

VI. Any interested person may secure further information concerning the aforesaid hearing by inquiry directed to the Administrator of the Wage and Hour Division, United States Department of Labor, Washington, D. C., or by consulting with attorneys representing the Administrator, who will be available for that purpose at the office of the Wage and Hour Division in Washington, D. C.

VII. Copies of the following document relating to the Cigar Industry will be available for inspection by any interested person who intends to appear at the aforesaid hearing:

U. S. Department of Labor, Wage and Hour Division, Research and Statistics Branch, The Cigar Industry, November 1941.

VIII. The hearing will be conducted in accordance with the following rules of procedure subject to such subsequent modification by the Administrator or the Presiding Officer as are deemed appropriate:

1. The hearing shall be stenographically reported and a transcript made which will be available to any person at prescribed rates upon request, addressed to the Administrator, Wage and Hour Division, Department of Labor, Washington, D. C.

2. In order to maintain orderly and expeditious procedure, each person filing a Notice to Appear shall be notified, if practicable, of the approximate day and the place at which he may offer evidence at the hearing. If such person does not appear at the time set in the notice he will not be permitted to offer evidence at any other time except by special permission of the presiding officer.

3. At the discretion of the presiding officer, the hearing may be continued from day to day, or adjourned to a later date, or to a different place, by announcement thereof at the hearing by the presiding officer, or by other appropriate notice.

4. At any stage of the hearing, the presiding officer may call for further evidence upon any matter. After the presiding officer has closed the hearing before him, no further evidence shall be taken, except at the request of the Administrator, unless provision has been made at the hearing for the later receipt of such evidence. In the event that the Administrator shall cause the hearing to be reopened for the purpose of receiving further evidence, due and reasonable no-

tice of the time and place fixed for such further taking of testimony shall be given to all persons who have filed a notice of intention to appear at the hearing.

5. All evidence must be presented under oath or affirmation.

6. Written documents or exhibits, except as otherwise permitted by the presiding officer, must be offered in evidence by a person who is prepared to testify as to the authenticity and trustworthiness thereof, and who shall, at the time of offering the documentary exhibit, make a brief statement as to the contents and manner of preparation thereof.

7. Written documents and exhibits shall be tendered in duplicate and the persons preparing the same shall be prepared to supply additional copies if such are ordered by the presiding officer. Where evidence is embraced in a document containing matter not intended to be put in evidence, such a document will not be received, but the person offering the same may present to the presiding officer the original document together with two copies of those portions of the document intended to be put in evidence. Upon presentation of such copies in proper form the copies will be received in evidence.

8. Subpoenas requiring the attendance of witnesses or the presentation of a document from any place in the United States at any designated place of hearing may be issued by the Administrator at his discretion, and any person appearing in the proceeding may apply in writing for the issuance by the Administrator of the subpoena. Such application shall be timely and shall identify exactly the witness or document and state fully the nature of the evidence proposed to be secured.

9. Witnesses summoned by the Administrator shall be paid the same fees and mileage as are paid witnesses in the courts of the United States. Witness fees and mileage shall be paid by the party at whose instance witnesses appear, and the Administrator before issuing subpoena may require a deposit of an amount adequate to cover the fees and mileage involved.

10. The rules of evidence prevailing in courts of law or equity shall not be controlling.

11. The presiding officer may, at his discretion, permit any person appearing in the proceeding to cross-examine any witness offered by another person in so far as is practicable, and to object to the admission or exclusion of evidence by the presiding officer. Requests for permission to cross-examine a witness offered by another person and objections to the admission or exclusion of evidence shall be stated briefly with the reasons for such request or the ground of objection relied on. Such requests or objections shall become a part of the record, but the record shall not include argument thereon except as ordered by the presiding officer. Objections to the approval of the Committee's recommendation and to the promulgation of a wage order based upon such approval must be made at the hearing before the presiding officer.

12. Before the close of the hearing the presiding officer shall receive written requests from persons appearing in the proceeding for permission to make oral arguments before the Administrator upon the matter in issue. These requests will be forwarded to the Administrator by the presiding officer with the record of the proceedings. If the Administrator, in his discretion, allows the request, he shall give such notice thereof as he deems suitable to all persons appearing in the proceeding, and shall designate the time and place at which the oral arguments shall be heard. If such requests are allowed, all persons appearing at the hearing will be given opportunity to present oral argument.

13. Briefs (12 copies) may be submitted to the Administrator following the close of the hearings, by any persons appearing therein. Notice of the final dates for filing such briefs shall be given by the Administrator in such manner as shall be deemed suitable by him.

14. On the close of the hearing the presiding officer shall forthwith file a complete record of the proceedings with the Administrator. The presiding officer shall not file an intermediate report unless so directed by the Administrator. If a report is filed, it shall be advisory only and have no binding effect upon the Administrator.

15. No order issued as a result of the hearing will take effect until after due notice is given of the issuance thereof by publication in the FEDERAL REGISTER.

Signed at Washington, D. C., this 19th day of December, 1941.

BAIRD SNYDER,
Acting Administrator.

NOTICE OF HEARING ON MINIMUM WAGE RECOMMENDATION OF INDUSTRY COMMITTEE NO. 38 FOR THE TOBACCO INDUSTRY; TO BE HELD JANUARY 19, 1942

Whereas the Administrator of the Wage and Hour Division of the United States Department of Labor, acting pursuant to section 5 (b) of the Fair Labor Standards Act of 1938, on December 3, 1941, by Administrative Order No. 132, appointed Industry Committee No. 38 for the Tobacco Industry, composed of an equal number of representatives of the public, employers in the industry and employees in the industry, such representatives having been appointed with due regard to the geographical regions in which the industry is carried on; and

Whereas Industry Committee No. 38, on December 16, 1941, recommended a minimum wage rate for the Tobacco Industry and duly adopted a report containing such recommendation and reasons therefor and filed such report with the Administrator on December 17, 1941, pursuant to section 8 (d) of the Act and § 511.19 of the Regulations issued under the Act; and

Whereas the Administrator is required by section 8 (d) of the Act, after due notice to interested persons and giving them an opportunity to be heard, to approve and carry into effect by order the recommendation of Industry Committee No. 38 if he finds that the recommendation is made in accordance with law and is supported by the evidence adduced at the hearing before him, and taking into consideration the same factors as are required to be considered by the Industry Committee, will carry out the purposes of section 8 of the Act; and, if he finds otherwise, to disapprove such recommendation;

Now, Therefore, notice is hereby given that:

I. The recommendation of Industry Committee No. 38 is as follows:

Every employer shall pay not less than the following rate per hour to each of his employees who shall be engaged in commerce or in the production of goods for commerce in the Tobacco Industry as defined by Administrative Order No. 132, dated December 3, 1941:

a. 40 cents to be paid for: the manufacture of cigarettes, snuff, chewing tobacco, and smoking tobacco from any types of tobacco.

b. 40 cents to be paid for: the preparation (as defined by Administrative Order No. 132) or marketing (including wholesaling) of non-cigar types of leaf tobacco (as defined by the Bureau of Agricultural Economics of the United States Department of Agriculture) and the scrap tobacco therefrom for use in the manufacture of tobacco products including cigars.

II. The definition of the Tobacco Industry as set forth in Administrative Order No. 132, issued December 3, 1941, is as follows:

For the purpose of this order the term "tobacco industry" means the manufacture of cigarettes, snuff, chewing tobacco, and smoking tobacco from *any* types of tobacco; and the preparation or marketing (including wholesaling) of *non-cigar* types of leaf tobacco (as defined by the Bureau of Agricultural Economics of the United States Department of Agriculture) and the scrap tobacco therefrom for use in the manufacture of tobacco products, including cigars.

(a) The term "cigar" wherever used in this definition comprehends all types of cigars including cheroots, stogies, and little cigars.

(b) The manufacture of cigarettes, snuff, chewing tobacco, and smoking tobacco from *cigar* types of leaf tobacco and scrap tobacco therefrom includes the preliminary processing of such tobacco which is performed at the manufacturing plant as an integral part of the manufacturing operation.

(c) The term "preparation" as used herein includes all operations involved in making *non-cigar* leaf tobacco and the scrap tobacco therefrom suitable for sale or for use in the manufacture of all types of tobacco products including cigars whether performed by employees of warehousemen, manufacturers, leaf dealers, or others. It does not include sales operations that are customarily performed on the sales floor of loose leaf tobacco auction warehouses or the direct loading of tobacco off the floor of such warehouses for shipment. It includes the production of Black Fat, Water Baler, and Dark African. It includes, but not by way of limitation, the operations of grading, sorting, conditioning, redrying, stemming, packing and storing. It does not include, however, such preliminary processing of *non-cigar* types of tobacco and scrap tobacco therefrom as is performed in the manufacturing plant as an integral part of the manufacturing operations attending the production of cigars; nor does it include operations performed by a farmer or on a farm as an incident to or in conjunction with farming operations.

The definition of the tobacco industry covers all occupations in the industry which are necessary to the production of the articles enumerated in the definition or to the preparation or marketing of *non-cigar* types of leaf tobacco and scrap tobacco therefrom, including clerical, maintenance, shipping, and selling occupations: *Provided, however,* That this definition does not include employees of an independent wholesaler or manufacturer who are engaged in marketing and distributing the manufactured products of the industry which have been purchased by said wholesaler or manufacturer for resale and who perform no functions other than those relating to marketing and distributing. Where an employee covered by this definition is employed during the same workweek at two or more different minimum rates of pay, he shall be paid the highest of such rates for such workweek unless records concerning his employment are kept by his employer in accordance with applicable regulations of the Wage and Hour Division.

IV. A public hearing will be held on January 19, 1941, before Major Robert N. Campbell, Presiding Officer, at 10:00 A. M. in Room 3229 of the United States Department of Labor Building at Washington, D. C., for the purpose of taking evidence on the following question:

Whether the recommendation of Industry Committee No. 38 shall be approved or disapproved.

V. Any interested person, supporting or opposing the recommendation of Industry Committee No. 38, may appear at the aforesaid hearing to offer evidence, either on his own behalf or on behalf of any other person: *Provided,* That not later than January 13, 1941, any such person shall file with the Administrator at Washington, D. C., a notice of his intent to appear which shall contain the following information:

1. The name and address of the person appearing.

2. If such person is appearing in a representative capacity, the name and address of the person or persons whom he is representing.

3. Whether such person proposes to appear for or against the recommendation of Industry Committee No. 38.

4. The approximate length of time requested for his presentation.

Such notice may be mailed to the Administrator, Wage and Hour Division, United States Department of Labor, Washington, D. C., and shall be deemed filed upon receipt thereof.

VI. Any person interested in supporting or opposing the recommendation of Industry Committee No. 38 may secure further information concerning the aforesaid hearing by inquiry directed to the Administrator, Wage and Hour Division, United States Department of Labor, Washington D. C., or by consulting with attorneys representing the Administrator who will be available for that purpose at the offices of the Wage and Hour Division in Washington, D. C.

VII. Copies of the following document relating to the Tobacco Industry will be made available upon request for inspection by any interested person who intends to appear at the aforesaid hearing:

Report entitled, *The Tobacco Industry,* prepared by the Research and Statistics Branch, Wage and Hour Division, U. S. Department of Labor, December 1941.

VIII. The hearing will be conducted in accordance with the following rules, subject, however, to such subsequent modifications by the Administrator or the Presiding Officer as are deemed appropriate:

1. The hearings shall be stenographically reported and a transcript made which will be available to any person at prescribed rates upon request addressed to the Administrator, Wage and Hour Division, Department of Labor, Washington, D. C.

2. In order to maintain orderly and expeditious procedure, each person filing a Notice to Appear shall be notified, if practicable, of the approximate day and the place at which he may offer evidence at the hearing. If such person does not appear at the time set in the notice he will not be permitted to offer evidence at any other time except by special permission of the presiding officer.

3. At the discretion of the presiding officer the hearing may be continued from day to day, or adjourned to a later date, or to a different place, by announcement thereof at the hearing by the presiding officer, or by other appropriate notice.

4. At any stage of the hearing, the presiding officer may call for further evidence upon any matter. After the presiding officer has closed the hearing before him, no further evidence shall be taken, except at the request of the Administrator, unless provision has been made at the hearing for the later receipt of such evidence. In the event that the Administrator shall cause the hearing to be reopened for the purpose of receiving further evidence, due and reasonable notice of the time and place fixed for such taking of testimony shall be given to all persons who have filed a notice of intention to appear at the hearing.

5. All evidence must be presented under oath or affirmation.

6. Written documents or exhibits, except as otherwise permitted by the presiding officer, must be offered in evidence by a person who is prepared to testify as to the authenticity and trustworthiness thereof, and who shall, at the time of offering the documentary exhibit, make a brief statement as to the contents and manner of preparation thereof.

7. Written documents and exhibits shall be tendered in duplicate and the persons preparing the same shall be prepared to supply additional copies if such are ordered by the presiding officer. When evidence is embraced in a document containing matter not intended to be put in evidence, such a document will not be received, but the person offering the same may present to the presiding officer the original document together with two copies of those portions of the document intended to be put in evidence. Upon presentation of such copies in proper form the copies will be received in evidence.

8. Subpoenas requiring the attendance of witnesses or the presentation of a document from any place in the United States at any designated place of hearing may be issued by the Administrator at his discretion, and any person appearing in the proceeding may apply in writing for the issuance by the Administrator of the subpoena. Such application shall be timely and shall identify exactly the witness or document and state fully the nature of the evidence proposed to be secured.

9. Witnesses summoned by the Administrator shall be paid the same fees and mileage as are paid witnesses in the courts of the United States. Witness fees and mileage shall be paid by the party at whose instance witnesses appear, and the Administrator before issuing subpoena may require a deposit of an amount adequate to cover the fees and mileage involved.

10. The rules of evidence prevailing in the courts of law or equity shall not be controlling.

11. The presiding officer may, at his discretion, permit any person appearing in the proceeding to cross-examine any witness offered by another person in so far as is practicable, and to object to the admission or exclusion or evidence by the presiding officer. Requests for permission to cross-examine a witness offered by another person and objections to the admission or exclusion of evidence shall be stated briefly with the reasons for such request or the ground of objection relied on. Such requests or objections shall become a part of the record, but this record shall not include argument thereon except as ordered by the presiding officer. Objections to the approval of the Committee's recommendation and to the promulgation of a wage order based upon such approval must be made at the hearing before the presiding officer.

12. Before the close of the hearing, the presiding officer shall receive written requests from persons appearing in the proceeding for permission to make oral arguments before the Administrator upon the matter in issue. These requests will be forwarded to the Administrator by the presiding officer with the record of the proceedings. If the Administrator, in his discretion, allows the request, he shall give such notice thereof as he deems suitable to all persons appearing in the proceedings, and shall designate the time and place at which the oral arguments shall be heard. If such requests are allowed, all persons appearing at the hearing will be given opportunity to present oral argument.

13. Briefs (12 copies) may be submitted to the Administrator following the close of the hearing, by any persons appearing therein. Notice of the final dates for filing such briefs shall be given by the Administrator in such manner as shall be deemed suitable by him.

14. On the close of the hearing the presiding officer shall forthwith file a complete record of the proceedings with the Administrator. The presiding officer shall not file an intermediate report unless so directed by the Administrator. If a report is filed, it shall be advisory only and have no binding effect upon the Administrator.

15. No order issued as a result of the hearing will take effect until after due notice is given of the issuance thereof by publication in the FEDERAL REGISTER.

Signed at Washington, D. C., this 23 day of December 1941.

BAIRD SNYDER,
Acting Administrator.

IN THE MATTER OF DETERMINATION THAT THE FLAT WAREHOUSING OF GRAIN INCLUDING RICE IN THE STATES OF CALIFORNIA, WASHINGTON, OREGON, AND IDAHO IS OF A SEASONAL NATURE PURSUANT TO SECTION 7 (b) (3) OF THE FAIR LABOR STANDARDS ACT OF 1938 AND PART 526 AS AMENDED OF THE REGULATIONS ISSUED THEREUNDER

Whereas application has been made by the California Warehousemen's Association under section 7 (b) (3) of the Fair Labor Standards Act of 1938 and Regulations, Part 526, as amended, issued thereunder for exemption of the flat warehousing of grain and the storage of other agricultural commodities from the maximum hours provision of said Act; and

Whereas a public hearing on said application was held before Harold Stein, duly authorized representative of the Administrator of the Wage and Hour Division on June 2, 1941, at San Francisco, California; and

Whereas following such hearing the said representative made his findings of fact dated September 23, 1941, and determined as follows:

1. A large proportion of the grain stored in the states of Washington, Oregon, Idaho and California, including rough or "paddy" rice in California, is stored in sacks in "flat" warehouses.

2. The flat warehousing of grain is distinguishable from the storing of grain in bulk by its geographical concentration and by differences in physical facilities and operating techniques and may be considered as a separable branch of the grain storing industry.

3. Such flat warehouses receive for storing 50 percent or more of their annual volume of grain in a period or periods aggregating 14 workweeks.

4. The flat warehousing of grain including rice in the states of California, Washington, Oregon and Idaho is of a seasonal nature within the meaning of section 7 (b) (3) of the Fair Labor Standards Act and of Part 526 of the regulations issued thereunder.

Whereas said Findings and Determinations were duly filed with the Administrator and were on record in his office in the Department of Labor Building, Washington, D. C.; and

Whereas on October 14, 1941, the Administrator caused to be published in the FEDERAL REGISTER a Notice of Opportunity, pursuant to the provisions of § 526.7 of the aforesaid regulations, for any person aggrieved by said determination to file a petition with the Administrator requesting a review of the Findings and Determination of the said representative upon the record of the hearing before such representative; and

Whereas petitions for review have been filed by the California Industrial Union Council, the International Longshoremen's and Warehousemen's Union, Local 17 (C. I. O.) and the General Teamsters' and Warehousemen's Union No. 137 (A. F. of L.); and

Whereas I have considered the issues raised by the said petitions; and

Whereas said Findings and Determination are found to be in accordance with the testimony and briefs submitted at said hearing;

Now, therefore, said petitions for review are accordingly denied, and, pursuant to the provisions of § 526.7 of the regulations, the exemption provided by section 7 (b) (3) of the Fair Labor Standards Act of 1938 will become effective on the date that this notice is published in the FEDERAL REGISTER. The exemption shall be applicable only as specified by the aforesaid Findings and Determinations.

Signed at Washington, D. C., this 17th day of December 1941.

Acting Administrator.

[Docket No. 6206]

IN RE APPLICATION OF THE CROSLEY CORP. (W8XO)

AMENDED NOTICE REGARDING HEARING

Application dated August 15, 1941, for construction permit; class of service, developmental broadcast; class of station, developmental broadcast; location, Cincinnati, Ohio; operating assignment specified: Frequency, 700 kc.; emission A-3; power, 100 to 750 kw.; hours of operation, 12 midnight to 6 a. m., E. S. T. and sec. 4.4 (a).

Upon further examination of the above described application the Commission has amended the issues on which the hearing will be based as shown below. The hearing date will remain as scheduled, January 8, 1942.

1. To determine whether the proposed program of research has reasonable promise of substantial contribution to the development of broadcasting or is along lines not already thoroughly investigated.

2. To determine whether the proposed program of research could be conducted by the applicant utilizing the present operating assignment of Station W8XO.

3. To determine the nature, extent, and character of any interference which would be caused to the established service of Station WOR by the granting of the above-entitled application.

4. To determine whether the continued operation of Station W8XO with its present authorized power or with the power applied for, would be in the public interest, particularly in view of the provisions of Senate Resolution 294 (June 13, 1938, 75th Congress).

5. To determine whether the public interest would be served through the continued operation of Station W8XO.

6. To determine whether, in view of the facts adduced under the foregoing issues, public interest, convenience and necessity would be served by the granting of this application.

IN THE MATTER OF CENTRAL STATES POWER & LIGHT CORPORATION

SUPPLEMENTAL ORDER

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 23rd day of December, A. D. 1941.

The Commission having permitted to become effective a declaration by Central States Power & Light Corporation, a registered holding company in the Ogden Corporation holding company system, concerning the application of approximately $5,300,000 derived by declarant from the sale of certain of its assets to the acquisition of a portion of its First Mortgage and First Lien Gold Bonds, 5½% Series, due January 1, 1953, pursuant to the solicitation of tenders at 100 and accrued interest; and

The time within which such bonds could be tendered, in accordance with the Commission's order as modified, having expired on October 31, 1941; and

Declarant having filed an amendment herein stating that, of the proceeds derived from the sale of its properties as aforesaid, $2,835,015 still remains available for the purchase of such bonds and requesting that it be permitted again to solicit tenders of its First Mortgage Bonds at 100 and accrued interest, the period within which such tenders may be accepted to terminate January 31, 1942; and declarant having filed, as Exhibit A to such request, a proposed letter of solicitation; and

It appearing to the Commission that said letter of solicitation, as amended, is adequate and that declarant's request for permission to solicit tenders as hereinbefore described should be granted;

It is ordered, That declarant's request be granted, subject, however, to the following terms and conditions:

1. The terms and conditions set forth in Rule U-24, and the requirements as to post-amendments and supplementary solicitations set forth in paragraphs (d) and (f) of Rule U-62, which requirement as to post-amendments shall be deemed applicable in the event that any person shall be directly or indirectly employed to solicit tenders by direct contact with the holders of bonds.

2. That within ten (10) days after the consummation of the proposed transaction the declarant file with the Commission, a statement showing the names and addresses of the holders of bonds who tendered their bonds and the principal amount of bonds tendered by each.

3. That no bonds directly or indirectly owned or controlled by any affiliate of the declarant or by any officer or director of the declarant or of any such affiliate shall be purchased.

4. That no fees incurred in connection with the resumption of the solicitation of tenders as herein proposed be paid until the same have been approved by further order of this Commission.

By the Commission.

IN THE MATTER OF PANHANDLE EASTERN PIPE LINE COMPANY

NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 24th day of December, A. D. 1941.

A declaration or application (or both) having been filed with this Commission by the above-named party pursuant to the Public Utility Holding Company Act of 1935 and notice having been given of the filing thereof by publication in the FEDERAL REGISTER and otherwise provided by Rule U-23 under said Act; and

The said declaration or application being concerned with the following:

Panhandle Eastern Pipe Line Company, hereinafter called "Panhandle," a subsidiary company of both Columbia Gas & Electric Corporation, a registered holding company, and Columbia Oil & Gasoline Corporation, which is also a subsidiary of Columbia Gas & Electric Corporation, proposes to alter the basis upon which participating dividends on its Class A Preferred Stock, the entire issue consisting of 100,000 shares being owned by Columbia Oil & Gasoline Corporation, will be declared and paid during the year 1941.

Pursuant to the Certificate of Incorporation of Panhandle, as amended, such Class A Preferred Stock is entitled to receive in any one calendar year participating dividends after $1.50 per share shall have been paid on each share of common stock of Panhandle during such calendar year.

On September 29, 1941, the board of directors of Panhandle declared but withheld payment of a participating dividend in the sum of $201,841.75 on its Class A Preferred Stock, using as a basis a compromise figure of 25 cents per share on account of the dividend payable on the common stock instead of an original declaration of 42 cents, the par value of each share of the common stock of Central Distributing Company, a wholly-owned subsidiary, theretofore distributed as a dividend. On the basis of the original declaration of 42 cents per share, the participating dividend would be $247,592.55.

It appearing to the Commission that it is appropriate and in the public interest and the interests of investors and consumers that a hearing be held with respect to said declaration or application (or both) and that said declaration shall not become effective or said application be granted except pursuant to further order of the Commission, and that at said hearing there be considered, among other things, the various matters hereinafter set forth;

It is ordered, That a hearing on such matter under the applicable provisions of said Act and the rules of the Commission thereunder be held on January 6, 1942 at 10:00 A. M. in the Offices of the Securities and Exchange Commission, 1778 Pennsylvania Avenue NW., Washington, D. C. On such day the hearing-room clerk in room 1102 will advise as to the room where such hearing will be held. At such hearing, if in respect of any declaration, cause shall be shown why such declaration shall become effective.

It is further ordered, That James G. Ewell or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice.

It is further ordered, That without limiting the scope of issues presented by said application or declaration, particular attention will be directed, among other things, to:

(a) Whether the dividend of the common stock of Central Distributing Company was a liquidating dividend and whether such dividend may be properly allocable to the computation of the sum of $1.50 payable on the common stock before the Class A preferred is entitled to participating dividends.

(b) Whether and to what extent it is appropriate in the public interest or for the protection of investors and consumers to attach terms and conditions with respect to the accounting entries to be made in connection with the dividend of the common stock of Central Distributing Company.

By the Commission.

IN THE MATTERS OF PEOPLES ICE COMPANY, PUBLIC SERVICE COMPANY OF OKLAHOMA, SOUTHWESTERN LIGHT & POWER COMPANY AND CENTRAL AND SOUTHWEST UTILITIES COMPANY

ORDER PERMITTING DECLARATIONS TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 24th day of December, A. D. 1941.

The above named companies having filed declarations and applications under the Public Utility Holding Company Act of 1935, particularly sections 7, 10 and 12 of the Act and Rules U-42 and U-43 thereunder, regarding the following:

(a) The issue and sale by Peoples Ice Company ("Peoples") to Public Service Company of Oklahoma ("Oklahoma") and Southwestern Light & Power Company ("Southwestern") of promissory notes in the amounts of $1,462,500 and $625,500 respectively, bearing no interest, to be dated December 15, 1941, and maturing February 15, 1942, such notes to be issued in exchange for notes of Peoples held by Oklahoma and Southwestern which matured on September 5, 1941, bearing interest at the rates of 8% and 6% per annum respectively;

(b) Oklahoma and Southwestern will acquire all of the issued and outstanding capital stock of Peoples, consisting of 4,000 shares of the par value of $25 per share from Central and South West Utilities Company, in the proportion which their interest bears to the note indebtedness of Peoples, i. e., Oklahoma to acquire 2,800 of said shares at an aggregate price of $36 and Southwestern to acquire the remaining 1,200 shares at an aggregate price of $16;

(c) Failing payment of the notes at maturity on February 15, 1942, such notes will be surrendered and canceled by Oklahoma and Southwestern; and

Said declarations and applications having been filed on October 15, 1941, and an amendment having been filed on December 15, 1941, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said Act, and the Commission not having received a request for a hearing with respect to said declarations and applications within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The above named parties having requested that said declarations and applications, as amended, become effective and be granted on or before December 24, 1941; and

The Commission deeming it appropriate in the public interest and in the interest of investors and consumers to permit the said declarations pursuant to section 12 and Rules U-42 and U-43 to become effective and finding with respect to said declaration under Section 7 of said Act that the requirements of section 7 (c) of said Act are satisfied and that no adverse findings are necessary under section 7 (d) of said Act and with respect to said applications under section 10 of said Act that no adverse findings are necessary under section 10 (b) and section 10 (c) (1) of said Act and that section 10 (c) (2) of said Act is not applicable, and being satisfied that the effective date of such declarations, as amended, and the date of granting such applications, as amended, should be advanced;

It is hereby ordered, Pursuant to said Rule U-23 and the applicable provisions of said Act and subject to the terms and conditions prescribed in Rule U-24, that the aforesaid declarations, as amended, be and hereby are permitted to become effective and that the aforesaid applications, as amended, be granted.

By the Commission, Commissioner Healy dissenting for the reasons set forth in his memorandum of April 1, 1940.

EXECUTIVE ORDER

COORDINATING CIVIL METEOROLOGICAL FACILITIES AND SERVICES FOR WAR PURPOSES

By virtue of the authority vested in me by the Constitution and Statutes of the United States, as President of the United States and as Commander-in-Chief of the Army and Navy of the United States, and to further the successful prosecution of the war, it is hereby ordered as follows:

1. The Secretary of Commerce shall exercise his control and jurisdiction over the issuance of weather reports and forecasts of the civil weather service so as to meet to the best advantage such requirements with respect thereto as the Secretary of War or the Secretary of the Navy shall determine to be necessary for the successful prosecution of the war.

2. The Secretary of Commerce shall take such steps as may be necessary to secure the coordination of civil meteorological facilities and services to meet the requirements of the Army and Navy and other vital defense activities for essential and effective weather information, and shall not disclose information which may be considered by the Secretary of War or the Secretary of the Navy to be of value to the enemy.

3. The Chief of the Weather Bureau of the Department of Commerce shall serve as liaison officer between the Secretary of Commerce and the Secretary of War and the Secretary of the Navy for the purposes of this order.

EXECUTIVE ORDER

AUTHORIZING THE WAR DEPARTMENT, THE NAVY DEPARTMENT, AND THE UNITED STATES MARITIME COMMISSION TO PERFORM THE FUNCTIONS AND EXERCISE THE POWERS DESCRIBED IN TITLE II OF AN ACT APPROVED DECEMBER 18, 1941, ENTITLED "AN ACT TO EXPEDITE THE PROSECUTION OF THE WAR EFFORT", AND PRESCRIBING REGULATIONS FOR THE EXERCISE OF SUCH FUNCTIONS AND POWERS

The successful prosecution of the war requires an all-out industrial mobilization of the United States in order that the materials necessary to win the war may be produced in the shortest possible time. To accomplish this objective it is necessary that the Departments of War and the Navy and the United States Maritime Commission cooperate to the fullest possible degree with the Office of Production Management in the endeavor to make available for the production of war material all the industrial resources of the Country. It is expected that in the exercise of the powers hereinafter granted, these Agencies and the Office of Production Management will work together to bring about the conversion of manufacturing industries to war production, including the surveying of the war potential of industries, plant by plant; the spreading of war orders; the conversion of facilities; the assurance of efficient and speedy production; the development and use of subcontracting to the fullest extent and the conservation of strategic materials.

TITLE I

1. By virtue of the authority in me vested by the Act of Congress, entitled "An Act to expedite the prosecution of the War effort", approved December 18, 1941, (hereinafter called "the Act") and as President of the United States and Commander-In-Chief of the Army and Navy of the United States, and deeming that such action will facilitate the prosecution of the war, I do hereby order that the War Department, the Navy Department, and the United States Maritime Commission be and they hereby respectively are authorized within the limits of the amounts appropriated therefor to enter into contracts and into amendments or modifications of contracts heretofore or hereafter made, and to make advance, progress, and other payments thereon, without regard to the provisions of law relating to the making, performance, amendment, or modification of contracts. The authority herein conferred may be exercised by the Secretary of War, the Secretary of the Navy, or the United States Maritime Commission respectively or in their discretion and by their direction respectively may also be exercised through any other officer or officers or civilian officials of the War or the Navy Departments or the United States Maritime Commission. The Secretary of War, the Secretary of the Navy, or the United States Maritime Commission may confer upon any officer or officers of their respective departments, or civilian officials thereof, the power to make further delegations of such powers within the War and the Navy Departments, and the United States Maritime Commission.

2. The contracts hereby authorized to be made include agreements of all kinds (whether in the form of letters of intent, purchase orders, or otherwise) for all types and kinds of things and services necessary, appropriate or convenient for the prosecution of war, or for the invention, development, or production of, or research concerning any such things, including but not limited to, aircraft, buildings, vessels, arms, armament, equipment, or supplies of any kind, or any portion thereof, including plans, spare parts and equipment therefor, materials, supplies, facilities, utilities, machinery, machine tools, and any other equipment, without any restriction of any kind, either as to type, character, location or form.

3. The War Department, the Navy Department, and the United States Maritime Commission may by agreement modify or amend or settle claims under contracts heretofore or hereafter made, may make advance, progress, and other payments upon such contracts of any percentum of the contract price, and may enter into agreements with contractors and/or obligors, modifying or releasing accrued obligations of any sort, including accrued liquidated damages or liability under surety or other bonds, whenever, in the judgment of the War Department, the Navy Department, or the United States Maritime Commission respectively the prosecution of the war is thereby facilitated. Amendments and modifications of contracts may be with or without consideration and may be utilized to accomplish the same things as any original contract could have accomplished hereunder, irrespective of the time or circumstances of the making of or the form of the contract amended or modified, or of the amending or modifying contract, and irrespective of rights which may have accrued under the contract, or the amendments or modifications thereof.

4. Advertising, competitive bidding, and bid, payment, performance or other bonds or other forms of security, need not be required.

TITLE II

Pursuant to Title II of the Act and for the protection of the interests of the United States, I do hereby prescribe the following regulations for the exercise of the authority herein conferred upon the War Department, the Navy Department, and the United States Maritime Commission.

1. All contracts and all purchases made pursuant to the Act and this Executive Order shall be reported to the President of the United States. Such reports shall be made at least quarter-annually, provided, however, that purchases or contracts of less than $100,000 may be consolidated in such reports with other such purchases and need not be separately set forth. In case the War Department, the Navy Department, or the United States Maritime Commission shall deem any purchase or contract to be restricted, confidential, or secret in its nature by reason of its subject matter, or for other reasons affecting the public interest, such purchases or contracts shall not be included with those described in the report just mentioned, but shall be included in a separate report containing such restricted, confidential, or secret purchases or contracts. The Secretary of War, the Secretary of the Navy, and the United

States Maritime Commission shall make public so much of such reports (other than those reports covering restricted, confidential, or secret contracts or purchases) as they shall respectively deem to be compatible with the public interest.

2. Notwithstanding anything in the Act or this Executive Order the War Department, the Navy Department, and the United States Maritime Commission shall not discriminate in any act performed thereunder against any person on the ground of race, creed, color or national origin, and all contracts shall be deemed to incorporate by reference a provision that the contractor and any subcontractors thereunder shall not so discriminate.

3. No claim against the United States arising under any purchase or contract made under the authority of the Act shall be assigned except in accordance with the Assignment of Claims Act, 1940 (Public No. 811, 76th Congress, approved October 9, 1940).

4. Advance payments shall be made hereunder only after careful scrutiny to determine that such payments will promote the national interest and under such regulations to that end as the Secretary of War, the Secretary of the Navy, or the United States Maritime Commission may prescribe.

5. Every contract entered into pursuant to this order shall contain a warranty by the contractor in substantially the following terms:

> The contractor warrants that he has not employed any person to solicit or secure this contract upon any agreement for a commission, percentage, brokerage, or contingent fee. Breach of this warranty shall give the Government the right to annul the contract, or, in its discretion, to deduct from the contract price or consideration the amount of such commission, percentage, brokerage, or contingent fees. This warranty shall not apply to commissions payable by contractors upon contracts or sales secured or made through bona fide established commercial or selling agencies maintained by the contractor for the purpose of securing business.

6. Nothing herein shall be construed to authorize the cost-plus-a-percentage-of-cost system of contracting.

7. Nothing herein shall be construed to authorize any contracts in violation of existing law relating to limitation of profits, or the payment of a fee in excess of such limitation as may be specifically set forth in the act appropriating the funds obligated by a contract. In the absence of such limitation, the fixed fee to be paid the Contractor as a result of any cost-plus-a-fixed-fee contract entered into under the authority of this Order shall not exceed seven per centum of the estimated cost of the contract (exclusive of the fee as determined by the Secretary of War, the Secretary of the Navy, or the United States Maritime Commission, as the case may be).

8. No contract or modification or amendment thereof shall be exempt from the provisions of the Walsh-Healey Act (49 Stat. 2036) because of being entered into without advertising or competitive bidding, and the provisions of such act, the Davis-Bacon Act, as amended (49 Stat. 1011), the Copeland Act, as amended (48 Stat. 948), and the Eight Hour Law, as amended by the Act of September 9, 1940 (Public No. 781, 76th Congress) if otherwise applicable shall apply to contracts made and performed under the authority of this Order.

PART 802—SUGAR DETERMINATIONS

DETERMINATION OF FARMING PRACTICES TO BE CARRIED OUT IN CONNECTION WITH THE PRODUCTION OF SUGARCANE DURING THE CROP YEAR 1941, FOR THE TERRITORY OF HAWAII, PURSUANT TO THE SUGAR ACT OF 1937, AS AMENDED (REVISED)

Pursuant to the provisions of section 301 (e) of the Sugar Act of 1937, as amended, the following determination is hereby issued:

§ 802.33c *Farming practices in connection with the production of the 1941 crop of sugarcane in the Territory of Hawaii*—(a) *Application of fertilizer.* The requirements of section 301 (e) of the Sugar Act of 1937, as amended, shall be deemed to have been met with respect to a farm in the Territory of Hawaii if fertilizer is applied as follows:

(1) *Amount.* There shall be applied to land on which sugarcane is growing during 1941 sufficient chemical fertilizer to provide an average quantity of plant food per acre fertilized equal to not less than the greater of either 100 pounds or 60 percent of the average quantity of plant food contained in the chemical fertilizer applied to similar land in 1939 or 1940, whichever is smaller, but any amount by which such 60 percent exceeds 250 pounds shall not be considered.

(2) *Acreage requirement.* The number of acres on which fertilizer is applied in 1941 shall be not less than 80 percent of the number of acres on the farm on which sugarcane is planted, or a ratoon crop of sugarcane is started, at any time during 1941.

(b) *Definitions.* "Chemical fertilizer" means commercial chemical fertilizer of which not less than 15 percent of the gross weight consists of plant food. "Plant food" means the aggregate amount of nitrogen, available phosphoric acid and water-soluble potash.

This determination supersedes the "Determination of Farming Practices to be Carried Out in Connection with the Production of Sugarcane During the Crop Year 1941, for the Territory of Hawaii, Pursuant to the Sugar Act of 1937, as Amended", issued April 8, 1941. (Sec. 302, 50 Stat. 910; 7 U.S.C. 1132)

Done at Washington, D. C., this 27th day of December 1941. Witness my hand and the seal of the Department of Agriculture.

TITLE 14—CIVIL AVIATION

CHAPTER I—CIVIL AERONAUTICS BOARD

[Amendments 20-24 to 20-30, incl., Civil Air Regulations]

PART 20—PILOT RATING

AERONAUTICAL SKILL AND EXPERIENCE REQUIREMENTS FOR A PILOT CERTIFICATE ON TWO-CONTROL NON-SPINNABLE AIRPLANES WITH NOSE WHEEL TYPE LANDING GEAR

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 23rd day of December 1941.

Acting pursuant to the authority vested in it by the Civil Aeronautics Act of 1938, as amended, particularly sections 205 (a), 601 and 602 of said Act, and finding that its action is desirable in the public interest and is necessary to carry out the provisions of, and to exercise and perform its powers and duties under, said Act, the Civil Aeronautics Board amends the Civil Air Regulations as follows:

Effective January 1, 1942, Part 20 of the Civil Air Regulations is amended as follows:

1. By amending § 20.107 to read as follows:

§ 20.107 No requirement is prescribed.

2. By amending § 20.126 to read as follows:

§ 20.126 *Aeronautical experience.* Applicant shall have logged at least 35 hours of solo flight time: *Provided*, That an applicant seeking a rating limited to two-control non-spinnable airplanes with nose wheel type landing gear shall have logged at least 25 hours of solo flight time. As part of the foregoing applicant shall have logged at least 5 hours within the 60 days immediately preceding the date of filing the application, and at least 5 hours of cross-country flying of which at least 3 hours shall be solo, which shall include at least one flight over a course of net less than 50 miles with at least two full-stop landings at different points along the course. Such experience shall be certified to by some person, other than the applicant, having direct knowledge thereof. A graduate of the private pilot course of a certificated flying school will be deemed to have met the above requirements upon presentation of his certificate of graduation within 30 days thereof.[1]

3. By adding a sentence between the second and third sentences of § 20.300 to read as follows:

A pilot, other than a student pilot, limited by his certificate or Airman Rating Record to two-control non-spinnable airplanes with nose wheel type landing gear shall have logged a minimum of 35 hours of solo flight time of which at least 10 hours shall have been in three-control airplanes of traditional types and he shall demonstrate his ability to pilot competently such airplanes before such limitation may be removed.

4. By amending paragraph (b) of § 20.56 to read as follows:

§ 20.56 (b) No student pilot shall be certified for cross-country solo flight until after he shall have logged 8 hours solo flight time and his instructor shall have certified on his student pilot certificate, in the space provided therefor, that he deems the student competent to make such flight. No student pilot certified for cross-country solo flights shall make a solo flight outside of the area, within a 50-mile radius of the operating base of his instructor, prescribed in writing by the person directly in charge of the landing area on which the instructor's operating base is located and approved by the local inspector of the Administrator: *Provided*, That a certificated flying school may prescribe in writing an area within a 100-mile radius of its operating base and, upon approval of said area by the local inspector of the Administrator, a student pilot enrolled in the flight curriculum of said school and certified for cross-country solo flights may fly solo within such area at the direction of said flying school.

5. By amending § 20.60 by the addition of paragraphs (c) and (d) to read as follows:

(c) The holder of a valid private, limited commercial or commercial pilot certificate limited by his Airman Rating Record to the operation of aircraft incapable of spinning may pilot spinnable aircraft in accordance with subsection (b) of this section only after receiving dual instruction in spins.

(d) The holder of a valid private, limited commercial or commercial pilot certificate limited by his Airman Rating Record to the operation of two-control non-spinnable airplanes with nose wheel type landing gear may pilot three-control airplanes of any class or horsepower in accordance with subsection (b) of this section only after receiving 4 hours of dual instruction in three-control airplanes.

6. By amending Note 13 to § 20.60 to read as follows:

[1] This section does not permit a person who by reason of § 20.104 (e) or § 20.127 (f) has been limited to the operation of a particular make or model of aircraft or a general type of aircraft to operate other makes or models or other general types.

7. By adding a new § 20.6100 to read as follows:

§ 20.6100 *Requirement for first solo*—(a) *Three-control airplanes of traditional type.* No first solo flight shall be made by a student pilot in a three-control airplane of traditional type until he shall have had a minimum of 8 hours of dual instruction in such aircraft, including recovery from spins and stalls.

(b) *Non-spinnable three-control airplanes.* No first solo flight shall be made by a student pilot in a non-spinnable three-control airplane until he shall have had a minimum of 8 hours of dual instruction in three-control airplanes. Instruction in spins is not required.

(c) *Two-control non-spinnable airplanes with nose wheel type landing gear.* No first solo flight shall be made by a student pilot in a two-control non-spinnable airplane with nose wheel type landing gear until he shall have had a minimum of 5 hours of dual instruction in such airplanes.

In addition to meeting the requirements contained in (a), (b) or (c) above a student pilot shall not make a first solo flight unless his instructor deems him competent to make such flight and so certifies on the student pilot certificate in the space provided therefor.

8. By adding a new § 20.6101 to read as follows:

§ 20.6161 *Solo flight restrictions after first solo.* Upon completion of a student pilot's first solo flight his instructor shall make a notation to that effect on the student pilot certificate together with a statement of the date, the type, and in the case of an airplane, the airplane class and horsepower range of the aircraft so flown. If such solo flight is made either in a two-control non-spinnable airplane with nose wheel type landing gear or in a three-control airplane determined to be characteristically incapable of spinning, the instructor shall also make an appropriate notation to that effect. Thereafter:

(a) If such first solo flight was made in a three-control airplane of traditional type the student shall not solo aircraft of a different type, class or horsepower range until such time as his instructor shall deem him competent to fly such other aircraft solo, and shall have made a notation to that effect on his certificate, together with the date, type, and in the case of an airplane, the class and horsepower range.

(b) If such first solo flight was made in a three-control airplane determined to be characteristically incapable of spinning, such pilot shall be subject to the limitations of paragraph (a) above, and in addition he shall not solo an airplane characteristically capable of spinning until after he shall have received dual instruction in spins, and a notation to that effect has been made on his Airman Rating Record.

(c) If such first solo flight was made in a two-control non-spinnable airplane with nose wheel type landing gear such pilot shall be subject to the limitations of paragraphs (a) and (b) above, and in addition, prior to flying solo a three-control airplane, shall have received a minimum of 4 hours of dual instruction in such airplanes.

By the Civil Aeronautics Board.

PART 50—FLYING SCHOOL RATING

PRIVATE PILOT FLIGHT CURRICULUM REQUIREMENTS FOR TWO-CONTROL NON-SPINNABLE AIRPLANES WITH NOSE WHEEL TYPE LANDING GEAR

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 23d day of December 1941.

Acting pursuant to the authority vested in it by the Civil Aeronautics Act of 1938, as amended, particularly sections 205 (a), 601 and 607 of said Act, and finding that its action is desirable in the public interest and is necessary to carry out the provisions of, and to exercise and perform its powers and duties under, said Act, the Civil Aeronautics Board amends the Civil Air Regulations as follows:

Effective January 1, 1942, Part 50 of the Civil Air Regulations is amended as follows:

By amending § 50.20 to read as follows:

§ 50.20 *Private pilot flight curriculum.* Private pilot flight curriculum shall be satisfactory to the Administrator and shall consist of not less than 35 hours of flying time: *Provided*, That if the curriculum provides for training in only two-control non-spinnable airplanes with nose wheel type landing gear it shall consist of not less than 25 hours of flying time.

By the Civil Aeronautics Board.

In the Matter of D. J. Bortz and Edith Bortz, Individually and Trading as Champion Battery Company and The Ball Company

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 18th day of December, A. D. 1941.

This proceeding having been heard[1] by the Federal Trade Commission upon the complaint of the Commission, the answer of respondents, testimony and other evidence in support of the allegations of said complaint and in opposition thereto taken before an examiner of the Commission theretofore duly designated by it, report of the trial examiner and exceptions thereto, and brief filed in support of the complaint (no brief having been filed in opposition and oral argument not having been requested), and the Commission having made its findings as to the facts and its conclusion that said respondents have violated the provisions of the Federal Trade Commission Act:

It is ordered, That the respondents Donald J. Bortz and Edith Bortz, individually and trading as Champion Battery Company or as The Ball Company, or under any other name, jointly or severally, their agents, representatives, and employees, directly or through any corporate or other device, in connection with the offering for sale, sale, and distribution of any sales promotion plan, glassware, china, batteries, or other merchandise in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from directly or by implication:

(1) Representing that respondents' business is in any way connected with, or that respondents represent, Ball Brothers Company, the Champion Spark Plug Company, or any other business with which respondents have no such connection or which respondents have no authority to represent;

(2) Representing that merchandise offered for sale, or sold, in connection with, or separately from, a sales promotion plan is the product of, or manufactured by, any concern other than the actual producer or manufacturer;

(3) Representing in any manner that respondents will furnish to purchasers of any sales promotion plan quantities of merchandise greater than the quantities actually furnished;

(4) Representing by the use of purported samples, or otherwise, that the merchandise offered for sale, or sold, by respondents is of a quality or value different from the actual quality or value thereof;

(5) Representing that respondents are conducting any advertising or other campaign to introduce or sell any article or articles of merchandise for or on behalf of any manufacturer or other concern when such campaign is not in fact being conducted at the instance of and on behalf of such manufacturer or other concern;

(6) Representing, or supplying to others the means of representing, that articles of merchandise, the cost of which is included in the purchase price of other merchandise in combination with which such articles are offered, are "free", either by the use of the term stated or any other term or terms of similar import or meaning;

(7) Representing that respondents will redeem gift certificates without further cost or obligation to the purchasing dealer or his customers, or upon any other terms or conditions different from the actual terms and conditions upon which such certificates will be redeemed;

(8) Using the word "Ball," the word "Champion," or any simulations thereof, as a part of any trade or other name or names without clearly and unequivocally disclosing that respondents are not in any way connected with Ball Brothers Company of Muncie, Indiana, or the Champion Spark Plug Company of Toledo, Ohio, respectively.

It is further ordered, That respondents shall, within sixty (60) days after the service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

By the Commission.

[Docket No. A-1219]

PART 336—MINIMUM PRICE SCHEDULE, DISTRICT NO. 16

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 16 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS, FOR TRUCK SHIPMENT, OF THE NEW GORHAM MINE IN DISTRICT NO. 16

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of the New Gorham Mine, operated by code members Nick Babich and E. V. Peltzer, in District No. 16; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 336.21 (*General prices*) in the Schedule of Effective Minimum Prices for District No. 16, For All Shipments, is amended to include, for the coals in their respective size groups, for truck shipments, produced at the New Gorham Mine (Mine Index No. 149), of code member Nick Babich and E. V. Peltzer, located in Boulder County, Colorado, in Subdistrict Price Group No. 7, in District No. 16, the following effective minimum prices f. o. b. the mine in cents per net ton:

Size groups	1	2	3	4	5	6	8	9	10	11	12	13
Prices	455	405	405	430	405	385	340	265	215	205	185	350

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: December 24, 1941.

[Docket No. A-912]

PART 342—MINIMUM PRICE SCHEDULE, DISTRICT NO. 22

ORDER GRANTING RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 22 FOR REVISION OF THE SCHEDULE OF EFFECTIVE MINIMUM PRICES FOR DISTRICT NO. 22 FOR ALL SHIPMENTS TO PERMIT CERTAIN CODE MEMBERS IN DISTRICT NO. 22 TO EXCHANGE AT CERTAIN PRICES 1¼" SLACK FOR MINE RUN AND PREPARED COAL FOR LOCOMOTIVE FUEL USE

A petition having been filed with the Bituminous Coal Division by District Board 22, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, requesting that temporary and permanent relief be granted by the establishment of a price exception to the Schedule of Effective Minimum Prices for District No. 22 for All Shipments to permit certain code members in District 22 to exchange their prepared coals with the Republic Coal Company, a code member producer in District 22, for 1¼" x 0 slack on the basis of one ton of the prepared coals for two tons of slack;

A hearing in this matter having been held on August 18, 19, 20, and 21, 1941, before a duly designated Examiner of the Division at a hearing room thereof in Billings, Montana, at which all interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard;

The preparation and filing of a report by the Examiner having been waived and the matter thereupon having been submitted to the undersigned;

The undersigned having made Findings of Fact and Conclusions of Law and having rendered an Opinion in this matter, which are filed herewith;

Now, therefore, it is ordered, That § 342.1 (*Price instructions and exceptions*) in the Schedule of Effective Minimum Prices for District No. 22 for All Shipments be and it hereby is amended to include the following price exception:

Coal produced at the Roundup No. 3 Mine (Mine Index No. 13) of the Roundup Coal Mining Company in Subdistrict 1, and at the Prescott Mine (Mine Index No. 11) of the Bair Collins Company in Subdistrict 1, with a top size not larger than 9" and a bottom size not smaller than 1¼" may be sold to the Republic Coal Company for use by the Chicago, Milwaukee, St. Paul and Pacific Railroad Company at a price of $2.20 per net ton f. o. b. the mine. Coal produced at the Klein No. 2 Mine (Mine Index No. 8) of the Republic Coal Company in Subdistrict 1 in Size Group No. 10 (1¼" x 0) may be sold to the Roundup Coal Mining Company and the Bair Collins Company at $1.10 per net ton f. o. b. the mine.

It is further ordered, That the prayer for relief contained in the petition filed herein be granted to the extent set forth above and in all other respects denied.

Dated: December 27, 1941.

[SEAL] DAN H. WHEELER,
Acting Director.

PART 940—RUBBER AND PRODUCTS AND MATERIALS OF WHICH RUBBER IS A COMPONENT

Amendment No. 2 to Supplementary Order No. M-15-b, to Restrict the Use of Rubber

It is hereby ordered, That:

Section 940.3 (*Supplementary Order No. M-15-b*[2]) is amended as follows:

1. By changing subparagraph (b) (6) to read as follows:

(6) To manufacture heels made of black or brown composition rubber only, soles, taps and soling strips made of black composition rubber only, and rubberized fabrics, innersoles, midsoles, fillers and backing cloths to be incorporated in shoes and other footwear.

2. By inserting immediately after subparagraph (b) (13) thereof the following new sub-paragraph designated (b) (14):

(14) To manufacture fire hose and other essential items for fire extinguishing apparatus.

3. By substituting "(14)" for "(13)" in the proviso immediately following subparagraph (b) (14) thereof.

This Order shall take effect immediately. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4469; O.P.M. Reg. 3 amended, Sept. 2, 1941, 6 F. PART 940—RUBBER AND PRODUCTS AND MATERIALS OF WHICH RUBBER IS A COMPONENT

Supplementary Order No. M-15-c To Restrict Transactions in New Rubber Tires, Casings, and Tubes

Whereas the further importation of crude rubber is imperiled, and

Whereas by Executive Order No. 8629 of January 7, 1941 and Executive Order No. 8875 of August 28, 1941 the Office of Production Management has been created and charged with certain authority and duties with regard to defense and civilian supply, priorities and allocations, and

Whereas by Executive Order 8734 of April 11, 1941 the Office of Price Administration has been created and charged with certain authority and duties with regard to consumer protection, price control, and the prevention of price spiraling,

Now, therefore, by virtue of the authority vested in the Office of Production Management by the aforementioned Executive Orders 8629 and 8875, and in order better to enable the Office of Price Administration to perform the duties with which it is charged under the aforementioned Executive Order 8734,

It is hereby ordered, That:

§ 940.4 *Supplementary Order M-15-c*—(a) *Delegation of authority to Office of Price Administration.* In addition to the powers expressly vested in the Office of Price Administration elsewhere in this Order, the Office of Price Administration is hereby authorized to exercise, in the

[1] 6 F.R. 2857, 3179, 5290.
[2] 6 F.R. 6406.

administration of this order, the powers of the Office of Production Management with respect to:

(1) The granting of exceptions and exemptions,
(2) The interpretation of this Order,
(3) The prescribing of forms for reports,
(4) The prescribing of requirements with respect to the keeping of records,
(5) The making of audits, inspections, and investigations, and
(6) The amendment of this Order in the following respects:

(i) Amendment of paragraph (c) by changing the types of persons or tires included in or excluded from paragraph (c) and List "A" therein referred to;
(ii) Amendment of paragraph (d) by changing the method of fixing quotas;
(iii) Amendment of paragraphs (e), (f), (i), (j), and (k) in any manner, with respect to the present subject matter thereof; and
(iv) Any other amendments of this Order made necessary by the changes specifically authorized above.

Power to revoke this Order and to make amendments other than those hereby authorized is reserved in the Office of Production Management. Subject to the terms of this Order, the Office of Price Administration may exercise the authority and duties hereby delegated to it, through such departments, agencies, officers or employees of the United States or any State as it is or may be hereafter authorized to utilize, and in conformity with Rationing Regulation No. 1 and such other amendatory or supplementary rules and regulations as it may prescribe.

(b) *Definitions.* For the purposes of this Order:

(1) "Person" means any individual, partnership, corporation, association, government agency or subdivision, or other form of enterprise.

(2) "Rubber" means compounded liquid latex which on December 11, 1941 had not been processed or mixed in such manner that further processing is necessary to prevent early spoilage, and all forms and types of crude rubber and liquid latex in crude form, and all forms of reclaimed rubber and scrap rubber as well, but does not include balata, gutta percha, gutta siak, gutta jelutong, and pontianac.

(3) "Tire," "Casing," and "Tube" means any tire, casing, and tube capable of being used on any automobile, truck, bus, motorcycle or farm implement.

(4) "New" as applied to tires, casings, and tubes, means a tire, casing or tube that has been used less than 1,000 miles.

(c) *Prohibition on deliveries of new rubber tires, casings, and tubes except to persons possessing certificates.* (1) Except as provided in this paragraph and in paragraphs (g) and (h) hereof, or in regulations hereafter issued by the Office of Price Administration, no person shall sell, lease, trade, lend, deliver, ship, or transfer new rubber tires, casings, or tubes, and no person shall accept any such sale, lease, trade, loan, delivery, shipment or transfer of any such new rubber tires, casings, or tubes. (The provisions of this paragraph shall apply to all new rubber tires, casings, and tubes, whether such new rubber tires, casings, and tubes are at the date of issuance of this Order already manufactured, or whether such new rubber tires, casings, and tubes are manufactured in the future.)

(2) Except as provided in subparagraphs (3) and (4) of this paragraph (c), a person selling new rubber tires, casings or tubes at a retail store, outlet, or premises, which for purposes of this Order shall mean a store, outlet or premises from which transfers or deliveries are made predominantly direct to consumers, may sell, lease, trade, lend, deliver, ship or transfer any new rubber tire, casing, or tube from such premises to a person possessing a certificate authorizing such purchase issued by the Office of Price Administration.

(3) Except as provided in paragraphs (f) and (g), no person (even upon the presentation of a certificate) shall sell, lease, trade, lend, deliver, ship or transfer any new six-ply or eight-ply rubber tires or casings of a size less than 7:00 x 20.

(4) Except as provided in paragraphs (g) and (h) hereof, or in regulations hereafter issued by the Office of Price Administration, no person shall sell, lease, trade, lend, deliver, ship or transfer new rubber tires, casings or tubes from a factory or warehouse or other premises not constituting a retail store, outlet or premises, even upon the presentation of a certificate, provided that a person selling exclusively to consumers, and only such a person, may transfer, or ship to his own retail premises. Authorization to make sales, leases, trades, loans, deliveries, shipments or transfers prohibited by this subparagraph (c) (4) may hereafter be granted by the Office of Price Administration. The purpose of such authorization, when granted will be to enable dealers to replenish their inventories of new rubber tires, casings, and tubes, and in order to accomplish that purpose, permitted shipments to dealers will be based upon certificates and receipts issued pursuant to paragraphs (e), (f), and (g) of this order and held by such dealers as evidence that new rubber tires, casings, and tubes have been sold pursuant to this Order.

(5) Anything in this paragraph (c) to the contrary notwithstanding, any dealer regularly engaged in selling new rubber tires, casings, and tubes exclusively at retail may, on and after January 5, 1942, sell such tires, casings, and tubes (without certificates) to another dealer, to the Reconstruction Finance Corporation, to the Rubber Reserve Corporation, to the Procurement Division of the United States Treasury, or (with the express approval of the Office of Price Administration) to a manufacturer of new rubber tires, casings, or tubes.

(6) Anything in this paragraph (c) to the contrary notwithstanding, any common carrier which on December 11, 1941 was in possession of shipments of new rubber tires, casings, and tubes consigned to a consignee may (without certificates) deliver such tires, casings, and tubes to such consignee.

(d) *Provision for allocation of certificates among the states and counties.* The Office of Price Administration shall set state by state quotas of permissible sales of new rubber tires, casings, and tubes, except that tires sold pursuant to paragraphs (f), (g), and (h) of this order shall not be included in such quotas. Each state's quota shall be divided among the counties of that state, and may be further subdivided if necessary, the method of division to be specified by the Office of Price Administration. These state and county quotas shall be announced from time to time, and shall be based upon registration of commercial vehicles, adjusted for such factors as the Office of Price Administration may consider necessary.

(e) *Acquisition of new rubber tires, casings, and tubes by persons in the categories enumerated in List A attached hereto.* Any person who believes that the vehicle for which he wishes to acquire new rubber tires, casings, or tubes is included in one of the categories enumerated in List A attached hereto may apply to the Office of Price Administration for a certificate permitting him to purchase, lease, trade, borrow, or accept delivery, shipment or transfer of new rubber tires, casings, or tubes. Such permission may be granted by the Office of Price Administration upon a showing by the applicant of the following facts:

(1) That the vehicle on which the new rubber tire, casing, or tube is to be mounted is included in one of the categories enumerated in List A, and thus constitutes an "eligible" vehicle.

(2) That the vehicle on which the new rubber tire, casing, or tube is to be mounted cannot be replaced by a vehicle owned or operated by or subject to the control of the applicant, which is equipped with serviceable tires and tubes and which is not fully employed for a use specified in one or more of the categories enumerated in List A.

(3) That the new rubber tire, casing, or tube is to be installed at once on a wheel or rim, to replace a tire, casing or tube no longer serviceable.

(4) That the tire, casing, or tube, when added to all other tires, casings, and tubes in the applicant's possession, whether unmounted or mounted on a vehicle, and when that total is applied only to eligible vehicles, does not add up to more than one spare tire, casing or tube of a given size for each eligible vehicle.

(5) That the existing tire, casing, or tube cannot be recapped, retreaded or

repaired for safe use at speeds at which the applicant may reasonably be expected to operate, or that such recapping, retreading or repairing cannot be obtained without inordinate delay.

(6) That the applicant agrees to trade in replaced tires, casings, and tubes on new tires, casings, and tubes purchased under this Order, or to dispose of replaced tires, casings, and tubes as may otherwise be directed by the Office of Price Administration.

Upon being satisfied that all of these facts exist, the Office of Price Administration may issue to the applicant a certificate stating the number and type of new rubber tires, casings, and tubes which the applicant is authorized to acquire. Such certificate shall be recognized by any person having new rubber tires, casings, or tubes for sale, and no sale, lease, trade, loan, delivery, shipment or transfer of new rubber tires, casings, or tubes (except as provided in paragraphs (c), (g), and (h) hereof) shall be made except on the basis of such a certificate.

(f) *Acquisition of "obsolete" type new rubber tires, casings, and tubes.* Any person wishing to acquire "obsolete" type new rubber tires, casings, or tubes may apply to the Office of Price Administration for permission to purchase, lease, trade, borrow, or accept delivery, shipment or transfer of such "obsolete" type new rubber tires, casings, or tubes. Such permission may be granted by the Office of Price Administration upon a showing by the applicant of items (3) and (6) of paragraph (e) hereof. Upon being satisfied that all of the facts required by items (3) and (6) exist, the Office of Price Administration may issue to the applicant a certificate stating the number and types of "obsolete" type new rubber tires, casings, and tubes which the applicant is authorized to acquire. Such certificate shall be recognized by any person having "obsolete" type new rubber tires, casings, or tubes for sale, and no sale, lease, trade, loan, delivery, shipment, or transfer of "obsolete" type new rubber tires, casings, or tubes (except as provided in paragraphs (c), (g), and (h) hereof) shall be made except on the basis of such a certificate.

As here used, the word "obsolete" refers to tires, casings, and tubes of the following sizes, and no others:

525–19.	450–21.
525–550–19.	475–21.
550–19.	500–21.

650–20.	33 x 4½.
440–450–21.	34 x 4½.
440–21.	

(g) *Sales to the Army, Navy, designated governments, and designated governmental agencies.* Nothing in this order shall prevent any person from making a sale, lease, trade, loan, delivery, shipment or transfer of new rubber tires, casings, or tubes (without certificates) to or for the account of the following:

(1) The Army or Navy of the United States, the United States Maritime Commission, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Commission for Aeronautics, the Office of Scientific Research and Development;

(2) The government of any of the following countries: the United Kingdom, Canada, and other Dominions, Crown Colonies and Protectorates of the British Empire, Belgium, China, Greece, the Kingdom of the Netherlands, Norway, Poland, Russia and Yugoslavia;

(3) The government of any country listed above, or any other country, including those in the Western Hemisphere, pursuant to a contract or order placed by any agency of the United States Government under the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States." (Lend-Lease Act.)

(4) Any person holding an A–3 or higher preference rating for such new rubber tires, casings, or tubes, issued on a PD–3 certificate: *Provided,* That the person holding such preference rating shall also possess a signed statement from the official who countersigned such PD–3 certificate to the effect that the vehicle on which the new rubber tires, casings, or tubes are to be used, was, during the six months period preceding the issuance of the statement, engaged to the extent of 75 per cent or more in work done for the Army or Navy of the United States.

Any person, government, or governmental agency acquiring a new rubber tire, casing, or tube, under this paragraph (g) shall execute and deliver to the person from whom such tires, casings, or tubes was acquired a receipt evidencing the transaction, the receipt to be in such form as the Office of Price Administration may direct.

(h) *Sales of new rubber tires, casings, and tubes as part of the original equipment of new vehicles.* Nothing in this order shall prevent any person from selling new rubber tires, casings, or tubes (without certificates) as part of the original equipment (excluding spares) of new vehicles, provided that such tires, casings, or tubes, are affixed to such vehicles at the time of their sale, and that such sale is not prohibited by the terms of any other order of the Office of Production Management.

(i) *Records.* All persons affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inventories, production and sales of new rubber tires, casings, and tubes, including sales covered by paragraphs (c), (g), and (h) of this order.

(j) *Audit and inspection.* All records required to be kept by this order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the Office of Price Administration.

(k) *Reports.* All persons affected by this order shall make such reports as may from time to time be required by the Office of Price Administration and the Office of Production Management, including Dealers Report of Stocks of New Tires and Tubes on Hand on December 12, 1941 (PD–216), required to be mailed not later than December 31, 1941.

(l) *Violations.* Any person who willfully violates any provision of this order or who by any act or omission falsifies records to be kept of information to be furnished pursuant to this order may be prohibited by the Office of Price Administration from receiving further deliveries of any new rubber tires, casings, or tubes. Such further action may be taken by the Office of Price Administration as it is deemed appropriate, including a recommendation for prosecution under section 35A of the Criminal Code (18 U.S.C. 80), and a recommendation to the Office of Production Management that the violator be prohibited from receiving further deliveries of any other material subject to allocation.

(m) *Inapplicability of Priorities Regulation 1.* Except to the extent that such provisions are set out herein or in regulations issued hereunder, the provisions of Priorities Regulation 1 and of any other regulations heretofore or hereafter issued by the Office of Production Management shall not apply to this order.

(n) *Effective date.* This order shall take effect immediately. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3, March 8, 1941, 6 F.R. 1596, as amended Sept. 12, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

(f) On farm tractors or other farm implements, other than automobiles or trucks, for the operation of which rubber tires, casings or tubes are essential.

(g) On industrial, mining, and construction equipment, other than automobiles or trucks, for the operation of which rubber tires, casings, or tubes are essential.

RATIONING REGULATION No. 1

This Rationing Regulation is issued pursuant to Supplementary Order No. M–15–c of the Office of Production Management, issued December 27, 1941.

1. The Office of Price Administration may exercise through local tire rationing boards such of the powers vested in it pursuant to Supplementary Order No. M–15–c of the Office of Production Management as it may deem necessary or desirable, including, without limitation on the foregoing, the following powers:

(a) The power to determine whether a given applicant is an eligible purchaser;

(b) The power to determine which of the eligible applicants shall receive tires, up to the quota allotted to the local board.

2. Each such local board shall consist of three members, and shall be called the Local Tire Rationing Board.

3. Members of Local Tire Rationing Boards shall be appointed by the Office of Price Administration, and shall hold their positions as agents of the Office of Price Administration.

4. In appointing members of Local Tire Rationing Boards, the Office of Price Administration may, in its discretion, be guided by the recommendations of State and Local Defense Councils, and may also, in its discretion, appoint as members of such boards state and local officials.

5. Subject to such exceptions as the Office of Price Administration may make, there shall be at least one Local Tire Rationing Board in every county of the United States, and in those counties where (in the opinion of the Office of Price Administration) density of population or other factors makes it impossible for one Board adequately to administer the functions contemplated by Order No. M–15–c, there shall be as many Local Tire Rationing Boards as the Office of Price Administration may consider necessary for the adequate performance of such functions.

6. Further provisions governing the establishment and operation of Local Tire Rationing Boards may be issued by the Office of Price Administration from time to time, provided that such provisions shall be consistent with paragraph 3 of this regulation.

PART 962—STEEL

Supplementary Order M–21–d—Corrosion and Heat Resistant Chrome Steel

Whereas the National Defense requirements, coupled with the threat to supply created by the war in the Pacific Ocean, have created a shortage of chromium for defense for private account and for export, and further conservation measures have become necessary.

Now, therefore, it is hereby ordered, That

§ 962.5 *Supplementary Order M–21–d—*(a) *Restrictions on deliveries, use, etc.* From the date of issuance of this Order until otherwise ordered by the Office of Production Management, no person shall consume, use, process, fabricate, or deliver corrosion or heat resistant alloy iron or alloy steel containing 4 percent or more of chromium except in accordance with the following:

(1) The above prohibition shall not apply to material to be delivered by the holder on a preference rating of A–10 or higher.

(2) The above prohibition shall not apply to fully fabricated articles. It shall apply to raw steel stock in the form received, or cut to size for further processing or fabrication.

(3) During the ten days immediately following the date of issuance of this Order, a person other than a Producer may consume, use, process, fabricate, or deliver such material to an amount not greater than one-third of such person's consumption, use, processing, fabrication, or delivery during the month of December 1940.

(b) *Reports.* Each person having ownership or possession of corrosion or heat resistant alloy iron or alloy steel containing 4 percent or more of chromium and subject to the prohibitions of paragraph (a) shall file with the Iron and Steel Branch, Office of Production Management, Washington, D. C., Ref: M–21–d, on or before January 15, 1942, a report on Form PD–221: *Provided, however,* That the provisions of this paragraph shall not apply to warehouses filing reports pursuant to Supplementary Order M–21–b.

(c) *Violations.* Any person who violates this Order may be deprived of priorities assistance or may be prohibited by the Office of Production Management from obtaining any further deliveries of materials subject to allocation. The Office of Production Management may also take any other action deemed appropriate, including the making of a recommendation for prosecution under section 35A of the Criminal Code (18 U. S. C. 80).

(d) *Appeal.* Any person affected by this Order who considers that compliance herewith would work an exceptional and unreasonable hardship upon him, or would result in a serious problem of unemployment in the community, or would disrupt or impair a program of conversion from nondefense to defense work may appeal to the Office of Production Management by addressing a letter to the Iron and Steel Branch, Office of Production Management, Washington, D. C., setting forth the pertinent facts and the reasons such person considers that he is entitled to relief. The Office of Production Management may thereupon take such action as it deems appropriate.

(e) *Effective date.* This Order shall take effect immediately. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

PART 1042—IMPORTS OF STRATEGIC MATERIALS

General Imports Order M-63 To Conserve the Supply and Direct the Distribution of Designated Materials in Which Shortages Exist and Which Are Imported

Whereas War requirements have created a shortage of the materials hereinafter set forth for defense, essential civilian and other uses; such materials are imported and due to the uncertainties of transportation in wartime the restrictions upon the disposition of such materials hereinafter set forth are necessary to prevent dispersion of such materials and to direct the distribution thereof in such manner as to satisfy war and essential civilian needs;

Now therefore, it is hereby ordered, That:

§ 1042.1 *General Imports Order M-63*—(a) *Definitions.* For the purposes of this Order:

(1) "Strategic material" means any material listed in List A.

(2) "Person" means any individual, partnership, association, business trust, corporation or any organized group of persons, whether or not incorporated.

(3) "Owner" of any material means any Person who has any property interest in such material except a Person whose interest is held solely as security for the payment of money.

(4) "Consignee" means the Person to whom a Strategic Material is consigned at the time of importation.

(5) "Import" means to transport in any manner into the Continental United States from any foreign country or from any territory or possession of the United States (including the Philippine Islands). Release from the bonded custody of the United States Bureau of Customs shall, for the purpose of this Order, be deemed a transportation.

(6) "Place of initial storage" means any Warehouse, Yard, Ground Storage or other place to which the Person making the entry or withdrawal from custody of the United States Bureau of Customs of Strategic Material imported after the effective date of this Order directs or has directed that such Strategic Material be transported from the port of entry to be held until disposed of pursuant to this Order.

(b) *Restrictions on importation of strategic materials.* After the effective date of this Order, no Person, other than Metals Reserve Company and any other United States governmental department, agency or corporation, or any agent acting for such Company, department, agency or corporation, shall, without the written authorization of the Director of Priorities, make any contract or other arrangement for the importing of any Strategic Material. This prohibition shall not prevent the importing, under the restrictions hereinafter set forth, of Strategic Material by any Person under any contract made before, or in existence on, the effective date of this Order.

(c) *Restrictions on disposition of imported strategic materials.* Except as hereinafter specifically provided in paragraph (d):

(1) *Restrictions upon owners and consignees.* No Owner or Consignee of any Strategic Material which is imported after the effective date of this Order shall in any way, directly or indirectly

(i) dispose of any interest in such Strategic Material;

(ii) process or in any way change the physical condition of such Strategic Material;

(iii) transfer possession, or cause or permit a transfer of possession, of such Strategic Material except to the port of entry and from the port of entry to the Place of Initial Storage of such Strategic Material; or

(iv) change, or cause or permit a change of, the location of such Strategic Material except to the Port of entry and from the port of entry to the Place of Initial Storage of such Strategic Material.

Provided: That a Consignee of Strategic Material may dispose of his interest in such Strategic Material to the extent necessary to complete any commitment or contract made prior to the effective date of this Order. The Person to whom he disposes of such interest shall be subject to all restrictions imposed upon Owners by this Order.

(2) *Restrictions upon banks and persons similarly situated.* No bank or other Person which, as agent, pledgee, beneficiary under a trust receipt, or otherwise, has possession of or any interest in any written instrument evidencing any interest in any Strategic Material imported after the effective date of this Order shall in any way, directly or indirectly, except to the extent necessary to permit a Consignee to make a permissible disposition of Strategic Material in accordance with subparagraph (1) of this paragraph (c),

(i) dispose of any such interest; or

(ii) transfer possession, or cause or permit a transfer of possession, of such instrument.

(d) *Permissible disposition of imported strategic materials*—(1) *Transfer to Governmental agency.* Nothing contained in this Order shall prohibit any person having any interest whether as Owner, Consignee or otherwise, in any Strategic Material imported after the effective date of this Order from disposing of, or making any arrangement to dispose of, any interest in such Strategic Material to Metals Reserve Company or any other United States governmental department, agency or corporation.

(2) *Authorization by Director of Priorities.* Notwithstanding the provisions of paragraph (c), an Owner of Strategic Material imported after the effective date of this Order or a bank or other Person having possession of or an interest in a written instrument evidencing an interest in such Strategic Material, may process such Strategic Material or may dispose of any interest in such Strategic Material or any such written instrument, or transfer possession or change the location thereof, or cause or permit such a transfer of possession or change of location, upon written authorization by the Director of Priorities. Any such person may make application in duplicate for such an authorization on Form PD-222A, attached hereto,[1] which Form shall be addressed to Office of Production Management, Ref: M-63, Washington, D. C., (which will receive from the Collectors of Customs reports of all imports of Strategic Materials).

(3) *Exceptions.* The restrictions set forth in paragraph (c) shall not apply to any Strategic Material of which any United States governmental department, agency or corporation is the Owner at the time of importation, and shall not apply to any such Strategic Material after any United States governmental department, agency or corporation becomes the Owner thereof, and shall not apply to any Strategic Material purchased or otherwise acquired from any United States governmental department, agency or corporation.

(e) *Reports*—(1) *Reports to Metals Reserve Company.* Promptly after the issuance of this Order, every Person other than any United States governmental department, agency or corporation, or any agent acting for any such department, agency or corporation, who has outstanding any order, contract or other arrangement for the importing of any Strategic Material or who has heretofore acquired for import any Strategic Material which has not physically arrived at the port of entry thereof when this Order becomes effective, shall report all relevant facts with respect to such Strategic Material to Metals Reserve Company, Ref: M-63, Washington, D. C. Such report shall be filed in duplicate; one copy will be transmitted to the Office of Production Management by Metals Reserve Company.

(2) *Reports to collectors of customs.* No Strategic Material which is imported after the effective date of this Order, other than Strategic Materials imported by or for the account of Metals Reserve Company or any other United States governmental department, agency or corporation, shall be entered for consumption or withdrawn from warehouse for consumption unless the Person making the entry or withdrawal shall file with the entry or withdrawal a statement of proposed disposition on Form PD-222B, attached hereto.[1] Such statement shall be filed in duplicate; both copies shall be transmitted by the Collector of Customs to Metals Reserve Company, Ref: M-63, Washington, D. C., which will transmit one copy to the Office of Production Management.

(3) *Other reports.* All persons having any interest, whether as Owner or Consignee or otherwise, in any Strategic Material imported after the effective date of this Order shall file such other reports as may be required from time to time by the Office of Production Management.

(f) *Violations.* Any Person who wilfully violates any provision of this Order or who by any act or omission falsifies records to be kept or information to be furnished pursuant to this Order may be prohibited from receiving further deliveries of any Material subject to allocation, and such further action may be taken as is deemed appropriate, including a recommendation for prosecution under section 35 (A) of the Criminal Code (18 U.S.C. 80).

(g) *Applicability of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1, as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(h) *Effective date.* This Order shall take effect at 12:01 a. m. of the day after the date of issuance. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3 amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; Sec. 9, Public No. 783, 76th Congress, Third Session)

PART 1053—FATS AND OILS

General Preference Order M-71 To Conserve the Supply and Direct the Distribution of Fats and Oils

The fulfillment of requirements for the defense of the United States and the uncertainty of imports having resulted in a shortage of fats and oils for defense, for private account, and for export, and it being necessary in the public interest and to promote the national defense to allocate the supply of fats and oils in the manner and to the extent hereinafter in this Order provided;

Now, therefore, it is hereby ordered, That

§ 1053.1 *General Preference Order M-71*—(a) *Applicability of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1, as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(b) *Additional definitions.* For the purposes of this Order (1) "Fats and Oils" means all of the raw, crude and refined fats and oils, their by-products and derivatives, and greases, except "essential" oils, mineral oils, and butter.

(2) "Manufacturer" means any person who purchases any fats or oils for use in the manufacture of any product other than products produced in the home for home consumption.

(3) The "Inventory" of a manufacturer at any time shall include fats and oils held or controlled by him and fats and oils purchased by him for future delivery.

(c) *Restrictions on sales and deliveries.* (1) Unless specifically authorized by the Director of Priorities, no manufacturer shall hereafter purchase or accept delivery of any fats or oils if, immediately after such purchase or delivery, such manufacturer will have an inventory of fats and oils in the aggregate (including the amount so purchased or delivered) in excess of the amount necessary to enable him to maintain for ninety days a rate of operations equal to whichever is the highest of the following:

(i) His rate during the thirty days terminating on the date of the issuance of this Order;

(ii) His rate during the same calendar month one year previous to the month in which such delivery is made;

(iii) The average of his monthly rate of operations during 1941;

Provided, however, That deliveries under contracts made before the issuance date of this Order may nevertheless be made even if such deliveries will result in an inventory in excess of the amount otherwise permitted hereunder.

(2) Except as provided in paragraph (d), (e) or (f), no person shall hereafter sell or deliver any fats or oils to any manufacturer, unless such person shall have first received from such manufacturer a certificate in substantially the following form, signed by a person authorized to sign for the manufacturer:

> The undersigned hereby certifies to his vendor and to the Office of Production Management that the purchase or delivery of the fats and oils covered by this receipt will not give the undersigned an inventory of fats and oils in the aggregate in excess of the amount necessary to enable the undersigned to maintain for ninety days a rate of operations equal to (here insert rate from paragraph (c) (1) selected by manufacturer).

unless specifically authorized by the Director of Priorities.

(3) No person shall sell or deliver any fats or oils to any manufacturer if he knows or has reason to believe that such certificate is false.

(d) *Exception for imports.* Nothing in this Order shall prevent purchases or deliveries of imported fats or oils to the person importing the same either directly or through an agent, or to the person for whose account they were imported or to whom they may have been sold prior to being landed in this country.

(e) *Exempted sales and deliveries.* The prohibitions and restrictions of this Order shall not apply to sales or deliveries of fats and oils products in the finished form, sales of refined edible fats and oils (except olive oil) through wholesale and retail channels and directly to the baking, restaurant, hotel and other cooking trades, and sales of lards destined for human consumption without further processing.

(d) *Appeal.* Any person affected by this Order who considers that compliance herewith would work an exceptional and unreasonable hardship upon him, or would result in a serious problem of unemployment in the community, or would disrupt or impair a program of conversion from nondefense to defense work may appeal to the Office of Production Management by addressing a letter to the Iron and Steel Branch, Office of Production Management, Washington, D. C., setting forth the pertinent facts and the reasons such person considers that he is entitled to relief. The Office of Production Management may thereupon take such action as it deems appropriate.

(e) *Effective date.* This Order shall take effect immediately. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

PART 1042—IMPORTS OF STRATEGIC MATERIALS

General Imports Order M-63 To Conserve the Supply and Direct the Distribution of Designated Materials in Which Shortages Exist and Which Are Imported

Whereas War requirements have created a shortage of the materials hereinafter set forth for defense, essential civilian and other uses; such materials are imported and due to the uncertainties of transportation in wartime the restrictions upon the disposition of such materials hereinafter set forth are necessary to prevent dispersion of such materials and to direct the distribution thereof in such manner as to satisfy war and essential civilian needs;

Now therefore, it is hereby ordered, That:

§ 1042.1 *General Imports Order M-63*—(a) *Definitions.* For the purposes of this Order:

(1) "Strategic material" means any material listed in List A.

(2) "Person" means any individual, partnership, association, business trust, corporation or any organized group of persons, whether or not incorporated.

(3) "Owner" of any material means any Person who has any property interest in such material except a Person whose interest is held solely as security for the payment of money.

(4) "Consignee" means the Person to whom a Strategic Material is consigned at the time of importation.

(5) "Import" means to transport in any manner into the Continental United States from any foreign country or from any territory or possession of the United States (including the Philippine Islands). Release from the bonded custody of the United States Bureau of Customs shall, for the purpose of this Order, be deemed a transportation.

(6) "Place of initial storage" means any Warehouse, Yard, Ground Storage or other place to which the Person making the entry or withdrawal from custody of the United States Bureau of Customs of Strategic Material imported after the effective date of this Order directs or has directed that such Strategic Material be transported from the port of entry to be held until disposed of pursuant to this Order.

(b) *Restrictions on importation of strategic materials.* After the effective date of this Order, no Person, other than Metals Reserve Company and any other United States governmental department, agency or corporation, or any agent acting for such Company, department, agency or corporation, shall, without the written authorization of the Director of Priorities, make any contract or other arrangement for the importing of any Strategic Material. This prohibition shall not prevent the importing, under the restrictions hereinafter set forth, of Strategic Material by any Person under any contract made before, or in existence on, the effective date of this Order.

(c) *Restrictions on disposition of imported strategic materials.* Except as hereinafter specifically provided in paragraph (d):

(1) *Restrictions upon owners and consignees.* No Owner or Consignee of any Strategic Material which is imported after the effective date of this Order shall in any way, directly or indirectly

(i) dispose of any interest in such Strategic Material;

(ii) process or in any way change the physical condition of such Strategic Material;

(iii) transfer possession, or cause or permit a transfer of possession, of such Strategic Material except to the port of entry and from the port of entry to the Place of Initial Storage of such Strategic Material; or

(iv) change, or cause or permit a change of, the location of such Strategic Material except to the Port of entry and from the port of entry to the Place of Initial Storage of such Strategic Material.

Provided: That a Consignee of Strategic Material may dispose of his interest in such Strategic Material to the extent necessary to complete any commitment or contract made prior to the effective date of this Order. The Person to whom he disposes of such interest shall be subject to all restrictions imposed upon Owners by this Order.

(2) *Restrictions upon banks and persons similarly situated.* No bank or other Person which, as agent, pledgee, beneficiary under a trust receipt, or otherwise, has possession of or any interest in any written instrument evidencing any interest in any Strategic Material imported after the effective date of this Order shall in any way, directly or indirectly, except to the extent necessary to permit a Consignee to make a permissible disposition of Strategic Material in accordance with subparagraph (1) of this paragraph (c),

(i) dispose of any such interest; or

(ii) transfer possession, or cause or permit a transfer of possession, of such instrument.

(d) *Permissible disposition of imported strategic materials*—(1) *Transfer to Governmental agency.* Nothing contained in this Order shall prohibit any person having any interest whether as Owner, Consignee or otherwise, in any Strategic Material imported after the effective date of this Order from disposing of, or making any arrangement to dispose of, any interest in such Strategic Material to Metals Reserve Company or any other United States governmental department, agency or corporation.

(2) *Authorization by Director of Priorities.* Notwithstanding the provisions of paragraph (c), an Owner of Strategic Material imported after the effective date of this Order or a bank or other Person having possession of or an interest in a written instrument evidencing an interest in such Strategic Material, may process such Strategic Material or may dispose of any interest in such Strategic Material or any such written instrument, or transfer possession or change the location thereof, or cause or permit such a transfer of possession or change of location, upon written authorization by the Director of Priorities. Any such person may make application in duplicate for such an authorization on Form PD-222A, attached hereto,[1] which Form shall be addressed to Office of Production Management, Ref: M-63, Washington, D. C., (which will receive from the Collectors of Customs reports of all imports of Strategic Materials).

(3) *Exceptions.* The restrictions set forth in paragraph (c) shall not apply to any Strategic Material of which any United States governmental department, agency or corporation is the Owner at the time of importation, and shall not apply to any such Strategic Material after any United States governmental department, agency or corporation becomes the Owner thereof, and shall not apply to any Strategic Material purchased or otherwise acquired from any United States governmental department, agency or corporation.

(e) *Reports*—(1) *Reports to Metals Reserve Company.* Promptly after the issuance of this Order, every Person other than any United States governmental department, agency or corporation, or any agent acting for any such department, agency or corporation, who has outstanding any order, contract or other arrangement for the importing of any Strategic Material or who has heretofore acquired for import any Strategic Material which has not physically arrived at the port of entry thereof when this Order becomes effective, shall report all relevant facts with respect to such Strategic Material to Metals Reserve Company, Ref: M-63, Washington, D. C. Such report shall be filed in duplicate; one copy will be transmitted to the Office of Production Management by Metals Reserve Company.

(2) *Reports to collectors of customs.* No Strategic Material which is imported after the effective date of this Order, other than Strategic Materials imported by or for the account of Metals Reserve Company or any other United States governmental department, agency or corporation, shall be entered for consumption or withdrawn from warehouse for consumption unless the Person making the entry or withdrawal shall file with the entry or withdrawal a statement of proposed disposition on Form PD-222B, attached hereto.[1] Such statement shall be filed in duplicate; both copies shall be transmitted by the Collector of Customs to Metals Reserve Company, Ref: M-63, Washington, D. C., which will transmit one copy to the Office of Production Management.

(3) *Other reports.* All persons having any interest, whether as Owner or Consignee or otherwise, in any Strategic Material imported after the effective date of this Order shall file such other reports as may be required from time to time by the Office of Production Management.

(f) *Violations.* Any Person who wilfully violates any provision of this Order or who by any act or omission falsifies records to be kept or information to be furnished pursuant to this Order may be prohibited from receiving further deliveries of any Material subject to allocation, and such further action may be taken as is deemed appropriate, including a recommendation for prosecution under section 35 (A) of the Criminal Code (18 U.S.C. 80).

(g) *Applicability of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1, as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(h) *Effective date.* This Order shall take effect at 12:01 a. m. of the day after the date of issuance. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. (i) His rate during the thirty days terminating on the date of the issuance of this Order;

(ii) His rate during the same calendar month one year previous to the month in which such delivery is made;

(iii) The average of his monthly rate of operations during 1941;

Provided, however, That deliveries under contracts made before the issuance date of this Order may nevertheless be made even if such deliveries will result in an inventory in excess of the amount otherwise permitted hereunder.

(2) Except as provided in paragraph (d), (e) or (f), no person shall hereafter sell or deliver any fats or oils to any manufacturer, unless such person shall have first received from such manufacturer a certificate in substantially the following form, signed by a person authorized to sign for the manufacturer:

> The undersigned hereby certifies to his vendor and to the Office of Production Management that the purchase or delivery of the fats and oils covered by this receipt will not give the undersigned an inventory of fats and oils in the aggregate in excess of the amount necessary to enable the undersigned to maintain for ninety days a rate of operations equal to (here insert rate from paragraph (c) (1) selected by manufacturer).

unless specifically authorized by the Director of Priorities.

(3) No person shall sell or deliver any fats or oils to any manufacturer if he knows or has reason to believe that such certificate is false.

(d) *Exception for imports.* Nothing in this Order shall prevent purchases or deliveries of imported fats or oils to the person importing the same either directly or through an agent, or to the person for whose account they were imported or to whom they may have been sold prior to being landed in this country.

(e) *Exempted sales and deliveries.* The prohibitions and restrictions of this Order shall not apply to sales or deliveries of fats and oils products in the finished form, sales of refined edible fats and oils (except olive oil) through wholesale and retail channels and directly to the baking, restaurant, hotel and other cooking trades, and sales of lards destined for human consumption without further processing.

(f) *Exemption for small manufacturers.* Notwithstanding the provisions of paragraph (c), any manufacturer may purchase and accept delivery of the minimum commercial quantities, kinds or amounts which includes the amount permitted by paragraph (c) (1), and any person may sell or deliver such minimum commercial amounts, kinds or quantities when such manufacturer shall add to the certificate required to be filed by paragraph (c) (2) the following sentence:

The amount which the undersigned is entitled to purchase under General Preference Order M-71 is _____, and this purchase or delivery is for the minimum commercial amount including such permitted amount.

(g) *Applicability of General Preference Orders governing particular fats and/or oils.* Notwithstanding the foregoing, whenever any General Preference Order imposes more stringent restrictions on deliveries of a particular fat or oil, then deliveries shall be made in accordance with the restrictions of that Order.

(h) *Appeal.* Any person affected by this Order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of fats and oils conserved, or that compliance with this Order would disrupt or impair a program of conversion from nondefense to defense work, may appeal to the Office of Production Management by letter or telegram setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director of Priorities may thereupon take such action as he deems appropriate.

(i) *Reports and correspondence.* All reports to be filed, appeals and other communications concerning this Order, should be addressed to the Office of Production Management, Washington, D. C., Reference M-71.

(j) *Effective date.* This Order shall take effect immediately, and shall expire at the close of business on January 31, 1942, unless sooner terminated by the Director of Priorities. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

Issued this 29th day of December 1941.

CHAPTER XI[1]—OFFICE OF PRICE ADMINISTRATION

PART 1309—COPPER AND COPPER ALLOYS

AMENDMENT NO. 2 TO PRICE SCHEDULE NO. 12—BRASS MILL SCRAP

Price Schedule No. 12,[1] Brass Mill Scrap, is hereby amended by adding to the end of § 1309.11 the following paragraph:

§ 1309.11 *Maximum prices for brass mill scrap.* * * *

If brass mill scrap is imported into the United States, or if imported brass mill scrap is resold in the United States, there may be added to the maximum price established by this Section the actual amount of United States import or customs duty paid on such scrap: *Provided*, That:

(a) the total amount paid or received for such imported scrap f. o. b. shipping point in the continental United States does not exceed the maximum price established in this Section plus the actual amount of import or customs duty paid;

(b) the import or customs duty paid is shown as a separate item on the records required to be kept in accordance with Section 1309.14 hereof and on any invoice rendered to the buyer; and

(c) the buyer files a report of each such purchase with the Office of Price Administration on form 112:3 within five days of the date thereof.

This amendment shall become effective December 27, 1941. (Executive Order No. 8734, 8873, 6 F.R. 1917, 4483).

Issued this 27th day of December 1941.

PART 1312—LUMBER AND LUMBER PRODUCTS

AMENDMENT NO. 1 TO PRICE SCHEDULE NO. 44[2]—DOUGLAS FIR DOORS

The preamble, § 1312.154, and paragraphs (a), (d), and (f) of § 1312.159 of Price Schedule No. 44 are hereby amended in the following respects:

The preamble is amended to read as follows:

Douglas fir doors, manufactured from Douglas fir lumber and plywood, constitute the majority of doors produced in this country, and their price is a significant factor in construction costs. The importance of fir doors to the economy and the demand for these doors has greatly increased by virtue of the vastly expanded building activity stemming from and accompanying the defense program. Large numbers of fir doors are used in cantonments, factories producing military necessities, and defense housing projects. Despite markedly increased production, the supply of doors has not kept pace with the augmented demand. As a consequence, inflationary pressure has caused prices to rise greatly in excess of previously existing levels. The cumulated price increases cannot be justified either on the basis of the increased costs of production or on the assumption that higher prices bring out appreciably more production.

The Office of Price Administration has determined that the establishment of maximum prices for Douglas fir doors is essential to maintain price stability and prevent undue price rises and is necessary to protect consumers, the industry, and the national economy. The maximum prices set forth in this Schedule were determined to be fair and reasonable after extensive investigations, conferences with the industry, and full consideration of all relevant factors.

Accordingly, under the authority vested in me by Executive Order No. 8734, it is hereby directed that:

Section 1312.154 is amended to read as follows:

§ 1312.154 *Records and reports.* Every manufacturer who sells and every person who purchases from a manufacturer Douglas fir doors of a value of more than $1,000.00 in any month after December 1941, shall keep for inspection by the Office of Price Administration for a period of not less than one year complete and accurate records of (a) each such purchase or sale made during such month showing the date thereof, the name and address of the buyer and seller, the price paid or received, and the quantity of each kind or grade purchased or sold, and (b) the quantity of Douglas fir doors (1) on hand, and (2) on order, as of the close of each calendar month.

Persons affected by this Schedule shall submit such reports to the Office of Price Administration as it may from time to time require.

Section 1312.159 (a), (d), and (f) are amended in the following respects:

§ 1312.159 *Appendix A; Maximum prices[1] for Douglas fir doors.* (a) is amended to read as follows:

(a) The maximum prices f. o. b. factory shall be determined by applying the following discounts to the list prices set forth in paragraph (b).

PART 1316—COTTON TEXTILES

AMENDMENT NO. 2 TO PRICE SCHEDULE NO. 35—CARDED GREY AND COLORED-YARN COTTON GOODS

Table I of § 1316.61 (b) (4)[1] is amended to read as follows:

§ 1316.61 *Appendix A, maximum prices for cotton goods.*

* * * * *

(b) (4) *Maximum price tables.*

Table I

In addition to the maximum prices set forth in the following tables, the following premiums for special manufacturing processes may be charged. None of the premiums allowable hereunder is applicable, however, to osnaburgs or to print cloths of Class B or C; to any fabric excepted below; or to any fabric which, in its standard construction, is normally manufactured by means of the process on which such premium is predicated.

Name of manufacturing process	*Premium*
Feeler motion	1¢ per lb.[2]
Weaves requiring five or more cams:	
Weaves, other than plain, which (exclusive of selvage) require five cams	¼¢ per yd.[3]
Weaves, other than plain, which (exclusive of selvage) require six or more cams	½¢ per yd.[3]
Dobby looms:	
Weaves requiring 16 harnesses or less	1½¢ per yd.
Weaves requiring more than 16 harnesses	1½¢ per yd.
Fancy draw:	
For ply cords, bunched ends, skip dents, double draw (2 ends or more weaving as one), reverse-twist warp stripes, or any other novelty draw, or for any combination of the above[3]	½¢ per yd.
Each extra beam	½¢ per yd.
Hard twist:	
Warp yarn: where turns per inch equal 5¼ or more times the square root of yarn size	½¢ per yd.
Filling yarn: where turns per inch equal 4¾ or more times the square root of yarn size	½¢ per yd.
Clipping	1¢ per yd.
Slubs:	
Cloths with over 52 picks per inch	3¢ per lb.
Cloths with 52 picks per inch and under	2¢ per lb.

[1] Not applicable to cloths other than sheetings and Class A print cloths.

[2] Effective December 29, 1941. In connection with deliveries against contracts entered into between October 21 and December 28, 1941, inclusive, premiums are allowable (except on twills and drills of the types and classes listed in Table III-A) as follows:

Weaves which, including selvage, require 5 cams	¼¢ per yd.
Weaves which, including selvage, require 6 or more cams	½¢ per yd.

[3] The fancy-draw premium is not applicable to all-over patterns made on a dobby loom or with five or more cams unless additional effects of the types specified above are added to the all-over pattern. (This footnote effective December 29, 1941).

(Executive Orders Nos. 8734, 8875, 6 F.R. 1917, 4483).

Issued this 26th day of December, 1941. This Amendment, No. 2, shall become effective December 29, 1941.

PART 1347—PAPER AND PAPER PRODUCTS

[Revised as of January 1, 1942]

AMENDMENT NO. 4 OF PRICE SCHEDULE NO. 32—PAPERBOARD SOLD EAST OF THE ROCKY MOUNTAINS

Sections 1347.51 to 1347.62 inclusive and § 1347.64 are hereby renumbered and amended to read as follows:

Sec.
1347.51 Maximum prices for paperboard.
1347.52 Less than maximum prices.
1347.53 Evasion.
1347.54 Records.
1347.55 Reports.
1347.56 Affirmation of compliance.
1347.57 Enforcement.
1347.58 Modification of the Price Schedule.
1347.59 Definitions.
1347.60 Effective date.
1347.61 Appendix A. Maximum prices for paperboard used in the manufacture of folding paper cartons, set-up boxes, or for any other purposes, sold east of the Rocky Mountains.
1347.62 Appendix B. Maximum prices for paperboard used in the manufacture of fibre boxes (corrugated or solid fibre), sheets (corrugated or solid fibre), single faced rolls, or for any other purposes, sold east of the Rocky Mountains.
1347.63 Appendix C. Maximum prices for paperboards and specialty paperboards not covered by § 1347.61, Appendix A, and § 1347.62, Appendix B, sold east of the Rocky Mountains.
1347.64 Appendix D. Wholesale distributor allowance.
1347.65 Appendix E. Sale of paperboard for export.

§ 1347.51 *Maximum prices for paperboard.* On and after January 1, 1942, regardless of the terms of any contract of sale or purchase or other commitment, in the area east of the Rocky Mountains, no person shall sell, offer to sell, deliver or transfer any grade of paperboard, and no person shall buy, offer to buy, or accept delivery of any grade of paperboard at prices higher than the maximum prices set forth in Appendices A, B, C, D, and E, hereof, incorporated herein as §§ 1347.61, 1347.62, 1347.63, 1347.64, and 1347.65, respectively. The sale of any paperboard shipped from or into the area east of the Rocky Mountains shall be subject to this Schedule.*

*§§ 1347.51 to 1347.65, inclusive, issued under the authority contained in Executive Orders Nos. 8734, 8875; 6 F.R. 1917, 4483.

§ 1347.52 *Less than maximum prices.* Lower prices than those set forth in Appendices A, B, C, D, and E, may, however, be charged, demanded, paid, or offered.*

§ 1347.53 *Evasion.* The price limitations set forth in this Schedule shall not be evaded by direct or indirect methods in connection with a purchase, sale, delivery, or transfer of paperboard, alone or in conjunction with any other material, or by way of any commission, service, transportation or other charge, or discount, premium or other privilege, or by tying-agreement or other trade understanding, or otherwise.*

§ 1347.54 *Records.* Every person making purchases or sales aggregating ten tons or more of any or all grades of paperboard in any one month shall keep for inspection by the Office of Price Administration, for a period of not less than one year, complete and accurate records of each purchase or sale of paperboard made during such month and each month thereafter showing the date thereof, the name of the purchaser or of the seller, the prices paid or received, the quantity

and grade or grades so purchased or sold.*

§ 1347.55 *Reports.* Every producer of any or all grades of paperboard shall, in addition to keeping records as required above, submit such reports as the Office of Price Administration may from time to time require.*

§ 1347.56 *Affirmation of compliance.* All persons who are required by § 1347.54 to keep records, shall transmit, on or before February 10, 1942, an affirmation of compliance on Form 132:1 containing a sworn statement that during the period January 1 to January 31, inclusive, 1942, all purchases and sales were made at prices in compliance with this Schedule or with any exception or modification thereof, and on or before the tenth day of each month thereafter, a similar affirmation of compliance containing a sworn statement that during the preceding calendar month for which the record is kept all purchases and sales were made at prices in compliance with this Schedule or with any exception or modification thereof. Copies of Form 132:1 can be procured from the Office of Price Administration or, provided no change is made in the style and content of it and that it is reproduced on 8" by 10½" paper, may be prepared by persons required to submit affirmation of compliance hereunder.*

§ 1347.57 *Enforcement.* In the event of refusal or failure to abide by the price limitations, record or report requirements, or other provisions contained in this Schedule, the Office of Price Administration will make every effort to assure (a) that the Congress and the public are fully informed thereof, (b) that the powers of the government, both state and federal, are fully exerted in order to protect the public interest and the interests of those persons who comply with this Schedule, (c) that full advantage will be taken of the cooperation of the various political subdivisions of state, county, and local governments through calling to the attention of the proper authorities failures to comply with this Schedule which may be regarded as grounds for the revocation of licenses and permits; and (d) that the procurement services of the Government are requested to refrain from selling to or purchasing from those persons who fail to comply with this Schedule. Persons who have evidence of the offer, receipt, demand, or payment of prices higher than the maximum prices, or any evasion or effort to evade the provisions hereof, or of speculation or manipulation of prices of any or all of the grades of paperboard, or of the hoarding or accumulation of unnecessary inventories thereof, are urged and requested to communicate with the Office of Price Administration.*

§ 1347.58 *Modification of the Price Schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modification thereof or exception therefrom. Such applications must include all relevant facts in detail and must be verified by the individual making the application or by an officer or partner of the business entity making the application: *Provided*, That no application under this section will be considered unless filed by persons complying with this Schedule and other Schedules issued by the Office of Price Administration.*

§ 1347.59 *Definitions.* When used in this Schedule, or any modifications or exceptions thereto, the term:

(a) "Base price" means the going market price quoted for any grade and type of paperboard specifically listed in Appendices A and B of this Schedule;

(b) "East of the Rocky Mountains" includes all of the area of the continental United States except the states of California, Oregon, Washington, Idaho, Utah, Nevada, New Mexico, Arizona, Colorado, Wyoming, and Montana;

(c) "Exporter" includes any person who is engaged in the business of selling paperboard or other commodities for export, and who is not a producer of paperboard;†

(d) "Gage list" means those lists set forth in United States Department of Commerce Simplified Practice Recommendation R44–36 entitled "Box Board Thicknesses";

(e) "Item" means paperboard of one size, of the same grade, color, type, weight, caliper, and finish which the purchaser is willing to have delivered at one time;

(f) "Paperboard" means all kinds, grades, types, calipers, colors, and patterns of paperboard;

(g) "Person" means an individual, partnership, association, corporation, or other business entity;

(h) "Producer" means any person who manufactures from any raw material, paperboard for any use whatever;

(i) "Total transportation cost involved" includes all actual costs involved in transporting and delivering paperboard to the purchaser's plant actually using the paperboard, whether paid by purchaser, by seller, or prorated between purchaser and seller;

(j) "Wholesale distributor" includes any person who is engaged in a business more than 50% of the gross receipts of which during the period commencing October 1st, 1940, and ending September 30th, 1941, were derived from the purchase and resale of the products of producers or converters of paper, paper products, and paperboard, without fabricating other than by pasting sheets, and who does not divide in any manner or degree with any converter, producer, or other wholesale distributor the difference between the amount paid for the products and the price at which they are sold. A wholesale distributor must be able to establish that paperboard, unfabricated other than by pasting sheets, was among the products purchased and resold by him during the above period.†

(k) "Ton" means a net ton of 2000 pounds.*

§ 1347.60 *Effective date.* This Amendment No. 4 to Price Schedule No. 32 shall become effective on January 1, 1942.*

Issued this 26th day of December, 1941.

LEON HENDERSON,
Administrator.

(2) Applying to White Patent Coated News, Single Manila Lined Chip, or Bleached Manila Lined Chip only:

	Per ton [3]
Manila back non-bender	+$10.00
Manila back bender	+15.00

(3) Applying to paragraphs (a), (b), or (c):

	Per ton [3]
Silicating (per side)	+$2.50
Pasting 15's and lighter	+7.50
Pasting 14's to ½" thick	+12.50
Gloss ink	+2.50

[1] Except No. 3 Gage List.

[2] See Paragraph (e) for exception to quantity differentials.

[3] A plus sign before a figure establishes it as the maximum amount that may be added to the base price in the sale or purchase of the kind and grade of paperboard in whose column the figure appears. Smaller amounts may be added. A minus sign before a figure establishes it as the minimum amount that must be subtracted from the base price in the sale or purchase of the kind and grade of paperboard in whose column the figure appears. Larger amounts may be subtracted.

(e) *Exception to quantity differentials.* Where a single purchaser places an order for paperboard of a single grade, thickness, type, and color, and where the sizes ordered and quantities demanded are such as to fill the trim of the seller's papermaking machine and where the only cutting involved can be done by the slitter and chopper knives as the paperboard leaves the machine, the combined weight of such orders made simultaneously shall be used as the basis for the application of the quantity differential set forth herein.

(f) *Special sizes for slitting.* For trimming sheets add $1.00 per side per ton. For maximum prices for dimensions of sheets or rolls requiring extra cutting or slitting operations which cannot be performed at the end of papermaking machine by slitter and chopper knives, see paragraph (g).

(g) *Special whites, special colors, special sizing, special test, and other special characteristics or requirements.* The prices and differentials listed in this Appendix cover the types of paperboard described herein or slight variations thereof. For special whites, special colors, special sizing, special test, and other special characteristics or requirements involving an extra cost, the maximum price shall be determined by adding to the maximum price as established by paragraphs (a), (b), (c), and (d), of this Appendix for the particular type of paperboard involved, an extra charge to cover such extra cost as follows:

(1) For items made since January 1, 1941, the extra charge added shall not exceed the highest extra charge added to the base price of such paperboard sold to the particular purchaser or to a similar purchaser during the first nine months of 1941, for the special weight, special color, special sizing, special test, or other special characteristics or requirements, if not otherwise specifically provided for in this Appendix;

(2) For items not sold during the first nine months of 1941, the extra charge to be added shall be subject to the approval of the Office of Price Administration prior to the issuance of any invoice. When submitting such extra charge to the Office of Price Administration for approval, the producer shall submit under oath complete data on the extra cost involved, together with complete price and cost data on one or more comparable items manufactured since January 1, 1941: *Provided, however*, That invoices may be issued at a price not in excess of the appropriate maximum price for the particular type of paperboard involved as established by paragraphs (a), (b), (c), and (d), of this Appendix, subject to a provision that adjustment of such price may be made to cover any extra charge approved by the Office of Price Administration as provided in this paragraph.

(h) *Delivered prices.* All of the above maximum prices are for the respective grades or tonnages delivered to the purchaser's plant actually using the paperboard.

The maximum prices set forth in this Appendix shall include all transportation costs involved, except as provided in paragraph (i) below, regardless of whether such transportation costs are paid by the seller, by the purchaser, or prorated between purchaser and seller. Billing may be f. o. b. point of shipment with freight allowed.

(i) *Added freight adjustments for long hauls.* If, in the shipment of any paperboard, the total transportation cost involved exceeds $6.00 per ton, the maximum prices set forth in this Appendix may be increased by a sum per ton not in excess of the difference between $6.00 and the total transportation cost involved per ton.

[1] Where paperboard of any type covered by this Appendix is imported from a foreign country by a purchaser, and duty must be paid on such import, such purchaser may pay this duty although this payment results in a total cost to such purchaser for paperboard which exceeds the maximum prices established in this Appendix. The total amount paid by the purchaser for such imported paperboard shall in no event exceed the prices established in this Appendix plus the actual amount of the import duty paid, and such import duty must be shown as a separate item in the records required to be kept in accordance with § 1347.54 hereof.

(f) *Natural colors.* All Kraft, Jute, and Chip prices are based on standard grades in their respective natural colors.

(g) *Special colors, special sizing, special test, and other special characteristics or requirements.* The prices listed in this Appendix cover the items described herein or slight variations thereof. For special colors, special sizing, special test, and other special characteristics or requirements involving an

extra cost, the maximum price shall be determined by adding to the maximum price as established by paragraphs (a), (b), (c), (d), and (e), of this Appendix for the particular type of paperboard involved, an extra charge to cover such extra cost as follows:

(1) For items made since January 1, 1941, the extra charge added shall not exceed the highest extra charge added to the base price of such paperboard sold to the particular purchaser or to a similar purchaser during the first nine months of 1941, for the special weight, special color, special sizing, special test, or other special characteristics or requirements, if not otherwise specifically provided for in this Appendix;

(2) For items not sold during the first nine months of 1941, the extra charge to be added shall be subject to the approval of the Office of Price Administration prior to the issuance of any invoice. When submitting such extra charge to the Office of Price Administration for approval, the producer shall submit under oath complete data on the extra cost involved, together with complete price and cost data on one or more comparable items manufactured since January 1, 1941: *Provided, however,* That invoices may be issued at a price not in excess of the appropriate maximum price for the particular type of paperboard involved as established by paragraphs (a), (b), (c), (d), and (e), of this Appendix, subject to a provision that adjustment of such price may be made to cover any extra charge approved by the Office of Price Administration as provided in this paragraph.

(h) *Delivered prices.* All of the above maximum prices are for the respective grades or tonnages delivered to the purchaser's plant actually using the paperboard.

The maximum prices set forth in this Appendix shall include all transportation costs involved except as provided in paragraph (i) below, regardless of whether such transportation costs are paid by the seller, by the purchaser, or prorated between purchaser and seller. Billing may be f. o. b. point of shipment with freight allowed.

(i) *Added freight adjustments for long hauls.* (1) If the total transportation cost involved for the type of transportation used in the shipment of Fourdrinier Kraft liners, Cylinder Kraft liners, and Kraft corrugating material, provided such liner or corrugating material is made in the United States from at least 70% virgin Kraft coniferous wood pulp, exceeds $10.00 per ton, the maximum prices set forth in this Appendix may be increased by a sum per ton not in excess of the difference between $10.00 and the total transportation cost involved per ton.

(2) If the total transportation cost involved for the type of transportation used in the shipment of corrugating material or liners listed in this Appendix imported from Canada exceeds $12.00 per ton, the maximum prices set forth in this Appendix may be increased by a sum per ton not in excess of the difference between $12.00 and the total transportation cost involved per ton.

(3) If the total transportation cost involved for the type of transportation used in the shipment of all other types of paperboard listed in this Appendix, except those provided for in sub-paragraphs (1) and (2) hereof, exceeds $6.00 per ton, the maximum prices set forth in this Appendix may be increased by a sum per ton not in excess of the difference between $6.00 and the total transportation cost involved per ton.

§ 1347.63 *Appendix C. Maximum prices for paperboards and specialty paperboards not covered by § 1347.61, Appendix A, and § 1347.62, Appendix B, sold east of the Rocky Mountains* — (a) *Classifications.* The provisions of this Appendix shall apply to the following classifications:

(1) Tag Stocks and File Folder Stocks
(2) Press Board, Imitation Press Board and Paperboards used in the manufacture of electrical equipment.
(3) Bristol Board, Bogus Bristols and Mill Blanks.
(4) Leather Fibreboard used in the manufacture of Footwear, and Leatherboard for any purpose.
(5) Container Boards used for foods and purposes other than Foods, limited to:
(i) Milk Bottle Stock.
(ii) Milk Bottle Cap Stock.
(iii) Liquid Tight Can Stock.
(iv) Solid Bleached Boards.
(v) Bleached Lined Solid Manila Board.
(vi) Double Bleached Lined Solid Manila Board.
(vii) Solid Manila Board.
(viii) Solid Wood Pulp Boards.
(6) Paperboard for Egg Fillers, Egg Flats and Molded Pulp Packing Material for Eggs.
(7) Binders Board.
(8) Clay coated Folding Boxboard and Clay Coated Cardboard.
(9) Miscellaneous Specialty Paperboards Not Covered elsewhere in this Schedule.

(b) *Maximum prices for paperboards listed in paragraph (a) above.* (1) For paperboard manufactured or sold at any time during the period from January 1 to September 30, 1941, inclusive, the maximum price shall be the highest price per ton or per thousand square feet charged by the producer during that period. Differentials from such price commensurate with increases or decreases in costs due to (a) quantity ordered, or (b) packaging or packing requirements, may be made.

Such prices shall be f. o. b. the point of shipment. If the highest price charged during the period from January 1, to September 30, 1941, was on a delivered basis, the maximum price under this schedule shall be determined by subtracting from such price the total of all actual transportation and other charges which were paid by the seller from the point of shipment.

(2) For paperboard not manufactured or sold during the period from January 1, 1941, to September 30, 1941, inclusive, the price shall be subject to the approval of the Office of Price Administration prior to the issuance of any invoice. When submitting such prices for approval by the Office of Price Administration, the manufacturer shall submit complete data on costs involved, together with complete price and cost data on one or more comparable grades made since January 1, 1941.

§ 1347.64 *Appendix D; wholesale distributor allowance.* In the event that a purchaser of paperboard shall purchase from a wholesale distributor, as defined in § 1347.59 (j) hereof, paperboard owned by such wholesale distributor but not manufactured by him, and

(a) If sale of the same type and quantity of paperboard has been made to the same or a similar purchaser in the period between October 1, 1940, and September 30, 1941, inclusive, such purchaser may pay such wholesale distributor and such wholesale distributor may charge such purchaser, not more than the maximum price established by Appendices A, B, or C of this Schedule for the type and quantity of paperboard sold plus a wholesale distributor's allowance not to exceed the regular allowance customarily charged by the wholesale distributor to the same or a similar purchaser for the type of sale and paperboard involved in the period between October 1, 1940, and September 30, 1941, inclusive; *Provided, however,* That in the event the amount sold is three short tons or less, the allowance may not exceed the following:

Amount of sale in pounds per item	Maximum price per ton of item, for ten tons or over, as established by appendices A, B, and C of this schedule		
	$45.00–$49.99 maximum allowance	$50.00–$54.99 maximum allowance	$55.00–$59.99 maximum allowance
	Per ton	*Per ton*	*Per ton*
0 to 250 lb.	+$24.00	+$25.00	+$26.00
251 to 500 lb.	+17.50	+18.50	+19.50
501 to 1,000 lb.	+14.00	+15.00	+16.00
1,001 to 1,500 lb.	+13.00	+14.00	+15.00
1,501 to 2,000 lb.	+12.50	+13.50	+14.50
2,001 to 6,000 lb.	+11.00	+12.00	+13.00

For items priced at $60.00 per ton or more, this allowance may be increased $1.00 per ton for each $5.00 bracket of price increase.

(b) If sale of the same type and quantity of paperboard has not been made to the same or a similar purchaser in the period between October 1, 1940, and September 30, 1941, inclusive, such purchaser may pay such wholesale distributor, and such wholesale distributor may charge such purchaser not more than the maximum price established by Appendices A, B, or C of this Schedule for the type and quantity of paperboard sold plus a wholesale distributor's allowance as follows:

(1) If the amount sold is three short tons or less, the wholesale distributor's allowance shall not exceed that established in the table set forth in paragraph (a) above for sales of three short tons or less,

(2) If the amount sold is more than three short tons, application must be made to the Office of Price Administration for approval of the wholesale distributor's allowance prior to the issuance of any invoice. When submitting such allowance for approval, the wholesale distributor shall submit under oath all relevant facts, including

(i) The length of time that the wholesale distributor has been engaged in the purchase and resale of the products of other producers or converters of paper, paper products, or paperboard;

(ii) The average monthly gross sales of all paper or paperboard during the period October 1, 1940, to September 30, 1941, inclusive;

(iii) A full description of the type of paperboard to be sold, including name and location of producer and cost per ton to the applicant;

(iv) The amount of paperboard in tons covered by the sale in question;

(v) The amount of the total sale involved in dollars;

(vi) The wholesale distributor's allowance per ton received by the applicant in three or more sales of similar paperboard, setting forth the tonnages sold, cost to applicant, and sale price;

(vii) Whether the particular paperboard is sold from the applicant's warehouse, or direct from the producer; and

(viii) The name and location of purchaser, and information concerning previous sales to such person, including wholesale distributor's allowance, if any.

(c) All prices established by this Appendix are for paperboard delivered to the purchaser's plant actually using the paperboard.

§ 1347.65 *Appendix E. Sale of paperboard for export.* (a) Exporters of paperboard for delivery to foreign countries may receive no more for such paperboard than the maximum prices set forth in Appendices A, B, and C, of this schedule plus:

(1) Actual costs of any additional packing required for export shipments provided such costs are paid to the producer or wholesale distributor of the paperboard sold,

(2) Actual transportation costs from port of export, marine and war risk insurance, consular fees and financial charges, actually paid by said exporter,

(3) An amount not to exceed the average mark-up per ton received for paperboard sold for export by such exporter during the year 1940, exclusive of the items in subparagraphs (1) and (2) above;

(b) Producers of paperboard packed for export shipment may receive no more for such paperboard sold f. a. s. a vessel for export than the maximum prices set forth in Appendices, A, B, and C. of this Schedule, plus the actual cost of any additional packing required for export shipment.

(c) Producers of paperboard who sell such paperboard on a c. i. f. basis to the foreign consumer may receive no more for such paperboard than the maximum prices provided in Appendices A, B, and C of this Schedule, plus:

(1) Actual costs of any additional packing required for export shipment,

(2) Actual transportation costs from port of export, marine and war risk insurance, consular fees and financial charges actually paid by said producer,

(3) An amount not to exceed the average mark-up per ton received for paperboard sold for export by such producer during the year 1940, exclusive of the items in subparagraphs (1) and (2) above.

(d) In the event that a producer or exporter has not exported during the year 1940, application for approval of mark-up should be made to the Office of Price Administration.

(e) No wholesale distributor's allowance shall be allowed in the case of an export sale.

PART 1351—FOODS AND FOOD PRODUCTS

AMENDMENT NO. 2 TO PRICE SCHEDULE NO. 50—GREEN COFFEE

The preamble and §§ 1351.1, 1351.3, and 1351.7 are hereby amended, and § 1351.1a is hereby added, so that Price Schedule No. 50 [1] shall read as follows:

During the past few months, green coffee prices have shown an inflationary increase as a result of changed conditions affecting foreign supplies and shipping facilities. This has occurred despite the fact that stocks in this and producing countries are adequate, and that the import quota for this year is substantially higher than the estimated national consumption. In order to maintain price stability and to prevent price rises, the Office of Price Administration has determined after careful study that the prices set forth below best accomplish these purposes.

Accordingly, under the authority vested in me by Executive Order No. 8734, it is hereby directed that:

§ 1351.1 *Maximum prices for green coffee.* (a) On and after December 11, 1941 no person shall sell, offer to sell, deliver or transfer green coffee, and no person shall buy, offer to buy, or accept delivery of green coffee at prices higher than the maximum prices; except that contracts entered into prior to December 11, 1941 providing for a price higher than the maximum prices may be carried out at the contract price.

(b) The maximum prices shall include all commissions and all other charges, except that:

(1) Increases or decreases in the charges prevailing on December 8, 1941 for ocean freight, war risk insurance, and marine insurance shall be added to or subtracted from the maximum prices respectively.

(2) Any buyer who requires the services of a broker at the port of entry may pay such broker a commission over and above the maximum price not to exceed 1% of the maximum price.

(c) The maximum prices for all types and grades of green coffee shall be as follows:

Country and price in cents per pound ex dock New York City

Brazil: Santos No. 2, 14⅛; Santos No. 4, 13⅜; Rio No. 7, 9⅜.
Colombia: Medellin Excelso, 16¼; Manizzles Excelso, 15⅞.
Costa Rica: Strictly Hard, 16½; Prime, 16.
Cuba: Good Washed, 14¼.
Ecuador: Extra Superior Unwashed, 11¼.
Guatemala: Strictly Hard, 16½; Good Washed, 14½.
Haiti: Good Washed Sweet, 13¾.
Hawaii: No. 1 Extra Prime, 16½.
Honduras: Good Washed, 15.
Jamaica: 14½.
Mexico: Coatepec, 16½; Tapuchula, 15½.
Nicaragua: Matagalpa, 15; Good Washed, 14½.
Peru: Fancy, 15¼.
Puerto Rico: Fancy, 15½; Good Washed, 14½.
Salvador: High Grown Washed, 16; Good Washed, 15½; Superior Unwashed, 13¾.
San Domingo: Good Washed Sweet, 13¾.
Surinam: 7¾.
Trinidad: 14½.
Venezuela: Fancy Washed Caracas, 15⅝; Standard Unwashed Sweet Maracaibo, 13⅜.
Abyssinia: 17.
Belgian Congo: 15½.
Bukoba: 13⅛.
Kenya: 16.
Mocha (Arabia): 18½.
Netherlands East Indies: 19½.
Portuguese West Africa: 11¼.
Tanganyika: 15¾.
Uganda: 13.

In all cases the above descriptions apply to the best quality of each type and grade named. The maximum prices for green coffee imported from any other country, or for grades not named of poorer quality, shall be determined by applying the customary trade differentials in effect prior to December 8, 1941.

For aged grades of "extra superior" quality, or for imports from any country

[1] 6 F.R. 6373, 6432.

of limited amounts of coffee of quality markedly superior to the best grade listed for that country, a premium may be added to the maximum price listed for the corresponding grade, provided such premium is commensurate with trade practices prevailing prior to December 8, 1941.

(d) The maximum prices shall be ex dock New York City. For any green coffee sold ex warehouse rather than ex dock, the cost of actually "putting the coffee into the warehouse", as defined in § 1351.7, may be added by the seller who incurred the cost.

(e) The maximum prices for all types and grades ex dock New Orleans, San Francisco, or any other port of entry, shall be determined by adding to or subtracting from the New York City price the customary trade differentials prevailing on December 8, 1941 between New York City and that port. If increases or decreases in shipping charges to New York City and to such other port are not equal, the customary trade differentials may be adjusted accordingly.

(f) The delivered price for any type or grade of green coffee shall in no case exceed the maximum price plus the actual transportation charges from the dock or warehouse at New York City or other port of entry to the place of destination.

(g) Any person making sales of green coffee in lots of twenty five bags or less may add to the maximum prices specified above an amount not in excess of 7½% of the maximum price.

(h) The above prices shall be the maximum prices for all transactions except for futures contracts traded on the New York Coffee and Sugar Exchange. In such contracts the maximum prices shall be the closing prices on the Exchange as of December 8, 1941 for the months then traded in as listed below. The maximum prices for futures contracts for months, if any, after September 1942, shall not exceed the futures price for September 1942. The maximum prices for futures contracts, if any, traded in months currently inactive shall not exceed the maximum prices for the last active preceding month.

*§§ 1351.1 to 1351.8, inclusive, issued pursuant to the authority contained in Executive Orders Nos. 8734, 8875, 6 F.R. 1917, 4483.

§ 1351.1a *Sales at retail.* Sales at retail and sales of less than one bag shall be excepted from the operation of this schedule.*

§ 1351.2 *Less than maximum prices.* Lower prices than the maximum prices established by this schedule may be charged, demanded, paid or offered.*

§ 1351.3 *Records and reports.* (a) All sellers and all buyers who have entered into contracts, prior to December 11, 1941, for the sale or delivery of green coffee, on or after that date, at prices higher than the maximum prices established by this schedule shall report all such contracts to the Office of Price Administration on or before January 12, 1942, stating (a) the name and address of the buyer and seller; (b) the actual date of the contract; (c) each and every delivery date provided for in the contract; and (d) the price, quantity, and description of the product sold.

When the buyer receives the final shipment called for by the contract he shall report such receipt to the Office of Price Administration within two weeks thereof, certifying that the total amount received did not exceed the quantity specified in such contract.

(b) Every person making purchases or sales of green coffee on and after December 11, 1941 shall keep for inspection by the Office of Price Administration for a period of not less than one year complete and accurate records thereof, including the name of the purchaser, the date of the contract, the price paid or received, and the type, grade, quality, and amount sold.

(c) Every person affected by this Schedule shall submit such reports to the Office of Price Administration as it may from time to time require.*

§ 1351.4 *Modification of schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modification thereof, or exception therefrom: *Provided*, That no applications under this section will be considered unless filed by persons complying with this Schedule.*

§ 1351.5 *Enforcement.* In the event of refusal or failure to abide by the price limitations, record requirements, or other provisions of this Schedule, or in the event of any evasion or attempt to evade the price limitations or other provisions of this Schedule, the Office of Price Administration will make every effort to assure (a) that the Congress and the public are fully informed thereof; (b) that the powers of Government, both State and Federal, are fully exerted in order to protect the public interest and the interests of those persons who comply with this Schedule; and (c) that the procurement services of the Government are requested to refrain from selling to or purchasing from those persons who fail to comply with this Schedule. Persons who have evidence of the offer, receipt, demand, or payment of prices higher than the maximum prices, or of any evasion or effort to evade the provisions hereof, or of speculation, or manipulation of prices of green coffee, or of the hoarding or accumulating of unnecessary inventories thereof are urged to communicate with the Office of Price Administration.*

§ 1351.6 *Evasion.* The price limitations set forth in this Schedule shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery, or transfer of green coffee, or by way of premium, commission, service, transportation, or other charge, or by any other trade understanding, by making discounts or other terms and conditions of sale more onerous to the purchaser than those available or in effect on December 8, 1941, or by any other means.*

§ 1351.7 *Definitions.* When used in this Schedule, the term:

(a) "Persons" means an individual, partnership, association, corporation, or other business entity.

(b) "Sales at retail" means sales to the ultimate consumer: *Provided*, That no roaster, processor, purchaser for resale, or commercial user shall be deemed to be an ultimate consumer.

(c) "Cost of putting coffee into the warehouse" includes (1) "labor in and out" and (2) warehouse storage charges for not more than thirty days.*

§ 1351.8 *Effective date of the schedule.* This Schedule shall become effective on December 11, 1941.*

Issued this 27th day of December 1941. This Amendment No. 2, amending the preamble and §§ 1351.1, 1351.3, and 1351.7, and adding § 1351.1a, shall become effective this 29th day of December 1941.

TITLE 33—NAVIGATION AND NAVIGABLE WATERS

CHAPTER I—COAST GUARD, DEPARTMENT OF THE TREASURY

PART 8—REGULATIONS, U. S. COAST GUARD RESERVE

AMENDMENTS [1]

The Regulations, United States Coast Guard Reserve, 1941 (6 F.R. 1925), are hereby amended as follows:

Section 8.2102 (b) is amended to read as follows:

§ 8.2102 *Procurement policy—general.*

• • • • • •

(b) Persons whose availability for active duty is considered by Headquarters to be incompatible with the availability requirements in paragraph (a) of this section shall not be appointed or enlisted in the Reserve.

Section 8.2103 (a) is amended by striking out the words "except that the number of appointments made from this source shall not exceed 20 percent of the total number of appointments to be made" where they appear under the First preference.

Section 8.2103 (g) is amended to read as follows:

§ 8.2103 *Procurement of officers.*

• • • • • •

(g) (1) The provisions of paragraphs (c), (d), (e), and (f) of this section are not applicable to the procurement of temporary officers of the Reserve except that such officers shall be required to qualify physically. Temporary officers of the Reserve will be appointed by the Commandant in grades and ranks up to and including that of lieutenant commander on the recommendation of district commanders, who will satisfy themselves as to the professional, moral and general qualifications of the candidate recommended.

(2) The provisions of paragraph (c), (d), (e), and (f) of this section are not applicable to the procurement of Reserve officers from personnel of the Regular Coast Guard. Qualifications of such personnel for appointment will be determined by an examining board convened by the Commandant at Headquarters.

Section 8.2105 is amended by adding a new paragraph at the end thereof as follows:

§ 8.2105 *Procedure in making application for appointment.*

• • • • • •

(c) The provisions of paragraphs (a) and (b) of this section are not applicable to the personnel of the regular Coast Guard, except such parts thereof as may be required by the examining board convened in accordance with § 8.2103 (g) (2).

Section 8.2201 is amended to read as follows:

§ 8.2201 *Educational requirements, commissioned officers.* A candidate for appointment as a commissioned officer in the Reserve, except a candidate who is a chief warrant officer, warrant officer, or enlisted man of the regular Coast Guard, must be a high school graduate and have sufficient experience in the operation of motorboats or yachts or on seagoing vessels to justify the appointment desired: *Provided*, That boat or seagoing experience shall not be required of candidates who are found by the Commandant to be qualified by reason of their education and experience for special duty.

Section 8.2203 is amended to read as follows:

§ 8.2203 *Ages for original appointment as officers.* (a) The limiting ages for original appointments in the Reserve, except for temporary officers and for personnel of the regular Coast Guard, are prescribed as follows:

Grade	*Age*
Lieutenant (j.g.)	21 to 45
Ensign	21 to 35
Chief warrant officers	[1] 35
Warrant officers	[1] 30

[1] Minimum.

Upper age limits are to nearest birthday. Officers, other than temporary officers, will not be given original appointments in grades above lieutenant (junior grade).

(b) No age limits are prescribed for temporary officers or for officers appointed from the personnel of the regular Coast Guard.

The introductory paragraph of § 8.2204 is amended to read as follows:

§ 8.2204 *Entrance examinations.* A candidate for appointment as a commissioned officer in the Reserve must pass the written entrance examination prescribed with a mark of 70% or better in each subject to be eligible for appointment, except that the written examination will not be required of regular Coast Guard personnel or of candidates being considered for special duty. The scope of the entrance examination is as follows:

• • • • • •

Sections 8.3101 to 8.3110 are stricken out and the following new §§ 8.3101, 8.3102, and 8.3103 are promulgated:

§ 8.3101 *Promotions of officers by seniority.* Officers will be promoted only when they have been found physically and professionally qualified for promotion by the Commandant. The findings of the Commandant may be based upon the recommendations of a Board of Officers, examination, the service record of the officer, or such other evidence as he may deem sufficient.

§ 8.3102 *Limiting percentages of officers in higher grades.* Officers of the rank of lieutenant commander and lieutenant shall not exceed the percentages of 10 and 25 respectively of the total number of commissioned officers as may be authorized from time to time by the Commandant.

§ 8.3103 *Promotion of temporary officers.* If a temporary officer of the Reserve is qualified for a rank or grade other than that which he is holding, the Commandant may, upon the recommendation of the district commander, revoke the extant appointment and reappoint the officer in the rank or grade for which qualified.

Section 8.3201 is amended to read as follows:

§ 8.3201 *Officers required to appear for examinations.* Officers not on active duty authorized to appear before a Board of Officers or to appear for examination (physical or professional) for promotion in accordance with the provisions of § 8.3101 are required to appear without expense to the Government.

Sections 8.3202 and 8.3203 are stricken out.

Section 8.5303 (a) is amended to read as follows:

§ 8.5303 *Training duty without pay.* (a) Reservists who desire to perform training or other duty without pay or allowances may apply to the district commander of their district. District commanders are authorized to approve such requests when the duty is to be performed at activities or aboard vessels within their jurisdiction. In the case of requests for training duty without pay in other districts or aboard vessels outside their jurisdiction, district commanders receiving the requests will forward same with recommendation to the district commander concerned for approval or disapproval and submission to Headquarters for action.

Section 8.7101 is amended to read as follows:

§ 8.7101 *Active duty and training duty pay and allowances, commissioned officers, chief warrant officers, warrant officers and enlisted men.* Commissioned officers, chief warrant officers, warrant officers, and enlisted men of the Reserve when engaged on active duty, on active duty while undergoing training, on training duty with pay, or when engaged in authorized travel to or from such duty, shall receive the same pay and allowances as are received by commissioned officers, chief warrant officers, warrant officers, and enlisted men of the Naval Reserve of the same rank, grade, rating and length of service. In determining length of service for pay purposes there shall be included, (a) All periods of active duty, except active duty while undergoing training; (b) All other service for which credit for pay purposes is given to members of the regular Coast Guard.

Section 8.7103 is amended to read as follows:

§ 8.7103 *Pay for the 31st day of the month.* When members of the Reserve perform active duty, training duty with pay, or active duty undergoing training, including time spent in traveling to and from such duty, for a period of 30 days or less, such duty performed on the 31st day of the month shall be paid for at the same rate as for other days.

Section 8.7104 is amended to read as follows:

§ 8.7104 *Reservists in travel status entitled to pay.* The pay status of members of the Reserve ordered to active duty or training duty with pay begins at any hour prior to midnight on which they are ordered to entrain for such

duty, and ends at midnight on the day on which they could have reached their homes by the shortest usually traveled route after release from such duty.

Section 8.7106 is amended by adding the following sentence at the end thereof:

When authorized training or other duty without pay is performed officers may be furnished with transportation to and from such duty, with subsistence en route.

Section 8.7107 is amended by adding the following sentence at the end thereof:

§ 8.7107 *Travel allowances, enlisted men.* • • • When authorized training or other duty without pay is performed enlisted men may be furnished with transportation to and from such duty, with subsistence enroute.

Section 8.7108 is amended by revising the last sentence thereof to read as follows:

§ 8.7108 *Transportation of dependents.* • • • They are entitled to transportation of dependents at Government expense from home to place of reporting for active duty, and from place of release from active duty to home.

Section 8.7109 is amended to read as follows:

§ 8.7109 *Transportation of household effects.* (a) Commissioned officers, chief warrant officers, warrant officers, and enlisted men of the first, second, and third, pay grades of the Reserve while on active duty are entitled to transportation of household goods at Government expense upon permanent change of station as prescribed in Coast Guard Pay and Supply Instructions for officers and enlisted men of similar ranks, grades, and ratings of the regular Coast Guard. Enlisted men of the Reserve are entitled to transportation of household effects at Government expense from home to place of reporting for active duty and from place of release from active duty to home under the same conditions and subject to the same limitations prescribed for enlisted men of the regular Coast Guard upon permanent change of station.

(b) Officers of the Reserve are entitled, when called to active duty, and release therefrom, to transportation of household effects as prescribed for officers of the regular Coast Guard upon permanent change of station.

Section 8.7110 is amended to read as follows:

§ 8.7110 *Subsistence and rations.* (a) Commissioned officers, chief warrant officers, and warrant officers of the Reserve while in pay status, are entitled to the subsistence allowance prescribed for their respective pay periods or ranks in Pay and Supply Instructions.

(b) Enlisted men of the Reserve while on active duty, training duty with pay, or active duty while undergoing training are entitled to rations in kind, commuted rations, or subsistence allowances as prescribed in Pay and Supply Instructions for enlisted personnel of the regular Coast Guard attached to the unit at which such duty is performed.

(c) When authorized by Headquarters, subsistence in kind will be furnished enlisted men while performing authorized training duty without pay and subsisted in general mess. The commanding officer of the vessel or unit at which such duty is performed will inform the district commander of the estimated total cost of subsistence for each man performing training duty without pay. The costs for subsistence furnished in this manner will not be charged to the district commander's allotment under the Reserve appropriation. The district commander's reports of training, however, will include an estimate as to the total cost of such subsistence.

(d) Officers and enlisted men of the Reserve when detailed to training duty without pay may be furnished a ration in kind, commuted ration, or subsistence allowance as may be prescribed by Headquarters.

Section 8.7111 (a) is amended by inserting the words "or ranks" after the words "pay periods".

Section 8.7112 (a) is amended to read as follows:

§ 8.7112 *Uniform allowances.* (a) Upon first reporting for active or training duty with pay, at a location where uniforms are required to be worn, commissioned or warrant officers of the Reserve shall be paid a sum not to exceed $100 as reimbursement for the purchase of the required uniforms and thereafter shall be paid an additional sum of $50 for the same purpose upon completion of each period of 4 years in the Reserve except that this latter amount of $50 shall not become due any officer until called to active or training duty after the completion of the previous 4 year period.

Section 8.7112 is further amended by adding the following paragraphs (d), (e), and (f):

(d) In addition to the uniform allowance authorized in paragraph (a) of this section, officers of the Coast Guard Reserve, upon first reporting for active duty during time of war or national emergency, shall be paid a further sum of $150 for the purchase of required uniforms. Crediting of this additional sum shall be effected in the same manner as is prescribed for the regular uniform allowance.

(e) In time of war or national emergency, enlisted men of the Reserve, upon first reporting for active duty shall be credited with uniform allowances in the same amount as prescribed as clothing bounty for enlisted men of the regular Coast Guard upon original enlistment. Enlisted men of the Coast Guard Reserve, upon reporting for active duty in time of war or national emergency who have been previously credited with clothing allowance, may be issued without cost such additional articles of uniform and bedding as may be necessary to complete their outfits, such issues not to exceed in value the amount prescribed as clothing bounty for enlisted men of the regular Coast Guard upon original enlistment.

(f) Items of uniform clothing, bedding and equipment issued to members of the Coast Guard Reserve under authority of the preceding articles will remain the property of the Government. Upon separation from the Service the Reservist may be required by his commanding officer to return the clothing so issued. When clothing is turned in, a credit shall be made in the man's service record and, in addition, the officer carrying the clothing account shall be notified of such return.

Section 8.7201 (b) is amended to read as follows:

§ 8.7201 *Compensation for injury, under United States Employees' Compensation Commission.*

• • • • • •

(b) Any reservist, other than a temporary reservist, who if called or ordered into extended active service in excess of thirty days, suffers disability or death in line of duty from disease or injury while so employed shall be deemed to have been in the active service of the Coast Guard during such period, and such reservist or his beneficiaries shall be in all respects entitled to receive the same pensions, compensation, retirement pay, and hospital benefits as are now or may hereafter be provided by law or regulation for members of the Naval Reserve who suffer disability or death under similar conditions. Any such reservist who is also eligible for a pension under the provisions of § 8.7202 or compensation from the United States Employees' Compensation Commission as set forth in paragraph (a) of this section shall elect which benefit he shall receive.

Section 8.7205 (c) is amended to read as follows:

§ 8.7205 *Certificate for disability allowance.*

• • • • • •

(c) The following affidavit will be required of every Reservist upon reporting for active duty or training duty with or without pay:

I, _____, U. S. Coast Guard Reserve, being first duly sworn, upon oath depose and say that I am not drawing, nor have I a claim pending for a pension, disability allowance, disability compensation, or retired pay from the Government of the United States.

_____

Subscribed and sworn to before me this _____ day of _____, 19____.

_____

(Signature and Official Title)

Section 8.7205 is further amended by adding the following new paragraph (d).

(d) Upon being furnished the foregoing affidavit the officer to whom the Reservist reports for active or training duty, shall indorse on all copies of the Reservist's orders, the following cerification:

I certify that the above-named officer has executed the required affidavit stating that he is not drawing a pension, disability allowance, disability compensation, or retired pay from the Government of the United States.

[Docket No. A-721-Part II]

PETITION OF DISTRICT BOARD 3 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF MINE INDEX NO. 1193 OF DISTRICT NO. 3

ORDER GRANTING RELIEF

A petition having been filed with the Bituminous Coal Division, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, by Eugene L. Campbell, J. H. Baker, R. C. Catlette, Bruce Wiseman, Jake A. Neal, Lee Matheny, individuals, and Odell & Perkins, a partnership, code members in District No. 3, requesting that the minimum f. o. b. mine prices for shipments by truck established for the Duffey Mine (Mine Index No. 1193) of A. B. Holcomb, in District No. 3, be increased for coals in Size Group 2 from $2.38 to $2.48, in Size Group 5 from $2.03 to $2.23, and in Size Group 7 from $1.73 to $1.93 per net ton;

A hearing in this matter having been held, pursuant to Orders of the Director and after due notice to all interested persons, before Charles S. Mitchell, a duly designated Examiner of the Division, at a hearing room thereof in Clarksburg, West Virginia, at which all interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard;

The preparation and filing of a report by the Examiner having been waived and the record thereupon submitted to the undersigned;

The undersigned having made Findings of Fact and Conclusions of Law and having rendered an Opinion in this matter which are filed herewith;

Now, therefore, it is ordered, That commencing fifteen (15) days from the date of this Order, the Schedule of Effective Minimum Prices for District No. 3 for Truck Shipments be and it hereby is amended by increasing the effective minimum f. o. b. mine prices for the coals produced at the Duffey Mine (Mine Index No. 1193) of A. B. Holcomb, in District No. 3, from $2.38 to $2.48 for coals in Size Group 2, from $2.03 to $2.23 for coals in Size Group 5, and from $1.73 to $1.93 for coals in Size Group 7.

IN THE MATTER OF T. E. LUMAN, DEFENDANT

ORDER GRANTING APPLICATION FOR RESTORATION OF CODE MEMBERSHIP

A written complaint dated June 2, 1941, having been filed herein by the Bituminous Coal Producers Board for District No. 4 on June 16, 1941, pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937 (the "Act"), alleging wilful violation by T. E. Luman, Route 2, Roseville, Ohio, of the Bituminous Coal Code and rules and regulations thereunder; and

The Director on October 31, 1941, having made Findings of Fact, Conclusions of Law and Opinion, and entered an Order based thereon revoking the code membership of T. E. Luman after a hearing held in the above-entitled matter on September 19, 1941, at Zanesville, Ohio, pursuant to an Order of the Acting Director dated July 18, 1941, and said Order of Revocation having been duly served upon T. E. Luman on November 8, 1941; and

Said T. E. Luman having filed with the Division as provided in section 5 (c) of the Act his application dated December 16, 1941, for restoration of code membership; and

It appearing from said application that T. E. Luman on November 14, 1941, paid to the Collector of Internal Revenue at Columbus, Ohio, the sum of forty-three dollars and sixty-seven cents ($43.67), as provided in said Order of October 31, 1941, as a condition precedent to restoration of his code membership;

Now, therefore, it is ordered, That said application of T. E. Luman dated December 16, 1941, for restoration of his code membership be granted and that the code membership of T. E. Luman be and hereby is restored as of November 14, 1941.

[P. & S. Docket No. 298]

IN THE MATTER OF THE ST. JOSEPH STOCK YARDS COMPANY, RESPONDENT-PETITIONER

NOTICE OF PETITION FOR MODIFICATION AND ORDER

On October 15, 1941, the petitioner, The St. Joseph Stock Yards Company, of St. Joseph, Missouri, a stockyard duly posted under the Packers and Stockyards Act, 1921, as amended (7 U.S.C. and Sup. V, §§ 181-231), filed a petition praying for a temporary modification of the orders heretofore entered in this docket on May 4, 1934, August 14, 1936, and April 13, 1938, prescribing schedules of rates and charges for the services rendered by the petitioner, and for an increase in rates and charges for its services. A supplemental petition was filed on November 3, 1941. The reasons alleged in support of the petition for the modification sought are, in substance, as follows:

1. It was estimated, under the schedule of rates prescribed by the Secretary in the order of May 4, 1934, that the estimated volume of receipts would produce a gross revenue of $621,831 annually, resulting in a fair return of $192,010.

2. The volume of receipts of livestock of the respondent and the revenue produced therefrom for the year 1941 will be substantially less than the receipts and the revenue producible therefrom estimated in the order of May 4, 1934.

3. Under the volume of receipts estimated by the petitioner for the year 1941, the net income produced therefrom will be $95,526.64, or $96,483.36 less than the fair net operating income estimated in the order of May 4, 1934.

4. The petitioner during the year 1941 has granted two wage increases, the effect of which has been to increase its payroll $18,000 per year.

It appears that an opportunity for a hearing should be afforded to the petitioner and to all other interested persons including the patrons of the petitioner, for the purpose of determining whether the orders heretofore entered in this proceeding should be modified.

Therefore, by direction of the secretary,

It is ordered, That the petitioner and all other interested persons, including patrons of the petitioner, shall be given an opportunity to be heard and to present such evidence as may be relevant and material to the matters alleged in the petition.

It is further ordered, That all interested persons who desire to be heard shall give notice thereof by filing a petition with the Hearing Clerk, Office of the Solicitor, United States Department of Agriculture, Washington, D. C., within 15 days from the date of the publication of this order.

It is further ordered, That a copy of this notice and order shall be served upon The St. Joseph Stock Yards Company, of St. Joseph, Missouri.

It is further ordered, That a copy of this notice and order shall be published in the FEDERAL REGISTER.

Done at Washington, D. C., this 24th day of December 1941.

Acting Chief,

NOTICE OF POSTPONEMENT OF FURTHER HEARING ON THE HOME WORK PROBLEM IN THE WOMEN'S APPAREL INDUSTRY

Whereas, in accordance with notice of further hearing published in the FEDERAL REGISTER for November 18, 1941, a public hearing was scheduled to be held on January 13, 1942, before Major Robert N. Campbell as Presiding Officer in Washington, D. C., for the purpose of taking further evidence on the following question:

What, if any prohibition, restriction or regulation of home work in the women's apparel industry is necessary to carry out the purposes of the wage order effective September 29, 1941, to prevent the circumvention or evasion of such order, and to safeguard the 40-cent minimum wage rate established therein; and

Whereas it is deemed advisable to postpone such hearings;

Now, Therefore, notice is hereby given that:

1. The hearing on the home-work problem in the women's apparel industry is postponed to February 16, 1942, at 10 a. m., in room 3229 of the United States Department of Labor Building at Washington, D. C.

2. The date before which any interested person wishing to appear and offer evidence at said hearing must file a notice of his intent to appear is advanced from December 23, 1941, to not later than February 7, 1942. The hearing will be conducted in accordance with the rules and procedure issued for the original hearing in a Notice of Hearing published in the FEDERAL REGISTER on July 1, 1941, and incorporated by reference in the Notice of Further Hearing published in the FEDERAL REGISTER on November 18, 1941.

Signed at Washington, D. C., this 19th day of December 1941.

NOTICE OF POSTPONEMENT OF THE HEARING TO DETERMINE THE REASONABLE COST TO THE PIEDMONT COTTON MILLS, INCORPORATED, AND TO ANY AFFILIATED PERSONS, OF LODGING AND OTHER FACILITIES CUSTOMARILY FURNISHED TO THE EMPLOYEES OF THE PIEDMONT COTTON MILLS, INCORPORATED

Whereas, on December 3, 1941, the Administrator signed a Notice providing for a public hearing to be held on January 9, 1942 in the Henry Grady Hotel, Atlanta, Georgia, pursuant to § 531.2 of the Regulations Determining the Reasonable Cost of Board, Lodging and Other Facilities, Regulations, Part 531, as amended, Title 29, Chapter V, Code of Federal Regulations, to determine the reasonable cost to the Piedmont Cotton Mills, Incorporated, Egan, Georgia, and to any affiliated persons, within the meaning of § 531.1 (a) of Regulations, Part 531, of lodging or other facilities customarily furnished to the employees of the Piedmont Cotton Mills, Incorporated, and

Whereas, it now appears advisable to postpone that hearing to January 30, 1942,

Now, therefore, Notice is hereby given that the hearing referred to above will be held on January 30, 1942, at 10 a. m. in the Henry Grady Hotel, Atlanta, Georgia, before Gustav Peck, Presiding Officer designated as the authorized representative of the Acting Administrator.

The time for filing notice of intention to appear with Mr. J. R. McLeod, Regional Director, 5th Floor, Witt Building, 249 Peachtree Street, Atlanta, Georgia, is herewith extended to not later than January 29, 1942.

Upon the publication of this Notice of Postponement, the Piedmont Cotton Mills, Incorporated, shall notify its employees of the postponement of the hearing by posting supplementary Notices in a form prescribed by the Wage and Hour Division, in conspicuous places on its premises.

Signed at Washington, D. C. this 27th day of December, 1941.

NOTICE OF OPPORTUNITY TO PETITION FOR REVIEW OF THE DETERMINATION IN THE MATTER OF THE APPLICATION FOR QUALIFICATION OF THE EXEMPTION THAT HAS BEEN GRANTED TO THE OPEN-CUT MINING OF PLACER GOLD FROM THE MAXIMUM HOURS PROVISIONS OF THE FAIR LABOR STANDARDS ACT OF 1938 AS AN INDUSTRY OF A SEASONAL NATURE

Whereas after a hearing was held in Washington, D. C. on June 19 and 20, 1939, before Mr. Harold Stein, a duly authorized representative of the Administrator of the Wage and Hour Division, the said Harold Stein duly issued findings and determination (4 F.R. 4588), in which he found that the open-cut mining of placer gold in the States of Idaho, Montana, Nevada, Oregon, South Dakota, Utah, Washington, Wyoming, and the Territory of Alaska is a branch of an industry of a seasonal nature, within the meaning of section 7 (b) (3) of the Fair Labor Standards Act of 1938, and Part 526, as amended, of the regulations issued thereunder; and

Whereas no petition for review of such findings and determination having been filed with the Administrator within the fifteen days allowed under the said regulations, the exemption for the open-cut mining of placer gold in the States of Idaho, Montana, Nevada, Oregon, South Dakota, Utah, Washington, Wyoming, and the Territory of Alaska, was made effective by the Administrator on January 3, 1940 (5 F.R. 24), pursuant to § 526.7 of the regulations; and

Whereas pursuant to § 526.5 (c) of the regulations, the Administrator determined on April 2, 1940, (5 F.R. 1284) that a *prima facie* case had been shown for extending the section 7 (b) (3) exemption to the open-cut mining of placer gold in the State of Colorado as part of the branch of the open-cut placer gold mining industry that had been found to be of a seasonal nature; and

Whereas no objection or request for hearing was received within the fifteen days allowed under the said regulations, the Administrator on April 30, 1940, (5 F.R. 1602) found on the *prima facie* case, pursuant to § 526.5 (b) (ii) of the regulations, that the open-cut mining of placer gold in the State of Colorado is a part of the branch of the open-cut placer gold mining industry that had been found to be of a seasonal nature, pursuant to section 7 (b) (3) of the act, and Part 526 of the regulations issued thereunder; and

Whereas applications were thereafter received from the International Union of Operating Engineers, Local No. 375, Butte, Montana; the International Brotherhood of Teamsters, Chauffeurs, Stablemen and Helpers of America, Local No. 412 and Joint Council No. 23, Butte, Montana; and the Helena, Montana Building and Construction Trades Council, to exclude the open-cut mining of placer gold by means of power machinery from the exemption that had previously been granted; and

Whereas the Administrator then gave notice of a public hearing to be held at the Finlen Hotel, Butte, Montana, on May 21, 1941, before Mr. Harold Stein, an authorized representative of the Administrator, who was authorized to take testimony, hear argument, and determine:

Whether the mining of placer gold from surface or open-cuts by means of bucket dredges, draglines, and other methods employing power machinery in the States of Colorado, Idaho, Montana, Nevada, Oregon, South Dakota, Utah, Washington, Wyoming, and the Territory of Alaska:

(1) Was properly included within the seasonal exemption granted to the placer gold mining industry in the above-defined area, and

(2) If not, whether it is a separable branch of the placer gold mining industry and of a seasonal nature within the meaning of Part 526 of the regulations; and

Whereas following such hearing the said Harold Stein duly made his findings of fact and determined as follows:

1. There exist separable branches of the placer gold mining industry which are identified by the various methods used to excavate and move the gravel.

2. Placer gold mines employing power machinery to mechanically excavate and move the gravel, within the Territory of Alaska, generally cease operations completely during regularly, recurring times of the year for periods of six months or more, because, due to climatic or other natural conditions, the gravels handled by the industry are not available in the form in which they are normally handled.

3. The open-cut mining of placer gold by means of power machinery in the Territory of Alaska is a branch of an industry of a seasonal nature within the meaning of section 7 (b) (3) of the Fair Labor Standards Act and Part 526, as amended, of the regulations issued thereunder, and was properly included in the exemption granted on January 3, 1940.

4. About ninety percent of all the placer gold produced by open-cut placer gold mines employing power machinery to excavate and move the gravel within the States of Colorado, Idaho, Montana, Nevada, Oregon, South Dakota, Utah, Washington and Wyoming, is produced by those placer mines which, through the use of power machinery, are able to overcome climatic and other natural conditions. These mines, employing power methods, generally operate in excess of six months during each calendar year and maintain an operating season which has no reasonable relation to the fourteen week exemption provided in section 7 (b) (3) of the Fair Labor Standards Act.

5. The open-cut mining of placer gold by means of power machinery within the States of Colorado, Idaho, Montana, Nevada, Oregon, South Dakota, Utah, Washington and Wyoming is a branch of an industry, but is not of a seasonal nature within the meaning of section 7 (b) (3) of the Fair Labor Standards Act and Part 526, as amended, of the regulations issued thereunder, and should not have been included in the seasonal exemption granted to the open-cut mining of placer gold in the above-mentioned states.

Whereas said findings and determination were duly filed with the Administrator on December 8, 1941, and are now on file in Room 5418, Department of Labor Building, Washington, D. C., and are available for examination by all interested parties;

Now, therefore, pursuant to the provisions of § 526.7 of the aforesaid regulations, notice is hereby given that any person aggrieved by the said determination may, within fifteen days after the date that this notice appears in the FEDERAL REGISTER, file a petition with the Administrator requesting that he review the action of the said representative upon the record of hearing held before the said representative.

Signed at Washington, D. C., this 5th day of December 1941.

Acting Administrator.

CERTIFICATION TO THE DEPARTMENT OF EMPLOYMENT SECURITY OF THE STATE OF COLORADO PURSUANT TO SECTION 1602 OF THE INTERNAL REVENUE CODE

The Department of Employment Security of the State of Colorado having duly submitted to the Social Security Board, pursuant to the provisions of section 1602 (b) (3) of the Internal Revenue Code, as amended, the Colorado Employment Security Act; and

The Social Security Board having considered the provisions of said law to determine whether or not reduced rates of contributions are allowable thereunder under conditions fulfilling the requirements of section 1602 of the Internal Revenue Code:

The Board hereby finds that:

(1) Said law provides for a pooled fund as defined in section 1602 (c) (2) of the Internal Revenue Code; and

(2) Reduced rates of contributions under said law to such pooled fund are allowable only in accordance with the provisions of section 1602 (a) (1) of the Internal Revenue Code.

Pursuant to the provisions of section 1602 (b) (3) of the Internal Revenue Code, the Board hereby directs that the foregoing findings be certified to the Department of Employment Security of the State of Colorado.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 31-510]

IN THE MATTER OF MASSACHUSETTS MUTUAL LIFE INSURANCE COMPANY

SUPPLEMENTAL ORDER EXTENDING EXEMPTION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 26th day of December, A. D. 1941.

The Commission having heretofore on the 27th day of June 1941, granted the Massachusetts Mutual Life Insurance Company an exemption as a holding company from the provisions of the Public Utility Holding Company Act of 1935 for a period of six months from and after said date with respect to its ownership of 10 per centum or more of the voting securities of Indiana Gas & Chemical Corporation, an exempt holding company; and

Said Massachusetts Mutual Life Insurance Company having, on the 19th day of December, 1941, filed an application requesting a six months' extension of said order of exemption; and

The Commission having considered such application and finding that the circumstances upon which the order of exemption was issued still exist and that an extension of the same for a period of six months will not be detrimental to the public interest or the interest of investors or consumers;

It is hereby ordered, That the time during which such order of exemption shall be effective be, and the same hereby is, extended until the 27th day of June, 1942.

It is further ordered, That the jurisdiction of this Commission be and the same is hereby reserved for the purpose of entering such further orders as may from time to time be deemed appropriate.

By the Commission.

IN THE MATTER OF CENTRAL U. S. UTILITIES COMPANY, AND ARKANSAS GENERAL UTILITIES COMPANY

ORDER GRANTING APPLICATION AND PERMITTING DECLARATIONS TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 26th day of December, A. D. 1941.

The above named parties having filed declarations pursuant to Rule U-43 and Rule U-44 promulgated under sections 12 (d) and 12 (f) of the Public Utility Holding Company Act of 1935 and an application pursuant to Section 10 of said Act; amendments having been filed from time to time; the filings as amended being concerned with

(a) The sale by Central U. S. Utilities Company, a registered holding company, to Walton Sullivan and Company, investment dealers of Little Rock, Arkansas, for a cash consideration of $325,000, of all of the outstanding capital stock, consisting of 5,000 shares of common stock, no par value, and all of the indebtedness (except certain First Mortgage Bonds hereinafter referred to) aggregating $158,628.71, of Arkansas General Utilities Company.

Upon the date of closing Central U. S. Utilities has agreed to surrender to Arkansas General Utilities Company for cancellation $663,500 principal amount of First Mortgage Series A 6% Bonds, being the total outstanding funded debt of Arkansas General Utilities Company. The consideration of $325,000 is subject to minor adjustments at the date of closing, such minor adjustments to cover items, such as, unbilled revenues, ice inventory, and Federal Transfer Taxes; and

(b) Central U. S. Utilities Company proposes to acquire from Arkansas General Utilities Company 190 shares of capital stock of Atlantic Utilities Service Corporation for the sum of $2,517.50, being the cost thereof to Arkansas General Utilities Company.

Notice of said filing having been issued on October 23, 1941, in the form and manner prescribed by Rule U-23 promulgated pursuant to said Act, and the Commission not having received a request for a hearing with respect to said filings within the period specified in said notice, or otherwise, and not having ordered a hearing thereon;

The Commission deeming it appropriate in the public interest and in the interest of investors and consumers to permit said declarations to become effective pursuant to Rule U-43 and Rule U-44, promulgated under section 12 (d) and 12 (f); and finding with respect to said application of Central U. S. Utilities Company pursuant to section 10, that no adverse findings are necessary under section 10 (b) and section 10 (c) (1) of the Act and that the transaction involved has the tendency required by section 10 (c) (2) of said Act;

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of said Act and subject to the terms and conditions prescribed in Rule U-24 and the additional condition, to which the companies have expressly agreed in their amendment No. 3, that Central U. S. Utilities Company surrender to Arkansas General Utilities Company for cancellation the above described mortgage bonds of Arkansas General Utilities Company, that the application be and the same hereby is granted, and that the declarations be and the same hereby are permitted to become effective.

By the Commission, Commissioner Healy dissenting from that part of the order granting the approval to the application pursuant to Section 10 for the reasons set forth in his memorandum of April 1, 1940.

ORDER GRANTING APPLICATION TO INTERVENE, DIRECTING HEARING REGARDING CERTAIN MATTERS, CONSOLIDATING SAID HEARING WITH CERTAIN OTHER PROCEEDINGS, AND POSTPONING DATE OF HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 26th day of December A. D. 1941.

The Commission having previously issued its Notice of and Order for Hearing in the matter of Denis J. Driscoll and Willard L. Thorp, Trustees of Associated Gas and Electric Corporation, Debtor (File No. 59-32), pursuant to section 11 (b) (1) of the Public Utility Holding Company Act of 1935, in which order it was provided, among other things, that the Respondents should show cause why an immediate order should not be entered requiring the divestment by the Respondents of all their interests in companies operating in states other than New York, Pennsylvania, and New Jersey as more fully specified in said order; and

Northeastern Water and Electric Corporation et al. having filed an application with this Commission (File No. 70-455) with respect to various matters, including among other things the disposition by said corporation of the securities which it owns of certain electric properties operating in the State of Ohio, including the securities of The Ohio Northern Public Service Company, to the Trustees of Associated Gas and Electric Corporation, said proposed transaction being in connection with a proposed sale by said Trustees of their interests in the common stock of Northeastern Water and Electric Corporation to John H. Ware, Jr. and Penn-Jersey Water Company, and which application has by previous order of this Commission, entered December 16, 1941, been set for hearing before this Commission on January 5, 1942; and

The City of Bowling Green, Ohio, having filed a request to intervene in said proceedings under section 11 (b) (1) (File No. 59-32) and to be heard as to all matters affecting the interests of said City, and said City having requested specifically that the Commission order the sale of certain electric and water properties located in and about said City of Bowling Green, said properties being operated by The Ohio Northern Public Service Company and The City Water

Company, both of said companies being subsidiaries of Northeastern Water and Electric Corporation; and

It appearing to the Commission that said request to intervene should be granted, and that specific consideration should be given to the question as to whether an order should be entered directing disposition by the Respondents in said proceedings under section 11 (b) (1) of their interests in the electric properties of The Ohio Northern Public Service Company and of the water properties of The City Water Company;

It further appearing to the Commission that the matters involved in the said proceedings with respect to the application filed by Northeastern Water and Electric Corporation, et al. (File No. 70–455) are related to the request made by said City of Bowling Green in said proceedings under section 11 (b) (1) (File No. 59–32), and that for such purposes a consolidated hearing should be held with respect to said matters;

It appearing further to the Commission that the applicants have requested a postponement of said hearing from January 5, 1942 to January 8, 1942 at 2:00 o'clock P. M., and that said request may appropriately be granted;

It is hereby ordered, That:

1. The request to intervene of the City of Bowling Green, Ohio, be and hereby is granted, and said City of Bowling Green, Ohio, is admitted as a party in said proceedings under section 11 (b) (1), and may be heard as to all matters affecting its interests;

2. The request of the City of Bowling Green that an order should be entered forthwith in said proceedings under section 11 (b) (1) with respect to the disposition by the Trustees of their interests in The Ohio Northern Public Service Company and The City Water Company, is hereby consolidated for hearing with the proceedings pending before this Commission in the matter of Northeastern Water and Electric Corporation, et al., File No. 70–455, and a consolidated hearing with respect to said matters shall be held at the Washington offices of this Commission, the date of which hearing is hereby postponed to January 8, 1942, at 2:00 o'clock P. M., in the room to be designated on said day by the hearing-room clerk in Room 1102, 1778 Pennsylvania Avenue NW., Washington, D. C., before the officer previously designated by order of the Commission entered December 16, 1941, in said matter of Northeastern Water and Electric Corporation, et al.;

3. At said hearing to be held as aforesaid, there will be considered whether an order should be entered directing the disposition by the Respondents of their interests in the electric and water properties operating in Bowling Green, Ohio, said interests being represented by securities of The Ohio Public Service Company and The City Water Company;

4. In connection with said hearing there will also be considered, in addition to the other matters hereinbefore specified in the aforesaid order of December 16, 1941, the question of whether it is in the public interest or the interests of investors and consumers to permit the acquisition by the Trustees of Associated Gas and Electric Corporation of securities representing interests in electric properties located in the State of Ohio, pending the possible sale of said properties by Northeastern Water and Electric Corporation to interests outside the holding company system of said Trustees.

By the Commission.

IN THE MATTER OF NEW MEXICO POWER COMPANY AND ALBUQUERQUE GAS AND ELECTRIC COMPANY

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE AND GRANTING APPLICATIONS

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 26th day of December, A. D. 1941.

The above-named companies having filed declarations and an application pursuant to the Public Utility Holding Company Act of 1935, particularly sections 6 (b), 12 (b) and 12 (f) thereof, and Rules U-43 and U-45 promulgated thereunder, regarding the issue and sale by Albuquerque Gas and Electric Company to John Hancock Mutual Life Insurance Company of $267,000 principal amount of 3½% First Mortgage Bonds at 104¼% of the principal amount thereof, the proceeds to be used to the extent necessary to acquire certain electric utility assets, subject to certain tax liabilities, from New Mexico Power Company, an associate company, said utility assets being adjacent to and interconnected with existing facilities of Albuquerque Gas and Electric Company; and

Said declarations and application having been filed on December 13, 1941 and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said Act, and the Commission not having received a request for a hearing with respect to said application within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission deeming it appropriate in the public interest and in the interest of investors and consumers to permit said declarations pursuant to Rules U-43 and U-45 to become effective and finding that the requirements of section 6 (b) are satisfied and that Albuquerque Gas and Electric Company is entitled to an exemption from the provisions of section 6 (a) of said Act regarding the proposed issue and sale of securities; and finding it appropriate in the public interest and in the interest of investors and consumers that the date of permitting such declarations to become effective and granting such application be advanced;

It is hereby ordered, Pursuant to said Rule U-23 and the applicable provisions of said Act and subject to the terms and conditions prescribed in Rule U-24 that the aforesaid declarations be and hereby are permitted to become effective and that the aforesaid application be and hereby is granted forthwith.

By the Commission (Commissioner Healy dissenting in respect of any order pursuant to section 6 (b) for the reasons set forth in his memorandum of April 1, 1940).

IN THE MATTER OF THE CLEVELAND ELECTRIC ILLUMINATING COMPANY AND THE POWER & LIGHT BUILDING COMPANY

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 26th day of December, A. D. 1941.

The Cleveland Electric Illuminating Company, a subsidiary of The North America Company, a registered holding company, and The Power & Light Building Company, a wholly owned non-utility subsidiary of The Cleveland Electric Illuminating Company, having filed a joint application and declaration pursuant to the Public Utility Holding Company Act of 1935, particularly sections 10, 12 (c) and 12 (f) thereof and Rules U-42 and U-43 promulgated thereunder with regard to: (a) the proposal of The Cleveland Electric Illuminating Company to acquire, subject to all liabilities, all of the assets of The Power & Light Building Company in consideration of its surrender for cancellation of all the outstanding securities of The Power & Light Building Company, namely, 4,600 shares of capital stock of a par value of $100 each, and (b) the proposal of The Power & Light Building Company to make the aforesaid transfer of its assets for such consideration, to retire and cancel all of its capital stock so to be acquired, and to dissolve.

And it appearing to the Commission that said assets consist primarily of an office building owned by The Power & Light Building Company and occupied solely by The Cleveland Electric Illuminating Company and that the continued corporate existence of The Power & Light Building Company serves no useful corporate purpose;

And said joint application and declaration having been filed on December 18, 1941, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said Act and the Commission not having received a request for a hearing with respect to said joint application and declaration within the period specified in said notice or otherwise and not having ordered a hearing thereon; and the parties having requested that said joint application and declaration be approved and be permitted to become effective as soon as possible; and

The Commission deeming it appropriate in the public interest and in the interest of investors and consumers to approve said joint application and to permit said joint declaration to become effective, and finding with respect to said application that the requirements of section 10 (b) and (f) of said Act are satisfied and that no adverse findings are necessary under section 10 (c), and finding with respect to said declaration that the requirements of sections 12 (c) and 12 (f) of said Act and of Rules U-42 and U-43 promulgated thereunder are satisfied; and being further satisfied that the approval of said joint application and the effective date of said joint declarations should be advanced;

It is hereby ordered, Pursuant to said Rule U-23 and the applicable provisions of said Act and subject to the terms and conditions prescribed in Rule U-24, that said joint application be and the same is hereby approved and that said joint declaration be and the same is hereby permitted to become effective forthwith.

By the Commission (Commissioner Healy dissenting for the reasons set forth in his memorandum of April 1, 1940).

IN THE MATTER OF COMMONWEALTH UTILITIES CORPORATION

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 26th day of December, A. D. 1941.

Notice is hereby given that a declaration or application (or both), has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above-named party or parties; and

Notice is further given that any interested person may, not later than January 12, 1942 at 4:30 P. M., E. S. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested persons are referred to said declaration or application, which is on file in the office of said Commission, for a statement of the transactions therein proposed, which are summarized below:

Commonwealth Utilities Corporation, a registered holding company and a subsidiary of The United Gas Improvement Company, also a registered holding company, proposes to apply proceeds of $1,667,000, received from the sale of its former ice and cold storage subsidiaries, to the redemption of all its outstanding 12,338 shares of $6.50 Preferred Stock of Series C (redeemable at $105 per share) and all its outstanding 3,840 shares of $6 Preferred Stock of Series B (redeemable at $102 per share), on March 1, 1942 and April 1, 1942, respectively. It is further proposed, in order to effect such redemption, to eliminate the deficit resulting from the loss of $1,907,808 sustained in the sale of said properties. It is proposed to charge said deficit to earned surplus and contingent reserve aggregating $767,012, and the balance to the capital surplus of $2,058,377 which will be created by the proposed reduction in the stated value of the company's outstanding 288,873 shares of Class B Common Stock, substantially all of which is held by The United Gas Improvement Company, from the present average stated value of $24.626 per share to $17.50 per share, which reduction will be submitted for stockholders' approval at a special meeting on January 5, 1942. It is further proposed to charge said capital surplus with the premium on the proposed redemption of both series of preferred stock, the excess of liquidating value over the stated value of said preferred stocks, accrued and unpaid dividends on said preferred stocks to the dates of redemption, and redemption expenses. The balance of said capital surplus in the amount of $694,783 will provide for possible losses which may be sustained in the sale of any of the company's remaining assets.

The company has designated sections 6, 7 and 12 (c) of the Act and Rules U-42 and U-46 thereunder as applicable to the proposed transactions.

By the Commission.

IN THE MATTER OF OGDEN CORPORATION, AND LITCHFIELD AND MADISON RAILWAY COMPANY

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE AND GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 26th day of December, A. D. 1941.

Litchfield and Madison Railway Company, a subsidiary of Ogden Corporation which is a registered holding company, having filed a declaration pursuant to section 12 (f) of the Public Utility Holding Company Act of 1935 and Rule U-43 thereunder, regarding the sale at public auction of 5,350 units of beneficial interest of Utilities Realty Liquidation Trust; and

Ogden Corporation having filed an application pursuant to Section 10 of said Act, regarding the purchase of said 5,350 units of beneficial interest of Utilities Realty Liquidation Trust for $26,750 cash; and

Said application and declaration having been jointly filed on December 9, 1941, and an amendment thereto having been filed on December 18, 1941, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said Act, and the Commission not having received a request for a hearing with respect to said application within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The above named parties having requested that said application, as amended, be granted and that said declaration, as amended, become effective on or before December 24, 1941; and

The Commission deeming it appropriate in the public interest and in the interest of investors and consumers to permit the said declaration, as amended, pursuant to Rule U-43 to become effective and to grant the said application, as amended, pursuant to section 10, and finding with respect to said application under section 10 that no adverse findings are necessary under section 10 (b) and section 10 (c) (1) of said Act, and finding with respect to said declaration pursuant to Rule U-43 that the requirements of section 12 (f) are satisfied, and being satisfied that the effective date of such declaration, as amended, and the date of granting such application, as amended, should be advanced.

It is hereby ordered, Pursuant to said Rule U-23 and the applicable provisions of said Act and subject to the terms and conditions prescribed in Rule U-24 that the aforesaid declaration, as amended, be and hereby is permitted to become effective forthwith and that said application, as amended, be and hereby is granted forthwith.

By the Commission.

IN THE MATTER OF THE KANSAS POWER COMPANY

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 26th day of December, A. D. 1941.

The above named company having filed a declaration pursuant to the Public Utility Holding Company Act of 1935, particularly section 7 thereof, regarding the reduction (effective October 20, 1941) from 3½% to 2¾%, in the interest rate on $360,195.46 of unsecured notes of the Company due serially January 20, 1942—July 20, 1945, owing to the Continental Illinois National Bank and Trust Company of Chicago and the City National Bank and Trust Company of Chicago, said reduction in interest rate having been agreed to by the banks in consideration of the payment by the Company of $77,608.42 principal amount of unsecured notes maturing January 20, 1946 and July 20, 1946, which maturities were paid by the Company on or about October 9, 1941; and

Said declaration having been filed on November 18, 1941, and an amendment thereto having been filed on December 22, 1941, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said Act, and the Commission not having received a request for a hearing with respect to said declaration within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The above named Company having requested that said declaration, as filed or as amended, become effective as soon as reasonably practicable; and

The Commission finding with respect to said declaration under section 7 of said Act that the requirements of section 7 (c) of said Act are satisfied and that no adverse findings are necessary under section 7 (d) of said Act, and being satisfied that the effective date of such declaration, as amended, should be advanced:

It is hereby ordered, Pursuant to said Rule U-23 and the applicable provisions of said Act and subject to the terms and conditions prescribed in Rule U-24, that the aforesaid declaration, as amended, be and hereby is permitted to become effective.

By the Commission. (Commissioner Healy dissenting for the reasons set forth in his memorandum of April 1, 1940)

Where Service Is Offered

§ 51.4 *Inspection, where made.* Products may be inspected at points indicated in paragraphs (a), (b), and (c) of this section whenever an official inspector is available.

(a) *Shipping points.* Inspection is available in all States with which the Agricultural Marketing Service has entered into cooperative agreements providing for this work.

(b) *Designated markets.* The following are designated as important central markets at which products may be inspected under the act:

Atlanta, Ga.; Baltimore, Md.; Boston, Mass.; Buffalo, N. Y.; Chicago, Ill.; Cincinnati, Ohio; Cleveland, Ohio; Columbus, Ohio; Denver, Colo.; Detroit, Mich.; Forth Worth, Tex.; Hartford, Conn.; Houston, Tex.; Indianapolis, Ind.; Jacksonville, Fla.; Kansas City, Mo.; Los Angeles, Calif.; Memphis, Tenn.; Milwaukee, Wis.; Minneapolis, Minn.; New Haven, Conn.; New Orleans, La.; New York, N. Y.; Norfolk, Va.; Oklahoma City, Okla.; Philadelphia, Pa.; Pittsburgh, Pa.; Portland, Oreg.; Rochester, N. Y.; St. Louis, Mo.; Salt Lake City, Utah; San Francisco, Calif.; Seattle, Wash.; Washington, D. C.

(c) *Other points.* Inspection may be made at other points approved by the Chief of Service, or at any point near a designated market under conditions provided in § 51.40 to the extent permitted by the time of the nearest inspector.*

Inspection Service

§ 51.5 *Kind of service.* Inspection of products may be made according to quality or condition.*

§ 51.6 *Who may obtain service.* An application for inspection may be made by any financially interested person, his authorized agent, and Federal, State, county, and municipal governments, and common carriers.*

§ 51.7 *How to make application.* Application for inspection may be filed in the office of inspection or with an inspector. It may be made in writing, orally, by telegraph, or telephone. If made orally the inspector may require that it be confirmed by applicant in writing or by telegraph, giving the information required by § 51.8. Application may be made for one or more lots, or it may be a blanket application for inspection of all designated lots of a given commodity within a given period, or for all designated lots loaded or received at a given point.*

§ 51.8 *Form of application.* Each application for inspection shall state (a) the name and post-office address of the applicant and of the person, if any, making the application in his behalf; (b) the name and post-office address of the shipper; (c) the kind and quantity of the products involved; (d) the financial interest of the applicant (except the State) therein; (e) the identification of the products by (1) grade, brand, or other marks, if possible, (2) car initials, car number, and name of carrier or number of truck or name of boat, if possible; and (3) name and location of store, warehouse, or other place where the products are located; (f) the particular quality or condition concerning which inspection is requested, to which may be added the particular time and place at which it is desired that the inspection be made; (g) the name and address of the receiver when the lot is to be inspected in a receiving market; (h) the name of the shipping point and of the destination when known; and (i) such other information as may be necessary for identification of the product or as may be required by the inspector or the Chief of Service.*

§ 51.9 *Filing of application.* An application shall be deemed filed when delivered to the proper office of inspection. A record showing the date and time of filing shall be made in such office.*

§ 51.10 *When application may be rejected.* An application may be rejected by the inspector in charge of the office of inspection in which it is filed, for noncompliance with the act or any applicable regulation thereunder, and such inspector shall immediately notify the applicant of the reasons for such rejection.*

§ 51.11 *When application may be withdrawn.* An application may be withdrawn by the applicant at any time before the work is performed, upon payment of any expenses incurred by the Agricultural Marketing Service in connection therewith.*

§ 51.12 *Authority of agent.* Proof of the authority of any person applying for inspection in behalf of another may be required in the discretion of the inspector.*

§ 51.13 *Accessibility of products.* The applicant shall cause the products for which inspection is requested to be made accessible for sampling or inspection and to be so placed as to disclose their quality or condition. Samples of the products drawn for examination shall be inspected only under such conditions as will permit a true and correct determination to be made of their quality or condition.*

§ 51.14 *Basis of service.* Inspection and certification for quality or condition, unless the applicant shall request otherwise, shall be based upon the official and tentative standards of the United States Department of Agriculture or any State or foreign country, or shall be by description where official standards are lacking.*

§ 51.15 *Order of Inspection.* Inspection shall be made in the order in which applications are received, except that precedence shall always be given (a) to the inspection of lots involved in Perishable Agricultural Commodities Act complaints and (b) to appeal inspections. Precedence may also be given to applications made by a branch of the Federal Government.*

§ 51.16 *Financial interest of inspector.* No inspector shall inspect any products in which he is directly or indirectly financially interested.*

§ 51.17 *Postponing inspection.* If the inspector has reason to believe that because of latent defects due to climatic or other conditions he is unable to determine the true quality or condition of the product, he shall postpone examination of the product for such period as may, in his judgment, be reasonably necessary to enable him to determine its true quality or condition.*

§ 51.18 *Official sampling.* Samples may be officially drawn by any duly authorized inspector and delivered or shipped for analysis and certification to the nearest designated market or to such designated market as shall be directed by the Agricultural Marketing Service. The container in which such samples are delivered or shipped shall contain a statement signed by the inspector who drew the samples showing the time and place of the sampling and the brands or other identifying marks of containers from which the samples were drawn. The certificate based on such samples shall show the time and place of drawing the sample and the name of the inspector by whom it was drawn.*

§ 51.19 *Certificate, form.* Certificates shall be issued on forms approved by the Chief of Service: *Provided*, That when application for inspection is made by any branch of the Federal Government or by a public institution or by anyone, for the purpose of determining whether food products for use by such applicant comply with contract specifications therefor, a formal certificate need not be issued, but the fact of such compliance or noncompliance may be indicated by appropriate stamp or mark on such products or the containers thereof, or otherwise, in the discretion of the inspector: *Provided further*, That memoranda of inspections showing the grades of individual growers' lots offered for manufacturing or other purposes may be issued in lieu of certificates on forms approved by the Chief of Service.*

§ 51.20 *Certificates, issuance.* The inspector shall sign and issue a separate certificate for each lot inspected by him, except that when an application covers a number of less-than-carload lots a single certificate may be issued to cover all such lots. Each kind of fruit or vegetable shall constitute a separate lot, but different varieties of the same kind of fruit or vegetable, except peanuts, pecans, and other nuts, shall not be so considered.*

§ 51.21 *Certificates, disposition.* The original certificate and not to exceed four copies, if requested prior to issuance, shall be immediately delivered or mailed to the applicant or a person designated by him. One copy shall be filed in the office of the inspector, or of the cooperating agency, and one copy forwarded to the Chief of Service, except that memoranda of inspections issued as provided in § 51.19 need not be so forwarded. Copies of certificates shall be kept on file until other disposition is ordered by the Chief of Service. In the case of any product with respect to which a marketing agreement and order are in effect under the jurisdiction of the Surplus Marketing Administration copies of certificates covering inspection of such products shall be delivered to the control committee or supervisory body or bodies established thereunder upon the direction of the Secretary or his authorized agent, subject to such terms and conditions as the Secretary may prescribe, for the purpose of effectuating the purposes of said marketing agreement and order. Copies will be furnished to other financially interested parties as outlined in § 51.41.*

§ 51.22 *Advance information.* Upon request of an applicant, all or any part of the contents of the certificates may be telegraphed or telephoned to him, or to any person designated by him, at his expense.*

Appeal Inspection

§ 51.23 *When appeal may be taken.* An application for appeal inspection may be made whenever any financially interested person is dissatisfied with the determination stated in the original certificates.*

§ 51.24 *How to obtain.* Appeal inspection may be obtained by the applicant or other person financially interested in the product by filing a request (a) in the inspection office nearest the point where the product is located or (b) with the inspector who made the original inspection, or (c) in any regional supervisory inspection office, or (d) with the Chief of Service. The application for appeal shall state the reasons therefor and should be accompanied by a copy of any previous inspection certificate or inspection report, or any other information which the applicant shall have received regarding the quality or condition of the product at the time of the original inspection. Such application may be made orally or in writing, or by telegraph or telephone. If made orally the person receiving the application may require that it be confirmed in writing.*

§ 51.25 *Record of filing time.* A record showing the date and time of filing such application shall be immediately made by the receiver thereof.*

§ 51.26 *When appeal may be refused.* If it shall appear that the reasons stated in an application for appeal inspection are frivolous or unsubstantial, or that the quality or condition of the products has undergone a material change since the original inspection, or that the products cannot be made accessible for a thorough examination of all parts of the lot,

or the identity has been lost, or the regulations in this part have not been complied with, the application may be denied.*

§ 51.27 *When appeal may be withdrawn.* Any application for appeal inspection may be withdrawn by the applicant at any time before the inspection has been made upon payment of any expenses incurred by the Agricultural Marketing Service in connection therewith.*

§ 51.28 *Order in which made.* Appeal inspections shall be made as far as practicable at the time requested by applicant and in the order in which applications are received. They shall take precedence over all other pending applications, except inspections covering lots involved in Perishable Agricultural Commodities Act cases.*

§ 51.29 *Who shall make appeal inspections.* Appeal inspections shall be made by inspectors specially designated therefor by the Chief of Service, and such inspections shall be conducted jointly by two inspectors when practicable. No appeal inspector shall pass upon an appeal involving the correctness of a certificate issued by him.*

§ 51.30 *Appeal findings.* The inspector or inspectors making an appeal inspection shall sign and issue an appeal inspection certificate which shall supersede and refer specifically to the original inspection certificate from which the appeal was taken, and state the quality or condition of the product, as determined by the appeal inspection. In all other respects the provisions of §§ 51.5–51.22 shall apply to appeal inspection certificates, except that if the applicant for appeal inspection be not the original applicant a copy of the appeal inspection certificate shall be mailed to the original applicant.*

§ 51.31 *Superseded certificates.* When an inspection certificate shall have been superseded by an appeal inspection certificate such inspection certificate shall become null and void and shall not thereafter represent the quality or condition of the product described therein. If the original and all copies of the superseded certificate are not delivered to the person receiving the application for appeal inspection, the officer issuing the superseding certificate shall forward notice of such issuance and of the cancelation of the original certificate to such persons as he considers necessary to prevent fraudulent use of the canceled certificate.*

§ 51.32 *Reinspections other than appeals.* Inspections requested to determine factors of quality or condition which may have undergone material change since the original inspection, shall not be considered appeal inspections within the meaning of the regulations in this part. A second inspection requested for the purpose of securing an up-to-date certificate, but where the applicant does not question the correctness of the original certificate covering the lot in question, shall not be considered an appeal inspection.*

Licensed Inspectors

§ 51.33 *Who may be licensed.* Persons showing proper qualifications may be licensed by the Secretary as inspectors of products which may be inspected under the act. All such licenses shall be countersigned by the supervising inspector under whose direction the licensee is to make inspections, or by such other official as may be designated by the Chief of Service.*

§ 51.34 *Suspension of licenses.* Any license may be suspended, pending final action by the Secretary, by the Chief of Service, or any official by whom it may be countersigned whenever such official shall deem such action to be for the good of the service. Within 7 days after any such suspension the licensee may file an appeal in writing to the Secretary, supported by any argument or evidence that he may wish to offer.*

Fees and Expenses

§ 51.35 *Amount of fees, rates and expenses.* For each lot of products inspected a fee and expenses determined in accordance with §§ 51.36–51.41, and § 51.44 or such supplemental schedules as may be promulgated from time to time by the Secretary, shall be paid by the applicant.*

§ 51.36 *Basis for charges.* The fee for each lot of products inspected by a salaried inspector acting exclusively for the Department of Agriculture, except for peanuts, pecans, and other nuts, and except under the provisions of § 51.19, shall be on the following basis: (a) For an inspection covering quality and condition, $4 when the quantity involved is more than ½ a carload of the customary size for such products in the area from which shipped but not more than a full carload, and $2.50 when the quantity involved is not more than ½ of such a carload; (b) for a condition inspection, $2.50 when the quantity is not more than a carload of customary size; but the maximum fee for any carload not exceeding the customary size shall be $7.50. For each lot of peanuts, pecans, or other nuts inspected, except under § 51.19 the fee shall be $5 when the quantity involved is not more than a full carload, provided that different grades and varieties of peanuts shall be considered separate lots. When the lot involved is in excess of a carload or is not contained in cars, the quantity shall be calculated in terms of carloads and fractions thereof of the customary size for such carloads and the rates aforesaid applied, except that when inspections are made on which formal certificates are not issued, as provided in § 51.19, or when the products inspected cannot readily be calculated in terms of carlots, or when the services rendered are such that a charge on the carload basis would be inadequate or inequitable, charges for inspection may be based on the time consumed by the inspector in connection with such inspections, computed at the rate of not to exceed $2 per hour, or the charges may be based upon the number of pounds or number of containers in the lot inspected, provided such charges are in substantial conformity with the hourly or carload rate.*

§ 51.37 *Fees for inspections by licenses.* Fees for inspections made by a licensed inspector acting exclusively for the Agricultural Marketing Service shall be those provided in the terms of his contract of employment.*

§ 51.38 *Fees under cooperative agreement.* Fees for inspections made under cooperative agreements shall be those provided for by such agreements.*

§ 51.39 *Fees for appeal inspections.* Fees for appeal inspections of all products shall be double those for original inspections, except that when it is found that there was a material error in the determination based upon the original inspection no fee will be charged and except that appeal inspection for Government agencies shall be at actual cost, but the maximum fee for the reinspection of a single car shall not exceed $15.*

§ 51.40 *Traveling, and other expenses.* Such further charges may be made for traveling expenses and other items paid or incurred by the Agricultural Marketing Service in connection with an inspection made at a place where no inspector is located, or appeal inspection where the services of a second inspector are required, as will reimburse the Agricultural Marketing Service. These charges shall be included with the fee for inspection on the bill furnished the applicant.*

§ 51.41 *Fees for copies of inspection certificates.* For not to exceed three copies of a certificate furnished to any person financially interested in the products involved, except as provided in § 51.19, the fee shall be $1.*

§ 51.42 *How fees shall be paid.* Fees shall be paid by the applicant in accordance with the directions on the fee bill furnished him by the inspector, and in advance if required by the inspector.*

§ 51.43 *Disposition of fees.* The fees covered by §§ 51.36–51.38 shall be disposed of as follows:

(a) Fees for inspections made by salaried inspectors acting exclusively for the Agricultural Marketing Service shall be promptly remitted to the Service.

(b) Fees for inspections made by a licensed inspector acting exclusively for the Agricultural Marketing Service, less the percentage thereof which he is allowed by the terms of his contract of employment as compensation for his services, shall be remitted to the Agricultural Marketing Service.

(c) Fees for inspections made by an inspector acting under a cooperative agreement with a State or other organization shall be disposed of in accordance with the terms of such agreement. Such portion of the fees collected under a cooperative agreement with a State as may be due the United States shall be remitted to the Agricultural Marketing Service.

Fees covered by §§ 51.39–51.41 shall be remitted to the Agricultural Marketing Service.*

§ 51.44 *Refunds.* Upon filing a declaration of his intention to avail himself of this privilege any applicant who shall have paid for 500 or more carload inspections of fruits and vegetables for quality and condition in any one market within the period of one year immediately following such filing shall receive a refund from the Department at the rate of $1.50 per carload for the first 500 cars. For inspections in excess of 500 cars the fee shall be $2.50 per carload for the remainder of the year unless the total number exceeds 1,000, in which event the applicant shall be entitled to a further refund at the rate of $0.50 per carload for the entire number so inspected. Any applicant who shall have paid for 1,000 or more carload inspections of fruits and vegetables for condition in any one market within the period of one year immediately following such filing shall receive a refund from the Department at the rate of $0.50 per carload for the first 1,000 cars. For inspections in excess of 1,000 cars the fee shall be $2 per car during the remainder of the year. That if at any time before the first 1,000 cars are inspected for such applicant the Agricultural Marketing Service is unable during a continuous period of 30 days to furnish inspections when requested said refund of $1.50 per car shall be made on such cars as have been inspected up to that time on which a refund has not been made: *And provided further*, That in computing the number of carlot fees for the purposes of this section the total of fees paid by an applicant for refund on any basis of charges other than the carlot as provided in § 51.36 shall be reduced to a carlot basis by dividing by 4.*

§ 51.45 *Fraud or misrepresentation.* Any willful misrepresentation or any deceptive or fraudulent practice made or committed by any person in connection with the making or filing of an application, the making the product accessible for sampling or inspection as provided in § 51.13, the use of an inspection, reinspection or appeal inspection certificate, or any willful violation of the regulations in this part or of the supplementary rules and instructions issued by the Chief of Service, may be deemed sufficient cause for debarring from any further benefits of the Act the person found guilty thereof, after opportunity for hearing has been accorded him, and, pending investigation and hearing, the Chief of Service may, without hearing, direct that such person shall be denied the benefits of the act.*

§ 51.46 *Interfering with the inspector.* Any further benefits of the act may be denied to an applicant who either personally or through an agent or representative interferes with or obstructs, by intimidation, threats, assault, or any other improper means, an inspector in the performance of his duties.*

§ 51.47 *Publication.* Publication under the Act and these regulations shall be made in Service and Regulatory Announcements of the Agricultural Marketing Service and such other mediums as the Chief of Service may from time to time designate for the purpose.*

§ 51.48 *Political activity.* All inspectors authorized, either by appointment or license from the Secretary of Agriculture, to issue inspection certificates under the act and these regulations are forbidden, during the period of their appointment or license, to take an active part in political management or in political campaigns. Political activity in city, county, State, or national elections, whether primary or regular, or in behalf of any party or candidate, or any measure to be voted upon, is prohibited. This applies to all appointees, including temporary and cooperative employees, and employees on leave of absence with or without pay. Willful violation of this section will constitute grounds for dismissal in the case of appointees, and revocation of licenses in the case of licensees.*

§ 51.49 *Identification.* All inspectors shall have in their possession at all times Agricultural Marketing Service identification cards, and shall identify themselves by such cards on request.*

Done at Washington, D. C., this 27th day of December 1941. Witness my hand and the seal of the Department of Agriculture.

[SEAL] CLAUDE R. WICKARD,
Secretary of Agriculture.

CHAPTER VII—AGRICULTURAL ADJUSTMENT ADMINISTRATION

PART 727—FLUE-CURED TOBACCO

PROCLAMATION OF INCREASE IN THE NATIONAL MARKETING QUOTA FOR FLUE-CURED TOBACCO FOR THE 1942–43 MARKETING YEAR

The Secretary of Agriculture, acting under and pursuant to, and by virtue of, the authority vested in him by Section 312 of the Agricultural Adjustment Act of 1938, as amended, does hereby determine that:

§ 727.402 *Determination with respect to an increase in the National Marketing Quota for Flue-cured Tobacco for the marketing year beginning July 1, 1942.* It is necessary that the national marketing quota for flue-cured tobacco for the marketing year beginning July 1, 1942, as proclaimed by the Secretary of Agriculture on October 21, 1941, be increased in order to meet market demands and to avoid undue restriction of marketings in adjusting the total supply to the reserve supply level. Therefore, the amount of the national marketing quota for flue-cured tobacco, in terms of the total quantity of such tobacco which may be marketed during the marketing year beginning July 1, 1942 is increased to 679,800,000 pounds. TITLE 14—CIVIL AVIATION

CHAPTER I—CIVIL AERONAUTICS BOARD

[Regulations, Serial No. 199]

PART 61—SCHEDULED AIR CARRIER RULES

SPECIAL REGULATION, CIVIL AIR REGULATIONS, AUTHORIZING EASTERN AIR LINES TO OPERATE AIRCRAFT INTO MOBILE MUNICIPAL AIRPORT UPON CERTAIN CONDITIONS

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 19th day of December 1941.

Having had under consideration the regular use of the Mobile Municipal Airport in scheduled air transportation, the Board finds that:

1. The Mobile Municipal Airport is reaching a stage of construction which will permit its regular use by aircraft operated in scheduled air transportation;

2. First pilots serving in air transportation for Eastern Air Lines on routes touching Brookley Field have become familiar with the new Mobile Municipal Airport through constant examination from the air, so that compliance with the provisions of the Civil Air Regulations requiring each first pilot to have landed at least once at each terminal, scheduled intermediate stop, and intermediate field is not required in the interest of safety: *Provided*, That the familiarity of the first pilot with the Mobile Municipal Airport be sufficiently demonstrated as hereinafter provided.

Now, therefore, the Civil Aeronautics Board, acting pursuant to the authority vested in it by the Civil Aeronautics Act of 1938, as amended, particularly sections 205 (a), 601 and 604 of said Act, makes and promulgates the following Special Regulation:

Notwithstanding any provisions of the Civil Air Regulations to the contrary, any first pilot listed in Eastern Air Lines' airman competency letter at the time said air carrier is authorized to commence operations at the Mobile Municipal Airport, as qualified to operate an aircraft in scheduled air transportation over a route for which Brookley Field presently serves as a terminal or intermediate stop, may operate aircraft into and out of the Mobile Municipal Airport in such air transportation upon

furnishing to Eastern Air Lines and to the Chief, Air Carrier Branch of the Civil Aeronautics Administration of the Second Region, Municipal Airport, Atlanta, Georgia, a satisfactory sketch of the Municipal Airport and a written inspection report describing its condition, construction, and surrounding terrain. Such sketch and report shall be preserved by Eastern Air Lines as specified in section 40.2611 (b) of the Civil Air Regulations for written reports and sketches of intermediate fields.

By the Civil Aeronautics Board.

[SEAL] DARWIN CHARLES BROWN,
Secretary.

CHAPTER II—ADMINISTRATOR OF CIVIL AERONAUTICS, DEPARTMENT OF COMMERCE

[Amendment No. 1 of Part 601]

PART 601—DESIGNATION OF CONTROL AIRPORTS AND AIRWAY CONTROL AREAS AND REPEAL OF CERTAIN CONTROL ZONES OF INTERSECTION

DECEMBER 29, 1941.

Acting pursuant to the authority vested in me by section 308 of the Civil Aeronautics Act of 1938, as amended, and Special Regulation of the Civil Aeronautics Board Serial No. 197, and finding that this action is necessary in the interest of safety and for the proper control of air traffic, I hereby amend Part 601[1] of the Regulations of the Administrator of Civil Aeronautics as follows:

1. By amending § 601.101 to read as follows:

§ 601.101 *Amber civil airway No. 7 airway traffic control areas (Key West, Fla., to Caribou, Maine).* Those portions of amber civil airway No. 7: From the Key West, Fla., radio range station, to a line extended at right angles across such airway through a point on the center line thereof 25 miles northeast of the Florence, S. C., radio range station; from a line extended at right angles across such airway through a point on the center line thereof 25 miles north of the Raleigh, N. C., radio range station, to the Caribou, Maine, radio range station.

2. By adding a new section, § 601.109 to read as follows:

§ 601.109 *Green civil airway No. 1 airway traffic control areas (U. S.-Canadian Border to Danforth, Maine).* All of green civil airway No. 1.

3. By adding a new section, § 601.110 to read as follows:

§ 601.110 *Green civil airway No. 2 airway traffic control areas (Seattle, Wash., to Boston, Mass.)* Those portions of green civil airway No. 2: From Boeing Field, Seattle, Wash., to a line extended at right angles across such airway through a point on the center line thereof 25 miles northwest of Superior, Mont.; from a line extended at right angles across such airway through a point on the center line thereof 25 miles southeast of the La Crosse, Wis., radio range station, to the intersection of the center line of the on course signal of the east leg of the Detroit, Mich. (Wayne County Airport), radio range and the U. S.-Canadian border; from the intersection of the center line of the on course signal of the west leg of the Buffalo, N. Y., radio range and the U. S.-Canadian border, to the Boston, Mass., radio range station.

4. By adding a new section, § 601.111 to read as follows:

§ 601.111 *Red civil airway No. 8 airway traffic control areas (Concord, N. H., to Portland, Maine).* All of red civil airway No. 8.

5. By adding a new section, § 601.112 to read as follows:

§ 601.112 *Red civil airway No. 13 airway traffic control areas (Westfield, Mass., to Boston, Mass.).* All of red civil airway No. 13.

6. By adding a new section, § 601.113 to read as follows:

§ 601.113 *Red civil airway No. 26 airway traffic control areas (New York, N. Y., to Syracuse, N. Y.).* All of red civil airway No. 26.

7. By adding a new section, § 601.114 to read as follows:

§ 601.114 *Blue civil airway No. 4 airway traffic control areas (Boston, Mass., to Rouses Point, N. Y.).* All of blue civil airway No. 4.

8. By adding a new section, § 601.115 to read as follows:

§ 601.115 *Blue civil airway No. 18 airway traffic control areas (Newark, N. J., to Burlington, Vt.).* All of blue civil airway No. 18.

9. By amending § 601.2 to include the repeal of the following control zones of intersection: Albany, New York; Boston, Massachusetts; Burlington, Vermont; Concord, New Hampshire; Millinocket, Maine; Portland, Maine; and Syracuse, New York.

10. By amending § 601.3 to include the designation of the following airports as control airports:

City	*Airport*
Bakersfield, Calif.--	Bakersville Municipal Airport (Kern County Airport).
Phoenix, Ariz.-----	Phoenix Municipal Airport (Sky Harbor).

This amendment shall become effective 12:01 A. M., E. S. T., January 1, 1942.

DONALD H. CONNOLLY,
Administrator of Civil Aeronautics.

TITLE 16—COMMERCIAL PRACTICES

CHAPTER I—FEDERAL TRADE COMMISSION

[Docket No. 4579]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

IN THE MATTER OF WOODFINISHING PRODUCTS COMPANY ET AL.

§ 3.15 (a) *Bribing customers' employees—To influence employers—Employees of private concerns:* § 3.15 (b) *Bribing customers' employees—To purchase or push donor's goods.* In connection with offer, etc., in commerce, of paints, varnishes, stains, thinners, lacquers, sealers, toners, or other woodfinishing products, and on the part of respondent partners, trading as Woodfinishing Products Company, and respondent Thomas, individually and as agent thereof, and on the part of respondents' agents, etc., giving or offering to give sums of money or other things of value to employees of respondents' customers or prospective customers, or those of their competitors' customers or prospective customers, without the knowledge or consent of their employers, as inducements to influence said employees to purchase the products of respondents, or to recommend such purchases to said employers, or to recommend to said employers the use of respondents' products, or as promised gratuities for having induced such purchases by such employers, or for having recommended the use of respondents' products to such employers, or to influence such employers to refrain from dealing, or contracting to deal, with competitors of respondents, or to influence such employers to continue to deal with respondents, prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., Supp. IV, sec. 45b) [Cease and desist order, Woodfinishing Products Company et al., Docket 4579, December 23, 1941]

In the Matter of James Ledwith and Morton E. Rosenthall, Individually and as Copartners, Trading as Woodfinishing Products Company, and J. M. Thomas, Individually and as Agent for James Ledwith and Morton E. Rosenthall, Copartners, Trading as Woodfinishing Products Company

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 23rd day of December, A. D. 1941.

This proceeding having been heard[1] by the Federal Trade Commission, upon the complaint of the Commission and the answer of respondents, in which answer respondents admit all the material allegations of fact set forth in said complaint, and state that they waive all intervening procedure and further hearing as to said facts, and the Commission, having made its findings as to the facts and conclusion that said respondents have violated the provisions of the Federal Trade Commission Act;

[1] 6 F.R. 6196.

It is ordered, That the respondents, James Ledwith and Morton E. Rosenthal (named in the complaint herein as Morton E. Rosenthall) trading as Woodfinishing Products Company or trading under any other name or names, and respondent J. M. Thomas, individually and as agent for respondents James Ledwith and Morton E. Rosenthal, and respondents' agents, representatives and employees, directly or through any corporate or other device, in connection with the offering for sale, sale and distribution of paints, varnishes, stains, thinners, lacquers, sealers, toners, or other woodfinishing products in commerce, as commerce is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

Giving or offering to give sums of money or other things of value to employees of respondents' customers or prospective customers, or those of their competitors' customers or prospective customers, without the knowledge or consent of their employers, as inducements to influence said employees to purchase the products of respondents, or to recommend such purchases to said employers, or to recommend to said employers the use of respondents' products, or as promised gratuities for having induced such purchases by such employers, or for having recommended the use of respondents' products to such employers, or to influence such employers to refrain from dealing, or contracting to deal, with competitors of respondents, or to influence such employers to continue to deal with respondents.

It is further ordered, That the respondents shall, within sixty (60) days after service upon them of this order file with the Commission a report in writing, setting forth in detail the manner and form in which they have complied with this order.

By the Commission.

[SEAL] JOE L. EVINS,
Acting Secretary.

(Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., Supp. IV, sec. 45b) [Cease and desist order, Beho Rubber Company, Inc., et al., Docket 3973, December 23, 1941]

In the Matter of Beho Rubber Company, Inc., a Corporation; and Bernard Holtzman, Mae Murray, and Milton M. Holtzman, Individually and as Officers and Directors of Beho Rubber Company, Inc., Also Trading as The Best Tire House, The Modern Improved Retread Outlet, and The Assured Remolded Tire Distributors

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 23rd day of December, A. D. 1941.

This proceeding having been heard [1] by the Federal Trade Commission upon the complaint of the Commission, the answers of respondents, testimony and other evidence in support of and in opposition to the allegations of the complaint, the report of the trial examiner thereon and exceptions thereto, and briefs filed on behalf of the Commission and of the respondents; and the Commission having made its findings as to the facts and its conclusion that the respondents have violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondent Beho Rubber Company, Inc., a corporation, also trading as The Best Tire House, The Modern Improved Retread Outlet, and The Assured Remolded Tire Distributors, its officers, directors, agents, representatives and employees, and respondents Bernard Holtzman, Mae Murray and Milton M. Holtzman, individually and as officers and directors of Beho Rubber Company, Inc., trading under its corporate name or under any of its said trade names, or any other trade name or names, directly or through any corporate or other device, in connection with the offering for sale, sale and distribution of retreaded or recapped tires, in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from representing:

(1) By the use of purported samples or otherwise that the tires sold by respondents are of a quality or value different from that of the actual quality or value of such tires;

(2) That the "carcasses" used by respondents in their retreaded or recapped tires are less than one year old, when such is not the fact;

(3) That tires which are not free from boots or patches are free from boots or patches;

(4) That the tires shipped by respondents will be of sizes ordered by the purchaser, unless said sizes are furnished;

(5) That tires ordered by purchasers will be shipped from any point other than the actual point of shipment;

(6) That respondents will ship tires to purchasers on consignment unless such tires are shipped on consignment;

(7) That the freight rate on respondents' tires will be lower than the actual rate applying to such shipments;

(8) That, except for sale over the counter at its retail store in Chicago, Sears Roebuck & Co. sell retreaded or recapped tires;

(9) That respondents supply Sears Roebuck & Co. with retreaded or recapped tires for resale to the public;

(10) That respondents will supply purchasers of their tires with free tire racks and metal tire stands, when such is not the fact;

(11) That respondents will pay one-half or any other portion of the advertising expenditures incurred by purchasers in advertising respondents' products unless respondents pay such amounts to such purchasers as represented;

(12) That the business conducted by respondents under their several trade names has no connection with and is not a part of the business of respondents;

(13) That tires which contain boots or patches rotten rubber or other defects which render them not suitable for ordinary usage are suitable for ordinary usage and from representing that such tires will give many miles of service in the normal course of usage at a fraction of the cost of new tires;

(14) That respondents manufacture the retreaded or recapped tires sold by them;

(15) That any specified salary or commission is paid salesmen for the sale of respondents' products in excess of that actually paid;

(16) That persons learning to become salesmen will be reimbursed for the expenses incurred by them in this connection, when such is not the fact;

(17) That tires are sold under a warranty against defects unless all the terms and conditions of such warranty are conspicuously set forth and strictly complied with;

And do further cease and desist from:

Inserting in the warranty clause of their order blanks a disclaimer of liability for promises and representations made to purchasers by their salesmen.

It is further ordered, That the respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

By the Commission.

§ 3.6 (a10) *Advertising falsely or misleadingly—Comparative data or merits:* § 3.6 (t) *Advertising falsely or misleadingly—Qualities or properties of product:* § 3.6 (x) *Advertising falsely or misleadingly—Results.* In connection with offer, etc., of respondent's "magnetic ray" device, or any other substantially similar device, and among other things, as in order set forth, disseminating, etc., any advertisements by means of the United States mails, or in commerce, or by any means, to induce, etc., directly or indirectly, purchase in commerce, of said device, which advertisements represent, directly or by implication, (1) that respondent's device, magnetic ray, exceeds electricity, light, heat, X-rays, radium rays, and violet and ultra-violet rays in therapeutic value; (2) that the use of said device stimulates the normal and healthful functioning of the various organs and glands of the body; (3) that the use of said device equalizes the circulation of the human blood, relieving congestions or lack of blood supply in any part of the body, relieves pain, produces marked relaxation and relieves muscular and nervous tension; and (4) that the use of said device stimulates rapid increase in the oxidation and elimination of accumulated poisons, thereby removing the condition of auto-toxemia; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., Supp. IV, sec. 45b) [Cease and desist order, Magnetic Ray Company etc., Docket 4164, December 23, 1941]

In the Matter of Frank B. Moran, an Individual Doing Business as Magnetic Ray Company and Magnetic Ray Clinic

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 23d day of December, A. D. 1941.

This proceeding having been heard [1] by the Federal Trade Commission upon the complaint of the Commission, the answer of respondent, the testimony and other evidence introduced in support of the complaint and the testimony introduced in opposition thereto, the report of the trial examiner thereon and the exceptions thereto, and briefs filed on behalf of the Commission and of the respondent, and the Commission having made its findings as to the facts and its conclusion that respondent has violated the provisions of the Federal Trade Commission Act:

It is ordered, That the respondent, Frank B. Moran, an individual doing business as Magnetic Ray Company and Magnetic Ray Clinic, or doing business under any other name, his representatives, agents and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution of his device designated as "magnetic ray", or by any other name, or any other device of substantially similar construction, whether sold under the same name or any other name, do forthwith cease and desist from directly or indirectly;

(1) Disseminating or causing to be disseminated any advertisement by means of the United States Mails, or by any other means, in commerce as "commerce" is defined in the Federal Trade Commission Act, which advertisement represents, directly or by implication, that the use of respondent's device provides a cure or remedy for rheumatism, eczema, diabetes, Bright's disease, arthritis, asthma, indigestion, constipation, hemorrhoids, varicose veins, ulcers, goiter, high blood pressure, catarrh, neuralgia, insomnia, neuritis, sciatica, anemia, catarrh, bronchitis, heart disease, obesity, low blood pressure, epilepsy, lumbago, impotence, menstrual troubles, catarrhal deafness, colds, sinus troubles, tuberculosis and tumors, and constitutes a safe, scientific, competent and effective treatment for such diseases and disorders, or any other disease or disorder;

(2) Disseminating or causing to be disseminated any advertisement by means of the United States Mails, or by any other means, in commerce as "commerce" is defined in the Federal Trade Commission Act, which advertisement represents, directly or by implication—

(a) That respondent's device, magnetic ray, exceeds electricity, light, heat, X-rays, radium rays, and violet and ultra-violet rays in therapeutic value;

(b) That the use of respondent's device stimulates the normal and healthful functioning of the various organs and glands of the body;

(c) That the use of respondent's device equalizes the circulation of the human blood, relieving congestions or lack of blood supply in any part of the body, relieves pain, produces marked relaxation and relieves muscular and nervous tension;

(d) That the use of respondent's device stimulates rapid increase in the oxidation and elimination of accumulated poisons, thereby removing the condition of autotoxemia.

(3) Disseminating or causing to be disseminated any advertisement, by any means, for the purpose of inducing, or which is likely to induce, directly or indirectly, the purchase in commerce, as "commerce" is defined in the Federal Trade Commission Act, of said device, which advertisement contains any of the representations prohibited in Paragraphs (1) and (2) hereof.

It is further ordered, That the respondent shall, within sixty (60) days after the service upon him of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which he has complied with this order.

By the Commission.

602.6 Removal.
602.7 Suspension.
602.8 Vacancies.

§ 602.1 *Citizenship.* No person shall be appointed to any position in the Selective Service System who is not a citizen of the United States.*

*§§ 602.1 to 602.8, inclusive, issued under the authority contained in 54 Stat. 885; 50 U.S.C., Sup., 301-318, inclusive; E.O. No. 8545, 5 F.R. 3779.

§ 602.2 *Voluntary services.* Voluntary services in the administration of the selective service law may be accepted and should be encouraged.*

§ 602.3 *Uncompensated services.* The services of registrars, members of local boards, members of boards of appeal, members of medical advisory boards, members and associate members of advisory boards for registrants, government appeal agents and associate government appeal agents, examining physicians and examining dentists, reemployment committeemen, interpreters, and all other persons volunteering their services to assist in the administration of the selective service law shall be uncompensated.*

§ 602.4 *Oath of Office and Waiver of Pay or Compensation (Form 21).* (a) Every person who undertakes to render voluntary uncompensated service in the administration of the selective service law shall, before he enters upon his duties, execute an Oath of Office and Waiver of Pay or Compensation (Form 21).*

(b) Every person who undertakes to render compensated service in the administration of the selective service law shall, before he enters upon his duties, execute the Oath of Office portion of Form 21, but shall not execute the Waiver of Pay or Compensation portion of Form 21.

(c) When executed in the manner hereinbefore provided, the Oath of Office and Waiver of Pay or Compensation (Form 21) shall be sent to the State Director of Selective Service for filing.*

§ 602.5 *Termination of appointment.* The appointment of any deputy, officer, agent, employee, or other person engaged in the administration of the selective service law, whether with or without compensation, may be terminated by resignation, transfer, death, or removal.*

§ 602.6 *Removal.* Any deputy, officer, agent, employee, or other person engaged in the administration of the selective service law may be removed by the Director of Selective Service with or without a recommendation of the Governor. The Governor may recommend to the Director of Selective Service the removal, for cause, of any deputy, officer, agent, employee, or other person assisting in the administration of the selective service law in his State. The Director of Selective Service shall make such investigation of the Governor's recommendation as he deems necessary and upon completion thereof shall take such action thereon as he deems proper.*

§ 602.7 *Suspension.* The Director of Selective Service may suspend any deputy, officer, agent, employee, or other person engaged in the administration of the selective service law, pending his consideration of the advisability of removing any such person. During the period that such person is suspended, he shall be disqualified to act in his official capacity.*

§ 602.8 *Vacancies.* Vacancies shall be filled by an appointment made in the same manner and by the same person or board as in the case of an original appointment.*

§ 603.11 *Governor.* The Governor of each State shall have charge of the administration of the selective service law in his State. The office by means of which he performs his selective service functions shall be called "State Headquarters for Selective Service." State Headquarters for Selective Service shall be an office of record for selective service operations only; all selective service records and no other records shall be maintained in this office. For the operation of State Headquarters for Selective Service any necessary expense, including the hire of clerical personnel, shall be paid for by the Federal Government as provided in these regulations.*

§ 603.12 *State Director of Selective Service.* The Governor of each State is authorized to recommend for appointment an official to whom he may delegate his administrative functions relating to selective service. This official, if so recommended and appointed, shall be called the "State Director of Selective Service" and shall be in immediate charge of State Headquarters for Selective Service.*

§ 603.13 *State procurement officer.* In each State, a State procurement officer shall be appointed upon recommendation of the Governor. He shall report to the State Director of Selective Service for duty at State Headquarters for Selective Service.*

§ 603.14 *State medical officers.* In each State, one or more medical officers of the land or naval forces shall be assigned by the President, upon recommendation of the Governor. Medical officers shall report to the State Director of Selective Service for duty at State Headquarters for Selective Service.*

§ 603.15 *State occupational advisers.* (a) In each State, one or more officers of the land or naval forces may be designated for the purpose of furnishing information with respect to occupational deferments and labor supply. Such officer shall report to the State Director of Selective Service for duty at State Headquarters for Selective Service. Such officer shall maintain liaison between State Headquarters and procurement agencies of the War and Navy Departments in the State through the State Director of Selective Service; and liaison between State Headquarters for Selective Service and procurement agencies in Washington, D. C., through the Director of Selective Service; and shall perform such other duties and functions as may be assigned to him by the State Director of Selective Service.

(b) One or more representatives of labor, an equal number of representatives of industry and, where applicable, one or more representatives of agriculture shall be appointed by the Governor in each appeal board area for the purpose of assisting the State occupational advisor in securing information with respect to occupational deferments.*

BOARDS OF APPEAL

§ 603.21 *Area.* Each State Director of Selective Service shall establish one or more board of appeal areas in his State. Each such area shall include whole local board areas and, unless a larger number is authorized by the Director of Selective Service, should have not more than 70,000 registrants as a result of the first registration.*

§ 603.22 *Composition and appointment.* For each board of appeal area, a board of appeal, normally of five members, shall be appointed by the President, upon recommendation of the Governor. The members shall be male citizens of the United States who are not members of the land or naval forces; they shall be residents of the area for which their board is appointed; and they should be at least 36 years old. The board of appeal should be a composite board, representative of all activities of its district, and as such should include one member from labor, one member from industry, one physician, one lawyer, and, where applicable, one member from agriculture. If the number of appeals sent to one board becomes too great for the board to handle without undue delay, additional groups of five members similarly constituted shall be appointed to the board by the President, upon recommendation of the Governor. Each such group shall have full authority to act for the board on all cases assigned to it by the board. Each group shall act separately. An additional member, who shall supervise and coordinate the work of all the groups of a board of appeal, shall be appointed by the President, upon recommendation of the Governor.*

§ 603.23 *Designation.* Where there is only one board of appeal for a State, the board shall be called Board of Appeal for the State of _____. Where there is more than one board of appeal for a State, each board shall be given a number and called Board of Appeal No. ____, for the State of _____.*

§ 603.24 *Jurisdiction.* Each board of appeal shall have jurisdiction to review any decision by any local board in the area of the board of appeal and to affirm or change such decision, when appealed to it. It shall have the same appellate jurisdiction to review any decision transferred to it by another board of appeal for review. In the event a decision over which it does not have jurisdiction is submitted to a board of appeal, the board of appeal shall immedi-

ately return same to the local board from which received, calling attention to the lack of its jurisdiction.*

§ 603.25 *Disqualification.* No member of any board of appeal shall act on the case of a registrant who is his first cousin or closer relation, either by blood or marriage, or who is an employer or employee, or stands in the relationship of superior or subordinate in connection with any employment, or is a partner or close business associate of the member. If because of such provision, or for any other reason, a board of appeal cannot act on the case of a registrant, it shall transfer such case to another board of appeal as provided in § 627.22.*

§ 603.26 *Organization and meetings.* The board shall elect a chairman and a secretary. A majority of the board shall constitute a quorum for the transaction of business. A majority of those present at any meeting shall decide any question. Every member present, unless disqualified, shall vote on every classification. In case of a tie vote on a classification, the board shall postpone action until it can be decided by a majority vote. If any member is absent so long as to hamper the work of the board, the board shall request the Governor to recommend to the President that such member be removed and a new member appointed.*

§ 603.27 *Minutes of meetings.* Each board of appeal shall keep a record of each meeting of the board by making appropriate entries in the Minute Book (Form 101).*

§ 603.28 *Signing official papers.* Official papers issued by a board of appeal may be signed by the clerk "by direction of the board of appeal" if he is authorized to do so by a resolution duly adopted by and entered in the minutes of such board of appeal, provided that the chairman or a member of a board of appeal must sign a particular paper when specifically required to do so by the provisions of a regulation or by an instruction issued by the Director of Selective Service.*

§ 603.29 *Office.* Each board of appeal, subject to the approval of the State Director of Selective Service, may select a location for its office. The location of the office may be changed by the State Director of Selective Service or the Director of Selective Service.*

MEDICAL ADVISORY BOARDS

§ 603.31 *Composition, appointment, and duties.* In each State, medical advisory boards shall be appointed by the Governor to assist local boards in determining the physical qualifications of registrants. The board shall, if practicable, consist of internists; eye, ear, nose, and throat specialists; orthopedists; surgeons; psychiatrists; clinical pathologists; radiographers; and dentists. In the event that a medical advisory board cannot be made available to a local board, the Governor shall appoint individual specialists, who shall act as a medical advisory board, to assist the local board.*

ADVISORY BOARDS FOR REGISTRANTS

§ 603.41 *Composition, appointment, and duties.* In each State, advisory boards for registrants shall be appointed by the Governor to insure that advice and assistance in preparing Selective Service Questionnaires (Form 40), claims, or other papers which will serve as a basis for classification are readily available to every registrant. Each board shall normally be composed of three lawyers or three other reputable persons. The chairman shall be, if practicable, a judge of a county court or of a court of similar jurisdiction. Associate members of the advisory boards for registrants shall be appointed by the Governor upon recommendation of the members of the advisory boards for registrants. The advisory boards for registrants shall certify to the Governor the names of all persons who are associate members of advisory boards for registrants and who have been appointed through the procedure heretofore existing. The appointment of such persons will then be completed in the same manner as for persons who are hereafter appointed to be associate members.*

LOCAL BOARDS

§ 603.51 *Area.* Each State shall be divided into local board areas by the Governor. Each area should have a population of about 30,000. There shall be at least one separate local board area in each county.*

§603.52 *Composition and appointment.* For each local board area, a local board of three or more members shall be appointed by the President, upon recommendation of the Governor. The members shall be male citizens of the United States who are not members of the land or naval forces; they preferably should be residents of the area for which their board is appointed, and in any event, shall be residents of the county in which their local board has jurisdiction; and they should be at least 36 years old.*

§ 603.53 *Designation.* Each local board shall be given a specific name or number, or both, by the Governor, and it shall be so known.*

§ 603.54 *Jurisdiction.* The jurisdiction of each local board shall extend to all persons registered in, or subject to registration in, the area for which it was appointed and to all persons whose Registration Cards (Form 1) are duly transferred to it. It shall have full authority to do and perform all acts authorized by the selective service law.*

§ 603.55 *Disqualification.* (a) No member shall act on the case of a registrant who is his first cousin or closer relation, either by blood or marriage, or who is an employee or employer, or stands in the relation of superior or subordinate in connection with any employment, or is a partner or close business associate of the member. If because of this provision a majority of a board cannot act on the case of a registrant, the board shall transfer the registrant to another local board for action on his case.

(b) The local board shall be disqualified to consider the classification of any registrant who is a member, examining physician, examining dentist, governmental appeal agent, associate government appeal agent, member of an advisory board for registrants, associate member of an advisory board for registrants, reemployment committeeman, or employee of such local board, and in each such case it shall advise the State Director of Selective Service of its disqualification. The State Director of Selective Service will then designate another local board to classify such registrant and the registrant shall be transferred for classification to the local board thus designated in the manner provided in § 623.12. The local board so designated shall classify the registrant and retain jurisdiction of his classification at all times.*

§ 603.56 *Organization and meetings.* The board shall elect a chairman and a secretary. A majority of the board shall constitute a quorum for the transaction of business. A majority of those present at any meeting shall decide any question or classification. Every member present, unless disqualified, shall vote on every question or classification. In case of a tie vote on any question or classification, the board shall postpone action on the question or classification until it can be decided by a majority vote. If any member is absent so long as to hamper the work of the board, the board shall request the Governor to recommend to the President that such member be removed and a new member appointed.*

§ 603.57 *Oath of witnesses.* A member of the local board shall administer the following oath to every person testifying before the local board:

You swear (or affirm) that the evidence you give in the matter now in hearing shall be the truth, the whole truth, and nothing but the truth. So help you God.

*

§ 603.58 *Minutes of meetings.* Each local board shall keep a record of each meeting of the board by making appropriate entries in the Minute Book (Form 101).*

§ 603.59 *Signing official papers.* Official papers issued by a local board may be signed by the clerk "by direction of the local board" if he is authorized to do so by a resolution duly adopted by and entered in the minutes of such local board, provided that the chairman or a member of a local board must sign a particular paper when specifically required to do so by the provisions of a regulation or by an instruction issued by the Director of Selective Service.*

§ 603.60 *Office.* Each local board, subject to the approval of the State Director of Selective Service, may select a location for its office. The location of the office may be changed by the State Director of Selective Service or the Director of Selective Service.*

EXAMINING PHYSICIANS AND DENTISTS

§ 603.61 *Examining physicians.* The President shall, from qualified persons recommended by the Governor, appoint at least one examining physician for each local board and may, from qualified persons recommended by the Governor, appoint such additional examining physicians for each local board as he deems necessary for the examination of the registrants of such local board. The State Director of Selective Service may authorize any duly appointed examining physician to examine registrants for any local board within the State.*

§ 603.62 *Examining dentists.* The President may, from qualified persons recommended by the Governor, appoint one or more examining dentists for each local board as he deems necessary for the dental examination of the registrants of such local board. The State Director of Selective Service may authorize any duly appointed examining dentist to examine registrants for any local board within the State.*

§ 603.63 *Disqualification.* No examining physician or examining dentist shall examine for a local board any registrant who is his first cousin or a closer relation, either by blood or marriage, or who is an employee or employer, or stands in relation of superior or subordinate in connection with any employment, or is a partner or close business associate of such examining physician or dentist.*

GOVERNMENT APPEAL AGENTS

§ 603.71 *Appointment and duties.* (a) For each local board, a government appeal agent shall be appointed by the President, upon recommendation of the Governor. The duties of the person so designated are: To appeal from any classification by a local board which, in his opinion, should be reviewed by the board of appeal; to care for the interests of ignorant registrants and their dependents with respect to appeals and, where the decision of the local board is against the interests of such persons and where it appears that such persons may not take appeals, due to their own nonculpable ignorance, to inform them of their rights and assist them to enter appeals to the board of appeal; and, after classification, to investigate and report upon matters which are submitted for his investigation by the local board. It shall also be the duty of such government appeal agent, where the interests of justice may require, to suggest to the local board a reopening of any case and to impart to the local board any information which in his opinion ought to be investigated. The government appeal agent should expedite the examination of the records of registrants as soon as they have been classified by the local board in order that appeals to the board of appeal, where found necessary, may be filed within the time limit specified in the regulations.

(b) An associate government appeal agent may be appointed for a local board by the President when the government appeal agent requests such assistance and, in the opinion of the Governor, the circumstances require it, and the Governor recommends the appointment. He shall perform such duties and shall have such powers and rights as are delegated to him by the government appeal agent. In the absence or inability of the government appeal agent to act, he shall perform the duties and shall have the powers and rights of the government appeal agent.*

REEMPLOYMENT COMMITTEEMEN

§ 603.81 *Appointment and duties.* (a) For each local board area, one or more reemployment committeemen shall be appointed by the Director of Selective Service, upon recommendation of the State Director of Selective Service. Each State Director of Selective Service shall certify to the Director of Selective Service the names of all persons who have been appointed reemployment committeemen through the procedure heretofore existing. The appointment of such persons will then be completed in the same manner as for persons who are hereafter appointed to be reemployment committeemen.

(b) It shall be the duty of reemployment committeemen to render aid in the replacement in their former position of, or in securing new positions for, the following:

(1) Any person who, subsequent to May 1, 1940, shall have entered upon active military or naval service in the land or naval forces of the United States if such person has satisfactorily completed any period of active duty; or

(2) Any person who shall have satisfactorily completed any period of his training and service under the Selective Training and Service Act of 1940.

When necessary, reemployment committeemen, in order to secure compliance with the law, shall assist any such person to present complete facts relating to his case to the proper authorities.*

INTERPRETERS

§ 603.91 *Appointment and oath.* (a) When necessary, the local board shall use interpreters.

(b) The following oath shall be administered to an interpreter each time he is used by a local board:

You swear (or affirm) that you will truly interpret in the matter now in hearing. So help you God.

EMPLOYMENT IN GENERAL

§ 604.1 *Appointment and tenure.* (a) All civilian employees engaged in the administration of the selective service law who receive compensation from the United States, including temporary and

intermittent or part-time employees, shall be employed in accordance with the provisions of the Federal civil service laws and the rules and regulations of the United States Civil Service Commission; *Provided, however,* That no civilian shall be employed at a salary rate of $2,000 or more per annum without the prior and specific written approval of the Director of Selective Service.

(b) All such civilian employees (other than those intermittent or part-time employees who come within the provisions of § 604.2) shall be selected from the first three available persons on a certificate of eligibles secured from the district manager of the United States Civil Service Commission. (*See* § 604.71 et seq.)

(c) Attention is directed to the several statutory provision prohibiting or restricting the receipt of dual compensation from the United States. No person receiving salary or compensation from the United States Government shall be appointed to the Selective Service System without the eligibility of such person to receive dual compensation being first ascertained. Complete details shall be submitted to the Director of Selective Service for his advice and approval.

(d) When the State Director of Selective Service or the Director of Selective Service finds the employment of any clerk or other employee to be unnecessary, it shall be his duty to order the discontinuance of such employment.*

*§§ 604.1 to 604.75, inclusive, issued under the authority contained in 54 Stat. 885; 50 U.S.C., Sup., 301-318, inclusive, E.O. No. 8545, 5 F.R. 3779.

§ 604.2 *Intermittent or part-time employees.* (a) Any person whose duties will require only a portion of his time or whose services will be needed only for very brief periods at intervals and whose personal salary compensation will aggregate not more than $540 per annum may be employed under the provisions of Schedule A, section I, paragraph 6, of the civil service rules without selection from a civil service register of eligibles.

(b) A report of each person so employed shall be submitted through the State Director of Selective Service direct to the Director of Selective Service.

(c) At the end of each calendar year, a statement for each person so employed during the year, showing the number of days he served by months, the rate of his compensation, and the aggregate sum paid to him, shall be submitted through the State Director of Selective Service direct to the Director of Selective Service.

(d) Persons shall not be employed for job work under the provisions of this section. (*See* sec. 4, rule VIII, of the civil service rules.)*

COMPENSATION IN GENERAL

§ 604.11 *Fixing compensation.* (a) The classification grades and salary rates prescribed by the Classification Act of 1923, as amended, shall apply to all civilian employees receiving compensation from the United States, except the following:

(1) Local board employees.
(2) Persons employed in Puerto Rico.
(3) Persons appointed by the President.

(b) The salary rates of civilian employees of local boards shall be fixed in the manner set out in § 604.21.

(c) The salary rates of civilian employees in Puerto Rico shall be fixed in accordance with instructions given and limitations imposed by the Director of Selective Service.

(d) The salary rates of civilian employees appointed by the President will be fixed by the appointing authority.

(e) When the State Director of Selective Service or the Director of Selective Service finds the classification grade or salary rate of any clerk or other employee to be excessive, it shall be his duty to order the reduction of the classification grade or of the salary rate.*

§ 604.12 *Salary rates.* (a) All original appointments to positions subject to the Classification Act of 1923, as amended, shall be at the minimum salary for the respective classification grade.

(b) An appointment by reinstatement or by transfer from another Government agency is not considered an original appointment and may be made at any standard salary rate, in the appropriate classification grade, not exceeding the salary received in the former position, except that in the case of an appointment by reinstatement or transfer to a position of a classification grade carrying a higher entrance salary than the salary received in the former position, the salary shall be the minimum for the new classification grade.

(c) Any part-time or intermittent employment shall be at one of the standard classification grades and salaries.

(d) If an employee is entitled to the benefits of the Civil Service Retirement Act of May 29, 1920, as amended, 3½ percent shall be deducted from each of his pay checks for credit to the retirement fund.*

LOCAL BOARD EMPLOYEES

§ 604.21 *Appointment and tenure.* (a) Local board employees must be employed under civil service laws and civil service rules and regulations. They are not, however, subject to the provisions of the Classification Act of 1923, which provides for the classification grades and pay scale for certain civilian positions. They are neither given classification grades nor is their compensation fixed or governed by the provisions of that Act. Each local board shall by a majority vote determine the individuals to be employed, and the chairman of the local board shall act as the appointing officer. Each local board may by a majority vote designate one of its employees as the clerk of the local board.

(b) The number of persons employed by each local board on a full-time, temporary, part-time, or intermittent basis and the rates of compensation to be paid shall be fixed by the State Director of Selective Service in accordance with instructions given and limitations imposed by the Director of Selective Service. Before fixing the rates of compensation to be paid to employees of a local board, the State Director of Selective Service should determine the rates being paid in the same community for the same or similar services, and the rates of compensation fixed by him should not exceed that amount.

(c) Each local board may employ, in the manner provided by the civil service laws and civil service rules and regulations, the number of persons authorized by the State Director of Selective Service at rates of compensation not exceeding those fixed by the State Director of Selective Service. The local board shall not employ nor continue in employment any person related to any member of the board as close as or closer by blood or marriage than a first cousin. All persons employed by the local board must be citizens of the United States, loyal, of good character and habits, and have good records in previous employments. They must be able to meet the physical standards required by the United States Civil Service Commission for their respective positions. All clerical employees of every local board must possess the following minimum qualifications: Training equivalent to that represented by graduation from high school, at least 1 year's successful experience in clerical work, ability to type accurately, ability to handle the records and paper work involved in classifications, and mental alertness.

(d) Before any compensation is paid to any local board employee or before any local board employee's rate of compensation is changed, a report must be executed, in quintuplicate, by the local board on Report of Employment, Separation, or Status Change for Local Board Employee (Form 250) and shall be distributed as follows: The original and all four copies shall be forwarded to the State Director of Selective Service, who, if he approves the employment or change of status, will endorse his approval on the original and each of the four copies, forward the original and one copy to the manager of the appropriate civil service district, two copies to the local board, and retain one copy in his files; the local board shall attach one copy to the next pay roll affected and retain one copy in its files; the manager of the civil service district will forward the original to the Director of Selective Service.

(e) When the local board finds the employment of any clerk or other employee of the local board unnecessary or the rate of compensation excessive, it shall be the duty of the local board to discontinue such employment or to reduce such compensation.

(f) When the State Director of Selective Service or the Director of Selective Service finds the employment of any clerk or other employee of a local board unnecessary or the rate of compensation excessive, it shall be his duty to order the discontinuance of such employment or the reduction of such compensation.

(g) The State Director of Selective Service or the Director of Selective Service, when he deems it to be in the best interest of the Selective Service System, may authorize the joint employment of an individual by two or more local boards.*

BOARD OF APPEAL EMPLOYEE

§ 604.31 *Appointment and tenure.* (a) Each board of appeal may have only one employee. The classification grade and salary rate of such employee shall be fixed by the State Director of Selective Service in accordance with instructions given and limitations imposed by the Director of Selective Service. Unless authorized by the Director of Selective Service, upon recommendation of the State Director of Selective Service, the person selected shall be employed on an intermittent or part-time basis for not more than 10 days or 70 hours in any one calendar month (*see* § 604.2) in a classification grade and at a salary rate not higher than that fixed by the State Director of Selective Service.

(b) Each board of appeal shall determine by a majority vote the individual to be employed, and the chairman of the board of appeal shall act as the appointing officer. Each board of appeal may designate by a majority vote the person employed as the clerk of the board of appeal.*

MEDICAL ADVISORY BOARD EMPLOYEE

§ 604.41 *Appointment and tenure.* If the State Director of Selective Service, in accordance with instructions given and limitations imposed by the Director of Selective Service, authorizes the chairman of a medical advisory board to do so, he may employ an office assistant on a per diem or hourly basis only, and such person shall not be employed for more than 10 days or 70 hours in any one calendar month, except upon specific authority of the Director of Selective Service pursuant to a recommendation of a State Director of Selective Service.*

STATE HEADQUARTERS EMPLOYEES

§ 604.51 *Appointment and tenure.* The Director of Selective Service shall determine the number and classification grades of compensated civilians to be employed by each State Headquarters for Selective Service. The State Director of Selective Service shall designate an appointing officer to employ individuals approved by him or pursuant to his direction to fill such positions.*

NATIONAL HEADQUARTERS EMPLOYEES

§ 604.61 *Appointment and tenure.* The Director of Selective Service shall determine the number and duties of compensated civilians to be employed by National Headquarters for Selective Service and shall designate an appointing officer to employ individuals approved by him or pursuant to his direction to fill such positions.*

PROCEDURE FOR EMPLOYMENT

§ 604.71 *Request for certificate of eligibles.* When a vacancy occurs in any compensated position, the appointing officer concerned shall, except in cases of employment under the provisions of § 604.2, address and forward through the State Director of Selective Service a request to the manager of the appropriate civil service district for the certification of qualified eligibles. The request shall contain all available information with reference to the position in which the vacancy exists and shall include the following:

(a) Pay-roll designation and salary.

(b) A brief description of the duties, such as stenographer and typist, file clerk, general clerk with ability to operate calculating machine, or a similar description. In addition to describing the duties, the classification grade should be indicated except in the case of local board employees.

(c) Sex—if there is any preference.

(d) Statement as to whether the position is permanent or is of a strictly temporary nature, such as 30 days, 60 days, or other limited period. If the position is permanent, the appointing officer in his request should ask that persons be certified for "probational appointment."*

§ 604.72 *United States civil service districts.* For the convenience of the appointing officer, the following table set forth the address of, and the territory served by, each district manager of the United States Civil Service Commission:

§ 604.73 *Selection.* (a) The appointing officer will receive from the manager of the appropriate civil service district a certificate of persons eligible for the position in which the vacancy exists, accompanied by the civil service examination papers of the persons certified. The individual or board having authority to fill the vacancy may select the person to be employed from the first three available persons on the list certified as eligible. The appointing officer, whenever possible, should arrange for an interview between each available person certified as eligible to fill the vacancy and the individual or board having authority to select the person to be employed.

(b) When the individual to be employed has been selected, the appointing officer shall indicate the person selected on the certificate of eligibles in accordance with instructions printed thereon.

(c) If any person listed as eligible on the certificate has declined an offer of employment, such declination should be attached to the certificate of eligibles.

(d) If the name of a person certified as eligible who has a veteran's preference is passed over, the appointing officer should attach to the certificate of eligibles a separate letter justifying such action.

(e) The appointing officer shall then return, without delay, through the State Director of Selective Service, to the manager of the appropriate civil service district the certificate of eligibles and the civil service examination papers.

(f) If it is not possible to make a selection from the list certified as eligible, the appointing officer should request the manager of the appropriate civil service district, through the State Director of Selective Service, to furnish another list of eligibles.*

§ 604.74 *Notice of appointment; placing on duty.* When a selection has been made from the certificate of eligibles and the report of the persons selected for employment has been forwarded to the manager of the appropriate civil service district, the appointing officer shall issue to the person selected for employment a letter of appointment and shall forward a duplicate thereof to the State Director of Selective Service. The letter

shall be in the following form and shall contain the information indicated:

(a) Name of appointee.

(b) Agency in which appointed and location, for example: State Headquarters for Selective Service, Richmond, Va.

(c) Pay-roll title of position, grade (except in the case of a local board employee), and salary.

(d) Effective date of entrance on duty.

(e) Statement as to whether appointment is temporary or probational.

The employee may then be immediately placed on duty.*

§ 604.75 *Forms to be completed for each person selected for appointment.* (a) Before entering upon his duties, each person selected for appointment to a position as a civilian employee in the Selective Service System shall execute the following forms:

(1) The Oath of Office portion of Form 21. (The Waiver of Pay or Compensation portion of Form 21 shall not be executed.)

(2) Personnel Affidavit (Standard Form No. 47).

(3) Application and Personal History Statement (Form 25).

(4) Declaration of Appointee (Civil Service Form 124–B), for each appointee selected from a civil service list of eligibles.

(5) Fingerprint Card (Civil Service Form 2390).

(6) Designation of Retirement Beneficiary (Civil Service Form 2806–1) and Retirement Card (Civil Service Form 3008), when the appointee is entitled to the benefits of the Civil Service Retirement Act of May 29, 1920, as amended.

(b) The manager of the appropriate civil service district will issue instructions for each person selected for probational appointment to report for physical examination to a medical officer designated by him. The appointee shall report to such medical officer and shall be examined. The medical officer will prepare a Certificate of Medical Examination (Civil Service Form 2413) and forward it to the appointing officer.

(c) A Job Classification Sheet (Form 83) is not required in connection with a local board appointee. In all other cases, the appointing officer shall prepare and sign a Job Classification Sheet (Form 83) for each appointee, which shall contain the following information: Pay-roll title and position; the classification grade; the salary; description of the duties and responsibilities of the position, listing in detail the major or more important tasks, the tasks of lesser frequency or importance, and the approximate percentage of time given to each task listed; the name of the appointee's immediate supervisor; and the number of individuals whose work is to be supervised by the appointee, if any, with the classification grades of such employees, if they are classified.

(d) The appointing officer shall forward to the State Director of Selective Service the following papers in connection with each appointment:

(1) Oath of Office portion of Form 21.

(2) Personnel Affidavit (Standard Form No. 47).

(3) Application and Personal History Statement (Form 25).

(4) Declaration of Appointee (Civil Service Form 124–B), for each appointee selected from a civil service list of eligibles.

(5) Fingerprint Card (Civil Service Form 2390).

(6) Designation of Retirement Beneficiary (Civil Service Form 2806–1) and Retirement Card (Civil Service Form 3008), when the appointee is entitled to the benefits of the Civil Service Retirement Act of May 29, 1920, as amended.

(7) Certificate of Medical Examination (Civil Service Form 2413) for each person selected for probational appointment.

(8) Job Classification Sheet (Form 83), except for local board appointee.

(9) Copy of civil service certificate of eligibles, or, if a copy is not available, a reference to the date and the number of the certificate and the civil service district issuing such certificate, or a copy of the district manager's letter authorizing an appointment where the person was not selected from a civil service certificate of eligibles.

(10) Copy of notice of appointment. (*See* § 604.74).

(e) The State Director of Selective Service shall file the Oath of Office portion of Form 21 and Personal Affidavit (Standard Form 47). He shall forward the Designation of Retirement Beneficiary (Civil Service Form 2806–1) and the Retirement Card (Civil Service Form 3008) direct to the United States Civil Service Commission, Washington, D. C., no transmittal letter being necessary. He shall forward, for review and confirmation or disapproval, the remaining papers to the Director of Selective Service, Washington, D. C.; all such papers to be forwarded through the manager of the appropriate civil service district, except those for appointments made under the provisions of Schedule A, section I, paragraph 6 of the civil service rules which shall be forwarded direct to the Director of Selective Service.*

GENERAL

§ 605.1 *Administration of oaths generally.* (a) Unless a specified person is designated to administer an oath re-

quired under the provisions of these regulations, any civil officer authorized to administer oaths generally, any commissioned officer of the land or naval forces assigned for duty with the Selective Service System, any member or clerk of a local board or board of appeal, any government appeal agent or associate government appeal agent, any member or associate member of an advisory board for registrants, any postmaster, acting postmaster, or assistant postmaster may administer such oath.

(b) Whenever an oath is required, an affirmation in judicial form, if made by a person having conscientious scruples against the taking of oaths, shall be sufficient compliance.

(c) No fee or charge shall be made for the administration of oaths in the execution of the selective service law.*

*§§ 605.1 to 605.53, inclusive, issued under the authority contained in 54 Stat. 885; 50 U.S.C., Sup. 301–318, inclusive, E.O. No. 8545, 5 F.R. 3779.

COMMUNICATIONS

§ 605.11 *Channels of communications.* (a) Any person interested in any selective service matter should communicate with the local board. If the matter seems important, the local board may communicate it to State Headquarters for Selective Service, which in turn may take it up with the Director of Selective Service.

(b) All communications sent to the Director of Selective Service shall be addressed:

The Director of Selective Service
21st and C Streets NW.
Washington, D. C.

(c) Communications intended for State Headquarters for Selective Service shall be addressed as in the following example:

State Director of Selective Service
Montgomery, Alabama

§ 605.12 *Letters.* Communication should generally be by letter. Official letters in execution of the selective service law may be sent in official penalty envelopes, marked in the upper left-hand corner, "Selective Service—Official Business" and the name of the sending agency, and in the upper right-hand corner, "Penalty for private use to avoid payment of postage, $300." When printed envelopes furnisned by the Director of Selective Service are not available, these inscriptions may be written, typed, or rubber stamped on a plain envelope.*

§ 605.13 *Telegrams, radiograms, and cablegrams.* Official telegrams, radiograms, and cablegrams may be used for official business when speed is essential. The probable hour when the addressee will actually receive such a message, as compared to the probable hour when he would receive an ordinary or air-mail letter, should be considered. Reasonable economy is necessary, and a more complete statement can usually be made in a letter.*

§ 605.14 *Long distance telephone.* Long distance telephone service may be used for official business at Government expense when absolutely essential. It is relatively very expensive and much more subject to faulty understanding between the parties than are written messages.*

§ 605.15 *Personal messages.* No personal inquiries or messages shall be sent by official envelope, telegram, radiogram, cablegram, or telephone. Messages regarding leave of absence, payment of salary or expense account and similar messages fall under this prohibition.*

RECORDS IN GENERAL

§ 605.21 *Records to be maintained.* (a) In addition to all other records required by these regulations to be kept by selective service agencies, each such agency shall keep a full set of Selective Service Regulations and such forms as pertain to its functions. All such agencies shall be required to keep up, day by day, amendments, memoranda, changes, and all other pertinent information published by the Director of Selective Service.

(b) Each selective service agency shall retain all correspondence received and a copy of all correspondence sent in its files until authorization for its disposition is received from the Director of Selective Service.*

§ 605.22 *Protection of records.* Selective service agencies shall take all possible care to keep records from being lost or destroyed. Under no circumstances shall a record be entrusted to any person not authorized to have it in his custody. When the person charged with the custody of a record transmits or delivers it to another, he shall place a notation showing the person or agency to which it is transmitted or delivered in his files in the place from which the record was withdrawn.*

§ 605.23 *Entries on records.* Selective service agencies shall make entries on records with typewriter, black ink, or rubber stamp. Red ink shall be used only as specifically directed.*

CONFIDENTIAL RECORDS

§ 605.31 *What records confidential.* Except as hereinafter in these regulations provided, the information in a registrant's file shall be confidential insofar as it relates to the following subjects:

(a) His earnings or income.
(b) His dependency status.
(c) His physical or mental condition.
(d) His court record.
(e) His previous military service.*

§ 605.32 *Information not confidential as to certain persons.* No information shall be confidential as to the persons designated in this section, and any information may be disclosed or furnished to or examined by such persons, namely:

(a) The registrant, or any person having written authority from the registrant.

(b) The members and clerical and stenographic employees of the local board, medical advisory board, or board of appeal, the examining physician or examining dentist, and the government appeal agent or associate government appeal agent, dealing with the registrant's case; proper representatives of the State Director of Selective Service or the Director of Selective Service; United States attorneys and their duly authorized representatives.

(c) Any other Federal official or employee, but only to the extent that such other Federal official or employee is specifically authorized in writing by the State Director of Selective Service or the Director of Selective Service.*

§ 605.33 *Waiver of confidential nature of information.* The making or filing of a claim or action for damages against the Government or any person, based on acts in the performance of which the record of a registrant or any part thereof was compiled, shall be a waiver of the confidential nature of information in all such records, and, in addition, all such records shall be produced and published in response to the subpena or summons of the tribunal in which such claim or action is pending.*

§ 605.34 *Subpena of records.* In the prosecution of a registrant or any other person for a violation of the Selective Training and Service Act of 1940 or any amendment thereof, the Selective Service Regulations, any orders or directions made pursuant to any of such acts or regulations, or for perjury, all records of the registrant shall be produced and published in response to the subpena or summons of the court in which such prosecution is pending.*

§ 605.35 *Dependency: When information not confidential.* (a) The fact that dependency has been claimed and the names and addresses of the claimed dependents shall not be confidential and may be disclosed or furnished.

(b) Information as to dependents or home conditions of a registrant shall be furnished to a representative of the American National Red Cross who has been authorized by the Army, Navy, or Marine Corps to investigate the registrant's request for separation from active service or discharge from the armed forces. For the purpose of such investigation, information so given shall not be considered confidential as to the investigator. The investigator shall not be permitted to examine the registrant's file, but any information contained therein relating to his dependents or home conditions will be furnished orally during a consultation with members of the local board or their authorized representative.*

§ 605.36 *Physical and mental condition: When information not confidential.* The information relating to physical or mental condition shall not be confidential under the circumstances and to the extent following:

(a) Such information may be disclosed or furnished by the examining physician, the examining dentist, or a member of the medical advisory board to the appropriate civil authorities where such persons are required by law to report diseases or defects noted therein.

(b) Such information may be disclosed or furnished to or examined by any person individually designated, or within a group described and designated, by the State Director of Selective Service or the Director of Selective Service as assisting in the selective service plan for correction of physical defects of certain registrants.*

§ 605.37 *Court record: When information not confidential.* Information concerning the court record of a registrant may be disclosed or furnished to or examined by peace officers of the United States and the several States and subdivisions thereof, judges and officers of courts of the United States and the several States and subdivisions thereof, and proper representatives of the armed forces. Information so given shall not be confidential as to such persons.*

§ 605.38 *Military service: When information not confidential.* Information relating to previous military service shall not be confidential as to proper representatives of the armed forces and may be disclosed or furnished to or examined by them.*

§ 605.39 *"Disclose," "furnish," and "examine" defined.* When used in this part, the following words with regard to the records of, or information as to, any registrant shall have the meaning ascribed to them as follows:

(a) "Disclose" shall mean a verbal or written statement concerning any such record or information.

(b) "Furnish" shall mean providing in substance or verbatim a copy of any such record or information.

(c) "Examine" shall mean a visual inspection and examination of any such record or information at the office of the local board or board of appeal as the case may be.*

§ 605.40 *Availability of information that is not confidential.* The clerk who is in charge of a record shall read or point out information in any portion thereof which is not confidential to any person who requests such information, if he can do so without interfering with his other duties. Except when otherwise specifically provided in these regulations or by written authority of the Director of Selective Service, no person shall be entitled to search or handle any record.*

§ 605.41 *Furnishing lists of registrants prohibited.* Lists of registrants shall not be furnished for any purpose except in the administration of the selective service law and then only when specifically authorized by the Director of Selective Service.*

SELECTIVE SERVICE FORMS

§ 605.51 *Forms made part of regulations.* All forms and revisions thereof referred to in these or any new or additional regulations, or in any amendment to these or such new or additional regulations, whether heretofore or hereafter adopted, and all forms and revisions thereof heretofore or hereafter prescribed by the Director of Selective Service shall be and become a part of these regulations in the same manner as if each form, each provision therein, and each revision thereof were set forth herein in full. Whenever in any form or the instructions printed thereon, whether heretofore or hereafter adopted or prescribed, any person shall be instructed or required to perform any act in connection therewith, such person is hereby charged with the duty of promptly and completely complying with such instruction or requirement.*

§ 605.52 *Forms supplied by State Headquarters for Selective Service.* Agencies of the Selective Service System requiring blank forms may obtain them from State Headquarters for Selective Service.*

§ 605.53 *Special forms must be authorized.* Whenever local conditions make necessary a form not included in the Selective Service Regulations, the agency concerned shall submit a copy of the proposed form, with a full statement of the necessity and proposed use, through State Headquarters for Selective Service to the Director of Selective Service. The form shall not be used until approved by the Director of Selective Service.*

PART 606—FINANCE ADMINISTRATION

Effective February 1, 1942, the Selective Service Regulations are hereby amended by rearranging the order in which the paragraphs hereinafter listed will appear; by assigning new numbers to such rearranged paragraphs; by changing the context of those paragraphs hereinafter listed which are followed by the words "as amended"; and by publishing such rearranged, renumbered, and amended paragraphs as the sections of Part 606 of the Second Edition of the Selective Service Regulations:

Paragraph 122 as amended becomes § 606.4.
Paragraph 501 as amended becomes § 606.5.
Paragraph 502 as amended becomes § 606.5.
Paragraph 503 as amended becomes § 606.1.
Paragraph 504 as amended becomes § 606.3.
Paragraph 505 as amended becomes § 606.2.
Paragraph 506 as amended becomes § 606.4.
Paragraph 508 as amended becomes § 606.4.
Paragraph 509 as amended becomes § 606.6.
Paragraph 544 as amended becomes § 606.7.

PART 606—FINANCE ADMINISTRATION

Sec.
606.1 The Director of Selective Service may authorize expenditures.
606.2 Chief of Finance, United States Army, fiscal, disbursing, and accounting agent.
606.3 State Director of Selective Service may authorize certain expenditures.
606.4 State procurement officer's duties.
606.5 Limitation on obligations.
606.6 Report of Obligations (Form 260 and supplements).
606.7 Preparation and distribution of vouchers.

§ 606.1 *The Director of Selective Service may authorize expenditures.* The Director of Selective Service may authorize such lawful expenditures as he deems necessary in the administration of the selective service law.*

*§§ 606.1 to 606.7, inclusive, issued under the authority contained in 54 Stat. 885; 50 U.S.C., Sup., 301-318, inclusive, E.O. No. 8545, 5 F.R. 3779.

§ 606.2 *Chief of Finance, United States Army, fiscal, disbursing, and accounting agent.* The Chief of Finance, United States Army, is designated as the fiscal, disbursing, and accounting agent of the Director of Selective Service. Disbursement of funds for the Selective Service System shall be made by the Chief of Finance, upon properly certified vouchers, through designated finance officers.*

§ 606.3 *State Director of Selective Service may authorize certain expenditures.* The State Director of Selective Service may authorize such lawful expenditures within amounts allotted as he determines to be necessary for the operation and maintenance of the Selective Service System in his State, subject to the provisions of these regulations and to any limitation imposed by the Director of Selective Service.*

§ 606.4 *State procurement officer's duties.* The State procurement officer shall procure and account for supplies and equipment, contract on behalf of the Government, certify vouchers, and perform such other duties as are assigned to him by the State Director of Selective Service or the Director of Selective Service. We shall keep the State Director of Selective Service and the Director of Selective Service advised of the relationship of expenditures and allotments.*

§ 606.5 *Limitation on obligations.* Obligations may be incurred only for purposes authorized by law and in amounts not in excess of funds allotted.*

§ 606.6 *Report of Obligations (Form 260 and supplements).* Each person receiving an allotment of funds shall prepare, before the 10th of each month, a Report of Obligations (Form 260 and supplements) showing all funds obligated by him during the preceding month and shall distribute the original and copies of such forms in accordance with instructions thereon.*

§ 606.7 *Preparation and distribution of vouchers.* All vouchers shall be prepared on the typewriter in the manner provided in these regulations or in instructions on such voucher. Statistical Information (Form W.D., F.D. 28) shall be used as the first carbon copy of all vouchers. The statistical data on such carbon copy shall be an exact duplicate of the statistical data on the original voucher. The first carbon copy, Statistical Information (Form W.D., F.D. 28), shall be immediately transmitted to the finance officer who is to make payment on the original voucher. The original voucher and the other carbon copies of the voucher shall be distributed in the manner directed by the instructions upon the original voucher.*

PART 607—PAYMENT FOR PERSONAL SERVICES

Effective February 1, 1942, the Selective Service Regulations are hereby amended by rearranging the order in which the paragraphs hereinafter listed will appear; by assigning new numbers to such rearranged paragraphs; by changing the context of those paragraphs hereinafter listed which are followed by the words "as amended"; and by publishing such rearranged, renumbered, and amended paragraphs as the sections of Part 607 of the Second Edition of the Selective Service Regulations:

Paragraph 545 becomes § 607.1.
Paragraph 546 as amended becomes § 607.2.
Paragraph 546*g* as amended becomes § 607.4.
Paragraph 547 as amended becomes § 607.3.
Paragraph 548 as amended becomes § 607.5.

PART 607—PAYMENT FOR PERSONAL SERVICES

Sec.
607.1 Payment of entire personnel of board or headquarters upon same voucher.
607.2 Computation of time: Payment of employees.
607.3 Computation of time: Payment of per diem employees.
607.4 Change in pay status.
607.5 Voucher for personal services.

§ 607.1 *Payment of entire personnel of board or headquarters upon same voucher.* The entire personnel employed at any board or headquarters should be paid upon the same voucher for any service rendered during the period which the voucher covers.*

*§§ 607.1 to 607.5, inclusive, issued under the authority contained in 54 Stat. 885; 50 U.S.C., Sup. 301-318, inclusive, E.O. No. 8545, 5 F.R. 3779.

§ 607.2 *Computation of time: Payment of employees.* The following rules for the computation of time for payment of services at monthly or annual rates shall be observed:

(a) For any full calendar month's service, at a stipulated monthly rate of compensation, payment shall be made at such stipulated rate without regard to the number of days in that month.

(b) When service commences on an intermediate day of the month, 30 days shall be assumed as the length of the month, whatever the number of days therein.

(c) When the service terminates on an intermediate day of the month, the actual number of days during which service was rendered in that calendar month will be allowed.

(d) Services commencing in February will be calculated as though the month contained 30 days, thus: From February 21 to 28 (or 29), inclusive, 10 days. When the service commences on the 28th day of that month, 3 days will be allowed; and when on the 29th, 2 days.

(e) If service commences on the 31st day of any month, payment shall not be made for that day.*

§ 607.3 *Computation of time: Payment of per diem employees.* Per diem employees shall be paid for the actual number of days during which service was rendered. The daily equivalent of an annual salary rate is determined by dividing the annual salary rate by 360. The daily equivalent of a monthly salary rate is determined by dividing the monthly salary rate by 30.*

§ 607.4 *Change in pay status.* Change in pay status (except by employment or discharge) will be made only on the first day of any pay period, unless otherwise specifically authorized by the Director of Selective Service.*

§ 607.5 *Voucher for personal services.* (a) Personal-service pay rolls shall be prepared once each month. The Director of Selective Service, upon the recommendation of the State Director of Selective Service, may authorize the preparation of pay rolls twice each month, covering the period of the 1st to the 15th, inclusive, and the 16th to the last day of the month, inclusive.

(b) Pay Roll for Personal Services (Form 255) and the memorandum copy thereof (Form 255a) shall be used for the payment of civilians employed in the administration of the selective service law.

(c) The finance officer shall be furnished the Pay Roll for Personal Services (Form 255), together with a memorandum copy thereof (Form 255a), and a copy thereof on Statistical Information (Form WD, FD 28) completed in accordance with the instructions printed thereon and in the following manner:

(1) On the face of the pay-roll voucher, in the places provided at the top, shall be entered the official designation and the location of the board or headquarters of the personnel to be paid by such voucher and the period of time which the voucher covers.

(2) On the face of the pay-roll voucher, the certificate shall be completed so as to show:

(i) In the case of a local board, the date upon which the State Director of Selective Service, under the provisions of § 604.21, fixed the number and rate of compensation of its employees.

(ii) In the case of a board of appeal, the date upon which the State Director of Selective Service, under the provisions of § 604.31, fixed the classification grade and salary rate of its employee.

(iii) In the case of a medical advisory board, the date upon which the State Director of Selective Service, under the provisions of § 604.41, authorized the employment of its employee.

(iv) In the case of a State Headquarters for Selective Service, the date upon which the Director of Selective Service, under the provisions of § 604.51, fixed the number and classification grades of its employees.

(v) In the case of National Headquarters for Selective Service, the date upon which the Director of Selective Service, under the provisions of § 604.61, fixed the number and duties of its employees.

(3) In the column headed "Name" on the back of the pay-roll voucher shall be entered the name of each civilian employee who has performed services for which compensation is claimed for the board or headquarters during the period of time which the pay-roll voucher covers. The name shall be entered, for example. Doe, John K.

(4) In the column headed "Designation" will be shown the person's official designation, such as "Stenographer" or "Clerk."

(5) In the column headed "Rate of Compensation" shall be entered the base amount for which compensation is claimed.

(6) In the column headed "Unit of Employment" shall be entered the basis upon which compensation is claimed, i. e., hourly, daily, monthly, or annually.

(7) In the column headed "Total Units Employed" shall be entered the total number of hours, days, or months covered by the pay period.

(8) In the column headed "Gross Amount Earned" shall be entered the total amount that is obtained by multiplying the total number of units served by the rate of compensation.

(9) In the subcolumn headed "Retirement" shall be entered the amount deducted from the employee's gross amount earned for credit to his retirement account under the provisions of the Civil Service Retirement Act of May 29, 1920, as amended.

(10) The subcolumn headed "Other" shall be used for deductions for unauthorized absences or deductions made for lost or damaged Government property.

(11) In the column headed "Net Amount Paid" shall be entered an amount equal to the gross amount earned less all deductions entered in the subcolumns headed "Retirement" and "Other."

(12) The column headed "Signatures for Cash and Notations for Check Payments" shall be filled in by the disbursing officer who pays the voucher.

(13) In the column headed "Remarks" shall be explained any and all deductions made, any facts that may affect the compensation status, the date of appointment, the authority for the appointment, any other information in regard to an appointment, date of entry upon duty, transfer, promotions, demotions,

separations, and any other changes that affect the compensation status.

(d) The original of the Pay Roll for Personal Services (Form 255) for a local board, a board of appeal, or a medical advisory board shall be certified by the chairman of the board, or by a member of the board designated in a resolution regularly adopted by the board as the certifying officer for such purpose, and shall be approved by the State procurement officer.

(e) The original of pay-roll vouchers for a State Headquarters for Selective Service shall be certified to and approved by the State Director of Selective Service or the State procurement officer.

(f) When a local board employee is appointed, separated, or his status is changed, there shall be attached to the first pay roll affected a signed copy of the Certificate of Appointment, Separation, or Change of Status for Local Board Employee (Form 250).

(g) The State procurement officer shall forward all properly prepared and executed personal-service pay rolls to the designated finance officer for payment.*

PROPERTY, EQUIPMENT, AND SUPPLIES

§ 608.1 *Purchase.* (a) The State procurement officer, upon receiving proper authorization from the Director of Selective Service through the Chief of Finance, United States Army, shall procure or authorize the procuring of the necessary property, equipment, and supplies for the various boards and for State Headquarters for Selective Service within the limitation of the funds provided.

(b) When it is impracticable for the State procurement officer to make a purchase in compliance with the request of the chairman of a local board or board of appeal, he may authorize the chairman to make the purchase.

(c) When practicable, purchases should be made from the General Schedule of Supplies, prepared under the direction of the Secretary of the Treasury.

(d) No contract shall be negotiated or entered into for the procurement of supplies or services from any firm or company with which any person authorizing or making the purchase is in any way connected as a member, officer, agent, or employee.

(e) Purchase of supplies and equipment procured, mined, or manufactured outside the United States is prohibited by law.

(f) The selective service law permits the Selective Service System to obtain by loan or gift such equipment and supplies as may be needed. Such loans or gifts should be encouraged, but persons making such loans should be reminded that the Government is not responsible for the care or safekeeping of such articles.*

*§§ 608.1 to 608.46, inclusive, issued under the authority contained in 54 Stat. 885; 50 U.S.C. Sup., 301-318, inclusive; E.O. No. 8545, 5 F.R. 3779.

§ 608.2 *Requisitions.* (a) The State Director of Selective Service or the chairman of a local board or board of appeal shall use the Requisition for Supplies (Form 259) when requesting the State procurement officer to furnish property, equipment, or supplies.

(b) The chairman of each local board is authorized to request the State procurement officer to furnish such supplies as may be required by the examining physician or examining dentist of such board.*

§ 608.3 *Medical advisory board examinations or tests.* The chairman of a medical advisory board shall authorize such special examinations or laboratory tests as he may deem necessary and shall cause to be forwarded to the State procurement officer for payment the bill for such examinations and tests, after affixing his approval. The bill or statement shall contain the following certificate by the person or laboratory rendering such services:

I certify that the above bill is correct and just; that payment therefor has not been received; that all statutory requirements as to American production and labor standards and all conditions of purchase applicable to the transactions have been complied with; and that State or local sales taxes are not included in the amount billed.

*

§ 608.4 *Purchase Order.* A Purchase Order (Form 258) shall be prepared, in quadruplicate, by the officer authorizing the purchase and shall be distributed as follows: Original to vendor, two copies to be attached to the voucher forwarded to the finance officer, and the remaining copy to be retained by the officer making the purchase.*

§ 608.5 *Bills and invoices.* (a) All bills and invoices of whatever nature shall be prepared in duplicate and sent to the State procurement officer by the vendor.

(b) In order to expedite payment, the officer making the purchase should notify the vendor at the time of the purchase to submit invoices in duplicate, only the original of which shall be signed, to the State procurement officer. The original only of such invoices shall bear the following certificate, duly signed:

I certify that the above bill is correct and just; that payment therefor has not been received; that all statutory requirements as to American production and labor standards and all conditions of purchase applicable to

the transactions have been complied with; and that State or local sales taxes are not included in the amount billed.

•

§ 608.6 *Receiving Report.* (a) Upon receipt of the property, equipment, or supplies ordered, a Receiving Report (Form 264) shall be prepared, in quadruplicate, by the officer responsible for property and shall be distributed as follows: One copy to be retained by the officer responsible for property, the original and two copies to be transmitted to the State procurement officer who, after completing the form and making proper notation for record purposes, will attach the original and one copy to the voucher forwarded to the finance officer.

(b) Receiving officers shall forward the Receiving Reports (Form 264) promptly, in order that advantage may be taken of any discount offered by the vendor.*

LEASES

§ 608.11 *Lease of offices.* (a) When practicable, the offices of local boards, boards of appeal, and State Headquarters for Selective Service shall be located in public buildings.

(b) Existing regulations governing the leasing of space require that such leases shall be submitted to the Public Buildings Administration for clearance in advance of the execution of the lease. This requirement has been temporarily waived so that the local boards and others concerned with the administration of the selective service law need not be delayed in the rental of quarters.

(c) When space in public buildings is not available, an office shall be rented. Before leasing an office, competition must be secured from three or more sources in order to obtain the lowest rental possible for suitable space. The result of this competition shall be shown on the Statement and Certificate of Award (Standard Form 1036) which shall be attached to the lease.

(d) "SEC. 322. Hereafter no appropriation shall be obligated or expended for the rent of any building or part of a building to be occupied for Government purposes at a rental in excess of the per annum rate of 15 per centum of the fair market value of the rented premises at date of the lease under which the premises are to be occupied by the Government nor for alterations, improvements, and repairs of the rented premises in excess of 25 per centum of the amount of the rent for the first year of the rental term, or for the rental term if less than one year; • • •." (Economy Act of June 30, 1932, 47 Stat. 412) ": *Provided, further,* That the provisions of this section as applicable to rentals, shall apply only where the rental to be paid shall exceed $2,000 per annum." (Economy Act of March 3, 1933, 47 Stat. 1517) In the case of rent-free premises, the recommendation of the State Director of Selective Service for alterations, improvements, or repairs of the premises shall be accompanied by an estimate of the fair rental value of the premises, exclusive of any and all facilities, for the first year of occupancy or for the period of occupancy less than one year, and the fair rental value as thus fixed shall be adopted as a basis for computation in determining limitations upon expenditures for alterations, improvements, and repairs. Subject to the limitation specified in this subsection, the State Director of Selective Service may authorize alterations, improvements, and repairs to local and appeal board offices and to State Headquarters for Selective Service in an amount not to exceed $50 in the aggregate for any one office. No alterations, improvements, or repairs to any one office in excess of said $50 aggregate may be made without the prior approval of the Director of Selective Service, upon the recommendation of the State Director of Selective Service.

(e) Where leases involve an annual rental rate of $2,000 or more, a Statement of Fair Market Value (Form 270), with necessary supporting papers, shall be attached to the lease.

(f) Subject to the above, the State procurement officer is authorized to lease offices for local and appeal boards and for State Headquarters for Selective Service. Each lease shall be executed in behalf of the Government of the United States, on Lease (Standard Form No. 2) for a period not to exceed one year, with the privilege of renewal. The lease should include, if practicable, heat, light, water, and janitor service. The lease shall contain a provision for cancelation upon 30 days' notice in writing by either the lessor or the Government.

(g) When other than the owner of the property executes the lease, adequate evidence of the agent's or representative's authority to sign the lease shall be obtained and shall be attached to the lease.

(h) Each lease executed by the State procurement officer and by the lessor on Lease (Standard Form No. 2) shall be in quintuplicate, all copies of which shall be signed by the contracting parties. The State procurement officer, after making proper notations for record purposes, shall send the original, properly numbered, to the General Accounting Office, Washington, D. C., one copy each to the lessor and the chairman of the board or State Director of Selective Service, and two copies to the finance officer designated to make payments.

(i) When a lease has been executed, it will be reported on a Request for Approval of Lease (P–SC Form No. 6) in quadruplicate. The original and one copy shall be mailed to the Commissioner of Public Buildings, Federal Works Agency, Washington, D. C., one copy shall be mailed to the Director of Selective Service, and one copy retained by the person making the report.

(j) Rental bills for fractional parts of a month shall be computed on the basis of the actual number of days of the month.*

TELEPHONE AND TELEGRAPH

§ 608.21 *Telephone: Authorization.* (a) A telephone may be installed in the office of a local board or board of appeal when requested by the chairman or in State Headquarters for Selective Service. Telephones shall be used for official business only.

(b) Contracts for telephone installation shall be executed by the State procurement officer on the Contract for Telephone Service (Standard Form No. 40) in quintuplicate. All copies of the contracts shall be signed by the contracting parties. The original, properly numbered, shall be sent to the General Accounting Office, Washington, D. C., one copy each to the telephone company and chairman of the board or the State Director of Selective Service, and two copies to the finance officer designated to make payment.*

§ 608.22 *Certification of bills.* (a) Telephone and telegraph bills shall contain the following certificate signed by the chairman of the board:

I certify that the above account is correct and that the service was rendered for prompt transaction of official business.

(b) The chairman of the board should notify the telephone and telegraph companies that their bills must contain the following certificate:

I certify that the above bill is correct and just; that payment therefor has not been received; that all statutory requirements as to American production and labor standards and all conditions of purchase applicable to the transactions have been complied with; and that State or local sales taxes are not included in the amount billed.

(c) With reference to long-distance telephone tolls, attention is called to the following statutory provision: "• • • hereafter no part of this or any other appropriation for any executive department, establishment, or agency shall be used for the payment of long-distance telephone tolls except for the transaction of public business which the interests of the Government require to be so transacted; and all such payments shall be supported by a certificate by the head of the department, establishment, or agency concerned, or such subordinates as he may specially designate, to the effect that the use of the telephone in such instances was necessary in the interest of the Government." (Sec. 4, act May 10, 1939, 53 Stat. 738; 31 U.S.C. 680 (a))

(d) In compliance with subsection (c) above, a certificate shall be required to support payments of official long-distance telephone tolls. The certificate shall be executed only by such officers as may be appointed and designated by the Director of Selective Service as certifying officers for such purposes. For uniformity in such certifications, the following is prescribed for each public voucher and for each travel or station-

expense reimbursement voucher that includes toll charges for official long-distance telephone calls:

Pursuant to section 4 of the act approved May 10, 1939, 53 Stat. 738, I certify that the use of the telephone for the official long-distance calls listed herein was necessary in the interest of the Government.

(e) The Director of Selective Service shall furnish the General Accounting Office with a certified copy of each order of appointment of such certifying officers.

(f) Interzone messages can ordinarily be made by calling the same telephone operators who serve the metropolitan area, while special operators must be utilized for long-distance calls beyond the established telephone zones. Interzone messages need not be classed as long-distance toll messages with respect to the requirements as to special certification to telephone invoices. Local and interzone charges need not be specially certified.

(g) Telegrams, cablegrams and radiograms on official business shall be endorsed "Selective Service System—Official Business—Government rate" and shall indicate the class of message (telegram, day message, day letter, night message, night letter). On the face of the message the sender shall make this certificate:

I certify that this message is on official business necessary for the public service in the administration of the selective service law.

(Signature)

(Official title)

(h) Designated finance officers shall pay vouchers covering charges for telegrams, cablegrams, radiograms, and telephone calls properly certified to them by the State procurement officer.*

§ 608.23 *Public voucher for telephone and telegraph service.* The Public Voucher for Purchases and Services Other Than Personal (Standard Form No. 1034) shall be used for the vouchering of all claims against the Government covering telephone and telegraph services. This form shall be prepared by the State procurement officer in the manner prescribed in § 608.31. In addition to these instructions, the State procurement officer shall certify to the following:

The services to be obtained by this instrument are authorized by, are for the purposes set forth in, and are chargeable to Procurement Authority ----------, the available balance of which is sufficient to cover cost of same.

•

VOUCHERING EXPENDITURES OTHER THAN PERSONAL OR TRAVEL

§ 608.31 *Preparation of vouchers for purchases and services other than personal.* The Public Voucher for Purchases and Services Other Than Personal (Standard Form 1034) shall be used for the vouchering of all claims against the Government involving expenditures for purchases and leases and for all services other than personal and travel. This form shall be prepared by the State procurement officer in the manner herein prescribed:

(a) In the proper places on the form shall be entered a description of each article purchased or the services rendered, with the date of purchase or of rendering of service, and the amount claimed for each. When a payee submits for payment an invoice or bill which has been properly certified, such invoice or bill may be accepted if it constitutes a valid claim against the Government. The invoice is to be fastened securely to the voucher, and in such cases it shall not be necessary to state the invoice or bill in detail or secure the payee's signature on the voucher. The voucher otherwise shall be completed in due form. In cases where the payee does submit a properly certified invoice, it should be described on the voucher sufficiently to identify it and the amount or amounts carried to the "Amount" column. More than one invoice or bill of the same payee may be attached to and paid on a single voucher, provided the transactions are under the same agreement and are furnished under the same conditions as to method or absence of advertising.

(b) In the blocks headed "Accounting Classification," the appropriation symbol, appropriation title, procurement authority, and purpose numbers shall be shown.

(c) The memorandum voucher (Standard Form 1034a) shall be prepared so as to be a duplicate of the original, except that there shall be no signature. It is recommended that a typewriter be used and carbon paper inserted between the original and memorandum. If a typewriter is not used, the original and memorandum shall be made out in ink.

(d) When there is not sufficient space on Standard Form 1034 for completely itemizing the payee's bill or invoice, the itemizing shall be begun on the Continuation Sheet (Standard Form 1035) with Standard Form 1035a as the memorandum. When more than one sheet is thus used, all sheets shall be securely fastened together, the certificate sheet (Standard Form 1034) being the final sheet, and the totals of each sheet carried forward to, or summarized upon, the final sheet (Standard Form 1034).

(e) The State procurement officer shall place his signature and title in the space provided in the certificate printed on the voucher.

(f) The voucher shall further be supported by two copies of the Purchase Order (Form 258) (§ 608.4) and two copies of the Receiving Report (Form 264) (§ 608.6).

(g) The voucher, when properly prepared and supported by the required documents shall then be promptly forwarded to the finance officer designated to make payment.

(h) Statistical data shall be furnished to the Chief of Finance on Statistical Information (Form W.D., F.D. 28).*

TRAVEL AND SUBSISTENCE

§ 608.41 *Travel: Authorization.* (a) To the extent provided by appropriation made therefor, the following may authorize travel at Government expense in the execution of the selective service law:

(1) The Director of Selective Service, the Deputy Directors of Selective Service, or any other official designated by any one of them.

(2) The Governor of a State or the State Director of Selective Service, for the travel of the personnel of the Selective Service System of his State, provided such travel shall be confined to the territorial limits of the corps area or naval district in which his State is located, unless travel beyond the territorial limits of the corps area or the naval district is authorized or approved by the Director of Selective Service.

(b) A Travel Order (Form 251) shall be used to authorize all official travel. All Travel Orders (Form 251) shall be numbered serially, beginning with the number 1 as of the first of each fiscal year.*

§ 608.42 *Travel and subsistence expenses.* Except as provided in section 608.43 of these regulations or provided for by law, the amount of travel and subsistence expense or the per diem allowance is fixed in Standardized Government Travel Regulations.*

§ 608.43 *Special provisions concerning travel and subsistence expenses.* (a) The travel of a person serving without compensation in the administration of the selective service law shall be specifically authorized, and such person so authorized may be reimbursed in accordance with Standardized Government Travel Regulations for transportation and traveling expenses incurred while traveling on official business, including travel from home to the office of the board to which such person is assigned and return. No reimbursement shall be made for travel occurring wholly within the limits of the municipal corporation in which a person resides or for more than one trip and return in any one day between two given points.

(b) A per diem allowance not to exceed $5 in lieu of subsistence expenses may be authorized while traveling on official business within the limits of the continental United States. The rates of the per diem in lieu of actual expenses for subsistence authorized by law and regulations represent the maximum allowable and not the minimum. It is the responsibility of the issuing official to authorize only such per diem rates as are justified by the nature of the travel. Care should be exercised to prevent the fixing of a per diem rate in excess of that required to meet the necessary authorized expenses.

(c) Members of the land or naval forces who are on active duty in the service of the United States and assigned to duty with the Selective Service System, when properly authorized to travel, shall be paid from Selective Service System funds at rates authorized by law for the travel of such members of the land or naval forces.*

§ 608.44 *Government Requests for Transportation (Standard Form 1030): Use and preparation.* (a) Government Requests for Transportation (Standard Form 1030) may be issued for both land and water transportation, including ocean travel, and for sleeping-car service. Books of such requests shall be supplied by the Director of Selective Service to the State Director of Selective Service, who in turn shall supply local boards with such books of requests as are necessary. Such requests shall be issued by local boards or by any duly authorized representative of the State Director of Selective Service or Director of Selective Service as follows:

(1) When it is necessary to transport selected registrants from local boards to induction stations.

(2) When it is necessary to transport a registrant from the office of a local board to the office of a medical advisory board and return.

(3) When it is necessary to transport a registrant from the office of a local board to an examining board of the armed forces and return.

(4) When it is necessary to transport a registrant in order to carry out the instructions issued by the Director of Selective Service for remedying the defects of such registrant.

(5) Whenever practicable, when travel is performed by officers or employees incident to the provisions of the selective service law.

(b) In the preparation of Government Requests for Transportation (Standard Form 1030), the typewriter shall be used when practicable; otherwise, ink or indelible pencil. The use of ordinary lead pencil is prohibited.

(c) The issuing official shall enter the estimated cost of transportation on the memorandum copy (Form 1031).

(d) The memorandum copies (Form 1031) of all Government Requests for Transportation (Standard Form 1030) shall be detached and mailed under the same cover, at the close of the day on which issued, directly to the Finance Officer, United States Army, Transportation Division, Washington, D. C.

(e) No alteration shall be made above the signature of the issuing officer on Government Requests for Transportation (Standard Form 1030). In case of errors requiring erasures, the request shall be canceled and a new request issued. If an explanation is required, it shall be made on the back of the request.

(f) If a request is canceled before the memorandum copy has been forwarded to the Finance Officer, the canceled request and memorandum copy shall be forwarded to the Director of Selective Service. If cancelation occurs after the memorandum copy has been forwarded to the Finance Officer, the canceled request shall be promptly sent to the Finance Officer, United States Army, Transportation Division, Washington, D. C.

(g) Great care must be exercised in safeguarding Government Requests for Transportation (Standard Form 1030). When such requests are lost or stolen, the person to whom the book was issued or the traveler shall immediately notify the Director of Selective Service and local ticket agents, giving the serial numbers of such requests. The Director of Selective Service shall immediately pass this information on to the Finance Officer, United States Army, Transportation Division, Washington, D. C.

(h) If a lost or stolen request is later recovered, it shall not be used but shall be canceled and forwarded to the Director of Selective Service.

(i) When all of the Government Requests for Transportation (Standard Form 1030) in a book have been issued or canceled, the book, with the tabulation sheet (Form 1029), shall be forwarded to the State Director of Selective Service who, after crediting the local board, shall forward it to the Director of Selective Service.*

§ 608.45 *Government request for meals or lodgings for civilian registrants (Form 256).* (a) Meal and Lodging Ticket Books containing Government Requests for Meals or Lodgings for Civilian Registrants (Form 256) shall be supplied by the Director of Selective Service to the State Director of Selective Service, who in turn shall supply local boards with such books as are necessary. Government Requests for Meals or Lodgings for Civilian Registrants (Form 256) shall be issued by local boards or by any duly authorized representative of the State Director or Selective Service or the Director of Selective Service to provide necessary meals or lodgings, at customary hours, for registrants ordered to report to medical advisory boards, to examining boards of the armed forces, to induction stations, or when necessary in accordance with instructions issued by the Director of Selective Service in remedying the defects of a registrant. One request may be used to provide meals or lodgings for a group of registrants.

(b) For a registrant ordered to report to a medical advisory board or to an examining board of the armed forces, meals or lodgings shall be provided for the time spent in travel from the local board to the medical advisory board and return, or to the examining board of the armed forces and return, and for the 3 days or less that a registrant may be before a medical advisory board or an examining board of the armed forces.

(c) For a registrant ordered to report to an induction station, meals or lodgings shall be provided from the time the registrant reports at the local board to the time he is scheduled to arrive at the induction station.

(d) For a registrant cooperating in remedying his defects, meals or lodgings may be provided from the time he leaves until he returns to his home, except for such time as he may be in a hospital or other institution and receiving meals and lodgings as a patient of such institution.

(e) The value of such meals or lodgings shall not exceed the following amounts:

Breakfast	$0.50
Lunch	.50
Dinner	.75
Lodging, per day	1.50

(f) When a Government Request for Meals or Lodgings for Civilian Registrants (Form 256) is issued to a registrant, the memorandum copy shall be completed and forwarded to the State Director of Selective Service. The stub, with the pertinent information thereon, shall be retained in the book.

(g) No erasures or alterations of any kind shall be made. If an error is detected or a request is erroneously made out, the original and memorandum copies shall be marked "Canceled" and returned to the State Director of Selective Service, who in turn shall forward both to the Director of Selective Service.

(h) When all requests in a book have been used, the book shall be forwarded to the State Director of Selective Service, who, after crediting the local board, shall forward the book to the Director of Selective Service.

(i) Government Request for Meals or Lodgings for Civilian Registrants (Form 256) are in the nature of checks, and care should be taken that neither the Meal and Lodging Ticket Books nor the individual requests fall into the hands of unauthorized persons. Books shall be receipted for and accounted for separately from other supplies.*

§ 608.46 *Voucher for reimbursement of expenses incident to official travel.* (a) The Voucher for Per Diem and/or Reimbursement of Expenses Incident to Official Travel (Standard Form 1012) shall be used for the purpose of vouchering expenses incurred incident to official travel by officers or employees of the Selective Service System when traveling under competent orders on official business.

(b) The Voucher for Per Diem and/or Reimbursement of Expenses Incident to Official Travel (Standard Form 1012) shall be prepared upon completion of the authorized travel or at the end of any month if the officer or employee is still in travel status. The original and duplicate Travel Order (Form 251) shall accompany it. Instructions for its preparation are contained in the "Standardized Government Travel Regulations." The voucher is submitted to the State procurement officer.

(c) Oaths subscribed on Voucher for Per Diem and/or Reimbursement of Expenses Incident to Official Travel

(Standard Form 1012) may be administered by any person authorized by these regulations to administer oaths.*

Such property shall be used solely for the transaction of Government business.*

*§§ 609.1 to 609.7, inclusive, issued under the authority contained in 54 Stat. 885; 50 U.S.C., Sup., 301-318, inclusive, E.O. No. 8545, 5 F.R. 3779.

§ 609.2 *Government property: Responsibility and accountability for.* (a) The chairman of each local board, board of appeal, or medical advisory board, or, where designated by the board to act in place of the chairman for this specific purpose, the member or the clerk so designated shall be responsible to the State procurement officer for the nonexpendable property of the United States in the possession of the board. The State Director of Selective Service shall designate a person to be responsible to the State procurement officer for nonexpendable property of the United States in the possession of State Headquarters for Selective Service.

(b) The State procurement officer shall be accountable to the Director of Selective Service for all United States Government nonexpendable property purchased by, or issued, transferred, or donated to, the Selective Service System within his State and shall be required to keep accurate records of such property.*

§ 609.3 *Semiannual report required.* (a) On the last day of June and December of each year every official of the Selective Service System within a State who is responsible for United States Government property shall render an inventory report to the State procurement officer on the Nonexpendable Property Inventory (Form 16). The inventory report shall show all articles of nonexpendable property owned by the United States and in the possession of the board or State Headquarters for Selective Service on the last day of each semiannual period.

(b) As of the last day of June and December of each year, every State procurement officer who is accountable for United States Government property shall render a consolidated report to the Director of Selective Service on the Consolidated Nonexpendable Property Report (Form 17). This report shall show all articles of nonexpendable property owned by the United States and in the possession of the Selective Service System within his State as of the last day of each semiannual period and shall be submitted not later than the 15th day of the month immediately following.

(c) The Nonexpendable Property Continuation Sheet (Form 18) shall be used in conjunction with the Nonexpendable Property Inventory (Form 16) and the Consolidated Nonexpendable Property Report (Form 17) if additional space is required.*

§ 609.4 *Transfer of responsibility and accountability: Procedure.* (a) Whenever any responsible officer is relieved from office for any cause, he shall transfer his responsibility for all nonexpendable property to the person designated under the provisions of § 609.2 to succeed him as the responsible officer. The transfer shall be accomplished by the preparation, in triplicate, of the Nonexpendable Property Inventory (Form 16), which shall list all articles of nonexpendable property in the possession of the board or State Headquarters for Selective Service at the time of the transfer. The incoming officer shall accept responsibility for the property listed by signing each copy of the form and having his signature witnessed by the outgoing officer. The original shall be forwarded to the State procurement officer, one copy shall be placed in the files of the board or State Headquarters for Selective Service, and the other copy shall be retained by the outgoing officer.

(b) Whenever any accountable officer is relieved from office for any cause, he shall transfer to his successor accountability for all nonexpendable property within his State. The transfer shall be accomplished by the preparation, in duplicate, of the Consolidated Nonexpendable Property Report (Form 17), which shall list all articles of nonexpendable property in the possession of the Selective Service System within his State at the time of the transfer. The incoming officer shall accept accountability for the property listed therein by signing both copies of the form and having his signature witnessed by the outgoing officer. The original shall be filed in the State Headquarters for Selective Service, and the copy shall be retained by the outgoing officer.

(c) Upon receipt of the original of the Nonexpendable Property Inventory (Form 16) by the State procurement officer, the nonexpendable property listed therein shall be checked with the property account of the outgoing officer. If all the property for which the outgoing officer is responsible has been listed, notice of his clearance shall be sent to him by the State procurement officer. No payment shall be made to any outgoing officer until after the clearance has been issued.

(d) The Consolidated Nonexpendable Property Report (Form 17) shall be checked by the incoming accountable officer with the property accounts of the outgoing accountable officer. If all property charged to the outgoing officer has been accounted for, notice of his clearance shall be issued to him by the State Director of Selective Service. No payment shall be made to any outgoing accountable officer until after the clearance has been issued.*

§ 609.5 *Unserviceable property: Condemnation and sale of.* (a) In case any board or State Headquarters for Selective Service has any nonexpendable property which has become unserviceable, the responsible officer shall prepare, in duplicate, and submit to the State Director of Selective Service a report of such property. A surveying officer, who shall be designated by the State Director of Selective Service to make such surveys, shall examine the property, endorse on the original and copy of the report his findings and recommendations, and return them to the State Director of Selective Service. The State Director of Selective Service, by endorsement on the original and copy of the report, shall order the property sold or disposed of in such other manner as he may deem proper. He shall send the original of the report, with said endorsements thereon, to the State procurement officer for compliance and shall send the copy to the responsible officer.

(b) Unserviceable property ordered sold shall be disposed of for cash at public auction or to the highest bidder on sealed proposals after due notice and in such market as the public interest may require.

(c) The proceeds from the sale of any unserviceable property, after deducting expenses of the sale, shall be turned over to the State procurement officer, who shall forward such proceeds for deposit to the finance officer, United States Army, in the area in which the sale took place. The State procurement officer shall obtain from such finance officer a receipt for the amount so forwarded.

(d) The report required under the provisions of § 609.3 shall show property disposed of in the manner hereinbefore provided until the Director of Selective Service issues written instructions that it shall be dropped. Such written instructions shall be attached to the first report in which the property so disposed of is not listed.*

§ 609.6 *Nonexpendable property: Lost, stolen, or destroyed.* (a) Whenever any article of nonexpendable property is lost, stolen, or destroyed, the responsible officer shall prepare, in triplicate, a complete report on such lost, stolen, or destroyed article and submit it to the State Director of Selective Service. A surveying officer, who shall be designated by the State Director of Selective Service to make such surveys, shall make a complete investigation of the facts and circumstances surrounding the loss, theft, or destruction, endorse on the original and copies of the report his findings and recommendations, and return them to the State Director of Selective Service. The State Director of Selective Service, by endorsement on the original and each copy of the report, shall indicate his approval or disapproval of the findings and recommendations of the surveying officer. The original and both copies of the report, with the endorsements thereon, shall then be forwarded to the Director of Selective Service, who shall have final review of the recommended action on the case. If the Director of Selective Service approves the recommendation of the State Director of Selective Service, one copy of the report shall be retained in the files of National Headquarters for Selective Service, and the original and other copy shall be forwarded for necessary action to the State procurement officer, through the State Director of Selective Service, who shall retain the original and forward the copy to the responsible officer. In the event that the Director of Selective Service disapproves the recommendation of the State Director of Selective Service, he shall direct the disposition to be made of the case by endorsement on the original and each copy of the report. One copy of the report and endorsements thereon shall be retained in the files of National Headquarters for Selective Service, and the original and other copy thereof shall be forwarded to the State procurement officer through the State Director of Selective Service. After the State procurement officer has complied with the direction of the Director of Selective Service, he shall retain the original of the report and endorsements thereon and shall forward the copy thereof to the responsible officer.

(b) The report required under the provisions of § 609.3 shall show the property reported as lost, stolen, or destroyed until the Director of Selective Service issues written instructions that it shall be dropped. Such written instructions shall be attached to the first report in which the lost, stolen, or destroyed property is not listed.*

§609.7 *Obsolete blank forms: Disposition of.* Whenever blank forms or other printed matter become obsolete, the Director of Selective Service will order the disposition to be made thereof.*

PART 611—DUTY AND RESPONSIBILITY TO REGISTER

Effective February 1, 1942, the Selective Service Regulations are hereby amended by assigning new numbers to the paragraphs hereinafter listed; by changing the context of those paragraphs which are followed by the words "as amended"; and by publishing such renumbered and amended paragraphs as the sections of Part 611 of the Second Edition of the Selective Service Regulations.

Paragraph 201 as amended becomes § 611.1.
Paragraph 202 as amended becomes § 611.2.
Paragraph 203 as amended becomes § 611.3.
Paragraph 204 becomes § 611.4.
Paragraph 205 as amended becomes § 611.5.

PART 611—DUTY AND RESPONSIBILITY TO REGISTER

Sec.

611.1 Duty to be registered.
611.2 Change of status.
611.3 Man outside areas where local boards are organized.
611.4 Inmate of institution.
611.5 Responsibility for performance of duty.

§ 611.1 *Duty to be registered.* (a) The provisions of the Selective Training and Service Act of 1940, as amended, requiring certain men to present themselves for and submit to registration read as follows:

Except as otherwise provided in this Act, it shall be the duty of every male citizen of the United States, and of every other male person residing in the United States, who, on the day or days fixed for the first or any subsequent registration, is between the ages of eighteen and sixty-five, to present himself for and submit to registration at such time or times and place or places, and in such manner and in such age group or groups, as shall be determined by rules and regulations prescribed hereunder (sec 2, Selective Training and Service Act of 1940, as amended).

(b) By the provisions of section 5 (a) of the Selective Training and Service Act of 1940, as amended, certain men are not required to be registered so long as they have a certain status. These provisions read as follows:

Commissioned officers, warrant officers, pay clerks, and enlisted men of the Regular Army, the Navy, the Marine Corps, the Coast Guard, the Coast and Geodetic Servey, the Public Health Service, the federally recognized active National Guard, the Officers' Reserve Corps, the Regular Army Reserve, the Enlisted Reserve Corps, the Naval Reserve, and the Marine Corps Reserve; cadets, United States Military Academy; midshipmen, United States Naval Academy; cadets, United States Coast Guard Academy; men who have been accepted for admittance (commencing with the academic year next succeeding such acceptance) to the United States Military Academy as cadets, to the United States Naval Academy as midshipmen, or to the United States Coast Guard Academy as cadets, but only during the continuance of such acceptance; cadets of the advanced course, senior division, Reserve Officers' Training Corps or Naval Reserve Officers' Training Corps; and diplomatic representatives, technical attaches of foreign embassies and legations, consuls general, consuls, vice consuls, consular agents of foreign countries, and persons in other categories to be specified by the President, residing in the United States, who are not citizens of the United States, and who have not declared their intention to become citizens of the United States, shall not be required to be registered under section 2 and shall be relieved from liability for training and service under section 3 (b) (sec. 5 (a), Selective Training and Service Act of 1940, as amended).

(c) The enactment of the Coast Guard Auxiliary and Reserve Act of 1941 added a group of men to those not required to be registered so long as they have a certain status. The applicable portions of that act read:

208. Members of the (Coast Guard) Reserve, other than temporary members as provided for in section 207 hereof, shall receive the same exemption from registration and liability for training and service as members of the Naval Reserve * * *.

207. The Commandant, with the approval of the Secretary of the Treasury, is hereby authorized to enroll for active duty, as temporary members of the (Coast Guard) Reserve, such owners, regulars officers, and members of the crew of any motorboat or yacht placed at the disposal of the Coast Guard as are citizens of the United States or of its territories or possessions except the Philippine Islands * * *.

(d) On the day and between the hours fixed for registration by Presidential proclamation, every man required to do so under the foregoing provisions shall present himself for and submit to registration before a duly designated registration official or the local board having jurisdiction in the area in which he has his permanent home or in which he may happen to be on that day.*

*§§ 611.1 to 611.5, inclusive, issued under the authority contained in 54 Stat. 885; 50 U.S.C., Sup., 301-318, inclusive, E.O. No. 8545; 5 F.R. 3779.

§ 611.2 *Change of status.* Every man who would have been required to be registered on a day fixed for registration by Presidential proclamation except for the fact that he was in one of the groups mentioned in section 5 (a), Se-

lective Training and Service Act of 1940, as amended, or section 208, Coast Guard Auxiliary and Reserve Act of 1941, shall be required, under the provision of section 5 (h) of the Selective Training and Service Act of 1940, as amended, to present himself for and submit to registration before a local board when a change in his status removes him from such group.*

§ 611.3 *Man outside areas where local boards are organized.* Every man subject to registration who, on the day fixed for registration, is not within one of the several States of the United States, the District of Columbia, Alaska, Hawaii, or Puerto Rico, and who is therefore outside of the areas where local boards are organized, when he enters any State of the United States, the District of Columbia, Alaska, Hawaii, or Puerto Rico, shall present himself for and submit to registration before a local board.*

§ 611.4 *Inmate of institution.* Every man subject to registration who is an inmate of an insame asylum, jail, penitentiary, reformatory, or similar institution on the day fixed for registration shall be registered on the day he leaves the institution.*

§ 611.5 *Responsibility for performance of duty.* (a) Every man subject to registration is required to familiarize himself with the rules and regulations governing registration and to comply therewith.

(b) Every person is deemed to have notice of the requirements of the Selective Training and Service Act of 1940, as amended, and of the rules and regulations prescribed thereunder upon the publication by the President of a proclamation or other public notice fixing a time for registration.

(c) Every man who, on the day fixed for registration, is required to be registered is personally charged with the duty of presenting himself before the proper officials and submitting to registration.

(d) The duty of every man subject to registration to present himself for and submit to registration shall continue at all times, and if for any reason any such man is not registered on the day fixed for his registration, he shall immediately present himself for and submit to registration before the local board in the area where he happens to be.

(e) The Selective Training and Service Act of 1940, as amended, section 11, provides that any person charged as herein provided with the duty of carrying out any of the provisions of this Act, or the rules or regulations made or directions given thereunder, who shall knowingly fail or neglect to perform such duty, and any person charged with such duty, or having and exercising any authority under said Act, rules, regulations, or directions who shall knowingly make, or be a party to the making of, any false, improper, or incorrect registration, classification, physical or mental examination, deferment, induction, enrollment, or muster, and any person who shall knowingly make, or be a party to the making of, any false statement or certificate as to the fitness or unfitness or liability or nonliability of himself or any other person for service under the provisions of this Act, or rules, regulations, or directions made pursuant thereto, or who otherwise evades registration or service in the land or naval forces or any of the requirements of this Act, or who knowingly counsels, aids, or abets another to evade registration or service in the land or naval forces or any of the requirements of this Act, or of said rules, regulations, or directions, or who in any manner shall knowingly fail or neglect to perform any duty required of him under or in the execution of this Act, or rules or regulations made pursuant to this Act, or any person or persons who shall knowingly hinder or interfere in any way by force or violence with the administration of this Act or the rules or regulations made pursuant thereto, or conspire to do so, shall, upon conviction in the district court of the United States having jurisdiction thereof, be punished by imprisonment for not more than five years or a fine of not more than $10,000, or by both such fine and imprisonment, or if subject to military or naval law may be tried by court martial, and, on conviction, shall suffer such punishment as a court martial may direct. No person shall be tried by any military or naval court martial in any case arising under this Act unless such person has been actually inducted for the training and service prescribed under this Act or unless he is subject to trial by court martial under laws in force prior to the enactment of this Act. Precedence shall be given by courts to the trial of cases arising under this Act.

(f) Men required to present themselves for and submit to registration shall not be paid for performing such obligation nor shall they be paid travel allowances or expenses.*

PART 624—VOLUNTEERS

Effective February 1, 1942, the Selective Service Regulations are hereby amended by rearranging the order in which the paragraphs hereinafter listed will appear; by assigning new numbers to such rearranged paragraphs; by changing the context of those paragraphs hereinafter listed which are followed by the words "as amended"; and by publishing such rearranged, renumbered, and amended paragraphs as the sections of Part 624 of the Second Edition of the Selective Service Regulations:

Paragraph 334 as amended becomes § 624.1.
Paragraph 335 as amended becomes § 624.2.
Paragraph 335 as amended becomes § 624.3.
Paragraph 335 as amended becomes § 624.4.

PART 624—VOLUNTEERS

Sec.
624.1 Who may volunteer.
624.2 Where person may volunteer.
624.3 Registration of certain volunteers.
624.4 Classification of volunteers.

§ 624.1 *Who may volunteer.* Men between the ages of 18 and 45 may volunteer at the local board for induction into the land and naval forces for training and service under the Selective Training and Service Act of 1940, as amended. The local board shall not accept for induction any person who is under 21 years of age unless he furnishes the local board with the written consent of his parents. However, the local board may dispense with this consent upon a showing that the consent of any parent cannot be obtained because the parent is absent and cannot be reached. The term "parent" in this section includes guardian. If the volunteer has no parents living and has no guardian, he shall submit a statement to that effect to the local board. There is no special form for parents' or guardians' consent.*

§§ 624.1 to 624.4, inclusive, issued under the authority contained in 54 Stat. 885; 50 U.S.C., Sup., 301-318, inclusive; E.O. No. 8545, 5 F.R. 3779.

§ 624.2 *Where person may volunteer.* (a) If a man has been registered and desires to volunteer for induction, he may so volunteer only through his own local board. If a man has not been registered and desires to volunteer for induction, he may register and then volunteer, but may do so only through the local board having jurisdiction of the area in which he resides.

(b) In case either such man is so far from the local board through which he may volunteer that it would be a hardship for him to appear in person at such local board in order to volunteer, he may present himself at a local board having jurisdiction of the area in which he is at the time located, and such local board shall assist him by correspondence or other means to volunteer through his own local board or the local board having jurisdiction of the area in which he resides, as the case may be, to the end that all uncompleted procedure with reference to such man's registration, classification, selection, and induction may be completed as soon as possible, including, when necessary, transfer for classification, reference for physical examination, transfer for delivery, or any of such steps which may be considered proper for the purpose.*

§ 624.3 *Registration of certain volunteers.* (a) If a person who is required to be registered but who has failed to do so volunteers for induction, he shall be registered as a late registrant and shall be given a serial number and order number in exactly the same manner as any other registrant. In all such cases, as well as in the case of a registrant who already has an order number, a "V" shall be placed on the Registration Card (Form 1) immediately following the or-

der number to indicate that such a registrant is a volunteer.

(b) If a person not required to be registered volunteers for induction, he shall be registered on a white Registration Card (Form 1), but shall not be given either a serial number or an order number. A "V" shall be placed on the Registration Card (Form 1) in the space provided for the order number to indicate that such person is a volunteer.

(c) In registering the volunteer, the local board will follow the procedure set forth in part 613, and, as in the case of any other registrant, the local board for the area in which the residence of the registrant (the place indicated on line 2 of the Registration Card (Form 1)) is located will have jurisdiction of such registrant.*

§ 624.4 *Classification of volunteers.* A volunteer shall not be inducted if after classification he is deferred. He shall be classified in exactly the same manner as any other registrant, except that no person who volunteers shall be classified in Class I–H.*

Director.

PART 625—APPEARANCE BEFORE LOCAL BOARD

Effective February 1, 1942, the Selective Service Regulations are hereby amended by rearranging the order in which the paragraphs hereinafter listed will appear; by assigning new numbers to such rearranged paragraphs; by changing the context of those paragraphs hereinafter listed which are followed by the words "as amended"; and by publishing such rearranged, renumbered, and amended paragraphs as the sections of Part 625 of the Second Edition of the Selective Service Regulations:

Paragraph 367 as amended becomes § 625.1.
Paragraph 368 as amended becomes § 625.1.
Paragraph 369 as amended becomes § 625.2.

PART 625—APPEARANCE BEFORE LOCAL BOARD

Sec.

625.1 Opportunity to appear in person.
625.2 Appearance before local board.

§ 625.1 *Opportunity to appear in person.* (a) Every registrant, after his classification is determined by the local board (except a classification which is itself determined upon an appearance before the local board under the provisions of this part), shall have an opportunity to appear in person before the member or members of the local board designated for the purpose if he files a written request therefor within 10 days after the local board has mailed a Notice of Classification (Form 57) to him. Such 10-day period may not be extended, except when the local board finds that the registrant was unable to file such request within such period because of circumstances over which he had no control.

(b) No person other than the registrant may request an opportunity to appear in person before the local board.

(c) If the written request of the registrant to appear in person is filed with the local board within the 10-day period or if it is filed after such 10-day period and the local board finds that the registrant was unable to file such request within such period because of circumstances over which he had no control, the local board shall enter upon the Classification Record (Form 100) the date on which the request was received and the date and time fixed for the registrant to appear and shall promptly mail to the registrant a notice of the time and place fixed for such appearance.

(d) If such a written request of a registrant for an opportunity to appear in person is received after the 10-day period following the mailing of a Notice of Classification (Form 57) to the registrant, the local board, unless it specifically finds that the registrant was unable to file such a request within such period because of circumstances over which he had no control, should advise the registrant, by letter, that the time in which he is permitted to file such a request has expired, and a copy of such letter should be placed in the registrant's file. Under such circumstances, no other record of the disposition of the registrant's request need be made.*

*§§ 625.1 to 625.2, inclusive, issued under the authority contained in 54 Stat. 885; 50 U.S.C., Sup. 301–318, inclusive; E.O. No. 8545, 5 F.R. 3779.

§ 625.2 *Appearance before local board.* (a) At the time and place fixed by the local board, the registrant may appear in person before the member or members of the local board designated for the purpose. The fact that he does appear shall be entered in the proper place on the Classification Record (Form 100). If the registrant does not speak English adequately, he may appear with a person to act as interpreter for him. No registrant may be represented before the local board by an attorney.

(b) At any such appearance, the registrant may discuss his classification, may point out the class or classes in which he thinks he should have been placed, and may direct attention to any information in his file which he believes the local board has overlooked or to which he believes it has not given sufficient weight. The registrant may present such further information as he believes will assist the local board in determining his proper classification. Such information shall be in writing or, if oral, shall be summarized in writing and, in either event, shall be placed in the registrant's file. The information furnished should be as concise as possible under the circumstances. The member or members of the local board before whom the registrant appears may impose such limitations upon the time which the registrant may have for his appearance as they deem necessary.

(c) After the registrant has appeared before the member or members of the local board designated for the purpose, the local board shall consider the new information which it receives and shall again classify the registrant in the same manner as if he had never before been classified: *Provided,* That if he has been physically examined by the examining physician, the Report of Physical Examination and Induction (Form 221) already in his file shall be used in case his physical or mental condition must be determined in order to complete his classification.

(d) After the registrant has appeared before the member or members of the local board designated for the purpose, the local board, as soon as practicable after it again classifies the registrant, shall mail notice thereof on the Notice of Classification (Form 57) to the persons entitled to receive such notice on an original classification under the provisions of § 623.53.

(e) Each such classification shall be followed by the same right of appeal as in the case of an original classification.*

Director.

PART 626—REOPENING AND CONSIDERING ANEW REGISTRANT'S CLASSIFICATION

Effective January 1, 1942, the Selective Service Regulations are hereby amended by assigning new numbers to the paragraphs hereinafter listed; by changing the context of those paragraphs which are followed by the words "as amended"; by adding a new section; and by publishing such renumbered and amended paragraphs and the new section as the sections of Part 626 of the Second Edition of the Selective Service Regulations:

Paragraph 385 as amended becomes § 626.1.
Paragraph 386 as amended becomes § 626.2.
Paragraph 386 as amended becomes § 626.3.
Paragraph 387 as amended becomes § 626.11.
Paragraph 387 becomes § 626.13.
Paragraph 388 as amended becomes § 626.14.
New section § 626.12.

PART 626—REOPENING AND CONSIDERING ANEW REGISTRANT'S CLASSIFICATION

REOPENING REGISTRANT'S CLASSIFICATION

Sec.

626.1 Classification not permanent.
626.2 When registrant's classification may be reopened and considered anew.
626.3 Refusal to reopen and consider anew registrant's classification.

CLASSIFICATION ANEW

626.11 When classification reopened it shall be considered anew.
626.12 Notice of action when classification considered anew.
626.13 Right of appeal following reopening of classification.
626.14 Induction stayed when classification reopened.

REOPENING REGISTRANT'S CLASSIFICATION

§ 626.1 *Classification not permanent.* (a) No classification is permanent. At any time prior to the mailing by the local board of an Order to Report for Physical Examination by the Armed Forces (Form 150A) to a registrant, his classification may be reopened and considered anew in the manner hereinafter in this part provided. At any time after the local board has mailed an Order to Report for Physical Examination by the Armed Forces (Form 150A) to a registrant and before such registrant is inducted, his classification may be reopened and considered anew, provided that the local board finds that the registrant had no control over the circumstances which resulted in a change in his status.

(b) Each classified registrant shall, within 10 days after it occurs, and any other person should, within 10 days after knowledge thereof, report to the local board in writing any fact that might result in such registrant being placed in a different classification.

(c) The local board shall keep informed of the status of classified registrants. Registrants may be questioned or physically or mentally re-examined, employers may be required to furnish information, police officials or other agencies may be requested to make investigations, and other steps may be taken by the local board to keep currently informed concerning the status of classified registrants.*

*§§ 626.1 to 626.14, inclusive, issued under the authority contained in 54 Stat. 885; 50 U.S.C., Sup., 301-318, inclusive; E.O. No. 8545, 5 F.R. 3779.

§ 626.2 *When registrant's classification may be reopened and considered anew.* (a) The local board may reopen the classification of a registrant on its own motion when it receives information presenting facts not considered when the registrant was classified, provided that such facts, if true, would justify a change in such registrant's classification.

(b) The local board may reopen and consider anew a registrant's classification upon the written request of the registrant, any person who claims to be a dependent of the registrant, any interested party in the case involving occupational deferment, or the government appeal agent, provided that such request is accompanied by written information presenting facts not considered when the registrant was classified and that such facts, if true, would justify a change in such registrant's classification.

(c) The local board shall reopen and consider anew the classification of a registrant upon the written request of the State Director of Selective Service or the Director of Selective Service.

(d) On July 1 of each year the local board shall reopen the case of each registrant then classified in Class I-A, Class I-A-O, Class I-B, or Class I-B-O who has not been inducted and who on or before that day has attained the 28th anniversary of the day of his birth and shall change the classification of such registrants to Class I-H (or other deferred class if grounds are then established).

(e) On July 1 of each year the local board shall reopen the case of each registrant then classified in Class IV-E or Class IV-E-LS who has not been inducted and who on or before that day has attained the 28th anniversary of the day of his birth and shall change the classification of such registrants to Class IV-E-H (or other deferred class if grounds are then established).*

§ 626.3 *Refusal to reopen and consider anew registrant's classification.* When a registrant, any person who claims to be a dependent of a registrant, any interested party in a case involving occupational deferment, or the government appeal agent files with the local board a written request to reopen and consider anew the registrant's classification and the local board is of the opinion that the information accompanying such request fails to present any facts in addition to those considered when the registrant was classified or, even if new facts are presented, the local board is of the opinion that such facts, if true, would not justify a change in such registrant's classification, it shall not reopen the registrant's classification. In such a case, the local board, by letter, should advise the person filing the request that the information submitted does not warrant the reopening of the registrant's classification and should place a copy of the letter in the registrant's file. No other record of the receipt of such a request and the action taken thereon is required.*

CLASSIFICATION ANEW

§ 626.11 *When classification reopened, it shall be considered anew.* When the local board reopens the registrant's classification, it shall consider the new information which it has received and shall again classify the registrant in the same manner as if he had never before been classified, provided that if he has been physically examined, the examining physician's Report of Physical Examination and Induction (Form 221), already in his file, shall be used to determine whether he has any defect set forth in Part I or Part II of the List of Defects (Form 220) when such fact is necessary in order to complete his classification. Such classification shall be and have the effect of a new and original classification even though the registrant is again placed in the class that he was in before his classification was reopened.*

§ 626.12 *Notice of action when classification considered anew.* When the local board reopens the registrant's classification, it, as soon as practicable after it again classifies the registrant, shall mail notice thereof on a Notice of Classification (Form 57) to the persons entitled to receive notice of an original classification under the provisions of § 623.52.*

§ 626.13 *Right of appeal following reopening of classification.* Each such classification shall be followed by the same right of appearance before the local board and the same right of appeal as in the case of an original classification.*

§ 626.14 *Induction stayed when classification reopened.* No registrant shall be ordered to report for induction and no Order to Report for Induction (Form 150) shall be effective during the period when the local board is considering the registrant's classification anew, commencing with the day when such classification is reopened.*

LOCAL BOARD ACTION ON RECEIVING DECISION OF BOARD OF APPEAL

627.31 Action of local board if board of appeal does not change classification.
627.32 Action of local board if board of appeal changes classification.

EFFECT OF APPEAL

627.41 Appeal stays induction.

WHO MAY APPEAL

§ 627.1 *Who may appeal any determination of a local board to a board of appeal at any time.* (a) Either the State Director of Selective Service or the Director of Selective Service may appeal from any determination of a local board.

(b) Either the State Director of Selective Service or the Director of Selective Service may take such an appeal at any time.*

*§§ 627.1 to 627.41, inclusive, issued under the authority contained in 54 Stat. 885; 50 U.S.C., Sup., 301-318, inclusive, E.O. No. 8545, 5 F.R. 3779.

§ 627.2 *Who may appeal registrant's classification to board of appeal under certain circumstances.* (a) The registrant, any person who claims to be a dependent of a registrant, any person who has filed written evidence of the occupational necessity of a registrant, or the government appeal agent may appeal to a board of appeal from any classification of the registrant by the local board except that no such person may appeal from the determination of the registrant's physical or mental condition by the examining physician, the examining station of the armed forces, or the local board.

(b) The government appeal agent may take any appeal authorized under (a) above at any time prior to the date when the local board mails to the registrant an Order to Report for Physical Examination by the Armed Forces Prior to Induction (Form 150A).

(c) The registrant, any person who claims to be a dependent of the registrant, or any person who has filed written evidence of the occupational necessity of the registrant may take an appeal authorized under (a) above at any time within 10 days after the date when the local board mails to the registrant a Notice of Classification (Form 57). At any time prior to the date that the local board mails to the registrant an Order to Report for Physical Examination by the Armed Forces Prior to Induction (Form 150A), the local board may permit any such person to appeal, even though such 10-day period has elapsed, if it is satisfied that the failure of such person to appeal within the 10-day period was due to a lack of understanding of the right to appeal or to some cause beyond the control of such person. Unless the local board thereafter permits an appeal, the right of such persons to appeal shall expire at the end of the 10-day period. If such an extension of time to appeal is granted by the local board, a record thereof shall be entered on the Selective Service Questionnaire (Form 40) under the heading "Minutes of Other Actions."*

PROCEDURE FOR TAKING APPEAL

§ 627.11 *How appeal to board of appeal is taken.* (a) Any person entitled to do so may appeal in either of the following ways:

(1) By filing with the local board a written notice of appeal. Such notice need not be in any particular form but must state the name of the registrant and the name and identity of the person appealing so as to show the right of appeal.

(2) By signing the "Appeal to Board of Appeal" on the Selective Service Questionnaire (Form 40).

(b) The local board shall enter on the Classification Record (Form 100) the date on which an appeal is filed.*

§ 627.12 *Statement of person appealing.* The person appealing may attach to his notice of appeal or to the Selective Service Questionnaire (Form 40) a statement specifying the respects in which he believes the local board erred, may direct attention to any information in the registrant's file which he believes the local board has failed to consider or give sufficient weight, and may set out in full any information which was offered to the local board and which the local board failed or refused to include in the registrant's file.*

§ 627.13 *Local board to transmit record to board of appeal.* (a) Within 10 days after an appeal has been taken to the board of appeal the local board shall transmit to the board of appeal the registrant's complete record, including any statement filed by the person appealing which is authorized by § 627.12.

(b) Before forwarding the registrant's file, the local board shall make sure that all information considered by the local board appears in the file. The local board shall make and place in the registrant's file a written summary of any facts considered by the local board in classifying the registrant which do not already appear in the written information in the file. In making such written summary the local board should refrain from expressing any opinion concerning the information contained in the registrant's file or placed in the summary and should refrain from including any argument in support of its decision.

(c) The local board shall enter in the Classification Record (Form 100) the date that the registrant's file is forwarded to the board of appeal.*

PROCEDURE FOLLOWED BY BOARD OF APPEAL

§ 627.21 *Entry of appeal in Docket Book of Board of Appeal (Form 102).* Upon receiving the record of a registrant, the board of appeal shall enter the registrant's name, order number, and the date the record is received in the Docket Book of Board of Appeal (Form 102) on the separate page provided for appeals from the registrant's local board.*

§ 627.22 *Transfer of appeal.* If a board of appeal has jurisdiction but for any reason cannot act on the case of a registrant, it shall forward the case to the State Director of Selective Service. If there is more than one board of appeal in the State, the State Director of Selective Service will designate one of the other boards of appeal to review the case. If the board of appeal which has forwarded the case to the State Director of Selective Service is the only board of appeal in the State, the Director of Selective Service, upon the request of the State Director of Selective Service, shall designate a board of appeal in a neighboring State to review the case. The State Director of Selective Service shall forward the case to the designated board of appeal and shall advise the local board from which the appeal is taken of that fact and of the reason why the case is not being reviewed by the board of appeal for the area in which such local board is located. The board of appeal so designated shall review the case in the same manner and make the same records as in the case of any appeal received by it in the regular manner except that all entries in records will be made in red ink. When it has rendered its decision, it shall return the case to the State Director of Selective Service from whom it was received.*

§ 627.23 *Preliminary review.* (a) The board of appeal shall make a preliminary review of the file to determine whether the case comes from a local board in its area or is a case that the State Director of Selective Service or the Director of Selective Service has instructed it to review and whether the record is complete and the information in the file sufficient to enable it to decide therefrom, fairly and intelligently, the classification of the registrant. If it finds that the case is improperly before it, the file shall be returned to the local board from which or the person from whom it was received. If it finds that the record is incomplete or believes that further information is advisable, it shall return the file to the local board of origin with instructions as to what action should be taken by the local board. If the board of appeal returns the record for any of the foregoing reasons, it shall enter the date of return in column 4 of the Docket Book of Board of Appeal (Form 102).

(b) If a local board receives a record from a board of appeal, pursuant to (a) above, it shall:

(1) If the board of appeal indicates that the record is incomplete, take whatever action is necessary to complete it.

(2) If the board of appeal instructs it to do so, endeavor to secure further evidence.

(3) Carry out any other proper directions of the board of appeal.

(c) The local board, as soon as it has carried out the directions of the board of appeal, shall return the record to the board of appeal, unless, as a result of the information received in carrying out such directions, it determines that the classification of the registrant should be changed, in which event it shall of its own motion follow the procedure provided in part 626, and any further appeal shall then be from the new classification of the registrant by the local board and shall be treated as a new appeal.

(d) If the local board makes a new classification and the record of the registrant is not returned to the board of appeal, the local board shall report the action taken by it to the board of appeal, and the board of appeal, upon receiving such report, shall note the local board's decision in the Docket Book of Board of Appeal (Form 102), mark the case "Closed," and indicate the reason therefor in the "Remarks" column.

(e) If the record is returned to the board of appeal, the board of appeal shall enter the date when such record is returned to it in column 5 of the Docket Book of Board of Appeal (Form 102) and proceed with the determination of the registrant's classification.*

§ 627.24 *Review by board of appeal.* (a) The Board of appeal shall consider appeals in the order in which they are received.

(b) In reviewing the appeal, no information shall be considered which is not contained in the record received from the local board and the decision of the board of appeal shall be based solely thereon.*

§ 627.25 *Special provisions where appeal involves claim that registrant is a conscientious objector.* (a) If an appeal involves the question of whether or not a registrant is entitled to be sustained in his claim that he is a conscientious objector, the board of appeal shall first determine whether the registrant should be classified in Class I–C, Class IV–F, Class IV–D, Class IV–C, Class IV–B, Class IV–A (not considered in time of war), Class III–A, Class II–B, Class II–A, or Class I–H, in the order listed, and if it so determines, it shall place such registrant in such class. If the board of appeal does not determine that such registrant belongs in one of such classes, it shall transmit the entire file to the United States district attorney for the judicial district in which the local board of the registrant is located for the purpose of securing an advisory recommendation of the Department of Justice. No registrant's file shall be forwarded to the United States district attorney by any board of appeal and any file so forwarded shall be returned, unless in the "Minutes of Other Actions" on the Selective Service Questionnaire (Form 40) the record shows and the letter of transmittal states that the board of appeal reviewed the file and determined that the registrant should not be classified in Class I–C, Class IV–F, Class IV–D, Class IV–C, Class IV–B, Class IV–A (not considered in time of war), Class III–A, Class II–B, Class II–A, or Class I–H.

(b) The Department of Justice shall thereupon make an inquiry and hold a hearing on the character and good faith of the conscientious objections of the registrant. The registrant shall be notified of the time and place of such hearing and shall have an opportunity to be heard. If the objections of the registrant are found to be sustained, the Department of Justice shall recommend to the board of appeal (1) that if the registrant is inducted into the land or naval forces, he shall be assigned to noncombatant service, or (2) that if the registrant is found to be conscientiously opposed to participation in such noncombatant service, he shall be assigned to work of national importance under civilian direction. If the Department of Justice finds that the objections of the registrant are not sustained, it shall recommend to the board of appeal that such objections be not sustained.

(c) Upon receipt of the report of the Department of Justice, the board of appeal shall determine the classification of the registrant, and in its determination it shall give consideration to, but it shall not be bound to follow, the recommendation of the Department of Justice.*

§ 627.26 *Decision of board of appeal.* (a) The board of appeal shall classify the registrant, giving consideration to each class in the order in which the local board gives consideration thereto when it classifies a registrant. (*See* part 623.)

(b) Such classification of the registrant shall be final, except where an appeal to the President is taken, *Provided, however,* That this shall not be construed as prohibiting a local board from changing the classification of a registrant in a proper case under the provisions of part 626.*

§ 627.27 *Record of decision on appeal.* When the board of appeal makes its classification it shall record its decision, showing the yes and no vote, upon the Selective Service Questionnaire (Form 40) and in the Docket Book of Board of Appeal (Form 102) and shall immediately return the record to the local board and mark the case "Closed" in the "Remarks" column of the Docket Book of Board of Appeal (Form 102).*

LOCAL BOARD ACTION ON RECEIVING DECISION OF BOARD OF APPEAL

§ 627.31 *Action of local board if board of appeal does not change classification.* If the board of appeal affirms the local board's classification, the local board, upon receiving the file from the board of appeal, shall proceed as follows:

(a) Mail a Notice of Continuance of Classification (Form 58) to the registrant, the government appeal agent, and to the person who made the appeal, if other than the registrant or government appeal agent.

(b) If one or more members of the board of appeal dissented from the determination of that board, the local board shall indicate on the Notice of Continuance of Classification (Form 58) the numerical division of the board of appeal.*

§ 627.32 *Action of local board if board of appeal changes classification.* If the board of appeal does not affirm the local board's classification, the local board, upon receiving the file from the board of appeal, shall proceed as follows:

(a) Mail a Notice of Classification (Form 57) to the registrant, the government appeal agent, and to the person who made the appeal, if other than the registrant or the government appeal agent.

(b) Enter on the Classification Record (Form 100) the date of mailing the notice.

(c) Enter on the Classification Record (Form 100) the board of appeal classification and, with red ink, draw a line through the local board classification.*

EFFECT OF APPEAL

§ 627.41 *Appeal stays induction.* The local board shall not issue an order for a registrant to report for induction either during the period afforded him to take an appeal to the board of appeal or during the time such an appeal is pending. Any such order to report for induction which has been issued shall be ineffective and shall be canceled by the local board.*

PART 628—APPEAL TO THE PRESIDENT

Effective February 1, 1942, the Selective Service Regulations are hereby amended by assigning new numbers to the paragraphs hereinafter listed; by changing the context of those paragraphs which are followed by the words "as amended"; by adding a new section; and by publishing such renumbered and amended paragraphs and the new section as the sections of Part 628 of the Second Edition of the Selective Service Regulations:

Paragraph 379a as amended becomes § 628.1.
Paragraph 379b as amended becomes § 628.2.
Paragraph 379c as amended becomes § 628.3.
Paragraph 380 as amended becomes § 628.4.
Paragraph 381 as amended becomes § 628.5.
Paragraph 381 as amended becomes § 628.6.
New Section § 628.7.

PART 628—APPEAL TO THE PRESIDENT

Sec.
628.1 Who may appeal to the President from any determination of a board of appeal.
628.2 Who may appeal to the President on grounds of dependency only.
628.3 How appeal to the President is taken.
628.4 Procedure on appeal to the President.
628.5 File to be returned after appeal to the President is decided.
628.6 Procedure of local board when appeal to the President is returned.
628.7 Appeal to the President stays induction.

§ 628.1 *Who may appeal to the President from any determination of a board of appeal.* When either the State Director of Selective Service or the Director of Selective Service deems it to be in the national interest or necessary to avoid an injustice, he may appeal to the President from any determination of a board of appeal. He may take such an appeal at any time.*

*§§ 628.1 to 628.7, inclusive, issued under the authority contained in 54 Stat. 885; 50 U.S.C., Sup., 301–318, inclusive, E.O. No. 8545, 5 F.R. 3779.

§ 628.2 *Who may appeal to the President on grounds of dependency only.* (a) The registrant, any person who claims to be a dependent of the registrant, or the government appeal agent, at any time within 10 days after the mailing by the local board of the Notice of Classification (Form 57) or the Notice of Continuance of Classification (Form 58), may appeal, on the grounds of dependency only, to the President from the board of appeal classification of a registrant in either Class I–A, Class I–A–O, Class I–B, Class I–B–O, Class IV–E, or Class IV–E–LS, provided either (1) one or more members of the board of appeal dissented from the determination of that board or (2) the government appeal agent executes a certificate in writing, as follows:

Great and unusual hardship will follow the induction of ---------- I therefore recommend that he be placed in Class III–A.
(Name of registrant)

The Government appeal agent shall not make any other statement or attach any other information to such certificate. An appeal to the President may not be taken from any other classification of the registrant or on any other grounds by any of the persons mentioned in this section.

(b) The local board may permit any person who is entitled to appeal under this section to do so, even though the 10-day period herein provided for appeal has elapsed, if it is satisfied that the failure of such person to appeal within the 10-day period was due to a lack of understanding of the right of appeal or to some cause beyond the control of such person. Unless the local board permits such an appeal, the right of such persons to appeal shall terminate at the end of the 10-day period herein provided.*

§ 628.3 *How appeal to the President is taken.* The appeal shall be taken (1) by mailing or delivering to the local board written notice of appeal or (2) by going to the local board and signing the appeal to the President on the Selective Service Questionnaire (Form 40) and, in either case, attaching thereto the certificate and recommendation of the government appeal agent, when necessary. If the appeal is taken by filing a written notice of appeal, such notice need not be in any particular form but should include the name of the registrant, his serial and order numbers, the identity of the person appealing (sufficiently definite to show the right of appeal), and the fact that such person wishes the President to review the determination of the board of appeal.*

§ 628.4 *Procedure on appeal to the President.* (a) When an appeal to the President is taken, the local board shall (1) notify the registrant that such an appeal has been taken, unless he is the person who took the appeal; (2) forward the entire file to the State Director of Selective Service; and (3) enter on the Classification Record (Form 100) the date the file is forwarded. The local board shall not place in the file any statement or expression of opinion concerning the information in the registrant's file or the reasons for its decision.

(b) The State Director of Selective Service shall check the file to be sure that all procedural requirements have been properly complied with, and if he discovers any procedural defects, he shall return the file for its correction. If any information has been placed in the file which was not considered by the local board in making the classification from which the appeal to the President is taken, the State Director of Selective Service shall review such information, and if he is of the opinion that such information, if true, would justify a different classification of the registrant, he shall return the file to the local board with instructions to reopen the registrant's classification and classify the registrant anew.

(c) When the State Director of Selective Service has complied with the provisions of (b) above, he shall, unless the file is returned to the local board, forward the file to the Director of Selective Service. The State Director of Selective Service, unless he himself is the appealing party, shall not place in the file any statement or expression of opinion concerning the information in the registrant's file.*

§ 628.5 *File to be returned after appeal to the President is decided.* When the appeal to the President has been decided, the file shall be returned to the local board through the appropriate State Director of Selective Service.*

§ 628.6 *Procedure of local board when appeal to the President is returned.* When the file of the registrant is received by the local board, it shall: (1) If the classification of the registrant by the board of appeal has been affirmed, mail a Notice of Continuance of Classification (Form 58) to the registrant and to the person making the appeal; (2) if the classification of the registrant by the board of appeal has been changed and the registrant has been placed in a different class, mail a Notice of Classification (Form 57) to the registrant and to the person making the appeal; (3) enter in the Classification Record (Form 100) the date of the mailing of such notices; and (4) if the classification of the registrant by the board of appeal has been changed, enter the new classification in the Classification Record (Form 100), and, with red ink, draw a line through the board of appeal classification.*

§ 628.7 *Appeal to the President stays induction.* The local board shall not issue an order for a registrant to report for induction either during the period afforded the registrant to take an appeal to the President or during the time such an appeal is pending. Any such order to report for induction which has been issued shall be ineffective and shall be canceled by the local board.*

PART 631—QUOTAS AND CREDITS

Effective February 1, 1942, the Selective Service Regulations are hereby amended by rearranging the order in which the paragraphs hereinafter listed will appear; by assigning new numbers to such rearranged paragraphs; by changing the context of those paragraphs hereinafter listed which are followed by the words "as amended"; and by publishing such rearranged, renumbered, and amended paragraphs as the sections of Part 631 of the Second Edition of the Selective Service Regulations:

Paragraph 401 as amended becomes § 631.1.
Paragraph 402 as amended becomes § 631.3.
Paragraph 402 as amended becomes § 631.4.
Paragraph 403 as amended becomes § 631.5.
Paragraph 404 as amended becomes § 631.2.
Paragraph 409 as amended becomes § 631.6.
Paragraph 410 as amended becomes § 631.7.
Paragraph 411 as amended becomes § 631.8.
Paragraph 412 as amended becomes § 631.9.

PART 631—QUOTAS AND CREDITS

Sec.
631.1 Quota basis.
631.2 Credit.
631.3 Quota percentage.
631.4 Gross quota.
631.5 Net quota.
631.6 Director of Selective Service to determine quotas and credits for nation and States.
631.7 State Director of Selective Service to determine quotas and credits of local boards.
631.8 Estimating quota bases and quotas.
631.9 Correcting classification and delinquency of registrants failing to report entry into armed forces.

§ 631.1 *Quota basis.* (a) The national quota basis is the total number of registrants liable for training and service, not inducted, who, upon proper classification, are now classified in or will hereafter be classified in Class I–A and Class I–A–O, plus the total of the credits for all States.

(b) The State quota basis is the total number of registrants liable for training and service, not inducted, who, upon

proper classification, are now classified in or will hereafter be classified in Class I–A and Class I–A–O in all of the local boards of the State, plus the credit for the State.

(c) The local board quota basis is the total number of registrants of the local board liable for training and service, not inducted, who, upon proper classification are now classified in or will hereafter be classified in Class I–A and Class I–A–O, plus the credit for the local board.

(d) When specifically prescribed by the Director of Selective Service, the national, State, or local board quota basis may include the registrants classified in any of the other classes.*

* §§ 631.1 to 631.9, inclusive, issued under the authority contained in 54 Stat. 885; 50 U.S.C., Sup., 301–318, inclusive, E.O. No. 8545, 5 F.R. 3779.

§ 631.2 *Credit.* The credit for any subdivision is:

(a) The total number of registrants of the subdivision who have been classified in Class I–C by reason of their induction into the land or naval forces through the Selective Service System, plus

(b) The total number of registrants and nonregistrants from the subdivision known by the Director of Selective Service to have been members of the land or naval forces on November 30, 1940, or to have thereafter become members of such forces other than by induction through the Selective Service System, less

(c) The total number of such men who, after becoming members of the land or naval forces, have been or are hereafter separated therefrom by resignation or dismissal at any time; by discharge dated prior to December 8, 1941, for any cause; or by discharge dated on or after December 8, 1941, for any cause other than physical disability.*

§ 631.3 *Quota percentage.* (a) The State quota percentage is the ratio of the State quota basis to the national quota basis, expressd in percentage.

(b) The local board quota percentage is the ratio of the local board quota basis to the State quota basis, expressed in percentage.*

§ 631.4 *Gross quota.* (a) The national gross quota on a given date is the total of the strength set by proper authority to be attained by the land and naval forces.

(b) The State gross quota is the national gross quota multiplied by the State quota percentage.

(c) The local board gross quota is the State gross quota multiplied by the local board quota percentage.*

§ 631.5 *Net quota.* The net quota for any subdivision is the difference between the gross quota of that subdivision and the credit given to that subdivision.*

§ 631.6 *Director of Selective Service to determine quotas and credits for nation and States.* (a) The Director of Selective Service shall determine the quotas and credits for the nation and for each State. He shall from time to time call upon each State Director of Selective Service for a report on registration, classification, and induction and for such other information as he may require. It shall be the duty of each State Director of Selective Service to currently keep in State Headquarters for Selective Service cumulative records of information relative to registration, classification, and induction of registrants in his State.

(b) The Director of Selective Service will receive from the War or Navy Department or the Marine Corps a Home Address Report (Form 166) for each man who is or becomes a member of the land or naval forces other than by induction through the Selective Service System.

(c) When a member of the land or naval forces is discharged from such forces, the Director of Selective Service will receive from the War or Navy Department or the Marine Corps a Report of Separation (Form 167).

(d) After crediting the proper States, the Director of Selective Service shall forward all Home Address Reports (Form 166) and Reports of Separation (Form 167) to the appropriate State Director of Selective Service.

(e) The Director of Selective Service shall from time to time notify each State Director of Selective Service of the quotas and credits of his State and of the number of men to be furnished by his State to the land or naval forces.*

§ 631.7 *State Director of Selective Service to determine quotas and credits for local boards.* (a) The State Director of Selective Service shall determine the quotas and credits for each local board area in his State. He shall from time to time call upon each local board for information concerning registration, classification, and induction of its registrants. He will receive from each induction station a list of the men inducted on Delivery List (Form 151).

(b) Upon receiving the Home Address Reports (Form 166) and Reports of Separation (Form 167), the State Director of Selective Service shall credit the proper local boards. He may either forward the reports to the boards, or, if he prefers to retain them in State Headquarters for Selective Service, he shall inform the local boards of the names and addresses of the men shown thereon.

(c) The State Director of Selective Service shall from time to time notify each local board of its net quota.*

§ 631.8 *Estimating quota bases and quotas.* Until the actual numbers necessary for determining quota bases, quotas, and credits are known, the quota bases, quotas, and credits may be estimated.*

§ 631.9 *Correcting classification and delinquency of registrants failing to report entry into armed forces.* (a) Upon receiving Home Address Reports (Form 166) and Reports of Separation (Form 167) from the State Director of Selective Service or the information from the State Director of Selective Service based thereon, should he elect to retain the reports themselves in State Headquarters for Selective Service, the local board shall check such reports or information against its records to determine whether any registrant has entered the land or naval forces without reporting that fact to the local board. Any registrant who has entered the land or naval forces shall be classified in Class I–C. If he was suspected of being a delinquent only because he failed to report to the local board that he had entered the land or naval forces, the local board shall remove any charge of delinquency made against the registrant and shall make the report required by § 642.6 of these regulations.

(b) The local board shall make an entry in its Classification Record (Form 100) only for those men who have Registration Cards (Form 1) on file with the board.*

PART 632—INDUCTION CALLS

Effective February 1, 1942, the Selective Service Regulations are hereby amended by assigning new numbers to the paragraphs hereinafter listed; by changing the context of those paragraphs which are followed by the words "as amended"; and by publishing such renumbered and amended paragraphs as the sections of Part 632 of the Second Edition of the Selective Service Regulations:

Paragraph 414 as amended becomes § 632.1.
Paragraph 415 as amended becomes § 632.2.
Paragraph 416 as amended becomes § 632.3.

PART 632—INDUCTION CALLS

Sec.
632.1 Induction calls by the Director of Selective Service.
632.2 Induction calls by the State Director of Selective Service.
632.3 Selection of men to fill induction call.

§ 632.1 *Induction calls by the Director of Selective Service.* When the Director of Selective Service receives from the Secretary of War or the Secretary of the Navy a requisition for a number of specified men to be inducted, he shall distribute the number of specified men requisitioned among the States to be called upon to furnish such men to fill such requisition. He shall then issue a call on a Notice of Call on State (Form 12) to the State Director of Selective Service of each State concerned, sending two copies thereof to the Secretary who issued the requisition. The State Director of Selective Service, upon receiving such call, shall confer with the Corps Area Commander (or representative of the Navy or Marine Corps) for the purpose of determining the number of specified men to be delivered, in order to actually induct a net of the number of the specified men in such call, and arranging the details as to the times when and the places where such men will be delivered.*

*§§ 632.1 to 632.3, inclusive, issued under the authority contained in 54 Stat. 885; 50 U.S.C., Sup., 301–318, inclusive, E.O. No. 8545, 5 F.R. 3779.

§ 632.2 *Induction calls by the State Director of Selective Service.* (a) After conference with the Corps Area Commander (or representative of the Navy or Marine Corps), the State Director of Selective Service shall issue calls to local boards to meet the number agreed upon as necessary in order to fill the State call. The calls to local boards shall be issued on the Notice of Call (Form 10), filled out in quadruplicate. The State Director of Selective Service shall send the original of each Notice of Call (Form 10) to the local board concerned for its permanent file, a copy to the Corps Area Commander (or to the representative of the Navy or Marine Corps), a copy to the commanding officer of the induction station concerned, and shall file the remaining copy. Calls shall be numbered consecutively, without regard to the service for which the call is made. The calls shall be issued in sufficient time to permit the local boards to mail the Order to Report for Induction (Form 150) to the selected registrants within the time specified in § 633.1.

(b) No call on a local board shall be for more than the board's current net quota.

(c) No call shall be made for men with special qualifications.*

§ 632.3 *Selection of men to fill induction call.* When a call is received by a local board, the board shall immediately proceed to select a sufficient number of specified men to fill the call. The men specified in the call shall be selected in sequence of their order numbers, beginning with the smallest order number: *Provided*, That all specified men who have volunteered for induction shall be selected to fill the call before any specified man who has not volunteered shall be so selected: *Provided, further*, That a man who was not accepted by the armed forces because he was found to have one or more disqualifying defects when he was physically examined by the armed forces shall not be selected to fill a call unless he has refused to have such defect or defects remedied and the Director of Selective Service has secured a waiver of such defect or defects from the armed forces and has specifically directed that such man be selected.*

PART 633—DELIVERY AND INDUCTION

Effective February 1, 1942, the Selective Service Regulations are hereby amended by rearranging the order in which the paragraphs hereinafter listed will appear; by assigning new numbers to such rearranged paragraphs; by changing the context of those paragraphs hereinafter listed which are followed by the words "as amended"; and by publishing such rearranged, renumbered, and amended paragraphs as the sections of Part 633 of the Second Edition of the Selective Service Regulations:

Paragraph 417 as amended becomes § 633.2.
Paragraph 418 as amended becomes § 633.1.
Paragraph 421 as amended becomes § 633.2.
Paragraph 422 as amended becomes § 633.3.
Paragraph 423 as amended becomes § 633.4.
Paragraph 424 as amended becomes § 633.5.
Paragraph 425 as amended becomes § 633.11.
Paragraph 426 as amended becomes § 633.6.
Paragraph 427 as amended becomes § 633.7.
Paragraph 428 as amended becomes § 633.8.
Paragraph 429 as amended becomes § 633.9.
Paragraph 430 as amended becomes § 633.12.
Paragraph 433 as amended becomes § 633.10.
Paragraph 434 as amended becomes § 633.13.
Paragraph 435 as amended becomes § 633.14.

PART 633—DELIVERY AND INDUCTION

Sec.
633.1 Order to Report for Induction (Form 150).
633.2 Appointment of leader and assistant leader.
633.3 Delivery List (Form 151).
633.4 Transportation request and meal or lodging request.
633.5 Records sent to induction station.
633.6 Procedure before delivery.
633.7 Telegraphic report to commanding officer of induction station.
633.8 Reception of selected men at the induction station and return of rejected men.
633.9 Induction.
633.10 Records returned by induction station commander.
633.11 Transferring men for delivery.
633.12 No replacements for men not inducted.
633.13 Classification after man is inducted or is found not acceptable.
633.14 Classification after separation from land or naval forces.

§ 633.1 *Order to Report for Induction (Form 150).* (a) Immediately upon determining which men are to report for induction, the local board shall prepare for each man an Order to Report for Induction (Form 150), in triplicate. The local board shall mail the original to the registrant and shall file the two copies in his Cover Sheet (Form 53).

(b) The time specified for reporting shall be at least 10 days after the date the order is mailed; provided, however, in case of death or extreme emergency to a person in the registrant's immediate family, serious illness of registrant, or other extreme emergency beyond the registrant's control, the local board may, after the Order to Report for Induction (Form 150) has been issued, postpone the time when such registrant shall so report for a period not to exceed 60 days from the date of such postponement; subject, however, in cases of imperative necessity, to one further postponement for a period not to exceed 60 days; and provided also that the Director of Selective Service or any State Director of Selective Service (as to registrants within his State) may for good cause at any time prior to the issuance of an Order to Report for Induction (Form 150) order a local board to delay the issuance of such order until such time as he may deem advisable, or the Director of Selective Service or any State Director of Selective Service (as to registrants within his State) may for good cause at any time after the issuance of an Order to Report for Induction (Form 150) order a local board to postpone the induction of a registrant until such time as he may deem advisable, and no registrant shall be inducted into the land or naval forces during the period of any of such delays or postponements.

(c) The date of issuance and the date of expiration of any period of delay or postponement authorized in (b) above shall be noted in the "Remarks" column of the Classification Record (Form 100).

(d) Any period of delay or postponement may be terminated before the date of expiration when the issuing authority so directs.*

*§§ 633.1 to 633.14, inclusive, issued under the authority contained in 54 Stat. 885; 50 U.S.C., Sup., 301–318, inclusive, E.O. No. 8545, 5 F.R. 3779.

§ 633.2 *Appointment of leader and assistant leader.* (a) After selecting the registrants who are to fill the call, the local board shall designate one selected man to be the leader of the group and one or more to be assistant leaders. Because the leader and assistant leaders have grave responsibilities, the board should, in selecting them, consider each man's age, experience, character, and personality.

(b) Before the time set for selected men to report for delivery to the induction station, the local board should prepare an Appointment of Leader or Assistant Leader (Form 158) for each leader and assistant leader.

(c) Leaders and assistant leaders shall have such authority as is necessary to deliver the group to the induction station.*

§ 633.3 *Delivery list (Form 151).* (a) Before the time set for selected men to report for delivery to the induction station, the local board shall prepare a Delivery List (Form 151), in triplicate. The local board shall make no entries in column 4 of this form.

(b) If a man fails to report as ordered, his absence shall be noted in column 3 on the Delivery List (Form 151) before it is turned over to the leader.

(c) If a man ordered to report for induction has been transferred to another local board for delivery, his name shall nevertheless be carried on the Delivery List (Form 151) in the same manner as though he were being delivered, but a notation shall be made in column 3 opposite his name stating that he was transferred to another local board for delivery and identifying the local board to which such man was transferred for delivery.

(d) If a man ordered to report for induction has been transferred from another local board for delivery, his name shall appear on the Delivery List (Form 151), but a notation shall be made in column 3 opposite his name stating that he was transferred from another local board for delivery and identifying the local board from which such man was transferred for delivery.*

§ 633.4 *Transportation request and meal or lodging requests.* (a) Before the time set for selected men to report for delivery to the induction station, the local board, unless otherwise directed, shall prepare Government Requests for Transportation (Standard Form 1030) and Government Request for Meals or Lodgings for Civilian Registrants (Form 256).

(b) As a convenience to the leader, the local board may exchange the prepared transportation request for transportation tickets.*

§ 633.5 *Records sent to induction station.* (a) The following records shall be turned over to the leader for delivery to the commanding officer of the induction station:

(1) For the group:

Three copies of the Delivery List (Form 151).

(2) For each selected man:

The original and two copies of the Report of Physical Examination and Induction (Form 221); and

The original and one copy of the Order to Report for Induction (Form 150), or, in the case of a man transferred for delivery, the original and one copy of the Order for Transferred Man to Report for Induction (Form 156).

(3) For each selected man under the age liable for training and service:

Written consent of his parents (or guardian), dated not more than 30 days before induction, or the statement prescribed in § 624.1.

(b) If any registrant fails to bring his original Order to Report for Induction (Form 150), the local board may send the two copies in lieu of the original and a copy.*

§ 633.6 *Procedure before delivery.* (a) At the time and place designated for the selected men to report for delivery, the local board shall:

(1) Call the roll of selected men.

(2) Read and issue the appointment of the leader and assistant leaders.

(3) Turn over to the leader the transportation request or tickets, the meal and lodging requests, and the records for the induction station.

(4) Notify the leader of arrangements that have been made at the induction station for the reception of the selected men.

(5) Specifically order the selected men to obey the leader and assistant leaders.

(6) Specifically order the selected men to report to the induction station.

(b) The procedure directed in (a) above should be conducted with brief and dignified ceremony. It may be varied to include speeches by representative citizens, the presence of uniformed organizations, the playing of band music, and parades. All members of the local board and the government appeal agent should be present.*

§ 633.7 *Telegraphic report to commanding officer of induction station.* If upon the departure of men for the induction station it is found that the delivery does not conform to the information supplied on the Notice of Call (Form 10) as to the number of men actually being delivered, the means of transportation, the time or place of arrival, or in any other material respect, the local board shall telegraph or, if less expensive, telephone the commanding officer of the induction station, advising him of any change which have occurred.*

§ 633.8 *Reception of selected men at the induction station and return of rejected men.* In the manner and to the extent prescribed by regulations of the land or naval forces, the commanding officer of the induction station is required to have the selected men met at the railroad station or bus terminal, transported to the induction station, and provided with food and lodging after their arrival and pending their induction or rejection. In the manner and to the extent prescribed by the regulations of the land or naval forces, the commanding officer of the induction station is required to provide transportation and subsistence for the return of the selected men who have been rejected.*

§ 633.9 *Induction.* At the induction station, the selected men found acceptable will be inducted into the land or naval forces.*

§ 633.10 *Records returned by induction station commander.* (a) The State Director of Selective Service of each State from which selected men are delivered to an induction station will receive from the induction station commander a copy of each Delivery List (Form 151).

(b) Each local board delivering selected men to an induction station will receive from the induction station commander the following records:

(1) The original of each Order to Report for Induction (Form 150) or, in the case of a man transferred for delivery, the original of each Order for Transferred Man to Report for Induction (Form 156).

(2) The original Delivery List (Form 151).

(3) One copy of the Report of Physical Examination and Induction (Form 221).

(4) As to each man found not acceptable to the land or naval forces, in addition to the foregoing, the original of the Report of Physical Examination and Induction (Form 221).

(c) The local board, upon receipt of the Report of Physical Examination and Induction (Form 221) from the induction thereon in Series VI to the copy thereof held in its files and shall then forward one copy of the Report of Physical Examination and Induction (Form 221) to the State Director of Selective Service. The remaining copy of the Report of Physical Examination and Induction (Form 221) and in the case of a rejected man, the original thereof, shall be retained in the registrant's Cover Sheet (Form 53).*

§ 633.11 *Transferring men for delivery.* (a) If any man has been ordered to report for induction and is so far from his own local board that reporting to his own local board for delivery would be a hardship, he may be transferred for delivery to the local board having jurisdiction of the area in which he is at the time located.

(b) Any such man desiring to be so transferred shall immediately report to the local board having jurisdiction of the area in which he is at the time located, present his Order to Report for Induction (Form 150), and make a request in writing that he be transferred for delivery, stating the full circumstances of his absence from his own local board area. This request shall be made on a Request for Transfer for Delivery (Form 154), in triplicate, and left with the local board to which such man requests to be transferred for delivery.

(c) The local board to which such man makes his request shall investigate the circumstances of his absence from his own local board area. If it finds that he does not have a good reason for his absence, it shall endorse its disapproval upon all copies of the request; mail the original to the man's own local board; mail a copy to the man who has requested transfer; and file the remaining copy. Such man will then be required to report for delivery in accordance with the Order to Report for Induction (Form 150) received from his own local board.

(d) If the local board to which such man makes his request for transfer finds that he has a good reason for his absence from his own local board area, it shall endorse its approval upon all copies of the request; mail the original, via air mail (unless ordinary mail is as expeditious), to the man's own local board; mail a copy to the man who has requested the transfer; and file the remaining copy.

(e) Immediately upon receipt of the approved request, the man's own local board shall transfer him. It shall prepare a Transfer of Registrant for Delivery (Form 155), in duplicate, filing the copy and mailing the original to the local board to which the man is being transferred, together with the following papers:

(1) Copy of Order to Report for Induction (Form 150).

(2) The original and two copies of the Report of Physical Examination and Induction (Form 221).

(3) In the event only that the man is a volunteer under the age liable to service, there shall be forwarded also the written consent of his parents (or guardian), dated not more than 30 days before induction, or the statement prescribed in § 624.1.

(f) The local board to which such man is transferred for delivery shall proceed to deliver him for induction as soon as practicable. If possible, the transferred man shall be delivered with the next call on the local board to which he has been transferred, but if there is to be no such call at an early date or the local board has no unfilled quota, it shall deliver such transferred man specially whenever the induction station is receiving men. The local board to which such man has been transferred for delivery shall prepare the Order for Transferred Man to Report for Induction (Form 156), in triplicate, and mail the original to the transferred man; provided the time specified therein to report shall be at least 10 days from the date of the mailing of the transferred man's original Order to Report for Induction (Form 150). The local board to which the man is transferred for delivery shall retain in its files the copy of the Order to Report for Induction (Form 150) received from the transferred man's own local board and shall send to the induction station for such transferred man the original and one copy of the Order for Transferred Man to Report for Induction (Form 156) in place of the Order to Report for Induction (Form 150).

(g) The transferred man's own local board will list the transferred man on its Delivery List (Form 151), even though he has been transferred to another local board for delivery; shall make notation on the Delivery List (Form 151) as prescribed in § 633.3 (c); and shall not replace such transferred man. The local board to which the man is transferred for delivery shall deliver him as prescribed in § 633.6, shall include such transferred man on its Delivery List (Form 151), shall make notation on the Delivery List (Form 151) as prescribed in § 633.3 (d), and shall not substitute the transferred man for one of its selected men but shall deliver the transferred man in addition to any deliveries it otherwise would make to fill its own call.

(h) When all of the papers pertaining to such transferred man are returned by the induction station, the local board to which such man was transferred for delivery shall forward all such papers, with the exception of the Delivery List (Form 151), to the transferred man's own local board. In the event he was inducted, the transferred man's own local board, upon receipt of all papers pertaining to him, shall forward to its State Headquarters for Selective Service the copy of the Order for Transferred Man to Report for Induction (Form 156) as substantiating evidence of the credit claimed for such transferred man. After examining such substantiating evidence, the State Headquarters for Selective Service shall return the Order for Transferred Man to Report for Induction (Form 156) to the transferred man's own local board for its files.

(i) The transferred man, if inducted, shall not be credited to the local board to which he was transferred for delivery but shall be credited to his own local board.*

§ 633.12 *No replacements for men not inducted.* (a) A local board shall select from its own registrants and order to report for induction the number of men demanded by the call. If any such men fail to report for delivery, fail to report at the induction station, are transferred to other local boards for delivery, are rejected at the induction station, or for any other reason are not inducted, the local board shall not furnish replacements for such man.

(b) When any man ordered to report for induction has failed to report for delivery or has failed to report at the induction station but later reports for delivery and the local board finds that he was innocent of wrongful intent in having failed to report as directed, such man shall be delivered to the induction station at the earliest time possible and without any extension of time; provided that if such man has been reported as a delinquent in the manner prescribed by these regulations, he shall not be delivered for induction unless the local board first obtains permission from the United States district attorney to whom he was reported.*

§ 633.13 *Classification after man is inducted or is found not acceptable.* (a) Upon receiving notice from the induction station that a selected man has been inducted, he shall be placed in Class I–C.

(b) Upon receiving notice from the induction station that a selected man has been found not acceptable because of a physical defect the local board shall reopen his classification and classify him in Class I–B, Class I–B–O or Class IV–F, as the case may require: *Provided, however,* Where the local board, after consultation with the examining physician or the examining dentist, believes that his physical defect is remediable, it shall classify the registrant by following the procedure set out in § 629.11 for the classification of registrants having remediable defects.

(c) Upon receiving notice from the induction station that a selected man has been found not acceptable because morally unqualified, the local board shall reopen his classification and classify him in Class IV–F.*

§ 633.14 *Clasification after separation from land or naval forces.* (a) Upon receiving a report that a registered man has been separated from the land or naval forces (1) by resignation, dismissal, or discharge prior to December 8, 1941, or (2) by discharge on or after December 8, 1941, for a cause other than physical disability, the local board shall reopen his classification and classify him anew.

(b) Upon receiving a report that a registrant has been separated from the land or naval forces (1) by discharge on or after December 8, 1941, based on physical disability or (2) by death at any time, the local board shall not change his classification, but shall note the facts in the Classification Record (Form 100), on the registrant's Cover Sheet (Form 53), and on his Registration Card (Form 1).*

PART 641—NOTICE

Effective February 1, 1942, the Selective Service Regulations are hereby amended by assigning new numbers to the paragraphs hereinafter listed; by changing the context of those paragraphs which are followed by the words "as amended"; and by publishing such renumbered and amended paragraphs as the sections of Part 641 of the Second Edition of the Selective Service Regulations:

Paragraph 155 as amended becomes § 641.1.
Paragraph 156 as amended becomes § 641.5.
Paragraph 157 as amended becomes § 641.4.
Paragraph 158 becomes § 641.3.
Paragraph 159 as amended becomes § 641.2.
Paragraph 160 becomes § 641.6.

PART 641—NOTICE

Sec.
641.1 Notice of requirements of selective service law.
641.2 Failure to take notice.
641.3 Communication by mail.
641.4 Notice of mailing of Questionnaires.
641.5 Classification Record (Form 100).
641.6 Computation of time.

§ 641.1 *Notice of requirements of selective service law.* Every person shall be deemed to have notice of the requirements of the Selective Training and Service Act of 1940 and amendments thereto upon publication by the President of a proclamation or proclamations or other public notice fixing a time for any registration. This provision shall apply not only to registrants but to all other persons.*

* §§ 641.1 to 641.6, inclusive, issued under the authority contained in 54 Stat. 885; 50 U.S.C., Sup., 301–318, inclusive, E.O. No. 8545, 5 F.R. 3779.

§ 641.2 *Failure to take notice.* (a) If a registrant or a person required to present himself for and submit to registration fails to perform any duty prescribed by the selective service law, or directions given pursuant thereto, within the required time, he shall be liable to fine and imprisonment under section 11 of the Selective Training and Service Act of 1940, as amended.

(b) If a registrant or any other person concerned fails to claim and exercise any right or privilege within the required time, he shall be deemed to have waived the right or privilege.*

§ 641.3 *Communication by mail.* It shall be the duty of each registrant to keep his local board advised at all times of the address where mail will reach him.

The mailing of any order, notice, or blank form by the local board to a registrant at the address last reported by him to the local board shall constitute notice to him of the contents of the communication, whether he actually receives it or not.*

§ 641.4 *Notice of mailing of questionnaires.* The Important Notice to Registrants (Form 55) announces that Selective Service Questionnaires (Form 40) have been mailed to certain registrants. It shall be publicly posted at the local board office and shall constitute notice to all persons concerned that classification of such registrants is about to begin.*

§ 641.5 *Classification Record (Form 100).* The Classification Record (Form 100) shall be open to the public at the local board office. It shall be the duty of each registrant to keep himself informed of his status, and any entry concerning him on the Classification Record (Form 100) shall constitute due legal notice thereof to him and to all other interested persons.*

§ 641.6 *Computation of time.* The period of days allowed a registrant or other person to perform any act or duty required of him shall be counted as beginning on the day following that on which the notice to him is posted or mailed.*

643.11 Additional rules and regulations.
643.12 Application of general parole laws.

§ 643.1 *Parole: General.* Any person who has heretofore or may hereafter be convicted of a violation of any of the provisions of the Selective Training and Service Act of 1940, or any amendment thereto, or any rules or regulations prescribed thereunder, shall at any time after such conviction be eligible for parole for service in the land or naval forces of the United States, or for work of national importance under civilian direction, or for any other special service established pursuant to said act, in the manner and under the conditions hereinafter set out.*

* §§ 643.1 to 643.12, inclusive, issued under the authority contained in 54 Stat. 885; 50 U.S.C., Sup., 301-318, inclusive, E.O. No. 8545, 5 F.R. 3779.

§ 643.2 *Parole of person required to register.* The parole provided for in § 643.1 may be granted by the Attorney General to any person required to register under the provisions of the Selective Training and Service Act of 1940, as amended, and any proclamation of the President thereunder, if in the judgment of the Attorney General it is compatible with the public interest and the enforcement of the Selective Training and Service Act of 1940, as amended, upon the recommendation of the Director of Selective Service. Before recommending the parole of any such person, the Director of Selective Service shall determine and include in his recommendation whether such person should be paroled for (1) induction into the land or naval forces of the United States; or (2) induction into the land or naval forces of the United States for noncombatant service, as such service has been or may hereafter be defined; or (3) assignment to work of national importance under civilian direction in lieu of induction into the land or naval forces of the United States; or (4) assignment to such other special service as may be established by the Attorney General pursuant to the Selective Training and Service Act of 1940, as amended. If the parole is granted, it shall conform to such recommendation.*

§ 643.3 *Parole of person who is not required to register.* The parole provided for in § 643.1 may be granted by the Attorney General to any person not required to register under the provisions of the Selective Training and Service Act of 1940, as amended, and any proclamation of the President thereunder, if in the judgment of the Attorney General it is compatible with the public interest and the enforcement of the Selective Training and Service Act of 1940, as amended. Such person shall thereupon be inducted into the land or naval forces of the United States, if he is acceptable to such forces, or shall be assigned to any special service established pursuant to the Selective Training and Service Act of 1940, as amended, upon such terms and conditions as may be specified by the Attorney General, and the Attorney General is authorized to establish or designate such special services.*

§ 643.4 *Procedure prior to release on parole.* If the parole of a person required to be registered is under consideration, he shall be registered, physically examined, and the forms needed in his classification shall be executed in the manner set out in § 642.7. If the person whose parole is under consideration has made application for parole into the land or naval forces, he shall also sign an application for voluntary induction. All such documents shall be transmitted to the Director of Selective Service for reference to the proper local board through the appropriate State Director of Selective Service.*

§ 643.5 *Classification and induction of persons paroled for induction into the land or naval forces of the United States.* (a) If the Director of Selective Service recommends to the Attorney General that the registrant be paroled for induction into the land or naval forces, he shall forward the documents referred to in § 643.4 to the appropriate State Director of Selective Service with a request that the proper local board classify the registrant.

(b) Upon receipt of such request, the local board shall consider the registrant as a volunteer for induction. In classifying such a registrant, it is not advisable to place him in a deferred class except when he is found to be physically unfit. Therefore, the local board shall place him in Class I–A or Class I–A–O, unless his physical condition requires his classification in Class I–B, Class I–B–O, or Class IV–F.

(c) One copy of the Notice of Classification (Form 57) shall be mailed to the registrant in care of the warden or superintendent of the institution in which he is confined. If the registrant has been placed in Class I–A or Class I–A–O, the local board will receive from the proper prison officials a certified copy of the order suspending parole supervision of the registrant during military service as provided in § 622.61 (5).

(d) Upon receipt of a copy of such order, the local board shall proceed to order the registrant to report for physical examination by the armed forces and to report for induction in the same manner as in the case of any other registrant, except that at the time the registrant is ordered to report for induction a certified copy of the order suspending parole supervision shall be sent to the commanding officer of the induction station with a letter of explanation as provided in § 622.61 (5). Arrangements will be made by the proper prison officials for the release of the registrant so that he can be physically examined and inducted by the armed forces.*

§ 643.6 *Change of parole for person who leaves service in land or naval forces.* Any person who is paroled for service in the land or naval forces of the United States but is not actually inducted into said forces or who after induction and before completion of the service specified in the order granting the parole is discharged from such forces may then be paroled by the Attorney General, upon recommendation of the Director of Selective Service, to work of national importance under civilian direction or to any special service established by the Attorney General pursuant to the Selective Training and Service Act of 1940, as amended, or may be returned to a penal or correctional institution to complete the sentence originally imposed with or without deduction for the time spent on parole as the Attorney General may determine.*

§ 643.7 *Parole for assignment to work of national importance under civilian direction.* If in the opinion of the Director of Selective Service any person paroled for assignment to work of national importance under civilian direction fails or refuses to perform such work or service or abide by the rules of conduct established in connection therewith, the Director of Selective Service shall so notify the Attorney General, who may revoke the parole of such person and return him to the penal or correctional institution to complete the sentence originally imposed with or without deduction for the time spent on parole as the Attorney General may determine.*

§ 643.8 *Terms and conditions imposed by the Attorney General.* The Attorney General shall impose such terms and conditions as he may deem proper upon any person released on parole and shall supervise the parolee to see that he abides by the terms and conditions of the parole: *Provided, however,* That such power of supervision shall be suspended while the parolee is in the active land or naval forces of the United States.*

§ 643.9 *Revocation of parole by Attorney General.* The parole herein authorized may be revoked at any time in the discretion of the Attorney General or his authorized agent: *Provided, however,* That such power of revocation shall be suspended while the parolee is in the active land or naval forces of the United States. Upon revocation of the parole, the parolee shall thereupon be returned to the proper penal or correctional institution to complete the sentence originally imposed with or without deduction for the time spent on parole as the Attorney General may determine, or until reparole.*

§ 643.10 *Deductions for good conduct.* Any person granted parole under this part for service in work of national importance under civilian direction or other special service established by the Attorney General pursuant to the Selective Training and Service Act of 1940, as amended, may be released from such service at the expiration of his sentence less credits earned for good conduct, as provided by the act approved June 21, 1902 (32 Stat. 397), and, upon such release, shall be subject to parole supervision, as provided by section 4 of the act approved June 29, 1932 (47 Stat. 381).*

§ 643.11 *Additional rules and regulations.* The Attorney General and the Director of Selective Service are authorized to prescribe such rules and regulations not inconsistent herewith as may be necessary for the proper administration of their respective functions and duties set forth in this part.*

§ 643.12 *Application of general parole laws.* Nothing in these regulations shall be construed as limiting or restricting the application of the act entitled "An act to parole United States prisoners, and for other purposes," approved June 25, 1910 (36 Stat. 819), as amended.*

CHAPTER IX—OFFICE OF PRODUCTION MANAGEMENT

SUBCHAPTER B—PRIORITIES DIVISION

PART 974—TOLUENE (TOLUOL)

Amendment No. 1 to General Preference Order No. M–34 to Conserve the Supply and Direct the Distribution of Toluene (Toluol)

Section 974.1 (*General Preference Order No. M–34*) is hereby amended to read as follows:

Whereas the national defense requirements have created a shortage of Toluene for defense, for private account and for export, and it is necessary in the public interest and to promote the defense of the United States to conserve the supply and direct the distribution thereof;

Now, therefore, it is hereby ordered, That:

§ 974.1 *General Preference Order M–34*—(a) *Definitions.* For the purposes of this Order:

(1) "Toluene" means Toluene from whatever source derived, except that it shall not include petroleum solvents and diluents of Kauri-butanol values less than 85 Kauri-butanol number.

(2) "Nitration Grade Toluene" means Toluene which meets the requirements of Grade "A" in United States Army Specification No. 50–11–38C (PXS–820, Rev. 3, September 17, 1941), as the same may from time to time be revised.

(3) "Commercial Grade Toluene" means Toluene other than Nitration Grade Toluene.

(4) "Producer" means any person engaged in the production of Toluene and includes any person who has Toluene produced for him pursuant to toll agreement, and any person who has purchased or purchases Toluene for purposes of resale.

(b) *Applicability of Priorities Regulation No. 1.*[1] Control of the supply and direction of the distribution of Toluene is hereby taken by the Director of Priorities, and all future transactions of any kind in Toluene are regulated and governed by the provisions and definitions contained in Regulation No. 1 of the Priorities Division of the Office of Production Management, issued on the 27th day of August, 1941, except as herein otherwise specifically provided.

(c) *Production of toluene.* After February 1, 1942, Producers of Toluene shall so operate their production facilities that, of the Toluene produced during any month, the maximum amount of Nitration Grade Toluene capable of being produced with such facilities shall be produced, and in no event shall the amount of Nitration Grade Toluene produced be less than 70% of the total amount of Toluene produced.

(d) *Restrictions on delivery of nitration grade toluene.* After the effective date of this Order, no Producer shall deliver Nitration Grade Toluene to any person, except as may be specifically authorized by the Director of Priorities; and no person shall accept delivery of Nitration Grade Toluene in violation of the foregoing clause.

(e) *Restrictions on export.* No Toluene shall be exported by any person, except upon express authorization of the Director of Priorities.

(f) *Restrictions on use.* After February 1, 1942, no Toluene may be sold or delivered for use, or used, by any person as a diluent for protective coatings. The provisions of this paragraph shall apply with respect to stocks of Toluene on hand on said date. Persons who use Toluene as a diluent for protective coatings and who on February 1, 1942, have stocks of Toluene on hand, shall forthwith report such fact (and the details thereof) to the Chemicals Branch of the Office of Production Management and hold such Toluene for disposition by the Director of Priorities.

(g) *Restrictions on delivery of commercial grade toluene.* Anything in Priorities Regulation No. 1 to the contrary notwithstanding, with respect to deliveries of Commercial Grade Toluene to be made on and after February 1, 1942:

[1] 6 F.R. 4489.

(1) No Producer shall, except as the Director of Priorities may otherwise direct, accept an Order for delivery of Commercial Grade Toluene unless such Order has been placed with him by the 10th day of the month preceding the month in which delivery is sought, and unless such Order is accompanied by Form PD–223 properly executed by the person placing such Order.

(2) No Producer shall make, and no person shall accept, delivery of Commercial Grade Toluene unless and until Form PD–223 hereinabove referred to has been properly executed and punctually filed in accordance with the provisions of paragraph (g) (1) hereof.

(3) Form PD–224 properly executed, which shall schedule, among other things, orders received for delivery of Commercial Grade Toluene during the succeeding month, the preference ratings, if any, applicable to such orders, the deliveries which such Producer proposes to make and his estimated production of Commercial Grade Toluene and Nitration Grade Toluene for the succeeding month, shall, on or before the 15th day of each calendar month commencing January, 1942, be filed by each Producer with the Chemicals Branch of the Office of Production Management. Such Form PD–224 shall be accompanied by a copy of every Form PD–223 submitted to the Producer. After such Form PD–224 has been filed with the Chemicals Branch of the Office of Production Management, any changes of circumstances or matters occurring thereafter affecting the accuracy of the statements contained in such Form PD–224 shall be forthwith reported to the Chemicals Branch of the Office of Production Management.

(4) On and after February 1, 1942, no deliveries of Commercial Grade Toluene shall be made by a Producer to any person unless and until the same shall have been specifically authorized by the Director of Priorities; and no person shall accept delivery of Commercial Grade Toluene made in violation of the foregoing clause. Authorization by the Director of Priorities shall be based primarily upon insuring the satisfaction of all defense requirements and the providing of an adequate supply for essential civilian uses. Each Producer shall, upon being apprised of the deliveries which have been authorized by the Director of Priorities, forthwith notify his customers of the extent of such authorization as the same may affect them. If, however, by the 25th day of the month preceding the month in which deliveries are to be made, no restrictions have been issued by the Director of Priorities, Producers may make deliveries of Commercial Grade Toluene in accordance with the schedules filed by them with the Chemicals Branch of the Office of Production Management.

(h) *Assignment of preference ratings.* (1) Deliveries under all defense orders which have not been assigned a higher preference rating are hereby assigned a preference rating of A–10.

(2) Unless a higher preference rating has been specifically assigned by order of the Director of Priorities, deliveries of Commercial Grade Toluene for the uses (or for the manufacture of products for such uses) set forth below are hereby assigned a preference rating as set opposite each such use as follows:

Use	Preference rating
Medicinals and drugs	B–1
Petroleum additives	B–2
Dyes and intermediates	B–3
Rubber accelerators	B–4
Miscellaneous organic chemicals	B–5
Solvents	B–6

(i) *Acceptance of certain non-defense orders.* When a non-defense order for Commercial Grade Toluene for a use specified in paragraph (h) (2) hereof is offered to a Producer, it shall, subject to the same terms and conditions applicable to the acceptance of defense orders set forth in Priorities Regulation No. 1, be accepted for scheduling on Form PD–224 (such scheduling to be in accordance with the preference rating assigned thereto and delivery schedule specified therein). Deliveries, however, shall be made under such an order only in accordance with directions of the Director of Priorities, as hereinabove provided. Any person seeking to place such a non-defense order must make application for acceptance of such order in the first instance to his regular Supplier (if a person has several regular Suppliers, the order should be divided among such Suppliers in accordance with such person's normal method of placing orders.)

(j) *Intra-company transactions.* The prohibitions or restrictions contained in this Order with respect to acceptances of orders and deliveries in the absence of a contrary direction apply not only to acceptances of orders from and deliveries to other persons, including affiliates and subsidiaries, but also to acceptances of orders from and deliveries to one branch, division or section of a single enterprise by or from another branch, division or section of the same or any other enterprise owned or controlled by the same person.

(k) *Reports.* Reports required by Priorities Regulation No. 1 hereinabove referred to shall be made at such times and on such forms as shall be prescribed therefor by the Chemicals Branch of the Office of Production Management. Persons who have stocks of Toluene on hand which they are forbidden by the terms of this Order to deliver (or use) shall forthwith report such fact (and the details thereof) to the Chemicals Branch of the Office of Production Management and hold the said stocks until further order of the Director of Priorities.

(l) *Notification of customers.* Producers shall, as soon as practicable, notify each of their regular customers of the requirements of this Order, but the failure to give such notice shall not excuse any person from the obligation of complying with the terms of this Order.

(m) *Violations or false statements.* Any person who violates this Order, or who wilfully falsifies any records which he is required to keep by the terms of this Order, or by the Director of Priorities, or otherwise wilfully furnishes false information to the Director of Priorities or to the Office of Production Management may be deprived of priorities assistance or may be prohibited by the Director of Priorities from obtaining further deliveries of materials subject to allocation. The Director of Priorities may also take any other action deemed appropriate, including the making of a recommendation for prosecution under Section 35A of the Criminal Code (18 U.S.C. 80).

(n) *Effective date.* This Order shall take effect immediately and shall continue in effect until revoked by the Director of Priorities. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

CHAPTER XI—OFFICE OF PRICE ADMINISTRATION

PART 1358—TOBACCOS

PRICE SCHEDULE NO. 62—CIGARETTES

The Office of Price Administration is charged with maintaining price stability and preventing unwarranted price increases. On December 27, 1941, the American Tobacco Company announced a substantial price increase on Lucky Strike cigarettes. Officials of the company were asked by the Office of Price Administration to rescind the increase pending investigation of factors justifying the price advance. This the company refused to do, unless formally required to do so by the Office of Price Administration. Therefore, pending full investigation, the Office of Price Administration hereby limits the price of all brands of cigarettes sold by manufacturers thereof to those levels prevailing on Friday, December 26, 1941. After completion of the studies under way, further action will be taken.

Accordingly, under the authority vested in me by Executive Order No. 8734, it is hereby directed that:

§ 1358.1 *Maximum prices for cigarettes.* On and after December 30, 1941, regardless of the terms of any contract of sale or purchase or other commitment, no person manufacturing cigarettes shall sell, offer to sell, deliver or transfer any brand of cigarettes at prices higher than those charged for such brand by said person for a similar quantity to a similar purchaser on December 26, 1941, or, in the event no sale was made on said date, at prices higher than the prices he would have charged on said date for a similar quantity to a similar purchaser.*

*§§ 1358.1 to 1358.9, inclusive, issued pursuant to the authority contained in Executive Orders Nos. 8734, 8875, 6 F.R. 1917, 4483. 1917, 4483.

§ 1358.2 *Less than maximum prices:* Lower prices than those charged on December 26, 1941, may be charged by any person manufacturing cigarettes.*

§ 1358.3 *Evasion.* The price limitations set forth in this Schedule shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery or transfer of cigarettes, alone or in conjunction with any other commodity or tobacco product, or by way of any commission, service, transportation or other charge, or by combination sales or a tying agreement or other trade understanding, or by making discounts, premiums or coupons given, or other terms of sale more onerous to the purchaser than those available or in effect on December 26, 1941.*

§ 1358.4 *Records.* Every manufacturer of cigarettes making sales of cigarettes after December 30, 1941, shall keep for inspection by the Office of Price Administration, for a period of not less than one year, complete and accurate records of each such sale, showing the date thereof, the name and address of the buyer, the price contracted for or received, and the quantity of each brand of cigarettes sold.*

§ 1358.5 *Reports.* Persons affected by this Schedule shall submit such reports to the Office of Price Administration, as it may from time to time require.*

§ 1358.6 *Enforcement.* In the event of refusal or failure to abide by the price limitations, record and report requirements, or other provisions of this Schedule, or in the event of any evasion or attempt to evade the price limitations or other provisions of this Schedule, the Office of Price Administration will invoke all appropriate sanctions at its command, including taking action to see (a) that the Congress and the public are fully informed thereof; (b) that the powers of Government, both state and federal, are fully exerted in order to protect the public interest and the interests of those persons who comply with this Schedule; (c) that full advantage will be taken of the cooperation of the various political subdivisions of federal, state, county and local governments by calling to the attention of the proper authorities failures to comply with this Schedule which may be regarded as grounds for the revocation of licenses and permits; and (d) that the procurement services of the Government are requested to refrain from selling to or purchasing from those persons who fail to comply with this Schedule. Persons who have evidence of the offer, receipt, demand or payment of prices higher than the maximum prices, or of any evasion or effort to evade the provisions hereof, or of speculation, or manipulation of prices of cigarettes, or of the hoarding or accumulating of unnecessary inventories thereof, are urged to communicate with the Office of Price Administration.*

§ 1358.7 *Modification of the Schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modification thereof or exception therefrom: *Provided,* That no application under this section will be considered unless filed by persons complying with this Schedule.*

§ 1358.8 *Definitions.* When used in this Schedule, the term:

(a) "Person" means an individual, partnership, association, corporation, or other busines entity;

(b) "Cigarette" means any rolls of tobacco, or substitute therefor, wrapped in paper or any substance other than tobacco;

(c) "Similar quantity to a similar purchaser" means a purchaser with respect to whom the same price did apply or would have applied for the same brand on December 26, 1941.*

§ 1358.9 *Effective date of the Schedule.* This Schedule shall become effective December 30, 1941.*

Issued this 30th day of December 1941.

LEON HENDERSON,
Administrator.

TITLE 33—NAVIGATION AND NAVIGABLE WATERS

CHAPTER II—CORPS OF ENGINEERS, WAR DEPARTMENT

PART 204—DANGER ZONE REGULATIONS[1]

Pursuant to the provisions of section 7 of the River and Harbor Act of August 8, 1917 (40 Stat. 266; 33 U.S.C. 1), the aerial gunnery range south of Horn Island, defined in § 204.91 is hereby redefined, the title and regulations being amended as follows:

§ 204.91 *Waters of Gulf of Mexico and Mississippi Sound; aerial gunnery ranges south of Horn, Petit Bois and Deer Islands, Miss.*—(a) *The danger zones*—(1) *South of Horn and Petit Bois Islands.* The aerial gunnery range lies within the following longitudes and latitudes:

Longitude	*Latitude*
88°22′	30°00′
88°45′	30°00′
88°45′	30°10′
88°22′	30°10′

(b) *The regulations.* (1) The fact that aerial target practice is to take place over the designated area shall be advertised to the public through the usual media for the dissemination of information. Inasmuch as such practice is likely to be engaged in throughout the year without regard to season, such advertising of firing shall be repeated at frequent intervals which shall not exceed 3 months and which shall be more frequent when, in the opinion of the Commanding Officer responsible for the use of the range, such frequent repetition is necessary in the interests of public safety.

(2) Prior to the conducting of each target practice, the area shall be patrolled by Army Aircraft to insure that no watercraft are within the danger area and any such watercraft seen in the vicinity shall be warned by means of signals that target practice is about to take place. The patrol aircraft shall employ the method of warning known as "buzzing" which consists of low flight by the airplane and repeated opening and closing of the throttle.

(3) Any such watercraft shall, upon being so warned, immediately leave the vicinity and shall, until the conclusion of the practice, remain at such a distance that it will be safe from falling projectiles.

(4) No marking of the area is proposed and all aircraft and watercraft shall be presumed to know their whereabouts by distances and direction from land marks or other topographical features along the shore.

(5) The foregoing regulations shall not deny traverse of portions of the danger area in the case of regular cargo-carrying vessels proceeding on established steamer lanes. In case of the presence of any such vessel in the danger area, the officer in charge of gunnery operations shall cause the cessation or postponement of fire until the vessel shall have cleared the part of the area in which it might be endangered by falling projectiles.

(6) These regulations shall be enforced by the Commanding Officer, Key Field, Meridian, Mississippi. (Sec. 7, River and Harbor Act, Aug. 8, 1917, 40 Stat. 266; 33 U.S.C. 1) [Regs. Dec. 16, 1941 (E.D. 7195 (Mexico, Gulf of)–35/11)]

TITLE 36—PARKS AND FORESTS

CHAPTER II—FOREST SERVICE

PART 241—WILDLIFE

AMENDMENT OF REGULATION W-6

By virtue of the authority vested in the Secretary of Agriculture by the Act of June 4, 1897 (30 Stat. 35; 16 U.S.C. 551), the Act of February 1, 1905 (33 Stat. 628; 16 U.S.C. 472), and the Act of August 11, 1916 (39 Stat. 476; 16 U.S.C. 683), Regulation W-6 of the rules and regulations governing the occupancy, use, protection and administration of the National Forests, which constitutes Section 241.6, Part 241, Chapter II, Title 36, Code of Federal Regulations, is hereby amended to read as follows:

§ 241.6 *Noontootly National Game Refuge, Georgia.* Fishing is hereby authorized within Noontootly National Game Refuge, Chattahoochee National Forest, Georgia, under permits issued by the Supervisor of the Chattahoochee National Forest, in accordance with instructions received by him from the Chief of the Forest Service, Washington, D. C., which permits shall state the place and time of fishing, the fee, and the number and size of fish that may be taken. [Regulation W-6]

Done at Washington, D. C., this 30th day of December 1941. Witness my hand and the seal of the Department of Agriculture.

TITLE 49—TRANSPORTATION AND RAILROADS

CHAPTER I—INTERSTATE COMMERCE COMMISSION

[Ex Parte No. MC-26]

PART 170—COMMERCIAL ZONES

BOSTON, MASS., COMMERCIAL ZONE

At a session of the Interstate Commerce Commission, Division 5, held at its office in Washington, D. C., on the 13th day of December, A. D. 1941.

Investigation of the matters and things involved in this proceeding having been made, and the said division, on the date hereof, having made and filed a report herein containing its findings of fact and conclusions thereon, which report is hereby made a part hereof: [1]

It is ordered, That the applicable provisions of the Code of Federal Regulations be, and they are hereby, amended by adding the following:

[1] Filed as part of the original document.

§ 170.9 *Boston, Mass.* For the purpose of administration and enforcement of the Interstate Commerce Act, the zone adjacent to and commercially a part of Boston, Mass., and contiguous municipalities in which transportation by motor vehicle in interstate or foreign commerce, not under a common control, management, or arrangement for a continuous carriage or shipment to or from a point beyond the zone, will be partially exempt under section 203 (b) (8) of the act from regulation, shall be, and it is hereby, defined to include the following:

Boston, Mass.; Winthrop, Mass.; Chelsea, Mass.; Revere, Mass.; Everett, Mass.; Malden, Mass.; Medford, Mass.; Somerville, Mass.; Cambridge, Mass.; Watertown, Mass.; Brookline, Mass.; Newton, Mass.; Needham, Mass.; Dedham, Mass.; Milton, Mass.; Quincy, Mass.

(Sec. 203 (b) (8), 49 Stat. 546; 54 Stat. 919; 49 U.S.C., Sup. 303 (b) (8))

It is further ordered, That this order shall become effective 30 days from the date hereof and shall continue in effect until the further order of the Commission.

By the Commission, division 5.

The Committee for Reciprocity Information hereby gives notice that all information and views in writing, and all applications for supplemental oral presentation of views, in regard to the negotiation of a trade agreement with the Government of Peru, of which notice of intention to negotiate has been issued by the Secretary of State on this date, shall be submitted to the Committee for Reciprocity Information not later than 12 o'clock noon, January 24, 1942. Such communications should be addressed to "The Chairman, Committee for Reciprocity Information, Tariff Commission Building, Eighth and E Streets NW., Washington, D. C."

A public hearing will be held beginning at 10 a. m. on February 2, 1942, before the Committee for Reciprocity Information, in Room 105 (Conference Room), the National Archives Building, Pennsylvania Avenue between Seventh and Ninth Streets NW., where supplemental oral statements will be heard.

Six copies of written statements, either typewritten or printed, shall be submitted, of which one copy shall be sworn to. Appearance at hearings before the Committee may be made only by those persons who have filed written statements and who have within the time prescribed made written application for a hearing, and statements made at such hearings shall be under oath.

By direction of the Committee for Reciprocity Information this 29th day of December 1941.

FELTON M. JOHNSTON,
Secretary.

List of Products on Which the United States Will Consider Granting Concessions to Peru

NOTE: The rates of duty or import tax indicated are those now applicable to products of Peru. Where the rate is one which has been reduced pursuant to a previous trade agreement by 50 percent (the maximum permitted by the Trade Agreements Act) it is indicated by the symbol MR. Where a rate has been bound free of duty in a previous trade agreement, it is indicated by the symbol B.

For the purpose of facilitating identification of the articles listed, reference is made in the list to the paragraph numbers of the tariff schedules in the Tariff Act of 1930, or, as the case may be, to the appropriate sections of the Internal Revenue Code. The descriptive phraseology is, however, in many cases limited to a narrower field than that covered by the numbered tariff paragraph or section in the Internal Revenue Code. In such cases only the articles covered by the descriptive phraseology of the list will come under consideration for the granting of concessions.

In the event that articles which are at present regarded as classifiable under the descriptions included in the list are excluded therefrom by judicial decision or otherwise prior to the conclusion of the agreement, the list will nevertheless be considered as including such articles.

DEPARTMENT OF THE INTERIOR.

Bituminous Coal Division.

[Docket No. A-1239]

IN THE MATTER OF A REVIEW OF THE MINIMUM PRICES EFFECTIVE FOR SHIPMENT OF COALS BY RAIL AND BY RIVER FOR DELIVERY IN THE CITY OF CINCINNATI, OHIO (MARKET AREA 19)

NOTICE OF AND ORDER FOR HEARING

The Division has received communications concerning the coordination of minimum prices effective for shipment of the high volatile coals of District No. 8 by river and by rail into the city of Cincinnati, Ohio (situated in Market Area No. 19). In particular, Solid Fuel Institute, an organization of retailers in Cincinnati, through its manager, Dom J. Schuh, has complained of the relationship between the delivered prices for such coals shipped to retailers all-rail and those shipped to retailers by river, contending that retailers who purchase coal shipped all-rail are prejudiced

to the advantage of retailers who are affiliated with and purchase from producers who ship by river. These complaints have been directed primarily to the provisions of the special price instructions and exceptions affecting shipments by river and ex-river which appear on pages 37, 38 and 40–42 of the Schedule of Effective Minimum Prices for District No. 8, For All Shipments Except Truck, particularly the following:

1. *Definition of river (free alongside) deliveries.* "River (free alongside) deliveries," as used in this Schedule, means:

* * * * *

(c) Deliveries in barges or other floating equipment alongside river docks or other barge unloading facilities to those retail dealers (not located in the Cincinnati, Louisville, Memphis, Chicago, or Minneapolis-St. Paul areas as herein defined), for resale at retail, who operate such river and storage facilities (in which the coal purchased free alongside is stored, when it is stored) adjoin such river docks or other barge unloading facilities.

* * *

5. *Price exceptions for retail dealers*—(a) *F. o. b. mine prices.* All sales to retail dealers having facilities, as described under Item 1 (c) of Special River Price Instructions, but who are located within the Cincinnati, Louisville, Memphis, Chicago, or Minneapolis-St. Paul areas, as herein described, shall be made on the basis of an f. o. b. mine price, plus the all-rail or lake (as the case may be) freight rate to the destination, the same as herein described for ex-river movement, except that not more than the following deductions in cents per net ton may be made from the f. o. b. mine price in order that such coal may deliver in barges alongside such retail dealers' barge unloading facilities at delivered prices less than the all-rail or lake delivered price by the amount of these deductions:

Size Groups 1 to 15, inclusive, 24, 25, 26, deduct 60¢.

Size Groups 16 to 23, inclusive, 27, deduct 20¢.

* * * * *

(b) *Base freight rates.* In determining the base delivered price from which these deductions may be made, the published freight rates from the following Freight Origin Groups shall be used:

Cincinnati Area: Freight Origin Groups 61, 123, 150.

* * * * *

(c) *Description of retail dealer areas.* The following are descriptions of the areas to which prices for retail dealers, as referred to in Ex-River Deliveries, Item 5, are applicable:

Cincinnati Area: Both banks of the Ohio River from a point at and on the opposite bank of the River from Silver Grove, Kentucky, downstream to and including a point at and on the opposite bank of the River from Columbia Park, Ohio.

Both banks of the Licking River from a point at and on the opposite bank of the River from DeCoursey, Kentucky, downstream to the confluence of the Licking and Ohio Rivers.

Under section 4 II (b) of the Act, it is the duty of the Division from time to time to review and revise the effective minimum prices in accordance with the standards set forth in sections 4 II (a) and 4 II (b). The Acting Director, accordingly, deems it advisable (a) that a general hearing be held to hear evidence concerning such complaints and related matters, which may be offered by Solid Fuel Institute and other interested persons; and (b) to review, and revise, to the extent that evidence adduced shows it to be necessary, the effective minimum prices and related price instructions and exceptions established for shipment of coals, from District No. 8 and from any other districts, into the Cincinnati area.

It is therefore ordered, That a hearing in the above-entitled matter, under the applicable provisions of the Bituminous Coal Act of 1937, be held on January 28, 1942, at 10 o'clock in the forenoon of that day in a hearing room of the Bituminous Coal Division, at Room 820, United States District Court, Cincinnati, Ohio.

It is further ordered, That Charles S. Mitchell or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all persons or entities having an interest in these proceedings. Any person desiring to be admitted as a party to this proceeding or to present evidence may file a petition of intervention, setting forth in detail, and clearly and concisely: the status of such person; the nature of his interest in this matter; whether he believes that the effective minimum prices established for shipment of coals into the Cincinnati area are improper and do not conform with the standards of the Act; if that is his belief, the reasons therefor; and any other facts which he may deem relevant to this matter. In all other respects such petitions of intervention shall conform with the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937. All petitions shall be filed with the Bituminous Coal Division, 734 Fifteenth Street, NW., Washington, D. C., on or before January 21, 1942. The aforesaid Rules and Regulations, so far as practical, shall apply to this proceeding.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may effect revision in the effective minimum prices for shipment of coals from all districts into the Cincinnati area, and may concern, in addition to the matters specifically referred to herein, other matters necessarily incidental and related thereto which may be raised by the petitions of intervention or otherwise, or which may be necessary corollaries to the matter concerned herewith, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to a review of the minimum prices and price instructions and exceptions effective for shipment of coals by river, rail, or otherwise to retail dealers and other purchasers in the Cincinnati area.

Dated: December 27, 1941.

IN THE MATTER OF FRANK W. MILLIRON (MILLIRON COAL COMPANY), ALSO KNOWN AS FRANK W. MILLIRON, AN INDIVIDUAL DOING BUSINESS AS MILLIRON COAL COMPANY, CODE MEMBER, DEFENDANT

ORDER POSTPONING HEARING

The above-entitled matter having been heretofore scheduled for hearing at 2:00 o'clock in the afternoon of January 12, 1942, at Room 323, Post Office Building, Altoona, Pennsylvania; and

The Acting Director deeming it advisable that said hearing should be postponed;

Now, therefore, it is ordered, That the hearing in the above-entitled matter be postponed from 2:00 o'clock in the afternoon of January 12, 1942, until 10:00 o'clock in the forenoon of January 16, 1942, at Room 323, Post Office Building, Altoona, Pennsylvania, and before the officers previously designated to preside at said hearing.

[Docket No. A–810]

PETITION OF THE CITY OF DETROIT FOR AMENDMENT AND MODIFICATION OF THE MARKETING RULES AND REGULATIONS REGARDING PENALTY AND PREMIUM CONTRACTS

OPINION CONCERNING EXCEPTIONS TO THE EXAMINER'S REPORT AND ORDER DISMISSING EXCEPTIONS AND MOTIONS FOR TEMPORARY RELIEF

The original petition in this matter was filed by the City of Detroit, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, with the Bituminous Coal Division. The petition requested that Rule 6 of Section VIII of the Marketing Rules and Regulations be amended so as to permit political subdivisions of States to enter into penalty and premium contracts without regard to the requirement that the aggregate contract price shall not be below the applicable minimum price.[1]

Pursuant to an Order of the Director dated April 29, 1941, a hearing in this matter was held on May 28 and 29, 1941, before Charles S. Mitchell, a duly designated Examiner of the Division.

On June 10, 1941, the City of St. Louis, an intervenor, filed a motion for temporary relief. A similar motion was filed on June 14, 1941, by the petitioner, City of Detroit. The Office of the Bituminous Coal Producers Boards for Districts sumers' Counsel") joined in both petitions on June 17, 1941.

One June 23, 1941, the City of Detroit filed a brief in support of its original petition. On June 24, 1941, the Bituminous Coal Producers Boards for Districts Nos. 1 and 11 filed briefs in opposition to the requested relief.

The intervenor, City of St. Louis, filed a brief on June 27, 1941, in support of its petition. On July 3, 1941, Consumers' Counsel filed a supporting brief. On July 17, 1941, the City of New York, whose petition for intervention was filed with the Bituminous Coal Division on May 1, 1941, filed a memorandum adopting the reasons given by the City of Detroit, the City of St. Louis, and Consumers' Counsel in support of the requested relief.

The Examiner, Charles S. Mitchell, submitted Proposed Findings of Fact and Conclusions of Law and Opinion, dated July 12, 1941, in which he recommended that the requested relief be denied. An opportunity was afforded to all parties to file exceptions thereto and supporting briefs. Consumers' Counsel and the City of Detroit filed exceptions to the Examiner's Report and briefs in support thereof.

The Examiner's Report discusses in great detail the features of the penalty and premium contracts as revealed at the hearing and arrived at his conclusion after an analysis of the facts presented there. The method whereby the petitioner purchased coal was presented in detail by the Examiner.

Some of the exceptions filed by the Exceptants were the same and can be jointly discussed. Several concerned themselves with similar matters and can be grouped for the purpose of discussion.

Both Exceptants took their first exception to the Examiner's statement that "Neither the petitioner nor the intervening cities indicated a desire to adopt * * *" the modification to the proposed amendment suggested by the Consumers' Counsel. As the basis for this, both Exceptions point to statements in their *briefs* indicating a desire to accept any amendment. As I read the Examiner's Report and the transcript of the testimony given at the hearing, it appears that the Examiner was referring to the actions of the parties at the *hearing.* It was at that time that the witness for Consumers' Counsel first suggested the modifications of the petitioner's proposed amendment and submitted them as Exhibit 14. None of the parties was forewarned that any amendment other than the one advanced by the petitioner was to be introduced. Under these circumstances the lack of detailed testimony regarding the modification is understandable.

Both Exceptants allege the same reason for their second exception, namely, that the Examiner stated that the witness opposing the petition appeared on behalf of the "District Boards" rather than on behalf of District Board 10. This statement, it is alleged, "is one of the many instances showing a producer-bias on the part of the Examiner,"[2] and "suggests that the testimony of this witness is entitled to more weight than if, as is the fact, he had been offered as a witness solely by and for one District Board."[3] As a matter of record, the attorney who called this witness represented both District Boards Nos. 7 and 10. In addition, this witness was not cross-examined by District Board No. 1[4] and the cross-examination by District Board No. 2 actually augmented the direct examination of this witness.[5]

The City of Detroit's Exception No. 3 is dismissed for the reason that the failure of the Examiner to make a finding that a witness who testified in opposition to the relief requested never sold coal to the City of Detroit, is of little importance to the ultimate discussion here. A person is not disqualified from testifying concerning matters affecting the coal industry because he does not sell to each coal consumer. Probably few, if any, porducers sell all three cities here seeking relief.

The City of Detroit's Exception No. 4, which is an exception to the finding that the premium and penalty contract "is of dubious design" because of "the lack of control over its provisions," must be disallowed. An examination reveals that the statement of the Examiner was not quoted by the Exceptant in its entirety. That statement pointed out that "lack of control over its provisions" is only one reason "among the many other reasons why penalty and premium contract, as used by the petitioner, is of dubious design * * *" That statement must then be read in conjunction with the remainder of the opinion which furnishes adequate support for the statement.[6]

Similarly, the City of Detroit's Exception No. 5, which is an exception to the Examiner's "reference to 'poor and careless' samples," must be disallowed. The reason given for the exception is that "there is nothing in the record about 'poor and careless' samples." The record fails to support this exception. See pages 65 and 142 of the Transcript where the matter was specifically mentioned.

The City of Detroit (Exception No. 6) and Consumers' Counsel (Exception No. 4 (b)) except to the Examiner's statement that "the argument advanced by petitioner that a distinction should be drawn between purchases by municipalities and by private consumers is without sound basis in the record." The Examiner's Report goes on to explain the statement to which the exception was taken. That statement is fully substantiated by the record.[7] And the exception must, therefore, be disallowed. Of course, where it is not inconsistent with the policy of the Act,[8] effort is made to relieve governmental subdivisions from the requirements of the Act. But where such relaxation would impair the attainment of the Act's objective, it may not be allowed.

Exceptions Nos. 7, 8, 9, 11, and 12 of the City of Detroit and Exceptions Nos. 5 and 8 of Consumers' Counsel must be disallowed. A study of the record does not disclose the "many inconsistent statements and arguments" allegedly contained therein. There is adequate support for the statements of the Examiner to which exceptions were taken. Exception No. 8 of Consumers' Counsel, which is taken to the finding that "The effect of granting the requested relief would be to give some of the coals, now in competitive balance, different competitive opportunities with regard to cities using penalty and premium contracts based upon analyses alone," is dismissed for the reason that the evidence also adequately supports the Examiner's statement.[9]

In like manner, Exceptions Nos. 3 (a), 4 (a), 11 (a), and 12 of Consumers' Counsel concern themselves with the failure of the Examiner to make specific findings and must be disallowed. The evidence does not warrant the findings as urged by the Exceptant. With regard to Exception No. 3 (a), the failure of the Examiner to find that the desire of the consumers to assure themselves of the receipt of coal substantially of a quality for which they contract is a sufficient reason for granting the requested relief, is negatived by the record. That points to the same desire on the part of private

[1] The petition contained a proposed amendment, as follows: *Provided, however,* That this prohibition shall not apply to contracts made upon a premium and penalty basis, with the Government of the United States, States or political subdivisions thereof, on which the analysis guaranteed as the basis for determining premiums and penalties is an analysis made by the United States Bureau of Mines, or an analysis on file with the Division made by or for the Bituminous Coal Producers Board for the District in which the mine is located and on which the buyer permits a tolerance before penalties are assessed or premiums paid that are as liberal as A. S. T. M. standards.

consumers. Indeed, in its brief, Consumers' Counsel does not distinguish between the type of customer involved so far as the "need" and "want" of relief are concerned.[10] Moreover, the exception does not take into consideration the many other factors which were involved in the establishment of minimum prices. Similarly, so far as Exception No. 4 (a) is concerned, the desirability of the relief for municipalities, as espoused by petitioner, is equally pertinent for private purchasers. This Exceptant's own brief is positive in its desire not to prevent the same relief from being extended to them. Its concern, however, that a finding was not made that this relief is "especially necessary and desirable for governmental agencies,"[11] attempts to make a distinction which finds inadequate support in the record. With regard to Exception No. 11 (a), the requested finding of Exceptant to the effect that the matter of the fairness of the past or present specifications used by the cities is immaterial on the general question as to whether relief should be granted, ignores certain fundamental facts. Exceptant contends that "This testimony goes to the matter of enforcement or supervision" rather than to the question of whether relief should be granted. I do not agree with this view. I believe that the testimony with regard to the specifications used by the municipalities in purchasing coal is relevant in order to understand the basis for the requested relief and the system under which it might operate.

With regard to Exception No. 12, which was taken to the failure of the Examiner to find that the testimony of the only opposing witness affords no substantial basis for denying the requested relief, overlooks the purpose of the entire hearing. It does not take into account, for example, that the witnesses supporting the position of the petition were subjected to cross-examination which elicited certain information. In addition, petitioner's exhibits were subjected to the interpretation of the parties and the Examiner. Exceptant's statement that "if a producer submits an analysis that shows *'a higher quality of coal than he knew he could deliver'* it is obvious that in the normal functioning of the Coal Division the question of reclassifying that producer's mine will arise * * *"[12] fails of support. The question of reclassification may or may not arise if the sole criterion is that of analysis alone. Especially would it be doubtful of coming to light if the analysis did not show a higher quality of coal than the producer could deliver. Instead of a price reclassification, the more likely procedure would be the imposition of the penalties involved for intentional misrepresentation. The concession by the Exceptant that penalty and premium contracts were common methods of price cutting in the past, coupled at the same time with the argument that at present the industry is under governmental regulation and therefore the conditions under which sales were formerly made should now be different, provides, I conclude, no reason for the allowance of the exception, much less for the allowance of the requested relief. The proposed amendment would not fortify the industry against a recurrence of this same evil.

Exceptions Nos. 3 (b), 9, 10, 11 (b) (which is similar to City of Detroit's Exceptions Nos. 4, 13, and 15 (a)), which are exceptions to statements by the Examiner in so far as they are intended to be a substantive basis for the Examiner's failure to make certain specified findings, must be disallowed. The statements are sound and are adequately supported by the record. It follows, therefore, that, having established the validity of the statements, to deny them their appropriate meaning and effect would be to nullify the purpose of the hearing. The statements having a sound foundation, the effect ascribed to them cannot be so minimized as to render them valueless.

In its Exception No. 3 (b), the Consumers' Counsel states its failure to understand what was meant by the Examiner's reference to "insignificant and variable analyses." If the expression was used to indicate, as I read it to indicate, that the analysis was not of primary importance in considering the many factors involved in the establishment of minimum prices and that it is not constant, the expression is not ill-advised. With regard to Exception No. 9, the contention of the Exceptant that if the use of analyses alone are an unreliable criterion for determining price, "It must be only because the producer did not get the original contract price,"[13] is not strictly true. The hearings in General Docket 15 furnish adequate proof of the many factors involved in fixing prices and refutes this contention. In considering Exception No. 10, the Exceptant discusses what the Examiner's statement "standing alone . . . appears to suggest."[14] Suffice it to say that the statement, like most statements, must be read as a part of the entire report and not as an isolated remark having no connection with the remainder of the opinion. Discussing Exception No. 11 (b), the Exceptant advances the argument that "the bidders are at liberty to refuse to bid if they believe the specifications and conditions of sale to be unreasonable." The evidence devastates this contention with explanations that the specifications actually encourage the producers to guarantee a higher quality of coal than they may be able to deliver. All that can result from such transactions is the imposition of penalties which the producer has already discounted in his bid price. Instead, therefore, of acting as a deterrent, the specifications may well react as a challenge. In considering Exception No. 13, the Exceptant's statement that the finding "must be read in the light of the fact that it is not based upon specific evidence regarding the experience of many cities. Other cities may have been paid substantial premiums," overlooks the fact that this evidence was introduced by the petitioner itself. Its failure to furnish evidence more in accord with its desire is no reason why the Examiner should deliberately stretch outside of the record in order to indulge in conjectures and unsupportable opinions. In fact, the statement seems to be a tacit admission of petitioner's failure to sustain its case. The same tacit admission seems to be apparent in Exception No. 15 (a), where a purported distinction is attempted to be made between the proposed amendment and the modification as suggested by Consumers' Counsel.

Exceptions Nos. 6 (b) and 14 of Consumers' Counsel must also be disallowed. With regard to 6 (b), the reason is fully set forth in the Examiner's Report to the effect that there is a difference between Section X of the Marketing Rules and Regulations and the requested relief. While it is true that the basis for the Examiner's explanation of section X is not developed in the record, that does not detract from the validity of the distinction. The reason is that Section X was not the issue in the proceedings before the Examiner. Likewise, with regard to Exception No. 14, the Examiner's Report clearly supplies a satisfactory explanation of the fundamental purpose and distinction between the provisions regarding substandard coal and the type of coal for which relief is requested here. These two sections of the Marketing Rules and Regulations are designed to operate in separate spheres. That fact is clearly pointed out. The purpose behind the use of the present Marketing Rules and Regulations relating to analyses is not to use the analysis as the basis of any exact deduction in price because one element comprising the analysis fails to measure up to the guaranteed amount. Rather, the purpose is to acquaint the Division with all of the facts surrounding the transaction so that it may take appropriate action with regard thereto, if any is required. To ask the Division to exercise a reasonable measure of control over the making of the sample analyses, would impose a tremendous burden upon the Division as an excuse for the granting of the requested relief. This suggestion by Exceptant, it seems, misconstrues the reasoning of the Examiner which decided the question upon the basis of legal, in addition to practical, factors.

The City of Detroit's Exception No. 10 and Consumers' Counsel's Exception No. 6 (a) are both taken on the findings by the Examiner concerning the legality of

the requested relief. The conclusion expressed by the Examiner is inescapable and I affirm it. The attempt of the City of Detroit to accentuate the words "most likely" in the Examiner's statement that "the granting of petitioner's prayer would most likely permit the purchase of coal at a price below the effective minimum price * * *" as an illustration of the Examiner's confusion and uncertainty is difficult to take seriously. Similarly, Consumers' Counsel seizes upon the use of the word "might" in the phrase concluding that statement of the Examiner to the effect that the granting of petitioner's prayer thus "might operate to nullify one of the chief objectives of the Coal Act * * *" as indicative of doubt in the Examiner's mind. Those words, as I interpret them, are obviously meant to apply to the probability that coal will be sold at the minimum price level and that therefore penalties will result in sales below the effective minimum prices. It is obvious that the words do not connote uncertainty. It should be evident that if the cities' purchases are made at the minimum prices and are subjected to penalties, the net result will be that the sales will be at prices below the minimum prices. It is that result which the Examiner points to without any untoward confusion of thought.

By the same token, Exception No. 7 of Consumers' Counsel must be disallowed. The statement to which that exception is taken is as follows: "Moreover, it is clearly stated in the Act that the established prices must be maintained so that the rate per ton to the producers will equal as nearly as may be the weighted average of the total costs of production per net ton. To permit a departure from the price provisions of the Act—even if authorized—would distort this realization."[15] The citation by Exceptant of instances which allegedly do "distort" realization does not afford a sound reason to permit a practice that assuredly will result in a distortion. I deem it unnecessary at this time to point out wherein those cases of alleged distortion differ from the instant matter.

Exception No. 15 (c) is taken by Consumers' Counsel for the reason that the Examiner does not find and conclude that the amendment "as herein proposed by the City of Detroit" is inconsistent with any of the provisions of the Coal Act, but only finds that it "would contravene the purposes underlying the establishment of effective minimum prices pursuant to the Bituminous Coal Act of 1937." The purpose of this emphasis and attempted distinction by Exceptant is to show that the Examiner did not take into consideration the suggestions to the proposed amendment by the Consumers' Counsel. This point has already been determined by me, but it must be emphasized at this point that the reason for the Examiner's opinion is not so much the fact that the suggestions of Consumers' Counsel were not well considered, but that the exclusion of the condition in Rule 6 of section VIII of the Marketing Rules and Regulations would, as the Examiner pointed out, contravene the purposes underlying the establishment of effective minimum prices pursuant to the Bituminous Coal Act of 1937.

I have carefully re-examined the arguments of the various parties to this proceeding, the Examiner's Report, and the entire record, and upon the basis thereof I find that for the reasons set forth herein the exceptions to the Proposed Findings of Fact and Conclusions of Law and Opinion of the Examiner taken by the Petitioner and the Bituminous Coal Consumers' Counsel are not well taken and should be disallowed. It follows that the motions for the granting of temporary relief must be denied.

It is, therefore, ordered, That the exceptions of the City of Detroit and of the Bituminous Coal Consumers' Counsel to the Examiner's Report be, and they are, hereby disallowed.

It is further ordered, That the motions for temporary relief of the City of St. Louis, the City of Detroit, and the Bituminous Coal Consumers' Counsel be, and the same are, hereby denied.

It is further ordered, That the Proposed Findings of Fact and Conclusions of Law and Opinion of the Examiner be, and the same hereby are, adopted as the Findings of Fact and Conclusions of Law of the Acting Director.

It is further ordered, That the relief requested by the petition herein be denied.

Dated: December 27, 1941.

[Docket No. AO 71-A 7]

NOTICE OF HEARING WITH RESPECT TO PROPOSED AMENDMENTS TO ORDER NO. 27, AS AMENDED, AND TO THE TENTATIVELY APPROVED MARKETING AGREEMENT REGULATING THE HANDLING OF MILK IN THE NEW YORK METROPOLITAN MILK MARKETING AREA, INCLUDING A PROPOSAL TO ENLARGE THE MARKETING AREA TO INCLUDE CERTAIN ADDITIONAL TERRITORY IN THE STATE OF NEW YORK AND CERTAIN COUNTIES IN THE STATES OF NEW JERSEY AND PENNSYLVANIA

Notice is hereby given of a hearing to be held beginning at 9:30 a. m., e. s. t., January 7, 8, and 9, 1942, at the St. George Hotel, Brooklyn, New York; at 9:30 a. m., e. s. t., January 12, 13, and 14, 1942, at the Hotel Martin, Utica, New York; at 9:30 a. m., e. s. t., January 15, 16, and 17, 1942, at the Arlington Hotel, Binghamton, New York; and, if necessary to complete the hearing, at 9:30 a. m., e. s. t., January 19 and 20, 1942, at the Hotel Martin, Utica, New York, with respect to proposed amendments to the tentatively approved marketing agreement and to Order No. 27, as amended, regulating the handling of milk in the New York metropolitan milk marketing area.

This notice is given pursuant to the provisions of Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended, and of the General Regulations, Series A, No. 1, as amended, of the Agricultural Adjustment Administration, United States Department of Agriculture.

This public hearing is for the purpose of receiving evidence with respect to the following amendments proposed by interested parties and filed with the Hearing Clerk, Office of the Solicitor, in response to a letter dated December 16, 1941, signed by the Chief, Dairy Division, Surplus Marketing Administration, and addressed to all handlers subject to Order No. 27, as amended:

I

Amendments proposed by the Metropolitan Cooperative Milk Producers' Bargaining Agency, The Dairy Farmers Union, Associated Independents, Dairymen's League Cooperative Association, Ins., and Eastern Milk Producers Cooperative Association, Inc.:

1. Amend § 927.1 (c) to read:

(c) New York and New Jersey metropolitan and incidental milk marketing area means the City of New York, the counties of Nassau, Suffolk (except Fisher's Island) and Westchester, all in the State of New York, and all of the territory in the State of New York lying southeast of the following boundaries:

The west and north lines of Chemung County, and west and north lines of Tompkins County and the west line of Cayuga County to a point ten miles north of the main line New York Central Railroad tracks; continuing from there in an easterly direction ten miles north of the main line New York Central Railroad tracks to Schenectady, from there easterly ten miles north of the Mohawk River to the west line of Rensselaer County; thence along the west and north lines of Rensselaer County to the State line;

And the following counties in Pennsylvania: Bradford, Lycoming, Sullivan, Union, Snyder, Northumberland, Schuylkill, Carbon, Luzerne, Lackawanna, Wayne, Susquehanna, Wyoming, Columbia, Monroe and Montour;

And the following territory in the State of New Jersey: the territory included within the boundary lines of the counties of Bergen, Essex, Hudson, Union, Passaic, Morris, Middlesex, Ocean and Mon-

mouth; and is hereinafter called the "marketing area".

2. Amend § 927.4(a)(3) establishing prices for Class I milk in such a manner as to assure more immediate reflection of factors influencing farm costs by establishing within the order an index of farm costs for farms of the New York Milk Shed, and providing in the order for mobility and flexibility of prices for Class I milk in accordance with costs and cost trends as shown by such index. The price for Class I milk under present conditions of costs to be fixed at not less than $3.86 per cwt. for milk of 3.5 butter fat content at the 201–210 mile zone.

Or, in the alternative:

Amend § 927.4 (a) (3) to establish prices for Class I milk in accordance with special findings of the Commissioner of Agriculture of the State of New York, and of the Secretary with respect to the following:

(a) The reasonable value of and the prevailing rates of wages paid for farm labor on dairy farms supplying milk to the marketing area, and the amount of labor required to produce 100 pounds of approved milk on such farms.

(b) Prevailing prices of feeds at stores within the production area, and the amount of feed required to produce 100 pounds of market milk.

(c) The prevailing prices currently paid for hay within the production area, and the amount of hay required to produce 100 pounds of milk.

(d) The prevailing cost of producing ensilage, and the amount of ensilage required to produce 100 pounds of milk.

(e) The prevailing costs of things farmers buy other than feed stuffs together with other miscellaneous costs, and the amount of such miscellaneous costs properly allocated to the cost of producing 100 pounds of milk.

And, on the basis of the above findings:

(f) The estimated prevailing cost of producing 100 pounds of milk for the marketing area. Such findings to be made from time to time on the basis of the evidence adduced at the hearing herein requested and at other further hearings, in order to provide a basis for fixing and appraising producer price returns, and in order to provide experience for the establishment of a mobile index of New York Milk Shed farm costs for incorporation in the milk order at some future time.

Or, in the alternative, the following:

Amend § 927.4 (a) (3) to read as follows:

(3) For Class I milk, the price per hundredweight during each month shall be, except as specified in sub-paragraphs (4), (5) and (6) of this paragraph, as set forth in the table in this sub-paragraph: *Provided, however,* That in any month when the result of dividing either the Class III or the Class IV–B price for the preceding month by 4.2 higher than the average butter price announced pursuant to § 927.2 (3) (1), it shall be used in place thereof in applying the following table:

92-score butter, wholesale, at New York, average announced pursuant to § 927.2 (e) (*cents per pound*):	*Class I price (dollars per cwt.)*
Under 25	$2.66
25 or over, but under 30	2.86
30 or over, but under 35	3.06
35 or over, but under 40	3.26
40 or over, but under 45	3.46
45 or over, but under 50	3.66
50 or over, but under 55	3.86
55 or over, but under 60	4.06
60 or over, but under 65	4.26
65 or over, but under 70	4.46
70 or over	4.66

3. Amend § 927.6 (a) by eliminating therefrom subdivision (2) and renumbering the following subdivisions.

4. Amend § 927.7 (b) by adding a new subdivision (3) to read as follows:

(3) Plus 10 cents for all milk delivered by such producer to a pasteurizing and bottling plant located in a city of 30,000 or more inhabitants according to the 1940 census, from a farm located more than five miles from such plant, other than milk which has been paid a differential under the preceding subdivision.

5. Amend § 927.1 (h) by striking out the words following the words "New York."

6. Amend § 927.3 (b) (3) to read:

(5) Class III–A milk shall be all milk the butterfat from which leaves or is on hand at a plant in the form of evaporated milk in hermetically sealed cans, sweetened condensed milk, milk chocolate, and other candy products, milk powder, malted milk powder, or cheeses other than those specified in paragraphs (10) and (12).

7. Amend § 927.3 (b) by adding the following new paragraphs and renumbering present paragraphs (6) and (7) as (11) and (12):

(6) Class III–B milk shall be all milk the butterfat from which is delivered as cream to a purchaser outside New York and New England the classification of which is not established in some other class.

(7) Class III–C milk shall be all milk the butterfat from which leaves a plant in the form of frozen desserts or homogenized mixtures used in frozen desserts, provided the frozen desserts in both instances were sold and remained in New York State outside New York City.

(8) Class III–D milk shall be all milk the butterfat from which leaves a plant in the form of frozen desserts or homogenized mixtures used in frozen desserts, provided the frozen desserts in both instances were sold and remained outside New York State and the New England States.

(9) Class III–E milk shall be all milk the butterfat from which is delivered as cream to a purchaser in the New England States.

(10) Class III–F milk shall be all milk the butterfat from which leaves or is on hand at a plant in the form of cream cheese.

8. Amend § 927.4 (a) by adding a new paragraph (11) as follows, and changing the present paragraphs (11) and (12) to (12) and (13):

(11) For milk in Classes III–B, III–C, III–D, III–E and III–F, the prices, subject to the adjustment, if any, computed pursuant to paragraph (d) of this section, shall be prices computed by the market administrator by dividing the cream quotation for the respective class as set forth in the following table by 33.48, multiplying the result by 3.5 and subtracting 16 cents making allowance; and subtracting transportation allowances, for Classes III–B, III–D and III–E of 5.2 cents, plus an additional cent for each 50 miles or fraction thereof, in excess of 250 miles that the plant where the cream was made is distant, in case of Class III–E, from the State House at Boston, or is distant, in case of Classes III–B and III–D, from the City Hall at Philadelphia, and in case of Classes III–C and III–F, 2½ cents if cream is delivered to the plant of utilization.

Class	Reporting authority	Price designation (all per 40 quart can)
III–B	U.S.D.A.	"Pennsylvania and Newark" cream (midpoint).
III–C	N.Y.S., D.A. & M.	"Cream for Up-state ice cream."
III–D	U.S.D.A.	"N. J. uninspected cream" "Penn. uninspected cream" (simple average).
(Unless and until this quotation is established, the price of this class shall be the III–B price.)		
III–E	U.S.D.A.	"Bottling quality cream at Boston from plants not under Orders 4 and 27."
III–F	N.Y.S., D.A. & M	"Cream for cream-cheese North-east."

9. Amend Section 927.4 by adding a new paragraph (e) as follows:

(e) The minimum prices for Classes II–C, III–B, III–C, III–D, III–E, III–F and IV–A shall be minus ------ cents per cwt. as to any milk manufactured and marketed by a cooperative association of producers in such classes; which was received from producers by such cooperative association at plants operated by it; which was offered by such association for sale at such class prices, subject to differentials applicable pursuant to Sec. 927.4 (b) and (c) f. o. b. receiving or cream plant, by public notice posted on the bulletin board of the market administrator at least ten days before the first of the month during which such milk was received, specifying the quantities and receiving plants; and which was not purchased by some other handler as so offered by written notice of such purchase delivered to the market administrator and the cooperative association making the offer five days before the first of the month covered by the offer, and as to any such milk not so purchased by some other handler and classified by the offering cooperative association in Class IV–A, diversion payments shall be allowable in any month of the year. When milk is so offered at a cream plant, it may only be purchased in the form of cream, in which event 19 cents shall be added to the price as making allowance. Any such milk so purchased by such other handler shall nevertheless remain available for Class I and Class II–A under the provisions of § 927.7.

10. Strike out present first paragraph in paragraph (e) of § 927.7 and substitute in place thereof the following:

(e) *Cooperative payments.* (1) For the purposes of this paragraph, the word "cooperative" means any cooperative association whose members consist of producers, and any federation of such cooperative associations. When applied to a federation of cooperative associations, the words "member" and "patron" means, respectively, the members and the patrons of the cooperative associations which themselves constitute the members of the federation. Any cooperative may apply to the Secretary for a determination of its qualifications to receive payments pursuant to this paragraph.

11. Strike out all of paragraph (e) of § 927.7 after the first and second paragraphs and substitute in place thereof the following:

The Market Administrator shall make the payments authorized by this paragraph, or issue credit therefor, out of the producer-settlement fund on or before the 25th day of each month, subject to verification of the reports upon which such payment is based.

The payments set forth below shall be made to any cooperative determined to conform to the following requirements, provided that no such cooperative nor any member thereof shall concurrently collect payments under more than one provision of this paragraph:

(i) The cooperative is incorporated, either with or without capital stock;

(ii) Substantially all of the memberships or shares of capital stock carrying rights to vote in the meetings of the corporation are held by persons who produce milk for sale, or by other cooperatives which conform to the provisions of this sub-paragraph;

(iii) Rights to vote or to be represented in the meetings of the corporation are held by members, including all holders of voting shares of capital stock, either equally or in proportion to their patronage of the corporation;

(iv) Dividends or interest on all forms of capital investment (such as capital stock, certificates of interest and certificates of indebtedness issued to patrons, but not excluding other forms) are limited to 8 per cent per year;

(v) Except in case of cooperatives qualified under subdivision (2) of this section all proceeds from the marketing of milk and all other income, after the deduction of expenses including depreciation, and after the deduction of reasonable reserves, is distributed annually, or more frequently, either directly or indirectly, to all patrons in proportion to their patronage in the form of (a) cash, or (b) evidences of capital investment, or (c) individual credits to the patrons clearly shown in the records of the corporation or of the cooperatives constituting a federation: *Provided,* That nothing herein contained shall prevent a cooperative from blending the proceeds of its sales in all markets and establishing such differentials as may be permitted under its contract with its producers;

(vi) All the milk of its members and patrons is sold by the Cooperative and more milk is handled or sold for members than for non-members;

(vii) The corporation is free from direct or indirect control or domination by any handler other than a cooperative association, either through the furnishing of capital or through any other means or method whatever.

(2) Payment shall be made at the rate of ------ cents per hundredweight of net pooled milk caused to be delivered by a cooperative to the plant of a handler provided the cooperative is the marketing agent for 60 percent of the producers delivering to such plant.

(3) Payment shall be made at the rate of ------ cents per hundredweight of net pooled milk reported and collected for by a cooperative that:

(i) Has at least 1,000 members who are producers;

(ii) Sells not more than 75 percent of its milk in any month to one handler, including its affiliates and subsidiaries;

(iii) Contracts for the sale of no milk in classes other than I and II–A for longer than monthly periods;

(iv) Systematically checks the weights and tests of milk delivered by its members;

(v) Accumulates at a rate of at least ------ cents (same as amount of payment under (3)) per hundredweight of milk delivered by its producers, either from payments hereunder or from its producers or from both, funds invested in cash or readily marketable securities or controlling interests in plants approved for receiving milk to be sold in the marketing area, until the total amount equals $1.00 or more per hundredweight of milk delivered by its producers during the next preceding month or the preceding June, whichever is greater;

(vi) Issues and distributes a publication conveying market information to its producers at least once a month;

(vii) Blends the net proceeds of all its sales;

(viii) Has contracts with not less than half of the producers making regular deliveries to each of ten plants;

(ix) Maintains an adequate staff of persons with suitable training and performs educational, legal, statistical, and other services that contribute to the orderly and efficient marketing of milk and to more effective organization of producers for these purposes.

(4) Payments shall be made at the rate of ------ cents per hundredweight of net pooled milk at plants operated by a cooperative which meets all the requirements set forth in (iii), (iv), (vi), and (vii) of (e) (3) of this section and which accumulates at a rate of at least ------ cents (same as the amount of payment under (4)) per hundredweight of milk delivered by its producers, either from payments hereunder or from its producers or from both, an investment in plants approved for receiving milk to be sold in the marketing area, until the total amount equals at least 75 percent of the book value thereof, provided that at no time shall such investment constitute less than 20 percent of such value.

(5) Payments shall be made at the rate of ------ cents per hundredweight of net pooled milk reported by a cooperative or federation of cooperatives that:

(i) Has at least 2,000 members who are producers;

(ii) Contracts for the sale of no milk in Classes other than I and II–A for longer than monthly periods;

(iii) Systematically checks the weights and tests of milk delivered by its members;

(iv) Issues and distributes a publication conveying market information to its producers at least once a month;

(v) Blends the net proceeds of all its sales;

(vi) Maintains a central sales organization;

(vii) Maintains an adequate staff of persons with suitable training and performs educational, legal, statistical, and other services that contribute to the orderly and efficient marketing of milk and to more effective organization of producers for these purposes;

(viii) Has contracts with not less than half of the producers making regular deliveries to each of ten plants;

(ix) Owns and operates plants approved by a health authority in the marketing area and located at distances greater than 170 miles from New York City, capable of converting into cream and products manufactured from skim milk not less than 35% of the quantity of milk delivered by its members in the preceding June; provided that no plants hereafter equipped nearer than 225 miles from New York City shall be considered in applying this requirement;

(x) Owns and operates plants, which may include any or all of those described in subparagraph (ix) above, capable of receiving not less than half the quantity of milk delivered by its members in the preceding June;

(xi) Accumulates at a rate of at least ------ cents (same as amount of payment under (5)) per hundredweight of milk delivered by its producers, either from payments hereunder or from its producers or from both, an investment

in plants approved for receiving milk to be sold in the marketing area, until the total amount equals at least 75% of the book value thereof, provided that at no time shall such investment constitute less than 20% of such value;

(xii) Complies with requests to the Market Administrator to supply to any handler milk for use in the marketing area in Classes I and II–A under the following provisions when the cooperative has milk available in excess of regular or contract sales in those classes:

1. Quantities of not less than 17,000 pounds per shipment for cash on delivery.
2. Transportation supplied at option of buyer and at his expense.
3. Butterfat content nearest to that desired by the purchaser which the cooperative has available at plants whose supply would otherwise be utilized in some other class.
4. Sales price equal to that specified in § 927.4 (a) (3) subject to the applicable differentials pursuant to (a) § 927.4 (c); (b) the butterfat differentials set forth in § 927.4 (b); (c) plus the payments provided for in § 927.8; and (d) plus not more than the following charges for handling through the country plant:

	Cents per cwt.	
	Spot sales	*Monthly contract*
January through March	27	22
April through June	22	17
July through October	27	22
November through December	32	27

(xiii) Complies with requests of the Market Administrator to supply cream to any handler for distribution in the marketing area at the following rate for a 40-quart can of 40 per cent cream f. o. b. the country plant:

Class price set forth in § 927.4 (a) (7) plus or minus the applicable transportation differential, minus the adjustment, if any, computed pursuant to paragraph (d) of § 927.4, plus 21 cents times 9.5666.

(6) Payments shall be made at the rate of ------ cents per hundredweight of net pooled milk reported by a cooperative that meets all the requirements set forth in subdivisions (ii), (iii), (iv), (v), (vi), (vii), (viii), (ix), (x), (xi), (xii) and (xiii) of (e) (5) of this section and also the following:

(i) Has at least 10,000 members who are producers;

(ii) Has contracts with not less than half the producers supplying milk to the plants of any handler to whom more than 25% of its sales are made in any month;

(iii) Has capacity in plants operated as described in (e) (5) (ix) capable of converting into cream and products manufactured from skim milk not less than ten per cent of all the milk in the last June pool below Class I.

12. Amend § 927.7 (a) by striking out all of said paragraph after the word "Provided" in the fifth line and inserting in lieu thereof the following:

That each handler which is also a cooperative marketing association determined by the Secretary to be qualified under the Capper-Volstead Act, may, with respect to producers or cooperative marketing associations who are under contract with such association make distribution, in accordance with the contract between the association and such producers or marketing associations, of the net proceeds of all its sales in all markets in all use classifications.

13. Amend § 927.7 (f) (6) (ii) (c) to read:

(c) Plus not more than the following charges for handling through the country plant:

	Cents per cwt.	
	Spot sales	*Monthly contract*
January through March	27	22
April through June	22	17
July through October	27	22
November through December	32	27

14. Amend § 927.4 by changing paragraph (d) to read as follows:

(d) *Skim milk charge.* All skim milk obtained according to the following yield table from the manufacture of cream used in any classification shall be priced per cwt. of skim milk according to the following provisions figuring a yield of 91¼ pounds of skim from a hundredweight of milk containing 3.5% butter fat plus ¼ pound of skim milk for each point of butter fat below 3.5 and minus ¼ pound of skim milk for each point of butter fat above 3.5.

(1) For skim milk distributed for fluid consumption alone or in combination with other products except cream distributed for fluid consumption as cream either sweet or sour, the price shall be the Class I price less $1.40.

(2) For all skim milk which the handler shows was not used as described in paragraph 1, the price shall be computed by the market administrator as follows:

(Present formula except change last figure to 8.3.)

15. Amend § 927.4 (a) (7) and (11) by taking out the words "subject to the plus adjustment if any, computed pursuant to paragraph (d) of this section,"

16. Amend § 927.6 (a) by adding a new paragraph (9) and changing the number of present paragraph 9 to 10, new paragraph (9) to read as follows:

"(9) Add all charges under section 927.4 (d)."

17. Amend § 927.7 to read:

§ 927.7 *Payment to producers*—(a) *Time of payment.* On or before the 10th day of each month each handler shall make a payment to each producer for one-half of the milk delivered by such producer during the preceding month at 90% of the amount estimated by the market administrator as the uniform price for such month subject to the differentials provided in Section 927.4 (c) and on or before the 25th day of each month, each handler shall make a payment to each producer for all milk delivered by such producer during the preceding month after taking credit for the payment made on the 10th day of the month, at not less than the uniform price • • • (Continue as in present Order).

18. Amend § 927.4 (a) (2) to read:

(2) Payment of the minimum prices for milk received direct from producers shall be in accordance with § 927.7. Any handler who purchases or receives during any month milk from a cooperative association of producers which is also a handler, shall pay such cooperative association in full for such milk at not less than the minimum class prices applicable pursuant to this section, on the 1st day of the following month for all milk purchased or received during the first half of the month and on the 15th day of the following month for all milk purchased or received during the second half of the month.

19. Amend § 927.3 (b) (6) to read:

(6) Class IV–A milk shall be all the milk, the butterfat from which leaves or is on hand at a plant in the form of butter which is not used in the form of frozen desserts or in the form of homogenized mixtures used in frozen desserts.

20. Amend § 927.4 (a) (10) by striking out the following evaporated milk plants:

Mt. Pleasant, Mich.; Sparta, Mich.; Hudson, Mich.; Wayland, Mich.; Coopersville, Mich.; Coldwater, Ohio; Delta, Ohio.

21. Amend the order so as to include a definition of "new producer".

22. Amend the order so as to provide a method of making individual producers responsible for unbalanced excesses of production by setting up a system of price differentials for level production. If necessary, further amend the order by revising the provisions fixing prices to producers on the basis of mileage zones and the provisions setting up near-by location differentials.

II

Proposed amendments submitted by the New York Metropolitan Milk Distributors' Bargaining Agency:

1. Change the definition of Class III milk (which is presently contained in § 927.3 (b) (5) of the order as now in force) to eliminate from such classification cream cheese and milk the butterfat from which leaves a plant in the form of frozen desserts or in the form of homogenized mixtures used in frozen desserts and all milk the butterfat from which is delivered as cream.

2. With respect to Class III milk (so amended as above), change the price provision now contained in § 927.4 (a) (10) so as to substitute the figure 7¢ for the figure 10¢ now appearing in such provision.

3. Create new classifications in respect of the uses proposed to be eliminated from the present definition of Class III milk.

4. Location differentials should not be applicable to milk of a producer which is of less than 3.5 percent butterfat content based on the monthly average test of such producer.

To accomplish this, § 927.6 (a) (8) should be amended by adding at the end thereof the following:

Provided however, That in each of the foregoing cases such deductions shall be made only with respect to milk received from producers which is of a butterfat content of at least 3.5% based on the monthly average of the test of the milk of such producer delivered to the handler.

and also § 927.7 (b) (2) should be amended by adding at the end thereof:

, such sums, however, to be payable to a producer only if the said milk delivered by such producer had a butterfat content of at least 3.5% based on the monthly average of the test of the milk delivered by such producer.

5. Revise the compensable hauling distances and allowances therefor in § 927.7 (f) (3) so as to make the compensable hauling distances and allowances more nearly in line with the experience, needs and costs of hauling milk entitled to diversion payments.

6. Amend § 927.7 (f) (4) so that the claim for diversion payments will be adjusted for movements to a zone farther from as well as to a zone nearer to New York City than the zone of the plant from which the movement was made.

7. Revise the prices and pricing policies of milk used for cream in and outside of the marketing area, in line with market and competitive conditions and needs.

III

Proposed amendments submitted by the Southern Regional Members of the Association of Ice Cream Manufacturers of New York State:

1. Amend § 927.3 (b) (3) to read as follows:

(3) Class II–B milk shall be all milk the butterfat from which leaves or is on hand at a plant in the form of plain condensed milk, or, except as set forth in sub-paragraph ( ) of this paragraph, frozen desserts or homogenized mixtures.

2. Amend § 927.3 (b) to include a new subparagraph (5):

(5) Class II–D milk shall be all milk the butterfat from which leaves or is on hand at a plant in the form of cream which is subsequently held in a licensed cold storage warehouse at an average temperature below zero degrees Fahrenheit for 7 consecutive days, and below 15 degrees Fahrenheit for at least 21 days thereafter, as shown by charts of a recording thermometer and which is subject at all times to being inspected by a representative of the market administrator to determine the physical presence of the cream and the temperature of the room where stored. After the first 7 consecutive days such cream may be moved from one licensed cold storage warehouse to another: *Provided*, That the market administrator receives notice of such removal within 48 hours thereafter. Any handler whose report claimed the original classification of milk in this class shall be liable under the provisions of § 927.7 (k) for the difference between the Class II–D and Class II–A prices for the month in which the II–D classification was claimed on any such milk, if the storage of the cream does not comply with all the requirements of this sub-paragraph.

3. Amend § 927.4 (a) (8) to read:

(8) For Class II–B milk the price during each month shall be 50 cents higher than the Class IV–A price.

4. Amend § 927.4 (a) to include new sub-paragraph to read:

(10) For Class II–D milk the price during each month shall be 40 cents higher than the Class IV–A price.

5. Amend Section 927.7 (g) to read as follows:

(g) *Storage cream payments.* With respect to butterfat in frozen cream held in one or more licensed cold storage warehouses for more than 28 days under the conditions set forth in Sec. 927.3 (b) (3), the handler whose net pool obligations included such butterfat as Class II–D milk may make claim, on forms supplied by the market administrator, for payments out of the producer-settlement fund, if such butterfat was stored during the months of April to September, inclusive, and was used in Class ------ during the months of July to March, inclusive, or in Class IV–A during the months of January to March, inclusive. The market administrator shall, after investigation and audit of such claims, make payment to such handler out of the producer-settlement fund, or issue credit against balances due from such handler to the producer-settlement fund in an amount equal to the difference between the Class II–D price and the Class ------ price, or to the difference between the Class II–D price and the Class IV–A price, as the case may be, respectively, in effect for the month during which the milk was received from producers.

6. Amend Class III to distinguish the various products specified therein by separate sub-classifications; and amend the Class III price accordingly, basing the price of cream and ice cream uses upon open market cream values.

IV

Proposal submitted by New York State Guernsey Breeders' Co-Operative, Inc.:

1. Insert a new paragraph in § 927.7 identified as (d) to read as follows:

(d) *Market differential.* For milk specially adapted by quality including a butterfat test in excess of 4.4 per cent, reputation and customary conditions of its marketing to Class I utilization and handled and identified separately from other milk from production to final sale, received from producers at a plant receiving only milk qualified for such use and where the average test exceeds 4.4 per cent, each handler shall pay to producers, in addition to the uniform price and all other payments required pursuant to this section, an amount per hundredweight equivalent to the following differential on all milk so received: Of the quantity of such milk utilized in Class I, determine such an amount that the remainder bears the same proportion to the quantity of such milk utilized in all other classes as all Class I milk included in computation of the uniform price bears to the milk of all other classes so included; and the decimal fraction obtained by dividing the amount so determined by the total quantity of such milk, but in no event above .66, shall be multiplied by the difference between the Class I price under § 927.4 (a) (3) and the uniform price.

2. Amend § 927.6 (a) to include:

Deduct the total of payments required to be made for such month by § 927.7 (d).

Proposal submitted by Martin H. Clumb, Hillsdale, New York:

Add a subparagraph (2) to § 927.7, changing the paragraph (c) to (c) (1), which new subparagraph (2) shall read as follows:

(2) Extra butterfat differential. The uniform price shall also be plus, in the case of milk testing above 4% of average butterfat content of milk delivered by any producer during any month, an additional amount per hundredweight for each one-tenth of 1% above 4%, computed as follows: The difference between the aggregate amount paid by handlers pursuant to § 927.4 (b) for milk testing more than 3.5% butterfat and the amount payable pursuant to subparagraph (1) hereof shall be divided by the pounds of butterfat in the quantity of milk delivered by producers during the month in excess of 4% butterfat; and further divide the result by 10.

VI

Proposal submitted by United Milk Producers of New Jersey:

1. Amend § 927.4 (6) to read as follows:

For Class I milk which has not passed through the marketing area, but including Class I milk which was received di-

rect from producers at a plant in the marketing area, and which is ultimately distributed in an area not regulated by an order of the Secretary, the price shall be the Class I price, except where milk is produced and sold within a state where the price is fixed by a state agency.

2. Amend § 927.6 (8) to read as follows:

Deduct 20 cents per hundredweight in the case of net pooled milk at plants located at West Coxsackie, Kyserike, Ellenville, and Accord, New York, and at plants located in the New York Counties of Columbia, Dutchess, Orange, Putnam and Rockland, and Litchfield County in the State of Connecticut and the County of Berkshire in the State of Massachusetts; 30 cents in the case of net pooled milk at plants in the marketing area and in the following Counties of New Jersey:

Hunterdon, Union, Sussex, Somerset, Morris, Passaic, Essex, Warren, and Burlington.

3. Amend § 927.7 (2) to read as follows:

Plus the differentials, if any, applicable pursuant to § 927.6 (a) (8) plus 5 cents.

VII

Proposal submitted by Adler's Creamery, Inc.

1. Section 927.8 eliminate the words: "and which was properly classified in Class 1, 11–A, and 11–B,".

2. Section 927.7 eliminate entirely all paragraphs under division (e).

3. If the above amendment is not passed, then add the following to paragraph 3 under division F of § 927.7: "Any payments made under division (e) of this section shall be deducted from the above diversion payments."

4. Under § 927.3 division (b) paragraph 5 eliminate the words "milk powder, malted milk powder," and renumber paragraph 6 to paragraph 7 and paragraph 7 to paragraph 8 and insert the following for paragraph (6): "Class 3A milk shall be all milk the butterfat from which leaves or is on hand at a plant in the form of milk powder or malted milk powder."

5. Under § 927.4 renumber paragraph 11 to paragraph 12 and paragraph 12 to paragraph 13 and insert paragraph (11) as follows: For class 3A milk the price during each month shall be determined as follows:

From the average of all the dry whole milk, spray, other brands, barrels, carlots per pound (using midpoint of any range as one quotation) published during each month in "The Producers' Price-Current," subtract 6 cents, and multiply by 12.

VIII

Proposal submitted by George S. Reed on behalf of Hoffman and Dyde, St. Law-

Lowville Producers Dairy Cooperative, Inc.:

1. Amend § 927.4 (12) to read: For Class IV–B milk the price during each month shall be a price computed by the market administrator as follows:

"From the average of weekly quotations at Wisconsin Cheese Exchange, Plymouth, Wisconsin, for Twins there shall be deducted 2 cents and the result multiplied by 9.45: *Provided*, That if there are no such weekly quotations for Twins, the weekly quotations at Wisconsin Cheese Exchange, Plymouth, Wisconsin, for Cheddars, less 2 cents, and the result multiplied by 9.45."

2. Amend § 927.7 (f) (1) so as to read as follows:

(1) Payments may be made only on milk which has been, pursuant to Section 927.3 properly classified, for any month of the year, in Classes II–A, II–B, II–C, III and IV–B; or for the months of January, February, March and April in Class IV–A.

IX

Proposal submitted on behalf of Andes Cooperative Creamery, Inc., and Bovina Center Creamery, Inc.:

1. Amend § 927.3 (b) (5) eliminating therefrom all cream uses in competition with western cream and placing such cream in a new class, such as III–B.

2. Amend § 927.4 (a) by inserting a new paragraph for paragraph 10 establishing a price for the new III–B cream class to be in line with prices prevailing for western cream in eastern markets.

3. Amend § 927.4 (d) by removing "other brand human consumption" from the formula determining the skim milk adjustment prices.

4. Amend § 927.7 (f) by removing the entire section relative to diversion payments.

X

Proposal submitted by I. Elkin Nathans on behalf of Tri-County Dairy Company, Penn-Reed Milk Company, Inc., Mifflin Creamery Company, Inc., Lancaster Milk Company, Inc., Troy Dairy Farms, East Smithfield Farms, Inc. and Puritan Dairy:

1. Section 927.4 (c) *Transportation differentials.* Delete the words "by more than 15 miles" in line 7 of printed copy.

2. Section 927.3 (b) *Classes of milk.* Delete paragraphs (3), (4), and (5) of this sub-division and substitute therefor paragraphs (5), (4), (6), (7), and (8) of similar sub-division as carried in order dated March 1 1941. The effect of this would be to restore the classifications of II–C, III–A, III–B, III–C, and III–D as they were in the order effective March 1, 1941.

3. Section 927.7 (f) (1) *Diversion payments.* Amend to read

of the year, in Classes II–A, II–B, II–C and III (or in such classes as may be fixed pursuant to this hearing covering the same utilizations) and in Class IV–A and in the months of April, May, June, July, August, September and October in Class IV–B.

Appropriate pricing for these classifications as may be developed by competitive conditions presently encountered to be made based on evidence submitted.

4. Section 927.4 *Minimum prices.* (a) Class prices. Sub-paragraph (6). Delete the words "plus 20 cents per hundredweight included in the net pool obligation for such milk pursuant to § 927.6 (a).

XI

Proposal submitted by Leland Spencer, Professor of Marketing, Cornell University:

1. Section 927.4 (a) (3), change the first three lines to read:

(3) For Class I milk the price per hundredweight during each month shall be, except as specified in subparagraphs (4), (5), (6) and (10) of this paragraph, the prices set forth in the table in this subparagraph:

2. Section 927.4 (7), change first three lines to read:

(7) For Class II–A milk the price during each month shall, except as specified in sub-paragraph (10) of this paragraph and subject to the plus adjustment, if any, computed pursuant to paragraph (d) of this section, be as follows:

3 Section 927.4 (8), change to read:

(8) For Class II–B milk the price during each month shall, except as specified in subparagraph (10) of this paragraph, be ---- cents less than the Class II–A price.

4. Section 927.4 Insert a new subparagraph (10) and renumber subparagraphs (10) to (12) accordingly.

(10) Not later than the 12th day of July, August and September, respectively, the Administrator shall announce the percentage by which the average precipitation in the production area of the New York milk shed during the 3 months immediately preceding the date of announcement has been greater or less than the normal precipitation for the period. In making the necessary determinations precipitation data compiled by the U. S. Weather Bureau for stations in the following states and counties shall be used with the weights indicated:

(i) The entire State of New York, 9 per cent.

(ii) Counties of Pennsylvania in which milk is received by handlers from producers, 10 per cent.

(iii) Counties of New Jersey, in which milk is received by handlers from producers, 5 per cent.

In determining the 3-month average precipitation for each state or section of a state the data for each month shall be weighted as follows:

First month preceding date of announcement, 40 per cent.

Second month preceding date of announcement, 40 per cent.

Third month preceding date of announcement, 20 per cent.

In any month when the average precipitation announced by the Market Administrator is below normal by more than 10 per cent, the minimum prices for Classes I, II–A and II–B milk shall be adjusted according to the following schedule, beginning on the 16th of said month and continuing until the following March 31st.

Average precipitation—Percent below normal as announced by Market Administrator	Noncumulative adjustment in minimum prices	
	Class I	Classes II–A and II–B
10 and over but under 20	Plus 20 cents per hundredweight.	Plus 12.5 cents per hundredweight.
20 and over but under 30	Plus 30 cents per hundredweight.	Plus 25 cents per hundredweight.
30 and over	Plus 40 cents per hundredweight.	Plus 37.5 cents per hundredweight.

Proposal submitted by Intervale Farms, Inc.:

Inasmuch as we consider the trucking rates between long distance hauls far in excess of the freight differential allowed, thereby making milk costs higher than milk hauled from a medium distance of 200 miles, and placing those producers who are farther from the Metropolitan Area at a disadvantage in selling their milk for fluid consumption, we hereby propose that the fluid milk differential be changed as follows:

For every 10 miles away from the 200 mile zone and up to the 350 mile zone, 1¢ per hundred lbs. of fluid milk be allowed as a freight differential, beyond the 350 mile zone ½¢ per hundred lbs. of fluid milk be allowed as a freight differential which would make table contained under Section 927.4 as follows:

Freight zone (miles)	Class I (cents per cwt.)	Classes II–A, II–B, and II–C (cents per cwt.)

Proposal submitted by Connecticut Milk Producers Association:

Delete subparagraph (6), paragraph (a), § 927.4, and substitute therefor the following:

(6) For Class I milk sold or distributed in an area not regulated by an order of the Secretary, the price shall be the price ascertained by the Market Administrator as the prevailing price paid by dealers for milk of equivalent use in the market where such Class I milk is utilized.

XIV

Proposal submitted on behalf of Rupert Creamery Corporation:

Add to the first sentence in § 927.3 (c) the words "and if truck transportation to New York City is feasible."

XV

Proposals submitted by the Dairy Farmers' Union:

1. Amend § 927.4 (c) so that if and when the laws and regulations of the Interstate Commerce Commission and the Public Service Commission compel the filing of trucking rates, handlers shall account for their Class I milk at the trucking rate and special rail rates whenever they are lower than the standard tank car rail rates on which such milk is accounted for under the present order.

2 Amend the order by striking out from [illegible] § 927.7 subdivision (f), relating to diversion payments and sections (1), (2), (3), (4), (5), and (6) under subdivision (f).

XVI

Proposals submitted on behalf of Gold Medal Farms, Inc.:

1. Eliminate § 927.3 (a) (1).

2. Strike out from § 927.7 (f), the words "* * * not having any equipment other than that needed for the receiving and shipping of milk * * *."

XVII

Amendments submitted by Sullivan County Milk Producers' Committee:

Amend § 927.6 (a) (8) to read as follows:

(8) Deduct 20 cents per hundredweight in the case of net pooled milk at plants located at West Coxsackie, Kyserike, Ellenville, and Accord, New York; 30 cents in the case of net pooled milk at plants in the marketing area; and 20 cents per hundredweight in the case of all net pooled milk at plants located at Wallkill, Phinney's Crossing, Gardiner, and New Paltz, New York, and in the following counties:

New Jersey Counties: Hunterdon, Somerset, Essex, Union, Morris, Warren, Sussex, Passaic, Burlington.

New York Counties: Columbia, Dutchess, Orange, Putnam, Rockland, Sullivan.

Connecticut: Litchfield County.

Massachusetts: Berkshire County.

XVIII

Proposal submitted by Connecticut Milk Producers' Association:

After § 927.7 (f), subparagraph (6), add a new subparagraph numbered (7) to read as follows:

(7) No claim shall be allowed if the milk on which the claim is made is received from producers at a plant at any location set forth in § 927.6 (a) (8).

XIX

Proposals submitted by New England Milk Producers' Association:

1. Amend § 927.4 (a) (10) by inserting after the words "For Class III milk", the words "except as specified in subparagraph (11) of this paragraph".

2. Add the following new subparagraph (11) in § 927.4, paragraph (a) and renumber the subsequent subparagraphs in this section and paragraph:

(11) For Class III milk the butterfat from which is distributed as cream in an area regulated by another order of the Secretary, the price shall be the same as would be applicable to such milk under such other order.

3 Amend § 927.7 (f) (1) by adding after the word "III" the words "except milk the butterfat from which is delivered as cream to a purchaser outside the special cream area which is not subsequently moved back into the special cream area or the marketing area" so as to read as follows:

rect from producers at a plant in the marketing area, and which is ultimately distributed in an area not regulated by an order of the Secretary, the price shall be the Class I price, except where milk is produced and sold within a state where the price is fixed by a state agency.

2. Amend § 927.6 (8) to read as follows:

Deduct 20 cents per hundredweight in the case of net pooled milk at plants located at West Coxsackie, Kyserike, Ellenville, and Accord, New York, and at plants located in the New York Counties of Columbia, Dutchess, Orange, Putnam and Rockland, and Litchfield County in the State of Connecticut and the County of Berkshire in the State of Massachusetts; 30 cents in the case of net pooled milk at plants in the marketing area and in the following Counties of New Jersey:

Hunterdon, Union, Sussex, Somerset, Morris, Passaic, Essex, Warren, and Burlington.

3. Amend § 927.7 (2) to read as follows:

Plus the differentials, if any, applicable pursuant to § 927.6 (a) (8) plus 5 cents.

VII

Proposal submitted by Adler's Creamery, Inc.

1. Section 927.8 eliminate the words: "and which was properly classified in Class 1, 11–A, and 11–B,".

2. Section 927.7 eliminate entirely all paragraphs under division (e).

3. If the above amendment is not passed, then add the following to paragraph 3 under division F of § 927.7: "Any payments made under division (e) of this section shall be deducted from the above diversion payments."

4. Under § 927.3 division (b) paragraph 5 eliminate the words "milk powder, malted milk powder," and renumber paragraph 6 to paragraph 7 and paragraph 7 to paragraph 8 and insert the following for paragraph (6): "Class 3A milk shall be all milk the butterfat from which leaves or is on hand at a plant in the form of milk powder or malted milk powder."

5. Under § 927.4 renumber paragraph 11 to paragraph 12 and paragraph 12 to paragraph 13 and insert paragraph (11) as follows: For class 3A milk the price during each month shall be determined as follows:

From the average of all the dry whole milk, spray, other brands, barrels, carlots per pound (using midpoint of any range as one quotation), published during each month in "The Producers' Price-Current," subtract 6 cents, and multiply by 12.

Proposal submitted by Leland Spencer, Professor of Marketing, Cornell University:

1. Section 927.4 (a) (3), change the first three lines to read:

(3) For Class I milk the price per hundredweight during each month shall be, except as specified in subparagraphs (4), (5), (6) and (10) of this paragraph, the prices set forth in the table in this subparagraph:

2. Section 927.4 (7), change first three lines to read:

(7) For Class II–A milk the price during each month shall, except as specified in sub-paragraph (10) of this paragraph and subject to the plus adjustment, if any, computed pursuant to paragraph (d) of this section, be as follows:

3 Section 927.4 (8), change to read:

(8) For Class II–B milk the price during each month shall, except as specified in subparagraph (10) of this paragraph, be ---- cents less than the Class II–A price.

4. Section 927.4 Insert a new subparagraph (10) and renumber subparagraphs (10) to (12) accordingly.

(10) Not later than the 12th day of July, August and September, respectively, the Administrator shall announce the percentage by which the average precipitation in the production area of the New York milk shed during the 3 months immediately preceding the date of announcement has been greater or less than the normal precipitation for the period. In making the necessary determinations precipitation data compiled by the U. S. Weather Bureau for stations in the following states and counties shall be used with the weights indicated:

(i) The entire State of New York, 75 per cent.

(ii) Counties of Pennsylvania in which milk is received by handlers from producers, 15 per cent.

(iii) Counties of New Jersey in which milk is received by handlers from producers, 5 per cent.

(iv) Counties of Vermont in which milk is received by handlers from producers, 5 per cent.

In determining the 3-month average precipitation for each state or section of a state the data for each month shall be weighted as follows:

First month preceding date of announcement, 40 per cent.

Second month preceding date of announcement, 40 per cent.

Third month preceding date of announcement, 20 per cent.

In any month when the average precipitation announced by the Market Administrator is below normal by more than 10 per cent, the minimum prices for Classes I, II–A and II–B milk shall be adjusted according to the following schedule, beginning on the 16th of said month and continuing until the following March 31st.

Average precipitation—Percent below normal as announced by Market Administrator	Noncumulative adjustment in minimum prices	
	Class I	Classes II–A and II–B
10 and over but under 20	Plus 20 cents per hundredweight.	Plus 12.5 cents per hundredweight.
20 and over but under 30	Plus 30 cents per hundredweight.	Plus 25 cents per hundredweight.
30 and over	Plus 40 cents per hundredweight.	Plus 37.5 cents per hundredweight.

Proposal submitted by Connecticut Milk Producers Association:

Delete subparagraph (6), paragraph (a), § 927.4, and substitute therefor the following:

(6) For Class I milk sold or distributed in an area not regulated by an order of the Secretary, the price shall be the price ascertained by the Market Administrator as the prevailing price paid by dealers for milk of equivalent use in the market where such Class I milk is utilized.

XIV

Proposal submitted on behalf of Rupert Creamery Corporation:

Add to the first sentence in § 927.3 (c) the words "and if truck transportation to New York City is feasible."

XV

Proposals submitted by the Dairy Farmers' Union:

1. Amend § 927.4 (c) so that if and when the laws and regulations of the Interstate Commerce Commission and the Public Service Commission compel the filing of trucking rates, handlers shall account for their Class I milk at the trucking rate and special rail rates whenever they are lower than the standard tank car rail rates on which such milk is accounted for under the present order.

2. Amend the order by striking out from Section 927.7 subdivision (f), relating to diversion payments and sections (1), (2), (3), (4), (5), and (6) under subdivision (f).

XVI

Proposals submitted on behalf of Gold Medal Farms, Inc.:

1. Eliminate § 927.3 (a) (1).

2. Strike out from § 927.7 (f), the words "* * * not having any equipment other than that needed for the receiving and shipping of milk * * *."

XVII

Amendments submitted by Sullivan County Milk Producers' Committee:

Amend § 927.6 (a) (8) to read as follows:

(8) Deduct 20 cents per hundredweight in the case of net pooled milk at plants located at West Coxsackie, Kyserike, Ellenville, and Accord, New York; 30 cents in the case of net pooled milk at plants in the marketing area; and 20 cents per hundredweight in the case of all net pooled milk at plants located at Wallkill, Phinney's Crossing, Gardiner, and New Paltz, New York, and in the following counties:

New Jersey Counties: Hunterdon, Somerset, Essex, Union, Morris, Warren, Sussex, Passaic, Burlington.

New York Counties: Columbia, Dutchess, Orange, Putnam, Rockland, Sullivan.

Connecticut: Litchfield County.

Massachusetts: Berkshire County.

XVIII

Proposal submitted by Connecticut Milk Producers' Association:

After § 927.7 (f), subparagraph (6), add a new subparagraph numbered (7) to read as follows:

(7) No claim shall be allowed if the milk on which the claim is made is received from producers at a plant at any location set forth in § 927.6 (a) (8).

XIX

Proposals submitted by New England Milk Producers' Association:

1. Amend § 927.4 (a) (10) by inserting after the words "For Class III milk", the words "except as specified in subparagraph (11) of this paragraph".

2. Add the following new subparagraph (11) in § 927.4, paragraph (a) and renumber the subsequent subparagraphs in this section and paragraph:

(11) For Class III milk the butterfat from which is distributed as cream in an area regulated by another order of the Secretary, the price shall be the same as would be applicable to such milk under such other order.

3. Amend § 927.7 (f) (1) by adding after the word "III" the words "except milk the butterfat from which is delivered as cream to a purchaser outside the special cream area which is not subsequently moved back into the special cream area or the marketing area," so as to read as follows:

(1) Payments may be made only on milk which has been, pursuant to § 927.3, properly classified, for any month of the year, in Classes II–A, II–B, II–C, and III, except milk the butterfat from which is delivered as cream to a purchaser outside the special cream area which is not subsequently moved back into the special cream area or the marketing area; for the months of January, February, March, April, September, and October, in Class IV–A; or, for the months of May, June, July, and August, in Class IV–B."

XX.

Proposals submitted on behalf of Sodus Creamery Corporation:

1. Amend § 927.1 (e), so that it reads as follows:

(e) "Producer" means any person who produces milk which is delivered to a handler at a plant which is approved, or was on December 1, 1941, approved by any health authority for the receiving of milk to be sold in the marketing area.

2. Amend § 927.1 (f) so that it reads as follows:

(f) "Handler" means any person who engages in the handling of milk, or cream or milk products therefrom, which milk was received at a plant which is approved or was on December 1, 1941, approved, by any health authority for the receiving of milk to be sold in the marketing area, which handling is in the current of interstate commerce or directly burdens, obstructs, or affects interstate commerce. This definition shall be deemed to include a cooperative association of producers with respect to any milk received from producers at any plant approval for which is, or was on December 1, 1941, held by such association, or with respect to any milk which it causes to be delivered from producers to any other handler for the account of such association and for which such association receives payment.

3. Amend such other provisions of the order as may be necessary to carry out the intention above expressed.

XXI

Proposal submitted on behalf of forty-two cooperative associations:

1. Amend § 927.7 (e), first paragraph, by putting a period after the word "members" in the next to the last line thereof and striking out the following words "and complying with all provisions of this order applicable to it."

2. Amend § 927.7 (e), second paragraph, to read as follows:

After the Secretary has determined any cooperative to be qualified to receive payments pursuant to this paragraph, such cooperative shall from time to time, as requested by the Secretary, make reports to him with respect to services rendered and the use of the sums received under this paragraph. Such payments shall be continued until the Secretary has, after hearing, disqualified such cooperative.

XXII

Proposals submitted by Farmers Union of the New York Milk Shed:

1. Elimination of the producer contract system.

2. Elimination of payments to cooperative associations for alleged services under the order.

3. Diversions of milk to be wholly under control and at the direction of the Administrator during the emergency period in order to assure maximum contribution to the war effort.

4. Provision for a flexible system of price changes to meet changing conditions of production and distribution without undue delays.

XXIII

Amendments submitted on behalf of Rockdale Creamery Corporation:

1. Amend § 927.4 (a) (9) by adding Greensboro, Maryland, to the locations of evaporated plants.

2. Eliminate in full § 927.6 (a) (8).

3. Delete the following proviso in § 927.7 (a):

Provided, That each handler which is also a cooperative marketing association determined by the Secretary to be qualified under the Capper-Volstead Act, may, with respect to producers who are members of and under contract with such association make distribution, in accordance with the contract between the association and such members, of the net proceeds of all its sales in all markets in all use classifications.

and substitute the following:

No handler proprietory or co-operative shall make payment at less than the uniform price to producers subject to differentials set forth in paragraphs (b) and (c) of this section.

4. Delete § 927.7 (e) and substitute the following:

Any handler may apply to the Secretary to receive payments, namely 4¢ per hundredweight of net pooled milk at plants operated by such handler, if such handler sells Class I milk in times of short supply in the marketing area and secures the greatest possible returns to all producers in times of long supply.

5. Delete § 927.7 (f) (1) and substitute the following:

Payments may be made only on milk which has been, pursuant to Section 927.3, properly classified for any month of the year from funds obtained from the Surplus Commodities Corporation in Class II–A, II–B, II–C, III and IV–B provided the skim milk in II–A II–B, II–C, III is used for milk powder. Also III whole milk is used for the manufacture of evaporated milk and whole milk powder.

6. Delete § 927.7 (f) (3) and substitute the following:

Claims shall be paid only if complying with Paragraph I, as amended, with funds obtained from the Surplus Commodities Corporation.

It is hereby declared that an emergency exists in the handling of milk in the aforesaid area which requires a shorter period of notice than fifteen (15) days, and it is hereby determined that the period of notice given is reasonable under the circumstances.

Additional copies of this notice of hearing containing the proposed amendments, copies of the proposed amendments, and copies of Order No. 27, as amended, now in effect, may be procured at the office of the Market Administrator, 383 Madison Avenue, New York City, or from the Hearing Clerk, Office of the Solicitor, United States Department of Agriculture, Room 0312, South Building, Washington, D. C., or may be there inspected.

EXTENSION OF EXEMPTION FROM THE PROVISIONS OF THE PUBLIC CONTRACTS ACT OF CONTRACTS FOR FUTURES PURCHASES OF CERTAIN CANNED FRUITS AND VEGETABLES

On June 9, 1941, at the request of the Secretary of War and on his finding that the inclusion in contracts for futures purchases of the canned fruits and vegetables named in the attached list of the representations and stipulations of section 1 of the Act of June 30, 1936 (49 Stat. 2036; 41 U.S.C. Sup. III 35) otherwise known as the Walsh-Healy Public Contracts Act and hereinafter called the Act, would seriously impair the conduct of government business, I granted an exemption expiring December 31, 1941 permitting the award of contracts for such futures purchases without the inclusion in the contracts of any of the representations and stipulations of section 1 of the Act.

I was impelled to grant this exemption because (1) it appeared that good business practice required that the War Department make futures purchases of canned foods in order that it might, subject to the limitation of existing equipment, obtain canned foods in the sizes of cans desired for efficient operation and wherever possible make contracts in advance of production so that production might be increased to meet these demands without causing a shortage of food for civilian consumption; (2) the War Department pack would have to go through canneries simultaneously with the ordinary commercial work because of the fact that the War Department would not take all grades but confined its purchases to choice or extra-standard; and (3) the conditions existing in the industry were such that canneries operating on government orders could not dispose of the commercial part of their pack in competition with canneries not engaged on government work if the canneries engaged on government work had to comply with all the standards of the Act.

After granting the exemption a committee was appointed to study the problem presented by the award of contracts subject to the Act to members of the canning industry and the committee will not be ready to report its recommendations until some time after the expiration of the present exemption.

The Secretary of War has made written findings that the inclusion of the representations and stipulations of section 1 of the Act will under conditions now existing seriously impair the conduct of government business and the facts appearing now to be the same as those which impelled me in the first instance to exempt all contracts for futures purchases of the canned fruits and vegetables named in the attached list from the requirement that there be included therein the representations and stipulations of section 1 of the Act,

I find that justice and the public interest will be served by continuing the exemption in effect for a period of time sufficiently long to permit the committee to make its report and suggestions.

Therefore, I hereby exempt for the period from December 31, 1941, to and including April 30, 1942, all contracts for the futures purchases of the canned fruits and vegetables named in the list attached from the requirement that there be included therein the representations and stipulations of section 1 of the Act.

Dated: December 30, 1941.

[File Nos. 54-40, 59-40]

IN THE MATTERS OF CONSOLIDATED ELECTRIC AND GAS COMPANY, APPLICANT; AND CENTRAL PUBLIC UTILITY CORPORATION CONSOLIDATED ELECTRIC AND GAS COMPANY, RESPONDENTS

NOTICE OF AND ORDER FOR HEARING ON PLAN FILED UNDER SECTION 11 (e) OF THE PUBLIC UTILITY HOLDING COMPANY ACT OF 1935, NOTICE OF AND ORDER INSTITUTING PROCEEDINGS AND SETTING DATE FOR HEARING, AND ORDER CONSOLIDATING SUCH PROCEEDINGS FOR PURPOSES OF HEARING

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 27th day of December, A. D. 1941.

I

Consolidated Electric and Gas Company having filed an application pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935, for approval of a plan for the simplification of its corporate structure and for the divestment of control of its subsidiaries, which plan provides:

1. Consolidated Electric and Gas Company proposes to reclassify its outstanding Preferred Stock into such number of shares of new Common Stock as shall be convenient for distribution to the holders of the presently outstanding Preferred Stock.

2. Consolidated Electric and Gas Company will proceed to cancel and retire all of its presently outstanding Class A Stock and Common Stock without any consideration to the holders of such Class A Stock and Common Stock.

3. The capitalization of Consolidated Electric and Gas Company will then consist of presently outstanding and long term debt and one class of capital stock, the new Common Stock distributed to the holders of the presently outstanding Preferred Stock.

4. Consolidated Electric and Gas Company proposes to pursue a program of liquidation and actively to endeavor to sell or exchange the securities or assets of its subsidiaries at fair prices and, to the extent required, apply the proceeds received therefrom to the retirement of its debt securities and, upon the extinguishment of such debt securities, to distribute the remaining assets to the holders of the new Common Stock.

The public utility and non-utility subsidiaries in the Central Public Utility Corporation holding company system, using the mails and engaged in interstate and foreign commerce, operate in an extensive area comprising eighteen states, two island possessions of the United States and four foreign countries.

2. The holding company system of Central Public Utility Corporation is not confined in its operations to those of a single integrated public-utility system as provided by section 11 (b) (1) of the Act or to such single system and additional systems which may be retained under Clauses (A), (B) and (C) of section 11 (b) (1) and to such other businesses as are reasonably incidental, or economically necessary or appropriate to the operations of such system or systems.

V

The Commission being further advised by its Public Utility Division that the information set out in paragraph III hereof and other and further information contained in the Commission's public official files tends to show that:

1. The preferred stock of Central Public Utility Corporation has 18% and its common stock has 82% of the total voting power.

2. The company's assets are insufficient to satisfy the claim of the Twenty Year 5½% Income Bonds.

3. Voting power is unfairly and inequitably distributed among the security holders of Central Public Utility Corporation.

4. The corporate structure and continued existence of Central Public Utility Corporation unduly and unnecessarily complicates the structure of the holding company system, of which it is a part.

5. The continued existence of the Voting Trustees unduly and unnecessarily complicates the structure of the holding company system, of which they are a part.

6. The Voting Trustees and Central Public Utility Corporation have subsidiary companies which themselves have subsidiary companies which are holding companies, in contravention of provisions of section 11 (b) (2) of the Act.

7. The Common Stock of Consolidated Electric and Gas Company has 85% of the total voting power.

8. After allowing for the claims of the holders of the issued and assumed bonds, the Preferred Stock represents a claim upon all of the company's remaining assets.

9. Voting power is unfairly and inequitably distributed among the security holders of Consolidated Electric and Gas Company.

10. The corporate structure of Consolidated Electric and Gas Company is such as not to justify more than a single class of stock.

11. The corporate structure of Consolidated Electric and Gas Company unduly and unnecessarily complicates the structure of the holding company system, of which it is a part.

VI

It being the duty of the Commission, pursuant to section 11 (b) (1) of the Act, to require, by order, after notice and opportunity for hearing, that each registered holding company and each subsidiary company thereof, shall take such action as the Commission shall find necessary to limit the operations of the holding company system, of which said company is a part, to a single integrated public utility system and to such other businesses as are reasonably incidental or economically necessary or appropriate to the operations of such integrated public-utility system, and to such additional integrated public-utility system or systems which the Commission finds to be in compliance with the standards of subsections (A), (B) and (C) of section 11 (b) (1);

It further being the duty of the Commission, pursuant to section 11 (b) (2) of said Act, to require by order, after notice and opportunity for hearing, that each registered holding company and each subsidiary company thereof shall take such steps as the Commission shall

find necessary to ensure that the corporate structure or continued existence of any company in a holding-company system does not unduly or unnecessarily complicate the structure, or unfairly or inequitably distribute voting power among security holders of such holding company system and to require each registered holding company (and any company in the same holding company system with such holding company) to take such action as the Commission shall find necessary in order that such holding Company shall cease to be a holding company with respect to each of its subsidiary companies which itself has a subsidiary company which is a holding company; and

The Commission, before approving any plan under the provision of section 11 (e) of said Act, being required to find such plan, as submitted or as modified, necessary to effectuate the provisions of subsection (b) of section 11, and fair and equitable to the persons affected by such plan; and

It appearing appropriate to the Commission that notice be given and a hearing be ordered to be held for the purpose of giving an opportunity to be heard with respect to what action should be ordered to be taken under sections 11 (b) (1) and 11 (b) (2) of the Act, as more particularly hereinafter ordered, and with respect to said plan for simplification of corporate structure and divestment of control filed under section 11 (e) of the Act;

It further appearing that the matters here concerned are related and involve common questions of law or fact and that evidence offered in respect of each of the matters may have a bearing on the other; and that substantial savings in time, effort, and expense will result if the hearings on said matters are consolidated so that they may be heard as one matter and so that evidence adduced in each matter may stand as evidence in the other for all purposes;

It is hereby ordered, That the proceedings here involved be consolidated for hearing and that a hearing be held thereupon at the offices of the Securities and Exchange Commission, 1778 Pennsylvania Avenue NW., Washington, D. C., in such room as may be designated on such day by the hearing room clerk in Room 1102 at 10 A. M. on the 20th day of January 1942, at which hearing Central Public Utility Corporation and Consolidated Electric and Gas Company shall be given an opportunity to be heard as to:

1. Whether or not the plan for simplification of its corporate structure and for the divestment of control, as submitted or modified, is necessary to effectuate the provisions of subsection (b) of section 11, as well as being fair and equitable to the persons affected by such plan, and whether the Commission should enter an order approving such plan.

2. Whether the allegations of paragraphs numbered II, III, IV, and V hereof, inclusive, are true and accurate.

3. What order, if any, should be entered pursuant to section 11 (b) (1) of said Act requiring that said Central Public Utility Corporation and/or Consolidated Electric and Gas Company limit the operations of their holding company systems to a single integrated public-utility system and to such other businesses as are reasonably incidental or economically necessary or appropriate to the operations of such integrated public utility system.

4. What order, if any, should be entered pursuant to section 11 (b) (2) of said Act requiring Central Public Utility Corporation and/or Consolidated Electric and Gas Company to take such steps as the Commission shall find necessary to ensure that the corporate structure or continued existence of any company in the Central Public Utility Corporation's holding company system or the continued existence of the Voting Trustees under the Voting Trust Agreement of August 1, 1932 does not unduly or unnecessarily complicate the corporate structure, or unfairly or inequitably distribute voting power among security holders of Central Public Utility Corporation and/or Consolidated Electric and Gas Company.

5. What order, if any, should be entered pursuant to section 11 (b) (2) of said Act requiring Central Public Utility Corporation and the Voting Trustees aforesaid to cease to be a holding company with respect to each of their subsidiary companies which itself has a subsidiary company which is a holding company.

The Commission reserves the right if at any time it may appear conducive to an orderly and economical disposition of any one or all of the matters here involved to order a separate hearing concerning any such matter, to close the record with respect to any such matter, or to take appropriate action on any such matter prior to closing the record on other matters.

It is further ordered, That Central Public Utility Corporation and Consolidated Electric and Gas Company, respondents herein file with the Secretary of the Commission on or before January 15, 1942 their respective answers, admitting or denying the allegations of paragraphs II, III, IV and V hereof.

It is further ordered, That Richard Townsend or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all the powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice; and

It is further ordered, That the Secretary of the Commission shall serve notice of the hearing aforesaid by mailing a copy of this order, by registered mail, to Central Public Utility Corporation and Consolidated Electric and Gas Company, and that notice of said hearing be given, by registered mail, to Christopher H. Coughlin, William T. Crawford and Rawleigh Warner, Voting Trustees under a Voting Trust Agreement dated August 1, 1932; and that notice of said hearing shall be and hereby is given to all security holders of Central Public Utility Corporation, Consolidated Electric and Gas Company and their subsidiaries, to all consumers of said companies, to all States, municipalities, island possessions of the United States, Foreign countries or political subdivisions of any of the foregoing in which are located any of the utility assets of the holding company system of Central Public Utility Corporation or under the laws of which any of said subsidiary companies are incorporated, to all state commissions, state security commissions and all agencies, authorities or instrumentalities of one or more states, municipalities, or other bodies politic or subdivisions thereof having jurisdiction over Central Public Utility Corporation, Consolidated Electric and Gas Cmpany or any subsidiaries thereof or over any of the business affairs of any of them, and to all other persons, such notice to be given by a general release of the Commission, distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935, and by publication of this order in the FEDERAL REGISTER;

It is further ordered, That any person desiring to be heard in connection with these proceedings shall file with the Secretary of the Commission on or before the 15th day of January 1942, a written statement relative thereto; any person proposing to intervene shall file with the Secretary of the Commission on or before such date his application therefor, as provided by Rule XVII of the Commission's Rules of Practice.

By the Commission.

IN THE MATTER OF PANHANDLE EASTERN PIPE LINE COMPANY

ORDER POSTPONING HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 29th day of December, A. D. 1941.

Panhandle Eastern Pipeline Company, hereinafter called "Panhandle", a subsidiary of both Columbia Gas & Electric Corporation, a registered holding company, and Columbia Oil & Gasoline Corporation, which is also a subsidiary of Columbia Gas & Electric Corporation, having filed a declaration pursuant to sections 6 (a) (2) and (7) of the Public Utility Holding Company Act of 1935, regarding a proposal to alter the basis upon which participating dividends on its outstanding Class A preferred stock consisting of 100,000 shares, owned by Columbia Oil & Gasoline Corporation, will be declared and paid during the year 1941; and

The Commission having on December 24, 1941 ordered that a hearing with respect to said declaration be held on January 6, 1942; and

Panhandle having filed a written request for a postponement of said hearing to January 8, 1942; and

The Commission having considered the request for postponement and being of the opinion that the same should be granted;

It is ordered, That the hearing in the above matter be, and the same is hereby postponed to 10:00 A. M. on January 8, 1942, at the offices of the Securities and Exchange Commission, 1778 Pennsylvania Avenue NW., Washington, D. C., in such room as may be designated on such day by the hearing room clerk in room 1102.

IN THE MATTER OF IOWA PUBLIC SERVICE COMPANY AND NEBRASKA PUBLIC SERVICE COMPANY

ORDER PERMITTING DECLARATIONS TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 23d day of December, A. D. 1941.

Iowa Public Service Company, a registered holding company and a subsidiary of Sioux City Gas & Electric Company (also a registered holding company), and Nebraska Public Service Company, a wholly-owned subsidiary of Iowa Public Service Company, having filed declarations pursuant to sections 12 (c) and 12 (d) of the Public Utility Holding Company Act of 1935 and Rules U-42, U-43 and U-44 promulgated thereunder regarding the sale by Iowa Public Service Company to Nebraska Public Service Company of 7,700 shares of the latter's $50 par value common stock, which Nebraska Public Service Company will retire, for $325,000 cash; and

Said declarations having been filed on October 31, 1941, and certain amendments having been filed thereto, the last of said amendments having been filed on December 9, 1941, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said Act and the Commission not having received a request for a hearing with respect to said declarations within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission deeming it appropriate in the public interest and in the interest of investors and consumers to permit the said declarations, as amended, pursuant to Rules U-42, U-43 and U-44 to become effective, and finding with respect to said declaration, as amended, pursuant to Rule U-42 that the requirements of section 12 (c) are satisfied, and finding with respect to said declaration, as amended, pursuant to Rules U-43 and U-44 that the requirements of section 12 (d) are satisfied, and being satisfied that the effective date of such declarations, as amended, should be advanced:

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of said Act and subject to the terms and conditions prescribed in Rule U-24, that said declarations, as amended, be and hereby are permitted to become effective forthwith.

By the Commission.

IN THE MATTER OF ALABAMA POWER COMPANY, THE COMMONWEALTH & SOUTHERN CORPORATION (DELAWARE), AND THE GENERAL CORPORATION

ORDER PERMITTING DECLARATIONS TO BECOME EFFECTIVE AND GRANTING APPLICATIONS

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 29th day of December 1941.

The Commonwealth & Southern Corporation (Delaware), a registered holding company, and Alabama Power Company and The General Corporation, subsidiary companies thereof, having filed applications and declarations, and amendments thereto, with the Commission pursuant to sections 6 (b), 10 and 12 of the Public Utility Holding Company Act of 1935, and Rules U-42, U-43, U-44, U-45, U-46, U-50 and U-62 promulgated thereunder, in regard to the following proposals, (in addition to other matters consummated pursuant to our previous order of September 10, 1941 in these proceedings, Holding Company Act Release No. 2996):

1. The issuance and sale by Alabama Power Company of:

(a) $80,000,000 principal amount First Mortgage Bonds, series due 1972, coupon rate as yet undetermined but not to exceed 3½%, to the successful bidder at competitive bidding,

(b) $12,000,000 principal amount unsecured notes to banks, repayable, with interest at 2⅞%, in 16 equal semi-annual installments, the first installment to be due six months after the date of closing.

The proceeds of these bonds and notes, together with an estimated amount of $4,500,000 of treasury funds, to be used by Alabama to retire its outstanding bonds in an aggregate principal amount of $95,583,600 at a retirement cost, exclusive of accrued interest, of $97,522,150.

2. The reduction by Alabama Power Company of its common stock stated capital by $30,516,282, from $51,278,782 to $20,762,500; the amount of this reduction plus salvage credits of $208,885 and the balance of the earned surplus account as of the effective date of the adjustments, an aggregate of $31,354,256 plus or minus an adjustment as noted in sub-paragraph (a) below, will be used by Alabama for:

(a) The immediate reduction in utility plant account in the amount of $23,114,762, increased or decreased by the amount of the net change in earned surplus account between October 31, 1941 and the effective date of the proposed adjustments;

(b) The creation of a special surplus reserve account of $7,685,670 with respect to Martin Dam and Jordan Dam licensed projects; and

(c) The increase in the stated capital represented by the preferred stock to be outstanding to $100 per share, an adjustment upward of $553,824.

3. The surrender by The Commonwealth & Southern Corporation (Delaware) to Alabama Power Company for cancellation of its holding of 11,302 shares of preferred stock in Alabama, represented by a stated capital of $1,101,239. The cost of these shares to Commonwealth ($717,483) will be treated as an additional investment by Commonwealth in the common stock of Alabama and the balance of such stated capital ($383,756) will be added to the stated capital represented by the preferred stock to be outstanding, publicly held.

The transactions outlined in paragraphs 2 and 3 are to be carried out whether or not the proposed financing program described in paragraph 1 is consummated.

4. The solicitation of authorizations from the stockholders of Alabama Power Company in respect of the proposed financing program and accounting adjustments; and

5. The making of various accounting entries and adjustments and the taking of other action, as particularly described in the applications and declarations, as amended, and described in our Findings and Opinion filed herein.

Pursuant to Rule U-50 of the General Rules and Regulations of the Commission under the Act, Alabama Power Company will publicly invite proposals for the purchase of the $80,000,000 principal amount First Mortgage Bonds, due 1972, the interest rate of said bonds to be determined in accordance with the provisions of the accepted bid.

A public hearing having been held after appropriate notice, and the Commission

having considered the record in this matter and having made and filed its Findings and Opinion herein;

It is ordered, That the issuance and sale of the proposed bonds and notes described in paragraph 1 hereof be, and the same hereby is, exempted from the provisions of section 6 (a) of the Act, and that said declarations, as amended, be and the same are hereby permitted to become effective forthwith, and that the applications, as amended, be and the same are hereby granted; subject, however, to the terms and conditions prescribed in Rule U-24 and to the following further condition:

(1) That Alabama Power Company report to the Commission the results of the competitive bidding as required by Rule U-50 (c) and comply with such supplemental order as the Commission may enter in view of the facts disclosed thereby; jurisdiction is hereby reserved for this purpose.

By the Commission.

IN THE MATTER OF FLORIDA POWER & LIGHT COMPANY AND CONSUMERS WATER COMPANY

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE AND GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 23rd day of December, A. D. 1941.

The above-named persons having filed an application and declaration pursuant to the Public Utility Holding Company Act of 1935, and particularly sections 7 and 10 thereof, with respect to a transaction wherein Florida Power & Light Company proposes to sell all its interest in Consumers Water Company, its wholly-owned subsidiary, and to acquire, as partial consideration for such sale, $550,000 principal amount of First Mortgage Bonds, 4% Series, due 1935, proposed to be issued by Consumers Water Company; and

Said application and declaration having been filed on December 9, 1941, and a certain amendment having been filed thereto on December 12, 1941, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23, promulgated pursuant to said Act, and the Commission not having received a request for a hearing with respect to said application and declaration within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The above-named persons having requested that the said application, as amended, be granted, and that said declaration, as amended, become effective as promptly as possible; and

The Commission deeming it appropriate in the public interest and in the interest of investors and consumers that said application, as amended, be granted, and to permit said declaration, as amended, to become effective, and being satisfied that the date of granting such application, as amended, and the effective date of such declaration, as amended, should be advanced:

It is hereby ordered, pursuant to Rule U-23 and the applicable provisions of said Act and subject to the terms and conditions prescribed in Rule U-24, that the aforesaid application, as amended, be, and it hereby is granted, and that the aforesaid declaration, as amended, be, and it hereby is, permitted to become effective forthwith.

By the Commission, Commissioner Healy dissenting for the reasons set forth in his memorandum of April 1, 1940.

IN THE MATTERS OF THE WESTERN PUBLIC SERVICE COMPANY, A MARYLAND CORPORATION, THE WESTERN PUBLIC SERVICE COMPANY, A DELAWARE CORPORATION, ENGINEERS PUBLIC SERVICE COMPANY; AND ENGINEERS PUBLIC SERVICE COMPANY AND ITS SUBSIDIARY COMPANIES, RESPONDENTS

ORDER GRANTING APPLICATIONS AND PERMITTING DECLARATIONS TO BECOME EFFECTIVE AND ORDER OF DIVESTMENT

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C. on the 29th day of December, A. D. 1941

Engineers Public Service Company, a registered holding company, The Western Public Service Company, a Maryland corporation, and The Western Public Service Company, a Delaware corporation, its subsidiaries, having filed applications and declarations pursuant to sections 7, 10, and 12 of the Public Utility Holding Company Act of 1935 and appropriate rules promulgated thereunder, and also pursuant to instructions 8C to the Uniform System of Accounts for Public Utility Holding Companies, regarding the following transactions:

The contribution by Engineers Public Service Company to The Western Public Service Company, a Maryland corporation, or $1,032,000 principal amount of First Mortgage Bonds, 31,341 shares of Preferred Stock Series A, and 10,000 shares of Preferred Stock Series B of said The Western Public Service Company and the acquisition and retirement of said securities by said The Western Public Service Company, a Maryland corporation;

The amendment of the charter of The Western Public Service Company, a Maryland corporation, so as to change the common stock from no par to $1 par value and the capitalization represented by its common stock from $5,000,000 to $500,000;

The call for redemption by The Western Public Service Company, a Maryland corporation, of 8,292 shares of Preferred Stock, Series A at $27.50 per share plus accrued dividends;

The declaration by The Western Public Service Company, a Maryland corporation, of a dividend in partial liquidation, to Engineers Public Service Company, of all the securities of Missouri Service Company and The Northern Kansas Power Company;

The acquisition by Engineers Public Service Company of all of the securities of The Western Public Service Company, a Delaware corporation, The Northern Kansas Power Company, and Missouri Service Company;

The transfer by The Western Public Service Company, a Maryland corporation, at the direction of Engineers Public Service Company, of all its Wyoming properties to The Western Public Service Company, a Delaware corporation, and the acquisition thereof by said Delaware corporation;

The issuance by The Western Public Service Company, a Delaware corporation, of the $508,800 5% notes payable and $653,200 of par value common stock and the assumption of $258,000 principal amount of municipal bonds heretofore assumed by The Western Public Service Company, a Maryland Corporation, and the acquisition of said notes and stock by Engineers Public Service Company;

The execution by Engineers Public Service Company of a $300,000 bond of indemnity covering liability for payment of said $258,000 principal amount of municipal bonds;

The method of recordation on the books of Engineers Public Service Company of the securities of The Western Public Service Company, a Delaware Corporation, The Northern Kansas Power Company, and Missouri Service Company to be acquired by it;

All other transactions necessary to facilitate the sale of the Nebraska and South Dakota assets of The Western Public Service Company, a Maryland corporation, to Consumers Public Power District, an instrumentality and political subdivision of the State of Nebraska;

The acquisition and retirement by Engineers Public Service Company of not to exceed 35,000 shares of its own preferred stock outstanding in the hands of the public by invitation for tenders and by open market purchases.

The Commission having heretofore issued its Notice of and Order for Hearing pursuant to section 11 (b) (1) of the Act, in *Engineers Public Service Company and Its Subsidiary Companies, Respondents*, File No. 59-4, but having as yet issued no order of divestment with respect to The Western Public Service Company, a Maryland corporation, and finding it necessary and appropriate that the applications and declarations in File No. 70-453 should be consolidated with said File No. 59-4;

Engineers Public Service Company having filed its written consent to an order of divestment pursuant to section 11 (b) (1) of the Act;

It is ordered, That the applications and declarations in File No. 70-453 be and they hereby are consolidated with the proceedings in File No. 59-4;

That jurisdiction be and the same hereby is reserved as to the proposed acquisition and retirement by Engineers Public Service Company of not to exceed 35,000 shares of its own Preferred Stock,

That otherwise said applications be and the same hereby are granted and said declarations be and the same hereby are permitted to become effective forthwith.

It is further ordered, Pursuant to section 11 (b) (1) of the Public Utility Holding Company Act of 1935, that Engineers Public Service Company shall divest itself of its interest in the securities of Missouri Service Company, The Northern Kansas Power Company and The Western Public Service Company, a Delaware corporation, proposed to be acquired by it pursuant to applications and declarations now pending before the Commission in File No. 70-453, if and when Engineers Public Service Company acquires direct ownership of said securities.

It is further ordered, That Engineers Public Service Company, in accordance with subparagraph (c) of section 11 of said Act, shall comply with the preceding paragraph of this Order within one year from the date when it acquires direct ownership of said securities, without prejudice to its right to apply for additional time to comply with such Order as provided in such Section.

By the Commission.

IN THE MATTER OF PUBLIC SERVICE COMPANY OF OKLAHOMA

ORDER GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 27th day of December, A. D. 1941.

The above named company having filed an application pursuant to the Public Utility Holding Company Act of 1935, particularly Section 10 thereof, regarding the purchase from Central States Power & Light Corporation of Oklahoma of a water system located in Allen, Oklahoma, for the sum of $10,000, plus and minus certain adjustments of the purchase price as provided for in the purchase contract; and

Said application having been filed on November 24 and an amendment having been filed on December 19, 1941, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said Act, and the Commission not having received a request for a hearing with respect to said application within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The above named company having requested that said application, as filed or as amended, be granted as soon as possible; and

The Commission finding with respect to said application under section 10 of said Act that no adverse findings are necessary under section 10 (b) and section 10 (c) (1) of said Act and that section 10 (c) (2) of said Act is not applicable and being satisfied that the effective date of such application, as amended, should be advanced:

It is hereby ordered, Pursuant to said Rule U-23 and the applicable provisions of said Act and subject to the terms and conditions prescribed in Rule U-24, that the aforesaid application, as amended, be and hereby is granted.

By the Commission. (Commissioner Healy dissenting for the reasons set forth in his memorandum of April 1, 1940.)

IN THE MATTER OF WESTERN NEW YORK WATER COMPANY

SUPPLEMENTAL ORDER

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 27th day of December, A. D. 1941.

Western New York Water Company, a subsidiary of New York Water Service Corporation, which in turn is a subsidiary of Federal Water and Gas Corporation, a registered holding company, having filed applications and amendments thereto pursuant to the third sentence of section 6 (b) of the Public Utility Holding Company Act of 1935 concerning the proposed issue and sale to Northwestern Mutual Life Insurance Company of $3,000,000 principal amount of First Mortgage Sinking Fund Bonds, 3¾% series, due 1966 and $1,400,000 principal amount of 3¾% Sinking Fund Notes, due 1956, such issue and sale to be consummated in the manner described in said applications; and

The Commission having approved the said applications subject to the terms and conditions prescribed by Rule U-24, by its order herein dated October 31, 1941; and

The said applications having been amended subsequent to the Commission's order hereinabove referred to by the filing of a modified mortgage and deed of trust and a modified indenture; and

It appearing to the Commission that the modifications of said mortgage and deed of trust and the modifications of said indenture are not of such a nature as to make it appropriate to impose any terms or conditions other than as specified in Rule U-24;

It is ordered, That said applications, as amended, be and they hereby are approved, subject, however, to the terms and conditions prescribed by Rule U-24.

IN THE MATTER OF JESSE JACOBS, PAUL SHIPMAN ANDREWS, AND DANIEL J. McCORMACK, PROTECTIVE COMMITTEE FOR SECURITY HOLDERS OF ASSOCIATED GAS AND ELECTRIC COMPANY

ORDER DENYING APPLICATION, ETC.

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 26th day of December, A. D. 1941.

Jesse Jacobs, Paul Shipman Andrews, and Daniel J. McCormack, as a Protective Committee for holders of certain securities of Associated Gas and Electric Company, a registered holding company, having filed an application and declaration, pursuant to the Public Utility Holding Company Act of 1935 and particularly section 12 (e) and Rule U-62 thereunder, for permission to solicit authorizations from more than one class of securities of said Associated Gas and Electric Company, and with respect to such solicitation in connection with the reorganization proceedings of said company and its subsidiary, Associated Gas and Electric Corporation, which reorganization proceedings are now pending before the United States District Court for the Southern District of New York;

Public notice and opportunity for hearing with respect to said application and declaration having been duly given, a hearing having been held on said application and declaration, request for findings of fact, briefs, and oral argument having been waived, and the Commission having this day made and filed its findings and opinion herein;

It appearing to the Commission that the proposed solicitation of security holders by said Jesse Jacobs, Paul Shipman Andrews, and Daniel J. McCormack, as a Protective Committee as aforesaid, would not be in the public interest and would be detrimental to the interests of investors, and the Commission therefore deeming it necessary and appropriate to deny permission to solicit authorizations as aforesaid and to order that said declaration shall not become effective;

It is therefore ordered, That the application of Jesse Jacobs, Paul Shipman Andrews, and Daniel J. McCormack, as

a Protective Committee proposing to represent security holders of Associated Gas and Electric Company, for permission to solicit authorizations from more than one class of security holders be and is hereby denied; and

It is further ordered, That the aforesaid declaration of Jesse Jacobs, Paul Shipman Andrews, and Daniel J. McCormack, as a Protective Committee as aforesaid, shall not be permitted to become effective, and no solicitation shall be made under said declaration.

By the Commission.

IN THE MATTER OF PHILIP J. LIUZZA, 204 MARITIME BUILDING, NEW ORLEANS, LOUISIANA, AND PHILIP J. LIUZZA, INC., 204 MARITIME BUILDING, NEW ORLEANS, LOUISIANA

MEMORANDUM OPINION AND ORDER

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 26th day of December 1941.

This proceeding was instituted under section 15 (b) of the Securities Exchange Act of 1934 to determine whether the registration as a broker and dealer of Philip J. Liuzza (hereinafter referred to as Liuzza) should be suspended or revoked, and to determine whether the registration as a broker and dealer of Philip J. Liuzza, Inc., should be denied or postponed.

Philip J. Liuzza, Inc., a corporation of which Liuzza is the president, filed with the Commission on October 17, 1941, an application for registration pursuant to Rule X-15B-1 adopted by the Commission under sections 15 (b), 17 (a), and 23 (a) of the Securities Exchange Act of 1934, and the Commission, following the filing on November 14, 1941, by Philip J. Liuzza, Inc., of an amendment to said application, ordered that the effective date of registration be deferred to December 14, 1941.

The order for hearing, dated November 15, 1941, notice of which was served upon Liuzza, recited that the staff had reported to the Commission information obtained as a result of an investigation of Liuzza which tended to show that during the period from January 1, 1941, to August 19, 1941:

(a) Liuzza as agent used the mails and means and instrumentalities of interstate commerce to purchase and sell various securities for the account of divers customers and in effecting such purchases and sales falsely represented to such customers the prices at which such transactions had been effected; thereby Liuzza was able to and did obtain secret profits;

(b) Liuzza, while a member of the New Orleans Stock Exchange, a national securities exchange, had no net capital employed in his business and at the same time in the ordinary course of his business as a broker he owed substantial sums to various customers, banks and other individuals;

(c) Liuzza, while in an insolvent condition, used the mails and means and instrumentalities of interstate commerce to solicit and accept orders for the purchase of securities as agent for the account of divers customers, accepted securities from such customers, the proceeds from the sale of which were to be applied to the purchase of other securities for such customers, and without the knowledge or consent of such customers appropriated to his own use and benefit either the securities turned over to him for sale or the proceeds received by him on the sale of such securities;

(d) Liuzza did not make and keep certain books and records including, among others:

(1) Blotters or other records of original entry containing itemized daily records of purchases or sale of securities and receipts and deliveries of securities;

(2) Ledgers of other records reflecting all assets and liabilities, income and expense and capital accounts;

(3) A memorandum of each brokerage order and of any other instruction given or received for the purchase or sale of securities whether executed or unexecuted; and

(4) A memorandum of each purchase or sale of securities for his own account.

A hearing was ordered to determine whether the information reported by the staff is true; whether these facts, if they are true, require a finding that Liuzza wilfully violated section 17 (a) of the Securities Act of 1933 and sections 8 (b), 15 (c) (1), and 17 (a) of the Securities Exchange Act of 1934; and whether it is in the public interest to suspend or revoke Liuzza's registration as a broker and dealer and to postpone or deny the registration of Philip J. Liuzza, Inc. Also, pending final determination, it was ordered that the effective date of registration of said corporation be postponed until December 29, 1941.

Liuzza, on November 21, 1941, in his own behalf and as president of Philip J. Liuzza, Inc., acknowledged receipt and service of adequate notice of the proceeding, waived hearing, admitted the allegations contained in the aforesaid order for hearing for the purposes of this proceeding, and consented to the entry of an order by the Commission revoking his registration as a broker or dealer and denying the registration of Philip J. Liuzza, Inc., as a broker or dealer.

We find, therefore, that Liuzza has wilfully violated section 17 (a) of the Securities Act of 1933, and sections 8 (b), 15 (c) (1), and 17 (a) of the Securities Exchange Act of 1934, and that it is in the public interest that his registration be revoked and that the registration of Philip J. Luizza, Inc., be denied.

It is therefore ordered, Pursuant to section 15 (b) of the Securities Exchange Act of 1934, that the registration of Philip J. Liuzza, Inc., as a broker and dealer, be, and it hereby is, revoked, and the registration of Philip J. Linzza, Inc., as a broker and dealer be, and it hereby is, denied.

By the Commission (Chairman Eicher and Commissioners Healy and Purcell), Commissioners Pike and Burke being absent and not participating.

Secretary.

IN THE MATTER OF INDIANA SERVICE CORPORATION

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 29th day of December A. D. 1941.

Notice is hereby given that a declaration or application (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Indiana Service Corporation. All interested persons are referred to said document, which is on file in the office of this Commission, for a statement of the transactions therein proposed, which are summarized as follows:

Indiana Service Corporation proposes to issue and sell $404,448 principal amount of its serial notes as part payment for 40 electric trackless trolley coaches. Concurrently the manufacturer of the trolley coaches will sell the notes to a bank and an insurance company. It is proposed that the notes will each be in the principal amount of $6,740.80, and will mature serially starting one month from date. Serial notes numbered 1 to 12, both inclusive, are to bear interest at the rate of three per cent (3%) per annum from date until payment, and serial notes numbered 13 to 60, both inclusive, are to bear interest at the rate of three and three-quarters per cent (3¾%) per annum from date until paid, all such interest to be payable monthly commencing one month from the date of the serial notes.

It appearing to the Commission that it is appropriate in the public interest and the interest of investors and consumers that a hearing be held with respect to said matters, that said declaration shall not become effective nor said application be granted except pursuant to further order of this Commission;

It is ordered, That a hearing on such matters under the applicable provisions of said Act and rules of the Commission thereunder be held on January 8, 1942 at 10:00 o'clock, A. M., at the offices of the Securities and Exchange Commission, 1778 Pennsylvania Avenue NW., Washington, D. C. On such day the hearing-room clerk in Room 1102 will advise as to the room where such hearing will be held. At such hearing, cause shall be shown why such declaration or application (or both) shall become effective or shall be granted. Notice is hereby given of said hearing to the above-named declarants and applicants and to all interested persons, said notice to be given to said declarants and applicants by registered mail and to all other persons by publication in the FEDERAL REGISTER.

It is further ordered, That William W. Swift or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice.

It is further ordered, That without limiting the scope of issues presented by said declaration or application (or both) otherwise to be considered in this proceeding, particular attention will be directed at the hearing to the following matters and questions:

(1) Whether the issue and sale by Indiana Service Corporation of its serial notes are solely for the purpose of financing its business and have been expressly authorized by the Public Service Commission of Indiana.

(2) Whether the security proposed to be issued is reasonably adapted to the security structure of Indiana Service Corporation.

(3) Whether the operations by Indiana Service Corporation of its traction properties are reasonably incidental, or economically necessary or appropriate, to the operations of its electric properties.

(4) Whether the purchase of the trolley coaches by Indiana Service Corporation should be financed out of the company's cash rather than by the issuance of serial notes.

(5) Whether it is necessary or appropriate to impose any term or condition prohibiting or restricting the payment of any of the principal of the debt or any of the interest on the debt owing by Indiana Service Corporation to its parent, Midland Utilities Company.

(6) Whether any other conditions should be imposed upon Indiana Service Corporation as appropriate in the public interest or for the protection of investors or consumers.

By the Commission.

Secretary.
